

Please note, I tried sending this through the website and was not successful.

Thank you for considering my opinion. I am Kim Sheldon from Washburn, ND.

In regards to House Bill 1469, I am in opposition to this bill.

As most parents who reflect the need to opt their child out of vaccination, they have already had good reason to do so. Whether it be a previous reaction their child had, or even their own decision based on weighing the facts....they should not have to be subjected to the programming of pro-vaccination classes.

As parents, everyone should have the right to decide what is best for their child without having to go through formalities to guide them to a certain decision.

Thank you for your consideration.

Kim Sheldon
