~~SB2140~~

Madam chair and members of Tax and Finance committee.

I am Senator Myrdal representing D10 in NE North Dakota, the heart of the Red River Valley Agricultural land. I am here today with SB ²⁰⁴¹~~2140~~, a simple legislation yet very important issue to AG producers across the state.

Several AG producers in counties I represent have a concern about taxation on their crop storage facilities. ²⁰⁴¹~~SB2140~~ clarifies, or maybe rectifies the lack of uniformity in regards to taxation of crop storage facilities.
