GEOLOGICAL SURVEY

CHAPTER 144

(S. B. No. 189—Fleckten)

COOPERATION U. S. GEOLOGICAL SURVEY

An Act Authorizing the State Engineer to cooperate with the Director of the United States Geological Survey in making topographic surveys and maps to be used in the development of flood protection, domestic water supply, restoration of water areas, irrigation and drainage projects in the State of North Dakota, and making an appropriation therefor.

Be It Enacted By The Legislative Assembly of the State of North Dakota:

§ 1. In order to continue the execution and speedy completion of a topographic survey and map of this State and assist in the development of flood protection, domestic water supply, restoration of water areas, irrigation and drainage projects, the state engineer is hereby authorized to confer with the Director of the United States Geological Survey and to accept the cooperation of the United States with this State in the execution of topographic surveys and maps of this State, which is hereby authorized to be made; and that said state engineer shall have the power to arrange with said Director or other authorized representative of the United States Geological Survey concerning the details of such work, the method of its execution, and the order in which these surveys and maps of different parts of the State shall be undertaken.

Provided, that the said Director of the United States Geological Survey shall agree to expend on the part of the United States upon said work a sum equal to that hereby appropriated for this purpose. In arranging details heretofore referred to, the state engineer shall, in addition to such other provisions as he may deem wise, require that the maps resulting from this survey shall show the outlines of all counties, towns, and extensive wooded areas, as existing on the ground at the time of the execution of the survey; the location of all railways, roads, streams, canals, lakes, and rivers, and shall contain contour lines showing the elevation and depression for every twenty feet or oftener in vertical interval of the surface of the country; that the resulting map shall wholly recognize the cooperation of the State of North Dakota, and that as each manuscript sheet of the map is completed the state engineer shall be furnished by the United States Geological Survey with photographic copies of the same, and as the engraving on each sheet is completed the state engineer shall be furnished by said Director with transfers from the copperplates of the same.

§ 2. The sum of twenty-five thousand dollars, or so much thereof as may be necessary, is hereby appropriated for the purposes specified in this act out of any moneys in the treasury not otherwise appropriated.

§ 3. An emergency is hereby declared to exist and this act shall take effect and be in force from and after its passage and approval.

Approved March 10, 1925.

NOTE: This chapter carries emergency clause but did not receive the two-thirds vote of the members present in each house as required by law. See Senate Journal, March 6th, 1925—Page 28. See House Journal, February 24th, 1925—Page 34.
