

Hi there,

My name is Kimberly Ho and I am a resident of Dickinson, ND. I am writing in to show my support of Bill SB 2123, regarding prohibiting public libraries from keeping sexually explicit books on their shelves. I have taken time to get into our local library and view these books and they are not appropriate for our children; they are indoctrinating and breed confusion during very developmental years of life! Please keep our libraries protected places to learn not places where kids will be exposed to inappropriate material. I would like to amend that this bill extend to public schools, their curriculum, and their libraries as those are all tax funded education systems. All our schools and libraries should be held to the same standards set by ND Century Code as the common citizens of North Dakota. Please keep our libraries and schools safe for our kids to learn and spend time. Thank you for your time and for listening!
