

**House Education  
HB1430**

**January 26, 2021**

Chairman Owens and members of the committee, my name is Wayde Sick, State Director of the Department of Career and Technical Education. I am submitting testimony in support of HB1430.

The Department of Career and Technical Education supports HB1430, as it would provide additional scholarship dollars for our students, that may be most deserving due to their efforts and abilities. Also, the added incentive would encourage students to enroll in more Career and Technical Education courses, which can provide students the knowledge and experiences to make more knowledgeable career decisions, while still in High School.

This concludes my testimony and feel free to contact me if you have any questions.

Thank you.
