Testimony on SB 2305

I request your full support of SB 2305. As a local church pastor, I have seen numerous instances of historical trauma play out in the local community and across the state of North Dakota. We, as a community, must face our past and work together towards healing. A truth, healing, and reconciliation committee is a powerful tool for doing this work. Our communities and the state of North Dakota will be healthier and stronger as a result of truth, healing, and reconciliation.

Thank you,

Rev. Gretchen Deeg
