

FISCAL NOTE
HOUSE BILL NO. 1376
LC# 25.0758.03000
01/15/2025

1 - State Fiscal Effect

Identify the state fiscal effect and the fiscal effect on agency appropriations compared to funding levels and appropriations anticipated under current law.

	2023-2025 Biennium		2025-2027 Biennium		2027-2029 Biennium	
	General Fund	Other Funds	General Fund	Other Funds	General Fund	Other Funds
Revenues						
Expenditures			\$1,218,560		\$1,218,560	
Appropriations						

2 - County, City, School District, and Township Fiscal Effect

Identify the fiscal effect on the appropriate political subdivision.

	2023-2025 Biennium	2025-2027 Biennium	2027-2029 Biennium
Counties			
Cities			
School Districts			
Townships			

3 - Bill and Fiscal Impact Summary

Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).

HB 1376 provides students with the opportunity for CPR training and certification, and calls for NDDPI to reimburse school districts for expenses related to providing those trainings.

4 - Fiscal Impact Sections Detail

Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.

Page 1, lines 15-16 of the bill calls for NDDPI to reimburse school districts for expenses related to providing CPR trainings and certification for high school students.

5 - Revenues Detail

For information shown under state fiscal effect in 1 or 2, please explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.

There is no revenue created by HB 1376.

6 - Expenditures Detail

For information shown under state fiscal effect in 1 or 2, please explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.

We estimated the cost of becoming certified in CPR at \$35 per individual. There are currently 34,816 students in grades 9-12 in North Dakota. If each of these students became certified in CPR once every two years (CPR typically expires every two years), that would come to a cost of \$1,218,560 per biennium. This number could potentially be significantly lower, however, if not all students choose to become certified or if schools are able to offer the certification in a course that it already being taught.

7 - Appropriations Detail

For information shown under state fiscal effect in 1 or 2, please explain the appropriation amounts. Provide detail, when appropriate, for each agency and fund affected. Explain the relationship between the amounts shown for expenditures and appropriations. Indicate whether the appropriation or a part of the appropriation is included in the executive budget or relates to a continuing appropriation.

There is no appropriation in HB 1376.
