3 - Bill and Fiscal Impact Summary

Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).

SB 2177 establishes a new animal agriculture facility infrastructure fund and allocates state sales, use, and gross receipts tax collections to that fund.

4 - Fiscal Impact Sections Detail

Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.

Section 2 of SB 2177 creates an animal agriculture facility infrastructure fund and allocates sales, use, and gross receipts tax collections from eligible tangible personal property purchased to construct or repair animal agriculture facilities in the county or to operate or repair equipment used in animal agriculture facilities located in the county.

The creation of the animal agriculture facility infrastructure fund would reduce the state general fund by the amount

allocated to the animal agriculture facility infrastructure fund, which would be distributed to the counties. However, the fiscal impact cannot be determined because the number of animal agriculture facilities and the purchase activity related to the facilities is unknown.
