

If horses are seen as livestock, their removal turns them into deadstock. What tourist, parent, or child wants to know murder and pain are the nature of the nature they're experiencing the park.

- *A new alternative to the park's Environmental Assessment must be added with scientific and humane management of the wild horses in the park.*
- *The TRNP must redesignate the wild horses as wildlife; they are not to be designated as livestock.*

Regards,

Beverly Wilson
