

March 13, 2023

Dear Members of the Committee,

I urge you to vote against using public dollars to help support private schools or home schools. Public schools are held to government standards and laws to follow, as well as state standards that must be taught. Teachers and staff must be certified and qualified to teach and follow protocols. Citizens can be assured that teachers and schools meet and exceed expectations and criteria. Bill HB1532 does contain any criteria for the government to ascertain how the public money will be spent. Please vote NO.

Sincerely,

Nicole Powers
