3 - Bill and Fiscal Impact Summary

Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).

SB 2190 amends NDCC 50-33, requiring an allocation of \$500,000 for advertising and sign-up assistance and eliminating copays for families with income at or below 30% of state median income.

4 - Fiscal Impact Sections Detail

Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.

The proposed change to eliminate the family fee or co-pay for families whose income does not exceed thirty percent of the state median income for a family of the same size is based on the most recent 6-month average monthly child care assistance program co-pay liability of \$93,739 per month. The fiscal note also assumes a 5% increase in utilization during the second year of the biennium, as an anticipated response to the proposed change in co-pay policy. Of note, family co-pays are based on a sliding fee scale, meaning the co-pays are adjusted depending on an

individual's income. Co-pays range from 2% of the family's income for families that are at or below 10% of state median income to 7% of the family's income for families that are at or below 85% of state median income. (Reference: FY22 CCAP sliding fee scale / co-pay schedule: https://www.hhs.nd.gov/sites/www/files/documents/EA/CCAP/DN241.pdf).

5 - Revenues Detail

For information shown under state fiscal effect in 1 or 2, please explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.

6 - Expenditures Detail

For information shown under state fiscal effect in 1 or 2, please explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.

The proposals outlined in SB 2190 would require \$2,305,979 in direct child care assistance and an additional \$500,000 in operating funds for marketing and application assistance. The total cost for the 2023-2025 biennium would be \$2,805,979.

7 - Appropriations Detail

For information shown under state fiscal effect in 1 or 2, please explain the appropriation amounts. Provide detail, when appropriate, for each agency and fund affected. Explain the relationship between the amounts shown for expenditures and appropriations. Indicate whether the appropriation or a part of the appropriation is included in the executive budget or relates to a continuing appropriation.

The 2021-2023 budget approved by the 67th Legislative Assembly appropriated \$34,710,875 for child care assistance program direct assistance.

The 2023-25 Executive Budget Recommendation is based on a Cost to Continue of \$48,319,826, along with an increase of \$37,900,000 to fund the child care workforce proposal for a total of \$86,219,826.

The 2023-2025 budget for child care assistance program direct assistance to childcare providers and families would need increase to SB 2012 in the grants line of \$2,305,979.00 of which all is general fund and \$500,000 in operating line of which all is general fund.
