POINT OF PERSONAL PRIVILEGE

REP. ISTA rose on a point of personal privilege.

REMARKS OF REPRESENTATIVE ISTA

MR. SPEAKER: Mr. Speaker and Members of the Assembly.

This week—specifically on April 30—we will mark National Therapy Animal Day 2023.

As we continue to strive towards mental health improvements, animal-assisted interventions have rapidly grown in practice and public awareness. In tandem, the body of empirical evidence showing the effectiveness of therapy animals also has become increasingly robust. This evidence shows what most of us know intrinsically: the human-animal bond is a powerful tool capable of positively impacting our wellness (and the animals mutually benefit, too).

Among those positive impacts are assisting mental health professionals providing trauma recovery, decreases in levels of general anxiety and depression, decreased perceptions of pain, improved recovery rates from physical injury, and even improved biobehavioral markers of stress.

Animal-assisted interventions also have benefits in educational settings—like improving reading ability and stimulation and focus in the classroom—and for older adults—like comforting people with dementia, promoting socialization and engagement among seniors, and reducing depression, anxiety, and irritability.

In recognition of these multitude of positive benefits, the Governor has proclaimed April 30, 2023, as Therapy Animal Day in North Dakota. In his proclamation, the Governor notes that the thousands of therapy animals serving in communities across the country play an essential role in improving human health and well-being in settings like hospitals, nursing homes, schools, and hospice care centers and serving veterans, seniors, patients, students, and those nearing the end of their lives. In recognition of the comfort and healing those animals bring, I'm pleased to join the Governor in celebrating all our state's therapy animals and their human handlers.

Joining me in that celebration today is my constituent and relentless advocate for therapy animals, Mandy Iverson. In addition to serving as the Community Mental Health Coordinator for Mental Health Matters in Grand Forks, Mrs. Iverson is our current Mrs. North Dakota International 2023. Thank you, Mandy, for your advocacy and commitment to improving mental health and wellness, especially through animal-assisted interventions.

Thank you, Mr. Speaker.

POINT OF PERSONAL PRIVILEGE

REP. MOCK rose on a point of personal privilege.

REMARKS OF REPRESENTATIVE MOCK

MR. SPEAKER: House Bill 1040 is a multi-generational commitment that will have financial obligations for decades. I opposed House Bill 1040 because I believe pension reform is still a viable option. This body has taken other actions this session affirming our belief that well-managed, fully-funded pensions are a powerful tool for employee recruitment and retention. The cost of doing nothing is untenable. While I disagree with the majority of my colleagues on the passage of House Bill 1040, today's vote bears the weight of unanimous consent. We have collectively signed a promissory note that will likely cost North Dakota taxpayers billions of dollars. I have never wished harder to be wrong; for my fears to be unfounded. I congratulate supporters and thank all who lent their expertise. We are in this together. I commit to seeing this plan through.

REQUEST

REP. MOCK REQUESTED that his remarks be printed in the Journal, which request was granted.

Former Speaker of the House Kim Koppelman

CORRECTION AND REVISION OF THE JOURNAL

MR. SPEAKER: Your **Committee on Correction and Revision of the Journal (Rep. Bellew, Chairman)** has carefully examined the Journal of the Seventieth Day and recommends that it be corrected as follows and when so corrected, recommends that it be approved:

Page 2219, after line 13, insert:

Pursuant to Article V, Section 9 of the North Dakota Constitution, I have vetoed House Bill 1532 and return it to the House.

House Bill 1532 appropriates $10 million in state-collected tax dollars for the purpose of offsetting tuition costs for students attending nonpublic K-12 schools. These dollars would be paid directly to private schools.

Our administration supports school choice and believes that competition can improve outcomes in the K-12 education system, just as competition forces businesses to continually improve their goods and services in order to survive and thrive in a changing economy.

As North Dakota explores a path toward improved outcomes in our K-12 education system, we commend the sponsors and supporters of HB 1532 for championing change and school choice. North Dakota needs school choice for all parents, regardless of income or geography.

However, in its final amended form, this bill is not the comprehensive solution we need. It falls short of meaningfully enhancing school choice – especially in rural areas far from any existing nonpublic schools – and lacks incentives to expand nontraditional options in K-12 education. The bill also lacks public transparency and accountability standards for the actual use of the proposed tuition offset payments.

Also, this bill as written would not go into effect until July 1, 2024, just six months before the next legislative assembly convenes in regular session. By utilizing the upcoming interim to explore best practices through school choice, competition and innovation in education, we can create a more comprehensive policy that empowers parent choice, improves outcomes for students and provides a greater return on investment of taxpayer dollars. Other states such as Arizona and Iowa have made great strides in passing transformational legislation aimed at producing better outcomes in education. Senate Bill 2284, still pending in the Legislature, would require such a study.

Finally, our objection to this bill is not related to its cost. The state spends 100 times more per year on public schools than is proposed in this bill for tuition offsets for students who attend nonpublic schools – and our K-12 public school system will receive record levels of state funding in the 2023-2025 biennium.

Simply put, HB 1532 does not go far enough to promote competition and expand choice in K-12 education. If not done correctly now, this bill could impede our ability to expand school choice in a meaningful way in the years ahead.

For the reasons stated above, House Bill 1532 is vetoed.
