

SENATE JUDICIAL COMMITTEE

I ask you to please vote IN FAVOR of SB2123. My husband and I have been fighting to get these pornography books out of the library that our grandchildren visit. It's not right. We need that changed at the state level. Schools and libraries shouldn't have pornography or obscenity. We have laws against that. Make these institutions live up to the same standards of the rest of North Dakota.

Thank you,

Cheryl Borg
