

ANALYSIS OF STATE TRUST FUNDS FOR THE 2021-23 AND 2023-25 BIENNIUMS

Prepared by the
North Dakota Legislative Council Staff
June 2024

INDEX

Description	Page No.
Abandoned Oil and Gas Well Plugging and Site Reclamation Fund	1
Attorney General Refund Fund	3
Beginning Farmer Revolving Loan Fund	8
Bonding Fund	9
Budget Stabilization Fund	10
Capitol Building Fund	12
Coal Development Trust Fund	14
Common Schools Trust Fund	16
Community Health Trust Fund	20
Disaster Relief Fund	24
Electronic Health Information Exchange Fund	27
Environment and Rangeland Protection Fund	29
Fire and Tornado Fund	31
Foundation Aid Stabilization Fund	32
Health Care Trust Fund	35
Health Information Technology Planning Loan Fund	36
Highway Tax Distribution Fund	38
Legacy Earnings Fund	42
Legacy Fund	44
Lignite Research Fund	46
Medical Marijuana Fund	48
Outdoor Heritage Fund	50
Resources Trust Fund	52
Risk Management Fund	55
Senior Citizen Services and Programs Fund	56
Social Services Fund	58
State Aid Distribution Fund	59
Strategic Investment and Improvements Fund	61
Student Loan Trust Fund	66
Tobacco Settlement Trust Fund	68
Tuition Fund	71
Veterans' Postwar Trust Fund	73

ANALYSIS OF THE ABANDONED OIL AND GAS WELL PLUGGING AND SITE RECLAMATION FUND FOR THE 2021-23 AND 2023-25 BIENNIUMS

	2021-23 Biennium Actual		2023-25 Biennium Estimated	
Beginning balance		\$13,850,616		\$25,312,303
Add revenues ¹				
Fees, forfeitures, transfers, and recoveries penalties	\$5,383,786		\$5,686,000	
Oil and gas tax collections (2019 HB 1014; 2023 SB 2059) ^{2,3}	15,641,051		14,720,000	
Federal funds ⁴	2,982,783		27,000,000	
Total revenues		24,007,620		47,406,000
Total available		\$37,858,236		\$72,718,303
Less estimated expenditures and transfers				
Reclamation of well sites placed into service after July 31, 1983 (2019 SB 2123) ⁵	\$9,026,208		\$5,483,000	
Reclamation of well sites placed into service on or before July 31, 1983 (2017 HB 1347)	382,646		1,483,000	
Orphaned well plugging and reclamation costs ⁶	3,001,168		27,000,000	
Brine pond and soil remediation studies (2017 HB 1347)	23,129		1,492,000	
Transfer to the environmental quality restoration fund ⁷	0		400,000	
Pipeline restoration and reclamation oversight program - Agriculture Commissioner (2021 HB 1009) ⁸	23,973		200,000	
Postproduction royalty oversight program - Agriculture Commissioner (2023 SB 2009) ⁸	N/A		500,000	
Oil database information technology project (2019 HB 1014)	74,171		0	
Miscellaneous ⁹	14,638		15,000	
Total expenditures and transfers		12,545,933		36,573,000
Ending balance		<u>\$25,312,303</u>		<u>\$36,145,303</u>

¹Revenues to the fund include:

- Fees collected by the Oil and Gas Division of the Industrial Commission for permits or other services;
- Funds received from the forfeiture of drilling and reclamation bonds;
- Funds received from any federal agency or from donations related to well plugging and site reclamation;
- Transfers or grant awards from the oil and gas impact fund;
- Oil and gas tax collections; and
- Funds recovered from the sale of confiscated equipment and oil and from certain civil penalties.

²House Bill No. 1014 (2019) decreased the allocation limit related to the fund balance by \$50 million, from \$100 million to \$50 million. Senate Bill No. 2059 (2023) increases the allocation related to the fund balance by \$50 million, from \$50 million to \$100 million.

³Estimated revenues - The estimated allocations for the 2023-25 biennium are based on actual oil and gas tax revenue allocations through April 2024 and the 2023 legislative revenue forecast for the remainder of the biennium.

⁴The amount shown for the 2021-23 biennium reflects funding to be received by the Industrial Commission from the federal Infrastructure Investment and Jobs Act for initial grants. The amount shown for the 2023-25 biennium reflects funding anticipated to be received by the Industrial Commission from the federal Infrastructure Investment and Jobs Act for formula grants and the federal State Fiscal Recovery Fund.

⁵Senate Bill No. 2123 (2019) clarifies the fund may be used for the reclamation of saltwater handling facility sites and treating plant sites.

⁶The amount shown for the 2021-23 and 2023-25 bienniums reflect the estimated costs for plugging and reclaiming orphaned oil wells pursuant to the requirements under the federal Infrastructure Investment and Jobs Act and the federal State Fiscal Recovery Fund.

⁷For the 2023-25 biennium to date through April 2024, the Department of Environmental Quality has not requested any transfers. As amended by Senate Bill No. 2190 (2015), North Dakota Century Code Section 38-08-04.5 allows for transfers from the abandoned oil and gas well plugging and site reclamation fund with the requirement that any transfers into the environmental quality restoration fund will be returned by the State Department of Health to the abandoned oil and gas well plugging and site reclamation fund.

⁸House Bill No. 1009 (2021) includes an appropriation of \$200,000 from the fund for the pipeline restoration and reclamation oversight program. Senate Bill No. 2009 (2023) includes \$700,000 for the pipeline restoration and reclamation oversight program (\$200,000) and postproduction royalty oversight program (\$500,000). Through April 2024, the Agriculture Commissioner requested and received \$25,123 for the programs.

⁹Miscellaneous expenditures include credit card merchant fees and audit fees.

NOTE: The estimated June 30, 2025, balance made at the end of the 2023 regular legislative session was \$57,543,095. The estimated balance decreased by \$21,397,792 primarily related to changes in the timing of the receipt and expenditure of federal funds for reclamation projects.

FUND HISTORY

The fund was established in 1983 under Section 38-08-04.5. The purpose of the fund is to defray the costs of plugging or replugging oil wells, the reclamation of well sites, and all other related activities for wells or pipelines. The money in the fund may be spent, pursuant to a continuing appropriation, for contracting for the plugging of abandoned wells; contracting for the reclamation of abandoned drilling and production sites, saltwater disposal pits, drilling fluid pits, and access roads; paying mineral owners their royalty share of confiscated oil; and paying any contract-related expenses. House Bill No. 1358 (2015) expanded the use of the fund allowing up to \$1.5 million per biennium to be spent on the reclamation of well sites placed into service on or before July 31, 1983, and demonstration projects related to reclamation. House Bill No. 1347 (2017), increased the amount available for the expanded uses to \$5 million per biennium. The Industrial Commission is to report to the Budget Section each biennium on the expenditures of the fund and the fund balance.

The Legislative Assembly, in House Bill No. 1333 (2013), established an allocation of 4 percent, up to \$5 million per fiscal year, from 1 percent of the 5 percent oil and gas gross production tax to the fund and limited the allocation based on the fund balance. House Bill No. 1032 (2015) increased the oil and gas tax allocation to the fund by \$2.5 million per fiscal year, from \$5 million to \$7.5 million, and increased the allocation limit based on the fund balance by \$25 million, from \$75 million to \$100 million. In Senate Bill No. 2013 (2017), the Legislative Assembly decreased the oil and gas tax allocations to the fund by \$3.5 million per fiscal year, from \$7.5 million to \$4 million; however, the decrease was effective only for the 2017-19 biennium. House Bill No. 1014 (2019) decreased the allocation limit based on the fund balance by \$50 million, from \$100 million to \$50 million. Senate Bill No. 2059 (2023) increases the allocation related to the fund balance by \$50 million, from \$50 million to \$100 million.

**ANALYSIS OF THE ATTORNEY GENERAL REFUND FUND
FOR THE 2021-23 AND 2023-25 BIENNIUMS**

	2021-23 Biennium		2023-25 Biennium	
	Actual		Estimated	
Beginning balance ^{1,2,3}		\$13,196,439		\$20,149,959
Add revenues				
Refunds of consumer protection and antitrust expenditures, attorney's fees, and civil penalties ⁴	\$4,890,376		\$3,000,000	
Cash deposit bonds	10,000		5,000	
Tribal gaming, licensing, and investigation fees ⁵	0		0	
Background checks	37,060		30,000	
Interest on investments ^{1,2,6}	(151,630)		65,000	
Lawsuit proceeds - Opioid addiction prevention and treatment program ³	8,705,603		0	
Lawsuit proceeds - JUUL Labs, Inc., settlement ⁷	577,267		232,114	
Return of prior biennium expenditures and miscellaneous revenues	42,755		0	
Total revenues		14,111,431		3,332,114
Total available		\$27,307,870		\$23,482,073
Less estimated expenditures and transfers authorized in North Dakota Century Code Section 54-12-18				
Refunds to specifically named consumers (Section 54-12-18(1)) ⁸	\$0		\$0	
Claims against cash deposit bonds (Section 54-12-18(2))	0		0	
Refund of cash deposit bond balance (Section 54-12-18(3))	0		0	
Consumer Protection and Antitrust Division expenditures (Section 54-12-18(4))	2,341,007		2,694,722	
Tribal gaming background investigations (Section 54-12-18(5)) ⁵	0		0	
Tribal gaming licensing expenditures (Section 54-12-18(5)) ⁵	0		0	
Tribal gaming enforcement expenditures (Section 54-12-18(5)) ⁵	0		0	
Less other estimated expenditures and transfers ⁹				
Bureau of Criminal Investigation (BCI) salaries and operating expenses ¹⁰	667,381		683,201	
State Crime Laboratory operating expenditures ¹⁰	276,563		250,554	
Information technology contractual program maintenance	626,624		445,482	
Information technology operating expenditures	241,722		349,936	
Criminal justice information sharing system improvements (2021 HB 1003; 2023 SB 2003) ^{10,11}	328,069		471,992	
Operating expenses of the Attorney General's office ¹⁰	353,189		493,372	
Automated fingerprint identification system replacement project (2019 SB 2003) ¹²	110,128		0	
Attorney salary equity increases (2019 SB 2003; 2023 SB 2003) ¹	371,148		386,814	
Medicaid Fraud Control Unit (MFCU) and BCI salary equity increases (2021 HB 1003; 2023 SB 2003) ²	1,254,719		1,337,597	
State Crime Laboratory salary equity increases (2021 HB 1506; 2023 SB 2003) ⁶	537,297		0	
Criminal history improvement system (2021 HB 1003; 2023 SB 2003) ¹³	50,064		349,936	
Opioid addiction prevention and treatment program - Transfer to the opioid settlement fund (2021 HB 1003; 2023 HB 1447) ³	0		9,598,002	
JUUL Labs, Inc., settlement - Transfer to the community health trust fund (2023 HB 1004) ⁶	0		461,814	
Cost-share for multistate lawsuits	0		400,000	
Total expenditures and transfers		7,157,911		17,923,422

Ending balance ¹⁴	\$20,149,959	\$5,558,651
Restricted fund income		
Reserve relating to attorney salary increases (2019 SB 2003; 2023 SB 2003) ¹	371,148	0
Reserve relating to MFCU and BCI salary equity increases (2021 HB 1003; 2023 SB 2003) ²	1,254,719	0
Reserve relating to State Crime Laboratory salary equity increases (2021 HB 1506; 2023 SB 2003) ⁷	0	0
Interest on investments ^{1,2,7}	0	0
Ending balance - Unobligated	\$18,524,092	\$5,558,651

¹In April 2019, the Consumer Protection Division of the Attorney General's office received a \$1,215,561 settlement for a Wells Fargo lawsuit related to Wells Fargo's automobile gap insurance, the company opening accounts without consumers' knowledge, and its mortgage interest rate extension fees. The funding was deposited in the Attorney General refund fund.

Senate Bill No. 2003 (2019) included an appropriation of \$425,000, of which \$25,000 related to anticipated interest and earnings of the settlement amount, of this funding to the Attorney General for the 2019-21 biennium. In Section 14 of the bill, the Legislative Assembly provided legislative intent that the Attorney General use up to \$425,000 from the April 2019 settlement for providing salary equity increases to attorney positions in the Attorney General's office for the 2019-21 biennium. Further intent was provided that the remaining settlement proceeds and investment earnings on the remaining proceeds be retained in the Attorney General refund fund and be used for the cost-to-continue salary equity increases provided in the 2019-21 biennium during the 2021-23 and 2023-25 bienniums, subject to legislative appropriations. Section 15 of the bill allowed the Attorney General to invest up to \$1,215,561 of the settlement proceeds under the supervision of the State Investment Board for the period beginning July 1, 2019, and ending June 30, 2025.

Revenue available for attorney salary equity increases during the 2019-21 biennium totaled \$1,263,086, of which \$1,215,561 was from lawsuit settlement proceeds and \$11,063 was from interest earned on lawsuit proceed investments. Investment returns for the 2021-23 biennium for all funds invested for Attorney General staff salary equity increases totaled a \$151,630 investment loss. The estimated investment return for 2023-25 biennium is \$65,000.

In September 2019, the Attorney General invested \$1,100,000 with the State Investment Board. The Attorney General spent \$354,192 of the \$425,000 appropriation to provide 29 FTE attorney positions salary equity increases during the 2019-21 biennium, resulting in \$861,369, excluding interest earned on investments, of the total \$1,215,561 of lawsuit proceeds remaining in the Attorney General refund fund available for the cost-to-continue attorney salary equity increases during the 2021-23 and 2023-25 bienniums. The Attorney General spent \$371,148 to continue attorney salary equity increases during the 2021-23 biennium. Including investment losses for the 2021-23 biennium on previously earned interest and investment principal, the Attorney General anticipates \$386,814 will be remaining for the 2023-25 biennium.

²In January 2021, the Consumer Protection Division of the Attorney General's office received a \$1,160,896 lawsuit settlement from Apple, Inc., related to Apple's 2016 decision to adjust the speed of consumer iPhones to address unexpected shutdowns in some devices and Apple's concealment of the issue, which led to a software update in December 2016 that reduced iPhone performance. The funding was deposited in the Attorney General refund fund.

In April 2021, the Consumer Protection Division of the Attorney General's office received a \$1,416,728 lawsuit settlement from Boston Scientific Corporation related to a defective surgical mesh medical device that has caused complications in some women who used the device. The funding was deposited in the Attorney General refund fund.

House Bill No. 1003 (2021) included an appropriation of \$1,249,083 of this funding to the Attorney General for providing salary equity increases during the 2021-23 biennium for 55 FTE BCI positions and 2 FTE MFCU positions. Section 12 of the bill allowed the Attorney General to invest up to \$2,577,624 of funding in the Attorney General refund fund, including \$1,160,896 of January 2021 settlement proceeds and \$1,416,728 of April 2021 settlement proceeds, under the supervision of the State Investment Board for the period beginning July 1, 2021, and ending June 30, 2025. Section 12 of the bill included legislative intent that \$2,577,624 in the Attorney General refund fund and any investment earnings on the funding be retained in the Attorney General refund fund for the purpose of providing the salary equity increases provided for in Sections 1 and 11 of the bill and for the cost-to-continue salary equity increases during the 2023-25 biennium, subject to legislative appropriations.

In August 2021, the Attorney General invested \$2,185,895 with the State Investment Board. The Attorney General spent \$1,254,719 during the 2021-23 biennium on BCI and MFCU salary equity increases, which included \$5,636 of additional funding available in the Attorney General refund fund. Of the \$2,577,624 of lawsuit

proceeds deposited in the Attorney General refund fund, \$1,328,541 is available to the Attorney General for the cost-to-continue salary equity increases during the 2023-25 biennium, excluding estimated investment earnings. The Attorney General anticipates using \$9,056 of additional funding available in the Attorney General refund fund to continue salary equity increases during the 2023-25 biennium.

³In March 2021, the Consumer Protection Division of the Attorney General's office received a \$892,400 lawsuit settlement from McKinsey and Company for an opioid-related lawsuit. Section 5 of House Bill No. 1003 (2021) provided for a transfer of up to \$2,000,000 from opioid-related lawsuit settlement proceeds deposited in the Attorney General refund fund to the Department of Health and Human Services (DHHS) and appropriated the funding to DHHS for an opioid addiction prevention and treatment program during the 2021-23 biennium. The department was required to consult with the Attorney General on the use of funding for the program. The Attorney General was required to notify the Legislative Council and Office of Management and Budget of any lawsuit settlement proceeds that become available for transfer to DHHS for this program. No transfer was made from the Attorney General to DHHS for the opioid addiction prevention and treatment program during the 2021-23 biennium.

House Bill No. 1447 (2023) requires the Office of Management and Budget to transfer all opioid-related lawsuit settlement proceeds deposited in the Attorney General refund fund since March 1, 2021, to the newly created opioid settlement fund. The bill includes a \$8,000,000 appropriation from the opioid settlement fund to DHHS for opioid remediation and abatement efforts during the 2023-25 biennium.

In January 2024, the Office of Management and Budget transferred \$9,598,002 from the Attorney General refund fund to the opioid settlement fund. All future opioid settlement proceeds will be deposited directly in the opioid settlement fund. Through April 2024, \$9,544,201 of additional opioid settlement proceeds have been deposited in the opioid settlement fund.

⁴The Attorney General has indicated that it is not possible to separately identify refunds, attorney's fees, and civil penalties received, as a court judgement often includes a lump sum amount awarded for the payment of attorney's fees, investigation costs, or payment in lieu of civil penalties.

⁵House Bill No. 1212 (2021) created Section 53-06.1-11.2 and provides all gaming taxes, monetary fines, and interest and penalties are to be deposited in the newly created charitable gaming operating fund and provides the administrative and operating costs of charitable gaming be paid from the fund. Section 13 of House Bill No. 1003 (2021) further amended this section regarding allocations of gaming tax revenues. Adjustments were made to the Attorney General's budget to remove funding for gaming-related expenditures from the Attorney General refund fund beginning in the 2021-23 biennium.

⁶During the November 2021 special legislative session, in House Bill No. 1506, the Legislative Assembly appropriated \$537,297 to the Attorney General from the Attorney General refund fund for salary equity increases for 25 FTE State Crime Laboratory positions. In December 2021, the Attorney General invested \$508,578 from the Attorney General refund fund with the State Investment Board. The Attorney General spent the entire \$537,297 during the 2021-23 biennium.

In Senate Bill No. 2003 (2023), funding of \$537,297 is adjusted for prior biennium salary equity increases for State Crime Laboratory positions by reducing funding from the Attorney General refund fund and increasing funding from the general fund.

⁷In September 2022, the Attorney General's office announced an agreement had been reached between JUUL Labs, Inc., and 34 states and territories regarding JUUL Labs e-cigarette marketing and sales practices. Of the \$438,500,000 total settlement, North Dakota was awarded \$6,028,211, which will be paid in installments for a period of 6 to 10 years. **House Bill No. 1004 (2023) requires 80 percent of funding deposited in the Attorney General refund fund from the JUUL Labs, Inc., settlement during the 2021-23 biennium be transferred to the community health trust fund and requires 80 percent of additional funding received from the settlement be deposited directly in the community health trust fund beginning in the 2023-25 biennium.** The Attorney General received \$577,267 during the 2021-23 biennium, of which \$461,814 was transferred from the Attorney General refund fund to the community health trust fund in July 2023. Estimated settlement funds for the 2023-25 biennium totals \$1,160,750, of which \$928,456 would be deposited in the community health trust fund and \$232,114 would be deposited in the Attorney General refund fund. Through April 2024, the Attorney General has received \$580,285 of additional settlement proceeds during the 2023-25 biennium, of which \$116,057 (20 percent) was deposited in the Attorney General refund fund and \$464,228 (80 percent) was deposited in the community health trust fund.

⁸The Attorney General has indicated that a court rarely awards refunds to specific consumers, instead awarding refunds to organizations such as the Housing Finance Agency.

⁹The other expenditures are not specifically authorized in Section 54-12-18 but are included as part of the Attorney General's biennial appropriation.

¹⁰In House Bill No. 1003 (2021), the Legislative Assembly removed \$2.12 million from the general fund in the Attorney General's budget for salaries and operating expenses in various line items. The bill restored \$1.2 million of these items from the Attorney General refund fund, of which \$283,227 is for salaries and wages of a BCI agent and a BCI administrative assistant, \$34,377 is for operating expenses of the State Crime Laboratory, \$271,889 is for operating expenses of the criminal justice information sharing system, and \$610,507 is for other operating expenses of the Attorney General's office, primarily related to information technology-related expenses. See footnote 11 below for additional information.

¹¹In Senate Bill No. 2003 (2019), the Legislative Assembly appropriated ongoing funding of \$140,000 from the Attorney General refund fund to the Attorney General for criminal justice information sharing improvements during the 2019-21 biennium. The Attorney General spent \$108,412 during the 2019-21 biennium. In House Bill No. 1003 (2021) \$271,889 was authorized for ongoing operating expenses of the criminal justice information sharing system, resulting in a total of \$411,889 authorized for the system each biennium beginning during the 2021-23 biennium. During the 2023-25 biennium, the Attorney General anticipates utilizing \$60,103 of excess funding available in the fund for ongoing operating expenses of the system.

¹²In Senate Bill No. 2003 (2019), the Legislative Assembly appropriated \$316,000, of which \$158,000 was from federal funds and \$158,000 was from the Attorney General refund fund, for the automated finger identification system replacement project, also known as the automated biometric identification system replacement project. The Attorney General spent \$47,872 from the Attorney General refund fund on the project during the 2019-21 biennium, resulting in \$108,128 remaining. The Attorney General received authority from the Capital Construction Carryover Committee, pursuant to Section 54-44.1-11, to continue this funding into the 2021-23 biennium. The Attorney General spent the remaining \$108,128 and an additional \$2,000 available in the fund during the 2021-23 biennium.

¹³The criminal history repository replacement project began in the 2011-13 biennium to rewrite the criminal history repository system. The criminal history repository replacement project consists of various smaller projects. The Attorney General budgeted \$450,000 on the project during the 2011-13 biennium, \$2,300,000 during the 2013-15 biennium, and \$970,000 during the 2015-17 biennium. The Legislative Assembly appropriated \$400,000 for the project in each of the 2019-21 and 2021-23 bienniums, resulting in a total of \$4,520,000 approved for the project, all from the Attorney General refund fund. In Section 18 of Senate Bill No. 2003, the Legislative Assembly authorized the Attorney General to continue any remaining funding of the \$400,000 appropriated from the Attorney General refund fund during the 2021-23 biennium for the criminal history improvement project into the 2023-25 biennium. During the 2021-23 biennium, the Attorney General spent \$50,064 on the project and anticipates spending the remaining \$349,936 during the 2023-25 biennium.

Of the \$4,120,000 approved for the project since the 2011-13 biennium, actual expenditures through the 2021-23 biennium totaled \$3,850,659, which includes excess funding available in the fund spent in prior bienniums. The project has been substantially completed, although upgrades to the criminal history improvement system are periodically requested.

¹⁴Section 54-12-18 provides at the end of each biennium, any balance in the Attorney General refund fund in excess of the amount necessary to fulfill the requirements of the fund must be deposited in the general fund. Section 18 of House Bill No. 1003 (2021) and Section 15 of Senate Bill No. 2003 (2023) authorizes the Attorney General to retain the June 30, 2021, and June 30, 2023, balance in the Attorney General refund fund rather than transferring the balance to the general fund. As a result, no funding from the Attorney General refund fund was transferred to the general fund at the end of the 2019-21 or 2021-23 bienniums, allowing the Attorney General to use the remaining balance in the Attorney General refund fund during the 2021-23 and 2023-25 bienniums. See the **FUND HISTORY** section for additional information on exemptions granted to the Attorney General.

NOTE: The estimated June 30, 2025, balance made at the end of the 2023 regular legislative session was \$4,805,853. The increase of \$753,068 in the estimated balance of \$5,558,651 is due to decreased estimates of operating expenses to be spent during the 2023-25 biennium, most notably related to information technology and State Crime Laboratory expenses.

FUND HISTORY

Section 54-12-18, created by House Bill No. 1141 (1989), establishes the Attorney General refund fund. The section was amended by the 1991, 1993, 1999, and 2001 Legislative Assemblies and currently provides when the Attorney General's Consumer Protection Division recovers funding for cases involving the violation of consumer fraud laws, the Attorney General is required to deposit the funding in the Attorney General refund fund. Funding recovered by the Consumer Protection Division for the following costs must also be deposited in the fund:

1. Refunds related to Consumer Protection Division expenditures, attorney's fees, and civil penalties regarding consumer protection or antitrust matters;
2. Cash deposit bonds paid by applicants for a transient merchant's license when surety bonds are not provided; and

3. Funds and fees collected by the gaming section for licensing tribal gaming and the investigation of gaming employees, applicants, organizations, manufacturers, distributors, or tribes involved in state or tribal gaming.

Funding in the Attorney General refund fund is appropriated to the Attorney General on a continuing basis for the following purposes:

1. Provide refunds from funds recovered by the Consumer Protection Division to specifically named consumers;
2. Pay valid claims against cash deposit bonds posted by transient merchant licensees;
3. Refund the balance of any cash deposit bond remaining after the payment of valid claims. Refunds will be issued 2 years after the expiration of the transient merchant's license;
4. Pay expenditures, attorney's fees, and salaries incurred in the operation of the Consumer Protection Division; and
5. Pay the actual costs of background investigations, licensing, and enforcement of gaming in the state or pursuant to Indian gaming compacts.

At the end of each biennium, any money in the fund in excess of the amounts required for numbers 1, 2, 3, and 5 above must be deposited in the general fund. The Attorney General and Director of the Office of Management and Budget are required to establish accounting procedures for the Attorney General refund fund.

Since the 2001 legislative session, each Legislative Assembly has provided the Attorney General with an exemption to allow unexpended funds from the Attorney General refund fund to continue to be spent in each subsequent biennium. The following table provides information regarding these exemptions:

Biennium	Bill No.	Section	Exemption Limitation ¹
2001-03	1003	8	\$100,000
2003-05	2003	4	No limitation specified
2005-07	1003	11	No limitation specified
2007-09	2003	15	No limitation specified
2009-11	1003	13	No limitation specified
2011-13	2003	9	No limitation specified
2013-15	1003	3	No limitation specified
2015-17	2003	4	No limitation specified
2017-19	1003	16	No limitation specified
2019-21	2003	3	No limitation specified
2021-23	1003	18	No limitation specified
2023-25	2003	15	No limitation specified

¹Section 8 of House Bill No. 1003 (2001) allowed the Attorney General to continue up to \$100,000 of unexpended funds from the Attorney General refund fund to be spent during the 2001-03 biennium while any remaining amount in excess of \$100,000 was required to be returned to the general fund at the end of the 1999-2001 biennium. Exemptions granted in subsequent bienniums have not been limited to a specific dollar amount, allowing the Attorney General to continue using the full balance of the Attorney General refund fund each biennium.

ANALYSIS OF THE BEGINNING FARMER REVOLVING LOAN FUND FOR THE 2021-23 AND 2023-25 BIENNIUMS

	2021-23 Biennium ¹		2023-25 Biennium ¹	
	Actual		Estimated	
Beginning cash balance		\$2,431,860		\$1,489,078
Add revenues				
Transfers of Bank of North Dakota profits (2021 SB 2014; 2023 HB 1014)	\$9,000,000		\$15,000,000	
Transfers from partnership in assisting community expansion (PACE) funds ²	3,400,000		0	
Recoveries from loans previously written off	0		0	
Investment interest	5,465		10,000	
Total revenues		12,405,465		15,010,000
Total available		\$14,837,325		\$16,499,078
Less expenditures and transfers				
Interest rate buydowns	\$13,335,702		\$15,000,000	
Transfers to PACE funds ²	0		0	
Transfers to the value-added agriculture equity loan program ³	0		0	
Public Service Commission rail rate complaint case (2021 HB 1008) ⁴	0		N/A	
Administrative expenses including audit fees	12,545		0	
Total expenditures and transfers		13,348,247		15,000,000
Ending cash balance		\$1,489,078		\$1,499,078

¹The beginning and ending cash balances do not include the value of the outstanding loans because the loans are reflected on the Bank of North Dakota's balance sheet.

²North Dakota Century Code Sections 6-09.13-04 and 6-09-15.5 authorize the Bank of North Dakota to transfer any unobligated funds that have been appropriated for interest rate buydowns between the beginning farmer revolving loan fund, the Ag PACE fund and other PACE funds. Transfers in the 2021-23 biennium totaled \$3.4 million, and no transfers are anticipated for the 2023-25 biennium.

³Section 6-09-15.5 authorizes the Bank of North Dakota to transfer up to \$1 million per biennium of unobligated funds from the beginning farmer revolving loan fund to the value-added agriculture equity loan program. No transfers were made for the 2021-23 biennium, and no transfers are anticipated for the 2023-25 biennium.

⁴House Bill No. 1008 (2021) authorized a transfer of up to \$900,000 from the beginning farmer revolving loan fund to the Public Service Commission to pay for costs associated with a rail rate complaint case. Any amounts spent by the Public Service Commission must be reimbursed to the beginning farmer revolving loan fund, using the amounts available from damages or proceeds received, net of legal fees, from a successful outcome of a rail rate complaint case. No transfers were made for the 2021-23 biennium. Senate Bill No. 2008 (2023) authorized a line of credit from the Bank of North Dakota of up to \$900,000 to the Public Service Commission to pay for costs associated with a rail rate complaint case.

FUND HISTORY

The beginning farmer revolving loan fund was established in Senate Bill No. 2220 (1983) and is maintained to provide interest rate buydowns on loans to beginning farmers for the first purchase of farm real estate or chattels. The beginning farmer revolving loan fund is administered by the Bank of North Dakota pursuant to Section 6-09-15.5.

ANALYSIS OF THE STATE BONDING FUND FOR THE 2021-23 AND 2023-25 BIENNIUMS

	2021-23 Biennium		2023-25 Biennium	
	Actual		Estimated	
Beginning balance		\$3,931,094 ¹		\$3,807,543
Add revenues				
Investment income	(\$165,902)		\$0	
State bonding fund claims collections	57,226		50,000	
Game and fish bonds	1,240		5,000	
Total revenues		(107,436)		55,000
Total available		\$3,823,658		\$3,862,543
Less expenditures and transfers				
Claim liabilities/payments/writeoffs	\$6,509		\$60,000	
Investment expense	7,556		10,000	
Administration	2,050		0	
Total expenditures and transfers		16,115		70,000
Ending balance		<u>\$3,807,543</u>		<u>\$3,792,543</u>

¹The 2021-23 biennium beginning balance has been adjusted from the June 2022 trust fund analysis to reflect the prior balance reported by the 2021 Annual Comprehensive Financial Report.

FUND HISTORY

The state bonding fund was created in 1915 and is maintained for bond coverage of public employees. The state bonding fund is managed by the Insurance Commissioner, and the amount of coverage provided to each state agency, department, industry, and institution is determined by the Insurance Commissioner based upon the amount of money and property handled and the opportunity for default. North Dakota Century Code Section 26.1-21-09 provides that premiums for bond coverage are to be determined by the Insurance Commissioner, but can be waived if the state bonding fund's balance is in excess of \$2 million. No premium has been charged, possibly since 1953, because the bonding fund's balance has exceeded the minimum level established by the Legislative Assembly.

Senate Bill No. 2010 (2019) provided for the Insurance Commissioner to contract with the North Dakota Insurance Reserve Fund for administration of the state bonding fund. The bill also provided continuing appropriation authority from the state bonding fund to the Insurance Commissioner to pay contractual fund administration costs to the North Dakota Insurance Reserve Fund.

House Bill No. 1541 (2023) provides for a study to determine the feasibility of changing administration of the state bonding fund from the Insurance Commissioner to the Director of the Office of Management and Budget.

ANALYSIS OF THE BUDGET STABILIZATION FUND FOR THE 2021-23 AND 2023-25 BIENNIUMS

	2021-23 Biennium Actual		2023-25 Biennium Estimated	
	Beginning balance		\$748,943,600	
Add revenues				
Investment income (loss)	(\$20,762,725) ¹		\$56,472,434 ¹	
Oil and gas tax collections	9,646,249 ²		0 ²	
Transfer from general fund	176,601,907 ³		0	
Total revenues		165,485,431		56,472,434
Total available		\$914,429,031		\$970,901,465
Less expenditures and transfers				
Transfer to general fund	\$0		\$56,302,034 ¹	
Total expenditures and transfers		0		56,302,034
Ending balance		<u>\$914,429,031</u>		<u>\$914,599,431</u>

¹Interest earnings are retained in the fund unless the balance of the fund is at the maximum amount allowed under North Dakota Century Code Section 54-27.2-01. Any interest earnings that would cause the fund to exceed the maximum balance are transferred to the general fund.

²Section 57-51.1-07.5 provides for the deposit of up to \$75 million of the state share of oil and gas tax collections into the budget stabilization fund each biennium. The entire \$75 million is not estimated to be deposited in the fund during either the 2021-23 or 2023-25 biennium due to the fund being at its maximum balance.

³Chapter 54-27.2 provides any amount in the general fund at the end of a biennium in excess of \$65,000,000 must be transferred to the budget stabilization fund, except that the balance in the budget stabilization fund may not exceed 15 percent of the general fund budget approved by the most recently adjourned Legislative Assembly. The amount shown is based on a general fund appropriation amount of \$6,096,193,537 which reflects legislative action during the 2023 regular legislative session.

NOTE: The estimated June 30, 2025, balance at the end of the 2023 regular legislative session was \$914,429,031. The increase in estimated ending balance of \$170,400 is due to additional general fund appropriations of \$1,136,000 being made during the October 2023 special legislative session resulting in a higher maximum fund balance.

FUND HISTORY

The budget stabilization fund was established by the Legislative Assembly in House Bill No. 1596 (1987). Major provisions include:

- Section 54-27.2-01 establishes the budget stabilization fund and provides any interest earned on the balance of the budget stabilization fund must be retained in the fund. The section originally provided any money in the fund in excess of 10 percent of the general fund budget, as approved by the most recently adjourned Legislative Assembly, must be deposited in the general fund. House Bill No. 1451 (2011) decreased the maximum balance allowed in the fund from 10 to 9.5 percent of the general fund budget approved by the most recently adjourned Legislative Assembly. House Bill No. 1155 (2017) increased the maximum balance allowed in the fund from 9.5 to 15 percent of the general fund budget, as approved by the most recently adjourned Legislative Assembly.
- Section 54-27.2-02 provides any amount in the general fund at the end of a biennium in excess of \$65 million must be transferred to the budget stabilization fund.

- Section 54-27.2-03 provides the Governor may order a transfer from the budget stabilization fund to the general fund if the Director of the Office of Management and Budget projects a general fund revenue shortfall. The section originally limited the transfer to the difference between an amount 2.5 percent less than the original legislative general fund revenue forecast and the revised forecast prepared by the Office of Management and Budget. House Bill No. 1155 (2017) revised the section to allow for transfers from the budget stabilization fund to the general fund as follows:

After general fund allotments totaling at least 3 percent have been made under Section 54-44.1-12, the Governor may order a transfer of up to an amount equal to 3 percent of general fund appropriations;

After the previous transfer has been made and an additional 1 percent general fund budget allotment has been made, the Governor may order a transfer of up to 2 percent of general fund appropriations;

After the previous transfer has been made and an additional 1 percent general fund budget allotment has been made, the Governor may order a transfer of up to 3 percent of general fund appropriations; and

After the previous transfer has been made and an additional 1 percent general fund budget allotment has been made, the Governor may order a transfer of any remaining funds in the budget stabilization fund.

The amount of transfers from the budget stabilization fund to the general fund may not exceed the difference between the original and revised general fund revenue forecasts less general fund allotments made under Section 54-44.1-12. For purposes of the transfers, total general fund allotment percentages must be based on allotments made after any allotment exemption granted by the Director of the Budget.

ANALYSIS OF THE CAPITOL BUILDING FUND FOR THE 2021-23 AND 2023-25 BIENNIUMS¹

	2021-23 Biennium Actual		2023-25 Biennium Estimated	
	Beginning balance		\$3,462,486

Accessibility compliance consultant (2021 HB 1012)	0		0	
Total expenditures and transfers		1,631,275		8,018,066
Ending balance		<u>\$8,808,649</u>		<u>\$5,020,725</u>

¹The analysis reflects the legislative appropriations for the 2021-23 and 2023-25 bienniums and does not include the land owned by the fund.

²Section 15-04-23 provides the Board of University and School Lands is to pay a fee to the board of county commissioners of each county in which the state retains original grant lands. The total fees paid may not exceed 5 percent of the net revenue generated from the original grant lands in that county during the year preceding the payments. The board of county commissioners is to forward a prorated portion of any fees received to the organized townships in which the original grant lands are located. The funds are to be used for the repair, maintenance, and construction of roads and bridges. Any remaining funds are to be used by the county for repair, maintenance, and construction of roads and bridges in unorganized townships in which the original grant lands are located.

³Section 20 of Senate Bill No. 2015 (2019) amended Section 48-10-02 to increase a continuing appropriation to the Capitol Grounds Planning Commission from \$175,000 per biennium to \$250,000 per biennium of income and interest of the Capitol building fund. The amount that may be spent may not exceed 50 percent of the unencumbered balance of the fund on the 1st day of the biennium.

NOTE: The estimated June 30, 2025, balance made at the end of the 2023 regular legislative session was \$3,329,898. The increase in the estimated balance of \$1,690,827 is primarily due to an increase in revenue from investment income and mineral royalties, rents, and bonuses during the 2021-23 biennium and the 2023-25 biennium.

FUND HISTORY

The Capitol building fund was established at the time of statehood by the Enabling Act of 1889. Section 12 of the Enabling Act provided 32,000 acres to North Dakota upon statehood to be sold and the proceeds used to finance the construction of buildings for legislative, executive, and judicial use. The proceeds from the sale make up the Capitol building fund along with any investment proceeds from that fund.

In 1957 Congress amended Section 12 of the Enabling Act to expand the fund's use for construction, reconstruction, repair, renovation, furnishings, equipment, or other permanent improvements of public buildings at the Capitol.

In Senate Bill No. 388 (1967) the Legislative Assembly created Section 48-10-02 to provide that all money, properties and income from the fund, unless otherwise appropriated, are dedicated and reserved for the exclusive purpose of the construction of an addition to the legislative wing. The Capitol Grounds Planning Commission is to take steps to accumulate and conserve the money and property in the Capitol building fund for this purpose.

In House Bill No. 1117 (1979) the Legislative Assembly amended Section 48-10-02 to provide that the Board of University and School Lands invest and manage the fund on behalf of the Capitol Grounds Planning Commission. The section was further amended to provide a continuing appropriation to the Capitol Grounds Planning Commission from the interest and income from the Capitol building fund not to exceed 50 percent of the unencumbered balance. Expenditures made under the continuing appropriation may be made after consideration of the Capitol grounds master plan for projects or planning but may not exceed \$50,000 per biennium. Expenditures may be made only upon approval by two-thirds of the total membership of the commission. The Legislative Assembly in Senate Bill No. 2090 (2007) increased the continuing appropriation to the Capitol Grounds Planning Commission limit from \$50,000 to \$100,000.

In House Bill No. 1015 (2013) the Legislative Assembly amended Section 48-10-02 to increase the continuing appropriation to the Capitol Grounds Planning Commission from \$100,000 to \$175,000 per biennium beginning with the 2013-15 biennium.

In Senate Bill No. 2015 (2019) the Legislative Assembly amended Section 48-10-02 to increase the continuing appropriation to the Capitol Grounds Planning Commission from \$175,000 to \$250,000 per biennium.

In Senate Bill No. 2015 (2023), the Legislative Assembly amended Section 48-10-02 to limit the use of the Capitol Grounds Planning Commission's continuing appropriation authority to remodeling expenses; however, the Governor vetoed this limitation.

ANALYSIS OF THE COAL DEVELOPMENT TRUST FUND FOR THE 2021-23 AND 2023-25 BIENNIUMS

	2021-23 Biennium ¹		2023-25 Biennium ¹	
	Actual		Estimated	
Beginning balance		\$124,463		\$254,398
Add revenues				
Investment income ²	\$1,227,724		\$1,590,570	
School construction loan income ²	712,556		1,150,625	
Total revenues		1,940,280		2,741,195
Total available		\$2,064,743		\$2,995,593
Less expenditures and transfers				
Investment expense	\$356,415		\$58,910	
Administrative expenses	4,392		4,000	
Transfer to the general fund ²	1,449,538		1,100,000	
Total expenditures and transfers		1,810,345		1,162,910
Ending balance		<u>\$254,398</u>		<u>\$1,832,683</u>

¹The beginning and ending balances do not include the value of permanent assets of the coal development trust fund, which must be maintained pursuant to North Dakota Century Code Section 57-62-02 and Section 21 of Article X of the Constitution of North Dakota. As of December 31, 2023, the total value of permanent fund assets was \$71.6 million, of which \$31.5 million was school construction loans receivable, \$7.8 million was coal impact loans receivable, and \$34.3 million was either cash or short-term investments.

Senate Bill No. 2014 (2017) reduces the allocation of coal severance tax allocations to the coal development trust fund from 30 to 15 percent and provides an allocation of 15 percent to the lignite research fund. The coal severance tax allocations become part of the fund assets which are not reflected in the amounts shown in the table. Senate Bill No. 2272 (2017) amends Section 15.1-36-02 to make available up to \$60 million from the fund for loans of up to \$2 million for unanticipated school construction projects or emergency repairs. Senate Bill No. 2015 (2023) increases the maximum amount of a loan for unanticipated school construction projects by \$3 million, from \$2 million to \$5 million, and allows schools with unanticipated construction inflation costs for projects bid after January 1, 2021, and before June 30, 2024, to access loans of up to \$5 million.

²Section 57-62-02 and Section 21 of Article X of the Constitution of North Dakota, provide that the income from the coal development trust fund must be used first to replace any uncollectible loans made from the fund and any remaining income must be deposited in the general fund. The amounts shown on this analysis include only the income in excess of any allowance for uncollectible loans made from the fund and do not include any revenues or expenses affecting the permanent fund balance.

NOTE: The estimated June 30, 2025, balance made at the end of the 2023 regular legislative session was \$1,304,624. The estimated balance increased by \$528,059 primarily related to increases in investment income and school construction loan income.

FUND HISTORY

The coal development trust fund originated with the passage of House Bill No. 1257 (1979), now codified as various sections of Chapter 57-62. In 1980 the voters of North Dakota approved Constitutional Measure No. 5, Section 21 of Article X of the Constitution of North Dakota, establishing the coal development trust fund as a constitutional trust fund.

Section 57-62-02 provides 30 percent of the coal severance tax must be deposited in the coal development trust fund. Senate Bill No. 2014 (2017) reduced the allocation of coal severance tax allocations to the coal development trust fund from 30 to 15 percent and provided an allocation of 15 percent to the lignite research fund. The coal severance tax allocations become part of the fund assets which are not reflected in the amounts shown.

Section 57-61-01.5 provides that 70 percent of the money deposited in the coal development trust fund must be transferred to the lignite research fund. Consequently, 15 percent of the coal severance taxes deposited in the fund (4.5 percent of total coal severance taxes collected) remains in the coal development trust fund to be used for the purposes provided in Section 57-62-02.

Section 57-62-02 provides the Board of University and School Lands shall administer the fund and use money in the fund for loans to coal-impacted counties, cities, and school districts, and for loans to school districts for school construction. Section 15.1-36-02 limits the outstanding principal balance of school construction loans from the coal development trust fund to \$50 million. Senate Bill No. 2272 (2017) amended Section 15.1-36-02 to make available up to \$60 million from the fund for loans of up to \$2 million for unanticipated school construction projects or emergency repairs. Senate Bill No. 2015 (2023) increased the maximum amount of a loan for unanticipated school construction projects by \$3 million, from \$2 million to \$5 million.

In Senate Bill No. 2039 (2015), the Legislative Assembly created a new school construction assistance loan fund and identified the income from the coal development trust fund as income to the new fund. However, the income from the coal development trust fund was not transferred to the school construction assistance loan fund because Section 57-62-02 and Section 21 of Article X of the Constitution of North Dakota require the income to be transferred to the general fund. The provisions to continue the transfer of income to the general fund were included in Senate Bill Nos. 2101 and 2272 (2017).

ANALYSIS OF THE COMMON SCHOOLS TRUST FUND FOR THE 2021-23 AND 2023-25 BIENNIUMS

ASSETS, DISTRIBUTIONS, AND INVESTMENT RETURNS FOR THE COMMON SCHOOLS TRUST FUND

The following is a summary of actual and estimated assets, distributions, and investment returns for the common schools trust fund for the 1997-99 through 2023-25 bienniums:

Biennium	Fiscal Year	Beginning Assets (Excluding Land and Mineral Values)	Distributions	Total Average Investment Return (Interest Income and Capital Gains)
1997-99	1998	\$400,689,879	\$23,200,000	13.57%
	1999	\$444,823,559	\$23,200,000	7.50%
1999-2001	2000	\$467,059,293	\$23,775,000	11.05%
	2001	\$521,509,978	\$23,775,000	2.03%
2001-03	2002	\$533,360,593	\$28,896,500	(1.34%)
	2003	\$522,905,814	\$28,896,500	4.57%
2003-05	2004	\$547,047,877	\$30,000,000	12.60%
	2005	\$614,738,548	\$30,000,000	8.58%
2005-07	2006	\$686,273,875	\$31,100,000	7.51%
	2007	\$761,901,287	\$31,100,000	12.82%
2007-09	2008	\$887,092,909	\$33,400,000	(4.22%)
	2009	\$908,928,685	\$33,400,000	(13.75%)
2009-11	2010	\$846,314,086	\$38,589,000	14.48%
	2011	\$1,221,501,801	\$38,589,000	17.99%
2011-13	2012	\$1,622,412,984	\$46,257,000	2.42%
	2013	\$1,917,135,220	\$46,257,000	10.65%
2013-15	2014	\$2,417,363,782	\$65,163,000	13.85%
	2015	\$3,128,315,233	\$65,163,000	.50%
2015-17	2016	\$3,437,988,002	\$103,067,000	(0.63%)
	2017	\$3,512,355,582	\$103,067,000	9.50%
2017-19	2018	\$3,940,114,988	\$144,132,000	6.50%
	2019	\$4,318,989,728	\$144,132,000	3.87%
2019-21 ¹	2020	\$4,651,515,837	\$183,378,000	(1.87%)
	2021	\$4,628,066,674	\$183,378,000	21.67%
2021-23	2022	\$5,736,576,906	\$210,510,000	(4.99%)
	2023	\$5,655,342,224	\$210,510,000	6.17%
2023-25	2024	\$6,216,075,290	\$249,930,000	2
	2025	2	\$249,930,000	2

¹The Legislative Assembly approved Senate Bill No. 2362 (2019), which changed the method of allocating oil extraction tax revenue related to the state's share of revenue associated with production on tribal lands, increasing the allocation to the common schools trust fund. In addition, Senate Bill No. 2362 provides, if the actual legacy fund earnings transferred to the general fund at the end of the 2019-21 biennium in accordance with Section 26 of Article X of the Constitution of North Dakota exceed the estimate made by the 66th Legislative Assembly by at least \$64,370,000, the State Treasurer must immediately transfer \$64,370,000 from the general fund to the common schools trust fund, for the

biennium beginning July 1, 2019, and ending June 30, 2021. The State Treasurer transferred \$64,370,000 from the general fund to the common schools trust fund at the end of the 2019-21 biennium.

²Section 2 of Article IX of the Constitution of North Dakota was amended in November 2006 through voter approval of Measure No. 1 (House Concurrent Resolution No. 3037 (2005)). The measure changed the way distributions from the common schools trust fund and other permanent educational trust funds are determined. The amendment became effective July 1, 2009, and distributions are no longer based on interest and income earned by the fund. Distributions from the common schools trust fund are now based on a percentage of the 5-year average value of trust assets, excluding the value of lands and minerals. Therefore, the Board of University and School Lands does not project asset values, income, or investment return because it is no longer relevant to the calculation of distribution amounts. **The unaudited fund balance of the common schools trust fund was \$6,481,130,009 as of December 31, 2023.**

MONEY DEPOSITED IN THE COMMON SCHOOLS TRUST FUND

Select Constitutional Provisions

Article IX, Section 1

This section provides the following money must be deposited in a permanent trust fund, known as the common schools trust fund, and used to support the common schools of the state:

- All proceeds relating to public lands granted to the state by the federal government for the support of the common schools.
- All proceeds relating to property acquired by the state through escheat (property reverting to the state in the absence of legal heirs).
- All gifts, donations, and other property acquired by the state for the support of the common schools.
- The proceeds of all bonuses relating to the leasing of coal, gas, oil, or other mineral interests relating to common schools lands.

This section was included in the original Constitution of North Dakota enacted in 1889. In 1982 the section was amended to provide that bonuses relating to the leasing of coal, gas, oil, or other mineral interests relating to common schools lands were to be deposited in the common schools trust fund. Measure No. 1 (2006), approved by voters, removed the reference to bonuses related to leasing and provided that revenues earned by a perpetual trust fund must be deposited in the fund.

Article IX, Section 5

This section provides that in all sales of common schools lands, the state must retain the mineral interests. Leases may be executed for the extraction and sale of the minerals.

This section was included in the original Constitution of North Dakota enacted in 1889. As originally enacted, the section prohibited the sale of common schools lands that were "coal lands" and did not address other minerals. In 1960 the section was amended to its current form which allows the sale of lands containing minerals, but requires that the state retain the mineral interests. Minerals are defined to include oil, gas, coal, cement materials, sodium sulphate, sand and gravel, road material, building stone, chemical substances, metallic ores, uranium ores, and colloidal or other clays.

Article X, Section 24

This section provides that 10 percent of oil extraction tax revenue must be deposited in the common schools trust fund.

This section was enacted in 1994 through voter approval of Measure No. 1 (Senate Concurrent Resolution No. 4011 (1993)). In November 2016 voters approved Senate Concurrent Resolution No. 4003 (2015), which provided for a constitutional amendment to Section 24. The amendment allows the Legislative Assembly to appropriate or transfer the principal balance of the foundation aid stabilization fund in excess of 15 percent of the general fund appropriation for state school aid for the most recently completed biennium for education-related purposes and simplifies other language in the section. However, the amendment does not change deposits to the fund or limit the balance in the common schools trust fund, which has not been changed since enactment.

The Legislative Assembly approved Senate Bill No. 2362 (2019), which changed the method of allocating oil extraction tax revenue related to the state's share of revenue associated with production on tribal lands, increasing the allocation to the foundation aid stabilization fund.

Select North Dakota Century Code Provisions

Sections 47-30.2-44

Section 47-30.2-44 provides that all funds received by the state under the Uniform Unclaimed Property Act must be deposited in the common schools trust fund.

Section 54-27-25

This section, which was enacted by the 1999 Legislative Assembly, creates a tobacco settlement trust fund to be used to deposit tobacco settlement money received by the state. The Legislative Assembly, in Senate Bill No. 2003 (2015), amended Section 54-27-25 related to the tobacco settlement trust fund to provide the principal and interest of the fund may be appropriated to the Attorney General for the enforcement of the Master Settlement Agreement and any disputes with the agreement. Appropriations made to the Attorney General for enforcement of the Master Settlement Agreement reduce the amount available for transfer from the tobacco settlement trust fund to the common schools trust fund.

Until July 1, 2017, 45 percent of the tobacco settlement money received under subsection IX(c)(1) of the Master Settlement Agreement and deposited in the tobacco settlement trust fund was transferred to the common schools trust fund and became a part of the principal of the fund. In House Bill No. 1012 (2017), the Legislative Assembly amended Section 54-27-25 to suspend transfers from the tobacco settlement trust fund to the common schools trust fund during the 2017-19 biennium and increase transfers from the tobacco settlement trust fund to the community health trust fund from 10 to 55 percent of the tobacco settlement revenues deposited in the tobacco settlement trust fund.

In Senate Bill No. 2012 (2019), the Legislative Assembly amended Section 54-27-25 to remove authorization for appropriation to the Attorney General for enforcement of the Master Settlement Agreement and to provide all money in the fund must be transferred within 30 days of receipt to the community health trust fund. As a result, no additional tobacco settlement proceeds will be deposited into the common schools trust fund.

Tobacco settlement money received by the state and transferred to the common schools trust fund totaled \$189,745,840. The following is a summary of actual transfers to the common schools trust fund from the tobacco settlement trust fund, net of funds appropriated from the tobacco settlement trust fund to the Attorney General's office for the enforcement of the Master Settlement Agreement.

Biennium	Total Transfers
1999-2001	\$23,805,353
2001-03	23,998,745
2003-05	20,977,122
2005-07	19,722,653
2007-09	27,672,929
2009-11	18,248,834
2011-13	18,108,052
2013-15	19,003,716
2015-17	18,208,436
Total	\$189,745,840

DISTRIBUTIONS FROM THE COMMON SCHOOLS TRUST FUND Select Constitutional Provisions

Article IX, Section 1

This section provides that revenues earned by the perpetual trust fund must be deposited in the fund, the costs of administering the fund may be paid out of the fund, and the perpetual trust funds must be managed to preserve their purchasing power and to maintain stable distributions to fund beneficiaries.

Article IX, Section 2

This section provides that payments to the common schools of the state include:

- Biennial distributions from each educational trust fund must be 10 percent of the 5-year average value of the trust assets, excluding the value of lands and minerals. This section was amended in November 2006 through voter approval of Measure No. 1 (House Concurrent Resolution No. 3037 (2005)). The

measure changed the way distributions from the common schools trust fund and other permanent educational trust funds are determined. Previously, distributions were based on the amount of interest and income earned by each trust during a fiscal year. The amendment became effective July 1, 2009, and distributions from the common schools trust fund for the 2009-11 biennium and all subsequent bienniums are based on the distribution formula.

- All fines for violation of state laws. (This money is not added to the trust fund, but is added to the distributions from the common schools trust fund and distributed to schools.)
- All other amounts provided by law.

This section was included in the original Constitution of North Dakota enacted in 1889. The original law contained the following two provisions that were removed through voter approval of Measure No. 3 in June 1982:

- Payments to the common schools must be distributed in proportion to the number of school-age children in each district.
- Any portion of the interest or income of the common schools trust fund not distributed during a fiscal year must be added to the permanent balance of the trust fund.

Select North Dakota Century Code Provisions

Section 15-01-02

This section provides the Board of University and School Lands has full control of:

- The selection, appraisal, rental, sale, disposal, and management of common schools lands.
- The investment of any funds derived from the sale of common schools lands.
- The proceeds of any other property required by law to be used for the support of the common schools.

Section 47-30.2-46

Section 47-30.2-46 provides a continuing appropriation for the amounts necessary to pay all expense deductions, including the payment of claims, costs related to the sale of abandoned property, and certain administrative costs.

INVESTMENT OF THE COMMON SCHOOLS TRUST FUND

Section 15-03-04 provides the Board of University and School Lands is to apply the prudent investor rule in investing the permanent funds under its control, including the common schools trust fund. The prudent investor rule means that in making investments, the board is to exercise the same judgment and care that an institutional investor of ordinary prudence, discretion, and intelligence exercises in the management of large investments entrusted to it.

Ending balance	\$31,973,946	\$20,202,893

¹Through April 2024 the state has received tobacco settlement payments totaling \$22,151,312 for the 2023-25 biennium, all of which has been transferred from the tobacco settlement trust fund to the community health trust fund. Total transfers of \$197,229,216 have been made from the tobacco settlement trust fund to the community health trust fund.

²Revenues - Interest earned on the community health trust fund is deposited in the general fund.

Community health trust fund revenues have been estimated based on actual revenues received through April 2024 and legislative estimates for the remainder of the 2023-25 biennium. In Senate Bill No. 2004 (2021), the Legislative Assembly repealed the tobacco prevention and control trust fund and required the Office of Management and Budget to transfer any money remaining in the tobacco prevention and control trust fund to the community health trust fund on July 1, 2021.

Initiated Measure No. 3 (2008) resulted in the allocation shown below of the revised estimated collections for tobacco settlement payments through 2025. In House Bill No. 1012 (2017), the Legislative Assembly amended North Dakota Century Code Section 54-27-25 to suspend transfers from the tobacco settlement trust fund to the common schools trust fund during the 2017-19 biennium and increase transfers from the tobacco settlement trust fund to the community health trust fund from 10 to 55 percent of the tobacco settlement revenues deposited in the tobacco settlement trust fund. Transfers from the tobacco settlement trust fund to the water development trust fund remained at 45 percent. In Senate Bill No. 2012 (2019), the Legislative Assembly amended Section 54-27-25 to provide all money in the tobacco settlement trust fund must be transferred within 30 days of receipt to the community health trust fund. In Senate Bill No. 2004 (2021), the Legislative Assembly repealed the tobacco prevention and control trust fund and required the Office of Management and Budget to transfer any money remaining in the tobacco prevention and control trust fund to the community health trust fund on July 1, 2021. Therefore, the following are estimated allocations of tobacco settlement payments through 2025, based on reallocations approved by the 2017, 2019, and 2021 Legislative Assemblies:

	Actual and Estimated Total Tobacco Settlement Proceeds, Including Attorney General Costs	Actual and Estimated Payments Under Master Settlement Agreement Subsection IX(c)(2) Deposited in the Tobacco Prevention and Control Trust Fund	Allocation of Actual and Estimated Payments Under Master Settlement Agreement Subsection IX(c)(1)		
			Common Schools Trust Fund	Water Development Trust Fund	Community Health Trust Fund
Actual payment April 2008	\$36.4 million	N/A	\$16.4 million	\$16.4 million	\$3.6 million
Actual payment April 2009	39.2 million	\$14.1 million	11.3 million	11.3 million	2.5 million
Actual payments 2009-11 biennium	64.0 million	23.5 million	18.2 million	18.2 million	4.1 million
Actual payments 2011-13 biennium	63.0 million	22.8 million	18.1 million	18.1 million	4.0 million
Actual payments 2013-15 biennium	64.6 million	22.4 million	19.0 million	19.0 million	4.2 million
Actual payments 2015-17 biennium	63.5 million ¹	22.9 million	18.2 million	18.2 million	4.0 million
Actual payments 2017-19 biennium	74.1 million ¹	N/A	0	33.3 million	40.7 million
Actual payments 2019-21 biennium	43.9 million ²	N/A	0	0	44.1 million
Actual payments 2021-23 biennium	48.1 million	N/A	0	0	48.1 million
Estimated 2023-25 biennium	42.2 million	N/A	0	0	42.2 million
Total	\$539.0 million	\$105.7 million	\$101.2 million	\$134.5 million	\$197.5 million

¹This amount includes funding made available from the tobacco settlement trust fund to the Attorney General for enforcement of the Master Settlement Agreement and any disputes with the agreement, net of unspent funds returned by the Attorney General.

²This amount is net of unspent funds returned to the tobacco settlement trust fund by the Attorney General.

In September 2022, the Attorney General's office announced an agreement had been reached between JUUL Labs, Inc., and 34 states and territories regarding JUUL Labs e-cigarette marketing and sales practices. Of the \$438.5 million total settlement, North Dakota was awarded \$6,028,211, which will be paid in installments for a period of 6 to 10 years. The Legislative Assembly, in House Bill No. 1004 (2023), provided 80 percent of funding deposited in the Attorney General refund fund from the JUUL Labs, Inc., settlement during the 2021-23 biennium be transferred to the community health trust fund and requires 80 percent of additional funding received from the settlement be deposited directly in the community health trust fund beginning in the 2023-25 biennium. The Attorney General received a total of \$577,267 during the 2021-23 biennium, of which \$461,814 was transferred from the Attorney General refund fund to the community

health trust fund in July 2023. Estimated settlement funds for the 2023-25 biennium total \$1,160,751, of which \$928,457 is estimated to be deposited in the community health trust fund.

³In 2021 the Legislative Assembly provided \$6.25 million from the community health trust fund for grants to local public health units for tobacco prevention and control programs during the 2021-23 biennium. The Legislative Assembly, in House Bill No. 1004 (2023), provided a total of \$6.25 million from the community health trust fund for grants to local public health units for tobacco prevention and control programs.

⁴Section 54-27-25 provides money in the community health trust fund may be appropriated for community-based public health programs and other public health programs, including programs with an emphasis on preventing or reducing tobacco usage. The 2003 Legislative Assembly authorized the establishment of a telephone "Tobacco Quitline." The 2007 Legislative Assembly increased the funding for the Tobacco Quitline to provide nicotine replacement therapy and cessation counseling. In 2021 the Legislative Assembly appropriated \$5,043,000 from the community health trust fund for tobacco prevention and control programs including \$2,833,504 for operating expenses and \$2,209,496 for other grants, including cessation. The Legislative Assembly, in House Bill No. 1004 (2023), provided a total of \$5,043,000 for tobacco prevention and control programs.

⁵In 2021 the Legislative Assembly provided a total of \$540,000 for the dental loan repayment program, of which \$360,000 is from the community health trust fund and \$180,000 is from the general fund. The Legislative Assembly, in House Bill No. 1004 (2023), provided a total of \$585,200 for the dental loan repayment program, of which \$360,000 is from the community health trust fund and \$225,200 is from the general fund.

⁶In 2021 the Legislative Assembly provided a total of \$392,125 for the behavioral health loan repayment program, of which \$234,500 is from the community health trust fund and \$157,625 is from the general fund. The Legislative Assembly, in House Bill No. 1004 (2023), provided a total of \$528,480 for the behavioral health loan repayment program, of which \$234,500 is from the community health trust fund and \$293,980 is from the general fund.

⁷In 2021 the Legislative Assembly changed the funding source for cancer programs (\$580,324) and domestic violence offender treatment grants (\$300,000) from the tobacco prevention and control trust fund to the community health trust fund and provided \$5,250,000 for local public health unit state aid grants, of which \$4,725,000 is from the general fund and \$525,000 is from the community health trust fund. The Legislative Assembly, in House Bill No. 1004 (2023), provided a total of \$580,324 for cancer programs and increased funding for domestic violence offender treatment to provide \$1,000,000 from the community health trust fund. In addition, House Bill No. 1004 (2023) increased funding from the community health trust fund by \$2,750,000 to provide a total of \$8,000,000 for local public health unit state aid grants, of which \$4,725,000 is from the general fund and \$3,275,000 is from the community health trust fund.

⁸In 2021 the Legislative Assembly added funding from the community health trust fund to increase the State Department of Health's forensic examiner contract with the University of North Dakota School of Medicine and Health Sciences (\$1 million) and to provide one-time funding (\$1.5 million) for a statewide health strategies initiative totaling \$3 million. The Legislative Assembly also provided the one-time funding from the community health trust fund for the statewide health strategies initiative is contingent on the State Department of Health securing \$1.5 million in dollar-for-dollar matching funds. The Legislative Assembly, in House Bill No. 1004 (2023), continued to provide \$1 million from the community health trust fund for Public Health's forensic examiner contract with the University of North Dakota School of Medicine and Health Sciences and increased funding for the contract from the general fund to \$755,292, \$130,022 more than the 2021-23 biennium. In House Bill No. 1004 (2023), the Legislative Assembly also allowed Public Health to continue the \$3 million of one-time funding, appropriated during the 2021-23 biennium for a statewide health strategies initiative, to the 2023-25 biennium and provides the \$1.5 million continued from the community health trust fund is contingent on the department securing dollar-for-dollar matching funds.

⁹In Senate Bill No. 2004 (2021), the Legislative Assembly included one-time funding for local public health pandemic response grants totaling \$10,000,000, of which \$5,484,704 is from federal funds and \$4,515,296 is from the community health trust fund. The Legislative Assembly also provided legislative intent that the State Department of Health use federal Coronavirus (COVID-19) funds or other available funds for defraying expenses related to local public health pandemic response grants before accessing the funding appropriated from the community health trust fund.

¹⁰The Legislative Assembly, in House Bill No. 1004 (2023), increased funding for domestic violence prevention to provide a total of \$5,936,285, of which \$4,596,285 is from the general fund, \$1,000,000 is from the community health trust fund, and \$340,000 is from the domestic violence and sexual assault prevention fund which receives revenue from marriage license fees.

NOTE: The estimated June 30, 2025, balance made at the end of the 2023 regular legislative session was \$15,596,078. The increase in the estimated balance of \$4,606,815 is due to the beginning 2023-25 biennium balance being \$916,501 more than anticipated, due to 2021-23 biennium expenditures being \$1,382,316 less than anticipated, offset by revenues being \$465,815 less than estimated primarily due to the timing of JUUL Labs, Inc., settlement transfers from the Attorney General refund fund; a 2023-25 biennium refund of \$45; 2023-25 biennium estimated transfers from the tobacco settlement trust fund and the Attorney General refund fund being \$2,151,312 and \$461,814 more than estimated, respectively; and 2023-25 biennium estimated expenditures relating to the University of North Dakota School of Medicine and Health Sciences grant being \$1,077,143 less than estimated.

FUND HISTORY

Section 54-27-25, created by House Bill No. 1475 (1999), established the community health trust fund. This section created a tobacco settlement trust fund for the deposit of all tobacco settlement money obtained by the state. Money in the fund must be transferred within 30 days of its deposit in the fund as follows:

- 10 percent to the community health trust fund. In House Bill No. 1012 (2017), the Legislative Assembly suspended transfers from the tobacco settlement trust fund to the common schools trust fund during the 2017-19 biennium and increased transfers from the tobacco settlement trust fund to the community health trust fund from 10 to 55 percent of the tobacco settlement revenues deposited in the tobacco settlement trust fund.
- 45 percent to the common schools trust fund. In House Bill No. 1012 (2017), the Legislative Assembly suspended transfers from the tobacco settlement trust fund to the common schools trust fund during the 2017-19 biennium and increased transfers from the tobacco settlement trust fund to the community health trust fund from 10 to 55 percent of the tobacco settlement revenues deposited in the tobacco settlement trust fund.
- 45 percent to the water development trust fund.

Section 54-27-25, as amended in Senate Bill No. 2012 (2019), provides all money in the fund must be transferred within 30 days of receipt to the community health trust fund.

In the November 2008 general election, voters approved Initiated Measure No. 3 that amended Section 54-27-25 to establish a tobacco prevention and control trust fund. The measure provides for a portion of tobacco settlement funds received by the state to be deposited in this new fund rather than the entire amount in the tobacco settlement trust fund. Tobacco settlement money received under subsection IX(c)(1) of the Master Settlement Agreement, which continues in perpetuity, will continue to be deposited into the tobacco settlement trust fund and allocated pursuant to Section 54-27-25. In 2009, tobacco settlement money received under subsection IX(c)(2) of the Master Settlement Agreement, relating to strategic contribution payments, which began in 2008 and continued through 2017, was deposited into the tobacco prevention and control trust fund. The measure also provided 80 percent of the funds allocated to the community health trust fund from the tobacco settlement trust fund be used for tobacco prevention and control. However, in Senate Bill No. 2004 (2017), the Legislative Assembly amended Section 54-27-25 to remove the 80 percent restriction on transfers to the community health trust fund.

The Legislative Assembly, in Senate Bill No. 2003 (2015), amended Section 54-27-25 related to the tobacco settlement trust fund to provide the principal and interest of the fund may be appropriated to the Attorney General for the enforcement of the Master Settlement Agreement and any disputes with the agreement. Appropriations made to the Attorney General for enforcement of the Master Settlement Agreement reduce the amount available for transfer from the tobacco settlement trust fund to the community health trust fund. The Legislative Assembly, in Senate Bill No. 2012 (2019), removed this authorization. In Senate Bill No. 2004 (2021), the Legislative Assembly repealed the tobacco prevention and control trust fund and required the Office of Management and Budget to transfer any money remaining in the tobacco prevention and control trust fund to the community health trust fund on July 1, 2021.

The Legislative Assembly, in House Bill No. 1004 (2023), created a new section to Chapter 54-27 to provide for the deposit of funds to be received pursuant to an agreement reached between the Attorney General's office and JUUL Labs, Inc. In September 2022, the Attorney General's office announced an agreement had been reached between JUUL Labs, Inc., and 34 states and territories regarding JUUL Labs e-cigarette marketing and sales practices. Of the \$438.5 million total settlement, North Dakota was awarded \$6,028,211, which will be paid in installments for a period of 6 to 10 years. The Legislative Assembly, in House Bill No. 1004 (2023), provided 80 percent of funding deposited in the Attorney General refund fund from the JUUL Labs, Inc., settlement during the 2021-23 biennium be transferred to the community health trust fund and requires 80 percent of additional funding received from the settlement be deposited directly in the community health trust fund beginning in the 2023-25 biennium.

**ANALYSIS OF THE STATE DISASTER RELIEF FUND
FOR THE 2017-19, 2019-21, 2021-23, AND 2023-25 BIENNIUMS**

	2017-19 Biennium Actual		2019-21 Biennium Actual		2021-23 Biennium Actual		2023-25 Biennium Estimated	
Beginning balance		\$36,687,549		\$21,987,295		\$15,396,161		\$18,518,276
Add revenues								
Interest income	\$73,130		\$66,353		\$51,247		\$60,000	
Miscellaneous reimbursements	698,534		24,577		6,035		70,000	
Oil and gas tax collections	0 ¹		0 ⁵		15,511,903 ⁹		13,487,182 ¹³	
Total revenues		771,664		90,930		15,569,185		13,617,182
Total available		\$37,459,213		\$22,078,225		\$30,965,346		\$32,135,458
Less estimated expenditures								
STORM Act Funding							\$1,000,000 ¹⁴	
2009 flooding	\$57,462 ²							
2010 flooding	1,199,702 ²							
2011 flooding	2,923,747 ²		\$2,367,837 ⁶					
State disasters and flood mitigation efforts	18,620 ²				\$21,959 ¹⁰		2,234,683 ¹⁴

Winter storm 2022							239,255 ¹⁴	
Snow removal grants ¹¹								

Predisaster mitigation				120,317 ¹⁰		433,266 ¹⁴	
Total estimated expenditures and transfers		15,471,918		6,682,064		12,447,070	12,135,458 ¹²
Estimated ending balance		<u>\$21,987,295</u>		<u>\$15,396,161</u>		<u>\$18,518,276</u>	<u>\$20,000,000</u>

¹This amount reflects actual oil tax revenue allocations for the 2017-19 biennium. House Bill No. 1152 (2017) amended North Dakota Century Code Section 57-51.1-07.5 to provide for the allocation of the state's share of oil and gas tax revenues designated for deposit in the general fund under Chapters 57-51 and 57-51.1 as follows:

- The first \$775 million is deposited in the general fund, tax relief fund, budget stabilization fund, strategic investment and improvements fund, and lignite research fund;
- The next \$20 million is deposited in the state disaster relief fund, but not in an amount that would bring the unobligated balance in the fund to more than \$20 million; and
- Any additional revenues are deposited in the strategic investment and improvements fund.

²Section 1 of House Bill No. 1016 (2017) includes spending authority of \$8.5 million from the state disaster relief fund for expenses related to unclosed state disasters in the 2017-19 biennium. Section 13 of House Bill No. 1016 (2017) includes carryover authority for amounts related to disaster costs for road grade raising projects.

³Section 5 of Senate Bill No. 2018 (2015) appropriates \$2 million from the state disaster relief fund for Double Ditch Historic Site repairs. Section 6 of House Bill No. 1018 (2017) appropriates \$500,000 from the state disaster relief fund for Double Ditch Historic Site repairs.

⁴Section 4 of Senate Bill No. 2016 (2019) provided a 2017-19 biennium appropriation of \$8.1 million from the state disaster relief fund to the State Treasurer for the purpose of providing distributions to townships in non-oil-producing counties for maintenance and improvement of township roads and bridges. Section 4 of House Bill No. 1015 (2021) provides a 2021-23 biennium appropriation of \$8.2 million from the state disaster relief fund to the State Treasurer for the purpose of providing distributions to townships in non-oil-producing counties for maintenance and improvement of township roads and bridges.

⁵This amount reflects estimated oil tax revenue allocations for the 2019-21 biennium based on the 2021 legislative revenue forecast. House Bill No. 1066 (2019) and Senate Bill No. 2016 (2019) amend Section 57-51.1-07.5 to provide for the allocation of the state's share of oil and gas tax revenues under Chapters 57-51 and 57-51.1. As amended, the allocation provides that after \$685 million is deposited in the general fund, tax relief fund, budget stabilization fund, and lignite research fund, then the next \$15 million is deposited in the state disaster relief fund, but not in an amount that would bring the unobligated balance in the fund to more than \$15 million.

⁶Section 1 of Senate Bill No. 2016 (2019) includes spending authority of \$7.1 million from the state disaster relief fund for expenses related to unclosed state disasters in the 2019-21 biennium.

⁷Section 4 of Senate Bill No. 2012 (2021) provides a 2021-23 biennium appropriation of \$750,000 from the state disaster relief fund to the Department of Transportation to provide grants to townships for emergency township road repairs.

⁸Section 1 of House Bill No. 1025 (2021) includes a deficiency appropriation of \$3,880,540 from the state disaster relief fund, including \$3,130,540 for expenses related to flooding in the spring of 2019, fall of 2019, and spring of 2020, and \$750,000 to repay loan interest relating to Dakota Access Pipeline law enforcement response costs.

⁹This amount reflects actual oil tax revenue allocations for the 2021-23 biennium. House Bill No. 1015 (2021) and Senate Bill No. 2249 (2021) amend Section 57-51.1-07.5 to provide for the allocation of the state's share of oil and gas tax revenues under Chapters 57-51 and 57-51.1. As amended, the allocation provides that after \$685 million is deposited in the general fund, tax relief fund, budget stabilization fund, and lignite research fund, then the next \$20 million is deposited in the state disaster relief fund, but not in an amount that would bring the unobligated balance in the fund to more than \$20 million.

¹⁰Section 1 of House Bill No. 1016 (2021) includes spending authority of \$6 million from the state disaster relief fund for expenses related to unclosed state disasters in the 2021-23 biennium.

¹¹Section 5 of Senate Bill No. 2015 (2023) appropriates \$5 million from the state disaster relief fund for providing emergency snow removal grants to tribal governments, counties, cities, and townships in the 2021-23 biennium. This amount is in addition to the \$20 million from the general fund appropriated in Senate Bill No. 2183 (2023) for emergency snow removal grants for the 2021-23 biennium. The \$5 million from the state disaster relief fund will not be spent, because actual snow removal grant requests were less than the \$20 million appropriated from the general fund.

¹²This amount is an estimate based on actual expenditures through March 31, 2024, and agency estimated expenditures through June 30, 2025.

¹³This amount reflects estimated oil tax revenue allocations for the 2023-25 biennium based on the 2023 legislative revenue forecast. Senate Bill No. 2367 (2023) amends Section 57-51.1-07.5 to provide for the allocation of the state's share of oil and gas tax revenues under Chapters 57-51 and 57-51.1. As amended, the allocation provides that after \$795 million is deposited in the general fund, tax relief fund, budget stabilization fund, and lignite research fund, then the next \$20 million is deposited in the state disaster relief fund, but not in an amount that would bring the unobligated balance in the fund to more than \$20 million.

¹⁴Section 1 of Senate Bill No. 2016 (2023) includes spending authority of \$12.7 million from the state disaster relief fund for expenses related to unclosed state disasters, \$2 million for natural disaster response and recovery grants, and \$225,000 for flood mitigation efforts in the 2023-25 biennium.

¹⁵Section 1 of House Bill No. 2025 (2023) includes a deficiency appropriation of \$5,722,723 from the state disaster relief fund, including \$4,695,890 for loan repayment, and \$1,026,833 for loan interest repayment relating to Dakota Access Pipeline law enforcement response costs.

FUND HISTORY

Section 37-17.1-27 (Section 4 of Senate Bill No. 2012 (2009)) establishes a state disaster relief fund. Any interest or other fund earnings must be deposited in the fund. In Senate Bill No. 2369 (2011), the Legislative Assembly amended Section 37-17.1-27 to limit use of money in the fund for only the required state share of funding for expenses associated with presidentially declared disasters in the state and to require Emergency Commission and Budget Section approval of the use of money in the fund. In Senate Bill No. 2292 (2013), the Legislative Assembly further amended the section to allow money in the fund to be used for wide area search and rescue activities. Section 6 of Senate Bill No. 2055 (2019) further amends Section 37-17.1-27 to allow the fund to be used for the state share of FEMA disaster response, recovery, and mitigation grants, to remove the requirement for Emergency Commission and Budget Section approval of the use of money that has been appropriated by the Legislative Assembly, and to provide for the Adjutant General to report to the Budget Section on fund expenditures.

ANALYSIS OF THE ELECTRONIC HEALTH INFORMATION EXCHANGE FUND FOR THE 2021-23 AND 2023-25 BIENNIUMS

	2021-23 Biennium Actual		2023-25 Biennium Estimated	
	Beginning balance ¹		\$2,355,002	
Add revenues				
Funds from health information network participants	\$1,490,609		\$1,470,218	
Funds from the Department of Health and Human Services (DHHS) ²	1,110,149		0	
Federal funds from the Centers for Medicare and Medicaid Services (CMS) ³	0		5,321,656	
Transfer - Health information technology planning loan fund (2021 SB 2021; 2023 HB 1021) ^{4,5}	6,000,000		0	
Total revenues		8,600,758		6,791,874
Total available		\$10,955,760		\$9,299,025
Less estimated expenditures and transfers				
Health information technology and exchange network ^{2,3,4,5}	\$8,448,609		\$8,725,871	
Total expenditures and transfers		8,448,609		8,725,871
Ending balance		\$2,507,151		\$573,154

¹Section 8 of Senate Bill No. 2332 (2009) provided the Industrial Commission transfer, during the 2009-11 biennium, as requested by the Director of the Health Information Technology Office, up to \$8 million from the Bank of North Dakota's profits to the health information technology loan fund to meet any required match for federal funds or to the electronic health information exchange fund to meet any required match for federal funds.

Section 6 of House Bill No. 1021 (2011) amended Section 8 of Senate Bill No. 2332 (2009) to provide the Industrial Commission transfer, during the 2009-11 or 2011-13 biennium, up to \$8 million from the Bank of North Dakota's profits to the information technology loan fund or to the electronic health information exchange fund to meet any required match for federal funds or for ongoing operating expenditures of the health information exchange. During the 2009-11 biennium, \$500,000 was transferred to the electronic health information exchange fund, and during the 2011-13 biennium, \$7.5 million was transferred to the electronic health information exchange fund.

²Section 2 of Senate Bill No. 2021 (2017) provided a special funds appropriation of \$43,555,133 to the Information Technology Department (ITD) for a project to expand the North Dakota health information network (NDHIN). The purpose of the funding was to enhance the overall functionality of NDHIN by providing comprehensive interoperability between all Medicaid providers throughout the state. The project was intended to allow for statewide repositories for analytics, care coordination, credentialing, and advanced directives.

The Department of Health and Human Services anticipated receiving federal Health Information Technology for Economic and Clinical Health (HITECH) Act Medicaid funding of \$40.8 million for the project, which was included in House Bill No. 1012 (2017) and was to be provided to payers, providers, and existing state health information networks. Funds were expected to be used through the 2021-23 biennium; however, due to funding changes made by the federal government, DHHS and ITD do not anticipate receiving the entire amount for the project.

The Information Technology Department received \$125,100 during the 2015-17 biennium from DHHS for advanced planning documents, a state Medicaid plan, and to conduct a care coordination study of NDHIN. The Information Technology Department received \$6,333,134 in the 2017-19 biennium, \$14,584,718 in the 2019-21 biennium, and \$1,110,149 in the 2021-23 biennium from DHHS for the network for a total of \$22,153,101 of federal HITECH funds received for the network. No additional federal HITECH funds are expected to be available after the 2021-23 biennium. Estimated federal funding for the 2023-25 biennium is from funding received from CMS pursuant to a NDHIN cost reimbursement agreement.

³The Centers for Medicare and Medicaid Services certified NDHIN as a Medicaid management information system in February 2022, which will allow ITD to request up to 75 percent federal reimbursement for eligible network expenditures. In December 2023, CMS approved the Health Information Technology Office Medicaid cost allocation methodology, resulting in a \$4,012,776 reimbursement to the state for health information network expenses incurred between October 2021 through December 2023 that were no longer eligible for HITECH funding, and allowing ITD to submit new expenses to CMS for reimbursement. The Information Technology Department estimates an additional \$1,300,000 of federal CMS funding may be reimbursed during the 2023-25 biennium, providing an estimated total of \$5,300,000.

⁴Senate Bill No. 2021 (2021) provided for a transfer of \$6 million, as requested by the Chief Information Officer, from the health information technology planning loan fund to the electronic health information exchange fund for the purpose of defraying the expenses of the Health Information Technology Office and the health information network during the 2021-23 biennium. Section 3 of the bill provides legislative intent that the funding be transferred only to the extent federal funding is not available to defray the expenses of the Health Information Technology Office and the health information network during the 2021-23 biennium.

The Chief Information Officer requested the Bank transfer the entire \$6 million of funding from the health information technology planning loan fund to the electronic health information exchange fund.

⁵House Bill No. 1021 (2023) provides for a transfer of \$3 million, as requested by the Chief Information Officer, from the health information technology planning loan fund to the electronic health information exchange fund for the purpose of defraying the expenses of the Health Information Technology Office and the health information network during the 2023-25 biennium. Through April 2023, no transfer has been made during the 2023-25 biennium and the department does not anticipate a transfer will be made by the end of the biennium. The bill also includes a \$2 million ongoing appropriation from the general fund for the Health Information Technology Office and health information network.

NOTE: The estimated June 30, 2025, balance made at the end of the 2023 regular legislative session was \$2,137,545. The decrease of \$1,564,391 in the estimated balance of \$573,154 is primarily due to the department no longer planning to transfer \$3,000,000 from the health information technology planning loan fund during the 2023-25 biennium, and additional expenses related to transitioning the health information exchange network to a health data utility model that will enable better collaboration between government agencies, tribal entities, private providers, and patients; increase data sharing and access to data networks; and support additional public health research.

FUND HISTORY

North Dakota Century Code Section 54-59-27 (Senate Bill No. 2332 (2009)) establishes the electronic health information exchange fund. The fund consists of the money deposited in the fund from federal or other sources or money transferred into the fund as directed by the Legislative Assembly. The Health Information Technology Office is to administer the fund. The money in the fund is to be used to facilitate and expand the electronic health information exchange. Money in the fund may be used, subject to legislative appropriations, to provide services directly for grants and for costs of administration of the fund.

An application for a grant must be made to the Health Information Technology Office. The Health Information Technology Office is to determine the applicant's eligibility based upon criteria established by the director of the Health Information Technology Office, in collaboration with the Health Information Technology Advisory Committee.

ANALYSIS OF THE ENVIRONMENT AND RANGELAND PROTECTION FUND FOR THE 2021-23 AND 2023-25 BIENNIUMS

	2021-23 Biennium		2023-25 Biennium	
	Actual		Estimated	
Beginning balance		\$5,291,507		\$7,081,986
Add revenues				
Pesticide registration fees (North Dakota Century Code Section 4.1-34-03) ¹	\$5,305,175		\$5,495,000	
Weed seed-free forage (Section 4.1-14-04) ²	29,287		30,000	
Fertilizer registration, inspection, and tonnage fees (Sections 4.1-40-02, 4.1-40-03, and 4.1-40-07) ^{3,4}	1,407,646		1,400,000	
Commercial feed registration, inspection, and tonnage fees (Section 4.1-41-19) ⁵	727,500		727,500	
Sale of capital asset - Surplus property	10,000			
Total revenues		7,479,608		7,652,500
Total available		\$12,771,115		\$14,734,486
Less estimated expenditures and transfers				
Agriculture Commissioner (2021 HB 1009; 2023 SB 2009)				
Administrative Services Division	\$278,719		\$368,646	
Marketing and Information Division	154,444		166,005	
Wildlife Services program	433,800		433,800	
Animal Health Division (State Veterinarian)	119,414		143,343	
Plant Industries Division	1,146,218		2,003,966	
Pesticide and Fertilizer Division	2,705,847		3,520,814	
Grain Inspection and Feed Division	202,286		652,491	
Transfer to environmental impact mitigation fund (2023 SB 2009)			250,000	
Crop Protection Product Harmonization and Registration Board (2021 HB 1009; 2023 SB 2009)				
Crop protection product registration, labeling, and grants ⁶	73,401		75,000	
Minor use pesticide registration	325,000		325,000	
Department of Environmental Quality (2021 SB 2024; 2023 HB 1024)				
Ground water testing, including a \$50,000 grant for the North Dakota Stockmen's Association environmental services program	250,000		250,000	
Regional livestock development and planning grant program (2023 HB 1437) ⁷			1,200,000	
Total expenditures and transfers		5,689,129		9,389,065
Ending balance		<u>\$7,081,986</u>		<u>\$5,345,421</u>

¹The Legislative Assembly approved Senate Bill No. 2009 (1999), which amended Section 19-18-04, to increase the biennial pesticide registration fee by \$50, from \$300 to \$350. House Bill No. 1009 (2009) further amended Section 19-18-04 to deposit all pesticide registration fees in the environment and rangeland protection fund rather than a portion in the general fund. In Senate Bill No. 2027 (2017), Section 19-18-04 was repealed and rewritten as Section 4.1-34-03 as part of the rewrite of agriculture statutes.

²Chapter 4.1-14 allows the Agriculture Commissioner to certify forage acreage as being free of certain weeds and weed seed. Section 4.1-14-04 provides the Agriculture Commissioner a continuing appropriation to certify forage acreage using fees charged for certifications. The Agriculture Commissioner may set and charge the fees. All weed seed-free forage fee revenue must be deposited in the environment and rangeland protection fund.

³House Bill No. 1321 (2011) repealed Section 19-20.2-08.1 that provided for the deposit of certain inspection fees in the anhydrous ammonia storage facility inspection fund. The bill provided that the fee collections are to be deposited in the environment and rangeland protection fund, and anhydrous ammonia inspection storage facility inspection duties are to be transferred from the Insurance Commissioner to the Agriculture Commissioner.

⁴Senate Bill No. 2009 (2011) amended Sections 19-20.1-03, 19-20.1-03.1, and 19-20.1-06 to deposit fertilizer distribution registration, licensing, and inspection fees in the environment and rangeland protection fund rather than the general fund. House Bill No. 1321 (2011) also amended Section 19-20.1-06 to deposit a portion of fertilizer distribution inspection fees in the environment and rangeland protection fund rather than the general fund. In Senate Bill No. 2027 (2017), Sections 19-20.1-03, 19-20.1-03.1, and 19-20.1-06 were rewritten as Sections 4.1-40-02, 4.1-40-03, and 4.1-40-07, respectively.

⁵Section 4.1-41-19 provides for the deposit of the first \$727,500 of commercial feed inspection, licensing, and registration fees in the environment and rangeland protection fund rather than the general fund.

⁶Section 4-35-30, as created by the Legislative Assembly in House Bill Nos. 1009 (2001) and 1328 (2001), created the Crop Protection Product Harmonization and Registration Board. In Senate Bill No. 2027 (2017), Section 4-35-30 was rewritten as Section 4.1-39-02. The duties of the board relate to crop protection product labeling and registration. In House Bill No. 1009 (2021), the Legislative Assembly appropriated \$75,000 from the fund for the board for the 2021-23 biennium. In Senate Bill No. 2009 (2023), the Legislative Assembly appropriated \$75,000 from the fund for the board for the 2023-25 biennium.

⁷In House Bill No. 1437 (2023), the Legislative Assembly appropriated \$1.2 million from the environment and rangeland protection fund to the Agriculture Commissioner for identifying locations for rural economic development, including animal feeding operations, agricultural processing and storage facilities, and other agriculture-related development, and assisting the review and updating of township zoning and land use regulations during the 2023-25 biennium. The bill created a new section to Chapter 4.1-01 for the establishment of the program. Grants under the program may not exceed \$12,000 for each county included in an application. Grants of up to \$500 may be awarded to each township included in an application.

NOTE: The estimated June 30, 2025, balance made at the end of the 2023 regular legislative session was \$3,590,565. The increase of \$1,754,856 in the estimated balance of \$5,345,421 is primarily due to reduced expenditures for the Plant Industries Division and the Pesticide and Fertilizer Division during the 2021-23 biennium. The Plant Industries Division utilized funding from the general fund instead of the environment and rangeland protection fund. The Pesticide and Fertilizer Division experienced a decrease in laboratory testing, shipping, and salary expenses due to a reduction in pesticide complaints and caseloads during the biennium.

FUND HISTORY

Section 19-18-02.1, created by Senate Bill No. 2451 (1991), established the environment and rangeland protection fund. The fund contains collections from pesticide registration fees. During the 2007-09 biennium, the biennial fee was \$350 per pesticide product registered in the state. Of this amount, \$300 was deposited in the environment and rangeland protection fund and \$50 in the general fund. Pursuant to Section 19-18-04, as amended by House Bill No. 1009 (2009), beginning with the 2009-11 biennium, the entire pesticide registration fee is deposited in the environment and rangeland protection fund rather than a portion in the general fund.

In Senate Bill No. 2027 (2017), Sections 19-18-02.1 and 19-18-04 were repealed and rewritten as Sections 4.1-39-07 and 4.1-34-03, respectively, as part of the rewrite of agriculture statutes.

ANALYSIS OF THE FIRE AND TORNADO FUND FOR THE 2021-23 AND 2023-25 BIENNIUMS

	2021-23 Biennium Actual		2023-25 Biennium Estimated	
	Beginning balance		\$21,643,822 ¹	
Add estimated revenues				
Premium collections	\$16,152,907		\$15,000,000	
Investment income (loss)	(1,424,216)		0	
Boiler inspection fees	(865)		0	
Loss claims and insurance recoveries	954,475		1,000,000	
Total estimated revenues		15,682,301		16,000,000
Total available		\$37,326,123		\$32,300,447
Less estimated expenditures and transfers				
Loss claims payments	\$6,820,154		\$5,000,00	
Claims-related payments, including reinsurance costs	11,837,980		10,000,000	
Administration	2,099,807		2,100,000	
Investment expense	74,120		100,000	
State Fire Marshal program (North Dakota Century Code Section 18-01-35)	193,615		130,000	
Total estimated expenditures and transfers		21,025,676		17,330,000
Estimated ending balance		\$16,300,447		\$14,970,447

¹The 2021-23 biennium beginning balance has been adjusted from the June 2022 trust fund analysis to reflect the prior balance reported by the 2021 Annual Comprehensive Financial Report.

FUND HISTORY

The fire and tornado fund originated in 1919. The fund is maintained to insure the various political subdivisions and state industries against loss to public buildings and permanent fixtures. Section 26.1-22-14 requires that if the fire and tornado fund balance is less than \$12 million, the Insurance Commissioner must increase assessments on policies. Chapter 26.1-22.1 provides for a boiler inspection program under the Insurance Commissioner and provides for the deposit of boiler inspection fees in the state fire and tornado fund.

Senate Bill No. 2010 (2019) provided for the Insurance Commissioner to contract with the North Dakota Insurance Reserve Fund for administration of the state fire and tornado fund. The bill also provided continuing appropriation authority from the state fire and tornado fund to the Insurance Commissioner to pay contractual fund administration costs to the North Dakota Insurance Reserve Fund. The bill also transferred the boiler inspection program from the Insurance Commissioner to the Department of Environmental Quality.

House Bill No. 1541 (2023) provides for a study to determine the feasibility of changing administration of the fire and tornado fund from the Insurance Commissioner to the Director of the Office of Management and Budget.

ANALYSIS OF THE FOUNDATION AID STABILIZATION FUND FOR THE 2021-23 AND 2023-25 BIENNIUMS

	2021-23 Biennium		2023-25 Biennium	
	Actual		Estimated	
Beginning balance		\$381,570,138		\$484,246,406
Add revenues				
Oil extraction tax allocations	\$246,450,128		\$225,450,611 ¹	
Total revenues		246,450,128 ²		225,450,611 ²
Total available		\$628,020,266		\$709,697,017
Less expenditures and transfers				
Department of Public Instruction (DPI) (2021 HB 1013; 2023 SB 2013)				
State school aid	\$143,454,500 ³		\$157,000,000 ³	
One-time funding to rewrite the state automated reporting system (STARS) application (2019 SB 2013)	319,360 ³			
Transfer to the school construction assistance revolving loan fund (2023 SB 2284)			75,000,000 ³	
Total expenditures and transfers		143,773,860 ⁴		232,000,000 ⁴
Ending balance		\$484,246,406		\$477,697,017
Less required reserve of 15 percent of the general fund appropriation for state school aid and career and technical education grants to school districts and area centers during the prior biennium		257,328,931 ⁵		250,093,242 ⁶
Ending balance available		<u>\$226,917,475</u>		<u>\$227,603,775</u>

¹Estimated revenues - Based on actual oil extraction tax collections deposited in the fund through April 2024 and estimated allocations for the remainder of the 2023-25 biennium based on the 2023 legislative revenue forecast. House Bill No. 1286 (2023) removes the oil extraction tax rate increase that would become effective if the average West Texas Intermediate price of oil exceeded the "trigger" price for 3 consecutive months. The estimated impact of removing the triggered rate increase cannot be determined. House Bill No. 1427 (2023) creates an oil extraction tax rate reduction on production from a restimulation well. The estimated impact of the rate reduction on the production from a restimulation well cannot be determined.

²Section 24 of Article X of the Constitution of North Dakota provides the interest income of the foundation aid stabilization fund must be transferred to the general fund on July 1 of each year. However, the State Treasurer allocates the interest income to the general fund on a monthly basis. For the 2021-23 biennium \$1,098,990 was allocated to the general fund. For the period July 1, 2023, through March 31, 2024, \$819,278 of interest has been allocated to the general fund.

³The Legislative Assembly, in House Bill No. 1013 (2021), appropriated \$143,454,500 from the foundation aid stabilization fund to DPI to provide ongoing funding for state school aid. In addition, Section 16 of House Bill No. 1013 provides an exemption to allow DPI to continue up to \$600,000 of the unexpended amount remaining from a 2019-21 biennium one-time appropriation from the foundation aid stabilization fund for the STARS rewrite, for the purpose of continuing the STARS rewrite during the 2021-23 biennium. The department continued \$319,360 for the STARS rewrite during the 2021-23 biennium. The Legislative Assembly, in Senate Bill No. 2013 (2023), appropriated \$157,000,000 from the foundation aid stabilization fund to DPI to provide ongoing funding for state school aid for the 2023-25 biennium. In Senate Bill No. 2284 (2023), the Legislative Assembly transferred \$75,000,000 from the foundation aid stabilization fund to the school construction assistance revolving loan fund.

⁴Expenditures - Prior to December 8, 2016, Section 24 of Article X of the Constitution of North Dakota provided the principal of the foundation aid stabilization fund could only be used to offset foundation aid reductions made by executive action due to a revenue shortfall. Senate Concurrent Resolution No. 4003 (2015), approved by voters in November 2016, amended Section 24 of Article X of the Constitution of North Dakota to allow the Legislative Assembly to appropriate or transfer the principal balance of the foundation aid stabilization fund in excess of 15 percent of the general fund appropriation for state school aid for the most recently completed biennium for education-related purposes.

⁵Amendments to the constitution approved by the voters, as provided in Senate Concurrent Resolution No. 4003 (2015), require the balance in the foundation aid stabilization fund be at least 15 percent of the general fund appropriation for state aid to school districts for the most recently completed biennium as determined by the Office of Management and Budget. Any excess balance in the fund is available for education-related purposes. The Legislative Assembly, in Senate Bill No. 2272 (2017) and House Bill No. 1155 (2017), amended North Dakota Century Code Section 54-44.1-12 to provide any reductions to the general fund appropriation to the Department of Career and Technical Education for grants to school districts due to allotment are also to be offset by funding from the foundation aid stabilization fund. Senate Bill No. 2272 also created a new section to Chapter 54-27 indicating that state school aid includes general fund appropriations for state school aid, transportation aid, and special education aid in DPI as well as general fund appropriations for career and technical education grants to school districts and area centers in the Department of Career and Technical Education. In 2019, the Legislative Assembly provided \$2,178,702,429 for integrated formula payments, transportation aid, and special education grants during the 2019-21 biennium, of which \$377,764,000 is provided from the state tuition fund, \$110,000,000 is from the foundation aid stabilization fund, and \$1,690,938,429 is provided from the general fund. In addition, general fund appropriations for career and technical education grants to school districts and area centers in the Department of Career and Technical Education totaled \$24,587,780 during the 2019-21 biennium. Based on this level of funding from the general fund during the 2019-21 biennium, the required reserve balance for the 2021-23 biennium is \$257,328,931, \$42,497,227 more than the reserve required for the 2019-21 biennium.

⁶In 2021, the Legislative Assembly provided \$2,216,925,000 for integrated formula payments, transportation aid, and special education grants for the 2021-23 biennium, of which \$433,020,000 is from the state tuition fund, \$143,454,500 is from the foundation aid stabilization fund, and \$1,640,450,500 is from the general fund. In addition, general fund appropriations for career and technical education grants to school districts and area centers in the Department of Career and Technical Education total \$26,837,780 for the 2021-23 biennium. Based on this level of funding from the general fund during the 2021-23 biennium, the required reserve balance for the 2023-25 biennium is \$250,093,242, \$7,235,689 less than the reserve required for the 2021-23 biennium. The Legislative Assembly, in Senate Bill Nos. 2013 and 2015 (2023), provided \$2,381,774,851 for integrated formula payments, transportation aid, and special education grants for the 2023-25 biennium, of which \$510,860,000 is from the state tuition fund, \$157,000,000 is from the foundation aid stabilization fund, \$13,993,086 is from the strategic investment and improvements fund, and \$1,699,921,765 is from the general fund. In addition, the Legislative Assembly approved House Bill No. 1019 which includes general fund appropriations to the Department of Career and Technical Education for career and technical education grants to school districts and area centers totaling \$41,537,780 for the 2023-25 biennium. Based on this level of funding from the general fund during the 2023-25 biennium, the required reserve balance for the 2025-27 biennium would be \$261,218,932, \$11,125,690 more than the reserve required for the 2023-25 biennium.

NOTE: The estimated June 30, 2025, balance made at the end of the 2023 regular legislative session was \$476,806,278. The increase in the estimated balance of \$890,739 is due to lower oil extraction tax allocations during the 2021-23 biennium resulting in the ending balance being \$5,119,872 lower than estimated, offset by increasing oil activity during the 2023-25 biennium, resulting in actual and estimated 2023-25 biennium revenues of \$225,450,611 being \$6,010,611 more than originally projected revenues of \$219,440,000.

FUND HISTORY

The foundation aid stabilization fund was created in 1994 when the voters of North Dakota approved a constitutional amendment--now Section 24 of Article X of the Constitution of North Dakota--to provide that 20 percent of oil extraction tax revenue be allocated as follows:

- 50 percent (of the 20 percent) to the common schools trust fund; and
- 50 percent (of the 20 percent) to the foundation aid stabilization fund.

In November 2016 voters approved Senate Concurrent Resolution No. 4003 (2015), which amended the Constitution of North Dakota to allow the Legislative Assembly to appropriate or transfer the principal balance of the foundation aid stabilization fund in excess of 15 percent of the general fund appropriation for state school aid for education-related purposes. In addition, the Legislative Assembly approved Senate Bill No. 2039 (2015), which included certain provisions effective December 1, 2016, based on the approval of Senate Concurrent Resolution No. 4003 by voters. Those provisions of Senate Bill No. 2039 established a scholarship

endowment fund and a school construction assistance loan fund and provided for transfers from the foundation aid stabilization fund to the school construction assistance loan fund (the lesser of \$200 million or 50 percent of the balance of the fund on December 1, 2016), and to the scholarship endowment fund (the lesser of \$200 million or 50 percent of the balance of the fund on December 1, 2016). Other provisions of Senate Bill No. 2039 provided any accessible funds that remain in the foundation aid stabilization fund, after completion of the required transfers to other funds, must be used for education-related purposes, including state aid to school districts and education-related property tax relief to school district patrons. The Legislative Assembly approved Senate Bill No. 2272 (2017), which provided for uses of the foundation aid stabilization fund and repealed Sections 9 and 10 of Chapter 153 of the 2015 Session Laws related to the transfers to the scholarship endowment fund and the school construction assistance loan fund.

Prior to December 8, 2016, the principal of the foundation aid stabilization fund was only available upon order of the Governor to offset foundation aid reductions made by executive action due to a revenue shortfall. Section 54-44.1-12 provides the Director of the Budget may order an allotment to control the rate of expenditures of state agencies. This section provided that an allotment must be made by a specific fund and all departments and agencies that receive money from a fund must be allotted on a uniform percentage basis, except that appropriations for foundation aid, transportation aid, and special education aid may only be allotted to the extent the allotment can be offset by transfers from the foundation aid stabilization fund. The Legislative Assembly approved Senate Bill No. 2272 (2017) and House Bill No. 1155 (2017), which amended Section 54-44.1-12 to provide any reductions to the general fund appropriation to the Department of Career and Technical Education for grants to school districts due to allotment are offset by funding from the foundation aid stabilization fund. Senate Bill No. 2272 also created a new section to Chapter 54-27 indicating that state school aid includes general fund appropriations for state school aid, transportation aid, and special education aid in DPI, as well as general fund appropriations for career and technical education grants to school districts and area centers in the Department of Career and Technical Education.

The Legislative Assembly approved Senate Bill No. 2362 (2019), which changed the method of allocating oil extraction tax revenue related to the state's share of revenue associated with production on tribal lands, increasing the allocation to the foundation aid stabilization fund.

Section 24 of Article X of the Constitution of North Dakota provides the interest income of the foundation aid stabilization fund must be transferred to the general fund on July 1 of each year. However, the State Treasurer's office allocates the interest income to the general fund on a monthly basis.

ANALYSIS OF THE HEALTH CARE TRUST FUND FOR THE 2021-23 AND 2023-25 BIENNIUMS

	2021-23 Biennium Actual		2023-25 Biennium Estimated	
	Beginning balance		\$165,393	
Add estimated revenues				
Investment earnings	\$2,762		\$8,848	
Loan repayments - Principal and interest	1,477,705		693,344 ¹	
Total estimated revenues		1,480,467		702,192
Total available		\$1,645,860		\$1,348,052
Less estimated expenditures and transfers				
Department of Human Services nursing facility operating margin increases (2021 HB 1012)	\$1,000,000		\$0	
Department of Health and Human Services basic care facility bad debt expense (2023 SB 2012)			500,000	
Total estimated expenditures and transfers		1,000,000		500,000
Estimated ending balance		\$645,860		\$848,052

¹As of March 31, 2024, the remaining principal balance of loans outstanding is \$612,185.

FUND HISTORY

The health care trust fund was established by the Legislative Assembly in Senate Bill No. 2168 (1999) for providing nursing alternative loans or grants. The Legislative Assembly in House Bill No. 1196 (2011) provided that money in the fund may be transferred to the long-term care facility loan fund for nursing facility renovation projects and used for other programs as authorized by the Legislative Assembly. Money was generated for the health care trust fund as a result of the Department of Human Services making government nursing facility funding pool payments to two government nursing facilities--McVille and Dunseith. Payments were made based on the average amount Medicare rates exceeded Medicaid rates for all nursing care facilities in the state multiplied by the total of all Medicaid resident days of all nursing homes. Federal Medicaid funds were available for these payments and required a state match. Payments were made to the two government nursing facilities and were subsequently returned to the state, less a \$50,000 transaction fee retained by each of the two government nursing facilities. Once returned to the state, the state's matching share was returned to its source, and the federal funds were deposited in the health care trust fund. Money in the fund is invested by the State Investment Board, and any investment earnings are retained in the fund. The federal government has eliminated this intergovernmental transfer program. As a result, North Dakota's final intergovernmental transfer payment was received in July 2004. The Legislative Assembly, in House Bill No. 1012 (2009), amended North Dakota Century Code Section 50-30-02 to preclude the Governor from recommending spending from the health care trust fund in draft appropriation acts under Section 54-44.1-06, except for the operation and maintenance of the nurse aide registry.

ANALYSIS OF THE HEALTH INFORMATION TECHNOLOGY PLANNING LOAN FUND FOR THE 2021-23 AND 2023-25 BIENNIUMS

	2021-23 Biennium Actual		2023-25 Biennium Estimated	
	Beginning balance ¹		\$7,419,876	
Add revenues				
Loan repayments - Principal	\$1,384,859		\$507,845	
Loan repayments - Interest and miscellaneous income	45,797		15,235	
Total revenues		1,430,656		523,080
Total available		\$8,850,532		\$3,358,417
Less estimated expenditures and transfers				
Loans to health care entities ²	\$0		\$0	
Bank of North Dakota fees	15,195		5,178	
Transfer - Electronic health information exchange fund (2021 SB 2021; 2023 HB 1021) ^{3,4}	6,000,000		0	
Total expenditures and transfers		6,015,195		5,178
Ending balance		<u>\$2,835,337</u>		<u>\$3,353,239</u>

¹Section 9 of Senate Bill No. 2332 (2009) provided for a transfer of up to \$5 million of Bank of North Dakota profits to the health information technology planning loan fund, which was transferred during the 2009-11 biennium. Section 4 of House Bill No. 1021 (2011) provided for a transfer of up to \$5 million of Bank profits to the health information technology planning loan fund in the 2011-13 biennium. During the 2011-13 biennium, approximately \$4.3 million of Bank profits were transferred to the fund.

²The Health Information Technology Advisory Committee has approved \$14,227,024 of loans since the program's inception in the 2009-11 biennium. Loans have not been issued since the 2017-19 biennium. The following is a summary of loans provided to health care facilities:

St. Andrew's Health Center (Bottineau)	\$625,000	Nelson County Health System	\$305,000
Cooperstown Medical Center	396,996	Southwest Healthcare System	605,000
Wishek Hospital	761,149	CHI St. Alexius Medical Center	1,250,000
Towner County Medical Center (Cando)	924,018	Pediatric Therapy Partners	100,000
Presentation Medical Center (Rolla)	625,000	Valley Health	72,155
West River Health Services (Hettinger)	1,250,000	Knife River Care Center	125,000
Ashley Medical Center	815,652	Golden Acres Manor	98,648
Tioga Medical Center	931,320	St. Luke's Home	115,053
St. Luke's Community Hospital and Clinics (Crosby)	874,542	Richard P. Stadter Psychiatric Center	463,000
Midgarden Family Clinic (Park River)	101,590	Elm Crest Manor	74,500
7-Day Clinic Walk-In Express Care (Fargo)	50,000	Northwood Deaconess	920,125
Linton Hospital	1,073,012	Pharmacists Association	120,070
McKenzie County Health Care System	600,000	St. Gerard's Community of Care	150,194
Garrison Memorial Hospital	800,000		
		Total	<u>\$14,227,024</u>

³Senate Bill No. 2021 (2021) provided for a transfer of \$6 million, as requested by the Chief Information Officer, from the health information technology planning loan fund to the electronic health information exchange fund for the purpose of defraying the expenses of the Health Information Technology Office and the health

information network during the 2021-23 biennium. Section 3 of the bill provides legislative intent that the funding be transferred only to the extent federal funding is not available to defray the expenses of the Health Information Technology Office and the health information network during the 2021-23 biennium.

The Chief Information Officer requested the Bank transfer the entire \$6 million of funding from the health information technology planning loan fund to the electronic health information exchange fund.

⁴House Bill No. 1021 (2023) provides for a transfer of \$3 million, as requested by the Chief Information Officer, from the health information technology planning loan fund to the electronic health information exchange fund for the purpose of defraying the expenses of the Health Information Technology Office and the health information network during the 2023-25 biennium. Through April 2023, no transfer has been made during the 2023-25 biennium and the department does not anticipate a transfer will be made by the end of the biennium.

NOTE: The estimated June 30, 2025, balance made at the end of the 2023 regular legislative session was \$607,634. The increase of \$2,745,605 in the estimated balance of \$3,353,239 is primarily due to the department no longer planning to transfer \$3,000,000 to the electronic health information technology exchange fund during the 2023-25 biennium, and the timing of loan repayments.

FUND HISTORY

North Dakota Century Code Section 6-09-43 (Senate Bill No. 2332 (2009)) established a health information technology planning loan fund at the Bank of North Dakota for providing low-interest loans to health care entities to assist those entities in improving health information technology infrastructure. This fund is a revolving loan fund. Pursuant to Section 9 of the bill, \$5 million was transferred from the Bank to this fund during the 2009-11 biennium. All money transferred into the fund, interest upon money in the fund, and collections of interest and principal on loans made from the fund are appropriated for disbursement. Annually, the Bank may deduct a service fee for administering the revolving loan fund.

Section 4 of House Bill No. 1021 (2011) provided the Industrial Commission transfer up to \$5,000,000 from the current earnings and accumulated undivided profits of the Bank of North Dakota to the health information technology planning loan fund or the health information technology loan fund in the 2011-13 biennium. The director of the Health Information Technology Office was to request transfers from the Bank only as necessary to meet cashflow needs of the funds and only upon certification by the director of a demonstrated need for health information technology planning loans. During the 2011-13 biennium, \$4,280,219 was transferred by the Bank to the health information technology loan fund.

An application for a loan must be made to the Health Information Technology Office. The director of the Health Information Technology Office, in collaboration with the Health Information Technology Advisory Committee, may approve the application of a qualified applicant that meets the criteria established by the director of the Health Information Technology Office. The Health Information Technology Office is to forward approved applications to the Bank of North Dakota. Upon approval of the application by the Bank, the Bank is to make the loan from the revolving loan fund.

Loans are provided at a fixed interest rate of 1.00 percent. Of the 1.00 percent of interest collected, 0.50 percent is deposited in the fund and 0.50 percent is retained by the Bank as the service fee for administering the loans.

ANALYSIS OF THE HIGHWAY TAX DISTRIBUTION FUND FOR THE 2021-23 AND 2023-25 BIENNIUMS

	2021-23 Biennium Actual		2023-25 Biennium Estimated	
		\$0		\$0
Beginning balance		\$0		\$0
Add revenues ^{1,2}				
Motor vehicle fuel tax	\$185,716,703		\$181,000,000	
Special fuels taxes	171,868,067		165,264,654	
Motor vehicle registration fees	180,254,975		177,000,000	
Total revenues		537,839,745		523,264,654
Total available		\$537,839,745		\$523,264,654
Less deductions and transfers				
Highway Patrol	\$6,320,781		\$11,256,381	
Motorboat safety account	295,140		200,000	
State snowmobile fund	158,332		200,000

Highway fund for Department of Transportation's (DOT) Local Government Division administrative costs	5,500,000		5,500,000	
Ethanol production incentives	4,979,681		4,700,000	
Total deductions before distributions		17,851,658		22,521,035
Total available for distributions and transfers		\$519,988,087		\$500,743,619
Less estimated distributions and transfers				
State highway fund	\$318,752,698		\$306,943,619	
Counties	114,397,379		110,200,000	
Cities	64,998,511		62,600,000	
Townships	14,039,678		13,500,000	
Transit	7,799,821		7,500,000	
Total distributions and transfers		519,988,087		500,743,619
Ending balance		\$0		\$0

¹Revenues do not include funds collected and disbursed for the administration of DOT's Motor Vehicle Division, through tribal agreements, or funds collected for vanity license plates and disbursed to nonprofit organizations.

²The amounts shown reflect actual revenue collections deposited in the fund for the 2021-23 biennium. The estimated revenue for the 2023-25 biennium is based on DOT's revenue forecast.

FUND HISTORY

Section 11 of Article X of the Constitution of North Dakota provides:

Revenue from gasoline and other motor fuel excise and license taxation, motor vehicle registration and license taxes, except revenue from aviation gasoline and unclaimed aviation motor fuel refunds and other aviation motor fuel excise and license taxation used by aircraft, after deduction of cost of administration and collection authorized by legislative appropriation only, and statutory refunds, shall be appropriated and used solely for construction, reconstruction, repair and maintenance of public highways, and the payment of obligations incurred in the construction, reconstruction, repair, and maintenance of public highways.

The majority of funds received from motor fuels taxes and motor vehicle registration fees are deposited in the highway tax distribution fund. Section 54-27-19 provides the highway tax distribution fund consists of the "moneys available by law from collections of motor vehicle registration and related fees, fuels taxes, special fuels taxes, use taxes, and special fuels excise taxes." This section provides after the first \$5.5 million per biennium is transferred to the state highway fund for the purpose of providing administrative assistance to other transferees, the money in the fund must be distributed by the State Treasurer as follows:

1. Sixty-one and three-tenths percent must be transferred monthly to the state department of transportation and placed in a state highway fund.
2. Two and seven-tenths percent must be transferred monthly to the township highway fund.
3. One and five-tenths percent must be transferred monthly to the public transportation fund.
4. Thirty-four and five-tenths percent must be allocated to the counties of this state in proportion to the number of vehicle registrations credited to each county. Each county must be credited with the certificates of title of vehicles registered by residents of the county. The state treasurer shall compute and distribute the counties' share monthly after deducting the incorporated cities' share. All the moneys received by the counties from the highway tax distribution fund must be set aside in a separate fund called the "highway tax distribution fund" and must be appropriated and applied solely for highway purposes in accordance with section 11 of article X of the Constitution of North Dakota. The state treasurer shall compute and distribute monthly the sums allocated to the incorporated cities within each county according to the formulas in this subsection using the incorporated cities' populations as determined by the last official regular or special federal census or the census taken in accordance with the provisions of chapter 40-02 in case of a city incorporated subsequent to the census.
 - a. For counties having no cities with a population of ten thousand or more, twenty-seven percent of the total county allocation must be distributed to all of the incorporated cities within the county on a countywide per capita basis. The remaining county allocation amount must be transferred into the county highway tax distribution fund.
 - b. For each county having a city with a population of ten thousand or more, the amount transferred each month into the county highway tax distribution fund must be the difference between the amount allocated to that county pursuant to this subsection and the total amount allocated and distributed to the incorporated cities in that county as computed according to the following formula:
 - (1) A statewide per capita average as determined by calculating twenty-seven percent of the amount allocated to all of the counties under this subsection divided by the total population of all of the incorporated cities in the state.
 - (2) The share distributed to each city in the county having a population of less than one thousand must be determined by multiplying the population of that city by the product of 1.50 times the statewide per capita average computed under paragraph 1.
 - (3) The share distributed to each city in the county having a population of one thousand to four thousand nine hundred ninety-nine, inclusive, must be determined by multiplying the population of that city by the product of 1.25 times the statewide per capita average computed under paragraph 1.
 - (4) The share distributed to each city in the county having a population of five thousand or more must be determined by multiplying the population of that city by the statewide per capita average for all such cities, which per capita average must be computed as follows: the total of the shares computed under paragraphs 2 and 3 for all cities in the state having a population of less than five thousand must be subtracted from the total incorporated cities' share in the state as computed under paragraph 1 and the balance remaining must then be divided by the total population of all cities of five thousand or more in the state.
5. The moneys allocated to the incorporated cities must be distributed to them monthly by the state treasurer and must be deposited by the cities in a separate fund and may only be used in accordance with section 11 of article X of the Constitution of North Dakota and an incorporated city may use the fund for the construction, reconstruction, repair, and maintenance of public highways within or outside the city pursuant to an agreement entered into between the city and any other political subdivision as authorized by section 54-40-08.

Section 54-27-19(1) provides for 61.3 percent of the funds from the highway tax distribution fund be transferred to DOT for deposit in the state highway fund. Section 24-02-37(1) provides, except for investment income, the money of the state highway fund must be applied in the following priority:

- a. The cost of maintaining the state highway system.
- b. The cost of construction and reconstruction of highways in the amount necessary to match, in whatever proportion may be required, federal aid granted to this state by the United States government for road purposes in North Dakota. Notwithstanding any other provision of law, the department of transportation may repay the United States department of transportation for previous related expenditures from current biennium appropriations to allow the department to reobligate the federal aid to other federal aid projects.
- c. Any portion of the highway fund not allocated as provided in subdivisions a and b may be expended for the construction of state highways without federal aid or may be expended in the construction, improvement, or maintenance of such state highways.

Section 54-27-19(2) requires 2.7 percent of the funds from the highway tax distribution fund to be deposited in the township highway fund. Section 54-27-19.1 directs the State Treasurer to distribute the money to the counties of the state based on the length of township roads in each county compared to the length of all township roads in the state. To receive any funds, organized townships must provide 50 percent matching funds. Each county treasurer is required to allocate the funds received to the organized townships in the county which provide 50 percent matching funds based on the length of township roads in each of those organized townships compared to the length of all township roads in the county. The funds received must be deposited in the township road and bridge fund and used for highway and bridge purposes. If a county does not have organized townships, or has some organized and some unorganized townships, the county is required to retain a pro rata portion of the funds received based on the length of roads in unorganized townships compared to the length of township roads in organized townships in the county.

Section 54-27-19(3) allocates 1.5 percent of the funds from the highway tax distribution fund to the public transportation fund. Section 39-04.2-04 provides money in the public transportation fund must be disbursed under guidelines issued by the Director of DOT and must be used by transportation providers to establish and maintain public transportation, especially for the elderly and handicapped. In addition, the money may be used to contract to provide public transportation, as matching funds to procure money from other sources for public transportation and for other expenditures authorized by the Director.

Motor Vehicle Fuel Tax

Prior to 1983, the motor vehicle fuel excise tax was 8 cents per gallon on motor vehicle fuel sold. The 1983 Legislative Assembly repealed Chapter 57-54 relating to motor vehicle fuel tax and created Chapter 57-43.1 to consolidate the provisions of the motor fuel tax law and the importers for use tax law. Section 1 of House Bill No. 1539 (1983) imposed a 13 cents per gallon tax for all motor vehicle fuel sold except on motor vehicle fuel sold containing a minimum of 10 percent agricultural ethyl or methanol, which was taxed as shown in the following table:

Exception Effective Dates	Tax Rate Per Gallon
Through December 31, 1983	\$0.09
January 1, 1984, through December 31, 1984	\$0.08
January 1, 1985, through December 31, 1985	\$0.07
January 1, 1986, through June 30, 1992	\$0.09
July 1, 1992	\$0.13

The Legislative Assembly, in Section 1 of Senate Bill No. 2296 (1985), changed the language from agricultural ethyl or methanol to "a qualifying alcohol," adjusted the motor fuel tax on motor vehicle fuel sold containing a minimum of 10 percent agricultural ethyl or methanol as shown in the following table:

Exception Effective Dates	Tax Rate Per Gallon
July 1, 1985, through June 30, 1987	\$0.05
July 1, 1987, through December 31, 1992	\$0.09
January 1, 1993	\$0.13

The Legislative Assembly, in Section 9 of Senate Bill No. 2557 (1987), increased the motor vehicle fuel tax from 13 cents per gallon to 17 cents per gallon for all motor vehicle fuel sold.

The Legislative Assembly, in Section 2 of Senate Bill No. 2029 (1989), increased the motor vehicle fuel tax from 17 cents per gallon to 20 cents per gallon for all motor vehicle fuel sold. The referred measure was disapproved on December 5, 1989, leaving the motor vehicle fuel tax rate at 17 cents per gallon.

The Legislative Assembly, in Section 2 of House Bill No. 1575 (1991), removed Section 57-43.1-02(2) relating to the exception from the motor vehicle fuel tax for motor vehicle fuels containing a minimum of 10 percent of qualifying alcohol.

The Legislative Assembly, in Section 1 of House Bill No. 1163 (1997), increased the motor vehicle fuel tax from 17 cents per gallon to 20 cents per gallon for all motor vehicle fuel sold.

The Legislative Assembly, in Section 2 of House Bill No. 1183 (1999), increased the motor vehicle fuel tax from 20 cents per gallon to 21 cents per gallon for all motor vehicle fuel sold.

The Legislative Assembly, in Section 12 of Senate Bill No. 2012 (2005), increased the motor vehicle fuel tax from 21 cents per gallon to 23 cents per gallon for all motor vehicle fuel sold. Section 2 of House Bill No. 1478 (2005), created a new subsection to Section 57-43.1-02, imposing a 1 cent per gallon motor vehicle fuel tax on E85 fuel effective after June 30, 2005, through the month in which a cumulative total of 1.2 million gallons of E85 fuel has been reported to the Tax Commissioner and after that date is ineffective.

Special Fuels Excise Tax

The 1983 Legislative Assembly also repealed Chapter 57-52, relating to special fuels excise tax and created Chapter 57-43.2 to consolidate the provisions of the Special Fuels Tax Act, the special fuels tax levy, the Importers for Use Tax Act, and the aviation fuel tax. Section 1 of House Bill No. 1072 (1983) created Chapter 57-43.2 related to special fuels taxes and imposed an excise tax of 8 cents per gallon on the sale or delivery of special fuel with some exceptions and an excise tax of 2 cents per gallon on the exempt items in Section 57-43.2-02. Section 1 of House Bill No. 1539 (1983) amended Section 1 of House Bill No. 1072 to increase the special fuels excise tax from 8 cents per gallon to 13 cents per gallon.

The Legislative Assembly, in Section 1 of House Bill No. 1248 (1985), amended the definition of special fuel to include compressed natural gas.

The Legislative Assembly, in Section 10 of Senate Bill No. 2557 (1987), increased the special fuels excise tax from 13 cents per gallon to 17 cents per gallon.

The Legislative Assembly, in Section 3 of Senate Bill No. 2029 (1989), increased the special fuels excise tax from 17 cents per gallon to 19 cents per gallon. The referred measure was disapproved on December 5, 1989, leaving the special fuels excise tax rate at 17 cents per gallon.

The Legislative Assembly, in Section 12 of House Bill No. 1311 (1997), removed exemptions from the 17 cents per gallon on special fuels. Section 2 of House Bill No. 1163 (1997), increased the special fuels excise tax from 17 cents per gallon to 20 cents per gallon.

The Legislative Assembly, in Section 3 of House Bill No. 1183 (1999), increased the special fuels excise tax from 20 cents per gallon to 21 cents per gallon.

The Legislative Assembly, in Section 3 of Senate Bill No. 2454 (2001), amended Section 57-43.2-02 regarding special fuels excise taxes to authorize a reduction of one and five-hundredths cents per gallon on the sale or delivery of diesel fuel that contains at least 2 percent biodiesel fuel by weight.

The Legislative Assembly, in Section 14 of Senate Bill No. 2012 (2005), amended Section 57-43.2-02 regarding special fuels excise taxes to increase the special fuels excise tax from 21 cents per gallon to 23 cents per gallon effective after June 30, 2005.

Motor Vehicle Registration Fees

Motor vehicle registration fees are assessed based on Chapter 39-04 and vary by vehicle type and vehicle weight. Motor vehicles required to be registered in this state must be furnished license plates upon the payment of an initial fee of \$10 for plates. Motor vehicle registration fees were last changed in 2005, which increased fees for all weight classes by \$10.

ANALYSIS OF THE LEGACY EARNINGS FUND FOR THE 2021-23 AND 2023-25 BIENNIUMS

	2021-23 Biennium Actual		2023-25 Biennium Estimated	
	Beginning balance		\$0	
Add revenues				
Earnings transferred from the legacy fund (2021 HB 1380; 2023 SB 2330) ¹	\$486,568,637		\$596,500,000	
Total revenues		486,568,637		596,500,000
Total available		\$486,568,637		\$1,083,068,637
Less expenditures and transfers				
Expenditures based on percent of market value calculation²				
Transfer to the legacy sinking and interest fund (2023 HB 1379) ³	\$0		\$102,620,461	
Transfer to the general fund for tax relief (2023 HB 1379)			225,000,000	
Transfer to the legacy earnings highway distribution fund (2023 HB 1379) ³	0		100,000,000	
Transfer to the general fund (2023 HB 1379)			29,474,088	
Transfer to the strategic investment and improvements fund (SIIF) (2023 HB 1379)			29,474,088	
Expenditures of excess earnings²				
Transfer to the general fund (2023 HB 1379)	0		0	
Transfer to SIIF (2023 HB 1379)	0		0	
Total expenditures and transfers		0		486,568,637
Ending balance (2023 HB 1379) ⁴		\$486,568,637		\$596,500,000

¹Based on the provisions of Section 26 of Article X of the Constitution of North Dakota, investment earnings accruing after June 30, 2017, are transferred to the general fund at the end of each biennium. North Dakota Century Code Section 21-10-12, as amended by Senate Bill No. 2330 (2023), defines earnings for purposes of transfers to the general fund to reflect a percent of market value calculation method using 7 percent of the 5-year average value of the legacy fund assets based on the June 30th fund balances for the 5-year period ending with the most recently completed even-numbered fiscal year.

House Bill No. 1380 (2021), as codified in Section 21-10-13, provides a process to immediately transfer legacy fund earnings from the general fund to the legacy earnings fund. Since the earnings are transferred at the end of the biennium, Section 21-10-13 clarifies the earnings are available for spending from the fund in the subsequent biennium.

For the transfer at the end of the 2021-23 biennium, the amount is \$486,568,637 based on June 30th legacy fund balances of \$5,576,084,018 (2018), \$6,122,227,871 (2019), \$6,995,309,070 (2020), \$8,115,202,181 (2021), and \$7,946,079,492 (2022).

For the transfer at the end of the 2023-25 biennium, the preliminary estimate is \$596,500,000 based on June 30th legacy fund balances of \$6,995,309,070 (2020), \$8,115,202,181 (2021), \$7,946,079,492 (2022), \$8,999,738,920 (2023), and \$10,552,815,777 (2024 - Through March 31, 2024).

²Section 21-10-13 uses the same percent of market value calculation as the definition of earnings to determine the amount available for spending in the subsequent biennium. As a result, there are no excess earnings available for spending. Prior to being amended by House Bill No. 1379 (2023), if the earnings transferred to the legacy earnings fund exceed the amount available to spend, the excess earnings would have been designated for the following:

- A portion of the excess earnings would have been retained in the legacy earnings fund as a reserve for any bond payments;
- Up to \$100 million of excess earnings would have been transferred to the legacy fund to become part of the principal; and
- Any remaining excess earnings would have been transferred to SIIF.

³Prior to being amended by House Bill No. 1379 (2023), the funding available for spending under Section 21-10-13 would have been designated for the following:

- The first \$150 million to the legacy sinking and interest fund for bond payments related to infrastructure projects and programs and a transfer to the Public Employees Retirement System main system defined benefit plan;
- The next \$60 million to the highway tax distribution fund; and
- Other purposes subject to legislative appropriation, including up to \$50 million for tax relief; up to \$30 million for the clean sustainable energy fund; and up to \$30 million for university research programs, the innovation loan fund, and workforce enrichment initiatives.

House Bill No. 1379 changes the designated spending from the legacy earnings fund to provide transfers to the legacy sinking and interest fund (\$102.6 million), the general fund for tax relief (\$225 million), and a newly created legacy earnings highway distribution fund (\$100 million) with any remaining amounts transferred 50 percent to the general fund and 50 percent to SIIF.

⁴House Bill No. 1379 (2023) removes the provision to retain a portion of the funding as a reserve for future bond payments.

NOTE: The estimated June 30, 2025, balance made at the end of the 2023 regular legislative session was \$0 because an estimate for the transfer at the end of the 2023-25 biennium was not available. As a result, the estimated balance increased by \$596,500,000.

FUND HISTORY

House Bill No. 1380 (2021), as codified in Section 21-10-13, created the legacy earnings fund and provided a process to immediately transfer legacy fund earnings from the general fund to the legacy earnings fund. The earnings available for spending are allocated to special funds and for other purposes designated by the Legislative Assembly. If the earnings transferred to the fund exceed the amount available to spend, a portion of the excess earnings are retained in the legacy earnings fund as a reserve for any bond payments, and up to \$100 million of excess earnings is transferred to the legacy fund to become part of the principal with the remaining excess earnings transferred to SIIF.

House Bill No. 1379 (2023) changed the designated spending from the legacy earnings fund to provide transfers to the legacy sinking and interest fund (\$102.6 million), the general fund for tax relief (\$225 million), and a newly created legacy earnings highway distribution fund (\$100 million) with any remaining amounts transferred 50 percent to the general fund and 50 percent to SIIF. The bill also changed the designations for the excess earnings to transfer 50 percent of the excess earnings to the general fund and 50 percent to SIIF and to remove the provision to retain a portion of the excess earnings as a reserve for future bond payments.

Senate Bill No. 2330 (2023) changed the definition of earnings to reflect a percent of market value calculation method using 7 percent of the 5-year average value of the legacy fund assets. As a result, the calculation of the amount available for spending is the same as the calculation for the definition of legacy fund earnings, and the earnings transferred to the legacy earnings fund will be the same as the amount available for spending.

ANALYSIS OF THE LEGACY FUND FOR THE 2021-23 AND 2023-25 BIENNIUMS

	2021-23 Biennium		2023-25 Biennium	
	Actual		Estimated	
Beginning balance ¹		\$8,115,202,181		\$8,999,738,920
Add revenues				
Oil and gas gross production and extraction tax collections (30 percent of collections) (2019 SB 2312) ²	\$1,566,067,685		\$1,436,000,000	
Investment earnings (losses) (2021 HB 1425; 2023 SB 2330) ^{3,4}	(194,962,309)		590,000,000	
Total revenues		1,371,105,376		2,026,000,000
Total available		\$9,486,307,557		\$11,025,738,920
Less expenditures and transfers				
Transfer of earnings to the legacy earnings fund (2021 HB 1380; 2023 SB 2330) ⁵	\$486,568,637		\$596,500,000	
Expenditure of principal ⁶	0		0	
Total expenditures and transfers		486,568,637		596,500,000
Ending balance		<u>\$8,999,738,920</u>		<u>\$10,429,238,920</u>

¹The beginning balance for the 2021-23 biennium reflects an adjustment of \$40,438,962 to increase the balance from \$8,074,763,219 to \$8,115,202,181 to align the balance with the amount reported by the Retirement and Investment Office. The difference in the balance was the result of differences in the reporting timing.

²Estimated revenues - The oil and gas tax revenues reflect allocations for July through June (24 months). The estimated allocations for the 2023-25 biennium are based on actual oil and gas tax revenue allocations through April 2024 and the 2023 legislative revenue forecast for the remainder of the biennium.

³The amounts shown for investment earnings reflect the investment performance of the legacy fund, which differs from the definition of earnings for transfers at the end of the biennium. The estimated investment earnings for the 2023-25 biennium reflect a return of 6.06 percent based on the 3-year average net return through June 30, 2023, and an average balance of \$9.72 billion based on the July 1, 2023, beginning balance and the estimated oil and gas tax revenues.

The investment losses for the legacy fund for the 2021-23 biennium were \$195 million, including realized earnings of \$421 million and unrealized losses of \$616 million.

The investment earnings for the legacy fund for the 2023-25 biennium through March 31, 2024, were \$929 million, including realized earnings of \$183 million and unrealized earnings of \$746 million.

NOTE: The actual earnings may differ significantly from these estimates based on actual investment performance.

⁴House Bill No. 1425 (2021) designates a portion of the legacy fund investments to in-state fixed income investments and in-state equity investments. The performance of these investments may affect the earnings of the legacy fund. Senate Bill No. 2330 (2023) changes the amount designated for in-state investments from 20 percent of the fund allocation balance to \$1.3 billion.

⁵Based on the provisions of Section 26 of Article X of the Constitution of North Dakota, investment earnings accruing after June 30, 2017, are transferred to the general fund at the end of each biennium. North Dakota Century Code Section 21-10-12, as amended by Senate Bill No. 2330 (2023), defines earnings for purposes of transfers to the general fund to reflect a percent of market value calculation method using 7 percent of the 5-year average value of the legacy fund assets based on the June 30th fund balances for the 5-year period ending with the most recently completed even-numbered fiscal year. House Bill No. 1380 (2021), as codified in Section 21-10-13, provides a process to immediately transfer legacy fund earnings from the general fund to the legacy earnings fund.

For the transfer at the end of the 2021-23 biennium, the amount is \$486,568,637 based on June 30th legacy fund balances of \$5,576,084,018 (2018), \$6,122,227,871 (2019), \$6,995,309,070 (2020), \$8,115,202,181 (2021), and \$7,946,079,492 (2022).

For the transfer at the end of the 2023-25 biennium, the preliminary estimate is \$596,500,000 based on June 30th legacy fund balances of \$6,995,309,070 (2020), \$8,115,202,181 (2021), \$7,946,079,492 (2022), \$8,999,738,920 (2023), and \$10,552,815,777 (2024 - Through March 31, 2024).

House Concurrent Resolution No. 3033 (2023) provides a constitutional amendment that would provide for a distribution from the legacy fund to a legacy earnings fund at the beginning of each biennium rather than a transfer of earnings to the general fund at the end of each biennium subject to voter approval.

⁶The principal and earnings of the legacy fund were not available for spending until after June 30, 2017, pursuant to Section 26 of Article X of the Constitution of North Dakota. Up to 15 percent of the principal of the legacy fund may be spent during a biennium subject to approval by at least two-thirds of the members elected to each house of the Legislative Assembly. House Concurrent Resolution No. 3033 (2023) provides a constitutional amendment that would decrease the amount of principal that may be spent during a biennium from 15 to 5 percent subject to voter approval.

NOTE: The estimated June 30, 2025, balance made at the end of the 2023 regular legislative session was \$10,466,944,579. The estimated balance decreased by \$37,705,659 primarily related to increases in investment earnings and oil and gas tax revenues and reflecting the June 2025 transfer of \$596,500,000 on this report.

FUND HISTORY

The legacy fund was created in 2010 when the voters of North Dakota approved a constitutional amendment--now Section 26 of Article X of the Constitution of North Dakota--to provide 30 percent of oil and gas gross production and oil extraction taxes on oil and gas produced after June 30, 2011, be transferred to the legacy fund. The principal and earnings of the legacy fund may not be spent until after June 30, 2017, and any expenditure of principal after that date requires a vote of at least two-thirds of the members elected to each house of the Legislative Assembly. Not more than 15 percent of the principal of the legacy fund may be spent during a biennium. The Legislative Assembly may transfer funds from any source to the legacy fund, and such transfers become part of the principal of the fund. The State Investment Board is responsible for investment of the principal of the legacy fund. Investment earnings accruing after June 30, 2017, are transferred to the general fund at the end of each biennium.

Prior to July 1, 2015, if the unobligated balance of the strategic investment and improvements fund exceeded \$300 million at the end of any month, 25 percent of any revenues received for deposit in the strategic investment and improvements fund were deposited instead into the legacy fund in the subsequent month. In House Bill Nos. 1176 and 1377 (2015), the Legislative Assembly amended Section 15-08.1-08 to remove the provision related to the additional deposits of revenue in the legacy fund from the strategic investment and improvements fund.

Senate Bill No. 2312 (2019) amended the oil and gas tax revenue sharing agreement between the state and the Three Affiliated Tribes of the Fort Berthold Reservation increasing the revenue allocated to the Three Affiliated Tribes and decreasing the revenue allocated to the state. As a result, less revenue is available for allocations to the legacy fund.

Based on the provisions of Section 26 of Article X of the Constitution of North Dakota, investment earnings accruing after June 30, 2017, are transferred to the general fund at the end of each biennium. Originally, Section 21-10-12 defined the investment earnings as the realized earnings of the fund allowing the unrealized earnings to remain in the fund. Senate Bill No. 2330 (2023) changed the definition of investment earnings to reflect a percent of market value calculation method using 7 percent of the 5-year average value of the legacy fund assets based on the June 30th fund balances for the 5-year period ending with the most recently completed even-numbered fiscal year.

ANALYSIS OF THE LIGNITE RESEARCH FUND FOR THE 2021-23 AND 2023-25 BIENNIUMS

	2021-23 Biennium Actual		2023-25 Biennium Estimated	
	Beginning balance		\$21,807,466	
Add revenues				
Separate two-cent coal severance tax	\$1,043,668		\$1,075,000	
50 percent of coal severance taxes deposited in the coal development trust fund ¹	1,463,708		1,491,000	
20 percent of coal severance taxes deposited in the coal development trust fund for clean coal projects ¹	597,852		609,000	
15 percent of coal severance taxes ¹	2,948,560		3,000,000	
5 percent of the general fund share of coal conversion tax	0		0	
Lignite research tax (2021 HB 1412) ¹	2,681,126		2,250,000	
Oil and gas tax allocation	10,000,000		10,000,000	
Investment income on Dakota Gasification Company ammonia plant and Spiritwood plant	1,351,646		180,000	
Revenue bonds/short-term loan ²	0		0	
Interest income, return of funds, and litigation contributions	71,510		70,000	
Total revenues		20,158,070		18,675,000
Total available		\$41,965,536		\$48,163,701
Less expenditures and transfers ^{3,4}				
Administration	\$647,610		\$1,776,366	
Lignite feasibility studies (nonmatching grants) ⁵	1,415,873		3,723,607	
Small research grants	3,455,815		5,025,058	
Lignite marketing	624,000		828,000	
Lignite litigation ⁶	0		0	
Demonstration projects	0		0	
Advanced energy technology development	6,333,537		9,196,618	
Total expenditures and transfers ⁷		12,476,835		20,549,649
Ending balance		\$29,488,701		\$27,614,052

¹House Bill No. 1412 (2021) exempts 100 percent of the generation tax and 60 percent of the capacity tax from the coal conversion tax and creates a new lignite research tax to maintain the current level of allocations to the lignite research fund.

²Pursuant to North Dakota Century Code Section 54-17.5-04, the Industrial Commission may issue revenue bonds or borrow short-term funds from the Bank of North Dakota.

³The Industrial Commission has a policy stating that 18 percent of lignite research fund income will be used for small research projects, 56 percent for large demonstration research projects, 21 percent for marketing projects, and 5 percent for administration. The commission has further directed that no single large demonstration research project can receive more than 37.5 percent of available funds.

⁴The Industrial Commission has waived the fund allocation policy. The commission has committed \$22,000,000 through the 2011-13 biennium to three projects. In January 2015 the commission learned one of the projects is not proceeding and released the project's commitment of \$8,732,503. Expenditures for the Lignite Vision 21 Project have been \$1,360,750 during the 2003-05 biennium, \$2,243,391 during the 2005-07 biennium, \$2,200,000 during the 2007-09 biennium, \$3,972,090 during the 2009-11 biennium, \$678,851 during the 2011-13 biennium, \$110,000 during the 2013-15 biennium, \$914,663 during the 2015-17 biennium,

\$1,290,525 during the 2017-19 biennium, \$0 in the 2019-21 biennium, \$0 in the 2021-23 biennium, and anticipated expenditures of \$1,367,678 in subsequent bienniums. The objective of the Lignite Vision 21 Project is to construct new lignite-fired power plants in North Dakota. (These amounts are net of funds that were distributed but later returned when projects did not proceed.)

⁵House Bill No. 1014 (2023) designates up to \$500,000 from the lignite research fund for contracting with the Energy and Environmental Research Center for a nonmatching study of future lignite electrical generation facilities.

⁶Lignite litigation - House Bill No. 1093 (2007) provides that \$500,000 of the amount appropriated to the lignite research fund for the 2007-09 biennium is to be used to pay for fees associated with lignite litigation that may be brought by the state to protect and promote the continued development of lignite resources. Activities associated with the litigation have been initiated with \$83,379 spent during the 2007-09 biennium, \$153,907 spent during the 2009-11 biennium, \$652,519 spent during the 2011-13 biennium, \$983,288 during the 2013-15 biennium with \$451,555 of that amount paid by industry, \$259,159 during the 2015-17 biennium with \$122,866 of that amount paid by industry, \$44,962 spent during the 2017-19 biennium with \$14,760 of that amount paid by industry, \$0 spent during the 2019-21 biennium, and \$0 spent during the 2021-23 biennium.

The State of North Dakota was successful in its litigation against the State of Minnesota during the 2017-19 biennium and will be receiving a total of \$1,410,000. Of the \$1,410,000, \$670,000 was paid to industry partners, and the remaining \$740,000 was deposited in the lignite research fund during the 2017-19 and 2019-21 bienniums. The original \$500,000 was spent by the end of the 2011-13 biennium with additional funding being provided from nonmatching program funds in subsequent bienniums.

From nonmatching funds within the lignite research fund, \$500,000 was designated for litigation expenses in the 2019-21 biennium, and \$0 was designated for the 2021-23 biennium. Of the nonmatching funds, \$313,483 was spent during the 2019-21 biennium, \$0 was spent in the 2021-23 biennium, and the remaining \$186,517 anticipated to be spent in subsequent bienniums.

House Bill No. 1014 (2019) provided legislative intent that at least \$500,000 from the lignite research fund, including proceeds from successful litigation, is available for fees associated with lignite litigation brought by the state to protect and promote the continued development of lignite resources.

⁷The Industrial Commission has continuing appropriation authority for all money deposited in the lignite research fund pursuant to Section 57-61-01.6. The amount shown for the 2023-25 biennium includes \$250,000 of one-time funding for grant administration software pursuant to House Bill No. 1014 (2023).

NOTE: The estimated June 30, 2025, balance made at the end of the 2023 regular legislative session was \$3,008,371. The estimated balance increased by \$24,605,681 primarily related to a decrease in expenditures for studies, grants, and projects.

FUND HISTORY

Section 57-61-01.5(2) and Section 21 of Article X of the Constitution of North Dakota provide for up to 70 percent of the taxes collected and deposited in the coal development trust fund to be deposited in the lignite research fund. Of the 70 percent, 50 percent is designated for research, development, and marketing pursuant to the passage of Initiated Measure No. 3 in June 1990, and 20 percent is designated for clean coal demonstration projects pursuant to voter approval of a constitutional amendment in June 1994. The remaining 30 percent of the funds deposited in the coal development trust fund are to be held in trust and administered by the Board of University and School Lands, which has the authority to invest the funds, and may, as provided by law, lend money from the fund to political subdivisions. Senate Bill No. 2014 (2017) reduced the allocation of coal severance tax allocations to the coal development trust fund from 30 to 15 percent and provides an allocation of 15 percent to the lignite research fund.

From the state general fund share of coal conversion tax collections, the Legislative Assembly designated 3 percent for transfer to the lignite research fund during the 2007-09 biennium and 5 percent after the 2007-09 biennium in House Bill No. 1093 (2007).

House Bill No. 1152 (2017) changed the allocation of the state's share of oil and gas tax revenue to provide up to \$3 million of allocations to the lignite research fund. House Bill No. 1066 (2019) increased the allocation of oil and gas tax revenue to the lignite research fund by \$7 million, from \$3 million to \$10 million.

ANALYSIS OF THE MEDICAL MARIJUANA FUND FOR THE 2021-23 AND 2023-25 BIENNIUMS

	2021-23 Biennium Actual		2023-25 Biennium Estimated	
Beginning balance		\$1,234,230		\$1,739,396
Add revenues				
Program fees:				
Dispensary and manufacturer registration fees	\$1,120,000		\$750,000	
Application fees, including patient and compassion center agent fees	994,824		658,680	
Total revenues		2,114,824		1,408,680 ²
Total available		\$3,349,054		\$3,148,076
Less Department of Health and Human Services expenditures (pursuant to a continuing appropriation in North Dakota Century Code Section 19-24.1-40)				
Salaries and wages	\$1,005,742		\$1,278,555	
Indirect costs	147,845		187,948	
Operating expenditures	456,071		609,951	
Total expenditures and adjustments		1,609,658 ¹		2,076,454 ²
Ending balance		<u>\$1,739,396</u>		<u>\$1,071,622</u>

¹The State Department of Health presented estimated expenditures to be made through the continuing appropriation, totaling \$1,564,793, including 5 FTE positions. Estimates were increased \$12,120 for salary adjustments of 1.5 percent on July 1, 2021, with a minimum monthly increase of \$100, and 2 percent on July 1, 2022, and \$4,000 for the expenditure impact of House Bill No. 1359 (2021).

²The Department of Health and Human Services presented estimated expenditures to be made through the continuing appropriation, totaling \$1,746,384, including 5 FTE positions. Estimates were increased \$70,027 for salary adjustments of 6 percent on July 1, 2023, and 4 percent on July 1, 2024, and \$25,720 for increases in the health insurance rate. The estimated revenues and expenditures also include the fiscal impact of Senate Bill No. 2201 (2023) which decreases revenue by \$45,000 and increases expenditures by \$26,400 during the 2023-25 biennium.

NOTE: The estimated June 30, 2025, balance made at the end of the 2023 regular legislative session was \$1,767,230. The decrease in the estimated balance of \$695,608 is due to the beginning 2023-25 biennium balance being \$2,864 less than anticipated, due to expenditures being \$29,614 more than anticipated, offset by revenues being \$26,750 more than estimated during the 2021-23 biennium, 2023-25 biennium estimated revenues from registration and application fees being \$487,320 estimated, and 2023-25 biennium estimated expenditures being \$205,424 more than estimated.

FUND HISTORY

In November 2016, voters approved Initiated Statutory Measure No. 5 (North Dakota Compassionate Care Act) relating to medical marijuana and created Chapter 19-24. In Senate Bill No. 2344 (2017), the Legislative Assembly repealed Chapter 19-24 and created and enacted Chapter 19-24.1 to provide for the legalization of medical marijuana. Senate Bill No. 2344 required the State Department of Health to establish and implement a medical marijuana program to allow for the production, processing, and sale of marijuana for medical use. In Section 19-24.1-40, the Legislative Assembly established a medical marijuana fund. The State Department of Health must deposit all fees related to medical marijuana into the fund and must administer the fund. Money in the fund is appropriated to the department on a continuing basis for use in administering the medical marijuana program. Therefore, the Legislative Assembly removed funding for the Medical Marijuana Division from the State Department of Health's base budget in 2019. The Legislative Assembly, in House Bill No. 1247 (2021), provided for the merger of the State Department of Health and the Department of Human Services to create the Department of Health and Human Services. In House Bill No. 1247, the Legislative Assembly provided legislative intent that, effective September 1, 2022, the State Department of Health merge into the Department of Human Services

and both agencies be called the Department of Health and Human Services and that, effective September 1, 2022, the State Department of Health, including the State Health Officer, be under the authority of the Executive Director of the Department of Human Services, known as the Executive Director of the Department of Health and Human Services. The medical marijuana program is now under the authority of the Department of Health and Human Services.

ANALYSIS OF THE NORTH DAKOTA OUTDOOR HERITAGE FUND FOR THE 2021-23 AND 2023-25 BIENNIUMS

	2021-23 Biennium		2023-25 Biennium	
	Actual		Estimated	
Beginning balance ¹		\$36,056,488		\$40,495,372
Add revenues				
Oil and gas gross production tax collections ²	\$15,000,000		\$15,000,000	
Interest income	107,994		185,000	
Total revenues		15,107,994		15,185,000
Total available		\$51,164,482		\$55,680,372
Less expenditures and transfers				
Grants	\$10,570,193		\$12,186,276	
Transfer for grant management software expenses (2023 HB No. 1014) ³			250,000	
Administrative expenses	98,917		200,000	
Total expenditures and transfers		10,669,110		12,636,276
Ending balance		\$40,495,372		\$43,044,096
Grant award commitments ⁴	\$39,367,281		\$41,731,006	
Balance - Unobligated		\$1,128,091		\$1,313,090

¹This analysis of the outdoor heritage fund differs from previous analyses because the previous analyses reflected the estimated amount available for grants but not the amount expended. The current report includes actual and estimated amounts expended and the amount of grant award commitments for each biennium.

²North Dakota Century Code Section 57-51-15 established a maximum allocation of \$40 million (\$20 million per year) to the fund. Senate Bill No. 2014 (2021) limited oil and gas gross production tax revenue allocations to the fund to \$7.5 million annually for the 2021-23 biennium. For the 2023-25 biennium, House Bill No. 1014 (2023) limited the allocations to \$15 million.

³House Bill No. 1014 (2023) provides for a transfer up to \$250,000 from the North Dakota outdoor heritage fund to the Industrial Commission for grant management software expenses.

⁴All money in the fund is appropriated on a continuing basis, pursuant to Section 54-17.8-02. Grant commitments include projects that will draw down funds over a 10-year period.

FUND HISTORY

The North Dakota outdoor heritage fund was established in House Bill No. 1278 (2013) (Chapter 54-17.8) to provide, pursuant to a continuing appropriation, grants to state agencies, tribal governments, political subdivisions, and nonprofit organizations, with higher priority given to enhancing conservation practices in this state by:

- Providing access to private and public lands for sportsmen, including projects that create fish and wildlife habitat and provide access for sportsmen;
- Improving, maintaining, and restoring water quality, soil conditions, plant diversity, animal systems, and by supporting other practices of stewardship to enhance farming and ranching;
- Developing, enhancing, conserving, and restoring wildlife and fish habitat on private and public lands; and
- Conserving natural areas and creating other areas for recreation through the establishment and development of parks and other recreation areas.

The Industrial Commission has oversight of the North Dakota outdoor heritage fund. The North Dakota Outdoor Heritage Advisory Board (consisting of 12 voting and 4 ex officio members) makes recommendations to the commission on the funding of grants. Historical funding of the North Dakota outdoor heritage fund is as follows:

- For the 2013-15 biennium, pursuant to Section 57-51-15, 4 percent of the first 1 percent of oil and gas gross production tax collections was deposited in the North Dakota outdoor heritage fund, up to \$15 million per year.
- House Bill No. 1176 (2015) amended Section 57-51-15 to increase the amount deposited in the North Dakota outdoor heritage fund from 4 percent of the first 1 percent of oil and gas gross production tax collections to 8 percent, and to increase the maximum oil and gas gross production tax collection deposits from \$15 million to \$20 million per year and from \$30 million to \$40 million per biennium.
- For the period September 1, 2017, through August 31, 2019, Senate Bill No. 2013 (2017), provided a maximum of \$10 million of oil and gas gross production tax collections may be deposited in the fund. For the period September 1, 2019, through August 31, 2021, House Bill No. 1014 (2019), provided a maximum of \$15 million of oil and gas gross production tax collections may be deposited in the fund.
- For the period September 1, 2021, through August 31, 2023, Senate Bill No. 2014 (2021), provided a maximum of \$7.5 million per year of oil and gas gross production tax collections may be deposited in the fund.
- For the period September 1, 2023, through August 31, 2025, House Bill No. 1014 (2023), provided a maximum of \$7.5 million per year of oil and gas gross production tax collections may be deposited in the fund.

**ANALYSIS OF THE RESOURCES TRUST FUND
FOR THE 2021-23 AND 2023-25 BIENNIUMS**

	2021-23 Biennium		2023-25 Biennium	
	Actual		Estimated	
Beginning balance		\$287,678,550		\$447,005,925
Add revenues and transfers				
Oil extraction tax collections	\$505,222,762		\$462,173,738 ¹	
Bond proceeds from repayment of loans	74,500,000 ²			
Repayments and reimbursements	11,713,626		11,000,000	
Investment earnings/miscellaneous income	3,234,065		1,526,000	
Total revenues		594,670,453		474,699,738
Total available		\$882,349,003		\$921,705,663
Less expenditures and transfers				
Department of Water Resources - Grants, projects, and project administration, pursuant to House Bill No. 1020 (2021) for the 2021-23 biennium and Senate Bill No. 2020 (2023) for the 2023-25 biennium	\$267,313,730 ³		\$827,723,038 ⁴	
Senate Bill No. 2196 (2023) - Payment of accrued and unpaid interest on a loan from the general fund to the Western Area Water Supply Authority	1,873,288 ⁵		0 ⁵	
Senate Bill No. 2393 (2023) - Estimated sum for the targeted market equity pool, new and vacant FTE funding pool, and employer retirement contribution pool	25,955 ⁶		688,690 ⁶	
House Bill No. 1431 (2021) - Appropriation to the State Water Commission to provide funding for the Mouse River flood control project	10,145,375 ²		64,354,625 ^{2,4}	
Total Department of Water Resources expenditures and loans		279,358,348		892,766,353
Transfer to renewable energy development fund (North Dakota Century Code Section 57-51.1-07)	\$3,000,000		\$3,000,000	
Transfer to energy conservation grant fund (Section 57-51.1-07)	1,200,000		1,200,000	
Transfer to water projects stabilization fund pursuant to Senate Bill No. 2345 (2021) and Senate Bill No. 2020 (2023)	151,784,730 ⁷		12,314,528 ⁷	
Total transfers		155,984,730		16,514,528
Ending balance		\$447,005,925		\$12,424,782

¹Estimated oil extraction tax revenues - This amount reflects actual collections through April 2024 and forecast collections for the remainder of the biennium based on the March 2023 legislative revenue forecast.

²House Bill No. 1431 (2021) allocates \$74.5 million of bond proceeds which are deposited into the resources trust fund for the repayment of outstanding loans of the Western Area Water Supply Authority. The bill also provides an appropriation of \$74.5 million from the resources trust fund to the State Water Commission for the Mouse River flood control project. Of the \$74.5 million, \$64.4 million was continued into the 2023-25 biennium.

³House Bill No. 1020 (2021) includes \$678,048,989 from the resources trust fund for the purpose of defraying the expenses of the Department of Water Resources for the 2021-23 biennium. This amount includes \$360,685,806 of new appropriations for the 2021-23 biennium and \$317,363,183 of water project funding continued from the 2019-21 biennium (carryover).

⁴Senate Bill No. 2020 (2023) includes \$876.7 million from the resources trust fund for defraying the expenses of the Department of Water Resources, including \$524.8 million of new appropriations for the 2023-25 biennium and \$351.9 million for carryover projects.

⁵Senate Bill No. 2196 (2023) appropriates \$2 million from the resources trust fund to the Department of Water Resources to pay accrued and unpaid interest on the \$25 million loan from the general fund to the Western Area Water Supply Authority. The payment was made during the 2021-23 biennium as a result of the emergency clause passing in Senate Bill No. 2020 (2023).

⁶Senate Bill No. 2393 (2023) includes funding for a targeted market equity pool, new and vacant FTE funding pool, and employer retirement contribution pool. Allocations from these pools to the Department of Water Resources will be paid primarily from the resources trust fund.

⁷Senate Bill No. 2345 (2021 special legislative session) created the water projects stabilization fund for the purpose of defraying planning and construction expenses of water-related projects, provided for a transfer of \$1 million from the resources trust fund to the water projects stabilization fund, and provided for the transfer of all oil extraction tax revenues deposited in the resources trust fund that exceed the amount included in the 2021 legislative forecast from August 1, 2021, through February 28, 2023, on a quarterly basis. Section 6 of Senate Bill No. 2020 (2023) provides for the transfer of any oil extraction tax revenues deposited in the resources trust fund that exceed the amount included in the March 2023 legislative revenue forecast from July 1, 2023, through June 30, 2025, from the resources trust fund to the water projects stabilization fund, on a quarterly basis.

NOTE: The June 30, 2025, ending fund balance is \$12,424,782 more than anticipated primarily as a result of actual unobligated carryover from the 2021-23 biennium being \$12,373,518 more than the amount authorized in Senate Bill No. 2020 (2023). As these funds are unobligated, they may be available for appropriation during the 2025-27 biennium if collections meet the March 2023 legislative revenue forecast for the remainder of the 2023-25 biennium.

INFRASTRUCTURE REVOLVING LOAN FUND HISTORY

The infrastructure revolving loan fund was created by the Legislative Assembly in Senate Bill No. 2233 (2013), which became effective on January 1, 2015. The bill established an infrastructure revolving loan fund within the resources trust fund. The bill provided 10 percent of oil extraction tax revenue deposited in the resources trust fund is to be made available on a continuing basis to provide loans for water supply, flood protection, or other water development and water management projects. Loans are approved by the State Water Commission with a fixed interest rate of 1.5 percent and administered by the Bank of North Dakota. Annually, the Bank receives .5 percent of the balance of issued loans to cover costs associated with administering the loans. The fund beginning balance and revenue earned in a biennium are carried over from biennium to biennium within the resources trust fund. House Bill No. 1020 (2017) provided the maximum to be allocated to the infrastructure revolving loan fund is **\$26 million**. House Bill No. 1431 (2021) eliminated the infrastructure revolving loan fund within the resources trust fund, combined it with the community water development fund to establish a newly created water infrastructure revolving loan fund, and provided a continuing appropriation to the State Water Commission for the purpose of providing loans for water projects in a similar manner as the prior infrastructure revolving loan fund.

RESOURCES TRUST FUND HISTORY

The resources trust fund was created pursuant to the passage of Initiated Measure No. 6 in the November 1980 general election. Initiated Measure No. 6 created a 6.5 percent oil extraction tax, 10 percent of which was to be allocated to the resources trust fund. In June 1990 the Constitution of North Dakota was amended to establish the resources trust fund as a constitutional trust fund and provide that the principal and income of the fund could be spent only upon legislative appropriations for:

- Constructing water-related projects, including rural water systems; and
- Energy conservation programs.

In November 1994 the voters of North Dakota approved a constitutional amendment, which is now Section 24 of Article X of the Constitution of North Dakota, to provide that 20 percent of oil extraction taxes be allocated as follows:

- 50 percent (of the 20 percent) to the common schools trust fund; and
- 50 percent (of the 20 percent) to the foundation aid stabilization fund.

The 1995 Legislative Assembly amended Section 57-51.1-07 to increase the percentage of oil extraction tax deposited into the resources trust fund from 10 to 20 percent. The general fund received 60 percent of oil extraction tax revenues, and the remaining 20 percent was allocated pursuant to Section 24 of Article X of the Constitution of North Dakota.

Section 57-51.1-07, as amended by Senate Bill No. 2129 (2011), provides that oil extraction tax revenues be distributed as follows:

- 20 percent to the resources trust fund;
- 20 percent allocated as provided in Section 24 of Article X of the Constitution of North Dakota;
- 30 percent to the legacy fund; and
- 30 percent to be allocated to the state's general fund with certain funds designated for deposit in the property tax relief sustainability fund, the strategic investment and improvements fund, and the state disaster relief fund as provided in House Bill No. 1451 (2011).

The Legislative Assembly, in Senate Bill No. 2014 (2013), authorized quarterly transfers of 5 percent of the amount credited to the resources trust fund to the renewable energy development fund--up to \$3 million per biennium and of .5 percent of the amount credited to the resources trust fund to the energy conservation grant fund--up to \$1.2 million per biennium. Funds in the newly created energy conservation grant fund are appropriated on a continuing basis to the Department of Commerce for grants to political subdivisions for energy conservation projects in nonfederal public buildings. In addition, effective January 1, 2015, the Legislative Assembly, in Senate Bill No. 2233 (2013), established an infrastructure revolving loan fund within the resources trust fund. The bill provides 10 percent of oil extraction tax revenue deposited in the resources trust fund is to be made available on a continuing basis to provide loans for water supply, flood protection, or other water development and water management projects. Loans are approved by the State Water Commission and administered by the Bank of North Dakota. House Bill No. 1020 (2017) reduced the allocation to the renewable energy development fund from 5 to 3 percent and the maximum allocation to the energy conservation grant fund from \$1.2 million to \$200,000 for the 2017-19 biennium, restored the maximum allocation to the energy conservation grant fund to \$1.2 million after July 31, 2019, and provided for a \$26 million maximum allocation of resources trust fund revenues to the infrastructure revolving loan fund.

The Legislative Assembly in Senate Bill No. 2020 (2015) directed the State Water Commission to refinance all remaining bonds through the Bank of North Dakota and to continue annual loan payments on the newly refinanced bonds. The State Water Commission refinanced the bonds with the Bank on July 29, 2015, in the amount of \$45,840,221 at a variable interest rate of 1.75 percent. The Bank loan will mature on June 30, 2030.

The Legislative Assembly in Senate Bill No. 2020 (2019) provided \$37.2 million to pay off the Bank of North Dakota loan. The bill contains an emergency clause, added in Senate Bill No. 2015 (2019); therefore, the State Water Commission paid off the Bank loan from the water development trust fund during the 2017-19 biennium.

WATER PROJECTS STABILIZATION FUND HISTORY

The Legislative Assembly in Senate Bill No. 2345 (2021 special legislative session) created the water projects stabilization fund for the purpose of defraying planning and construction expenses of water-related projects, provided for a transfer of \$1,000,000 from the resources trust fund to the water projects stabilization fund, and provided for the transfer of all oil extraction tax revenues deposited in the resources trust fund that exceed the amount included in the 2021 legislative forecast from August 1, 2021, through February 28, 2023, on a quarterly basis. During the 2021-23 biennium, a total of \$151,784,730 was deposited in the fund. In Sections 4 and 10 of Senate Bill no. 2020 (2023), the Legislative Assembly appropriated \$30,000,000 for the repayment of Western Area Water Supply Authority loans from the Bank of North Dakota and identified \$123,400,000 of the amount appropriated in Section 1 for water supply grants as from the water projects stabilization fund. Section 6 of Senate Bill No. 2020 provides for the transfer of all oil extraction tax revenues deposited in the resources trust fund that exceed the amount included in the 2023 legislative forecast to the water projects stabilization fund on a quarterly basis. The current estimate for the 2023-25 biennium deposits into the fund is \$12,314,528.

ANALYSIS OF THE RISK MANAGEMENT FUND FOR THE 2021-23 AND 2023-25 BIENNIUMS

	2021-23 Biennium Actual		2023-25 Biennium Estimated	
Beginning balance		\$4,587,478		\$4,469,203
Add revenues				
Premiums	\$3,067,221 ¹		\$2,591,807 ²	
Interest and other revenue	(226,888) ³		240,000 ³	
Total revenues		2,840,333		2,831,807
Total available		\$7,427,811		\$7,301,010
Less expenditures and transfers				
Administration	\$1,023,950		\$1,371,277	
Claims-related expenses	0 ⁴		0 ⁴	
Claims, litigation, and excess insurance	1,934,658 ⁵		2,297,000	
Total expenditures and transfers		2,958,608		3,668,277
Ending balance		\$4,469,203		\$3,632,733

¹In response to an actuarial review completed in 2020 by Aon plc, the Office of Management and Budget's (OMB) Risk Management Division assessed a total of \$3,350,569 in risk management premiums to state agencies, boards, and commissions and the North Dakota University System for the 2019-21 biennium. Assessments were subject to a risk management discount program for agencies that adopt proactive loss control practices, with a maximum available discount of 15 percent. The amount shown for premiums reflects fiscal year 2022 discounts of \$139,537 and fiscal year 2023 discounts of \$143,811.

²In response to an actuarial review completed in 2022 by Aon plc, OMB's Risk Management Division is assessing a total of \$2,857,018 in risk management premiums to state agencies, boards, and commissions and the University System for the 2021-23 biennium. Contributions reflect \$130,211 in discounts for fiscal year 2024 and an estimated \$135,000 in discounts for fiscal year 2025.

³Interest and other revenue includes realized or projected gains from risk management investments, payments received from salvaged vehicles, and costs and attorney's fees collected for successful lawsuits. The negative amount shown for the 2021-23 biennium is the result of investment losses during the biennium.

⁴The amounts listed for claims-related expenses are for adjusting consulting services required for large or unusual claims.

⁵Pursuant to Section 23 of House Bill No. 1015 (2021), OMB is authorized to make payments from the risk management fund for reasonable and necessary costs and attorney's fees incurred by a state employee as a result of a criminal investigation or prosecution occurring after December 31, 2018, under circumstances in which there was an absence of probable cause, as identified in a prosecutorial or judicial determination or as determined by the Director of OMB in the absences of a prosecutorial or judicial determination, and in which the offense involves the discharge of a public duty. The amount shown includes \$47,771, which was paid under this authorization.

FUND HISTORY

The North Dakota Supreme Court abolished the doctrine of sovereign immunity in September 1994. As a result of this court decision, the 1995 Legislative Assembly passed the Tort Claims Act (Senate Bill No. 2080 (1995)), which created a risk management fund and assigned the responsibility of administering a risk management program to OMB.

North Dakota Century Code Section 32-12.2-19 allows OMB to pay notification and remediation costs or insurance costs from the risk management fund in the event of an information technology security breach at a state agency.

ANALYSIS OF THE SENIOR CITIZEN SERVICES AND PROGRAMS FUND FOR THE 2021-23 AND 2023-25 BIENNIUMS

	2021-23 Biennium Actual		2023-25 Biennium Estimated	
	Beginning balance		\$0	
Add revenues				
Allocation from sales, use, and motor vehicle excise tax collections	\$9,163,584 ^{1,2}		\$9,900,000 ^{1,2}	
Total revenues		9,163,584		9,900,000
Total available		\$9,163,584		\$9,900,000
Less expenditures and transfers				
State Treasurer - County senior citizen matching grants	\$8,535,326 ³		\$9,900,000 ³	
Transfer to the general fund	628,258 ⁴			
Total expenditures and transfers		9,163,584		9,900,000
Ending balance		\$0		\$0

¹The allocation from sales, use, and motor vehicle excise tax collections is shown below.

Fiscal Year	Allocation From Sales, Use, and Motor Vehicle Excise Tax Collections	Percentage Increase (Decrease) From Previous Year
2014	\$2,311,346 (actual)	26.9%
2015	\$2,654,064 (actual)	14.8%
2016	\$3,169,878 (actual)	19.4%
2017	\$3,627,787 (actual)	14.4%
2018	\$3,886,950 (actual)	7.1%
2019	\$4,060,513 (actual)	4.5%
2020	\$4,163,710 (actual)	2.5%
2021	\$4,342,001 (actual)	4.3%
2022	\$4,529,472 (actual)	4.3%
2023	\$4,634,112 (actual)	2.3%
2024	\$4,950,000 (estimate)	6.8%
2025	\$4,950,000 (estimate)	0%

²Senate Bill No. 2242 (2011) increased the amount of general fund revenue to be allocated to the senior citizen services and programs fund from two-thirds of one mill levied statewide to three-fourths of one mill levied statewide effective for taxable years beginning after December 31, 2010. The bill also increased the amount of grants provided to counties that have approved a mill levy for senior citizen services and programs from two-thirds of the amount levied in the county for senior citizen programs to three-fourths of the amount levied in the county for senior citizen programs, limited to one mill.

Senate Bill No. 2162 (2013) increased the amount of general fund revenue to be allocated to the senior citizen services and programs fund from three-fourths of one mill levied statewide to 85 percent of one mill levied statewide effective for taxable years beginning after December 31, 2012. The bill also increased the amount of grants provided to counties that have approved a mill levy for senior citizen programs from three-fourths of the amount levied in the county for senior citizen programs to 85 percent of the amount levied up to one mill.

Senate Bill No. 2143 (2015) increased the amount of general fund revenue to be allocated to the senior citizen services and programs fund from 85 percent of one mill levied statewide to 87.5 percent of the amount appropriated up to one mill levied statewide effective for taxable years beginning after December 31, 2014. The bill also increased the amount of grants provided to counties that have approved a mill levy for senior citizen programs from 85 percent of the amount levied in the county for senior citizen programs to 87.5 percent of the amount appropriated up to one mill.

³The county senior citizen matching grants are shown below.

Fiscal Year	County Senior Citizen Matching Grants	Percentage Increase (Decrease) From Previous Year
2014	\$2,290,963 (actual)	28.0%
2015	\$2,650,725 (actual)	15.7%
2016	\$3,143,803 (actual)	18.6%
2017	\$3,504,725 (actual)	11.5%
2018	\$3,723,317 (actual)	6.2%
2019	\$3,823,071 (actual)	2.7%
2020	\$3,892,217 (actual)	1.8%
2021	\$4,067,236 (actual)	4.5%
2022	\$4,207,302 (actual)	3.4%
2023	\$4,328,024 (actual)	2.9%
2024	\$4,950,000 (estimate)	14.4%
2025	\$4,950,000 (estimate)	0%

⁴Any funds remaining at the end of each biennium are transferred to the general fund.

FUND HISTORY

Senate Bill No. 2267 (2005) created the senior citizen services and programs fund. Statutory provisions are contained in North Dakota Century Code Sections 57-15-56(5) and 57-39.2-26.2. Current statutory provisions provide that each year during July through December, the State Treasurer is to transfer to the fund the portion of sales, use, and motor vehicle excise tax collections that are equivalent to the amount generated from 87.5 percent of one mill levied statewide as reported by the Tax Commissioner. The State Treasurer, by March 1 of the following year, pursuant to a continuing appropriation, distributes money in the fund as grants to eligible counties for senior citizen programs. The grants are provided to counties that have approved a mill levy for senior citizen services and programs. Current statutory provisions provide that the amount of each county's annual grant is equal to 87.5 percent of the amount appropriated in dollars in the county for senior citizen programs, limited to one mill. The Legislative Assembly provided intent that counties match 50 percent of the state grant with funding from the county general fund or state aid distribution fund receipts. Any money remaining in the fund at the end of each biennium is transferred to the general fund, except in the 2005-07 biennium any remaining money in the fund at the end of the biennium was allocated to those counties that were levying the statutory maximum for senior citizen programs in proportion to the amounts generated by those levies in those counties. Senate Bill No. 2242 (2011) amended statutory provisions to increase the amount of collections to be allocated to the fund and the amount of grants provided to counties from two-thirds of the amount levied for senior citizen programs to three-fourths of the amount levied for senior citizen programs, limited to one mill. Senate Bill No. 2162 (2013) increased these amounts to 85 percent of the amounts levied for senior citizen programs, limited to one mill. Senate Bill No. 2143 (2015) increased these amounts to 87.5 percent of the amounts appropriated for senior citizen programs, limited to one mill.

ANALYSIS OF THE SOCIAL SERVICES FUND FOR THE 2021-23 AND 2023-25 BIENNIUMS

	2021-23 Biennium Actual		2023-25 Biennium Estimated	
Beginning balance		\$200,199,146		\$202,799,245
Add estimated revenues				
Allocation of oil and gas tax revenues	\$200,000,000 ¹		\$250,000,000 ¹	
Total estimated revenues		200,000,000		250,000,000
Total available		\$400,199,146		\$452,799,245
Less estimated expenditures and transfers				
Distributions to non-oil-producing counties (2021 HB 1015)	\$11,799,901 ²			
Transfer to human service finance fund (2021 HB 1015; 2023 SB 2393)	185,600,000		\$200,000,000 ³	
Total estimated expenditures and transfers		197,399,901		200,000,000
Estimated ending balance		<u>\$202,799,245</u>		<u>\$252,799,245</u>

¹Estimated revenues - These amounts reflect the March 2023 legislative revenue forecast. Senate Bill No. 2367 (2023) increases the allocation from the state share of oil and gas taxes to the social services fund from \$200 million to \$250 million.

²Section 4 of 2021 House Bill No. 1015 provides \$20 million for distributions to non-oil-producing counties for the benefit of organized and unorganized townships. Of the \$20 million, \$8.2 million is from the state disaster relief fund and \$11.8 million is from the tax relief (social services) fund. The State Treasurer is required to allocate \$10 million equally to all the townships and \$10 million based on road miles.

³Section 5 of Senate Bill No. 2393 (2023) provides for a transfer of \$200 million from the social services fund to the human service finance fund.

FUND HISTORY

North Dakota Century Code Section 57-64-05, as created by Senate Bill No. 2199 (2009), created the property tax relief sustainability fund for property tax relief programs, pursuant to legislative appropriation. Senate Bill No. 2199 provided an initial transfer of \$295 million from the permanent oil tax trust fund to the property tax relief sustainability fund. Chapter 57-51.1 provided for an allocation of the state's share of oil and gas tax revenues of \$341.79 million each biennium to the property tax relief sustainability fund.

Section 15.1-27-45, as created by Section 40 of House Bill No. 1013 (2013), changed the name of the property tax relief sustainability fund to the property tax relief fund, but only for the 2013-15 biennium. House Bill No. 1377 (2015) repealed Sections 15.1-27-45 and 57-64-05 relating to the property tax relief sustainability fund and amended Section 57-51.1-07.5 to change the name of the property tax relief sustainability fund to the tax relief fund and decreased the amount of the state's share of oil and gas tax revenue deposited in the fund from \$341.79 million per biennium to \$300 million per biennium.

House Bill No. 1152 (2017) amended Section 57-51.1-07.5 to change the allocation of the state's share of oil and gas tax revenue to reduce the allocation to the tax relief fund to \$200 million.

House Bill No. 1066 (2019) amended Section 57-51.1-07.5 but did not change the allocation of \$200 million to the tax relief fund.

Senate Bill No. 2367 (2023) amended Section 57-51.1-07.5 to change the name of the tax relief fund to the social services fund and to increase the amount of the state's share of oil and gas tax revenue deposited in the fund from \$200 million to \$250 million.

ANALYSIS OF THE STATE AID DISTRIBUTION FUND FOR THE 2021-23 AND 2023-25 BIENNIUMS

	2021-23 Biennium Actual		2023-25 Biennium Estimated	
	Beginning balance		\$0	
Add revenues				
Sales, use, and motor vehicle excise taxes (based on 43.5 percent of an equivalent one-cent sales tax effective July 1, 2014)	\$233,537,394 ¹		\$251,787,014 ¹	
Total revenues		233,537,394		251,787,014
Total available		\$233,537,394		\$251,787,014
Less expenditures and transfers				
Payments to political subdivisions				
County share (53.7 percent)	\$125,409,581		\$135,209,627	
City share (46.3 percent)	108,127,813		116,577,387	
Total expenditures and transfers		233,537,394		251,787,014
Ending balance		\$0		\$0

¹The amounts shown for the 2023-25 biennium are based on collections through March 2024 and the 2023 legislative revenue forecast through the remainder of the 2023-25 biennium.

NOTE: The estimated revenue projection for the 2023-25 biennium made at the end of the 2023 regular legislative session for deposits in the fund was \$242,991,024. The estimated fund revenues are \$8,795,990 more than the 2023 legislative estimate.

FUND HISTORY

North Dakota Century Code Section 57-39.2-26.1 provided, prior to January 1999, for a portion of sales, use, and motor vehicle excise tax collections equal to 60 percent of an equivalent one-cent sales tax to be deposited by the State Treasurer in the state aid distribution fund. The Tax Commissioner certified to the State Treasurer the portion of sales, use, and motor vehicle excise tax net revenues that were deposited in the state aid distribution fund. The state aid distribution fund had historically been allocated, subject to legislative appropriation, with 50 percent of revenues for state revenue sharing and 50 percent for personal property tax replacement.

The 1997 Legislative Assembly amended Section 57-39.2-26.1 to provide that, effective January 1, 1999, deposits into the state aid distribution fund are based on an amount equal to 40 percent of an equivalent one-cent sales tax instead of an amount equal to 60 percent of an equivalent one-cent sales tax. In addition, a continuing appropriation was added which appropriates all revenues deposited in the state aid distribution fund for payments to political subdivisions. Senate Bill No. 2325 (2013) provides that effective July 1, 2014, deposits into the state aid distribution fund be based on an amount equal to 43.5 percent of an equivalent one-cent sales tax instead of an amount equal to 40 percent of an equivalent one-cent sales tax.

The 1997 Legislative Assembly also changed the allocation of the state aid distribution fund from 50 percent for personal property tax replacement and 50 percent for revenue sharing to 53.7 percent for counties and 46.3 percent for cities. The allocation for each county includes townships, rural fire protection districts, rural ambulance districts, soil conservation districts, county recreation service districts, county hospital districts, the Garrison Diversion Conservancy District, the Southwest Water Authority, and other taxing districts within the county, excluding school districts, cities, and taxing districts within the cities. The allocation for each city includes park districts and other taxing districts within the city, excluding school districts. The county allocation to townships must be based on the same percentage allocation that a township received in calendar year 1996.

House Bill No. 1025 (2003), which became effective on August 1, 2003, revised the state aid distribution formula for cities and counties to account for population changes resulting from the 2000 Census. The bill provides for total distribution percentages to cities and counties to remain at 53.7 percent to counties and 46.3 percent to cities; however, the allocation formula to specific counties and cities is:

Population Category Through June 30, 2011			
Counties	Percentage	Cities (Based on Population)	Percentage
17 counties with the largest population (allocated equally)	20.48%	80,000 or more	19.4%
17 counties with the largest population (allocated based on population)	43.52%	20,000 or more but less than 80,000	34.5%
Remaining counties (allocated equally)	14.40%	10,000 or more but less than 20,000	16.0%
Remaining counties (allocated based on population)	21.60%	5,000 or more but less than 10,000	4.9%
		1,000 or more but less than 5,000	13.1%
		500 or more but less than 1,000	6.1%
		200 or more but less than 500	3.4%
		Less than 200	2.6%
Total	100.00%		100.0%

Senate Bill No. 2253 (2011), which became effective July 1, 2011, revised the state aid distribution formula for cities to provide that distributions be based upon the proportion each city's population bears to the total population of all cities. The bill did not change the total distribution percentages to cities and counties, which remains at 53.7 percent to counties and 46.3 percent to cities. The allocation formula for specific counties and cities is:

Population Category Effective July 1, 2011		
Counties	Percentage	Cities
17 counties with the largest population (allocated equally)	20.48%	Based upon the proportion each city's population bears to total population
17 counties with the largest population (allocated based on population)	43.52%	
Remaining counties (allocated equally)	14.40%	
Remaining counties (allocated based on population)	21.60%	
Total	100.00%	

Senate Bill No. 2325 (2013), which became effective July 1, 2014, increased the portion of the sales and use, gross receipts, and motor vehicle excise tax collections that is deposited in the state aid distribution fund from an amount equal to 40 percent of the equivalent one-cent sales tax to an amount equal to 43.5 percent of an equivalent one-cent sales tax.

House Bill No. 1067 (2015), which became effective July 1, 2015, and expired on June 30, 2021, changes the state aid distribution formula from allocations based on the decennial census to allocations based on most recent actual or estimated census data. House Bill No. 1379 (2021) clarified the timing of the allocations from the state aid distribution fund and continued the method of allocating revenues based on the most recent actual or estimated census data.

**ANALYSIS OF THE STRATEGIC INVESTMENT AND IMPROVEMENTS FUND
FOR THE 2021-23 AND 2023-25 BIENNIUMS**

	2021-23 Biennium		2023-25 Biennium

¹The amounts shown reflect projections by the Department of Trust Lands for the 2023-25 biennium.

²Senate Bill No. 2134 (2017) changed the definition of the ordinary high water mark related to sovereign minerals, reducing the mineral revenue to the strategic investment and improvements fund (SIIF) and requiring refund payments for previously received mineral revenues. The bill appropriated \$100 million from SIIF and authorized \$87 million from a line of credit through the Bank of North Dakota for the mineral revenue refund repayment during the 2017-19 biennium. The bill provided legislative intent that the \$87 million line of credit is to be repaid from SIIF; however, the department did not access the line of credit. Mineral revenue refund repayments began in the fall of 2020, and the amounts shown reflect the amounts paid pursuant to the department's continuing appropriation.

House Bill No. 1202 (2019) clarified the definition of navigable waters, which may affect the state's mineral interests and mineral revenue deposited in SIIF. However, the estimated impact is unknown.

³Estimated revenues - The estimated allocations for the 2023-25 biennium are based on actual oil and gas tax revenue allocations through April 2024 and the 2023 legislative revenue forecast for the remainder of the biennium.

⁴House Bill No. 1015 (2021) increased the oil and gas tax revenue allocation limit for the state disaster relief fund by \$5 million and aligned the allocations to the municipal infrastructure fund and the county and township infrastructure fund to provide allocations to the two funds at the same time after the initial allocation to SIIF. Senate Bill No. 2014 (2021) limited the allocations to the North Dakota outdoor heritage fund to \$7.5 million per fiscal year. Senate Bill No. 2249 (2021) increased the oil and gas tax revenue allocation limit for the state disaster relief fund by \$5 million, the same as House Bill No. 1015 (2021). Senate Bill No. 2319 (2021) created a process to allocate a portion of the oil and gas tax revenue collected from oil wells that cross into a reservation to the tribes decreasing the state's share of oil and gas tax revenues. The combined effect of the bills results in an increase in the allocations to SIIF for the 2021-23 biennium.

House Bill No. 1014 (2023) limits the allocations to the North Dakota outdoor heritage fund to \$7.5 million per fiscal year. Senate Bill No. 2161 (2023) increases the allocation to the State Energy Research Center fund by \$2.5 million per biennium. Senate Bill No. 2367 (2023) changes the allocation of the state's share of oil and gas tax revenue to increase the allocations to the general fund by \$60 million per biennium and to increase the allocation to the social services fund, which was previously the tax relief fund, by \$50 million per biennium. Senate Bill No. 2015 (2023) adds an allocation of \$65 million per biennium to the Public Employees Retirement System fund from the state's share of oil and gas tax revenue. The combined effect of the bills results in a decrease in the allocations to SIIF for the 2023-25 biennium.

⁵These amounts represent mineral revenues received from areas of the Yellowstone and Missouri Rivers and Lake Sakakawea where mineral rights are in dispute. Pursuant to action of the Board of University and School Lands, this portion of the fund balance is designated to be held in reserve. The assigned fund balance is adjusted only when approved by the board, which is usually done in August of each year.

⁶Senate Bill No. 2287 (2013) increased the guarantee reserve fund balance from 25 to 100 percent, not to exceed a total of \$25 million, through July 31, 2015. After July 31, 2015, the amount of reserves for all guaranteed loans must be determined by a formula that will provide an adequate amount of reserves as determined by the Bank of North Dakota. Money may be transferred from SIIF to reimburse lenders for guaranteed loans in default.

Senate Bill No. 2296 (2019) increased the limit for loan guarantees to \$50 million. Senate Bill No. 2230 (2021) increases the loan guarantee limit to \$80 million. House Bill No. 1014 (2023) increases the limit for loan guarantees to \$140 million related to a guarantee for a line of credit to provide pipeline capacity positions beginning July 1, 2025.

⁷The unobligated ending balance for the 2023-25 biennium does not reflect \$185 million of future commitments in the 2025-27 biennium, including \$125 million for a fertilizer development incentive program created in House Bill No. 1546 (2023 special session) and \$60 million for a loan guarantee of pipeline capacity positions authorized in House Bill No. 1014 (2023).

NOTE: The estimated June 30, 2025, unobligated balance made at the end of the 2023 regular legislative session was \$832,880,426. The estimated balance increased by \$696,671,808 primarily related to increases in oil and gas production royalties, oil and gas tax revenues allocations, and investment earnings.

FUND HISTORY

House Bill No. 1451 (2011) provided the lands and minerals trust fund be renamed SIIF, and as soon as feasible after June 30, 2011, the State Treasurer close out the lands and minerals trust fund and transfer any remaining unobligated balance to SIIF. The lands and minerals trust fund originated in 1977 when the Legislative Assembly transferred to the Board of University and School Lands possessory interest in properties obtained by the Bank of North Dakota, including tracts of real property and reserved mineral interests.

All income from the sale, lease, and management of the mineral interests relating to these properties is deposited in SIIF, pursuant to North Dakota Century Code Section 15-08.1-08. The principal and interest of the fund may be used for one-time expenditures relating to improving state infrastructure or for initiatives to improve the efficiency and effectiveness of state government. Money in the fund may be included in draft appropriation Acts under Section 54-44.1-06 and may be appropriated by the Legislative Assembly, but only to the extent the money is estimated to be available at the beginning of the biennium in which the appropriations are authorized.

Prior to July 1, 2015, if the unobligated balance of SIIF exceeded \$300 million at the end of any month, 25 percent of any revenues received for deposit in SIIF were deposited instead into the legacy fund in the subsequent month. In House Bill Nos. 1176 and 1377 (2015), the Legislative Assembly amended Section 15-08.1-08 to remove the provision related to the additional deposits of revenue in the legacy fund from SIIF. The unobligated balance in the fund is defined as the balance in the fund reduced by appropriations or transfers from the fund authorized by the Legislative Assembly, guarantee reserve fund requirements under Section 6-09.7-05, and any fund balance designated by the Board of University and School Lands relating to potential title disputes related to certain riverbed leases.

**ANALYSIS OF THE STUDENT LOAN TRUST FUND FOR THE 2021-23 AND 2023-25 BIENNIUMS
(REFLECTING BOTH THE 1979 AND 1996 BOND RESOLUTIONS)**

	2021-23 Biennium ¹		2023-25 Biennium ¹

Ending balance - Unobligated		\$207,888		\$165,888

¹This analysis reflects the estimated revenues, expenditures, and ending balance for **both the 1979 and 1996 bond resolutions**. Prior to fiscal year 2012, permission was needed from the Ambac Assurance Corporation to use any assets from the 1996 bond resolution. There are no longer any bonds insured by the Ambac Assurance Corporation; however, there are outstanding bonds of \$1 million as of March 31, 2024. The outstanding bonds will mature on June 1, 2029. Debt service to bondholders has priority over all other transfers.

²The projected income for the 2023-25 biennium is based on interest rates as of May 1, 2024, and is net of the Industrial Commission and trustee expenses.

FUND HISTORY

The 1971 Legislative Assembly authorized the Industrial Commission to acquire and hold all unpaid government-guaranteed or reinsured student loans and North Dakota student loans belonging to the state or any of its agencies. As a result, the student loan trust fund was created, which enabled the state to sell tax-exempt bonds and use the proceeds for purchasing student loans made or acquired by the Bank of North Dakota.

The student loan trust fund does not make loans to students or service loans which it acquires. The Bank of North Dakota continues to service those loans which the student loan trust fund holds.

The student loan trust fund is comprised of funds held under two general bond resolutions. The first general bond resolution includes funds from bonds issued in 1979, 1988, 1989, 1992, and 2004. The second general bond resolution--referred to as the 1996 bond resolution--includes funds from bonds issued in 1996, 1997, 1998, and 2000. All bond issuances prior to 2004 were insured by Ambac Assurance Corporation. There are no longer any outstanding bonds insured by Ambac Assurance Corporation.

Under both of the bond resolutions, assets may only be used for:

- Purchase of student loans.
- Payment of debt service to bondholders.
- Providing financial assistance to the North Dakota Student Loan Guarantee Agency.
- Payment of any rebate liability to the federal government.

- Administration of the student loan trust fund.

After all bonds in the 1979 and 1996 bond resolutions have matured, been redeemed or defeased and all expenses paid, and the resolutions closed, any remaining assets held under the bond resolutions would be transferred to the Industrial Commission for use at its discretion and as allowed by law. As of March 31, 2024, \$1 million in bonds remains outstanding. In order to use assets held under the 1979 and 1996 general bond resolutions for a purpose other than those stated in the general bond resolution, the administrator of the student loan trust fund must receive a certification from the trustee of the bond (the Bank of North Dakota) that sufficient reserves remain for bond payments and other related program costs. Prior to 2012, permission needed to be obtained from Ambac Assurance Corporation for any use of assets held in the 1996 general bond resolution; however, there are no longer any bonds insured by Ambac Assurance Corporation.

North Dakota Century Code Section 54-17-25 provides the Industrial Commission may issue subordinate or residual bonds when the commission determines that it is appropriate or expedient to do so.

ANALYSIS OF THE TOBACCO SETTLEMENT TRUST FUND FOR THE 2021-23 AND 2023-25 BIENNIUMS

	2021-23 Biennium Actual		2023-25 Biennium Estimated	
	Beginning balance		\$0	
Add revenues				
Tobacco settlement revenues collected to date	\$48,100,931 ¹		\$22,151,312 ¹	
Projected tobacco settlement revenues	0		20,000,000 ²	
Total revenues		48,100,931 ²		42,151,312 ²
Total available		\$48,100,931 ^{3,4}		\$42,151,312 ^{3,4}
Less expenditures and transfers				
Transfers to the community health trust fund	\$48,100,931 ²		\$42,151,312 ²	
Total expenditures and transfers		48,100,931 ⁴		42,151,312 ⁴
Ending balance		\$0		\$0

¹Through April 2024 the state has received tobacco settlement payments totaling \$22,151,312 for the 2023-25 biennium, which have been deposited in the tobacco settlement trust fund. Because payments under subsection IX(c)(2) of the Master Settlement Agreement ended in 2017, no funds were deposited in the tobacco prevention and control trust fund. To date, the state has received total tobacco settlement collections of \$715,811,231, including \$596,323,770 under subsection IX(c)(1) of the Master Settlement Agreement and \$119,487,461 under subsection IX(c)(2) of the Master Settlement Agreement. Of the \$715,811,231, \$610,121,499 has been deposited into the tobacco settlement trust fund and \$105,689,732 has been deposited into the tobacco prevention and control trust fund.

²Revenues - House Bill No. 1475 (1999), North Dakota Century Code Section 54-27-25, provided interest on the money in the tobacco settlement trust fund must be retained in the fund, and the principal and interest must be allocated 10 percent to the community health trust fund, 45 percent to the common schools trust fund, and 45 percent to the water development trust fund. In House Bill No. 1012 (2017), the Legislative Assembly suspended transfers from the tobacco settlement trust fund to the common schools trust fund during the 2017-19 biennium and increased transfers from the tobacco settlement trust fund to the community health trust fund from 10 to 55 percent of the tobacco settlement revenues deposited in the tobacco settlement trust fund. In Senate Bill No. 2012 (2019), the Legislative Assembly amended Section 54-27-25 to provide all money in the fund must be transferred within 30 days of receipt to the community health trust fund. Because deposits in the tobacco settlement trust fund are transferred to the community health trust fund within 30 days, there is no provision for interest.

In the November 2008 general election, voters approved Initiated Measure No. 3 that amended Section 54-27-25 to provide a portion of tobacco settlement funds received by the state be deposited in the newly created tobacco prevention and control trust fund rather than the entire amount in the tobacco settlement trust fund. Tobacco settlement money received under subsection IX(c)(1) of the Master Settlement Agreement, which continues in perpetuity, is deposited into the tobacco settlement trust fund and, beginning with the 2019-21 biennium, allocated 100 percent to the community health trust fund. Tobacco settlement money received under subsection IX(c)(2) of the Master Settlement Agreement, which began in 2008 and continued through 2017, began to be deposited in 2009 into the tobacco prevention and control trust fund. The amount received under subsection IX(c)(2) of the Master Settlement Agreement for 2008 was \$13,797,729, which, because it was received prior to passage of the measure, was allocated pursuant to Section 54-27-25 prior to amendment.

Tobacco settlement trust fund revenues have been estimated based on actual revenues received through April 2024 and legislative estimates for the remainder of the 2023-25 biennium.

³In 2006 certain tobacco companies began reducing their tobacco settlement payments to North Dakota contending that the Master Settlement Agreement allows for the payments to be reduced if they lose sales to small cigarette makers that did not participate in the agreement and if states do not enforce laws intended to make smaller tobacco companies set aside money for legal claims. The Attorney General's office filed a lawsuit against the tobacco companies to collect the full payment and in 2018 reached a settlement with the tobacco companies. The total original estimated tobacco settlement collections, including payments to be

received under both subsection IX(c)(1) and subsection IX(c)(2) of the Master Settlement Agreement, and the total actual and estimated collections as revised by the Office of Management and Budget are:

Biennium	1999 Original Estimated Collections	Actual and Office of Management and Budget Revised Estimated Collections
1999-2001	\$57,593,770	\$52,900,784
2001-03	61,143,578	53,636,363
2003-05	51,271,214	46,310,010
2005-07	51,271,214	43,828,118
2007-09	82,231,080	75,633,409
2009-11	82,231,080	64,013,596
2011-13	82,231,080	63,035,245
2013-15	82,231,080	64,618,711
2015-17	82,231,080	63,570,920
2017-19	58,591,490	74,073,990
2019-21	58,591,490	43,937,843
2021-23	58,591,490	48,100,931
2023-25	58,591,490	42,151,312
Total	\$866,801,136	\$735,811,232

⁴Initiated Measure No. 3 (2008) resulted in the following allocation of the revised estimated collections for tobacco settlement payments through 2025. In House Bill No. 1012 (2017), the Legislative Assembly amended Section 54-27-25 to suspend transfers from the tobacco settlement trust fund to the common schools trust fund during the 2017-19 biennium and increase transfers from the tobacco settlement trust fund to the community health trust fund from 10 to 55 percent of the tobacco settlement revenues deposited in the tobacco settlement trust fund. Transfers from the tobacco settlement trust fund to the water development trust fund remained at 45 percent. In Senate Bill No. 2012 (2019), the Legislative Assembly amended Section 54-27-25 to provide all money in the fund must be transferred within 30 days of receipt to the community health trust fund. Therefore, the following are estimated allocations of tobacco settlement payments through 2025, based on reallocations approved by the 2017 and 2019 Legislative Assemblies:

	Actual and Estimated Total Tobacco Settlement Proceeds, Including Attorney General Costs	Actual and Estimated Payments Under Master Settlement Agreement Subsection IX(c)(2) Deposited in the Tobacco Prevention and Control Trust Fund	Allocation of Actual and Estimated Payments Under Master Settlement Agreement Subsection IX(c)(1)		
			Common Schools Trust Fund	Water Development Trust Fund	Community Health Trust Fund
Actual payment April 2008	\$36.4 million	N/A	\$16.4 million	\$16.4 million	\$3.6 million
Actual payment April 2009	39.2 million	\$14.1 million	11.3 million	11.3 million	2.5 million
Actual payments 2009-11 biennium	64.0 million	23.5 million	18.2 million	18.2 million	4.1 million
Actual payments 2011-13 biennium	63.0 million	22.8 million	18.1 million	18.1 million	4.0 million
Actual payments 2013-15 biennium	64.6 million	22.4 million	19.0 million	19.0 million	4.2 million
Actual payments 2015-17 biennium	63.5 million ¹	22.9 million	18.2 million	18.2 million	4.0 million
Actual payments 2017-19 biennium	74.1 million ¹	N/A	0	33.3 million	40.7 million
Actual payments 2019-21 biennium	43.9 million ²	N/A	0	0	44.1 million
Actual payments 2021-23 biennium	48.1 million	N/A	0	0	48.1 million
Estimated 2023-25 biennium	42.2 million	N/A	0	0	42.2 million
Total	\$539.0 million	\$105.7 million	\$101.2 million	\$134.5 million	\$197.5 million

¹This amount includes funding made available from the tobacco settlement trust fund to the Attorney General for enforcement of the Master Settlement Agreement and any disputes with the agreement, net of unspent funds returned by the Attorney General.

²This amount is net of unspent funds returned to the tobacco settlement trust fund by the Attorney General.

FUND HISTORY

Section 54-27-25, created by House Bill No. 1475 (1999), established a tobacco settlement trust fund for the deposit of all tobacco settlement money obtained by the state. Money in the fund, including interest, must be transferred within 30 days of its deposit in the fund:

- 10 percent to the community health trust fund. In House Bill No. 1012 (2017), the Legislative Assembly suspended transfers from the tobacco settlement trust fund to the common schools trust fund during the 2017-19 biennium and increased transfers from the tobacco settlement trust fund to the community health trust fund from 10 to 55 percent of the tobacco settlement revenues deposited in the tobacco settlement trust fund.
- 45 percent to the common schools trust fund. In House Bill No. 1012 (2017), the Legislative Assembly suspended transfers from the tobacco settlement trust fund to the common schools trust fund during the 2017-19 biennium and increased transfers from the tobacco settlement trust fund to the community health trust fund from 10 to 55 percent of the tobacco settlement revenues deposited in the tobacco settlement trust fund.
- 45 percent to the water development trust fund.

Section 54-27-25, as amended in Senate Bill No. 2012 (2019), provides all money in the fund must be transferred within 30 days of receipt to the community health trust fund.

In the November 2008 general election, voters approved Initiated Measure No. 3 that amended Section 54-27-25 to establish a tobacco prevention and control trust fund. The measure provided for a portion of tobacco settlement funds received by the state to be deposited in a new fund rather than the entire amount in the tobacco settlement trust fund. Tobacco settlement money received under subsection IX(c)(1) of the Master Settlement Agreement, which continues in perpetuity, will continue to be deposited into the tobacco settlement trust fund and allocated pursuant to Section 54-27-25. Tobacco settlement money received under subsection IX(c)(2) of the Master Settlement Agreement, relating to strategic contribution payments, which began in 2008 and continued through 2017, was deposited into the tobacco prevention and control trust fund.

The tobacco settlement payment received by the state in April 2008 was the first payment that included funds relating to subsection IX(c)(2) of the Master Settlement Agreement. This payment was received prior to the approval of the measure and was deposited in the tobacco settlement trust fund and disbursed as provided for in Section 54-27-25 prior to amendment by the measure. In 2009 tobacco settlement payments began to be deposited in the tobacco settlement trust fund and the tobacco prevention and control trust fund pursuant to Section 54-27-25 as amended by the measure.

The Legislative Assembly, in Senate Bill No. 2003 (2015), amended Section 54-27-25 relating to the tobacco settlement trust fund to provide the principal and interest of the fund may be appropriated to the Attorney General for the enforcement of the Master Settlement Agreement and any disputes with the agreement. The Legislative Assembly, in Senate Bill No. 2012 (2019), removed this authorization.

ANALYSIS OF THE STATE TUITION FUND FOR THE 2021-23 AND 2023-25 BIENNIUMS

	2021-23 Biennium Actual		2023-25 Biennium Estimated	
	Beginning balance		\$2,015,709 ¹	
Add revenues				
Fines for violation of state laws	\$11,403,105		\$11,240,986 ²	
Transfers from the common schools trust fund	421,020,000		499,860,000	
Total revenues		432,423,105		511,100,986
Total available		\$434,438,814		\$512,779,738
Less expenditures and transfers				
State aid to schools (2019 SB 2013; 2021 HB 1013)	\$432,760,062		\$511,100,925	
Total expenditures and transfers		432,760,062		511,100,925
Ending balance		<u>\$1,678,752¹</u>		<u>\$1,678,813¹</u>

¹Beginning/ending balance - North Dakota Century Code Section 15.1-28-03 provides for the distribution of money in the state tuition fund in August, September, October, November, December, January, February, March, and April of each fiscal year. Fine proceeds deposited in the state tuition fund during May and June of each fiscal year are carried forward for distribution in August of the subsequent year.

²Fines for violation of state laws - Fine proceeds estimated to be deposited in the state tuition fund during the 2023-25 biennium are based on actual fines deposited into the fund through March 2024 and estimated fine proceeds for the remainder of the 2023-25 biennium based on the 2023 legislative revenue forecast. The amount of state tuition fund distributions from fine proceeds is shown below.

Fiscal Year	Revenue From Fines	Percentage Increase (Decrease) From Previous Year
2003	\$4,607,423 (actual)	(3.6%)
2004	\$4,721,407 (actual)	2.5%
2005	\$4,507,137 (actual)	(4.5%)
2006	\$4,506,316 (actual)	(0.01%)
2007	\$4,590,395 (actual)	1.9%
2008	\$4,692,048 (actual)	2.2%
2009	\$4,452,118 (actual)	(5.1%)
2010	\$4,593,325 (actual)	3.2%
2011	\$4,963,691 (actual)	8.1%
2012	\$5,769,861 (actual)	16.2%
2013	\$6,158,750 (actual)	6.7%
2014	\$6,844,632 (actual)	11.1%
2015	\$7,655,890 (actual)	11.9%
2016	\$6,945,206 (actual)	(9.3%)
2017	\$5,511,247 (actual)	(20.6%)
2018	\$6,055,397 (actual)	9.9%
2019	\$5,885,838 (actual)	(2.8%)
2020	\$5,093,885 (actual)	(13.5%)
2021	\$6,144,964 (actual)	20.6%
2022	\$5,791,042 (actual)	(5.8%)
2023	\$5,612,063 (actual)	(3.1%)
2024	\$5,740,986 (estimate)	2.3%
2025	\$5,500,000 (estimate)	(4.2%)

NOTE: The estimated June 30, 2025, balance made at the end of the 2023 regular legislative session was \$1,541,149. The increase in the estimated balance of \$137,664 is due to the beginning 2023-25 biennium balance being \$137,603 more than anticipated, due to transfers being \$187,663 less than anticipated, offset by revenues from fines being \$50,060 less than estimated during the 2021-23 biennium and 2023-25 biennium to date estimated revenue from fines being \$240,986 more than estimated, offset by transfers being \$240,925 more than anticipated.

FUND HISTORY

The state tuition fund originated in 1889 with the enactment of the Constitution of North Dakota. The original constitutional provisions have not changed significantly since enactment and are currently contained in Section 2 of Article IX of the Constitution of North Dakota, which provides that payments to the common schools trust fund of the state include:

- Distributions from the common schools trust fund;
- All fines for violation of state laws; and
- All other amounts provided by law.

Section 15.1-28-01 provides the state tuition fund consists of the net proceeds from all fines for violation of state laws and distributions from the common schools trust fund. Section 15.1-28-03 directs the Office of Management and Budget, on or before the third Monday in January, February, March, April, August, September, October, November, and December of each year, to certify to the Superintendent of Public Instruction the amount of the state tuition fund. Prior to the 2007-09 biennium, the Superintendent apportioned the money in the state tuition fund among the school districts in the state based on the number of school-age children in the district. Senate Bill No. 2200 (2007) consolidated funding for the state school aid program, including per student payments, teacher compensation payments, special education average daily membership payments, revenue supplemental payments, and tuition apportionment payments, into a new state school aid funding formula with a new distribution methodology; therefore, beginning with the 2007-09 biennium, the Superintendent includes the money in the state tuition fund in state school aid payments to school districts as determined by Chapter 15.1-27.

ANALYSIS OF THE VETERANS' POSTWAR TRUST FUND FOR THE 2021-23 AND 2023-25 BIENNIUMS

	2021-23 Biennium		2023-25 Biennium	
	Actual		Estimated	
Beginning balance ^{1,2}		\$8,179,087		\$8,250,083
Add revenues				
Investment and interest income ^{3,4}	(\$209,383)		\$1,100,000	
Short-term interest on certificates of deposit	1,691		54,000	
Patriotic license plates	32,754		37,000	
Income tax return donations	59,768		55,000	
Commemorative memorial coin program sales	18,390		13,000	
Commemorative memorial coin program donations	3,830		5,100	
Impact Foundation donations ⁵	70,000		40,000	
Fisher House donations ⁶	485,293		8,403	
Other donations and income ²	22,515		51,000	
Total revenues		484,858		1,363,503
Total available ^{7,8}		\$8,663,945		\$9,613,586
Less estimated expenditures and transfers				
Investment management and consulting services	\$129,735		\$110,000	
Grants and related expenditures	188,553		190,000	
Veterans' transportation programs	468		500	
Commemorative memorial coin program expenditures	13,340		60,000	
Impact Foundation expenditures ⁵	81,766		54,000	
Fisher House expenditures ⁶	0		504,996	
Other programs that benefit veterans ^{7,8}	0		150,000	
Total expenditures and transfers		413,862		1,069,496
Ending balance		\$8,250,083		\$8,544,090

¹During the 2019-21 biennium, the State Treasurer converted investment earnings reporting from a cost basis to a fair market value basis, resulting in an increase in the reported value of investments of the veterans' postwar trust fund.

²North Dakota Century Code Section 57-38-34.7 allows the Department of Veterans' Affairs to apply for, accept, and expend private donations, gifts, grants, or bequests that are offered or tendered with a specifically identified purpose or a restrictive condition which is related to a benefit or service for resident North Dakota veterans and appropriates those funds to the department on a continuing basis in accordance with the donor's instructions. During the 2021-23 biennium, the department received \$20,343 of donations for veterans' programs, excluding donations from the Impact Foundation, donations for the Fisher House, and commemorative memorial coin donations. Of the total, \$3,800 was for hardship assistance grants, \$16,043 was for a hyperbaric oxygen therapy program for veterans with posttraumatic stress disorder, and \$500 was for a commemorative book provided free to Vietnam War veterans. The department also received a \$2,172 refund of prior biennium expenses during the 2021-23 biennium.

³Prior to July 2011, Section 37-14-14 appropriated on a continuing basis all income of the veterans' postwar trust fund to the Administrative Committee on Veterans' Affairs for programs that benefit veterans or their dependents. The Legislative Assembly in House Bill No. 1468 (2011) amended Section 37-14-14 to provide that all income earned in a biennium is appropriated to the Administrative Committee on Veterans' Affairs for authorized programs on a continuing basis in the following biennium, and not in the biennium in which it is earned. Therefore, the investment income earned by the fund during the 2019-21 biennium was not available for

programs until the 2021-23 biennium, income earned by the fund during the 2021-23 biennium was not available for programs until the 2023-25 biennium, and income earned during the 2023-25 biennium will not be available for programs until the 2025-27 biennium.

⁴The State Treasurer has not provided investment income estimates for the 2023-25 biennium. Actual investment income through March 2024 was \$813,013. Investment income estimates for the 2023-25 biennium are based on actual investment income through March 2024 and estimated investment gains for April 2024 through June 2025 based on 16 years of historical investment returns from the 2007-09 biennium through the 2021-23 biennium.

⁵The North Dakota Veterans Emergency Needs Charitable Fund (also known as the North Dakota Support Our Veterans Fund) was established in April 2010 by the Impact Foundation to support emergency needs of North Dakota veterans and their eligible dependents. As noted in the March 28, 2018, *Performance Audit Report of the Department of Veterans' Affairs* prepared by the State Auditor, the department has received and expended funds from the Impact Foundation by combining these funds with those of the veterans' postwar trust fund without legislative or Emergency Commission approval. The State Auditor's report identified that these actions were in conflict with Section 18 of Article X of the Constitution of North Dakota and Section 37-18-12. In House Bill No. 1248 (2019), the Legislative Assembly created Section 57-38-34.7 to authorize the department to accept and expend donations and other funding, such as the funding received from the Impact Foundation.

⁶Funds available for the Fisher House during the 2023-25 biennium total \$504,996, of which \$11,300 is from donations received during the 2019-21 biennium, \$485,293 is from donations received during the 2021-23 biennium, and \$8,403 is from donations received during the 2023-25 biennium. The funds are for a Fisher House program to partner with a private organization to build comfort homes for military and veteran families when a family member is hospitalized. Of the \$504,996 in funds available for the Fisher House, \$475,546 was from 10 percent of proceeds from the sale of land, which was designated to the department in the landowner's will. Of the funds donated from the land sale, \$474,293 was received in the 2021-23 biennium and \$1,253 was received in the 2023-25 biennium.

⁷Funds available for veteran benefits during the 2021-23 biennium totaled \$1,012,281, as follows:

Funding Description	Funding Available
2017-19 biennium investment income earned and available beginning in the 2019-21 biennium not yet spent	\$81,142
2019-21 biennium investment income earned and available beginning in the 2021-23 biennium	232,370
2019-21 biennium commemorative memorial coin program donations and sales not yet spent	18,736
2021-23 biennium commemorative memorial coin program donations and sales	22,220
2021-23 biennium short-term interest	1,691
2019-21 biennium donations from the Impact Foundation not yet spent	26,014
2021-23 biennium donations from the Impact Foundation	70,000
2019-21 biennium donations for the Fisher House not yet spent	11,300
2021-23 biennium donations for the Fisher House	485,293
2019-21 biennium other donations and income not yet spent	41,000
2021-23 biennium other donations and income	22,515
Total	\$1,012,281

⁸Estimated funds available for veteran benefits during the 2023-25 biennium total approximately \$1,088,654, as follows:

Funding Description	Funding Available
2019-21 biennium investment income earned and available beginning in the 2021-23 biennium not yet spent	\$121,045
2021-23 biennium investment income earned and available beginning in the 2023-25 biennium	248,607
2019-21 biennium commemorative memorial coin program donations and sales not yet spent	5,396
2021-23 biennium commemorative memorial coin program donations and sales not yet spent	22,220
2023-25 biennium estimated commemorative memorial coin program donations and sales	18,100
2023-25 biennium estimated short-term interest	54,000
2021-23 biennium donations from the Impact Foundation not yet spent	14,248
2023-25 biennium estimated donations from the Impact Foundation	40,000
2019-21 biennium donations for the Fisher House not yet spent	11,300
2021-23 biennium donations for the Fisher House not yet spent	485,293
2023-25 biennium estimated donations for the Fisher House	8,403
2021-23 biennium other donations and income not yet spent	9,042
2023-25 biennium estimated other donations and income	51,000
Total	\$1,088,654

FUND HISTORY Established

The fund was created by Section 6 of Senate Bill No. 2271 (1981):

SECTION 6. TRANSFER OF VIETNAM BONUS FUNDS TO VETERANS' POSTWAR TRUST FUND. All unobligated moneys in the Vietnam veterans' adjusted compensation funds in the state treasury after July 1, 1981, shall be transferred by the state treasurer to the veterans' postwar trust fund. Any obligations of such funds as a result of any amendment of section 37-25-10 by the forty-seventh legislative assembly shall be paid out of the veterans' postwar trust fund and the moneys necessary to meet those obligations are hereby appropriated.

1988 Initiated Measure No. 4

Initiated Measure No. 4, approved by the voters in the November 1988 general election, provided the following:

- Established the veterans' postwar trust fund as a permanent fund.
- Required the State Treasurer to transfer \$740,000 per year for 5 years commencing July 1, 1989, from the state general fund or other sources as appropriated by the Legislative Assembly to the veterans' postwar trust fund to total \$3.7 million.
- Appropriated the income from the veterans' postwar trust fund on a continuing basis to the Administrative Committee on Veterans' Affairs to be spent for veterans' programs as authorized by law.
- Required the State Treasurer to invest the fund in legal investments as provided by Section 21-10-07.

The principal balance in the fund on December 8, 1988, was \$401,849.

Senate Bill No. 2009 (1989) transferred \$1,480,000--\$740,000 on July 1, 1989, and \$740,000 on July 1, 1990--from the state general fund to the veterans' postwar trust fund. The bill also appropriated up to \$274,000 of investment income earned on the veterans' postwar trust fund balance to the Veterans' Home for its operating costs. Because of net budget reductions during the 1989-91 biennium, the transfer from the general fund to the veterans' postwar trust fund for the 2nd year of the 1989-91 biennium was reduced by \$95,005, from \$740,000 to \$644,995.

Senate Bill No. 2001 (1991) transferred \$1,575,005 from the general fund to the veterans' postwar trust fund during the 1991-93 biennium. This amount restored the \$95,005 which was not transferred during the 1989-91 biennium because of net budget reductions. Because of budget allotments ordered by the Governor during the 1991-93 biennium, the transfer from the general fund to the veterans' postwar trust fund for the 2nd year of the 1991-93 biennium was reduced by \$5,670, from \$740,000 to \$734,330.

House Bill No. 1001 (1993) transferred \$745,670 from the general fund to the veterans' postwar trust fund during the 1993-95 biennium. This was the final transfer required by the initiated measure and included \$5,670 to restore the reduction made during the 1991-93 biennium because of budget reductions.

1996 Initiated Constitutional Measure No. 4

Initiated Constitutional Measure No. 4, approved by the voters in the November 1996 general election, created the following new section to Article X of the Constitution of North Dakota:

The veterans' postwar trust fund shall be a permanent trust fund of the state of North Dakota and shall consist of moneys transferred or credited to the fund as authorized by legislative enactment. Investment of the fund shall be the responsibility of the state treasurer who shall have full authority to invest the fund only in the same manner as the state investment board is authorized to make investments. All income received from investments is to be utilized for programs which must be of benefit and service to veterans, who are defined by legislative enactment, or their dependents, and such income is hereby appropriated to the administrative committee on veterans' affairs on a continuing basis for expenditure upon those programs selected at the discretion of the administrative committee on veterans' affairs.

House Bill No. 1468 (2011)

The Legislative Assembly in House Bill No. 1468 (2011) amended Section 37-14-14 to provide that all income earned in a biennium is appropriated to the Administrative Committee on Veterans' Affairs on a continuing basis in the following biennium, and not in the biennium in which it is earned, for authorized programs.

House Bill No. 1439 (2013)

The Legislative Assembly in House Bill No. 1439 (2013) provided \$250,000 from the general fund to increase the principal balance of the veterans' postwar trust fund.

House Bill No. 1360 (2015)

The Legislative Assembly in House Bill No. 1360 (2015) created Section 39-04-10.15 to require an initial fee of \$25 for patriotic license plates, of which \$20 is deposited in the highway tax distribution fund and \$5 is deposited in the veterans' postwar trust fund. The revenue deposited in the veterans' postwar trust fund must be added to the principal of the fund.

Senate Bill No. 2183 (2017)

The Legislative Assembly in Senate Bill No. 2183 (2017) created Section 37-18-15 to establish a commemorative memorial coin program to provide commemorative memorial coins to a family member of a deceased North Dakota veteran during military funeral honors and to allow for the purchase of commemorative memorial coins from the Department of Veterans' Affairs. The bill provided legislative intent that the Administrative Committee on Veterans' Affairs considering providing funding from the veterans' postwar trust fund to the department for the purpose of funding at least 4,000 commemorative memorial coins during the 2017-19 biennium.

House Bill No. 1131 (2019)

The Legislative Assembly in House Bill No. 1131 (2019) amended Section 37-18-12 to allow the Department of Veterans' Affairs to accept private donations, gifts, grants, or bequests that benefit or service North Dakota veterans, which are available to the department pursuant to continuing appropriation authority.

House Bill No. 1248 (2019)

The Legislative Assembly in House Bill No. 1248 (2019) created Section 57-38-34.7 to allow an individual to make a contribution to the veterans' postwar trust fund on the individual's income tax return for taxable years beginning after December 31, 2018. The Tax Commissioner is required to transfer the contributions to the State Treasurer for deposit in the veterans' postwar trust fund.

House Bill No. 1211 (2021)

The Legislative Assembly in House Bill No. 1211 (2021) expanded the State Treasurer's ability to invest funds of the veterans' aid fund and the income from the veterans' postwar trust fund by allowing investment in assets not held by the Bank of North Dakota.
