

NORTH DAKOTA

Family Alliance LEGISLATIVE ACTION

Testimony Supporting House Bill 1312

Jacob Thomsen, Policy Analyst
North Dakota Family Alliance Legislative Action
March 8, 2023

Chairman Elkin and honorable members of the Senate Education Committee,

My name is Jacob Thomsen and I am representing North Dakota Family Alliance Legislative Action. I am testifying on behalf of our organization in support of House Bill 1312 and respectfully request that you render a “DO PASS.”

Mental health problems and suicide are quite possibly the two biggest issues that young people across the United States face today. They cause devastation to families and cause feelings that no family should have to experience. No one should feel that they have to walk alone in these situations. Schools are the places where children and young people spend a large majority of their time. Because of these reasons, it is imperative that schools are equipped with the proper resources to handle mental health problems and suicide.

In the age of social media, these situations are ever-evolving. This is why a continuation of training and resources to handle these situations is so important. Schools need to be fully equipped to handle the situations that occur in students and among them. For these reasons, North Dakota Family Alliance Legislative Action requests a “DO PASS.”

Thank you for taking the time to read this testimony. Please feel free to contact us with any questions.
