Legislative Assembly  
of North Dakota

To whom it may concern,

I am writing this letter in opposition to the House bill #1333. The performances by drag queens is harmless to all, and to criminalize this is ridiculous, and bigoted.

To vote this bill in, also seems against amendment 1: freedom of speech, which is a principle that supports the freedom of a community or individual to convey their ideas and opinions without fear of censorship, retribution, or legal sanction.

If someone doesn't want to see the drag shows, fine- but if people choose to go, or bring their families, that is their own personal choice.

Thank you,

Sydney Glende, LPCC
