Chairman Klemin and members of the House Judiciary Committee, my name is Seth O'Neill and I am representing the North Dakota Domestic & Sexual Violence Coalition in support of SB 2289.

I would encourage the committee to make a small amendment to include sexual assault restraining orders referenced in N.D.C.C. § 12.1-31-01.2 as those files are also confidential records.

I encourage the committee to give SB 2389 a "Do-Pass" recommendation with the suggested amendment. I apologize for not being present in-person today as I am out of town with work responsibilities. If the committee has any questions, I am happy to respond via email. Thank You.
