NOTE: 2003-05 biennium female inmate appropriation	\$6,646,978		
2005-07 biennium female inmate recommendation	8,402,823		
Total recommended increase	\$1,755,845		
<p>The 2003-05 biennium legislative appropriation of \$6.6 million assumed that all of the female inmates would be housed at the DWCRC for the entire 2003-05 biennium. However, housing delays resulted in the female inmates being housed at the DWCRC for part of the 2003-05 biennium, and due to parity issues between male and female inmates, the Department of Corrections and Rehabilitation had to house some of the female inmates at the TRCC in Jamestown and in transition housing. Therefore, some of the 2003-05 biennium appropriation for female inmates was used for the female inmates at the TRCC and in transition housing, in addition to the costs of housing female inmates at the DWCRC.</p> <p>The approximately \$1 million difference between the total estimated 2003-05 biennium costs for female inmates (\$5,644,788) and the 2003-05 biennium appropriation for female inmates (\$6,646,978) was used by the department to help cover the increased costs related to the higher than anticipated male inmate population.</p>			
<p>¹Amounts represent costs attributable to females on inmate status only and do not include indirect or administrative costs of the Department of Corrections and Rehabilitation.</p>			
<p>²Amounts based on September 30, 2004 SAMIS reports and actual inmate population through November 30, 2004.</p>
