

## HIGHER EDUCATION - TUITION RATES

The following is a schedule of tuition and fee rates at state institutions of higher education for the academic years 2005-06 through 2009-10. The 2001 Legislative Assembly removed tuition income from the appropriation process by providing a continuing appropriation for all special funds, including tuition. Senate Bill No. 2038 (2009) continues this authority through June 30, 2011. The State Board of Higher Education has the statutory responsibility for setting tuition rates.

<sup>1</sup>Beginning with the 2002-03 academic year, the State Board of Higher Education authorized each higher education institution president to set the final tuition rate for each campus within an approved range.

<sup>2</sup>Bismarck State College implemented a per credit tuition model beginning with the 2000-01 academic year. For academic years 2000-01 through 2003-04, the institution charged a per credit (part-time) tuition rate for all credit-hours except for the 14<sup>th</sup> and 15<sup>th</sup> credits, which were at no charge. Beginning with the 2004-05 academic year, the institution charges a per credit (part-time) tuition rate for all credit-hours. The tuition rates shown are based on a credit load of 15 credit-hours per semester, which is the number of credit-hours taken by an average full-time student.

<sup>3</sup>Under the current North Dakota/Minnesota reciprocity agreement, students pay the higher of the two states' rates, which allows North Dakota students attending Minnesota higher education institutions to pay the Minnesota resident rate while Minnesota students attending North Dakota higher education institutions generally pay the Minnesota rate, which is higher than the North Dakota rate. Beginning with the 2006-07 academic year, the University of North Dakota School of Law and School of Medicine and Health Sciences are removed from the reciprocity agreement. The university is allowed to establish its own tuition rates for Minnesota residents for these programs.

<sup>4</sup>The contiguous states and provinces are South Dakota, Montana, Saskatchewan, and Manitoba.

<sup>5</sup>Beginning with the 2009-10 academic year, Minot State University charges resident tuition rates to all students except those enrolled under the North Dakota/Minnesota reciprocity agreement.

<sup>6</sup>Beginning with the 2002-03 academic year, Minot State University - Bottineau charges resident tuition rates to students from all Canadian provinces.

<sup>7</sup>Beginning with the 2002-03 academic year, the State College of Science is offering special reduced tuition rates to contiguous state/province and other nonresident students who live on campus with a meal plan. The following is a summary of the special reduced tuition rates:

	2005-06	2006-07	2007-08	2008-09	2009-10
Undergraduate					
Contiguous state/province	\$2,828	\$3,054	\$3,207	\$3,368	\$3,368
Other nonresidents	\$2,828	\$3,054	\$3,207	\$3,368	\$3,368

<sup>8</sup>The State College of Science implemented a per credit tuition model beginning with the 2004-05 academic year. For the 2004-05 academic year, the institution charged a per credit (part-time) tuition rate for all credit-hours except for the 17<sup>th</sup> and 18<sup>th</sup> credits, which were at no charge. Beginning with the 2005-06 academic year, the institution charges a per credit (part-time) tuition rate for all credit-hours. The tuition rates shown are based on a credit load of 15 credit-hours per semester, which is the number of credit-hours taken by an average full-time student.

<sup>9</sup>Beginning with the 2001-02 academic year, the State College of Science charges resident tuition rates to students who are enrolled in a business and industry partnership program except for students from Minnesota who are assessed tuition as specified in the reciprocity agreement between North Dakota and Minnesota.

<sup>10</sup>The University of North Dakota School of Law implemented a per credit tuition model beginning with the 2008-09 academic year. The institution charges a per credit (part-time) tuition rate for all credit-hours. The tuition rates shown for the 2008-09 academic year are based on a credit load of 15 credit-hours per semester, which is the number of credit-hours taken by an average full-time law student.

<sup>11</sup>Physical therapy students pay undergraduate tuition rates during the first two years. In the students' junior year, students enter the physical therapy program and start paying tuition based on the physical therapy program tuition rates.

<sup>12</sup>Valley City State University implemented a per credit tuition model beginning with the 2005-06 academic year. The institution charges a per credit (part-time) tuition rate for all credit-hours. The undergraduate tuition rates shown are based on a credit load of 15 credit-hours per semester, which is the number of credit-hours taken by an average full-time student. The tuition rates for graduate classes, which are all delivered online, are shown based on a credit load of 12 credit-hours per semester, which is the number of credit-hours taken by an average graduate full-time student.

<sup>13</sup>Williston State College implemented a per credit tuition model beginning with the 2002-03 academic year. The institution charges a per credit (part-time) tuition rate for all credit-hours except for the 14<sup>th</sup>, 15<sup>th</sup>, and 16<sup>th</sup> credits, which are at no charge. The tuition rates shown are based on a credit load of 15 credit-hours per semester, which is the number of credit-hours taken by an average full-time student.
