

Members of the Education Committee,

My name is Justin Haag I have 5 children currently enrolled in Dickinson Trinity Catholic School systems. My family and I ask that you please support HB 1532 on March 14<sup>th</sup>. My wife and I believe that our children's education is one of the most important decisions to ensure that our kids grow up with a good foundation and strong moral compass. For these reasons we have sacrificed whatever it takes to give our kids the start to a successful and fulfilling life that they deserve in the state that we love. I think this is a very fair bill to all and would greatly appreciate your support.

Thank you for your service to the state of ND and your time on the ND 1532 bill

Sincerely,

Justin Haag
