

Please Oppose SB2360 – Vote NO

Why is the ND Legislature wasting time and energy trying to restrict the sorts of books that Public Libraries have? Public Libraries' personnel use common sense in serving their patrons and especially children. Banning books like the Bible which has some passages of graphic sexual content is inane. I am a pastor and find this bill ridiculous and an undue incursion of government upon Free Speech as well as Religion.

Vote NO on SB2306
