

Those issued for public buildings in that part of the Territory south of the forty-six h parallel should be paid by the southern division of the Territory, and those issued for public buildings erected in the north should be paid by the northern division of the Territory.

The union of the two sections in one state would be unnatural and would lead to endless difficulties.

The division prayed for is wise. It will quiet unrest, prevent difficulties and misunderstandings, which will arise if it is not granted and will promote the interests of both sections.

And although the people of all Dakota are earnestly in favor of admission of the southern half as a state, still they will hail with joy division only, and if asking for admission of the southern half as a state will in any manner delay division, then we earnestly request division, without the admission prayed for, at the earliest possible time.

And for your favorable consideration hereof your memorialists will ever pray.

Resolved, That a copy of the above and foregoing memorial, signed by the President of the Council and Speaker of the House, and attested by their chief clerks, be sent to the President of the United States senate, the Speaker of the House of Representatives of the United States, and to our delegate in Congress, the Honorable John B. Raymond
