School Districts			
Townships			

### 3 - Bill and Fiscal Impact Summary

Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).

SB 2190 amends NDCC 50-33, providing an annual increase in CCAP maximum monthly benefits of no more than 10% and no less than five percent, requires an allocation of \$500,000 for advertising and sign-up assistance and eliminates copays for families with income at or below 41% of state median income.

#### 4 - Fiscal Impact Sections Detail

Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.

The fiscal note for the proposed change requiring an annual increase of no more than 10% and no less than five percent assumes the maximum increase of 10% in annual expenditures for direct child care assistance in each year of the biennium. The maximum increase is assumed in each year of the biennium to account for the gap between current rates and actual costs.

The proposed change to eliminate the family fee or co-pay for families whose income does not exceed forty-one percent of the state median income for a family of the same size assumes approximately 20% of co-pay liabilities are incurred by families in this income range. The estimate is based on the most recent 6-month average monthly child care assistance program co-pay liability of \$657,000 per month. The fiscal note also assumes a 5% increase in utilization during the second year of the biennium, as an anticipated response to the proposed change in co-pay policy.

Of note, family co-pays are based on a sliding fee scale, meaning the co-pays are adjusted depending on an individual's income. Co-pays range from 2% of the family's income for families that are at or below 10% of state median income to 7% of the family's income for families that are at or below 85% of state median income. (Reference: FY22 CCAP sliding fee scale / co-pay schedule:

https://www.hhs.nd.gov/sites/www/files/documents/EA/CCAP/DN241.pdf).

#### 5 - Revenues Detail

For information shown under state fiscal effect in 1 or 2, please explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.

#### 6 - Expenditures Detail

For information shown under state fiscal effect in 1 or 2, please explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.

The proposals outlined in SB 2190 would require \$11,759,538 in direct child care assistance and an additional \$1,500,000 in operating funds for marketing and application assistance. The total cost for the 2023-2025 biennium would be \$13,259,538.

The proposed change requiring a ten percent annual increase in the maximum monthly benefit rate, utilizing the 2023 program year as the base, requires an additional appropriation of \$4,082,520 in the first year of the biennium and \$4,444,512 in the second year of the biennium. The total cost of this change in the 2023-2025 biennium would be \$8,527,032.

The proposal eliminating the family fee or co-pay for families whose income does not exceed forty-one percent of the state median income for a family of the same size would require an additional appropriation of \$1,576,832 in the first year of the biennium and \$1,655,674 in the second year of the biennium, to account for an assumed increase of 5% in the second year of the biennium. The total cost for this change in the 2023-2025 biennium would be \$3,232,506.

#### 7 - Appropriations Detail

For information shown under state fiscal effect in 1 or 2, please explain the appropriation amounts. Provide detail, when appropriate, for each agency and fund affected. Explain the relationship between the amounts shown for expenditures and appropriations. Indicate whether the appropriation or a part of the appropriation is included in the executive budget or relates to a continuing appropriation.

The 2021-2023 budget approved by the 67th Legislative Assembly appropriated \$34,710,875 for child care assistance program direct assistance.

The 2023-25 Executive Budget Recommendation is based on a Cost to Continue of \$48,319,826, along with an increase of \$37,900,000 to fund the child care workforce proposal for a total of \$86,219,826.

The 2023-2025 budget for child care assistance program direct assistance to childcare providers and families would need increase to SB 2012 in the grants line of \$11,759,538 of which all is general fund and \$1,500,000 in operating line of which all is general fund.
