Section 1. the increase in annual license fees for charitable organizations is estimated to generate an additional \$35,300 per biennium

would reduce the additional income going to the general fund to zero.

Section 3. the increase in annual license fees for manufacturers and distributors is estimated to generate an additional \$60,000 per biennium

manufacturer: 14 annual licenses X \$1,500 X 2 = 42,000. The transfer to the charitable gaming technology fund would be \$700 which would reduce the additional income going to the general fund to \$41,300.

distributors: 18 licenses X \$500 X 2 = 18,000. The transfer to the charitable gaming technology fund would be \$900 which would reduce the additional income going to the general fund to \$17,100.

Section 4. the transfer from the charitable gaming operating fund to the charitable gaming technology fund would reduce the general fund transfer at the end of the biennium by \$400,000.
