

## **CHAPTER 26.1-10.2 OWN RISK AND SOLVENCY ASSESSMENTS**

### **26.1-10.2-01. Definitions.**

1. "Insurance group" means those insurers and affiliates included within an insurance holding company system as defined in chapter 26.1-10.
2. "Insurer" has the same meaning as set forth in section 26.1-29-02, except the term does not include agencies, authorities, or instrumentalities of the United States, its possessions and territories, the Commonwealth of Puerto Rico, the District of Columbia, or a state or political subdivision of a state.
3. "Own risk and solvency assessment" means a confidential internal assessment, appropriate to the nature, scale, and complexity of an insurer or insurance group, conducted by that insurer or insurance group of the material and relevant risks associated with the insurer or insurance group's current business plan, and the sufficiency of capital resources to support those risks.
4. "Own risk and solvency assessment guidance manual" means the current version of the own risk and solvency assessment guidance manual developed and adopted by the national association of insurance commissioners and adopted by the commissioner and as amended from time to time. A change in the own risk and solvency assessment guidance manual is effective on the January first following the calendar year in which the changes have been adopted by the national association of insurance commissioners and the commissioner.
5. "Own risk and solvency assessment summary report" means a confidential high-level summary of an insurer or insurance group's own risk and solvency assessment.

### **26.1-10.2-02. Risk management framework.**

An insurer shall maintain a risk management framework to assist the insurer with identifying, assessing, monitoring, managing, and reporting on the material and relevant risks of the insurer. This requirement may be satisfied if the insurance group of which the insurer is a member maintains a risk management framework applicable to the operations of the insurer.

### **26.1-10.2-03. Own risk and solvency assessment requirement.**

Subject to section 26.1-10.2-05, an insurer, or the insurance group of which the insurer is a member, regularly shall conduct an own risk and solvency assessment consistent with a process comparable to the own risk and solvency assessment guidance manual. The own risk and solvency assessment must be conducted no less than annually but also at any time there are significant changes to the risk profile of the insurer or the insurance group of which the insurer is a member.

### **26.1-10.2-04. Own risk and solvency assessment summary report.**

1. Upon the commissioner's request, and no more than once each year, an insurer shall submit to the commissioner an own risk and solvency assessment summary report or any combination of reports that together contain the information described in the own risk and solvency assessment guidance manual, applicable to the insurer or the insurance group of which it is a member. Notwithstanding any request from the commissioner, if the insurer is a member of an insurance group, the insurer shall submit the reports required by this subsection if the commissioner is the lead state commissioner of the insurance group as determined by the procedures within the financial analysis handbook adopted by the national association of insurance commissioners.
2. The report must include a signature of the insurer or insurance group's chief risk officer or other executive having responsibility for the oversight of the insurer's enterprise risk management process attesting to the best of the individual's belief and knowledge that the insurer applies the enterprise risk management process described in the own risk

- and solvency assessment summary report and that a copy of the report has been provided to the insurer's board of directors or the appropriate committee of the board.
3. An insurer may comply with subsection 1 by providing the most recent and substantially similar report provided by the insurer or another member of an insurance group of which the insurer is a member to the commissioner of another state or to a supervisor or regulator of a foreign jurisdiction, if that report provides information that is comparable to the information described in the own risk and solvency assessment guidance manual. Any report in a language other than English must be accompanied by a translation of that report into the English language.

**26.1-10.2-05. Exemption.**

1. An insurer is exempt from the requirements of this chapter if:
  - a. The insurer has annual direct written and unaffiliated assumed premium, including international direct and assumed premium, but excluding premiums reinsured with the federal crop insurance corporation and federal flood program, less than five hundred million dollars; and
  - b. The insurance group of which the insurer is a member has annual direct written and unaffiliated assumed premium, including international direct and assumed premium, but excluding premiums reinsured with the federal crop insurance corporation and federal flood program, less than one billion dollars.
2. If an insurer qualifies for exemption under subdivision a of subsection 1, but the insurance group of which the insurer is a member does not qualify for exemption under subdivision b of subsection 1, then the own risk and solvency assessment summary report that may be required under section 26.1-10.2-04 must include every insurer within the insurance group. This requirement may be satisfied by the submission of more than one own risk and solvency assessment summary report for any combination of insurers provided any combination of reports includes every insurer within the insurance group.
3. If an insurer does not qualify for exemption under subdivision a of subsection 1, but the insurance group of which the insurer is a member qualifies for exemption under subdivision b of subsection 1, then the only own risk and solvency assessment summary report that may be required under section 26.1-10.2-04 must be the report applicable to that insurer.
4. An insurer that does not qualify for exemption under subsection 1 may apply to the commissioner for a waiver from the requirements of this chapter based upon unique circumstances. In deciding whether to grant the request for waiver, the commissioner may consider the type and volume of business written, the ownership and organizational structure of the insurer, and any other factor the commissioner considers relevant to the insurer or insurance group of which the insurer is a member. If the insurer is part of an insurance group with insurers domiciled in more than one state, the commissioner shall coordinate with the lead state commissioner and with the other domiciliary commissioners in considering whether to grant the insurer's request for a waiver.
5. Notwithstanding the exemptions stated in this section:
  - a. The commissioner may require an insurer maintain a risk management framework, conduct an own risk and solvency assessment, and file an own risk and solvency assessment summary report based on unique circumstances, including the type and volume of business written, the ownership and organizational structure of the insurer, a federal agency request, or an international supervisor request.
  - b. The commissioner may require an insurer maintain a risk management framework, conduct an own risk and solvency assessment, and file an own risk and solvency assessment summary report if the insurer has risk-based capital for company action level event as set forth in section 26.1-03.1-03; meets one or more of the standards of an insurer deemed to be in hazardous financial

condition as defined in section 26.1-06.1-11; or otherwise exhibits qualities of a troubled insurer as determined by the commissioner.

6. If an insurer that qualifies for an exemption under subsection 1 subsequently no longer qualifies for that exemption due to changes in premium as reflected in the insurer's most recent annual statement or in the most recent annual statements of the insurers within the insurance group of which the insurer is a member, the insurer has one year following the year the threshold is exceeded to comply with the requirements of this chapter.

**26.1-10.2-06. Contents of an own risk and solvency assessment summary report.**

1. The own risk and solvency assessment summary report must be prepared consistent with the own risk and solvency assessment guidance manual subject to the requirements of subsection 2. Documentation and supporting information must be maintained and made available upon examination or upon request of the commissioner.
2. The review of the own risk and solvency assessment summary report and any additional request for information must be made using similar procedures used in the analysis and examination of multi-state or global insurers and insurance groups.
