## **Senate Bill No. 2003 - Other Changes - Senate Action**

This amendment also:

- Removes Section 5 of the bill relating to increased award levels for the academic and career and technical education scholarship programs.
- Combines transfer authority for systemwide service contained in Sections 10 and 17 into one section. Section 8, which provides authority to transfer funds from the system information technology services line item to institutions, is removed due to the accounting and reporting restructuring of the system.
- Removes Section 12 which gives the State Board of Higher Education permissive authority to provide student financial assistance grants to part-time students. The section is not needed because the State Board of Higher Education has the statutory authority to determine the guidelines for grant distributions.
- Adjusts Section 14 to clarify that tuition revenue received during the 2013-15 biennium is appropriated to the respective institutions.
- Removes Section 18 which provides that only one-half of the funding provided for tribal college assistance grants may be used during the first half of the biennium. A section is added to amend Section 15-70-04 to provide that the State Board of Higher Education may only use one-half of the biennial appropriation for tribal college assistance grants during the first year of the biennium.
- Adjusts Section 19 to remove appropriation authority included in the section for projects funded through revenue bonds. Section 1 includes appropriation authority for the projects.
- Adds a section to amend Section 54-44.1-11 to extend the carryover authority of the University System.
- Adds a section to require the consolidation of all system information technology services staff offices within five years in the joint information technology building on the campus of the University of North Dakota.
- Makes technical corrections to Sections 2 and 13.
