

Senator,

Under **NO** circumstances will our 2nd amendment rights be violated by a presidential EO, governor EO, any federal law or state law.

I will never give up my 2nd amendment right without a battle if I have not committed a crime and it cannot be a made up crime like the Biden administration seems to be doing. His son can violate many laws and nothing happens to him!!!!!!

Again you will take my guns over my cold dead body - I hope that is clear.

The government is nuts and we the people need to stand our ground against a tyrannical government!

I cannot get my sheriff or the adjutant general to reply if they will violate our 2nd amendment rights with any government order and that is very concerning. They both took an oath to uphold the constitution and if they enforce an Unconstitutional EO they will be the ones violating the law and we the people will be the ones enforcing it against a corrupt government.

Remember nazi germany = hitler said he will rid the streets of crime and guns = well he sure did that!!!!!!!!!!

Thank you,
