Rebecca Needham

Resident of Dickinson, ND

I strongly urge you to vote, “do not pass” on SB 2123. If this bill passes, not only will it be a form of censorship in schools, colleges, libraries, art galleries, museums, theaters, and businesses, it will criminalize the teachers, librarians, artists, and business owners who support the right of all people to choose for themselves, what they see, read and hear.

This bill goes against my beliefs and I do not want you to pass SB 2123.
