RE: Testimony in Support of SB 2173 Travel Insurance

Dear Committee Members:

Good afternoon. My name is Caren Alvarado and I am VP of Regulatory Affairs for Crum& Forster, a subsidiary of Fairfax Holdings. My organization has been writing travel insurance for many years and we are therefore very familiar with the unique intricacies of these products and the marketplace. I am also Co-Chair of the Law and Reg Committee for the US Travel Insurance Association (USTiA) that is comprised of a variety of organizations involved in the travel insurance industry.

I would like to thank the members for bringing SB 2173 before the Committee today and for allowing interested parties the opportunity to provide testimony in support of the Travel Bill.

This crucial legislation builds upon existing regulatory frameworks and further promotes a framework that works for everyone – regulators, consumers, and industry players alike, promoting a clear and level playing field with minimal negative disruption while promoting uniformity throughout the states. Both the industry and consumers will benefit from a nationwide consistent approach for travel protection plans that include insurance and non-insurance components. By incorporating this regulatory framework into your statute, you will ensure clarity and consistency is provided to the way travel insurance products are regulated.

This travel insurance legislation is good for all industry participants because going forward, we will have specific requirements applicable to travel insurance with which all players will have to comply, including new entrants to this growing market. The language before you today has been thoroughly vetted to ensure the legislation creates an efficient, effective regulatory framework for travel insurance that benefits consumers, empowers regulators, and ensures the marketplace operates fairly.

This legislation is aligned with the model law adopted by adopted by the National Council of Insurance Legislators (NCOIL) and the National Association of Insurance Commissioners (NAIC). Industry worked alongside the NAIC, NCOIL, Insurance Divisions of the various states, and the overall travel community for many years, leading to the NAIC's adoption of the model. We support the bill because it is good for consumers and industry participants alike. As previously noted, 29 other states have already enacted legislation based upon these Model Acts and several states are contemplating enacting similar legislation in the coming months.

We respectfully request that you approve this important legislation. On behalf of Crum & Forster, thank you for your consideration of SB 2173 that will ensure the industry and consumers will benefit from a transparent framework for travel insurance as well as for your continued support of our industry.

Please let us know if you have any questions or we can provide any additional information.

Very truly yours,
