HB1532

Senate Education Committee

I urge you to vote NO on HB1532. This is a bill that will hurt rural schools. Rural schools will see absolutely no benefit from this “school choice” bill. It will hurt us financially as we are already struggling with the transition minimum elimination. Our students will see no benefit with this bill only detriments.

Thank you for your time and service.

Steven Heim

Superintendent Anamoose Public School

Superintendent Drake Public School
