The Schafer and Hoeven budget recommendations include a general fund appropriation of \$17,443 to fund the position for the period July 1, 2002, through December 31, 2002. The funding is transferred from the Lewis and Clark Bicentennial line item to the salaries and wages line item with the intent that the department increase funding available for position No. 52, a historical architect (classified as a historic division director) position which the agency has had difficulty filling.
