

HB 1064
House Appropriations Committee
Government Operations Division
Rep. Vigesaa, Chair
January 18, 2021

Good morning Chairman Vigesaa and Committee members. For the record, Blake Crosby, Executive Director, North Dakota League of Cities

We are in support of HB 1064 allowing NDITD to enter into agreements with various government entities for cybersecurity prevention and strategies. We recognize the interplay with other cities and with State, Federal and other agencies that makes it vital to protect all systems critical to the function of local government.

We support a DO-PASS on HB 1064. Thank you for your time and consideration.
