

## SUPPORT SB2321

Thank you Chairwoman Larson and other members of the Senate Judiciary committee for taking my testimony on Senate Bill 2321. I am writing in favor of this bill. It speaks to securing the rights of the individual in their struggle against larger entities that are bringing Eminent Domain proceedings against them. At the end of the day, it at least reimburses them for the expenses of expert witness, and appraisals, and other associated expenses. Approval of this bill would at least make them whole by not costing them these expenses to defend themselves and their position in these matters.

Thank you for your consideration
