Kevin Ford – Chief Information Security Officer NDIT 2/01/2021

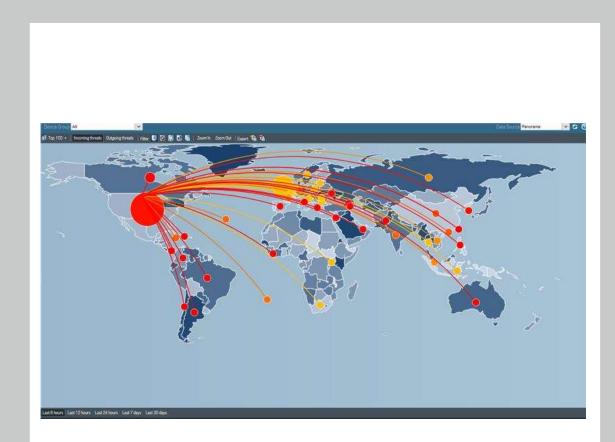

N O R T H Dakota Be Legendary.™

www.jerryblank.us

# The Threat is Huge

North Dakota receives over 2.1 Billion detected attacks per year<sup>1</sup> from external threats including:

- Nation States,
  - China,
  - o Russia,
  - o Iran, &
  - North Korea;
- Corporate Espionage, and;
- Organized Crime Syndicates.

1. Based on % Sampling of 2020 Firewall logs from June 2020, August 2020, October 2020, and Last 30 days (as of December 20, 2020)

### We Have Low Visibility Around Security Events

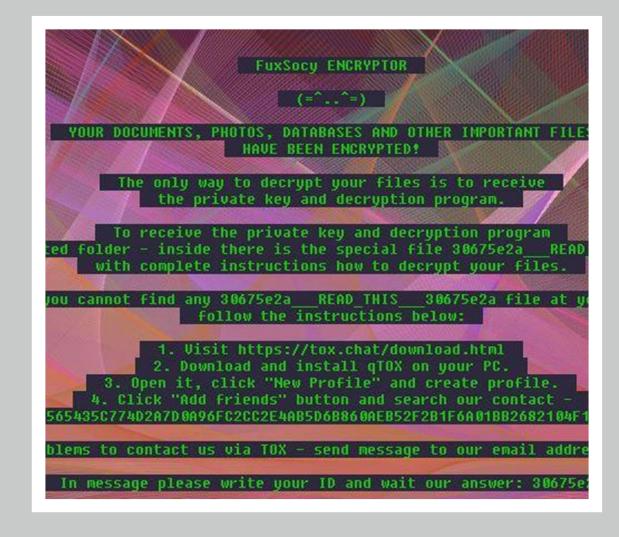

We see traffic associated with security events on STAGENet but can't attribute them

- No coordination
- No requests to centrally block
- No protection for network "neighbors"

#### We Have Little Information to Provide

"Presentation by representatives of the Information Technology Department (ITD) regarding North Dakota's cybersecurity status, including[...] a list of North Dakota state and local government ransomware attacks known to the public." - LITC Agenda 3/13/2020

## HB 1314 - How it Works

HB 1314 will improve oversight and coordination of the state network by:

- Increases central visibility of cybersecurity events on the state network;
- Provides central network coordination to remediate impacted entity; and
- Stops the spread of cybersecurity events to other entities.
