11			offered through another school district relative to the total number of weighted
12			student units the school district offered in the year before the school district
13			became an elementary district. The reduced baseline funding applies to the

10			incre	eased by an additional fifteen percent. However, the district's baseline funding
11			per	weighted student unit, after the reduction, may not be less than the payment

21				2017-18 baseline weighted student units multiplied by ten thousand-
22				six hundred forty-six dollars; or
23			(3)	The district's baseline funding as established in subsection 1 less the
24				amount in paragraph 1, with the difference reduced by forty percent and
25				then the difference added to the amount determined in paragraph 1.
26		b.	For	the 2024-25 school year and each school year thereafter, the superintendent-

15			pur	poses	of this subdivision by more than twelve percent, adjusted pursuant to
16			sec	tion 1	5.1-27-04.3; and

- 1. Unless otherwise provided under this chapter, a governing body authorized to enter a contract for the construction of a public improvement in excess of two hundred fifty thousand dollars shall take from the contractor a bond before permitting any work to be done on the contract. The bond must be for an amount equal at least to the price stated in the contract. The bond must be conditioned to be void if the contractor and all subcontractors fully perform all terms, conditions, and provisions of the contract and pay all bills or claims on account of labor performed and any supplies, and materials furnished and used in the performance of the contract, including all demands of subcontractors. The requirement that bills and claims be paid must include the requirement that interest of the amount authorized under section 13-01-14 be paid on bills and claims not paid within ninety days. The bond is security for all bills, claims, and demands until fully paid, with preference to labor and material suppliers as to payment. The bond must run to the governing body, but any person having a lawful claim against the contractor or any subcontractor may sue on the bond.
- A governing body may not require any person required to provide a surety bond to obtain the surety bond from a specified insurance or surety company or insurance producer or to submit financial data to the company or producer.
