

FROM THE DESK OF

Bob Shoemaker

February 5, 2025

Dear Committee Members,

I strongly support SCR4006. I, as are many if not most, am not a resident of North Dakota but do enjoy visiting the park and especially the wild horses that are resident there, and I visit the park often.

People can learn a lot from watching and understanding the social and familiar interactions of the herds. How they Nurture each other, protect each other, teach the young and so on. Perhaps having a brochure created explaining the horses actions would be a positive teaching aid to improve visitors visits as well. Just an idea.

So I urge you members of the committee to overwhelmingly pass this resolution.

Thank you,

Bob Shoemaker
