## 3 - Bill and Fiscal Impact Summary

*Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).*

Senate Bill 2303 would create an education savings account program for nonpublic and home schooled students.

## 4 - Fiscal Impact Sections Detail

*Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.*

2025-2026 School year: we calculated 15% of the 7,986 non public students would participate. Using a 60% ADM for students and with 10% going back to the district we calculated \$9,284,204 in spending the first year. However we do not feel it will be feasible to implement this program the 2025-26 school year. If it is, it would most likely roll out the second semester.

2026-2027 School Year: We calculated 40% of the 7,986 non public students would participate with the marketing campaign and word of mouth. The subtotal for this year is \$24,757,878, which includes the 10% amount given back to public schools.

Adding an administrative/marketing fee of 3.5 million, the grand total of the program the 25-27 biennium is \$37,542,082.
