3 - Bill and Fiscal Impact Summary

Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).

SB 2383 removes a property tax exemption for pipelines and equipment that received a federal income tax credit for carbon oxide sequestration.

4 - Fiscal Impact Sections Detail

Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.

If individuals receive an income tax credit for carbon oxide sequestration, the previously exempt property would not be exempt in that fiscal year. This would increase the taxable valuation of a school district and provide a greater local share of the school district funding formula. The state aid payment would decrease by 60 mills of the increased taxable valuation.

A fiscal impact could not be calculated.

For information shown under state fiscal effect in 1 or 2, please explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.

6 - Expenditures Detail

7 - Appropriations Detail

Explain the relationship between the amounts shown for expenditures and appropriations. Indicate whether the appropriation or a part of the appropriation is included in the executive budget or relates to a continuing appropriation.
