The Council

Artificial Intelligence and Data Center Committee

The committee held its final meeting of the interim on October 20. The committee reviewed a bill draft relating to artificial intelligence and companion chatbot required disclosures and user protections. The committee received testimony from a representative of the Child Advocacy Center and other interested persons regarding chatbot user protections.

The committee also reviewed a bill draft relating to the regulation of artificial intelligence and the creation of a regulatory sandbox program and Artificial Intelligence Council. The committee heard from members regarding additional potential bill concepts, including concepts relating to steerable and controllable artificial intelligence. The committee recommended one bill draft to the Legislative Management relating to the regulation of artificial intelligence and the creation of a regulatory sandbox program and Artificial Intelligence Council.

Employee Spotlight

John Carroll joined the Legislative Council as a Program Evaluator in the Policy and Program Evaluation Division. Prior to joining the Legislative Council, John had an extensive career in higher education, most recently serving as Vice President of Student Initiatives at Bismarck State College.

John earned his undergraduate degree in theater from Minnesota State University Moorhead, an MBA and a MS in agricultural economics from North Dakota State University, and a doctorate in higher education administration from the University of Texas at Austin.

Outside of work, John enjoys reading and traveling. For first-time international travelers, he recommends visiting Ireland.
