

Lanny Kenner  
District 7

Chairman Porter and committee members,  
Please vote YES on SB 2335.

Pertaining to oil and gas production, this bill would allow a landowner to recover pretrial appraisal costs along with attorneys fees and court costs in cases where an oil or gas company offered the landowner less money than the landowner wanted. If it went to court and the landowner was awarded a better price this should be done.

Please vote YES on SB 2335.

Thank you, Lanny Kenner
