

**Dear Senate Education Committee Members,**

**My name is Philomena Leininger, and I reside in District 18. I am a young adult whose siblings are enrolled in a non-public school. I support HB 1532 because my siblings' non-public school serves my siblings' needs and has positively impacted my siblings. My parents make a financial sacrifice by sending their children to a non-public school and continue to pay taxes to support the public schools. The tax reimbursement will help my family and support parents in the state of North Dakota. I urge you to vote IN FAVOR of HB 1532.**

**Respectfully,**

**Philomena Leininger**
