

Testimony for 1087

Chairman Lefor and committee, my name is Phil Murphy and I represent the ND Soybean Growers in governmental affairs. Simply put, I encourage you to support this bill because of the savings that it was able to generate for individuals in the past two years and the promise it holds to deliver that once again to our farmers and others. Besides, who wants to argue with our Insurance Commissioner? Thank you all for your service to our state. Sincerely, Phil Murphy
