

Testimony by Mary Niehaus  
to the House Human Services Committee Hearing  
on House Bill 1313

I am in opposition to this bill which would make a woman guilty of murder for having an abortion. While I don't think I personally would have an abortion, I know a few people who have had abortions for a variety of reasons and put much thought into their decision. I believe it is a women's right to have one in the first 3 months of her pregnancy. This bill is extremely narrow minded.

Sincerely, Mary Niehaus, 2438 Lilac Lane, Fargo, ND
