local communities. Perhaps one in Bowman, a couple in Williston, Minot, Bismarck, Fargo and Grand Forks, as needed.

We, as other families, continue to experience excessive denials for equipment and supplies, which we never experienced while I had private insurance. Even with doctors' letters indicating medical necessity, the process is overly cumbersome with denials, often taking months, including appeals, hearings, etc.

An example our medical supplier is Sanford Equip. They have indicated they perform services to families in Minnesota and ND. But they have much greater difficulty getting approval for families/clients supplies and equipment in ND than Minnesota. I have asked and they have agreed to meet with legislators to discuss their experiences.

There are numerous other families/clients whose needs are great as well, although different than ours, at the present time. However, again, this is a crisis that has repeatedly been brought to NDDHHS attention for many years! I have notes including documentation from the DD Division obtained during a meeting we had in 2020 with Tina Bay and Protection & Advocacy (P&A) indicating there were about 80 individuals with similar needs to Jessica. I have recently been told this number has decreased! What has happened to those people? I know some have passed as I recently learned. These individuals**, also have a right to life, with appropriate supports!**

For your information the following demonstrates our continued challenges we are presently facing with Medical Services. Jessica has been referred to the Mayo Clinic in Rochester, Mn for specialized surgery. Multiple doctors confirmed there is no other doctor in ND that has the proper experience to perform the complex surgery which is a common procedure at Mayo. Initially, as has been typical, Medical Services denied the procedure. I had to appeal their decision. Upon further intervention by Jessica's doctor, they finally approved the procedure.

However, transporting Jessica who is on oxygen, a ventilator, including heated humidification, is a complicated undertaking. I have plenty of prior experience transporting my family members to Mayo over the years. We know transporting her ourselves is much less expensive than using ground or air ambulance because it would involve multiple trips. This time nurses need to accompany our trip. Medical Services has denied payment of things like overtime, temporary licensing of nurses since Minnesota is not a compact state for nurses, insisting on they making their own lodging reservations, etc. Not only is this a problem because they are completely unfamiliar with the needs of such an undertaking, but the recommendations will not work the way they insist upon. We started this process in December, 2024, and still haven't got the issues resolved as of today, on how to appropriately transport Jessica for her medical appointment on April 15, 2025. It takes a long lead time to get reservations for lodging near the Mayo Clinic. I am very familiar with the landscape, lodging, parking, leave alone the necessary layout of rooms for multiple individuals in the same building, for both safety and moving around, with Jessica and all her equipment while she attends her appointments. Necessary considerations are refrigeration for her medications, location of outlets in her room, underground tunnels, etc. so one doesn't have to go out on the street carrying ventilator, oxygen tanks, suction machines, ambu bags, etc. So, it doesn't work to have lodging 4 miles from the Clinic as is being suggested by Medical Services! As of today, as I stated earlier, I continue working with the bureaucratic controls, multiple denials, delays, and appeals of getting my daughter the medically necessary services she needs.

Previously, testimony was provided on how appropriate Person-Centered cares can have unexpected positive results for individuals with intensive medical needs. Like the ICU doctor understood, **appropriate cares make all the difference!** Benefits of being close to home, home routine, family, and friends and how that intertwines with healing and health are increasingly recognized as critical. Skilled caregivers combined with modern medical care have resulted in unbelievable,

sometimes referred to as miraculous results. Jessica's primary physician for over 20+ years, recently stated she is in the best condition Jessica has ever been as long as she has known our family. One of our caregivers is actually considering doing a Masters Degree thesis on her experience from when she started working with Jessica to date.

In summary, as I have led you through our journey with the services provided to our family, the need for homes for individuals with intense medical needs (those 26-80?) is critical. **Those of us aging out are running out of time! We insist our adult children get the appropriate home and care they deserve. We want this transition to occur before we are gone so we can help them adjust to what could be another frightening experience for them!** The red lights have been blinking for NDDHHS and the DD Division for many years. **Something needs to be done, now!**

I sincerely thank you for listening to my extensive testimony to help you better understand the issues facing families like us.

In closing, I liked what the Chaplain at the State of the State Address by Governor Armstrong said in his prayer. As I recall his primary petition was taking care of the most vulnerable as a priority!

Thank you for your time and attention.

Mathew C. Schwarz 701- 471- 3197 (Cell)

2025 SENATE STANDING COMMITTEE MINUTES

Appropriations - Human Resources Division
Harvest Room, State Capitol

HB 1012 a.m.
3/27/2025

Relating to leases of the health and human services property, substance use disorder treatment program, basic care payment rates, and state of residence for child care assistance; to provide for a transfer; to authorize a line of credit; to provide legislative intent; to provide for a legislative management study; to provide an application; to provide an exemption; to provide for a report; and to provide an effective date.

8:56 a.m. Chairman Dever opened the hearing.

Members present: Chairman Dever and Senators Cleary, Davison, Magrum and Mathern.

Discussion Topics:

- Native, Inc. Amendment Requests
- Provider Support Fund
- Child Care
- Long Term Care - Basic Care
- Private Duty Nursing Hours - Medicaid Cuts
- Olmstead Act
- Veterinarian Loan Repayment Program

8:59 a.m. Lorraine Davis, Founder and CEO, Native, Inc., testified in favor, requested consideration of an amendment to Section 7 line 11, and submitted testimony #44289.

9:35 a.m. Cherelynn Ruiz, enrolled member of the Rosebud Sioux Tribe and client of Native, Inc, testified in favor and submitted testimony #44290.

9:42 a.m. Andrea Pfennig, Vice President Government Affairs, Greater North Dakota Chamber, testified in favor and submitted testimony #44298.

9:49 a.m. Bill Bauman, Missouri Valley Family YMCA, testified in favor and submitted testimony #44299.

10:10 a.m. Nikki Wegner, President, North Dakota Long Term Care Association, testified in favor and submitted testimony #44183.

10:17 a.m. Dr. Kristina Kovacs, Co-Founder and Chief Clinical Officer, Behavioral Health Solutions, testified in favor and submitted testimony #44186.

10:38 a.m. Beverly Unrath, Dakota Home Care, testified in favor and submitted testimony #44308.

10:46 a.m. Amber Cook, Nurse Case Manager, Dakota Home Care, testified in favor.

10:56 a.m. Shane Goettle, Lobbyist, testified in favor.

11:00 a.m. Dr. Erica Schumacker, Practice Owner, North Dakota Veterinary Medical Association (NDVMA), testified in favor and submitted testimony #44314.

11:10 a.m. Julie Ellingson, President, North Dakota Stockman's Association, testified in favor.

Additional Testimony:

Chelsea Gagner, Provider, submitted written testimony in favor #43467.

Tim Blasl, President, North Dakota Hospital Association, submitted written testimony in favor #44245.

11:11 a.m. Chairman Dever closed the hearing.

Joan Bares, Committee Clerk

Dear Chair Dever, Senator Cleary, Senator Davison, Senator Magrum, and Senator Mathern,

I urge you to pass HB 1012, and I'd like to share the importance of Free Through Recovery, Community Connection, and Peer Support.

As a Tenancy Support Specialist with Case Management, I assist clients in connecting with various services, including Free Through Recovery and Community Connect. Having gone through peer support training myself, I've seen firsthand the value of lived experience in helping those in need.

These programs serve individuals struggling with addiction, mental health issues, and homelessness, providing essential support to get them back on their feet and stay there. I've used the Community Connect portal to connect clients with peer-to-peer resources, facilitating meaningful connections with others who have overcome similar challenges.

When considering budget cuts, please remember that these programs make a significant difference in the lives of numerous individuals daily. They are invaluable and worth preserving.

Thank you for your time.

Sincerely,
Chelsea Gagner
District 32

Testimony on Behavioral Health Funding for Nursing Facilities and Basic Care
Senate Appropriations Human Resources Division
March 26, 2025
House Bill 1012

Chairman Dever and members of the Committee, my name is Nikki Wegner, President of the North Dakota Long Term Care Association (NDLTCA). I represent 182 nursing, basic care, and assisted living facilities. Thank you for the opportunity to testify today.

NDLTCA respectfully requests support for the amendment added to HB 1012 by the House, allocating $2 million to implement a specialized behavioral health program for individuals with complex behavioral symptoms in skilled nursing and basic care settings.

Caring for individuals with complex behavioral health needs has traditionally fallen outside the scope of long term care facilities; however, the demand for such care continues to grow. What's needed is a model that provides timely access to specialized support while building the capacity of long term care staff to manage these challenges effectively.

Following my remarks, Behavioral Health Solutions will outline a proposed approach that offers essential behavioral health support and on-site staff training to help meet this need across nursing and basic care settings.

Background

During the interim, in partnership with the North Dakota Department of Health and Human Services (DHHS) and the North Dakota Hospital Association, a broad stakeholder group was convened to address ongoing challenges in caring for individuals with complex behavioral health needs who also qualify for skilled nursing care.

Participants included representatives from DHHS—Aging Services, Long Term Care Medicaid, the State Long Term Care Ombudsman, the State Hospital, and the Human Service Centers—along with the ND Hospital Association, Sanford Health, Altru, Prairie St. John's, Rural Psychiatry Associates, the Alzheimer's Association, the Center for Rural Health, the ND Medical Association, Quality Health Associates, the Department of Corrections and Rehabilitation, and others.

The goal of the working group was to identify system-wide barriers in serving individuals with complex behavioral health needs, particularly the lack of appropriate settings and infrastructure which has led to persistent bottlenecks across care systems. Through this process, two distinct populations were identified. One includes justice-involved individuals who require skilled nursing care. While some existing facilities may be able to serve some in this group with the right support, additional specialized settings are necessary to safely care for those with a history of sexual or violent offenses.

The second population—and focus of the proposed program—includes individuals with challenging behavioral symptoms, often alongside dementia or physical disabilities requiring long term care. Behaviors such as aggression, agitation, or delusions can be difficult to manage, and

many providers lack the confidence to admit or retain these individuals due to the absence of reliable crisis response support. As a result, these individuals often end up in emergency departments, leading to prolonged hospital stays, increased costs, and care environments that are not equipped to meet their needs.

Most skilled nursing and basic care facilities lack the necessary clinical resources, programming, and training to serve this population. The proposed solution embeds behavioral health specialists in long term care settings to provide support, train staff, and build capacity ensuring individuals receive appropriate care while equipping providers to safely and confidently serve this growing population. Behavioral Health Solutions will collaborate with existing providers to expand in-state capacity and promote long-term sustainability.

To expand on the specifics, I now introduce **Dr. Kristina Kovacs** who will share data from **Behavioral Health Solutions** and outline the significant return on investment for implementing targeted behavioral health services in long term care facilities.

This $2 million funding request represents an opportunity to strengthen the continuum of care, reduce costs, enhance care, and prevent unnecessary hospitalizations.

Thank you for your time, and I welcome any questions.

Nikki Wegner MS, OTR/L, President
North Dakota Long Term Care Association

Behavioral Health Solutions

LEADING BEHAVIORAL HEALTH ACROSS THE NATION

Furthering our expansion, Behavioral Health Solutions (BHS) has rapidly expanded its reach and solidified its position as the foremost behavioral provider group in the western region, **offering comprehensive services that span over 350 Skilled Nursing Facilities in 15 states.** We are committed to providing consistent, high-quality care to diverse populations in every region we serve.

- **Services**
  - Administration of Behavioral Programs
  - Psychiatry
  - Medication Management
  - Therapy

- **Areas of Expertise**
  - Behavioral Health Programs in Skilled Nursing
  - Skilled Nursing and Long-Term Care Facilities
  - Outpatient Behavioral Health Services

Industry Trends

UNDERSTANDING BEHAVIORAL HEALTH & FACILITY TRENDS

1. **Younger demographics** entering facilities due to SUD and conditions

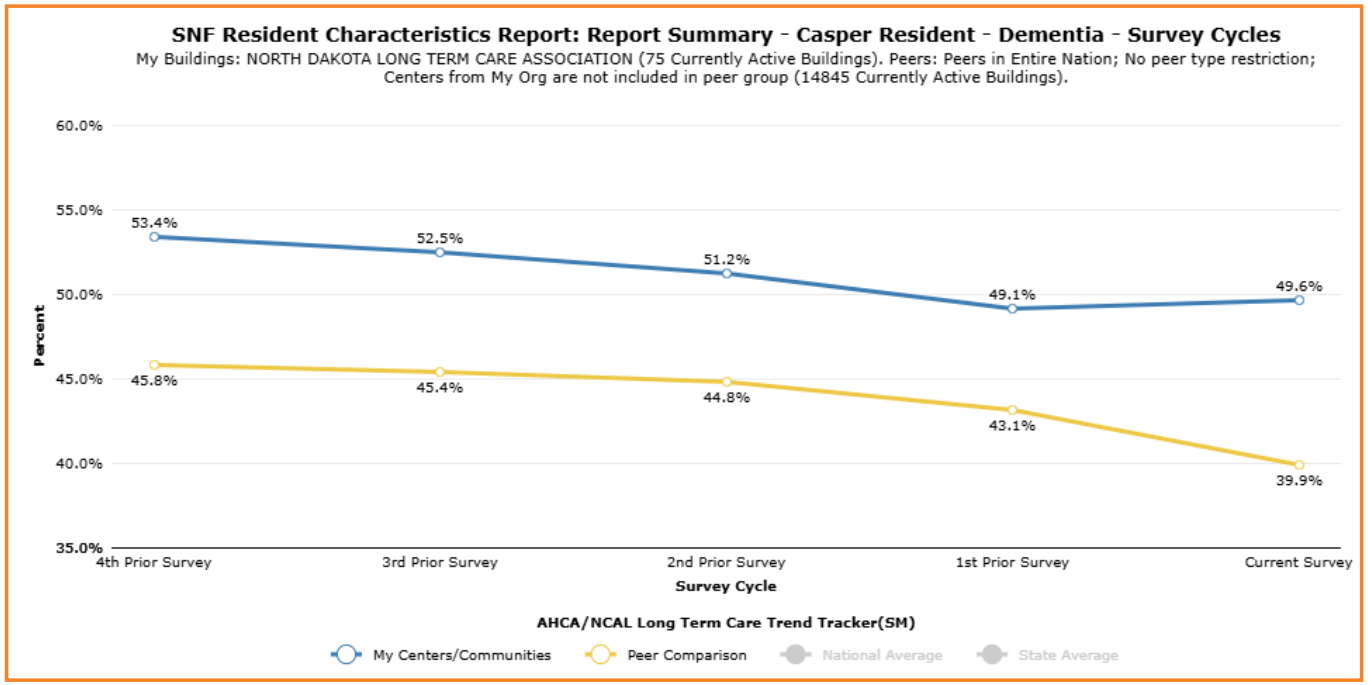
2. **Increased demand:** for behavioral health services due to the psychological effects of COVID-19, such as social isolation, trauma, and stress

3. **Complex patient populations** with co-occurring mental and physical health conditions, such as homelessness, substance abuse disorder, dementia, and diseases.

4. **Using the provider selected CPT:** Using the provider selected CPT code(s), the corresponding time allotment(s) for all services provided during the applicable pay period are summed to calculate the total time spent.

5. **Regulatory changes** that require SNFs to provide behavioral health services as part of the comprehensive person-centered care plan, and to monitor and report the quality.

Patient Demographic

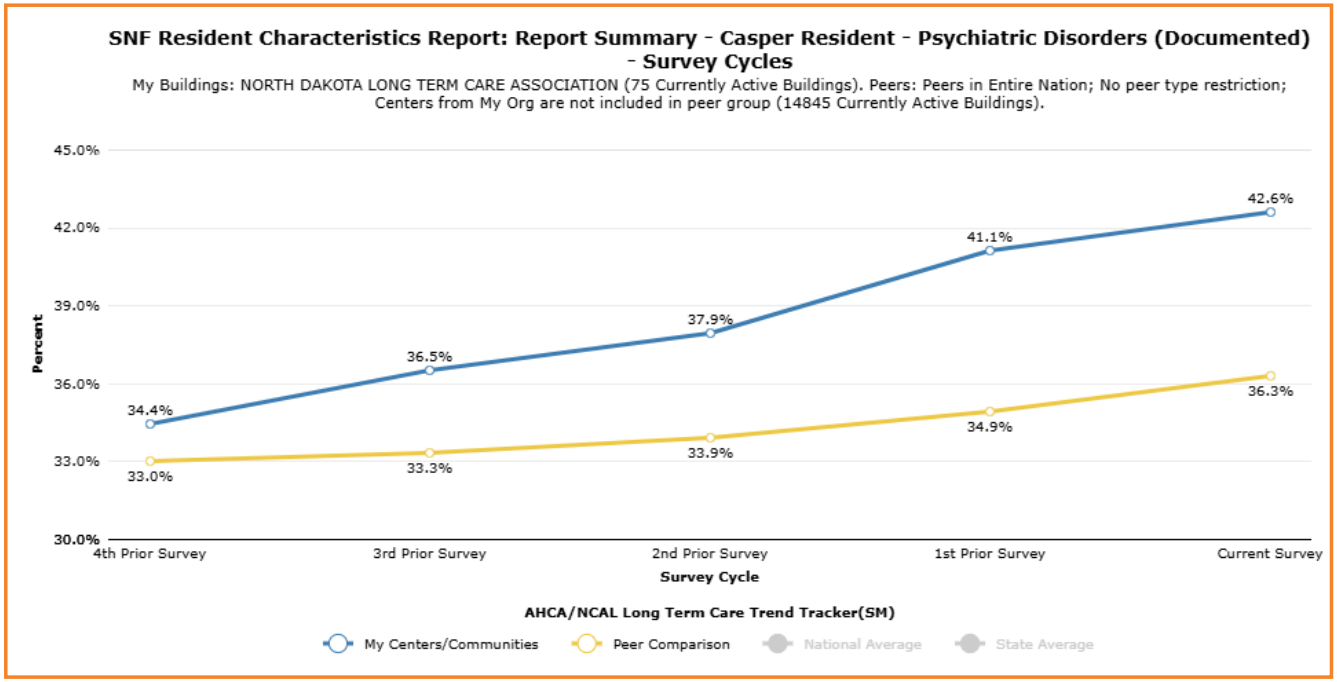


UNDERSTANDING BEHAVIORAL HEALTH & FACILITY TRENDS

- **Rising Prevalence of Dementia:**
  - With the increasing median age of nursing facility residents, there's a notable surge in the prevalence of dementia at later stages.
  - Residents aged over 85 face a 50/50 chance of developing Alzheimer's disease, underlining the need for specialized care.
- **Impact of State Inpatient Facility Closures:**
  - The closure of state inpatient facilities has led to a shift in the landscape, with nursing facilities now catering to a diverse range of patients, including the Chronically Mentally Ill (CMI).
- **Rehabilitation Trends:**
  - Conditions like traumatic brain injury, stroke, and other rehabilitative needs are increasingly being addressed in long-term care (LTC) facilities rather than hospital-based settings, reflecting a shift in the delivery of specialized care.
- **Psychiatric Disorders on the Rise:**
  - Recent studies illuminate a concerning trend, indicating that over 70% of residents in LTC facilities grapple with various psychiatric disorders or disturbances that demand specialized treatment.
  - A comprehensive study published in the Journal of Long-Term Care revealed that more than 51% of LTC facility residents are prescribed psychoactive medications, emphasizing the critical role of mental health care in these settings.

NDLTCA Data

NORTH DAKOTA LONG TERM CARE ASSOCIATION FACTS AND FIGURES



North Dakota nursing facilities care for a higher number of people living with dementia, almost half vs. 40% nationally.

NDLTCA Data

NORTH DAKOTA LONG TERM CARE ASSOCIATION FACTS AND FIGURES

North Dakota nursing facilities also care for a higher percentage of people with psychiatric disorders than their peers nationally. 42.6% in ND vs. 36.3% nationally, this likely explains why ND has a higher rate of antipsychotic use than other states.

NDLTCA Data

CARE NEEDS OF BASIC CARE RESIDENTS

Basic care providers report 60% of the residents have impaired mental status and 30% have a mental health diagnosis.

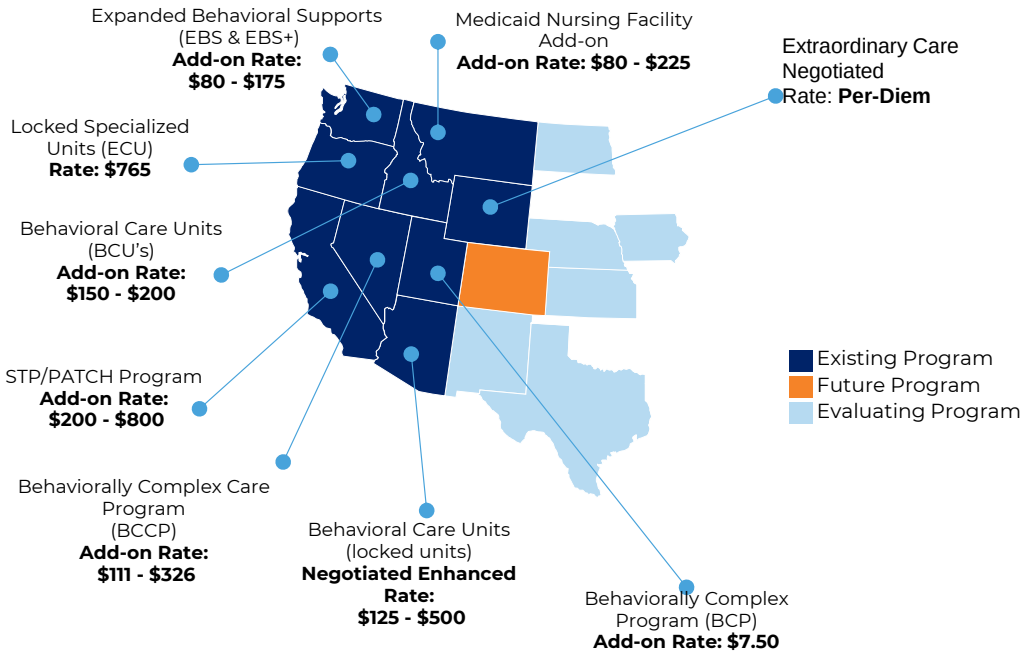
- **60%** of residents have impaired mental status, ranging from early stage dementia to disorientation.
- **30%** of residents have a mental health diagnosis.
- **12** the number of medications the average basic care resident takes.
- **61%** of residents are independent in dressing, with 2% requiring extensive assistance.
- **94%** of residents need full assistance with medication administration.
- **50%** of residents receive psychoactive drugs.
- **41%** of residents are ambulatory and do not need any staff assistance, 68% use a walker or cane, and 12% use a wheelchair.
- **91%** of residents are independent in transferring and 86% are independent with toileting.
- **63%** the number of medications the average basic care resident takes.

Benefits of Behavioral Programs

EXPLORING THE BENEFITS OF STATE BEHAVIORAL PROGRAMS

Behavioral health funding programs at the state level help to empower skilled nursing facilities (SNFs) to enhance care and partnerships with acute hospitals.

These programs ultimately drive cost savings while improving outcomes across the healthcare system.



- Allows SNFs to better partner with acute hospitals to address difficult to discharge patients
- Provides funding to increase resources to behaviorally complex patients
- Increases staff retention through additional funding, training, and staff resources
- Reduces acute transfers and decreases acute length of stay
- Reduces out of state placements
- Helps to stabilize patients in the lowest care setting
- Overall savings to the healthcare system

Behavioral Health Programs

EVOLVING NEEDS CALL FOR COMPREHENSIVE BEHAVIORAL HEALTH PROGRAMS

Behavioral health funding programs are often created to address and improve key national priorities, including:

- Supporting timely and successful patient discharges
- Expanding access to behavioral care services
- Providing stability for high utilizers through coordinated care solutions
- Reducing inpatient length of stays with effective treatment approaches

$3M Saved in 12 Months

TRANSFORMING SUD PATIENT CARE IN NEVADA LTC FACILITIES

Key Highlights

- **$3,073,379:** Total 12-month savings to the healthcare system.
- **133%:** Increase in SUD patient intake.
- **24%:** Reduction in discharge rate.
- **52%:** Reduction in serious fall risk with decreased antipsychotic use.

Patient Outcomes

- Reduced the average age of a facility resident by **4 years** over the period
- Improved medication management across **68 facilities.**

Healthcare System Impact: Estimated hospital stay cost saved: **$125,752/site.**

Reducing ER Visits by 72%

IMPACT STUDY: NOVEMBER 2022 – OCTOBER 2023

Scope: 3,899 patients in 9 facilities were reviewed

Key Findings:

ER Admissions:
- On Program: 2.7%
- Not On Program: 9.5%

Result: 72% Reduction in ER visits among BCCP participants

Program Impact: Behavioral health issues are managed effectively in facilities, reducing reliance on emergency departments.

Program Ramp

NORTH DAKOTA

Cost Savings and Impact:
Effective patient management within the SNF/Basic Care setting reduces expenses related to readmissions and acute care interventions contributing to overall lower healthcare costs.

North Dakota Behavioral Health Program Analysis

Facilities Served		10
Avg Beds Per Facility		67
LTC Residents Served Per Year		670
Annual Turnover (36%)		241
Total Patients Impacted Across 2 years		911
Estimated number of staff trained		1,000
Number of lives impacted		1,911
Monthly Cost Per Building	$	12,500.00
Annual Cost	$	1,500,000

Program Ramp

NORTH DAKOTA

Length of Stay in Acute Care Settings

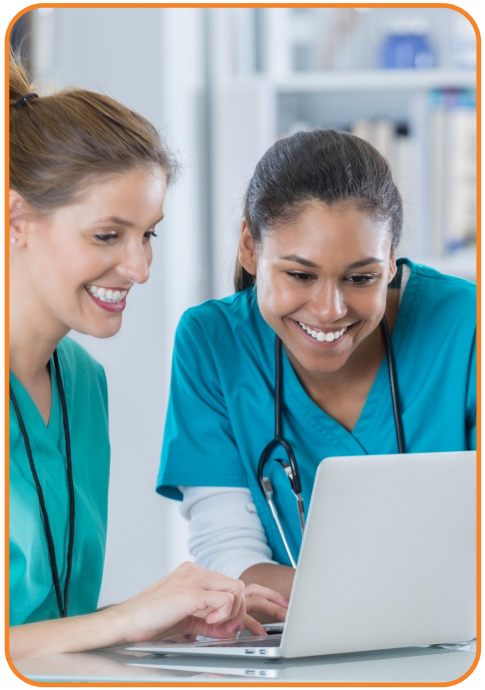
- The CMS 2024 Measure Updates and Specifications Report for the SNF Value-Based Purchasing Program highlights prior hospital lengths of stay (LOS) distribution for SNF patients:

1–3 days: **23.1%**	4–7 days: **44.3%** (largest segment)	8–14 days: **23.4%**	>14 days: **9.2%**

- A focus on proactive care seeks to minimize acute care transfers, enabling patients to remain in lower-cost, high-quality SNF settings for the entirety of their care needs.

Reduction in ER Transfers and Visits

The NV Impact Study (2023) demonstrated a significant reduction in ER transfers, driven by:



- Enhanced care coordination and proactive oversight, particularly for behavioral health needs.
- Advanced patient monitoring and early interventions to address potential acute episodes before escalation.

Online Education Platform

FOR FACILITY STAFF, IN PARTNERSHIP WITH THE ARIZONA HEALTHCARE ASSOCIATION

Our comprehensive online training platform is designed to equip facility staff with essential skills and knowledge to improve patient care and enhance workplace well-being. This platform will offer:

- ✓ Managing difficult behaviors
- ✓ Trauma-informed care
- ✓ Neuropsychological Assessment
- ✓ Psychiatric disorder education
- ✓ Staff burnout prevention
- ✓ De-escalation techniques
- ✓ Applying care-planned behavioral interventions

Direct Care Services

OUR DIRECT CARE SERVICES FOCUS ON PERSONALIZED, ONE-ON-ONE SUPPORT

Key Components:

- ✓ 1:1 Behavioral Interventions
- ✓ Coping Skills Coaching
- ✓ Socialization and Companionship
- ✓ Redirection and Engagement
- ✓ Mindfulness and Relaxation Activities
- ✓ Wellness Checks
- ✓ Crisis or Urgent Care Planning
- ✓ Positive Reinforcement and Encouragement

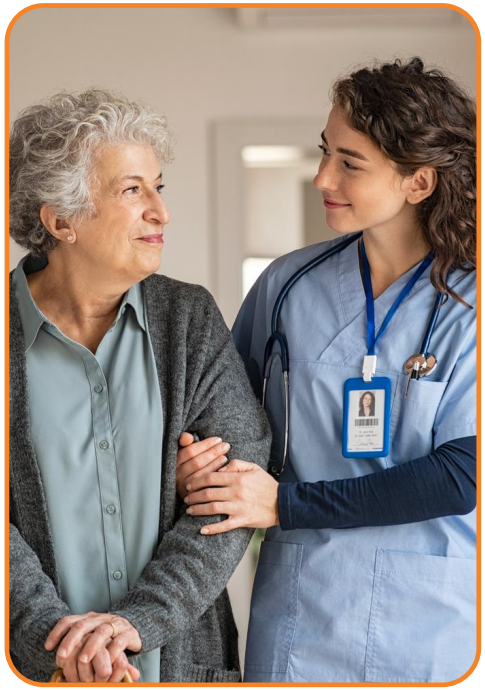
Employees Included in These Activities:

- ✓ 1 Psychologist (Program Director)
- ✓ 1 Psychiatrist
- ✓ 1 Licensed Clinical Social Worker (Hospital Liaison)
- ✓ 1 Psych NP
- ✓ 5 Behavioral Health Techs (1 per 2 facilities)
- ✓ Wellness Checks
- ✓ Crisis or Urgent Care Planning
- ✓ 3 Activity Coordinators (1 per 3 facilities)

BHS Services to Support Program

UNDER CAPITATED MODEL

- Staffing training on topics related to managing difficult behaviors (de-escalation, management of psychiatric disorders, trauma informed care, substance use disorder, etc.)
- Creation of person-centered behavioral support and modification plans
- Creation of crisis plans
- Training individual care givers on behavioral modification plans and interventions for behaviorally complex patients
- 1:1 psychosocial activities and application of behavioral interventions by paraprofessionals
- Group psychosocial activities
- CMS regulatory compliance guidance related to behavioral services (i.e.. schizophrenia audits)
- Assistance with resolving urgent facility, resident, or family concerns related to behavioral complexities



Our Clinical Services

CLINICAL SERVICES OFFERED TO FACILITY

We provide comprehensive behavioral health solutions to support skilled nursing facilities in meeting national priorities and improving patient care.

- ✓ Consistent and available Psychotherapy
- ✓ Routine Psychiatric Care & Medication Management
- ✓ Neuropsychological Assessment
- ✓ Cognitive Care Planning
- ✓ Peer Support Services
- ✓ Collaborative Care Needs
- ✓ Crisis or Urgent Care Planning
- ✓ Monthly Gradual Dose Reduction Meetings

Data Collection

ENSURING TRANSPARENCY AND SUPPORTING BETTER CARE

Reporting Data Back:

- We will provide comprehensive data reporting to ensure transparency and demonstrate program effectiveness.

Current Data Collection Practices:

- Our team is already actively collecting data in multiple states, ensuring we have established processes in place.

Key Data Metrics:

- Patient outcomes and improvement trends
- Medication adherence and reduction tracking
- Behavioral health interventions and their impact

Commitment to Quality:

- Our data collection framework is designed to align with regulatory standards and support improved care delivery.

THANK YOU

www.bhs.health

2025 HB 1012

Senate Appropriations – Human Resources Division

Senator Dick Dever, Chairman

March 27, 2025

Chairman Dever and members of the Committee, my name is Tim Blasl representing the North Dakota Hospital Association (NDHA). Thank you for the opportunity to provide input on the proposed amendment in House Bill 1012 to support behavioral health solutions in nursing and basic care facilities.

The amendment which allocates $2 million for a specialized behavioral health program in skilled nursing and basic care settings, is the result of a collaborative effort among the North Dakota Department of Health and Human Services (NDDHHS), NDHA, the North Dakota Long Term Care Association (NDLTCA), the North Dakota Department of Corrections and Rehabilitation (NDDOCR), the Alzheimer's Association, and other key stakeholders.

In the working group, we learned long-term care providers lack the proper resources and training to manage patients with complex behavioral health needs due to workforce constraints, regulatory requirements, reimbursement limitations, and limited access to specialized providers. As a result, long-term care facilities cannot admit these patients, leaving hospitals responsible for their care. This leads to extended hospital stays, further straining capacity and resources within the acute care system.

NDHA supports efforts to enhance care for individuals with complex needs. The initiative would provide an opportunity to strengthen care coordination and support providers in addressing behavioral health challenges. Similar programs in other states have demonstrated benefits such as improved patient stabilization and reduced reliance on emergency departments.

By supporting behavioral health services within long-term care facilities, North Dakota can help ensure patients receive care in the most appropriate setting while also promoting efficiency within the healthcare system.

We appreciate the committee's consideration of this issue and encourage support for this funding request to help address behavioral health challenges in North Dakota.

Respectfully Submitted,

Tim Blasl, President
North Dakota Hospital Association

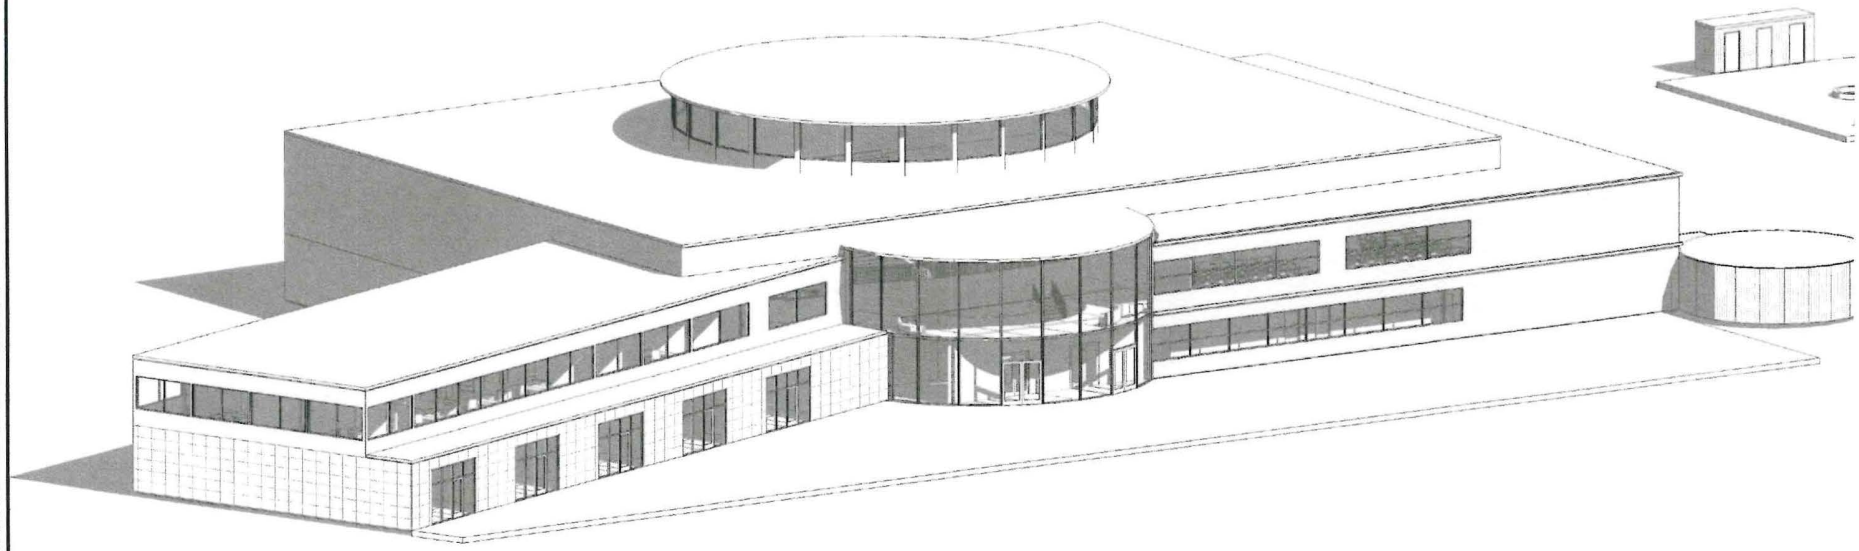
March 19, 2025

HB 1012
Senate Appropriations - Human Resources Division
Mr. Chairman Dever and Members of the Committee,

My name is Lorraine Davis, Founder and CEO of NATIVE, Inc. serving the urban Indian population and other underserved populations in Bismarck and Fargo, North Dakota. NATIVE, Inc. has been a partner with the ND Behavioral Health Division as a community service provider of the Free through Recovery Program, Community Connect Program and 1915i Program serving in the Bismarck and Fargo areas since 2017. NATIVE, Inc. provides culturally responsive services and programs to our clients. NATIVE, Inc. was created to meet the cultural needs of Native Americans living in urban areas of ND by providing traditional healing (spiritual) services through various ceremonies, talking circles and by way of providing cultural programs--arts and crafts classes, such as, hand drum making classes, regalia making classes, beading classes, star quilt making classes just to name a few—these types of classes are intended to create a cultural connection and space in urban communities and all are welcome to learn and create new healthy and supportive relationships. This is also intended to increase cultural identities amongst Indigenous populations and for non-Natives to learn about them. NATIVE, Inc. has a budget line item in this bill to cover $1 M toward a cultural center in section 7.

I am here today in support of HB 1012 with an amendment to Section 7 line 11 to: least fifty percent of funds needed to purchase the land for a cultural center, the project will be completed within.

Secondly, I request this committee to consider an amendment to include $900,000 budget line item to fund Native American culturally programming in Bismarck area for referrals and requests for foster parents and for participants and their families involved in the Free through Recovery, Community Connect and 1915i programs.



There are no other funds at the federal level nor at the foundation level that funds Native American cultural programming. The one opportunity that we had to use was from a federal government grant that we were fortunate enough to obtain and successfully depleted it last year and we do not have the opportunity to reapply for this funding for the same geographical area—federal grant guidelines. Although NATIVE, Inc. was fortunate to obtain this federal grant to provide cultural programming in the Fargo and Grand Forks areas ending in September 2027. There is no cultural programming funded for the Bismarck area. **This funding request is only to cover only the Bismarck area.**

Due to the disproportionate representation of Native American adults in prison, the growing numbers of Native women into the prison systems, 40% of Native American youth are in the correctional system and many of the schools are dealing with a high volume of at-risk youth, and in 2022, and currently with over 30% dealing with homelessness and housing problems, 48% of child in foster care are Native American--28% of these are from state district courts and

20% are from Tribal Courts, it is critical to provide cultural and traditional healing programming amongst Native Americans living off the reservations referred to as the urban Indians within our state.

Thank you for your time and commitment toward addressing human service needs within ND. I stand for any questions.

COPYRIGHT All plans, specifications, computer files, field data, notes and other documents and instruments prepared by EAPC as instruments of service shall remain the property of EAPC. EAPC shall retain all common law, statutory and other reserved rights, including the copyright thereto.

NATIVE, Inc. Client Testimony in Support of HB1012 | 03/19/2025
Senate Appropriations | Human Resources Division

Introduction

Hello, my name is Cherelynn Ruiz. I am an enrolled member of the Rosebud Sioux Tribe. I grew up in Fort Yates ND. I spent many years of my childhood in foster care and my youth years in juvenile jails in various states. I am married with 10 children and one on the way.

Homeless Experience

I've also been homeless during my youth and adult years. During my youth years, I was homeless with my adopted mom and emotionally and physically abused by my adopted mom who was from Standing Rock. During my adult years, I experienced homelessness when I lived in Ft. Yates housing. I had lived in that house for 9 years before being evicted for abandonment.

Reason for Homelessness

The reason I lost my home in Ft Yates due to abandonment was because I was in jail for 6 months in tribal jail due to not sending my oldest child to school.

What has happened from this experience?

So, I moved to Bismarck in 2015 experiencing homelessness until 2019 literally on the street. I would sleep under corn fields, pine trees, bridges, abandoned trailers, apartment stairways because I didn't know anyone in the Bismarck area. In 2016, I ended up stealing a car so I can be warm, it was too cold outside, and I ended up in prison for the first time.

In 2017 when I got out of prison, I started using drugs and heavily. Then I met my future husband in 2019 in Bismarck. We got married in 2021. He was the one who got us an apartment to live together with our two children for about 7 months until the landlord forced us to vacate the unit to avoid eviction due to a housing violation—my son was lighting fireworks in Bismarck which is illegal. Then, we began living in hotels in Bismarck, then CPS took our kids away. This is when we gave up and started using drugs and alcohol which eventually led to being on the run from law enforcement. This led me back into prison in 2021. In 2023, I was back out and reunited with my husband after staying in the halfway house for 14 months after being released from prison.

What has helped me?

In May 2023, I began coming to NATIVE, Inc. through the FTR program and began attending their cultural and traditional healing programs. NATIVE, Inc. provides classes that taught me how to make ribbon skirts, ribbon shirts, beaded earrings, star quilts, hand drums and then I participated in talking circles, drum nights and sweat lodge ceremonies. It helped me because I felt like I was a part of something positive, and specific to belonging to our Native culture and people. This made me feel free to be myself and to experience something that I've always longed for—a sense of belonging and connected to who I really am. This helped me build confidence, motivation and the belief that I can advocate for myself to get the help that I need so I can have a better life for myself and my whole family. I am still married, and we are expecting a baby in March. We have been able to keep our apartment for the last year because we have chosen to stay sober together.

Although we are walking on the red road this means remaining sober, we still have obstacles with housing. Our current landlord wants us to move out in June because we need to move into a place that

can accommodate our family size of 9 at this time. We need more affordable housing for large families and recovering felons.

The last thing I want to say is that "Even this helps me to heal, sharing my story with leaders who can make a difference."

GREATER NORTH DAKOTA CHAMBER
HB 1012
Senate Appropriations Committee
Human Resources Division
Chair Dick Dever
March 25, 2025

Mr. Chairman and members of the Committee, my name is Andrea Pfennig, and I am the Vice President of Government Affairs for the Greater North Dakota Chamber. GNDC is North Dakota's largest statewide business advocacy organization, with membership represented by small and large businesses, local chambers, and trade and industry associations across the state. We stand in **support** of House Bill 1012 as it relates to childcare.

Labor availability has been identified as the top business concern facing companies in North Dakota. In our 2024 ND Economics and Employer Survey of our membership:

- 70% of respondents indicated they were having trouble hiring employees.
- 69% of respondents indicated that childcare was an issue for their organization.

In the 2023 legislative session, a historic $65.6 million funding package was passed to help address childcare shortages within the state. GNDC would like to express its appreciation to the legislative body for recognizing the impacts lack of childcare can have on the workforce.

The Working Parents Child Care Relief Program, which was part of the package, was a positive step in addressing childcare issues and worked well for some of our members. However, there were also some challenges with the program.

- The established income thresholds for eligibility excluded some employees.
- Age limitations were a challenge as only ages 0-3 qualify.
- Companies with a large number of employees may find it administratively burdensome.
- The defined contribution amounts limit flexibility. For example, at the inception of the program employers were required to provide $300/month/employee.

Another issue with the program has been lack of awareness. Only 33% of respondents indicated awareness of the program.

Are you aware of the state childcare employer match program?

We hope that the committee will continue to support the program, enabling currently participating businesses to continue offering the benefit to their employees. Greater flexibility is needed to maximize the program's effectiveness. Additionally, whether done in collaboration with GNDC or through some other method, additional outreach is needed in some way.

701.222.0929 ndchamber@ndchamber.com ndchamber.com PO Box 2639 • Bismarck, ND 58502

GNDC would also like to express support for solutions that address childcare availability, such as:

- Coverage of childcare expenses for childcare staff,
- Childcare provider grants,
- Inclusion support for childcare providers, and
- Solutions geared towards addressing nontraditional hours,

Childcare remains an issue for our members, and we would like to express our support for effective and rapidly deployed solutions.

FOR YOUTH DEVELOPMENT®
FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY

March 25, 2025
Re: HB 1012

Chairman Dever and Members of the Senate Appropriations Human Resources Division,

Thank you for the opportunity to testify in support of House Bill 1012 on behalf of the North Dakota Alliance of YMCAs.

Child Care Impacts

The YMCAs are collectively the largest provider of childcare services in the state, serving over 3,200 children in our licensed facilities in Bismarck, Grand Forks, and Fargo. Childcare and early education are fundamental to the well-being of our children and the economic stability of our families—which is all part of the YMCA mission. According to recent studies, about 78% of families with children under 18 have both parents in the workforce. This underscores the necessity of robust childcare services to support these working parents.

We know that quality childcare provides improved employee satisfaction, reduced absenteeism, and increased productivity. Offering child care-related benefits helps attract and retain talent, which is crucial in a competitive job market. For families, accessible and affordable childcare is essential, allowing parents to participate fully in the workforce. This participation not only enhances family income but also contributes significantly to the broader economy.

We believe a true partnership between providers and the state is critical to impacting workforce and youth development.

Child Care Incentives

The state's historical investment in child care programs and funding last biennium provided through the Department of Health and Human Services have significantly helped families manage child care costs and offered providers helpful grants. Additionally, the child care worker benefit program allowing child care workers to receive assistance when they bring their own children to work has been an invaluable resource for the YMCAs in recruiting and retaining staff.

However, despite these important steps, we have yet to scratch the surface of the financial strain child care providers are facing—particularly in classrooms dedicated to our youngest children aged 0-3.

The Reality for Infant & Toddler Care Providers

Caring for infants and toddlers is one of the most resource-intensive services a provider can offer. Strict staffing ratios (1:4 for infants, 1:5 for toddlers), higher operating and wage costs, and

evolving regulatory requirements all contribute to the challenge of keeping these programs financially stable. Our YMCAs are paying on the higher end of wages, up to $18-22 dollars an hour for infant and toddler staff in some cases, to remain competitive in the market and retain quality employees.

Tuition rates alone, however, cannot offset these costs. Market rates are set based on what families can reasonably pay, not on what providers need to cover expenses. Even with tuition ranging from $800-$1,200 per month for infants and toddlers, the reality is that monthly cost approaches $1,700-$2,000 per child for staff, supplies, food, insurance, utilities, facility maintenance, cleaning and more. Some YMCA child care programs are losing as much as $80,000 annually, largely due to the high cost of providing infant and toddler care. Programs that serve only infants are especially hard hit, while others barely break even—even with the more sustainable care of 3-, 4-, and 5-year-olds. These razor-thin margins leave many providers on the brink, with infant care being the most financially unsustainable.

Limited Pricing Flexibility

The U.S. Department of Health and Human Services (HHS) recommends that child care should not exceed 7% of a family's household income to be considered affordable. Yet we understand families spend between 10-20% of their income on child care, with some paying even higher percentages depending on their location and the age of their children.

To understand the real impact, let's break down the typical family's income and expenses. The median household income in Cass County is $73,742 per year. After taxes and benefits, this leaves a family with $63,220 in take-home pay, or about $5,268 per month to cover expenses. Like most families, their income is quickly allocated to necessities (taken from cost-of-living averages, on the lower end):

- Housing (Rent/Mortgage & Utilities): $1,400
- Household Expenses (Groceries, Utilities, Internet, Phone, etc.): $1,200
- Car Payment, Insurance, & Health Insurance: $500
- Gas & Transportation: $500
- Other Essentials (Clothing, Personal Care, etc.): $300
- Total Basic Expenses: $3,900

That leaves $1,368 before factoring in one of the biggest expenses—child care. For families with young children, child care costs are unavoidable. In Cass County, infant care hovers around $1,140 per month, with toddler care at $908 per month. For a family with one infant and one toddler, that's $2,048 per month. In order to pay for child care, this family has reached into its savings or depending on credit for emergencies, savings, unexpected costs like medical bills, car repairs, or home maintenance, let alone considering family fun.

Monthly child care costs can equal or exceed a mortgage or rent payment. We saw reported just last week in the North Dakota News Monitor, child care expenses rival the cost of a four-year public college degree in at least 38 states—an expense families typically spend years preparing for. Families are pushing the limits of what they can afford or dropping out of the workforce to care for their children. Many middle-income families receive no financial assistance at all and still struggle to afford child care tuition, leaving providers unable to raise rates without pricing families out entirely.

Provider Grant Proposal

As the legislature evaluates the 2023 child care package, we believe there is an opportunity to further support providers and incentivize care for the 0-3 age group with a unique funding stream.

As we've discussed, state regulations in child care aim to protect children, support early learning, and deliver long-term benefits like better education and workforce readiness. These are public benefits—but the financial burden falls mostly on private providers and families. That's not fair or sustainable without public support.

Strict licensing rules and ratios, including low child-to-provider ratios in 0-3 care, limit how many children providers can serve. This disrupts the balance of supply and demand. If the state is regulating the industry and shaping the market this way, it should also help stabilize it through funding.

Providers cannot continue to raise prices, or families will be priced out. But they also cannot (and would not) lower quality because of regulations. That puts them in a tough spot—and only public funding can ease that pressure without sacrificing quality or access.

Child care helps parents work, which strengthens the whole economy. So when the state sets rules that raise costs or limit access, it also has a responsibility to keep the system working—with investment.

Bottom line: If the state wants to guide how child care works for the public good, it also needs to help make the system viable. Otherwise, it's like setting the rules for a game but not providing the equipment to play.

With this, we're asking for a dedicated provider grant and corresponding $30 million appropriation to directly support child care providers serving infants and toddlers, ensuring sustainability, affordability, and quality in the ecosystem.

We would encourage that this type of grant supports our child care workforce through wages and hiring incentives. Staff costs comprises up to 80% of total costs, depending on the child's age. It should be directed toward the delta between cost and tuition for infant and toddler care, specifically, where operating costs are highest. And it should recognize providers who participate in

the state's Bright and Early quality rating system at a level 2 or higher, to ensure quality measures and support skilled caregivers. **To ensure the grant reaches those who need it most, eligibility should prioritize:**

- **Licensed child care centers;**
- **Providers who serve a significant percentage of infants and toddlers (0-36 mos); and**
- **Programs that are quality rated at a level greater than or equal to a 2 Star rating.**

Conclusion

The state is providing key support for families with limited income to increase child care affordability. It has helped providers with individual infrastructure and quality grants, our YMCAs included. New child cares are opening in desert areas, easing the strain for those in rural communities and where child care offerings are scarce—and we applaud all of those programs. But the assurances that these child cares and others can continue in the current market are slim.

Now we ask you for your efforts to fund the gap with direct support for providers of infant and toddler care.

Thank you for your consideration as we work together to address an issue with a direct impact on workforce development in North Dakota.

Thank you,

THE HIDDEN FOUNDATION OF OUR ECONOMY

CHILD CARE

Affordable and enriching child care is the hidden foundation of North Dakota's economy.

Without it, parents' ability to work outside of the home is dramatically limited. Preschoolers enter the classroom at an academic disadvantage, which widens the opportunity gap. And without it, elementary students spend out-of-school hours lacking structure, guidance and positive role models.

With your help, we can address these challenges and build future generations of North Dakotans from a solid foundation.

THE CHALLENGE IN NORTH DAKOTA

2nd Highest Labor Force

Participation Rate in the United States,** making it **a struggle to recruit and retain skilled workers.** Workers who are caring for our most precious possessions: our children.

$354 Million Lost

Amount North Dakota's economy loses annually due to child care challenges.*

Two-Generation Workforce

Childcare is a two-generation workforce issue– crucial for our workforce of today and workforce of tomorrow. Only qualified, caring people help build this next workforce. Not machines, animals or Ai.

Childcare Barrier

New residents to the state can help North Dakota thrive. However, childcare is often the barrier that stands between success and stagnation. Additional funding can help bring workforce solutions.

THE Y FUELS NORTH DAKOTA'S ECONOMY

2,113 Employed

Individuals by North Dakota YMCAs. YMCAs are also often the **first employers of young people and build strong, positive work ethics.**

$25,477,591 Paid

Wages and benefits paid to employees by North Dakota YMCAs.

THE Y'S IMPACT IN NORTH DAKOTA

3,230 Children
were enrolled in YMCA licensed childcare centers statewide including 124 infants, 198 toddlers, kindergarten readiness, and school age.

29,555 Youth
participated in out-of-school-time activities at the Y that focus on holistically fostering the physical, social and emotional development of kids.

$1.7 Million Scholarship
helped support kids and families from economically disadvantaged backgrounds participate in North Dakota YMCA programs and activities.

20,000+ Meals
served in rural communities to children 18 and under during the summer. Plus 7,000 meals in Fargo to low income areas during the summer.

I am very thankful for everything that the YMCA has done for me and Kalani. Because of the Y, I didn't have to choose between rent and childcare. I have no doubt that Kalani will be ready for school thanks to all of the help from the Y.

– Nicole, Kalani's mother

A SOUND INVESTMENT

There is no other non-profit like the YMCA. By investing in North Dakota's YMCAs and Child Care, you are helping to secure the future of our economy and workforce. Here's how:

- Enhanced curriculum in Y programs to meet future ND workforce demand
- Additional YMCA child care staff to increase capacity
- More efficient recruitment of employees such as faster and more accurate background checks
- Upgraded practices, equipment and facilities to ensure safety and health of children and staff

We also provide: • Emergency Child Care for Essential Workers • Youth Sports & Enrichment • Meals & Food Distribution • Senior Wellness & Socializing • New American Support • Water Safety & Swimming Lessons • Adaptive Programming • Cancer Survivor Wellness • And So Much More!

Center Based Age 0-3 Child Care
State: Highest cost 0-3 and least affordable (guideline is 7% of median family income) ND actual is 10-25% depending on # of children
Provider: Highest staff wage and expense
Provider: Highest losses, 30-40% losses per child
Ages of highest development return for children
State: Mandated licensing ratios 4:1, 5:1
Family: Highest cost age for care
Family: Critical decision point joining/leaving workforce
Family: Period of greatest economic pressure
Family: CC monthly cost is higher than Higher Education cost and Mortgage for many families. $13-$14k per year

TESTIMONY TO NORTH DAKOTA SENATE APPROPRIATIONS COMMITTEE

HUMAN RESOURCES DIVISION

March 26, 2025

Dear Chairman Dever and Honorable Members of the Subcommittee:

My name is Beverly Unrath, and I am the owner of Dakota Home Care, a provider of in-home pediatric and adult nursing services serving families across North Dakota. I am here to respectfully request your consideration of an important addition to **HB1012**—specifically, that the Department of Health and Human Services be directed to review and revise its new Private Duty Nursing (PDN) policy and practices to ensure compliance with **CMS (The Centers for Medicare & Medicaid Services)**, **EPSDT (Early and Periodic Screening, Diagnostic, and Treatment)** requirements and the **Olmstead Act.** I am deeply concerned that the current policy and practice does not align with these federal standards, placing medically fragile individuals and their families at risk of losing access to the care they need to remain safely at home.

North Dakota's Private Duty Nursing program is a critical lifeline for individuals who require ongoing, high-acuity nursing care to survive and thrive at home. These services are not optional—they are medically necessary and often life-sustaining. Under the revised policy, many families are experiencing reduced hours that do not reflect the true complexity of their loved one's care needs. This is happening despite clear federal guidance under **EPSDT**, which mandates that Medicaid cover all medically necessary services for children, and The **Olmstead Act**, which affirms the right of individuals with disabilities to receive care required in the least restrictive setting appropriate to their needs.

Without timely and comprehensive revision of this policy, we risk undermining the stability of home care services for some of our most vulnerable residents. Families are already making heartbreaking decisions—quitting jobs, going without sleep, or considering institutional care—not because it's what they want, but because it's the only option left. This not only contradicts federal protections but also carries a far greater cost to the state in the long run.

We urge the committee to amend HB1012 to require ND Medicaid to:

1. **Submit the revised PDN policy for independent review**, ensuring compliance with CMS, EPSDT and Olmstead standards.
2. **Engage stakeholders**, including families, providers, and advocacy organizations, in the revision process.
3. **Report findings and updates back to the Legislature**, ensuring transparency and accountability.

Thank you for your time and your service to the people of North Dakota. I would be honored to answer any questions or provide additional information as needed.

In Support of HB 1012 (Veterinary Medicine Loan Repayment Program)
March 27, 2025

Chair Dever and Members of the Senate Human Services Appropriations Committee,

My name is Dr. Erika Schumacher, and I serve as Director 3 for the North Dakota Veterinary Medical Association (NDVMA). Our organization proudly represents over 300 veterinarians across various disciplines, from companion animal and exotic species to livestock, food and fiber animals, equine medicine, and veterinarians working in research, academia, and government. For more than a century, the NDVMA has been a steadfast advocate for the veterinary profession, working to ensure that statutory changes protect the public, our clients, and patients—while also recognizing the practical realities of veterinary practice and supporting veterinarians in providing safe and effective veterinary services.

I am a mixed-animal veterinarian and practice owner at West Dakota Veterinary Clinic in Dickinson, North Dakota. I'm here today to voice support on behalf of the NDVMA for HB 1012, specifically regarding the Veterinary Medicine Loan Repayment Program (VMLRP).

My professional career has been shaped by two incredible programs: the Professional Student Exchange Program (PSEP) and the Veterinary Medicine Loan Repayment Program (VMLRP). These programs helped me overcome significant obstacles in my journey, and I am here today to share my story with you—one that is proof of the far-reaching impact these programs can have, not just on individual careers, but on rural communities like mine.

I'll start by saying that my path into veterinary medicine was far from traditional. I'm a GED graduate and didn't attend traditional K-12 schooling. When I was accepted into veterinary school, I was also a mother to a 2-year-old child. Balancing motherhood with the intense demands of veterinary school was challenging, but the PSEP program made it possible for me to pursue my dream while raising my family. The financial support from PSEP, which covered the out-of-state portion of my tuition, made it possible for me to attend veterinary school and begin building a career that would allow me to give back to the community I serve.

Upon completing my education, I returned to a rural North Dakota community, where I was able to begin practicing immediately. It was VMLRP's loan repayment assistance that made it financially feasible for me to commit to working in a rural area, where access to veterinary care for food animals is often limited. Veterinarians that are considering working in these areas are having to balance the financial impacts of an average debt of $ 179,505 at time of graduation and are earning an average starting salary of $90,000.

I am proud to say that I'm still in the same practice I started in right out of veterinary school, and in less than 10 years, I have become an owner in an all-women-owned veterinary practice. In fact, I'm evidence of the VMLRP success in recruiting large animal veterinarians and retaining them; this program has an overall retention rate of 79% after fulfilling the contract. In addition, this program has facilitated the buy-in to a practice or starting of a practice with nearly 43% of those completing their contract becoming practice

owners in North Dakota. Through this ownership, I can support my family, provide for my community and contribute to the region's agricultural economy.

None of this would have been possible without the opportunities provided by PSEP and VMLRP. These programs didn't just help me pay down student loans—they helped me build a life, a career, and a business that benefits the entire community. They gave me the chance to return to a rural area that desperately needed veterinary care and to stay here, raise my family, and serve the people and animals who rely on us.

But the need for these programs is not just personal—it's also about the future of rural America. Our rural communities depend on dedicated professionals who are willing to serve in areas that often struggle to attract qualified individuals. The VMLRP is not just life-changing for individuals like me; they are essential to ensuring that rural communities continue to have access to the services they need to thrive.

As you consider policies and programs that affect rural North Dakota, I urge you to continue supporting the VMLRP. This program is vital in addressing the shortage of veterinarians and other essential professionals in rural and underserved areas. It helps promote economic growth through attracting and retaining veterinarians, allowing them to build careers and practices, provide for their families, and contribute to the wellbeing of rural communities that are the backbone of our state's economy.

Thank you for your time, and for your continued support of programs that make a meaningful difference in the lives of individuals and communities across our state.

I'm grateful for the opportunity to share my story with you today, and I am confident that with continued support, many more like me will be able to make a lasting impact in rural communities.

Sincerely,

Dr. Erika Schumacher
NDVMA
Director 3

Harvest Room, State Capitol

HB 1012
3/31/2025

Relating to leases of the health and human services property, substance use disorder treatment program, basic care payment rates, and state of residence for child care assistance; to provide for a transfer; to authorize a line of credit; to provide legislative intent; to provide for a legislative management study; to provide an application; to provide an exemption; to provide for a report; and to provide an effective date.

8:31 a.m. Chairman Dever opened the hearing.

Members present: Chairman Dever and Senators Cleary, Davison, Magrum and Mathern.

Discussion Topics:

- Economic Assistance
- Federal Funding Sources
- Child Care Development Fund (CCDF)
- Low Income Home Energy Assistance (LIHEAP) Grant
- Supplemental Nutrition Assistance Program (SNAP)
- Temporary Assistance for Needy Families (TANF)
- Human Service Zones (HSZ)
- Self Service Portal & Combined Eligibility Systems (SPACES)
- Legacy Systems Retirement from Mainframe - One-Time Funding Request
- Sun Bucks / Summer Electronic Benefits Transfer Program (Summer EBT)
- Child Care Assistance Program (CCAP)
- Budget Review

8:31 a.m. Michelle Gee, Director, Economic Assistance Section, Human Services Division, ND Department of Health and Human Services (ND DHHS), testified in favor and submitted testimony #44392 & #44435.

9:03 a.m. Donna Aukland, Chief Financial Officer, ND DHHS, testified in favor and answered committee questions.

9:04 a.m. Michelle Gee, Director, Economic Assistance Section, Human Services Division, ND DHHS, testified in favor and continued testimony.

9:27 a.m. Eric Haas, Assistant CFO, ND DHHS, testified in favor and answered committee questions.

9:30 a.m. Donna Aukland, Chief Financial Officer, ND DHHS, testified in favor and answered committee questions.

9:34 a.m. Michelle Gee, Director, Economic Assistance Section, ND DHHS, testified in favor and continued testimony.

9:45 a.m. Donna Aukland, Chief Financial Officer, ND DHHS, testified in favor and answered committee questions.

Additional Written Testimony:

Janelle Moos, Associates State Director of Advocacy, AARP North Dakota, submitted written testimony in favor #44372.

9:46 a.m. Chairman Dever closed the hearing.

Joan Bares, Committee Clerk

House Bill 1012, Economic Assistance – Support
March 31, 2025
Senate Appropriations, Human Resources Division
Janelle Moos, AARP ND jmoos@aarp.org

Chairman Dever and Members of the Committee,

My name is Janelle Moos, Associate State Director of Advocacy with AARP North Dakota. AARP is a nonpartisan, nonprofit, nationwide organization with nearly 38 million members. Approximately 82,000 of those members live in North Dakota.

We appreciate this committee's work to dig into issues important to older North Dakotans and this need will continue to grow. Today our population age 50+ is almost 230,000 or 32% and over 50% of those households are age 65 or older. Today in North Dakota over 9 counties have a mean age of over 50 and a number of others are right on their heels

In 2023, AARP conducted a survey of 703 people over 45 in North Dakota asking them how they feel about issues such as health care, financial security, energy costs, caregiving, livable communities and more. North Dakotans provided three primary takeaways including: 1- retirement is on their minds, 2- affordable healthcare is important to them and 3-They want to remain independent and age in place (click to watch discussion). The third takeaway relates directly to programs and funding outlined in HB 1012- Aging and Adult Services Division including:

- Over half of respondents rated their communities as good or very good places to live.
- Seven in ten would prefer to receive care for themselves or a loved one at home.
- 65% are either currently providing or have provided care in the past to an adult relative or friend.
- 79% want to have services available to age in place
- 78% want to say in their home as they age
- 81% told us that getting places independently is important

SNAP is an important program that ensures older adults and families get the nutrition needed. It is an especially important program for Americans over 50 because many face challenges to employment, live on fixed incomes, live alone, and have limited financial resources to pay for necessities like food, housing, and essential medicine. To people struggling to put food on the table, hunger is not a political issue, it is a daily reality. SNAP is a vital lifeline that feeds 23,840 North Dakota households. 35% of those recipients are either elderly or disabled. Also remember, participants generally spend their SNAP dollars locally, soon after receiving them, boosting local economies.

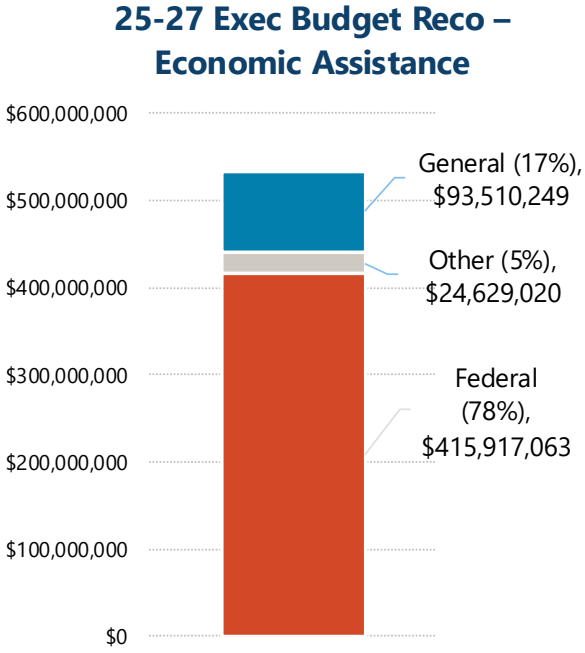
LIHEAP has served as a lifeline for low-income families. As you may know, AARP believe utility issues and rates are a key pocketbook issue. We have intervened in various cases in front of the North Dakota Public Service Commission on behalf of older adults and consumers and know the struggle of families to afford their utility payments. Having a safety net for families especially in our climate is not only the right thing it is the moral thing to do.

Thank you for your work on this important budget that provides the resources and support that allows so many North Dakotans to live and age in their homes and communities.

#44392

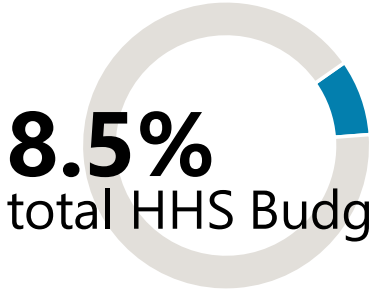
Engrossed HB1012 Overview – Economic Assistance

Senate Appropriations | Human Resources Division
Senator Dick Dever, Chairman



NORTH Dakota Be Legendary. | Health & Human Services

March 31, 2025, Michele Gee | Director, Economic Assistance Section



Budget Overview

Economic Assistance: $547.5 million total budget

- 86% of Economic Assistance budget is paid directly to families to help meet basic needs
  - Another 2% of the budget is paid to private community providers who provide various outreach and support services associated with core programs
- With the exception of child care, 97+% of direct assistance administered by Economic Assistance is federally funded
  - Federal funds available for child care assistance are supplemented with general fund dollars to allow ND to serve more families than would otherwise be possible

The Economic Assistance section helps lower-income North Dakotans when they are struggling to make ends meet by connecting them to resources that can help meet their basic needs, preventing greater and more damaging crises.

Core Programs:

- Supplemental Nutrition Assistance Program (SNAP)
- Temporary Assistance for Needy Families (TANF) Program
- Low-Income Home Energy Assistance Program (LIHEAP)
- Child Care Assistance Program (CCAP)
- Housing Stability

+ Eligibility determination process for Medicaid

NORTH Dakota | Health & Human Services

How do we accomplish our task?

HHS Economic Assistance

Economic Assistance operates North Dakota's Integrated Eligibility system, which is a gateway to all Medicaid services and to the core of family financial resource programs administered by the section.

Program Administration

- Federal Compliance
- State Law & Administrative Rules
- State Plan
- Federal Reporting
- Federal & State Agreements, including data sharing, security, interfaces
- Oversee contracts with community providers for support services and outreach

Supporting Service Delivery

- Training, Policy and System Support
- Benefit Issuance
- Integrated Eligibility technology platform (development, maintenance, security)
- Eligibility determination for long term services and supports

Program Integrity & Performance

- Program Monitoring
- Federal & State Quality Reviews
- Federal & State Audits
- Performance Improvement

NORTH Dakota | Health & Human Services
Be Legendary.

Our work serves as a gateway to stabilizing resources that improve the overall health and wellbeing of 160,000+ North Dakotans each year

Administer family financial assistance programs:

- Supplemental Nutrition Assistance
- Home Energy Assistance
- Child Care Assistance
- Temporary Assistance to Needy Families
- Housing Stability Svc

Determine financial eligibility for:

- Supplemental Nutrition Assistance
- Home Energy Assistance
- Child Care Assistance
- Temporary Assistance to Needy Families
- Housing Stability Svc
- Medicaid / Medicaid Expansion
- Children's Health Insurance
- Development Disability Svc
- Adult/Aging Svc
- Basic Care Assistance
- 1915i

Each month distribute funds to:

- SNAP – $9.9 M to 26,600 households
- Home Energy Assistance - $2 M to 14,000 households
- Child Care Assistance - $6.2 M to 3,800 households
- Temporary Assistance to Needy Families - $500,000 to 700 households
- Housing Stability Svc - $1 million to 1,200

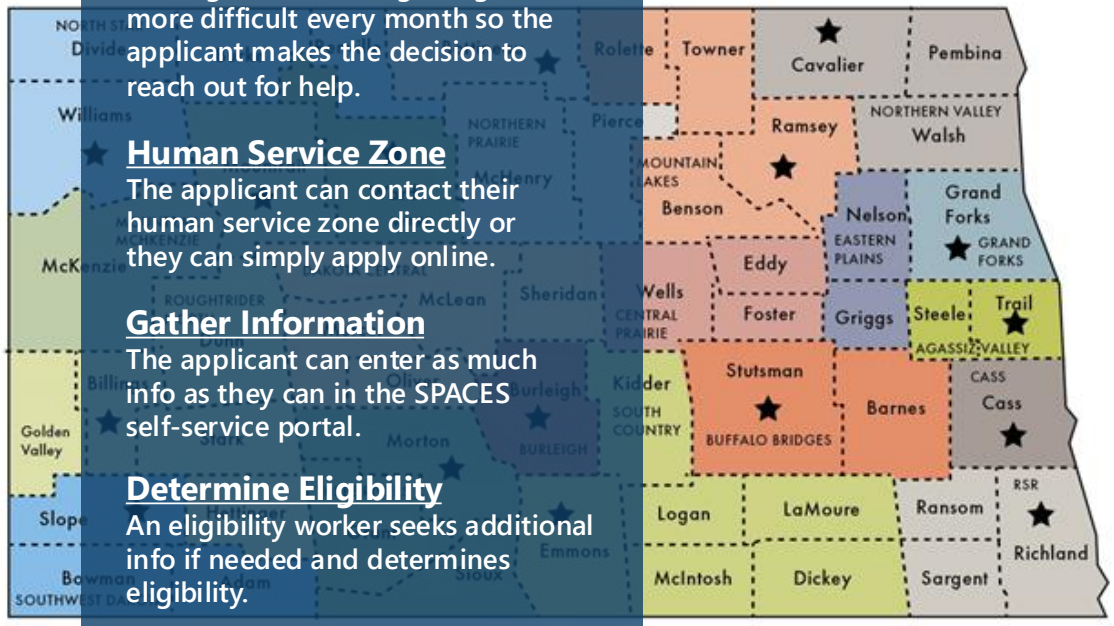
How do we accomplish our task?

Human Service Zones

Serving North Dakota individuals and families is a partnership. Economic Assistance administers programs, while Human Service Zones determine eligibility to deliver benefits.



Person Decides to Apply
Making ends meet is getting more difficult every month so the applicant makes the decision to reach out for help.

Human Service Zone
The applicant can contact their human service zone directly or they can simply apply online.

Gather Information
The applicant can enter as much info as they can in the SPACES self-service portal.

Determine Eligibility
An eligibility worker seeks additional info if needed and determines eligibility.

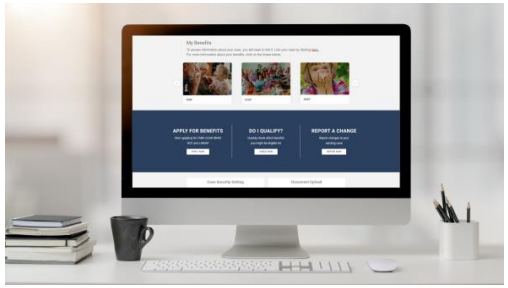
Issue Benefits
If eligible, the state will issue the benefit in the appropriate manner.

How Clients Access Services

One Address. One Phone Number. No Wrong Door.
Eligibility redesign makes it easier for families to get help by simplifying access points.

Centralized Mail Unit

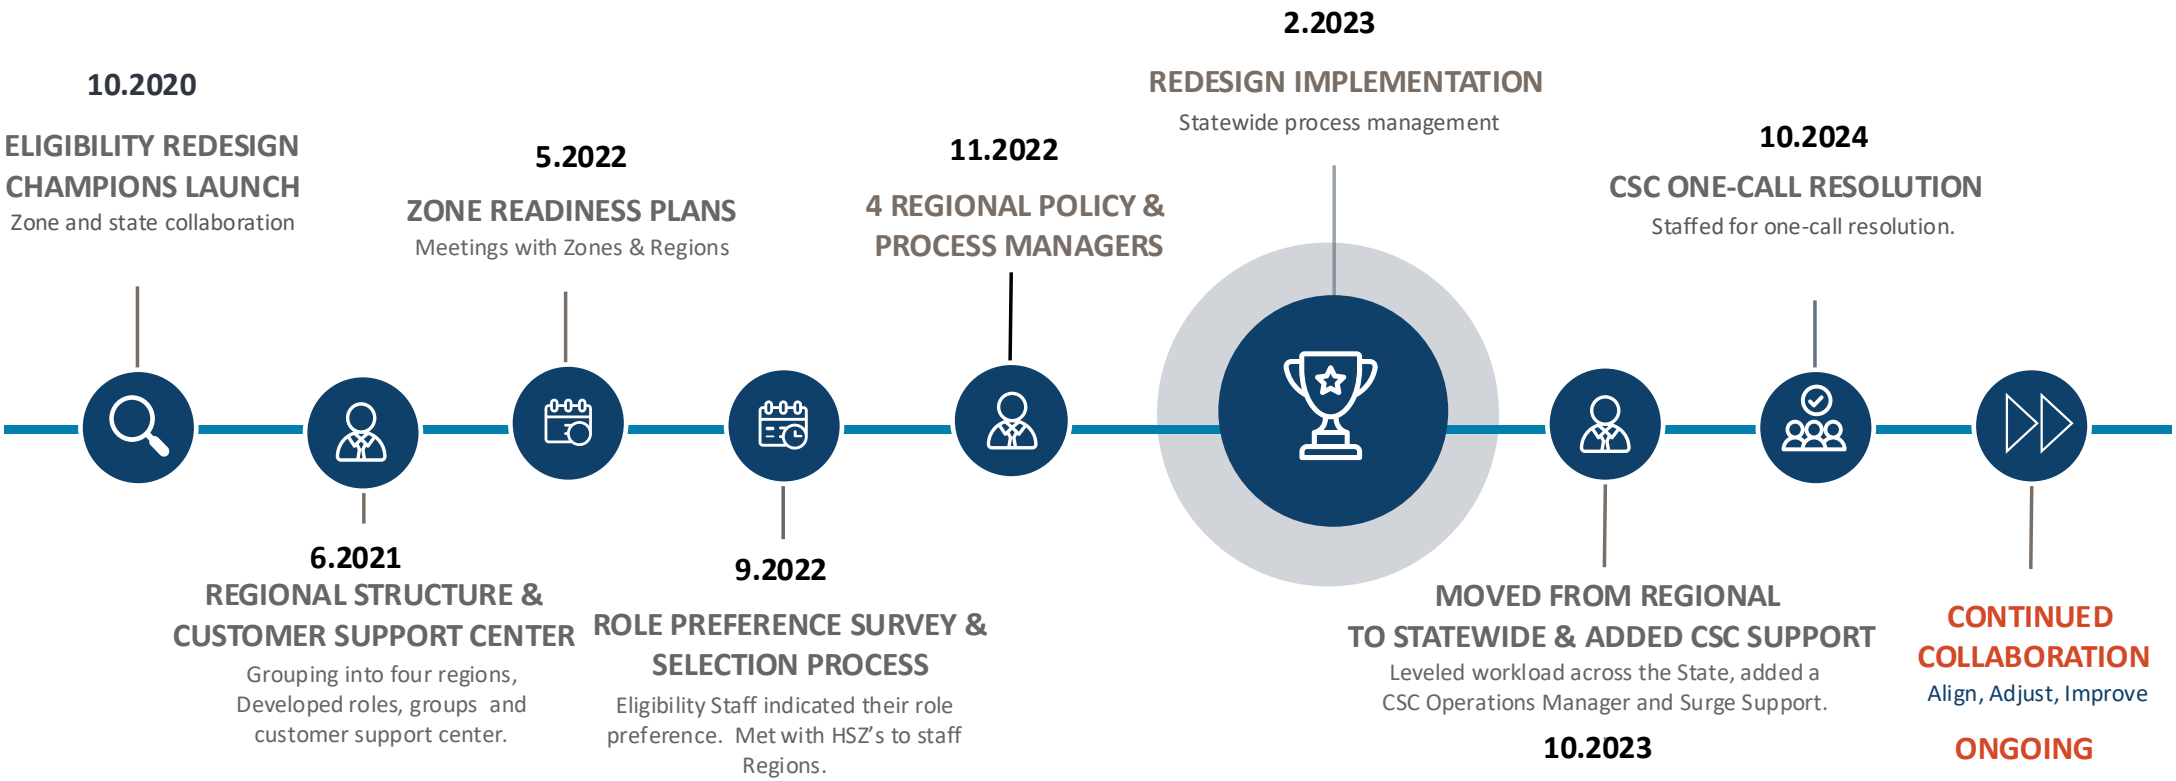
One mail and email address for document submission



Customer Support Center

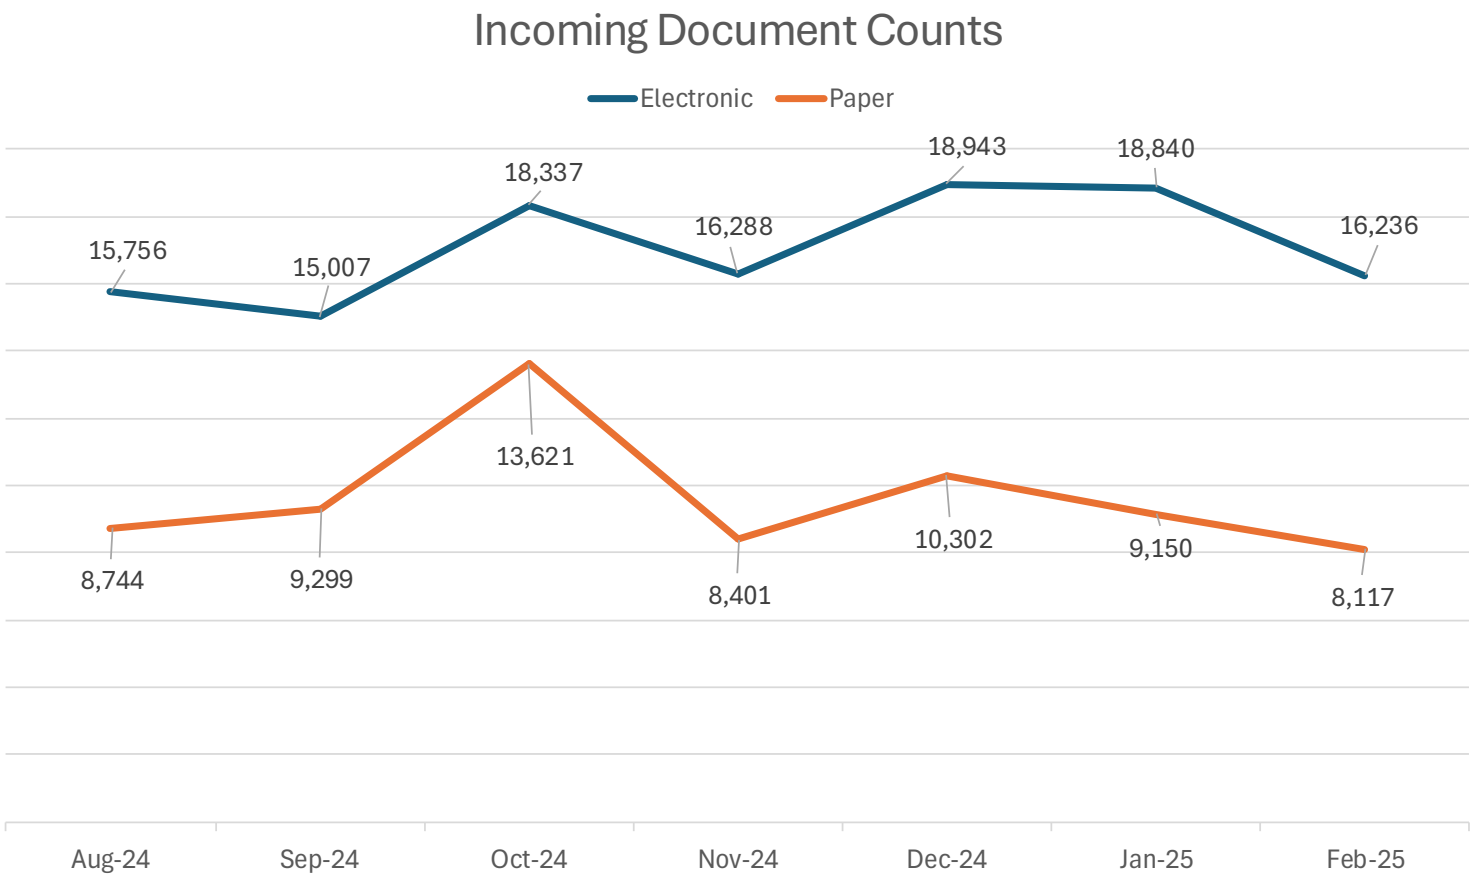
One phone number to speak to an expert

Local Support



Local offices will remain open for in-person support

Self-Service Portal
Individuals can use the self-service portal to apply, report changes, renew their benefits, view notices, upload documentation, and check their eligibility and benefits.
Dec 2024 SSP Adoption Rate – 47.13%



Redesigning the way we work together to deliver resources accurately and efficiently

KEY MILESTONES

Centralized Mail Team assures seamless routing of documents across the state

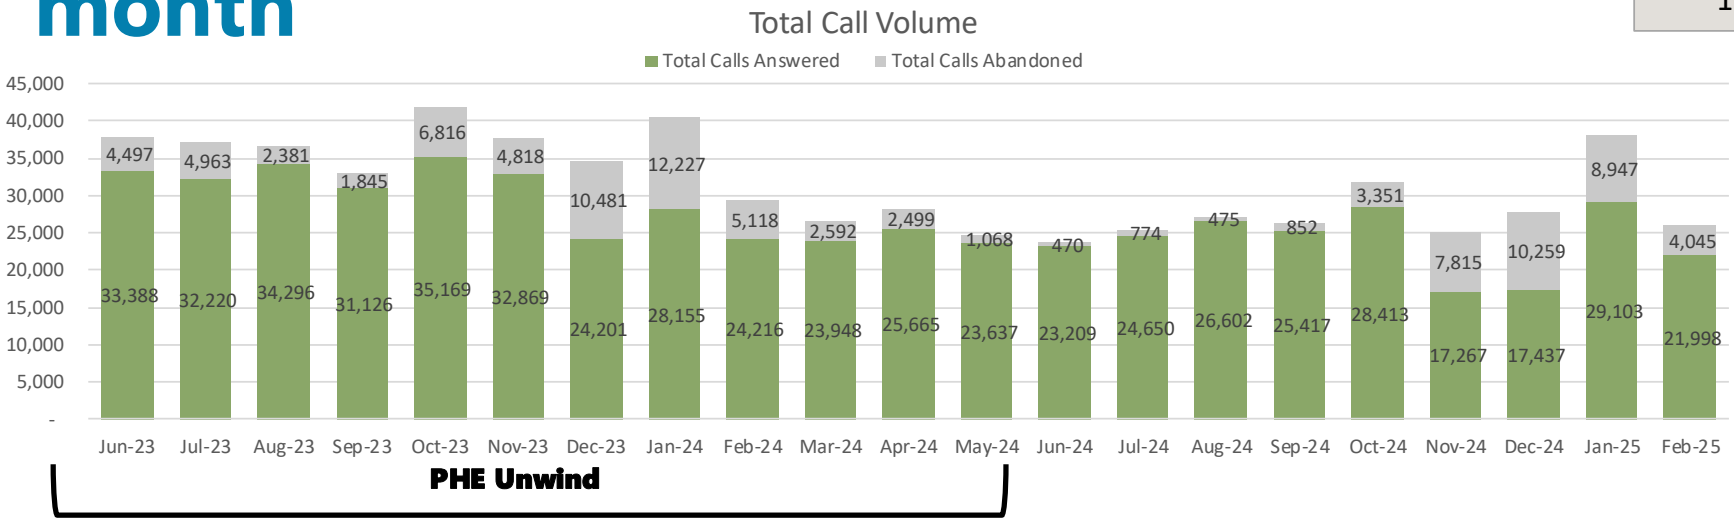
4 Digital Mail Specialists (HHS)
+
36 Support Specialists (HSZ)
+
3 Support Spec Supervisors (HSZ)

(1) Scan

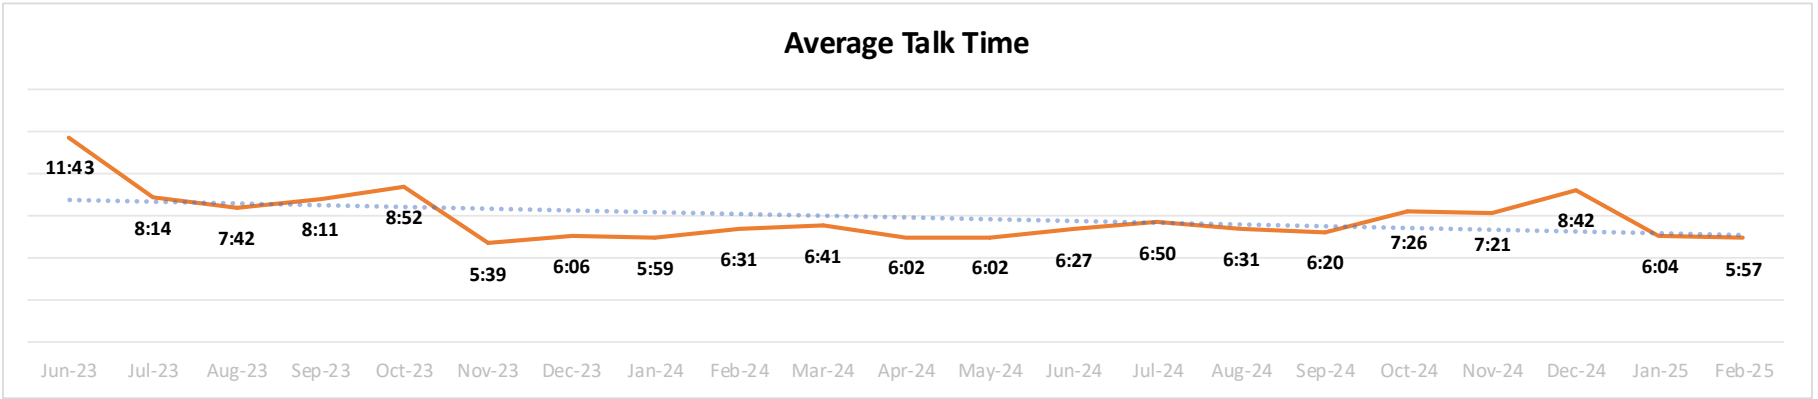
- Scan paper applications and documentation sent to the central mail unit or to HSZ Office

(2) Index

- Team indexes scanned documents to a work queue.
- Automatic indexing to work queue of electronic submissions via self service portal (SSP)



(3) Assign

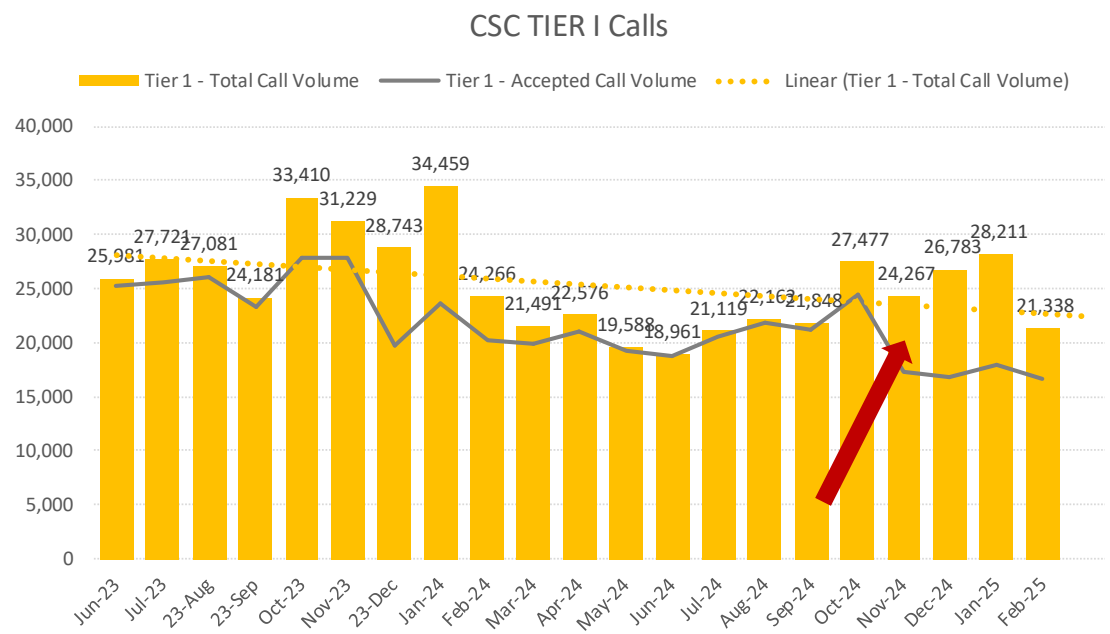


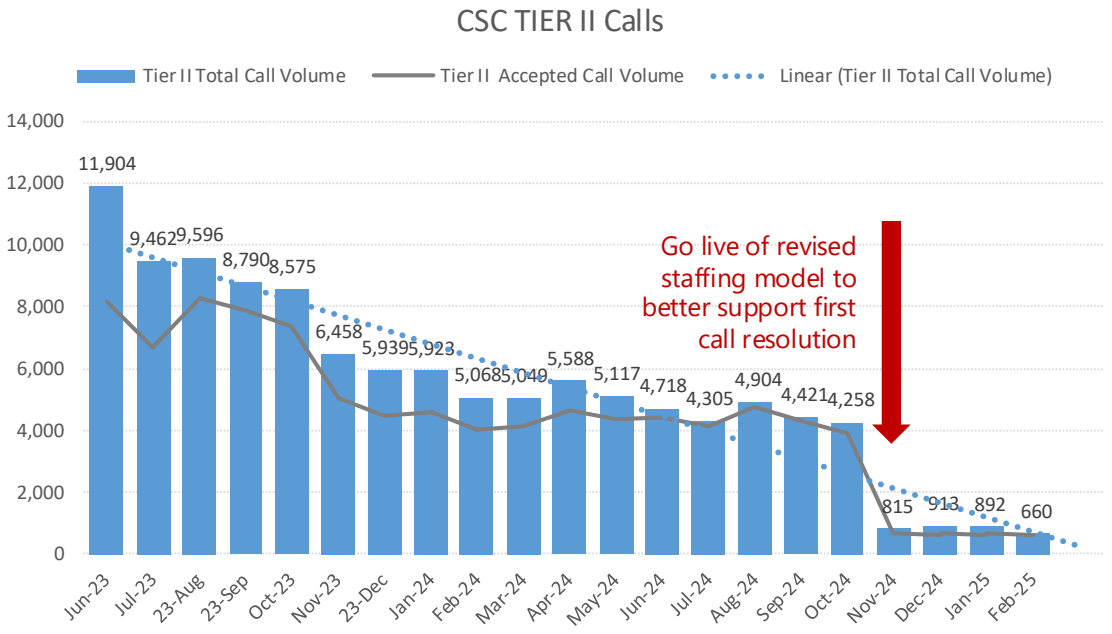
- Batch process assigns work from the queue to the eligibility worker based on their role and group assignment

NORTH Dakota Be Legendary. | Health & Human Services

Customer Support Center (CSC) team serves as a resource to tens of thousands of North Dakotans every month

39 CSC agents (37 HSZ, 2 HHS)
+
9 CSC Leads & Sups (HSZ)
+
1 CSC Coordinator (HHS)

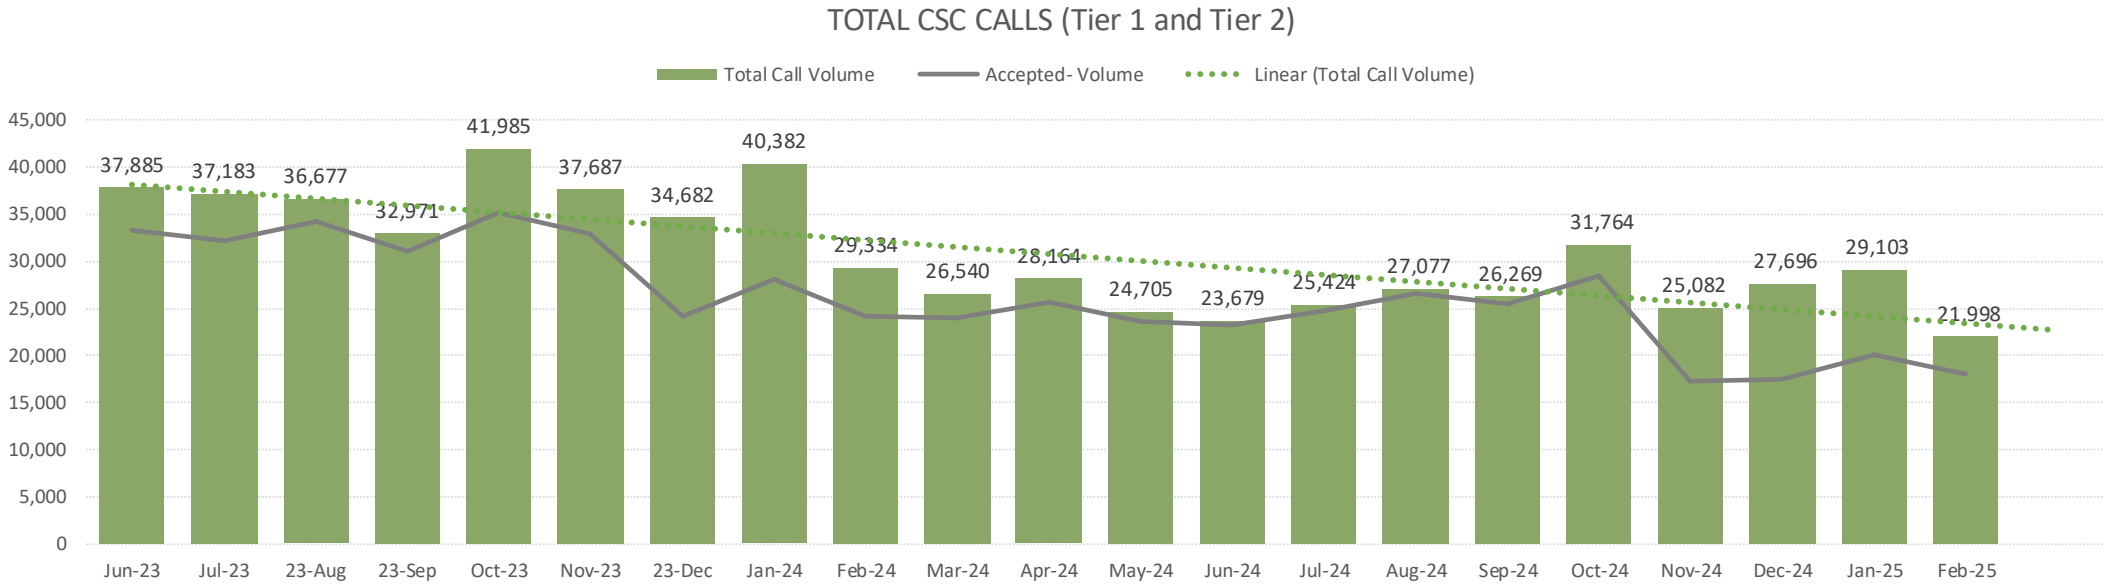


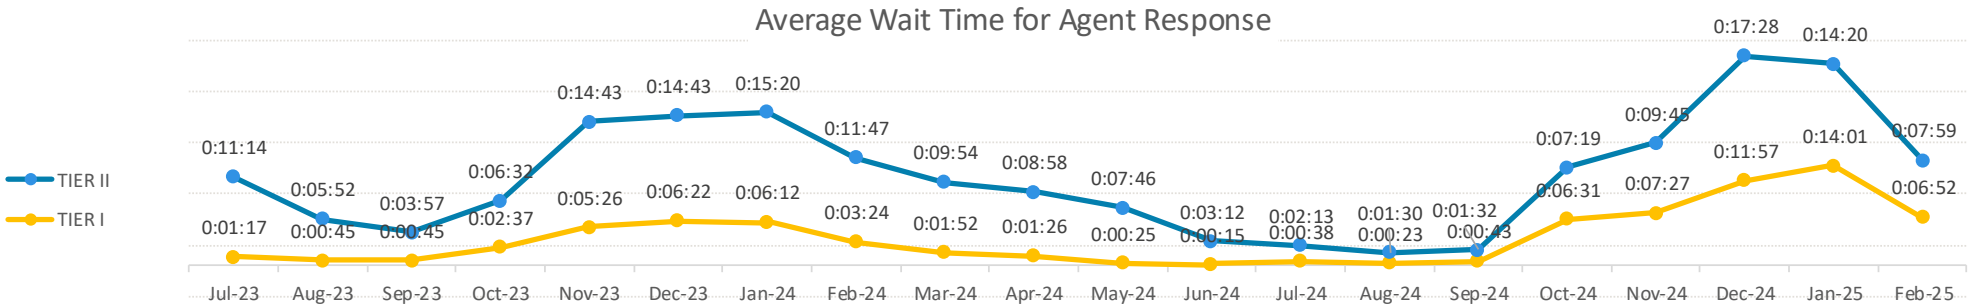


Why do people call?

- When will my case be processed? (#1 - SNAP and #2 Medicaid)
- Questions about what they need to provide to complete review (notice of request for verifications)
- Why was my case closed? Why did the payment status/amount change?
- TANF monthly reporting explanation or JOBS status/inquiry
- EBT cards

First-call resolution helps assure callers get the answers they need





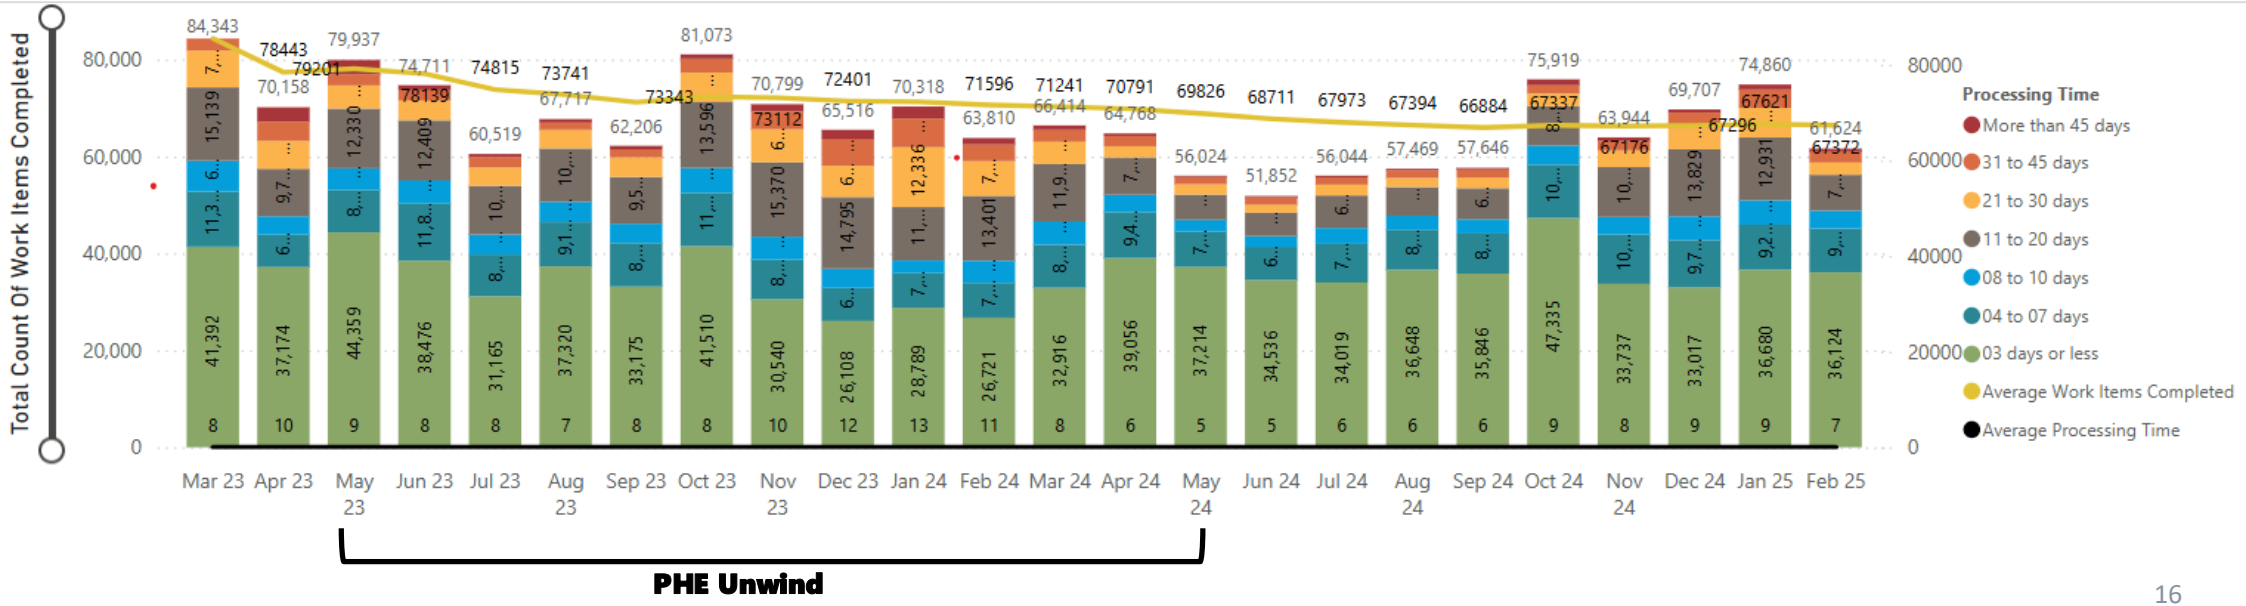
Tier 1 calls are answered by an experienced eligibility worker who is trained to triage calls and answer questions, provide feedback, initiate an action step on a case, or make an appropriate referral/transfer to an alternate source.

Tier 2 eligibility workers manage calls that are more complex, including when callers require de-escalation, or significant case issues that need additional research & documentation.

Average wait times have increased since transitioning to the first call resolution framework

Eligibility teams determine eligibility for 16-18,000 apps & reviews per month by processing 60-70,000+ work items

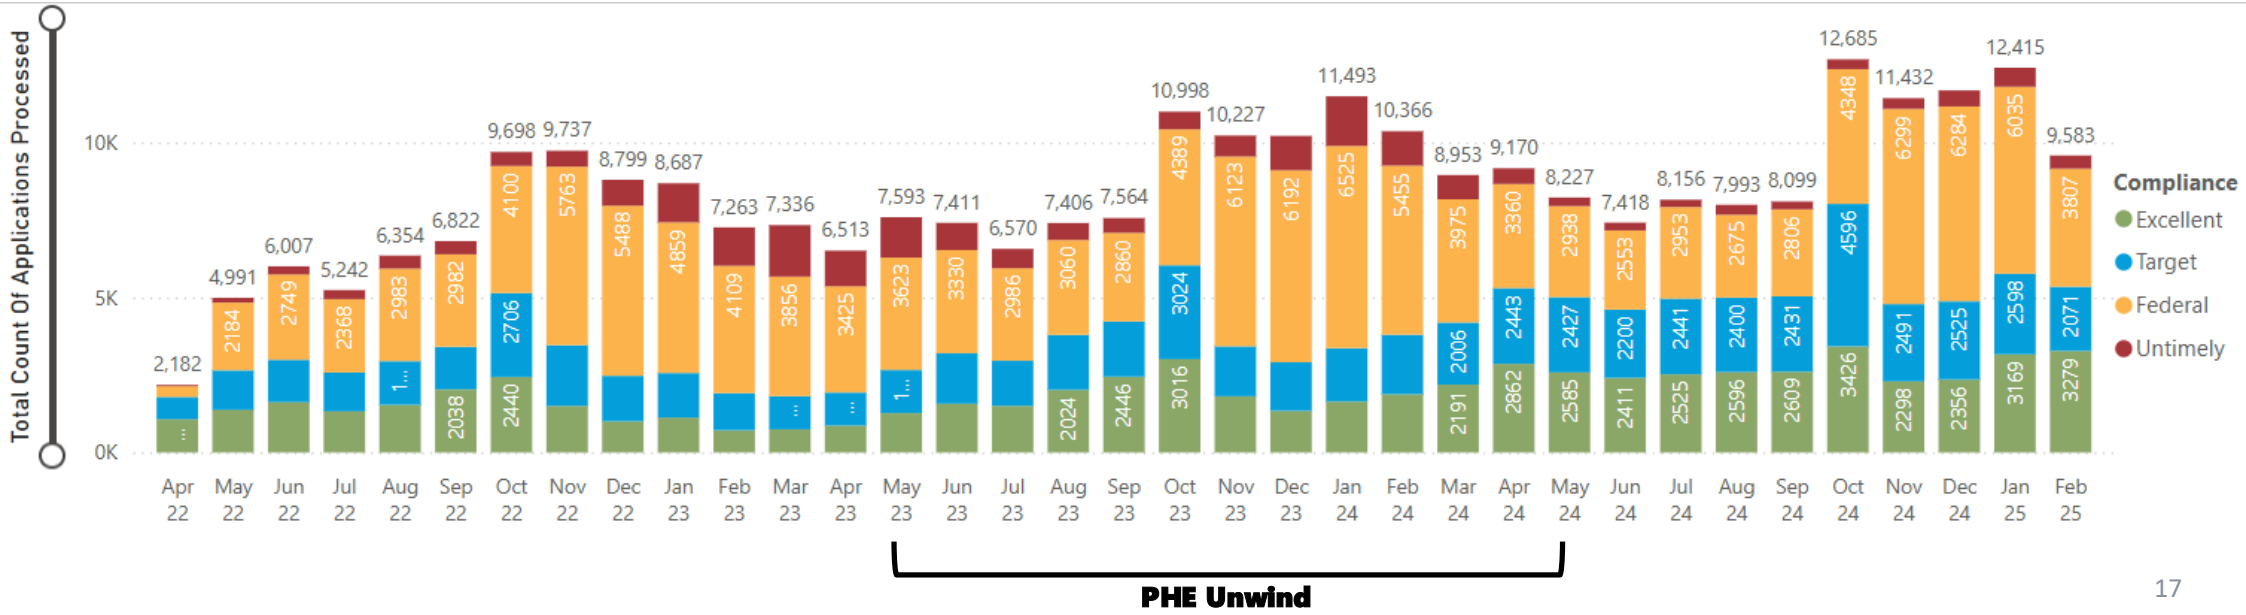
Centralized Mail Team



4 Digital Mail Specialists (HHS)
+
36 Support Specialists (HSZ)
+
3 Support Specialist Sups (HSZ)

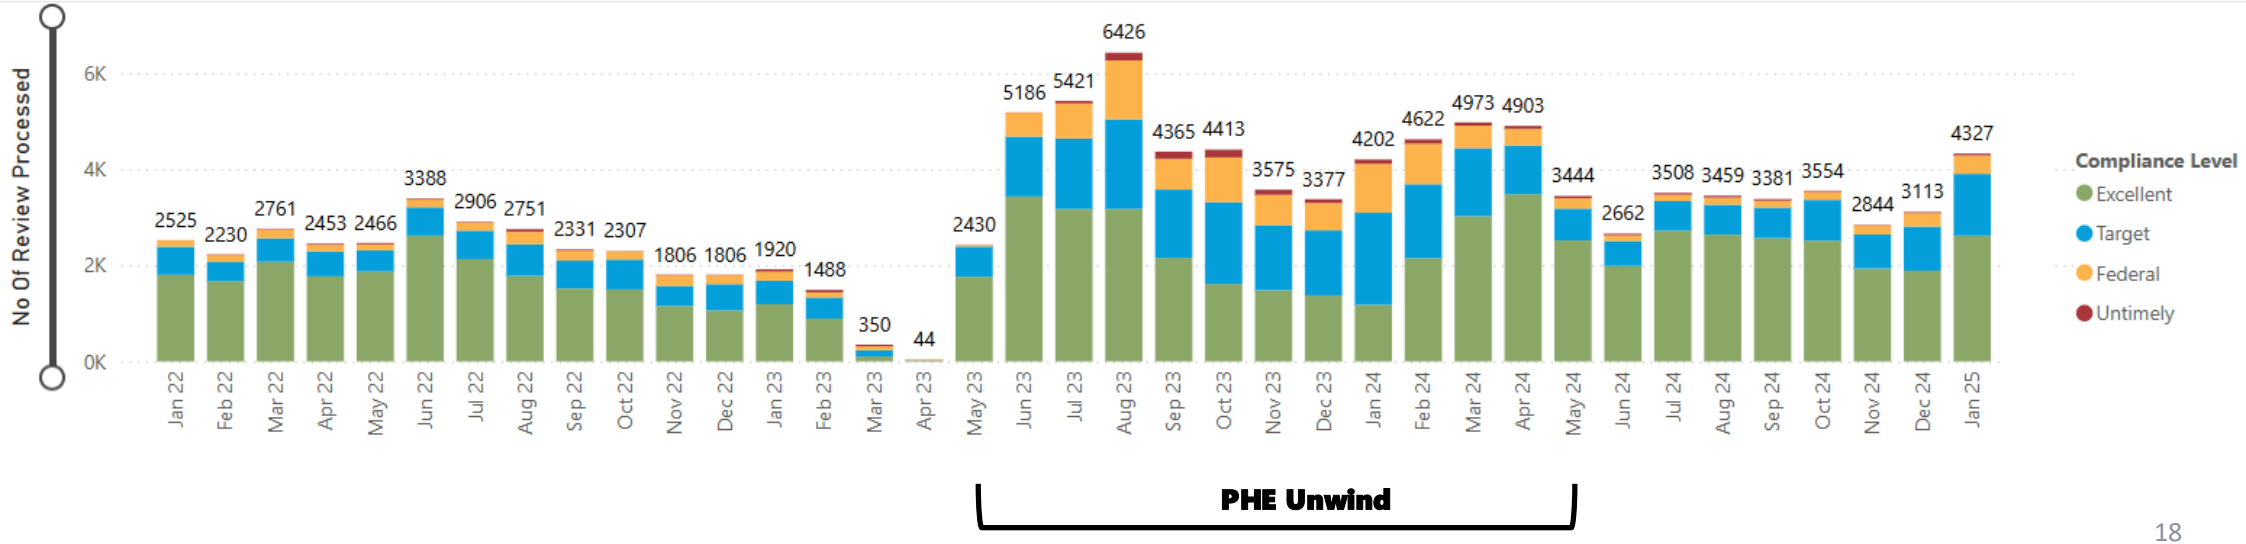
Customer Support Team

39 CSC agents (37 HSZ, 2 HHS)
+
9 CSC Leads & Sups (HSZ)
+
1 CSC Coordinator (HHS)



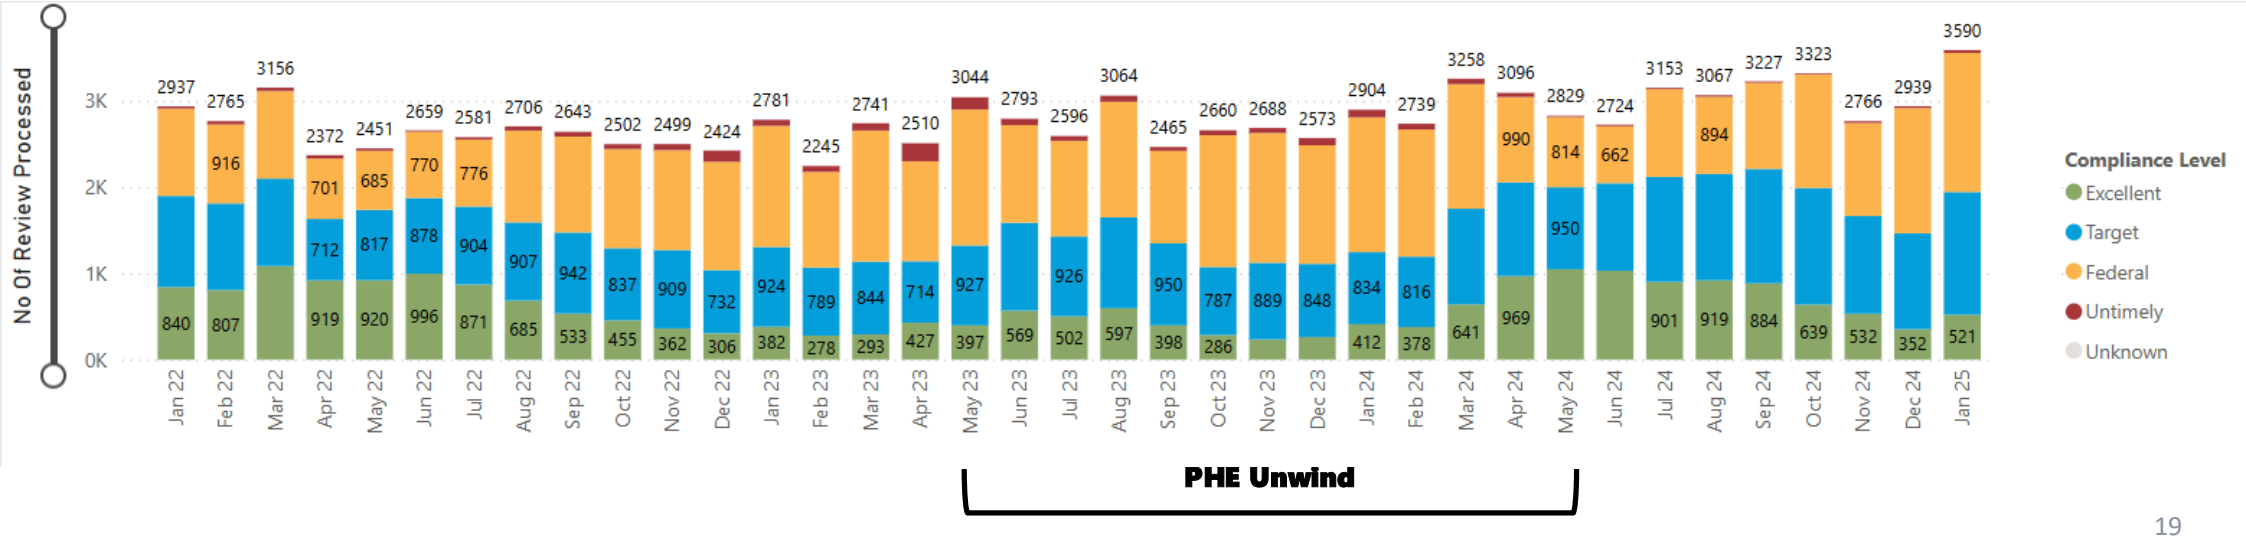
Eligibility Team

124 App processors (HSZ)
+
156 Maint processors (HSZ)
+
20 Long Term Care elig (HHS)



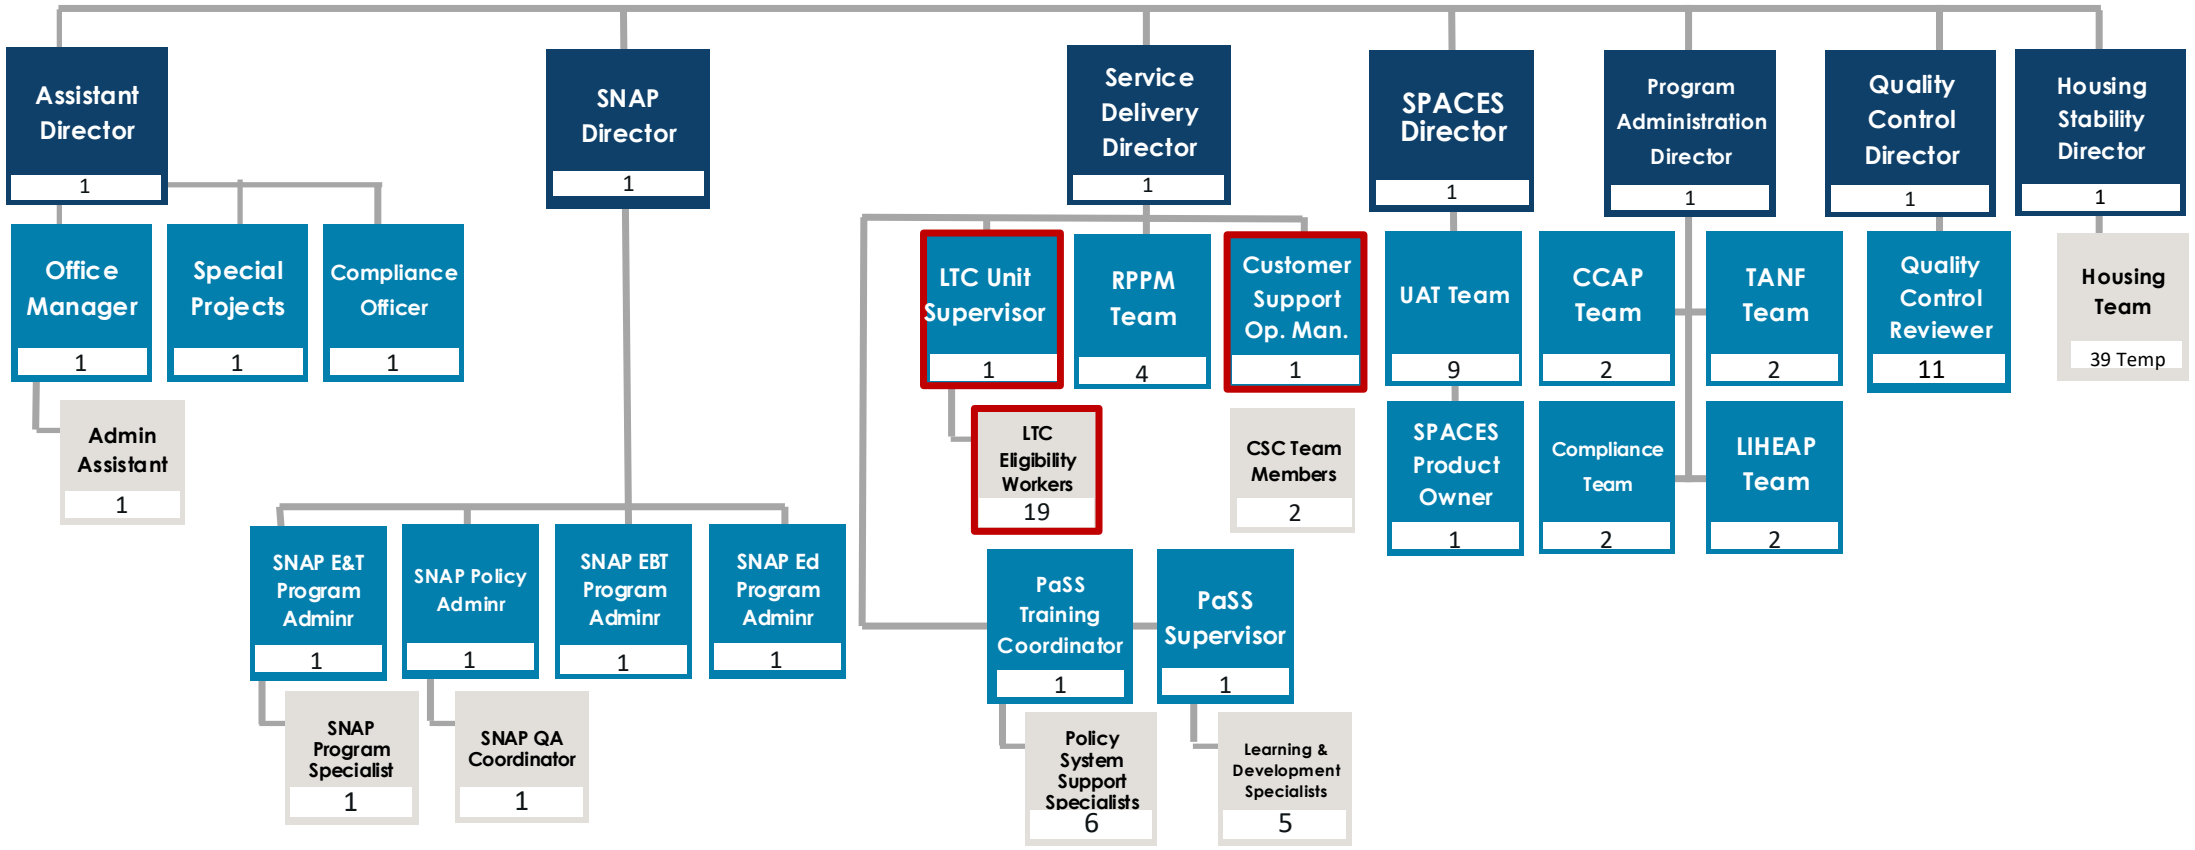
Application Processing - All Programs

- February 2023 – HHS and HSZ's worked together to develop a regional service delivery model to support Economic Assistance and Medicaid coverage.
- May 2023 – First month participants were required to complete a Medicaid renewal, after the temporary Medicaid coverage extension due to the PHE.
- October 2023 – HHS and HSZ's moved from a regional to a statewide service delivery model to support Economic Assistance and Medicaid coverage.
- May 2024 – Last month of Medicaid renewals for PHE unwind.



Review Processing - Medicaid

- February 2023 – HHS and HSZ's worked together to develop a regional service delivery model to support Economic Assistance and Medicaid coverage.
- May 2023 – First month participants were required to complete a Medicaid renewal, after the temporary Medicaid coverage extension due to the PHE.
- October 2023 – HHS and HSZ's moved from a regional to a statewide service delivery model to support Economic Assistance and Medicaid coverage.
- May 2024 – Last month of Medicaid renewals for PHE unwind.



Review Processing – CCAP, SNAP & TANF

- February 2023 – HHS and HSZ's worked together to develop a regional service delivery model to support Economic Assistance and Medicaid coverage.
- May 2023 – First month participants were required to complete a Medicaid renewal, after the temporary Medicaid coverage extension due to the PHE.
- October 2023 – HHS and HSZ's moved from a regional to a statewide service delivery model to support Economic Assistance and Medicaid coverage.
- May 2024 – Last month of Medicaid renewals for PHE unwind.

- 2 User Acceptance Testers to support SPACES maintenance and operations efforts

Supporting Service Delivery

Service Delivery Team

Learning & Development

- Developed 40 new program & system learning modules.
- SNAP, Medicaid and SPACES virtual classroom trainings held monthly.
- Continuous updates to SPACES on-line help, including job aids on complex processes.
- Partnered with HSZ Supervisors & Lead workers to develop a new eligibility worker onboarding plan.
- Meet with supervisors & lead workers monthly to review policy and system changes.

LTC Eligibility Team

- Improved average processing time for applications by 43.8% and reviews by 42.9%.
- Community Outreach and Education:
  - Presented at Statewide, along with the East & West LTC Association Conference
  - Presented at Aging Services Informational Collaboration with facilities, care providers and participants.
  - 23 facility visits over last 2 years.

Regional Policy & Process Managers

Collaboration with HSZs to continuously improve service delivery:

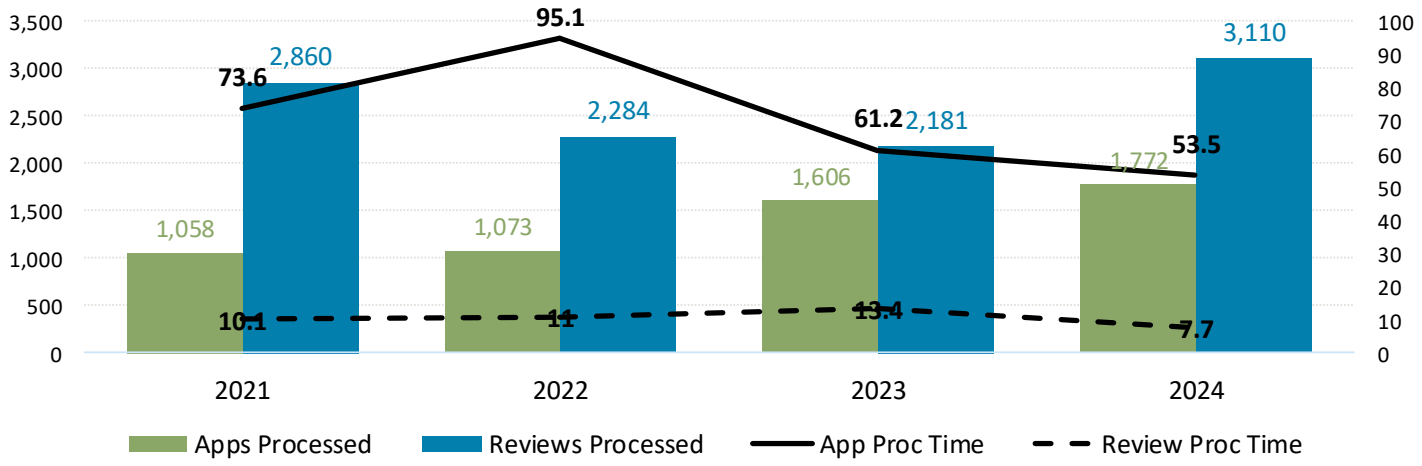
- Shift from regional process to statewide processing – achieving level caseloads statewide.
- Continuous monitoring and escalation of work items to ensure timeliness.
- In-person meetings and training for community partners.

CSC Operations

- Implementation of in-person on-boarding.
- Development of CSC scripting.
- Holiday coverage
- Implemented a supervisor review process.

Policy & System Support Help Desk

Provided policy and technical support to the HSZ eligibility teams.



- 34,754 support tickets closed in 2023
- 24,455 support tickets closed in 2024

Supporting Service Delivery

Long-Term Care Eligibility Unit

- Formed in February 2020 as part of Social Service Redesign
- Responsible for determining Medicaid eligibility for individuals who are in:
  - Skilled nursing facilities
  - Memory care
  - Basic care
  - Swing beds, and
  - Individuals receiving home and community based waiver services
- Today, staffed by 17 eligibility workers, 2 supervisors and 1 unit supervisor (HHS)

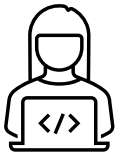
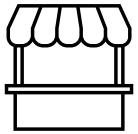
Supporting Service Delivery



Self-Service Portal & Combined Eligibility System (SPACES)

160,000+
North Dakotans utilized SPACES to access Economic Assistance and Medicaid coverage during SFY 2024



Self-Service Portal

- Screening to help individuals understand what assistance they may qualify to received.
- Dynamic application, gathers information based on the program the individual or family is applying for and their responses.
- Allows individuals to received notices electronically and to receive text messages.
- Participants can report changes, upload documents and complete reviews.
- Mobile Friendly

Worker Portal

- Used by 300 HSZ eligibility team members to determine eligibility and level of benefits for families seeking CCAP, LIHEAP, Medicaid, SNAP and TANF.
- Interfaces with 50+ systems, including MMIS, Child Support, Social Security, Vital Records, IRS, EBT/EPC Vendors, etc.
- Case narratives to support eligibility for historical and audit purposes.
- Create and send notices requesting information, informing individuals of their eligibility, referrals, etc.

Provider Portal

- Associate as a provider for children eligible for CCAP and for households receiving LIHEAP.
- Certify enrollment.
- Submit billings.
- View payment history.
- Submit attendance records.
- Mobile Friendly

Referral Portal

- SNAP & TANF work eligible individuals referred to employment and training partners.
- Programs focus on work readiness, training and job placement services.
- Job Service ND, Community Options, Turtle Mountain Employment and Training, receive referrals and maintain individual participation records.
- Support services for work readiness.

Supporting Service Delivery

SPACES Improvements 2023-25

- Process alignment to support the **statewide eligibility redesign**
- Implemented enhancements in line with CMS and state-identified enrollment strategies for the 12-month unwinding period. This included **passive renewals**, **automating 35% of eligibility determinations**.
- **Social security interface** automation, reducing the number of work items by 80%.
- Successful and timely **implementation of legislative changes** for CCAP, TANF and Medicaid.
- **Self-Service Portal** enhancements driving **adoption rate** from 10.5% to 47.1% in one year

SPACES "Behind the Scenes" Impact

Integrated Eligibility system automation removes need for paper apps

Sun Bucks (summer EBT)

Made available by USDA, Sun Bucks provides food assistance during the summer months to families with school-age children eligible for free or reduced-price school meals, when they don't have access to meals at school.

- Summer 2024 - 38,000 children ($4.6M, 100% fed)
- Direct certification process for Summer 2025 = 44,000 children projected to benefit
  - ✓ 24,000 children will be directly certified because they are eligible for SNAP and TANF
  - ✓ Plus 6-8,000 children will be directly certified as eligible for Medicaid-only

Direct Certification for Free/Reduced Meals

- Nov 2024 added automated data exchange to remove the need for children who are already Medicaid eligible to have to apply again for Free / Reduced Meals from their school
- DPI and HHS exchange data between technology systems to eliminate need for families to complete an additional paper application

Retire Legacy Systems from Mainframe

- While the majority of the Economic Assistance transactional systems no longer operate on the mainframe, there are legacy system tails that need to be retired, including both programmatic data and process interfaces.
- The effort of retiring mainframe systems will require teams to reverse engineer old technology processes and methodically retire older solutions, transferring or purging data as necessary.

Applications

TANF Program Changes as per 2023-25 Legislative Session actions

- August 2023, implemented an increase in the TANF benefit amount, essentially doubling the amount for eligible families.
    - A caretaker with 2 children, working 40 hours per at $7.25 per hour or $1,160 per month is eligible for a benefit amount of $896 per month. Prior to this change, the family would have received a $448 benefit.
- October 2023, eliminated the benefit cap provision, preventing an increase in TANF when a child is born to a household member who was receiving TANF during the probable month of conception.
- October 2023, provide eligibility for pregnant women from the start of their pregnancy.
- October 2023, allow for an additional 12 months of earned income disregard as a work incentive.

NORTH Dakota | Health & Human Services
Be Legendary.

TANF Looking Ahead

Changes & Improvements

- Reduce burden on families and eligibility workers moving from monthly reporting to a 6- or 12-month review period.
- Enhance work support through motivational interviewing and expanded supportive services
- Re-evaluate state retention of child support collections involving TANF families.
- Annualized increase for benefit level to sustain progress made in last legislative session

Key Indicator: Child Care Affordability | CCAP Utilization

Child Care Assistance makes a difference for working parents

Jan 2025 survey of Child Care Assistance Program participants | County-level analysis of CCAP utilization as a proportion of total CCAP utilization

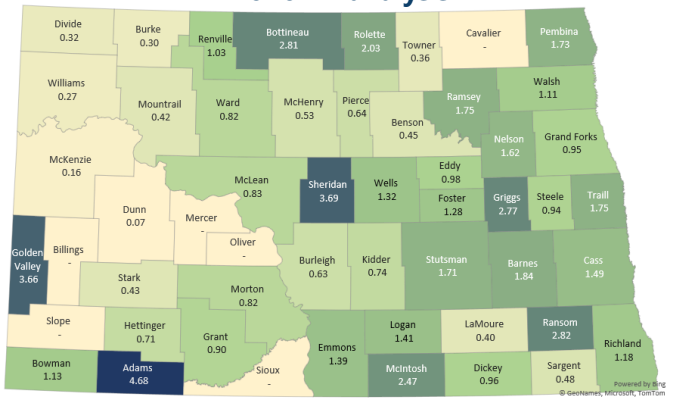
Q: How has child care assistance impacted your ability to manage work hours and schedules?

- Child care assistance allows parents to maintain stable employment, work full-time, and balance their schedules without the constant worry of affording child care.
- Many single parents and families with unpredictable incomes emphasized that without this support, they would struggle to work or would have to take on additional jobs, reducing time with their children.
- Some mentioned that CCAP helped them pursue education or career advancement.

  → *"I honestly don't know how I would manage work without daycare assistance. Daycare costs more than my mortgage!"*

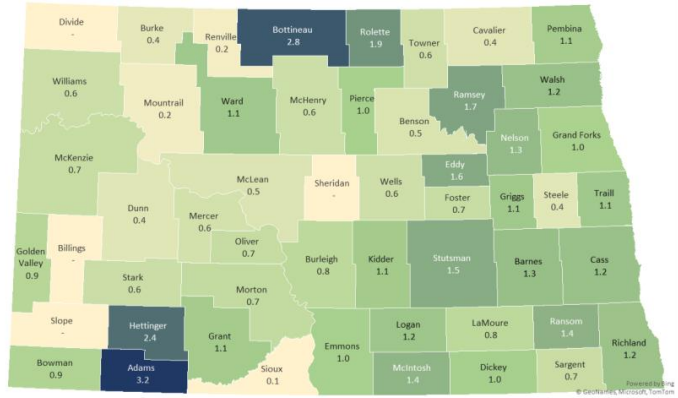
  → *"The CCAP program has allowed my spouse and I to fully continue our work routines and manage to make a livable wage for our family of five."*

  → *"We can afford groceries without skipping items for the adults."*



QUESTION: Is the rate of utilization what we would expect, based on total # of children age 0-13 with all parents in workforce, *adjusting for household income <80% AMI*?

1.0 (green) = yes
<1.0 (lighter) = less than
>1.0 (darker) = more than



In the last 3 years, the utilization of CCAP has become more evenly distributed across ND.

2020-21 analysis

2023-24 analysis

HHS analysis: CCAP as a proportion of population (# of children benefitting from CCAP age 0-5 compared to # likely to need CC (all parents in LF), adjusting for income)

Child Care Assistance makes a difference in working parents' household budgets

Excerpts from survey of families receiving Child Care Assistance | January 2025

Q: How would you manage childcare costs without the assistance?

- Many parents stated they would not be able to afford childcare at all without CCAP, forcing them to quit their jobs, work nights, or rely on other government assistance.
- Several shared that over half of their paycheck would go toward child care, making it impossible to pay for housing, food, and other necessities.
- Others said they would have to depend on family members or unreliable care options to manage.

→ *"I honestly couldn't. I barely make bills the way it is."*

→ *"Over half of my paycheck would go to daycare costs, and I would either have to quit my job or get another job during the night."*

→ *"I wouldn't have been able to afford childcare and work."*

→ *"I would have to leave my job."*

Q: What does child care assistance mean to your household budget? How did the money help you?

- For many families, CCAP makes basic survival possible by allowing them to pay rent, utilities, and groceries while staying employed.
- Some shared that it gave them financial stability to handle unexpected expenses, medical bills, and even small quality-of-life improvements.
- Others noted the program improved their mental health by reducing financial stress and allowed them to focus on work and family.

→ *"We are able to cover unexpected expenses without having to panic and pull from savings. With young children, you never know what is going to happen—this has been a lifesaver when it comes to unexpected sickness/medical expenses."*

→ *"I got a better job. Better mental health. Higher pay. Doing better at work because I don't have to worry."*

→ *"Our budget is manageable now. The assistance we have allows us to work full-time and afford bills still."*

Family of 3 with monthly income of $6,011 would have a CCAP co-pay of $377

Child Care Workforce Benefit Experience

November 2024, Economic Assistance Child Care team hosted two listening sessions to hear from providers on their experiences, feedback and insights with the Child Care Assistance Program.

Provider quotes on the **Child Care Workforce Benefit's impact** on **staff recruitment, retention, and operational sustainability**

"This has been life-changing for our center as far as hiring and recruitment."

"The workforce benefit, has kept us open... This is life-changing for us."

"The benefit has helped me give bonuses to staff. I can't guarantee raises because it's grant funding, but bonuses have been really nice."

"It's helping providers actually be able to stay open and support their staff."

"I love the childcare workforce benefit."

"It makes a big difference for our employees, and it's great that income isn't a factor for them to qualify"

"This benefit has kept us afloat. We've talked about closing in the past, but this has really made a difference"

"It's a big help for us. This has helped us sustain operations during tough times."

"It's great to see something so supportive for staff, it's made a big difference in retaining employees"

"It would be great to have more assurance that the benefit will last long-term so we can confidently plan."

APPROVED RELATIVE CHILD CARE PROVIDERS

Approved relative child care providers offer a trusted option for child care, allowing children to stay with someone they know and feel comfortable with. This supports families by providing care in a familiar environment while ensuring children's safety and well-being.

Who is eligible to be an approved relative provider?

Approved relatives must be related to the child by marriage, blood relationship or court decree. This is specific to the following family members:

- Grandparent or great grandparent
- Aunt or uncle
- Sibling who is age 18 or older

Requirements

- Must live in a separate home from the children they are providing care for.
- All adults living in the home are checked against the "North Dakota Office of Attorney General, Convicted Sex Offenders and Offenders Against Children-Public List."
- Approved relative providers must keep attendance records for each child in their care. These records must be handled in a way that protects the identity of the CCAP family and must be provided at the request of the state or human service office. Records should include the following:
  - Child's name
  - Date care was provided
  - Check in and check out times

Setting
Private residence

Age Range
Infants, toddlers, preschoolers and school-age children

Child Care Assistance Program Eligible
Yes

Child and Adult Care Food Program Eligible
No

Number of Children
Up to five children, of which no more than three may be under the age of 24 months. The provider's own children under age 12 must be included in the total.

2025 SENATE STANDING COMMITTEE MINUTES

Appropriations - Human Resources Division
Harvest Room, State Capitol

HB 1012
3/31/2025 p.m.

Relating to leases of the health and human services property, substance use disorder treatment program, basic care payment rates, and state of residence for child care assistance; to provide for a transfer; to authorize a line of credit; to provide legislative intent; to provide for a legislative management study; to provide an application; to provide an exemption; to provide for a report; and to provide an effective date.

2:54 p.m. Chairman Dever opened the hearing.

Members present: Chairman Dever and Senators Cleary, Davison, Magrum and Mathern.

Discussion Topics:

- Budget Review Process
- Eviction and Housing Stabilization Program
- Child Care Programs

2:54 p.m. Chairman Dever asked if there were any testimonies, and no one responded.

2:56 p.m. Chairman Dever started discussion of how to proceed in the budget review process.

2:56 p.m. Keith Mantz, Financial Analyst, LC, referred to previously submitted testimony #40132. He suggested updating the longsheet (March 7th) as the committee goes along.

2:58 p.m. Senator Cleary started discussion about budget process review.

3:09 p.m. Donna Aukland, CFO, North Dakota Department of Health and Human Services (ND DHHS), testified in favor, and discussed size and scope and Medicaid and estimating budget.

3:16 p.m. Senator Davison suggested plugging in budget numbers into the longsheets so we can see where we are with the budget as we go along in the process. The committee will also receive input from the department concerning their priorities.

3:20 p.m. Donna Aukland, CFO, ND DHHS, testified in favor, and answered questions about the Eviction Prevention and Housing Stabilization Program.

3:23 p.m. Senator Davison continued discussion of the Eviction Prevention and Stabilization Program.

3:30 p.m. Donna Aukland, CFO, ND DHHS, testified in favor and answered questions concerning what their budget priorities are and where they can cut.

3:31 p.m. Senator Cleary gives his suggestion about going through the longsheets section by section.

3:32 p.m. Donna Aukland, CFO, ND DHHS, testified in favor, referenced testimony #44392. and answered questions concerning the Child Care Development Fund.

3:45 p.m. Donna Aukland, CFO, ND DHHS, testified in favor, and answered questions about the Covid carry over money.

3:48 p.m. Donna Aukland, CFO, ND DHHS, testified in favor, and answered questions about IHEAP funding.

4:04 p.m. Chairman Dever closed the hearing.

Joan Bares, Committee Clerk

2025 SENATE STANDING COMMITTEE MINUTES

Appropriations - Human Resources Division
Harvest Room, State Capitol

HB 1012
4/1/2025

Relating to the department of health and human services.

2:43 p.m. Chairman Dever opened the hearing.

Members present: Chairman Dever and Senators Cleary, Davison, Magrum and Mathern.

Discussion Topics:

- Public Health COVID Funding Update
- Four Terminated Grants
- COVID Funding Budget Cut
- IT Modernization Contracts
- Public Health Budget Review Line by Line

2:45 p.m. Dirk Wilke, Interim Commissioner, ND Department of Health & Human Services, (ND DHHS), testified in favor, gave Public Health COVID funding update, answered committee questions, and submitted testimony #44531.

3:00 p.m. Keith Mantz, Fiscal Analyst, LC, testified neutral and submitted testimony #44536.

3:05 p.m. Donna Aukland, CFO, ND DHHS, testified in favor and answered committee questions concerning COVID Funding in the Behavioral Health Division.

3:13 p.m. Chairman Dever began discussion of Public Health budget review line-by-line.

3:14 p.m. Keith Mantz, Fiscal Analyst, LC, testified neutral and referred to longsheets #44536.

3:16 p.m. Senator Davison discussed the reallocation of $2,213,930, million from coordinating purchasing to support immunization access (public health and consolidated lab fund) to one-time funding of public health IT data modernization projects (public health and consolidated lab fund). The committee approved.

3:17 p.m. Keith Mantz, Fiscal Analyst, LC, testified neutral and referred to longsheets #44536.

3:18 p.m. Dirk Wilke, Interim Commissioner, ND DHHS, testified in favor and answered committee questions.

3:21 p.m. Donna Aukland, CFO, ND DHHS, testified in favor and referred to previously submitted testimony #44531.

3:23 p.m. Chairman Dever asked the committee for any objections to reducing the Public Health federal dollars budget ($220,000,) by $60,000, which represents the loss of COVID dollars. The committee approved.

3:23 p.m. Donna Aukland, CFO, ND DHHS, testified in favor and referred to longsheets #44536.

3:34 p.m. Chairman Dever discussed status of Local Public Health current base funding (8,000,000,). Funding doesn't change and the committee approved.

3:41 p.m. Chairman Dever referred to longsheet #44536 and stated salary increases, health insurance increases, FTE block grant pool, base budget adjustments and transfers, and the added funding to replace new and vacant FTE pools, do not need committee action.

3:42 p.m. Chairman Dever started discussion of funding for: expansion of domestic & sexual violence prevention, additional domestic violence and sexual violence prevention, Safe Haven, and maternal and child health programs.

3:44 p.m. Steph Gullickson, Fiscal Management Analyst, OMB, testified neutral and answered committee questions.

3:46 p.m. Senator Mathern inquired about the zero balance in the maternal and child health programs enhancement budget and the committee approved.

3:46 p.m. Keith Mantz, Fiscal Analyst, LC, testified neutral, referred to longsheets #44536, and answered committee questions.

3:47 p.m. Dirk Wilke, Interim Commissioner, ND DHHS, testified in favor and answered committee questions.

3:50 p.m. Senator Mathern inquired about funding for coordinated purchasing to support immunization access.

3:50 p.m. Keith Mantz, Fiscal Analyst, LC, testified neutral, referred to longsheets, #44536, and answered committee questions. Keith stated that the immunization funding ($2,213,930,) was discussed earlier and will be reallocated from special funds to one-time funding public health IT projects.

3:51 p.m. Senator Davison would like to remove funding for additional domestic violence prevention funding ($1,700,000,) and Safe Haven ($440,000) and the committee approved.

3:53 p.m. Chairman Dever started the discussion about the forensic pathology contract.

4:04 p.m. Dirk Wilke, Executive Director, NDDHHS, testified in favor and answered committee questions.

4:09 p.m. Keith Mantz, Financial Management Analyst, LC, testified neutral, referred to longsheets #44536, and answered committee questions. He suggested reducing the general fund by $866,156, and leaving the remaining $1 million in the general fund. This would be even with what was done last biennium and the committee approved.

4:09 p.m. Chairman Dever started discussion about the food and lodging 7% addition fee increase to 20% in total.

4:09 p.m. Keith Mantz, Financial Management Analyst, LC, testified neutral, referred to longsheets $44536, and answered committee questions. Food and lodging is shifting funds from the general fund to special funds and the committee approved.

4:10 p.m. Dirk Wilke, Executive Director, NDDHHS, testified in favor and answered committee questions.

4:11 p.m. Senator Davis started discussion about funding for the additional grant for Family Voices and mentioned funding went from the base ($160,000,) to $260,000. He would like to revisit this.

4:13 p.m. Senator Cleary suggested reducing the funding (from $637,611, to $287,661,) for the Fetal Alcohol Syndrome Program and the committee approved.

4:14 p.m. Senator Dever stated the FTE Position is an adjustment and therefore no committee action needed.

4:14 Keith Mantz, Financial Management Analyst, LC, testified neutral, referred to longsheets #44536, and answered committee questions.

4:15 p.m. Chairman Dever started discussion of funding ($251,500,) for nonfatal toxicology testing equipment (health lab). Committee gave approval.

4:16 p.m. Chairman Dever started discussion of funding ($2,962,304,) for Public Health laboratory transition (SIF). Committee gave approval.

4:16 p.m. Chairman Dever started discussion of funding ($278,000,) for Forensic examiner electronic records system (community health trust fund).

4:16 p.m. Senator Cleary stated a need to consolidate all IT projects and prioritize them to include completion dates. He suggested revisiting the budget for the forensic examiner electronic records system.

4:17 p.m. Senator Magrum recommended removing the funding ($300,000,) for the Cass County animal shelter (community health trust fund). Committee gave approval.

4:17 p.m. Senator Cleary recommended removing the funding ($750,000,) for the statewide health strategies grant (community health trust fund). Committee gave approval.

4:18 p.m. Keith, Mantz, Financial Management Analyst, LC, testified neutral and reviewed committee suggestions for the general fund items. These suggestions are: remove funding ($1,700,000,) from additional domestic and sexual violence prevention programs, remove funding ($440,000,) for the safe haven project, reduce funding ($2,866,156, down to $2,000,00,) for the fetal alcohol spectrum disorder clinic. Committee gave approval.

4:19 p.m. Donna Aukland, CFO, ND DHHS, testified in favor and answered committee questions.

4:21 p.m. Senator Davison recommended keeping the funding ($350,000,) for the food and lodging management system (community health trust fund), removing the funding ($650,000,) for the health facilities and EMS licensure management system (community health trust fund). He also recommended removing the remaining two funding items: funding ($300,000,) for the Cass County animal shelter (community health trust fund), the funding ($750,000,) for the statewide health strategies grant (community health trust fund). Committee gave approval.

4:22 p.m. Donna Aukland, CFO, ND DHHS, testified in favor, referred to longsheet, and answered committee questions.

4:24 p.m. Dirk Wilke, Executive Director, ND DHHS, testified in favor and answered committee questions.

4:25 p.m. Senator Cleary questioned the funding for the fetal alcohol spectrum syndrome program.

4:28 p.m. Chairman Dever closed the hearing.

Joan Bares, Committee Clerk

House Bill 1012 Public Health COVID Funding Update

Senate Appropriations Committee; Human Resources Division
Senator Dever, Chairman

Department of Health and Human Services

Public Health Division | April 1, 2025

NORTH Dakota Be Legendary. | Health & Human Services

Overview of Impacted Grants

North Dakota HHS received $97.38 million in CARES Act and other funding for three Epidemiology/Lab Capacity grants. About $57 million had not yet been expended and was obligated through May 31, 2026. The funding had been reserved for technology updates and responding to possible future disease control and prevention needs.

HHS was also awarded a $31.2 million Health Disparities grant from CARES, ARPA and other funding to support health strategies, system improvement and public education; $3.4 million remained and was obligated through May 31, 2026.

In addition, HHS received three federal pandemic-era grants totaling about $32 million from ARPA, CARES and other sources to support Immunization efforts. $8.4 million remained, which was obligated in contracts to local public health units and other providers and for public education through June 30, 2025.

Areas of Impact

- $30.7 million- Federal Authority for Laboratory Supplies
- $17 million- Federal Authority for Enhanced Testing Capacity
- $7.3 million- IT Contracts for Public Health Modernization
- $2.4 million- Local Public Health
- $2.4 million- Universities
- $1.4 million- Health Strategies and System Improvement

2025 SENATE STANDING COMMITTEE MINUTES

Appropriations - Human Resources Division
Harvest Room, State Capitol

HB 1012 a.m.
4/2/2025

Relating to the department of health and human services.

9:00 a.m. Chairman Dever opened the hearing.

Members present: Chairman Dever and Senators Cleary, Davison, Magrum and Mathern.

Discussion Topics:

- Public Health Budget Decision Revisit - Information Technology (IT) Budget
- Community Behavioral Health Clinics FTE Funding Request
- Terminated Federal Funding Update
- Business Operations Budget Review Line-By-Line
- Behavioral Health Budget Review Line-By-Line

9:01 a.m. Keith Mantz, Fiscal Analyst, LC, submitted testimony #44553 and #44574.

9:05 a.m. Senator Davison questioned the priorities of the Information Technology budget. He suggested removing the funding ($278,000,) from the forensic examiner electronic records system (community health trust fund) and per discussion the committee approved.

9:07a.m. Donna Aukland, CFO, North Dakota Health and Human Services (ND DHHS), started the discussion for an increase in FTE block funding ($20,000,000,). The department will need an extra 103 Full-Time Equivalent (FTE) employees for the four new Certified Community Behavioral Health Clinics (CCBHC) and referenced testimony #44741.

9:23 a.m. Sara Stolt, Deputy Commissioner, ND DHHS, testified in favor, and answered committee questions about FTE block funding.

9:34 a.m. Keith Mantz, Financial Analyst, LC, testified neutral, referred to bill and answered questions about FTE block funding.

9:34 a.m. Senator Dever and committee agree this funding needs further information and will be revisited.

9:36 a.m. Chairman Dever started discussion concerning the Business Operations Budget line-by-line

9:36 a.m. Donna Aukland, CFO, ND DHHS, testified in favor, referred to longsheets #44574, and started the discussion of the Business Operations budget, salary increase, health insurance increase, base budget adjustments and transfers. These line items require no committee decisions. The FTE block grant pool is deferred to later this afternoon.

9:40 a.m. Senator Davison inquired about the funding ($10,000,000) to retiring the mainframe and legacy systems (SIIF).

9:41 a.m. Donna Aukland, CFO, ND DHHS, testified in favor, referred to longsheets #44574 and answered questions about retiring the mainframe and legacy systems.

9:42 a.m. Senator Davison mentioned the dollars in Section 13 will need to be changed.

9:42 a.m. Sara Stolt, Deputy Commissioner, ND DHHS, testified in favor, and answered questions about funding the retiring of the mainframe and legacy systems and committee approved.

9:44 a.m. Donna Aukland, CFO, ND DHHS, testified in favor and discussed sections of the bill for special consideration: sections 5, 20 and 25.

9:57 a.m. Chairman Dever recessed the meeting.

10:14 a.m. Chairman Dever reconvened the meeting.

10:14 a.m. Chairman Dever started discussion of terminated federal funding.

10:14 a.m. Pamela Sagness, Executive Director, Behavioral Health and Human Services, ND DHHS, testified in favor, and gave an update on terminated federal funding related to the Behavioral Health Division, and submitted testimony #44561 and #44741.

10:25 a.m. Chairman Dever started discussion of additional salary funding/underfunding-103 CCBHC.

10:25 a.m. Pamela Sagness, Executive Director, Behavioral Health and Human Services, ND DHHS, testified in favor and answered committee questions concerning the request for 103 FTEs and the Certified Community Behavioral Health Clinics (CCBHC). Discussion is ongoing and funding will be revisited.

10:43 a.m. Chairman Dever started the discussion for the Behavioral Health Budget Review line-by-line and referred to previously submitted testimony #44536. The first four line-items: salary increase, health insurance increase, base budget adjustments and transfers, and FTE block grant pool, require no committee action.

10:43 a.m. Chairman Dever started the discussion of funding ($709,106,) for the cost to continue programs.

10:45 a.m. Donna Aukland, CFO, ND DHHS, testified in favor, referred to longsheets #44536, and answered committee questions concerning the cost to continue line-item. She stated this line represents moving money around in the budget requires no committee action.

10:46 a.m. Chairman Dever started the discussion of funding ($8,000,000,) for the Opioid Settlement.

10:47 a.m. Pamela Sagness, Executive Director, Behavioral Health and Human Services, ND DHHS, testified in favor and answered committee questions concerning funding for the opioid settlement and committee approved.

10:50 a.m. Chairman Dever started the discussion of funding ($1,000,000,) for Avel ecare.

10:50 a.m. Pamela Sagness, Executive Director, Behavioral Health and Human Services, ND DHHS, testified in favor and answered committee questions concerning Avel ecare.

10:52 a.m. Donna Aukland, CFO, ND DHHS, testified in favor, referred to longsheets #44553, and answered committee questions concerning Avel ecare. The governor approved 1 million (community health trust fund) plus the carryover of 1 million. Page 14 of HB 1012, Section 25, Line 10 needs to be changed from $2,223,982 to $1,000,000.

10:56 a.m. Senator Davison approved funding and per discussion committee approved.

10:57 a.m. Chairman Dever started the discussion of funding for additional substance use disorder funding for medical expenses with institutions for mental disease voucher, substance use disorder - 50/50 inpatient/outpatient, and mental health and substance use disorder treatment for incarcerated individuals

10:58 a.m. Pamela Sagness, Executive Director, Behavioral Health and Human Services, ND DHHS, testified in favor and answered committee questions.

11:00 a.m. Senator Davison started the discussion and gave his opinion on three line-items: reduce funding from ($500,000, to $250,000,) for the additional substance use disorder funding for medical expenses with institutions for mental disease voucher; keep funding ($500,000,) for substance use disorder - 50/50 inpatient/outpatient, and remove funding (2,500,000,) for mental health and substance use disorder treatment for incarcerated individuals.

11:30 a.m. Senator Davis reiterated his funding suggestions and committee approved.

11:30 a.m. Chairman Dever started discussion for funding ($250,536,) of western ND behavioral health staffing salary equity.

11:31 a.m. Pamela Sagness, Executive Director, Behavioral Health and Human Services, ND DHHS, testified in favor and answered committee questions concerning the funding for western ND behavioral health staffing salary equity and committee approved.

11:32 a.m. Chairman Dever started the discussion about the next 4 line-items: vendor crisis residential contract, vendor addiction residential contract, vendors addiction residential contract and vendors recovery/rehab contract.

11:33 a.m. Pamela Sagness, Executive Director, Behavioral Health and Human Services, ND DHHS, testified in favor and answered committee questions concerning: vendor crisis

residential contract, vendor addiction residential contract, vendors addiction residential contract and vendors recovery/rehab contract.

11:34 a.m. Keith Mantz, Financial Analyst, testified neutral, referred to longsheets #44553, and answered committee questions.

11:35 a.m. Chairman Dever and Senator Davison approve funding for vendor crisis residential contract, vendor addiction residential contract, vendors addiction residential contract and vendors recovery/rehab contract and committee approved.

11:35 a.m. Chairman Dever started the discussion of funding ($408,000,) for treatment collaboration for traumatized youth expansion and committee approved.

11:36 a.m. Chairman Dever started thediscussion of funding ($1,351,997,) for voluntary treatment program/qualified residential treatment program.

11:37 a.m. Pamela Sagness, Executive Director, Behavioral Health and Human Services, ND DHHS, testified in favor and answered committee questions concerning voluntary treatment program/qualified residential treatment program.

11:40 a.m. The committee asked for follow up and will revisit funding for the voluntary treatment/qualified residential treatment program.

11:42 a.m. Chairman Dever started the discussion of funding ($0) for youth crisis stabilization pilot and committee approved.

11:44 a.m. Pamela Sagness, Executive Director, Behavioral Health and Human Services, ND DHHS, testified in favor and answered committee questions concerning youth crisis stabilization pilot.

11:49 a.m. Senator Cleary suggested 1.5 from federal funding and 1.5 from community health trust fund for a total funding of $3,000,000, and committee approved.

11:49 a.m. Chairman Dever started the discussion of funding for three line-items: the funding ($4,761,081,) for cost to continue free through recovery and community connect, the funding ($4,458,814,) for expanded community connect services, and the funding ($4,016,908,) for expanded free through recovery services.

11:49 a.m. Pamela Sagness, Executive Director, Behavioral Health and Human Services, ND DHHS, testified in favor and answered committee questions concerning: cost to continue free through recovery and community connect, expanded community connect services, and expanded free through recovery services.

12:04 a.m. Keith Mantz, Financial Analyst, LC, testified neutral and referred to longsheets #44553.

12:05 p.m. Discussion will continue in the afternoon.

Additional Written Testimony:

Senator Mathern, District 11, submitted testimony #44557.

12:06 p.m. Chairman Dever closed hearing.

Joan Bares, Committee Clerk

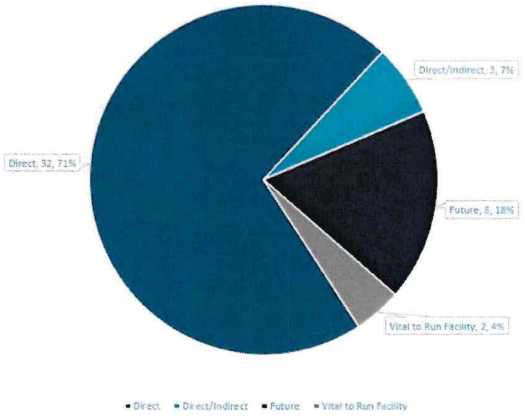
Subject: CCBHC FTE Information - as requested this morning by Les
Date: Monday, April 7, 2025 9:42:40 AM
Attachments: image001.png
image002.png
image003.png

Workforce Needs:
The following information is in response to your request regarding workforce needs to implement CCBHC in 4 regions (Williston, Minot, Dickinson, Fargo). We have included several visuals to help represent the areas of service (direct, indirect, vital to run facility positions, and future-planned positions). The first graphic illustrates the types of positions under each, and the colors will provide the key to the graphs below.

During the Summer of 2024 HHS approved the eight clinics request of 58 positions in total to support clinics and residentials to meet the demand of their current identified service population. A sample of positions requested were therapists, licensed addiction counselors, direct care associates , care coordinators.



45 positions are needed to expand services to meet CCBHC requirements in 4 clinics (Williston, Minot, Dickinson, Fargo). A sample of positions requested were therapists, licensed addiction counselors, case managers, care coordinators, prescribers, and additional facility supports like support staff and maintenance workers.

CCBHC Expansion FTE Request in Relation to Billable Positions

2025-2027 Northwest, North Central, Badlands, and Southeast

n=45 FTE

NORTH Dakota | Health & Human Services

Certification:
As discussed during clinic testimony, there is no federal certification for CCBHC. It is the responsibility of the state to establish its own criteria, requirements, and certification process in accordance with local laws and regulations; ensuring that the certification process is tailored to the specific needs and standards of the state. Once a state develops certification criteria and requirements, then clinics can apply and go through a review to determine if the clinic meets certification criteria. North Dakota currently does not have an established certification criteria or process but is actively engaged in the development. SB 2113 will grant authority to the Behavioral Health Division to establish certification criteria which will be set in administrative code, with plan of certification to be accessible by clinics Spring/Summer 2026.

Federal Grant Funding:
The Behavioral Health Division has applied for grant funding from SAMHSA to pursue assistance with CCBHC implementation, as outlined below. These grants support states in the development of CCBHC certification and clinics in the implementation to meet CCBHC Certification. The Behavioral Health Division was awarded a CCBHC Planning Grant in December 2024. To note, grants are not required for states to stand up certification criteria and process.

May 2022	The Behavioral Health Division submitted three federal grant applications for the FY 2022 Certified Community Behavioral Health Clinic Planning, Development, and Implementation Grant (CCBHC-PDI) NOFO No. SM-22-002 for **Badlands**, **South Central** and **Northeast** Human Service Centers.	NOT AWARDED
Dec 2022	The Behavioral Health Division submitted a federal grant application for FY 2023 Cooperative Agreements for Certified Community Behavioral Health Clinic Planning Grants (CCBHC Planning Grants) NOFO No. SM-23-015.	NOT AWARDED
May 2023	The Behavioral Health Division submitted three federal grant applications for the FY 2023 Certified Community Behavioral Health Clinic Planning, Development, and Implementation Grant (CCBHC-PDI) NOFO No. SM-23-024 for **Badlands**, **Northwest** and **Northeast** Human Service Centers.	NOT AWARDED
Sept 2024	The Behavioral Health Division submitted a federal grant application for FY 2024 Cooperative Agreements for Certified Community Behavioral Health Clinic Planning Grants (CCBHC Planning Grants) NOFO No. SM-25-001	AWARDED *As of 12/31/2024*

2025 SENATE STANDING COMMITTEE MINUTES

Appropriations - Human Resources Division
Harvest Room, State Capitol

HB 1012 p.m.
4/2/2025

Relating to the department of health and human services.

3:21 p.m. Chairman Dever opened the hearing.

Members present: Chairman Dever and Senators Cleary, Davison, Magrum and Mathern.

Discussion Topics:

- Line-By-Line Behavioral Health Budget Review

3:21 p.m. Chairman Dever continued discussion from this morning concerning the Community Connect and Free through Recovery services and referred to longsheets #44553.

3:22 p.m. Senator Davison suggested $3,500,000, for expanded Community Connect services and $2,000,000, for expanded Free Through Recovery services and the committee approved.

3:23 p.m. Chairman Dever started discussion of funding ($137,990,) for the Peer Support Program increase and the funding ($200,000,) for the Drug Court treatment expansion.

3:24 p.m. Pamela Sagness, Executive Director, Behavioral Health and Human Services, ND DHHS, testified in favor and answered committee questions concerning the Peer Support Program and the Drug Court treatment expansion.

3:24 p.m. Chairman Dever stated leaving the funding as is and per discussion the committee approved.

3:25 p.m. Chairman Dever started discussion of funding ($2,541,299,) for provider inflation increase 2% and 2%.

3:24 p.m. Senator Cleary suggested a revisit of the provider inflation increase until the budget review process is completed for all divisions and per discussion the committee gave approval for a revisit.

3:26 p.m. Chairman Dever started discussion of funding (2,000,000,) for behavioral health services for nursing homes and basic care facilities.

3:26 p.m. Senator Mathern proposed an amendment which will be discussed another day.

3:27 p.m. Keith Mantz, Financial Analyst, LC, testified neutral and answered committee questions.

3:31 p.m. Senator Dever suggested revisiting behavioral health services for nursing homes and basic care facilities once the amendment is presented and per discussion the committee gave approval to revisit.

3:34 p.m. Chairman Dever started discussion of the line-item, FTE position adjustment.

3:35 p.m. Donna Aukland, CFO, ND DHHS, testified neutral and stated it is an adjustment and does not need committee attention.

3:36 p.m. Keith Mantz, Financial Analyst, testified neutral and answered committee questions about FTE adjustment.

3:36 p.m. Chairman Dever started discussion of one-time funding items with the funding ($500,000,) for the electronic health record/pharmacy system (SIIF).

3:37 p.m. Senator Davison approved of this funding and per discussion the committee approved.

3:37 p.m. Chairman Dever started discussion of funding ($1,000,000,) to retire the health record legacy system on the mainframe.

3:37 p.m. Senator Davison approved of this funding and per discussion the committee approved

3:37 p.m. Chairman Dever started discussion of funding ($500,000,) for state hospital network redundancy and speed (SIF).

3:38 p.m. Donna Aukland, CFO, ND DHHS, testified in favor and answered questions concerning state hospital network redundancy and speed.

3:40 p.m. Pamela Sagness, Executive Director, Behavioral Health and Human Services, ND DHHS, testified in favor and answered committee questions concerning state hospital network redundancy and speed.

3:41 p.m Senator Davison suggested approving funding and per discussion the committee approved

3:41 p.m. Chairman Dever started discussion of funding ($2,000,000,) to develop partial hospitalization/intense day treatment (community health trust fund).

3:42 p.m. Pamela Sagness, Executive Director, Behavioral Health and Human Services, ND DHHS, testified in favor and answered committee questions to develop partial hospitalization/intense day treatment (community health trust fund).

3:45 p.m. Senator Davison, Mathern, and Cleary approved and per discussion the committee approved

3:47 p.m. Chairman Dever started discussion of funding ($340,000,) for bathroom remodel at Southeast Human Service Center (SIIF).

3:48 p.m. Donna Aukland, CFO, ND DHHS, testified in favor and answered committee questions about funding for bathroom remodel at Southeast Human Service Center.

3:52 p.m. Keith Mantz, Financial Analyst, LC, testified neutral and answered committee questions

3:52 p.m. Senator Davison suggested restoring funding back to $972,000, and per discussion the committee approved.

3:54 p.m. Chairman Dever started discussion of funding (($330,000,000,) for construction of the new state hospital and suggested a revisit because of upcoming amendments and per discussion the committee gave approval to revisit.

3:57 p.m. Chairman Dever started discussion of funding ($12,960,000) for the behavioral health facility grant (SIIF).

4:07 p.m. Chairman Dever suggested a revisit and per discussion the committee approved a revisit.

4:07 p.m. Chairman Dever started discussion about sections of the bill pertaining to the Behavioral Health Division.

4:08 p.m. Pamela Sagness, Executive Director, Behavioral Health and Human Services, ND DHHS, testified in favor, answered questions about sections pertaining to the Behavioral Health Division.

4:09 p.m. Pamela Sagness, Executive Director, Behavioral Health and Human Services, ND DHHS, testified in favor, presented a proposed amendment and submitted testimony #44589.

4:10 p.m. Senator Davison inquired about behavioral health education grants.

4:11 p.m. Pamela Sagness, Executive Director, Behavioral Health and Human Services, ND DHHS, testified in favor and answered questions about the behavioral health education grants.

4:13 p.m. Senator Cleary inquired about System of Care.

4:13 p.m. Pamela Sagness, Executive Director, Behavioral Health and Human Services, ND DHHS, testified in favor and answered questions about System of Care.

4:19 p.m. Chairman Dever closed the opening

Joan Bares, Committee Clerk

HB1012
4-2-25

2025 SENATE STANDING COMMITTEE MINUTES

Appropriations - Human Resources Division
Harvest Room, State Capitol

HB 1012 a.m.
4/3/2025

Related to Health and Human Services.

9:36 a.m. Chairman Dever opened the hearing.

Members present: Chairman Dever and Senators Cleary, Davison, Magrum and Mathern.

Discussion Topics:

- Medical Services Line-by-Line Budget Review
- Medical Services Bill Sections

9:36 a.m. Chairman Dever started the discussion of the Medical Services Budget and stated that the first 3 line-terms, salary increase, health insurance increase, and base budget adjustments, and referred to previously submitted testimony #40790 do not need committee attention.

9:36 a.m. Sara Aker, Executive Director, Medical Services, North Dakota Department of Health & Human Services (ND DHHS), testified in favor, started the discussion of HCBS cost to continue, and submitted testimony #44613. This is an oversight in budgeting where they did not include the projected increase in utilization for HCBS services. Committee approved funding.

9:36 a.m. Sara Aker, Executive Director, Medical Services, ND DHHS, testified in favor, started the discussion of DHHS cost to continue, and referred to previously submitted testimony #40790. Committee approved funding.

9:37 a.m. Chairman Dever stated that the FTE block pool is an adjustment and doesn't need committee attention.

9:39 a.m. Sara Aker, Executive Director, Medical Services, ND DHHS, testified in favor, started the discussion of DD bed assessment adjustment, and referred to previously submitted testimony #40790. Committee approved funding.

9:40 a.m. Sara Aker, Executive Director, Medical Services, ND DHHS, testified in favor, started the discussion of value-based purchasing Medicaid, and referred to previously submitted testimony #40790. Committee approved funding.

9:49 a.m. Sara Aker, Executive Director, Medical Services, ND DHHS, testified in favor, started the discussion of home health targeted rate increase, and referred to previously submitted testimony #40790. Committee approved funding.

9:40 a.m. Sara Aker, Executive Director, Medical Services, ND DHHS, testified in favor, started the discussion of qualified service provide (QSP) target rate increase, and referred to previously submitted testimony #40790. Committee will revisit.

10:03 a.m. Chairman Dever started the discussion concerning the HCBS cross disability waiver. Committee approved funding.

10:04 a.m. Sara Aker, Executive Director, Medical Services, ND DHHS, testified in favor, started the discussion of rebase Medicaid rates for ambulance service, and referred to previously submitted testimony #40790.

10:04 a.m. Senator Davison recommended reducing the Rebase Medicaid rates for ambulance service funding from $4,379,540 to $1,000,000. Committee approved funding.

10:04 a.m. Sara Aker, Executive Director, Medical Services, ND DHHS, testified in favor, started the discussion on provider inflation increase 2% and 2%, and referred to previously submitted testimony #40790. Committee will revisit.

10:10 a.m. Sara Aker, Executive Director, Medical Services, ND DHHS, testified in favor, started the discussion of FMAP percentage change, and referred to previously submitted testimony #40790. Committee approved funding.

10:12 a.m. Chairman Dever stated the FTE position adjustment line-item is a reconciliation line and doesn't need committee attention.

10:12 a.m. Chairman Dever started the discussion of one-time funding for retiring the legacy system on the mainframe.

10:15 a.m. Senator Davison stated retiring the Medicaid Legacy system on the mainframe needed to be done. Committee approved funding.

10:13 a.m. Donna Aukland, CFO ND DHHS, testified in favor, answered committee questions concerning the Legacy System and submitted testimony # 44607.

10:15 a.m. Sara Aker, Executive Director, Medical Services, ND DHHS, testified in favor, started the discussion of critical access hospital networking grant, and referred to previously submitted testimony #40790.

10:17 a.m. Senator Magrum recommended reducing the critical-access hospital networking grant from $2,000,000, down to $1,000,000,. Committee approved funding.

10:18 a.m. Senator Mathern started the discussion of funding for incentive grants to nursing homes, proposed an amendment #25.0156.02004, page 7, section 7, and submitted testimony #44619.

10:20 a.m. Sara Aker, Executive Director, Medical Services, ND DHHS, testified in neutral and addressed Senator Mathern's amendment and answered committee questions.

10:26 a.m. Senator Mathern will work on the amendment and bring it back.

10:26 a.m. Chairman Dever discussed the long-term care targeted rate increase. They are requesting a 3% increase.

10:27 a.m. Sara Aker, Executive Director, Medical Services, ND DHHS, testified in favor and answered committee questions concerning targeted rate increase.

10:30 a.m. Senator Cleary started the discussion concerning provider inflation increase.

10:30 a.m. Sara Aker, Executive Director, Medical Services, ND DHHS, testified in favor, and answered committee questions. This topic will be revisited.

10:33 a.m. Senator Magrum asked about FTE position adjustments.

10:33 a.m. Donna Aukland, CFO, ND DHHS, testified in favor and answered committee questions concerning FTE adjustments.

10:34 a.m. Chairman Dever started the discussion about bill sections related to the Medical Services Section.

10:34 a.m. Sara Aker, Executive Director, Medical Services, ND, DHHS, testified in favor, and reviewed bill sections related to Medicaid, page 11, section 22.

10:36 a.m. Senator Davison started the discussion about 1915i. This funding will be revisited.

10:38 a.m. Sara Aker, Executive Director, Medical Services, ND DHHS, testified in favor, and answered committee questions about 1915i.

10:42 a.m. Sara Aker, Executive Director, Medical Services, ND DHHS, testified in favor, and reviewed sections 4, 5, 6, 25, 26, 29, 34.

10:48 a.m. Donna Aukland, CFO, ND DHHS, testified in favor and answered committee questions concerning sections.

10:49 a.m. Eric Haas, Assistant CFO, ND DHHS, testified in favor and answered committee questions concerning sections.

10:50 a.m. Steph Gullickson, Fiscal Management Analyst, OMB, testified neutral and answered committee questions concerning sections.

11:03 a.m. Keith Mantz, Financial Analyst, LC, testified neutral and answered questions concerning funding for basic care daily rate. This will be revisited.

11:17 a.m. Chairman Dever closed the hearing.

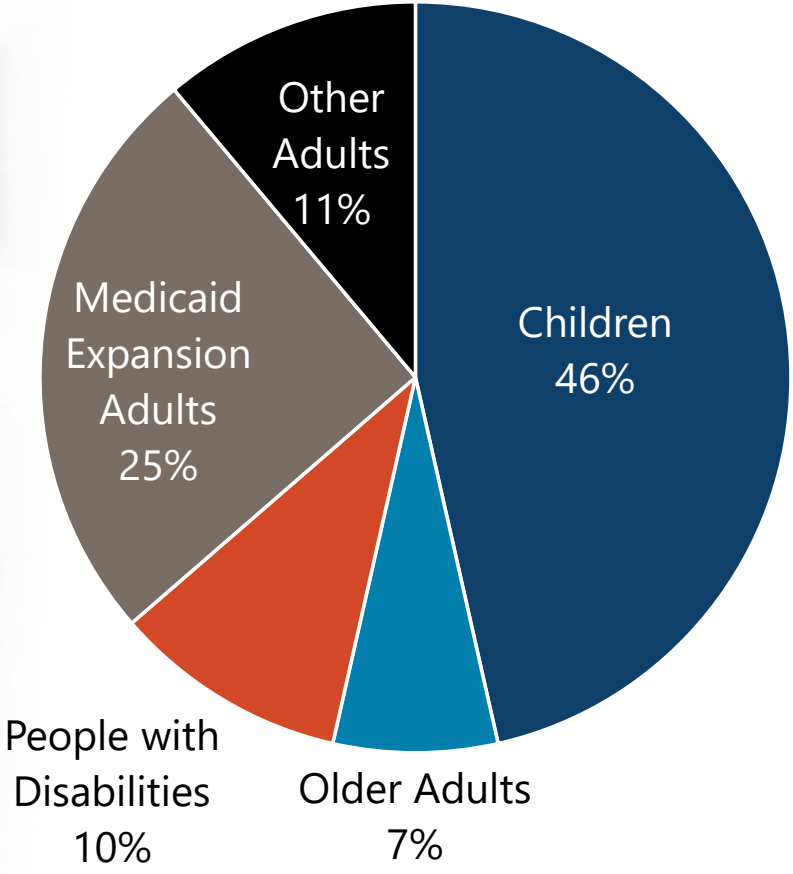
Budget Overview

Medical Services & Long-Term Care: $2.9 Billion Total Budget

NORTH Dakota Be Legendary. | Health & Human Services

Key Medicaid Tenets



- Entitlement Program
  - Anyone who meets eligibility rules has a right to enroll and be served in Medicaid
    - HCBS waivers can be limited by a total number of slots.
  - Federal financial support
- Partnership with the Federal Government
  - Federal mandates and regulations obligate state action and expenditures
  - Federal approval required for changes to Medicaid program
- Not a traditional grant
  - Open ended funding source; no cap on total federal funds
  - Cost sharing model; State funding match required for use of federal funds

Who We Serve

Medical Services

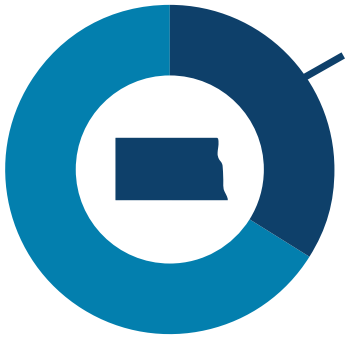
Who is covered by North Dakota Medicaid?

State Fiscal Year 2024

- 152,273 Unduplicated Individuals
- 112,558 Average Monthly Enrollment

NORTH Dakota Be Legendary. | Health & Human Services

Who We Serve



Nearly **1 in 7 North Dakotans** in any given month will have health coverage through Medicaid or CHIP

Up to **1 of every 3 children** under the age of 19 in North Dakota has health coverage through Medicaid or CHIP

52.5% nursing facility residents are paid by Medicaid

34% of children born in North Dakota will be on Medicaid or CHIP during their first year of life

Medicaid Regulations

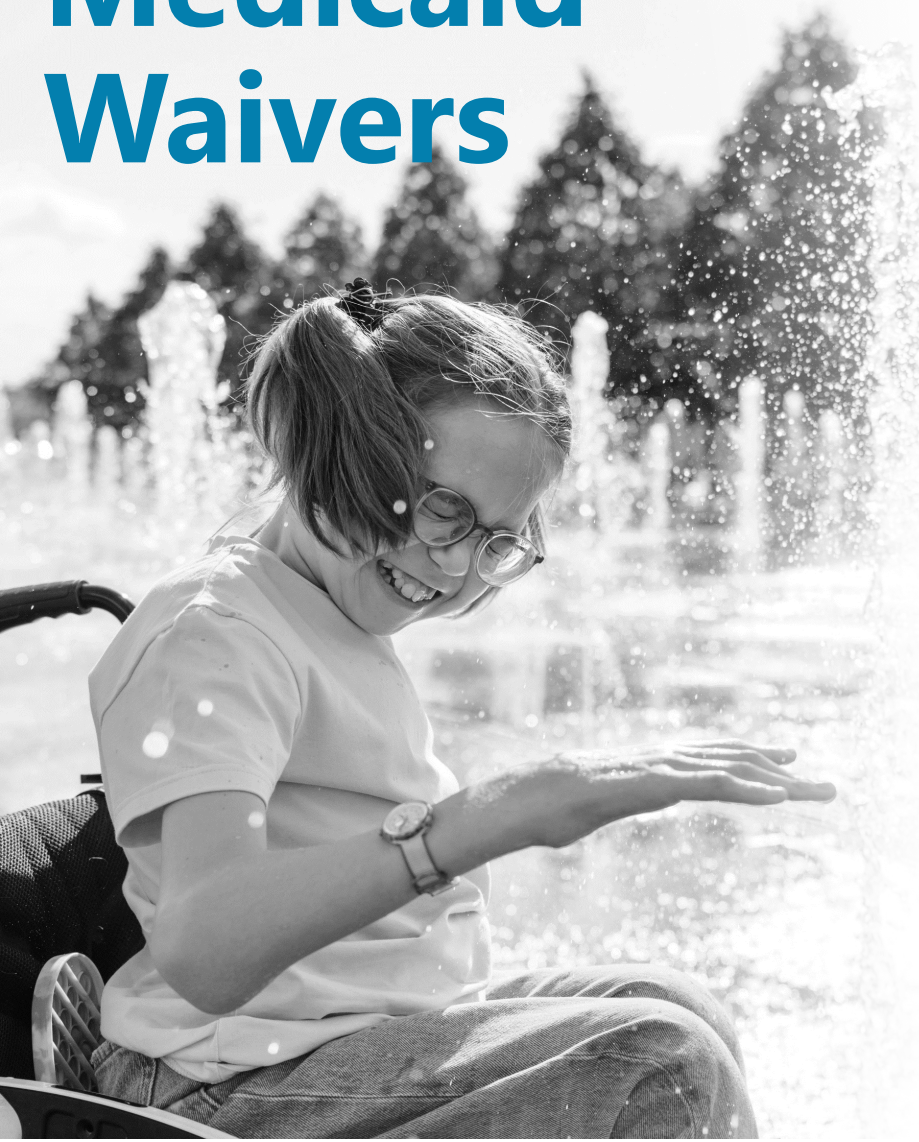
Federal Government

Social Security Act (SSA)	Title XIX - Medicaid Title XXI - CHIP
Code of Federal Regulations (CFR)	42 CFR Part IV
State Medicaid Director Letters (SMDLs) and State Health Official (SHO) Letters	Supplemental guidance issued by the Center for Medicare and Medicaid Services (CMS) containing CMS policy interpretations of the SSA or CFR.
Medicaid State Plan & Medicaid Waivers	Acts as a contract between the state and the federal government describing how North Dakota administers the state's Medicaid program and waivers of the Medicaid program.

State Government

Century Code	50-24.1 – Medical Assistance for Needy Persons 50-24.6 – Medical Assistance Drug Use Review and Authorization 50-29 – Children's Health Insurance Program
Administrative Code	75-02-02 – Medical Services 75-02-02.1 – Eligibility for Medicaid 75-02-05 – Provider Integrity 75-02 – Economic Assistance 75-03 – Community Services 75-04 – Developmental Disabilities
State Billing and Policy Manuals	ND Medicaid guidance for providers regarding covered services and billing requirements.

Mandatory and Optional Covered Services



Mandatory Services

- Inpatient hospital
- Outpatient hospital
- EPSDT: Early and Periodic Screening, Diagnostic and Treatment Services
- Nursing facility
- Home health
- Physician services
- Rural health clinic services
- Federally qualified health center services
- Laboratory and x-ray services
- Family planning services
- Nurse midwife services
- Certified Pediatric and Family Nurse Practitioner services
- Transportation to medical care
- Tobacco cessation counseling for pregnant women

North Dakota Optional Services

- Prescription Drugs
- Clinic services
- Physical therapy, occupational therapy and speech, hearing and language disorder services
- Respiratory care services
- Podiatry services
- Optometry services and eyeglasses
- Dental services and dentures
- Prosthetics
- Chiropractic services
- Personal Care and Private Duty Nursing services
- Hospice
- Case Management
- Services for Individuals Age 65 or Older in an IMD
- Services in an ICF for individuals with an intellectual disability
- 1915(i) and 1915(c) Home and Community Based Services
- Inpatient psychiatric services for individuals under age 21
- Basic Care

Medicaid Waivers

- Waivers are a method for a state to test new or different ways to deliver and pay for health care services
  - Cannot waive the basic tenants of Medicaid
  - Cannot cap overall Medicaid enrollment
  - Must be cost/budget neutral
- Can vary from existing federal Medicaid requirements in certain areas
  - Access to services
  - Level of care requirements
  - Services Provided
  - Population Served
- Specific process to obtain Waivers
  - Requires a series of detailed steps, including an application and public notice
  - Requires a series of negotiations between the state and the federal government
- Common waivers include 1915(c) and 1115 waivers.

North Dakota Medicaid Waivers

1915(c) Home and Community Based Services (HCBS) Waivers

- Autism Spectrum Disorder Waiver
- Children's Hospice Waiver
- Waiver for Medically Fragile Children
- Waiver for Home and Community Based Services
- Traditional Intellectual Disabilities and Developmental Disabilities HCBS Waiver

- 1915(c) waivers have two components of eligibility:
  - Functional Need
    - Assessments are used to measure an individual's needs. The assessment helps shape the care plan in addition to verifying eligibility.
  - Financial
    - For waivers, only the income of the individual applying for the waiver's income is used to determine financial eligibility.
    - Allows coverage of disabled individuals at incomes higher than those that would traditionally qualify for Medicaid.

Cross Disability Waiver Implementation
Ongoing

Total	$4,948,452
General	$2,474,226
Federal	$2,474,226

The Children's Cross-Disability Waiver is being designed to address existing disparities in access to home and community-based services for children with disabilities. This innovative waiver transforms the way support is provided, ensuring equitable access to essential services for children aged 3 to 21 who have mild to moderate support needs.

2023-2025 Biennium Activities:

1. Design and Test New Level of Care for Cross Disability Waiver and Developmental Disabilities Waiver
2. Design Cross Disability Waiver
   - Service Array
   - Access
   - Quality
   - Provider Qualifications & Rates
3. Start Building Service Infrastructure

Funding will support:

- Subject Matter Expertise
- Cross Disability Advisory Council Facilitator
- Service Infrastructure Development

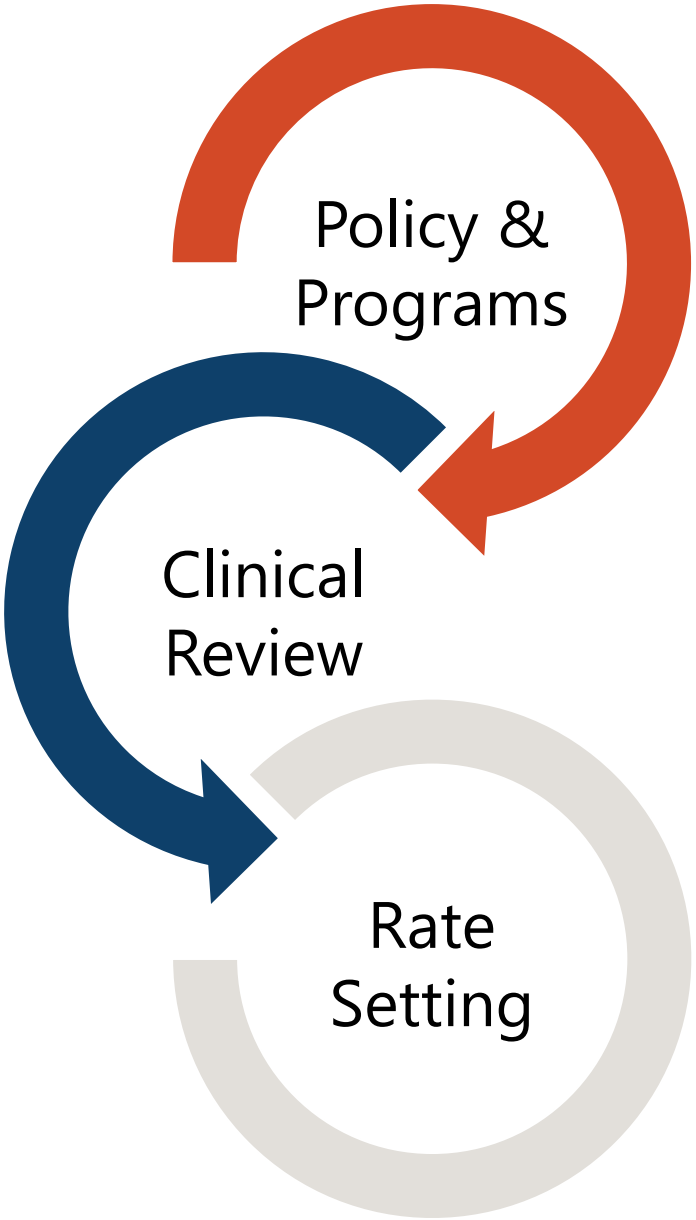
PROVIDER ENROLLMENT



- Ensures providers meet all federal and state standards to enroll as a Medicaid provider and remain an eligible provider.
- ND Medicaid has over 24,000 enrolled providers.
- On average, new enrollments were processed within 11 days.

CLAIMS PROCESSING

- Processes claims for services from Medicaid providers.
  - Includes claim functions for other state entities (ex. DOCR).
- Over 7 million claims processed annually. Claims were processed within 7 days of receipt during SFY24.
  - Data entered 44,115 paper claims in SFY24.
  - Manually processed 634,972 claims in SFY24.
- Answered over 52,000 annual calls from providers & members.

PROGRAM INTEGRITY

- Conducts federally mandated review process through post-payment provider reviews and investigates reports of fraud, waste and abuse.
- Medical Services staff works alongside the Medicaid Fraud Control Unit (MFCU) & CMS Program Integrity Contractors.

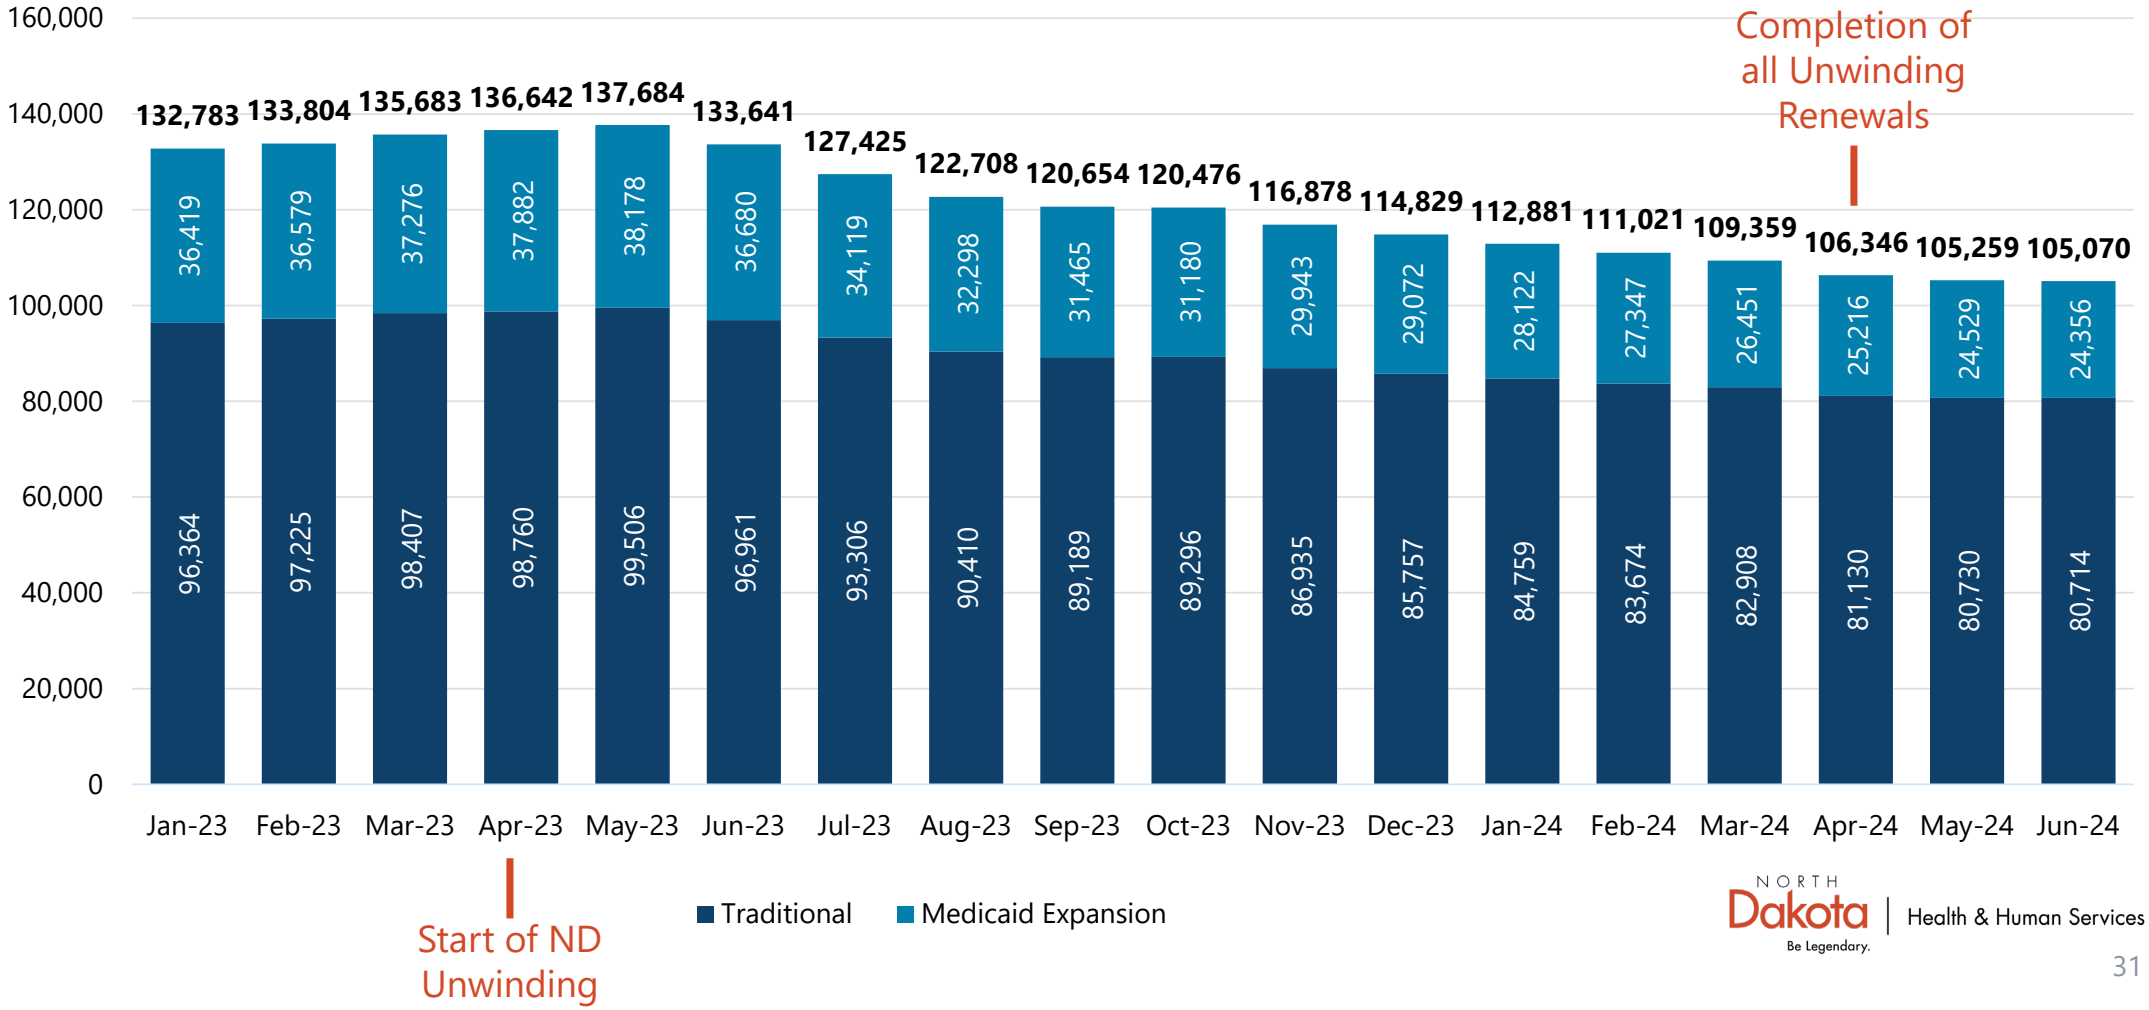
Be Legendary.

Public Health Emergency Continuous Eligibility Requirement

The Families First Coronavirus Response Act (FFCRA) passed in March 2020 provided an additional 6.2% FMAP to states.



- To receive the enhanced FMAP, states had to meet certain Maintenance of Effort requirements including continuous coverage of all individuals enrolled on or after March 2020.
  - Members could only be disenrolled from a state's Medicaid program if they asked to be disenrolled, moved out of state, or died.
- In December 2022, Congress delinked the Medicaid continuous coverage requirement from the PHE, allowing states to resume Medicaid coverage terminations effective April 1, 2023.
- "Unwinding" is a term used to refer to the return to normal Medicaid eligibility rules.

Traditional Medicaid: Chronic Conditions

Percent of Members with Diagnosis

Note: Chronic Conditions include Mental Health, Substance Use Disorder, Asthma, COPD, Diabetes, Heart Disease, Hypertension, Obesity, Pain Conditions

Medicaid & Incarceration

Federal Fund Restrictions for Inmates

Federal Medicaid funds may not be used to pay for services for people while they are inmates of a public institution.

- Incarceration does **not** make a person ineligible. People who are held involuntarily in a correctional facility may be eligible for and enrolled in Medicaid.
  - ND Medicaid suspends Medicaid eligibility while an individual is incarcerated.
- Medicaid can make medical payments for incarcerated individuals when they are inpatients in a medical institution for 24 hours or more.
- There are some limited exceptions that allow the use of federal Medicaid funds for youth and young adults who are incarcerated.

Youth and Young Adults in Carceral Settings

Section 5121 of the Consolidated Appropriations Act, 2023

Requires states to:

1. Exchange data with all settings where the eligible population could be – state-run facilities, county jails and tribal jails.
2. Work with facilities to help people enroll in Medicaid if they are not already enrolled.
3. Work with facilities to provide access to covered services for the eligible group.

	Section 5121
Who is included?	Medicaid members under age 21 and former foster care youth through age 26.
What Medicaid services are included?	Limited screenings, diagnostic services and care coordination
When are the services covered?	Post-Adjudication; 30 days prior to and following release

States must create an internal operational plan that shows how they will achieve compliance with estimated timeframes.

Federal Grant

State Grants to Support Continuity of Care for Medicaid Members Following Incarceration

- *Total Award:* $5M (all federal, no state match required. ND received maximum award)
- *Grant Period:* January 2025 to December 2028
- *Goal:* Bidirectional data exchange with all DOCR facilities and county/tribal jails by the end of 2028

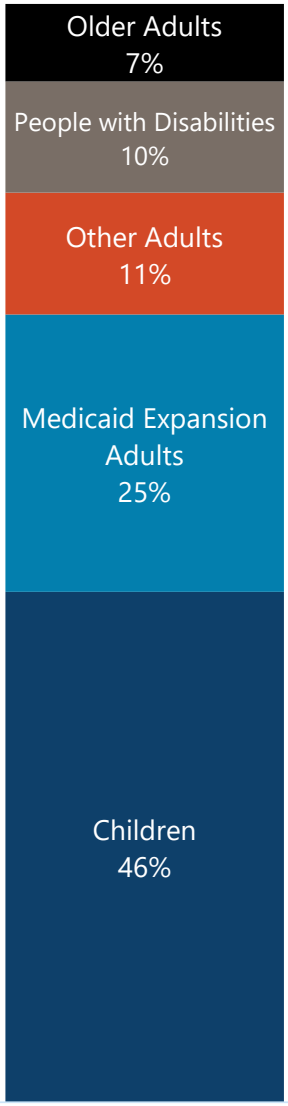
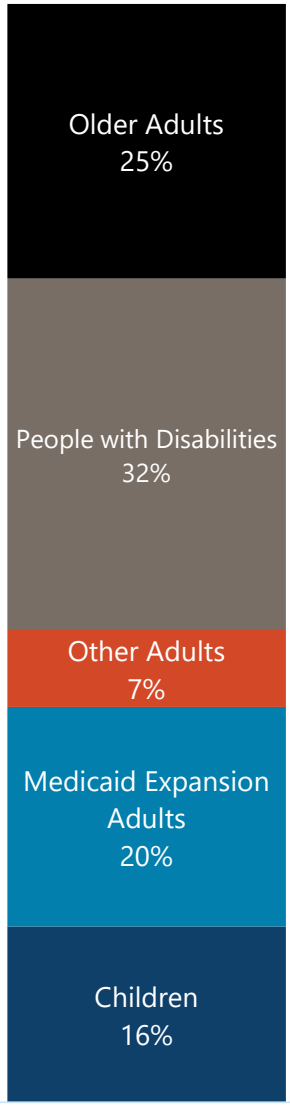
Costs & Outcomes



How do we measure results in Medicaid?

Expenditures & Outcomes



The Center for Medicare and Medicaid Services (CMS) collects and publishes data related to both expenditures and outcomes on the Medicaid & CHIP Scorecard.

- Expenditure data comes from TMSIS and CMS-64 Reports.
  - Expenditures in Medicaid are influenced by both rates and utilization.
- Outcome measures include nationally standardized metrics outlined in the Core Set and other reports.
- Data lags current performance.
  - Most recent data available is for CY 2022 and Core Set Year 2023 (Services in CY 2022).

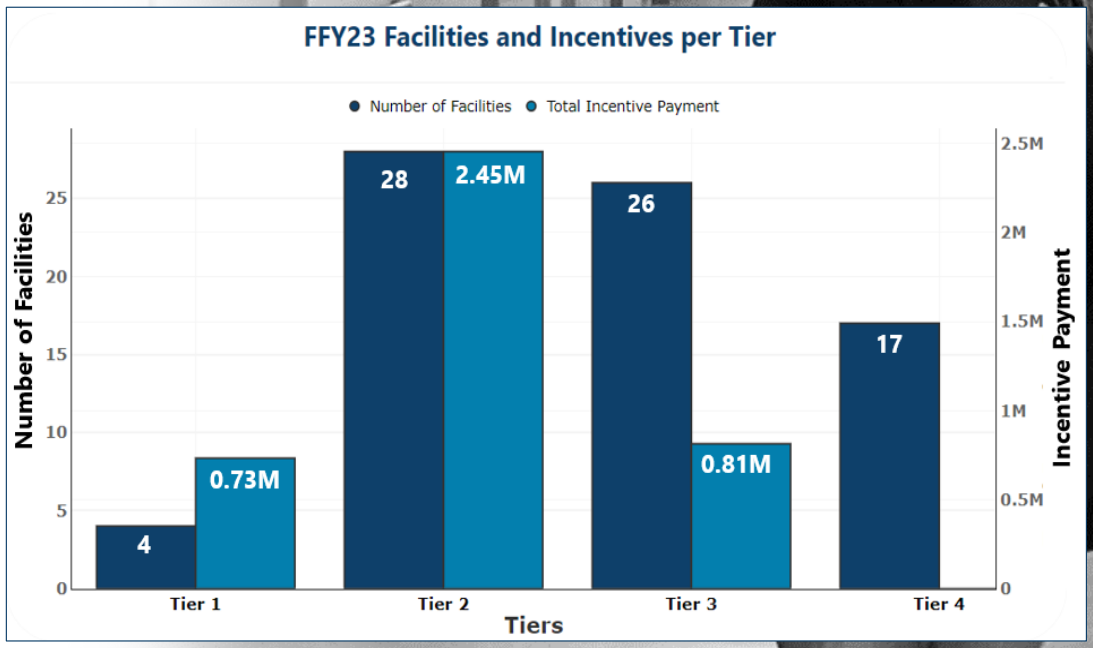
Nursing Facility Incentive Program

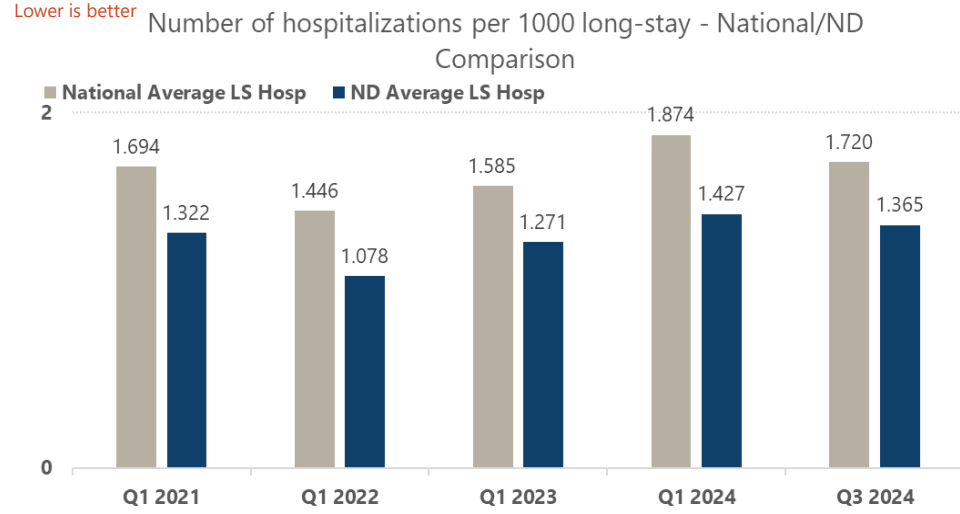


Improve resident outcomes through an incentive payment based on specific quality measures.

- Incentive program; no payments are at risk.
- All Medicare/Medicaid certified facilities that have been open 10 months will participate.

- Incentive fund distribution is done annually in June.
- Annual payments based on Quality Measure performance:
  - Tier 1: 100% of incentive payment
  - Tier 2: 85% of incentive payment
  - Tier 3: 60% of incentive payment
  - Tier 4: Not eligible for an incentive payment
- Nursing Facility Quality Measures:
  - Patient Care Measures
    - Long-Stay Urinary Tract Infections
    - Long-Stay Antipsychotic use
    - Long-Stay Pressure Ulcers
  - Facility Process Measures
    - Long-Stay Hospitalizations
    - ACHA/NCAL National Quality Award (Baldrige Framework)

Initial Outcomes



- $4 million dollars distributed in June 2024
- 58 out of 75 Nursing Facilities received incentives to improve quality of care for residents
- Examples of reported use of funds include
  - New mattresses for entire facility
  - Staff bonuses
  - Building renovation
  - Staff training

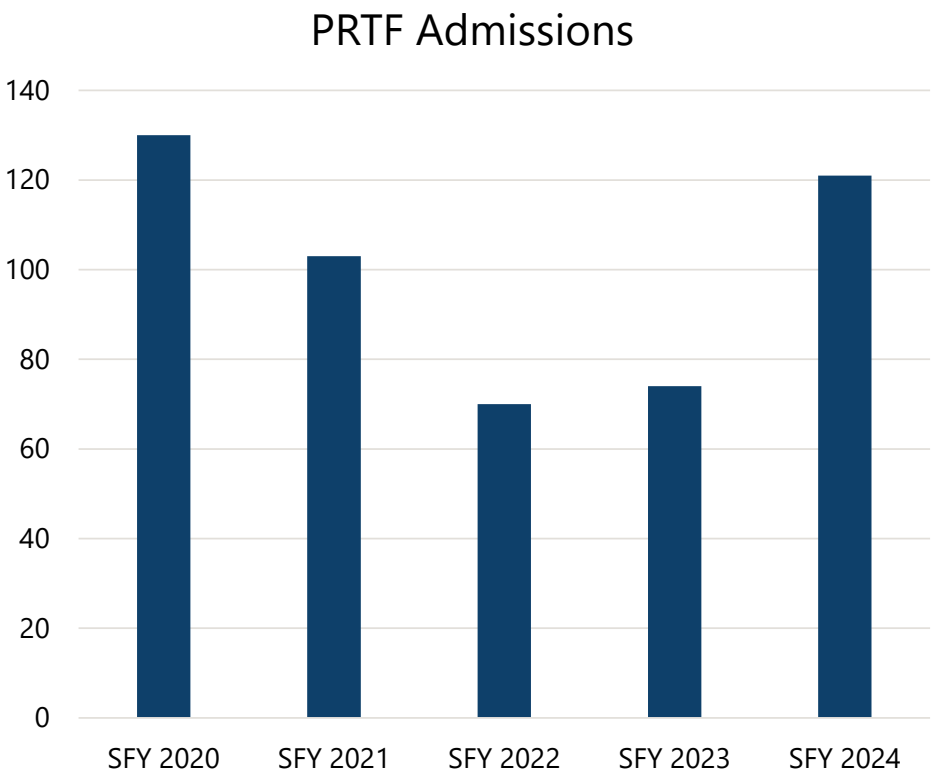
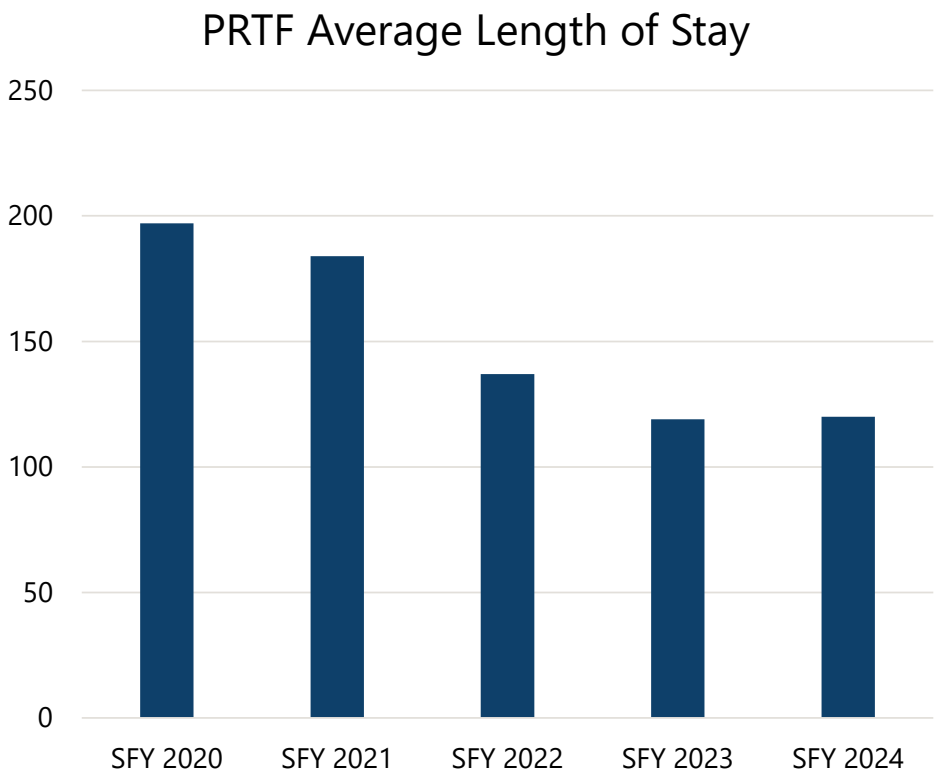
What's next in Value Based Care?

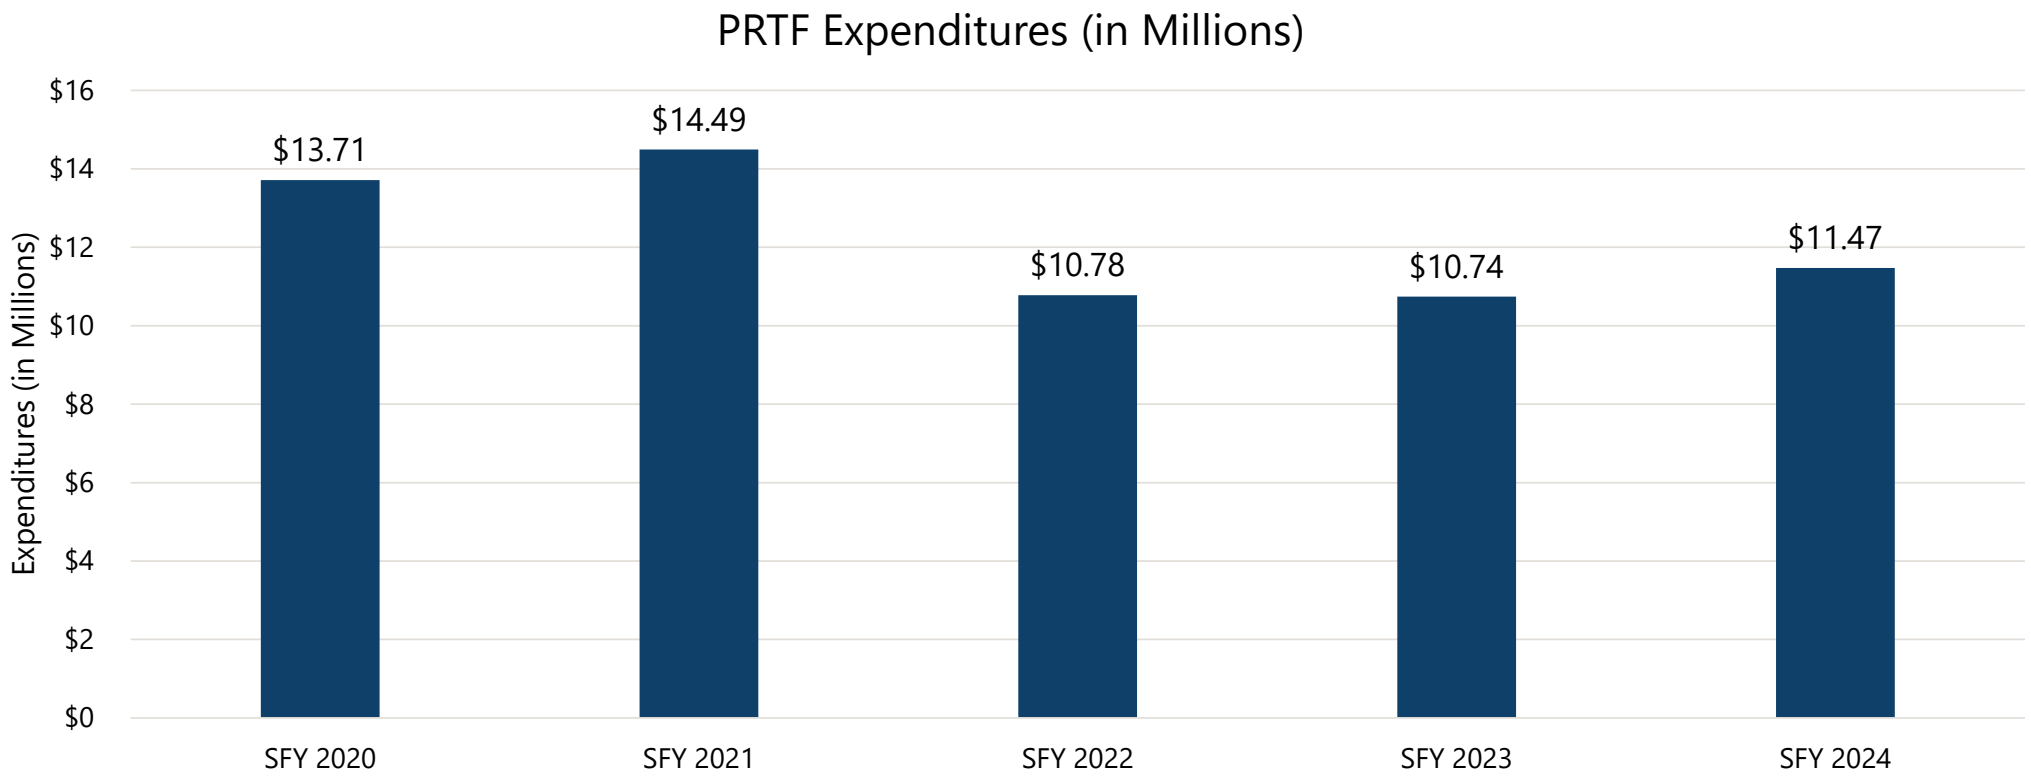




Refinement and Expansion of Current Programs

Exploration of New Provider Groups

- High-Cost Services
- Opportunity to Impact Care Outcomes and Improve Services
- Ability to Incentivize Innovation
- Need to Stabilize Funding



Psychiatric Residential Treatment Facilities

NORTH Dakota Be Legendary. | Health & Human Services

Psychiatric Residential Treatment Facility Expenditures

Value Based Care
Ongoing

Total	$2,000,000
General	$1,000,000
Federal	$1,000,000

Expand care focused on value to additional provider groups and continue to refine current programs to ensure populations are supported with person-centered care and support.

Refinement and Expansion of Current Programs

- Continue to grow and refine current value-based programs.
- Review attributed populations and supports available to individuals with complex health care needs.
- Strengthen care coordination to ensure service delivery provides comprehensive, person-centered care focused on ensuring access and appropriate follow-up supports across multiple delivery systems.

Exploration of New Provider Groups

- Expand health system value-based program to rural delivery system to include critical access hospitals and associated primary care providers. Ensure rural VBP design builds on the current program to improve healthcare quality, accessibility, and sustainability in rural areas.
- Explore a value-based purchasing model with PRTFs and QRTP providers to drive towards enhanced services and outcomes for youth while ensuring stability of safety net service delivery for children with behavioral health needs in North Dakota.

Funding will support:

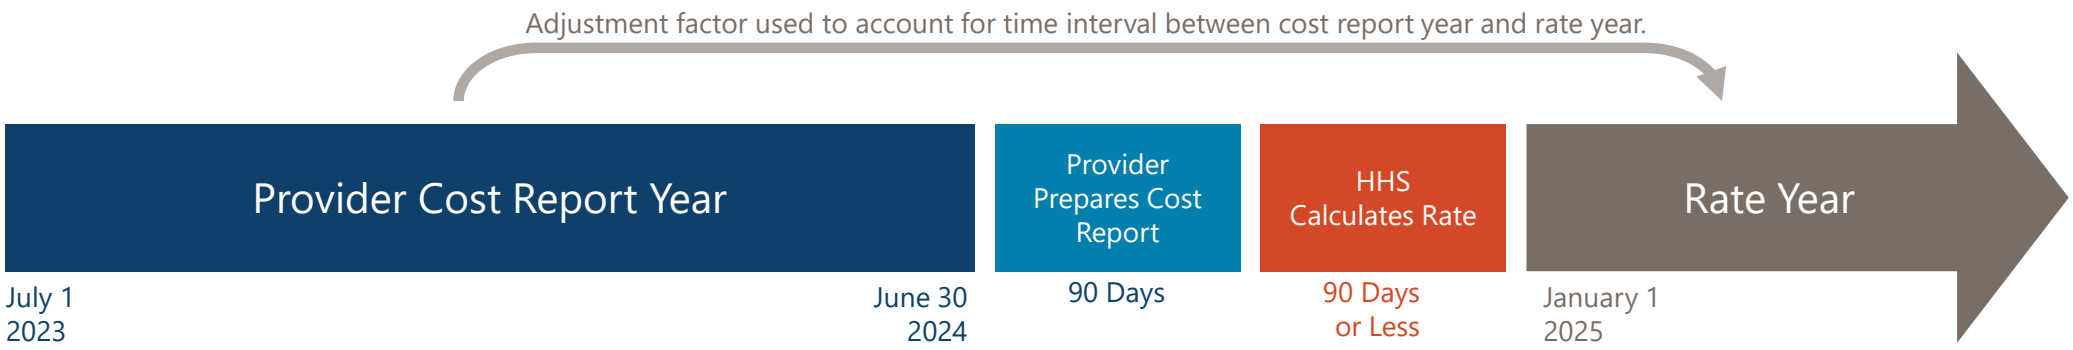
- Subject Matter Expertise
- Value Based Program Provider Workgroup Facilitator
- Service Infrastructure Development

Rates & Reimbursement

Rate Methodology Guiding Principles
Traditional Medicaid

- Predictable
- Consistent
- Transparent
- Data Driven
- Population Focused
- Quality & Outcomes Oriented
- Incentivizes Innovation, Efficiency & Community Based Care

Rate Methodologies in Fee For Service Medicaid



- **Cost Based Per Diem** – Uses cost reports as the basis for setting individual facility per diem payments. Per diem payments may be adjusted to account for patient acuity.
- **Classification System** – Defines an episode (ex. inpatient admission or outpatient visit) and assigns a classification based on services provided. May be used in conjunction with cost reports to assign facility specific base rates.
- **Relative Value Units** – Defines the resource intensity of a service. Used in conjunction with a conversion factor.
- **Fees –** List of reimbursements correlated to a nationally defined code set.
- **Percent of Charge –** Uses a defined percentage to reimburse based on billed charges.
- **Cost Settlement –** Compares provider costs to payments made by ND Medicaid.

What is a cost report?

A cost report is a financial document submitted by health care providers and outline the expenses incurred in delivering patient care and include data on operating costs, salaries, supplies, and other expenditures. Cost report data is used to set provider reimbursement rates.

- Cost reports cover a defined time period and are used to detail provider costs during that timeframe.
- Costs are generally broken into a few distinct categories:
  - Direct Care
  - Indirect Care
  - Property
  - Other
- Some costs are not allowable (ex. lobbying) for use in calculating reimbursement rates.
- Cost categories have limits to ensure that costs are reasonable and efficient.

How are cost reports used to set rates?

The rate methodology for the service uses cost report data to calculate provider rates.

- An adjustment factor is used to inflate costs forward from the cost report year to the rate year.
- Provider cost reports and underlying data may be audited to ensure that costs were appropriately reported and allocated.
- The department must prepare/calculate rates for multiple providers within the same 90 day timeframe.

Upper Payment Limit

- Medicaid payments are required to be "consistent with efficiency, economy, and quality of care."
- CMS requires states to demonstrate compliance that payments for certain providers do not exceed an upper payment limit (UPL).
- The UPL is a reasonable estimate of the amount that would have been paid for the same service under Medicare payment principles.

Required Upper Payment Limit Demonstrations in North Dakota:

- Inpatient Hospital Services
- Outpatient Hospital Services
- Nursing Facility Services
- Institutions for Mental Disease (IMD)
- Clinic Services
- Intermediate Care Facility for the Individuals with Intellectual Disabilities (ICF/IID)
- Psychiatric Residential Treatment Facility (PRTF)

Federal Financial Participation Limit:

- Durable Medical Equipment

How does ND Medicaid reimbursement compare? Example Professional Services, SFY 2025 & CY 2025

Physician Services | 99214 – Established Patient Office Visit 30 - 39 Minutes				
North Dakota Medicaid	Medicare: North Dakota MAC	Minnesota Medicaid	Montana Medicaid	South Dakota Medicaid
$137.06	$122.84	$96.63	$169.11	$112.75

Obstetric Services | 59400 - Routine Obstetric Care Including Antepartum Care, Vaginal Delivery Postpartum Care				
North Dakota Medicaid	Medicare: North Dakota MAC	Minnesota Medicaid	Montana Medicaid	South Dakota Medicaid
$2,468.16	$2,198.30	$1,387.89	$3,199.23	$2,220.16

Behavioral Health | 90832 – Psychotherapy, 30 Minutes				
North Dakota Medicaid	Medicare: North Dakota MAC	Minnesota Medicaid	Montana Medicaid	South Dakota Medicaid
$84.48	$78.30	$64.71	$52.78 – $103.26	$69.48

How does ND Medicaid reimbursement compare? Example Facility Services, SFY 2025 & CY 2025

Nursing Facility | Average Daily Rate

North Dakota Medicaid	Medicare[1]	Minnesota Medicaid[2]	Montana Medicaid	South Dakota Medicaid
$401.74	$513.18	$363.48	$282.78	$278.17

Psychiatric Residential Treatment Facility | Average Daily Rate

North Dakota Medicaid	Medicare	Minnesota Medicaid	Montana Medicaid	South Dakota Medicaid
$ 1,199.09	-	$952.76	$509.81	$408.43

Behavioral Health | Substance Use Disorder Services ASAM Level 3.5

North Dakota Medicaid	Medicare	Minnesota Medicaid	Montana Medicaid	South Dakota Medicaid
$612.46	-	$230.78	$256.95	$295.57

Hospital | Average PPS Hospital Base Rate[3]

North Dakota Medicaid	Medicare
$12,159	$7,493

Note:

1. Medicare Nursing Facility coverage is for short term, intensive rehab focused services. Medicare does not cover long term nursing facility stays. Medicare rate is sample rate in a rural facility.
2. Minnesota Medicaid rate is for double occupancy room; average rate provided by MN DHHS staff.
3. Medicaid and Medicare both use Diagnosis Related Groups (DRGs). North Dakota Medicaid uses All Patient Refined (APR) -DRG and Medicare uses Medicare Severity (MS)-DRG; each system has their own weights & final reimbursement.

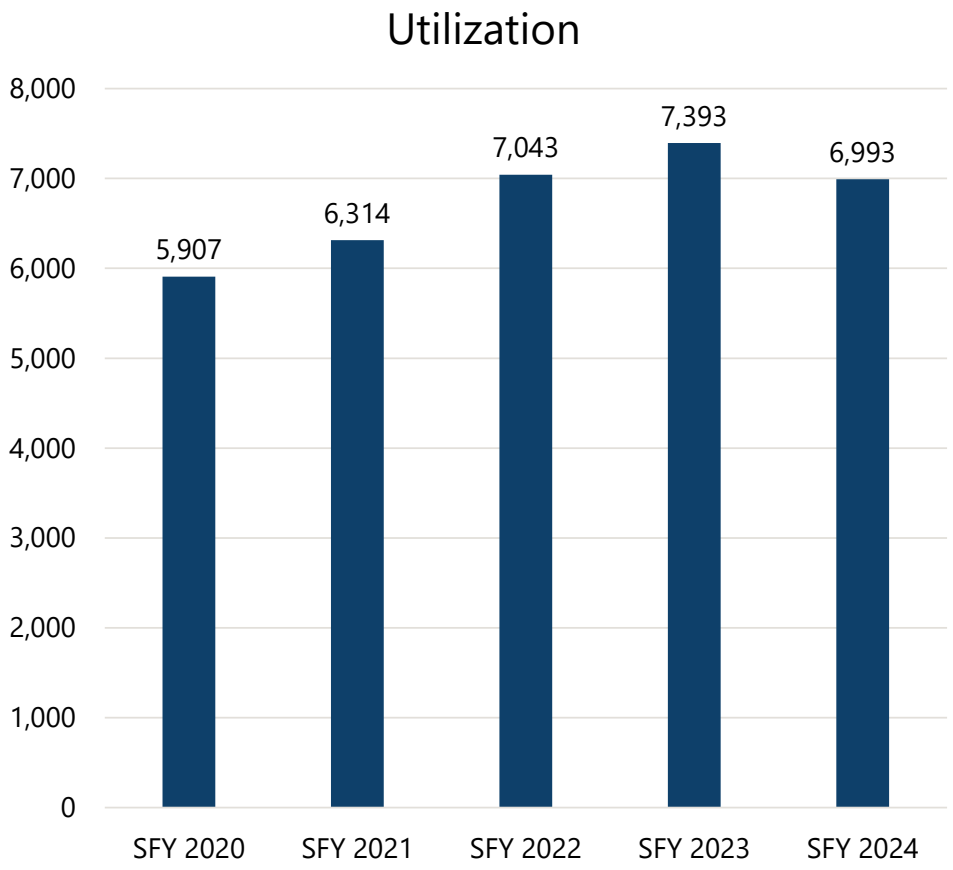
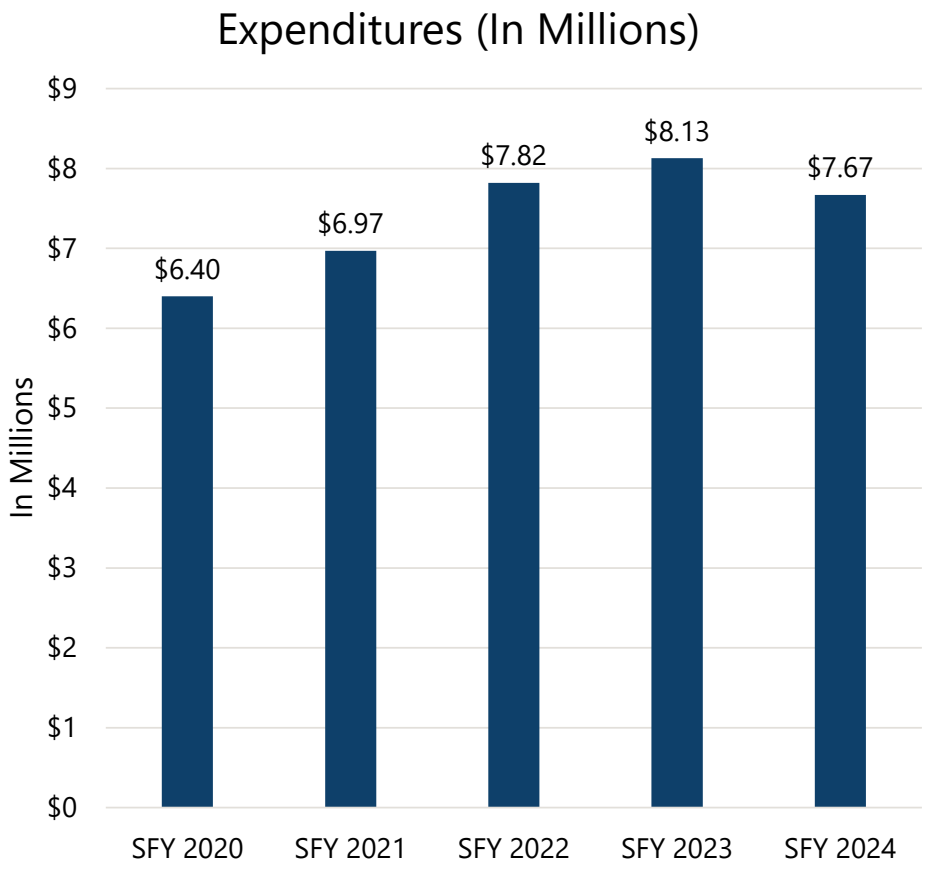
Federal	$12,382,134

- SFY 2026: 2%
- SFY 2027: 2%



- Provider inflation is applied to provider rates in accordance with the rate methodology for the service.
  - Most provider rates paid from a fee schedule are updated each July 1.
  - Inflation is used as the adjustment factor to inflate costs forward from provider cost reports for most cost-based providers.
    - Some providers use a standardized index in place of inflation.



Appropriated Inflation, SFY 2019 - 2024

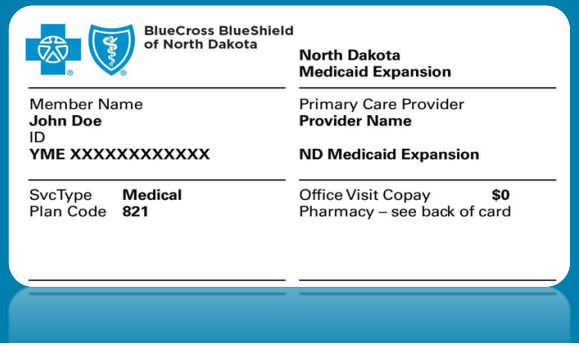
Managed Care & Medicaid Expansion

Per Capita Expenditures: Medicaid Expansion & Traditional Adults



- ND Medicaid ranked **1st for Medicaid Expansion per capita** expenditures.
- ND Medicaid ranked 25th **for Traditional Adult** expenditures.

Note: CY 2021 and CY 2022 Data obtained from Medicaid and CHIP Scorecard - Medicaid Per Capita Expenditures. SFY 2023 and SFY 2024 numbers calculated from ND TMSIS data.

Medicaid Expansion Coverage

North Dakota provides Medicaid Expansion through risk based Managed Care.

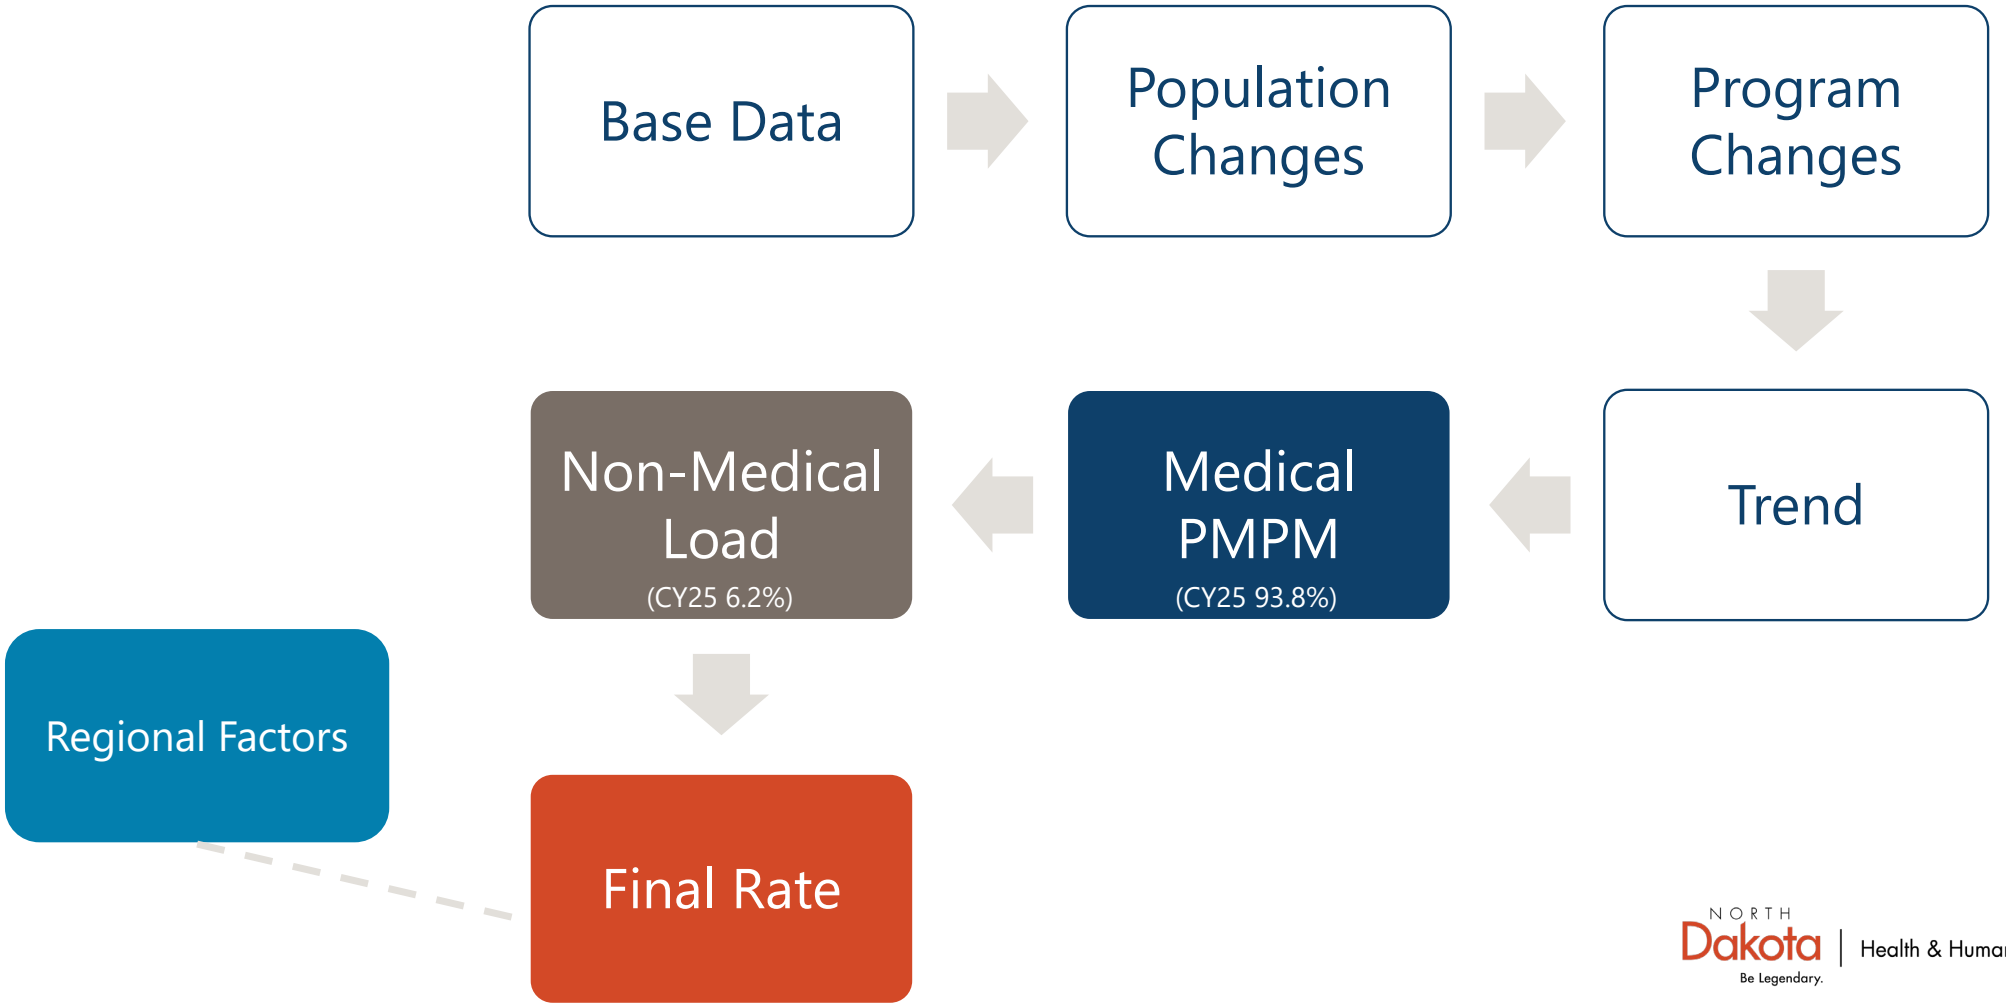
- Current Vendor: Blue Cross Blue Shield of North Dakota (BCBS ND)

- There are a few key differences between Medicaid Expansion and traditional Medicaid. Medicaid Expansion **does not** cover:
  - Skilled Nursing Facility Services[1]
  - Dental Services[2]
  - Vision Services[2]
  - Any waiver services
  - Long Term Care services

Related Bill:
Senate Bill 2231 | Relating to Covered Services for Medical Assistance

[1] *Only covers up to 30 days and only covers a skilled level of care*
[2] *Only covered for 19- and 20-year-olds*

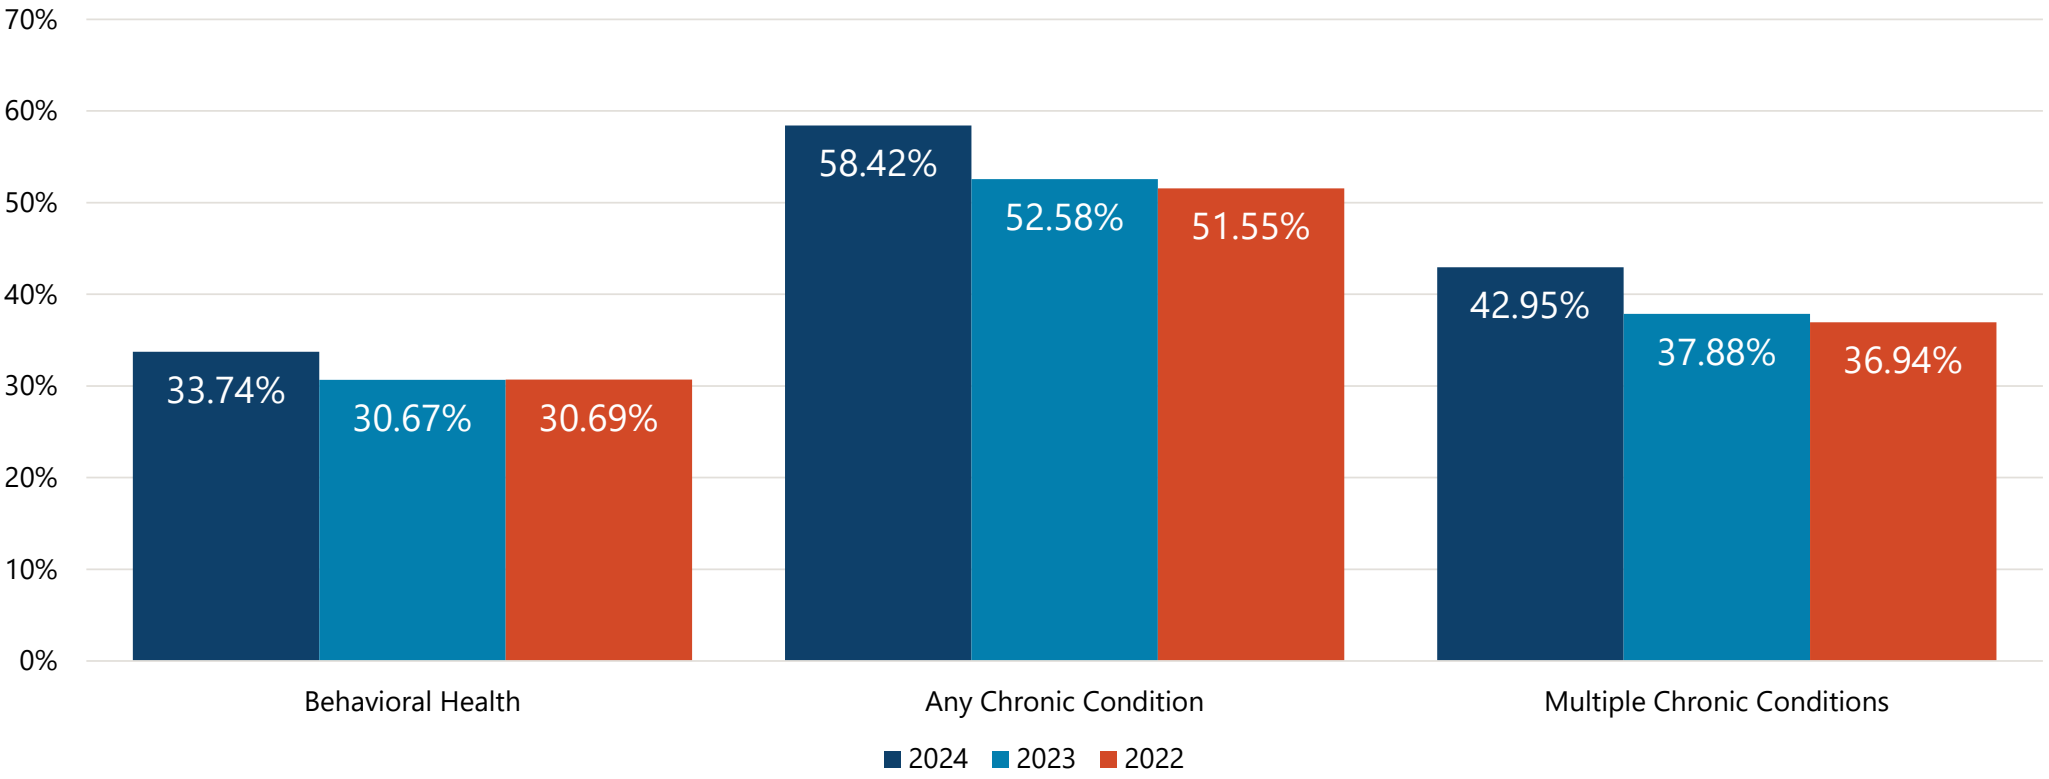
NORTH Dakota Be Legendary. | Health & Human Services



Managed Care

- **Managed Care Plans use their own provider networks.** Providers must enroll in Blue Cross Blue Shield to provide care to Medicaid Expansion members.
- **Managed Care Plans use their own coverage criteria, authorization process, and limits.** Providers must follow Blue Cross Blue Shield policies for Medicaid Expansion members.
- **Managed Care Plans use their own reimbursement methodology and fee schedules.** Providers are paid according to Blue Cross Blue Shield's policy for Medicaid Expansion members.
- **North Dakota Medicaid has carved out pharmacy benefits for Medicaid Expansion members.** Pharmacy benefits are the same for Medicaid Expansion and traditional Medicaid.

How does ND Medicaid pay for services?

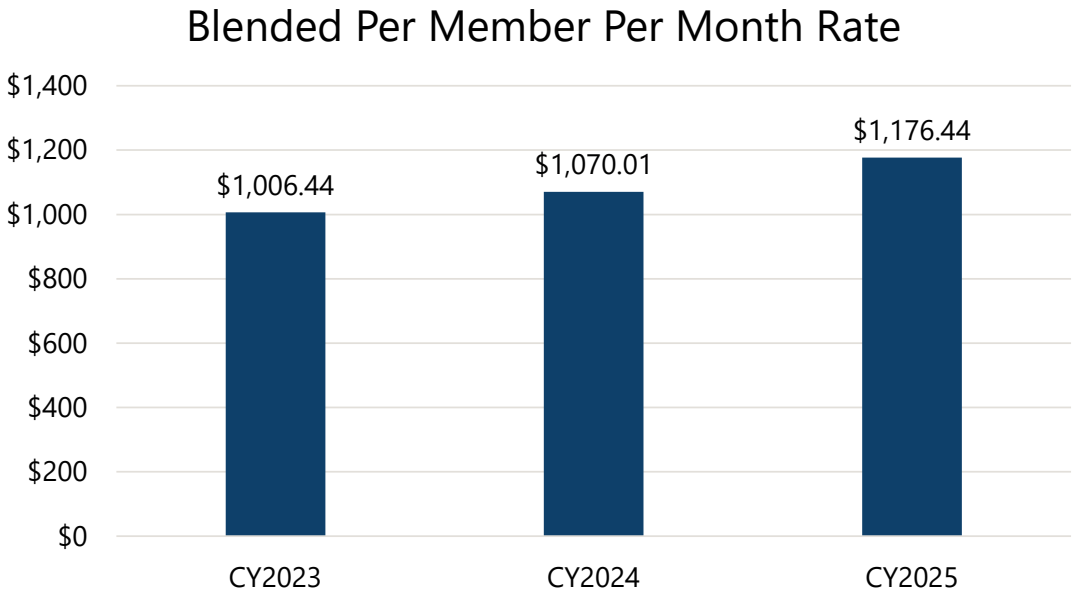


Traditional Medicaid: Fee For Service (FFS)	Medicaid Expansion: Managed Care Organization (MCO)
State pays providers directly for each covered service received by a Medicaid member.	State pays a monthly fee called a capitation payment to the managed care organization (MCO).
Only services received by members are paid.	Monthly fee is paid to MCO regardless of member use of services.

Capitation Rate Development Process

Medicaid Expansion: Chronic Conditions

Percent of Members with Diagnosis



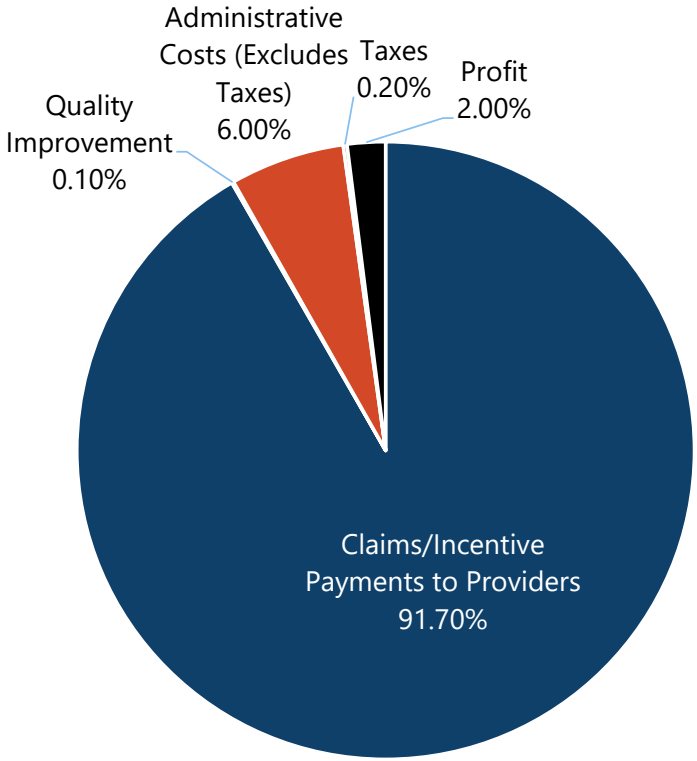
Note: Chronic Conditions include Mental Health, Substance Use Disorder, Asthma, COPD, Diabetes, Heart Disease, Hypertension, Obesity, Pain Conditions

2025 Capitation Rates

CY2025 capitation rates are in development by our actuary in conjunction with HHS and BCBSND.

- CY2025 capitation rates implement Senate Bill 2012 provision to ensure that the capitation rate calculation assumes that MCO rates will not exceed 145% of Medicare reimbursement, except for services noted in Section 22.

- No decrease to the CY2025 Capitation Rates to comply with 145% of Medicare requirement.
  - Actuarial analysis showed BCBS was already at 144.5% in aggregate of Medicare.
- Overall, 9.1% increase in rates for CY2025.



NORTH Dakota Be Legendary. | Health & Human Services

Medical Loss Ratio (MLR) & Profit Cap

- Since reprocuring the Medicaid Expansion contract in 2022, ND Medicaid has used both a Medical Loss Ratio (MLR) and Profit Cap to protect the state.
  - Profit Cap: Overall limit on the amount of profit that can be retained by the plan.
  - Medical Loss Ratio: Requires a specific percentage of the total capitation is spent on services and quality improvement. Protects states from paying for excessive administrative expenses or profits.
- While providing overall protection to the state, a profit cap can be a disincentive to continued innovation and lowering administrative costs.
- For CY 2025, ND Medicaid will use a robust MLR as the key Managed Care risk mitigation strategy.

Allocation of Retained MCO Revenue

Performance Withhold: 2023

- 2% of Capitation Payments were withheld from the monthly premium.
- MCO had opportunity to earn back funds based on meeting quality goals.

Quality Rating	Earn Back Percent	Quality Performance
◆	0%	MCO rate below NCQA Quality Compass National Average
◆◆	50%	MCO rate equals or exceeds NCQA Quality Compass National Average, but is less than 75th percentile

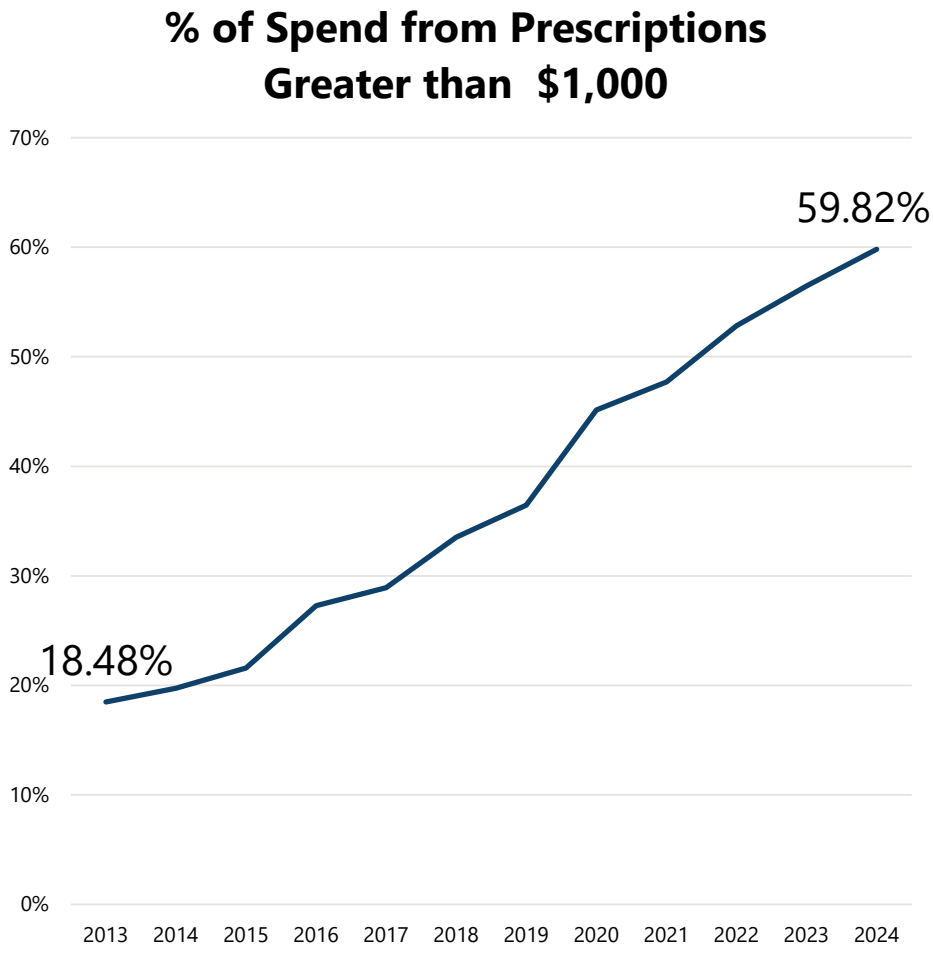
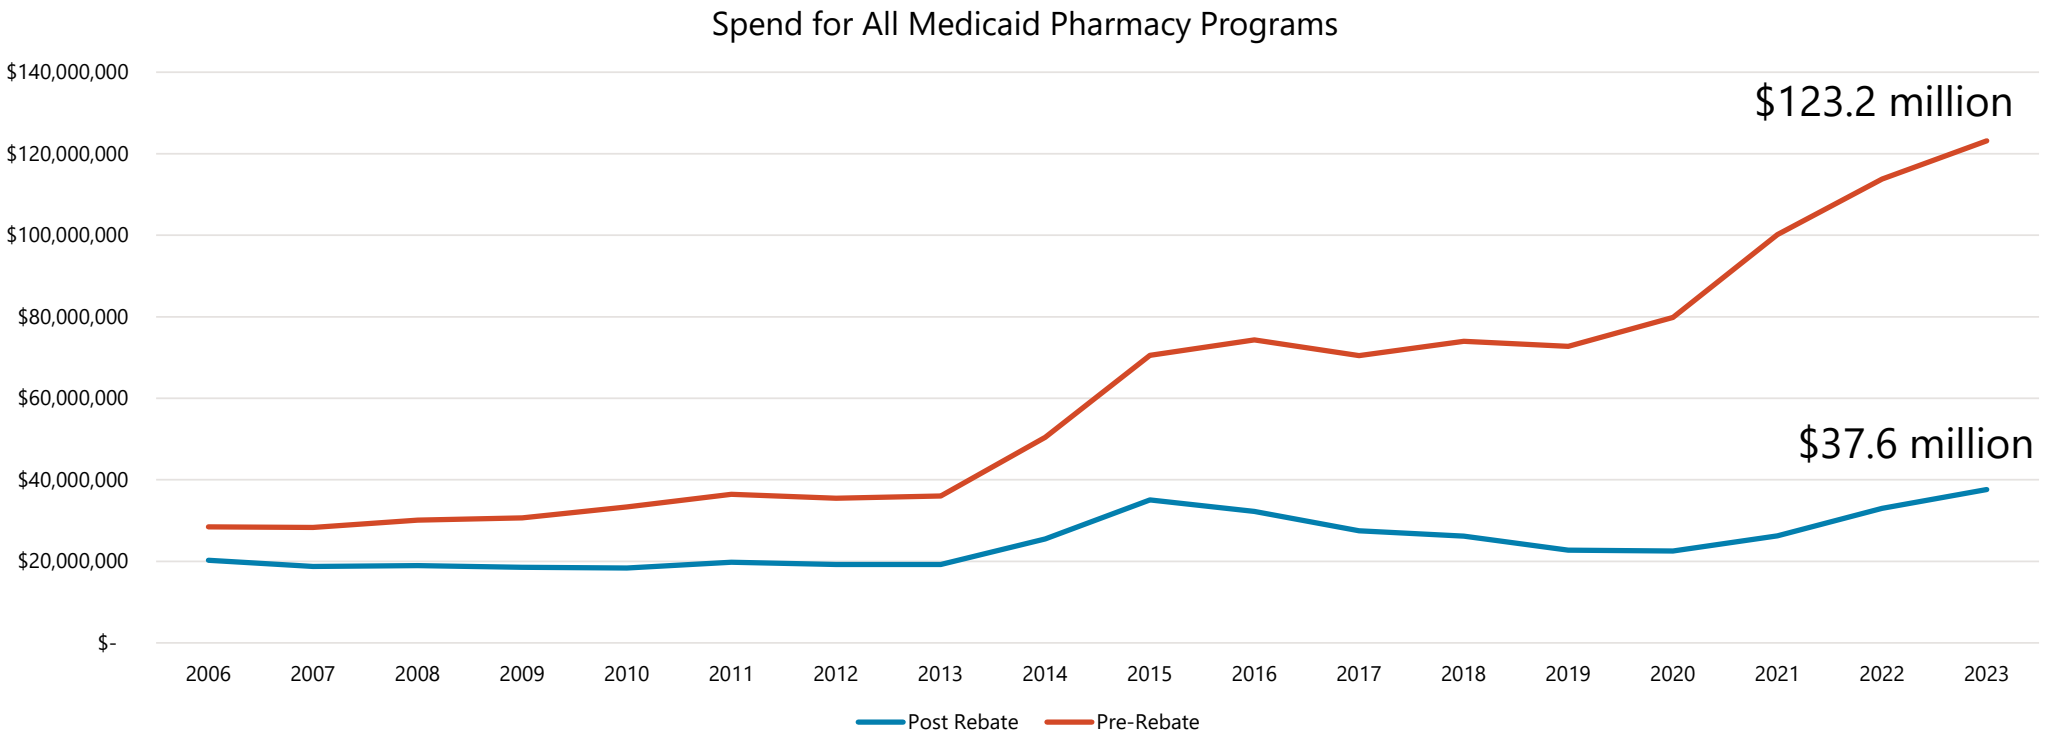
Drugs



Prescription Drug Spend History

NORTH Dakota Be Legendary. | Health & Human Services



Cost Drivers

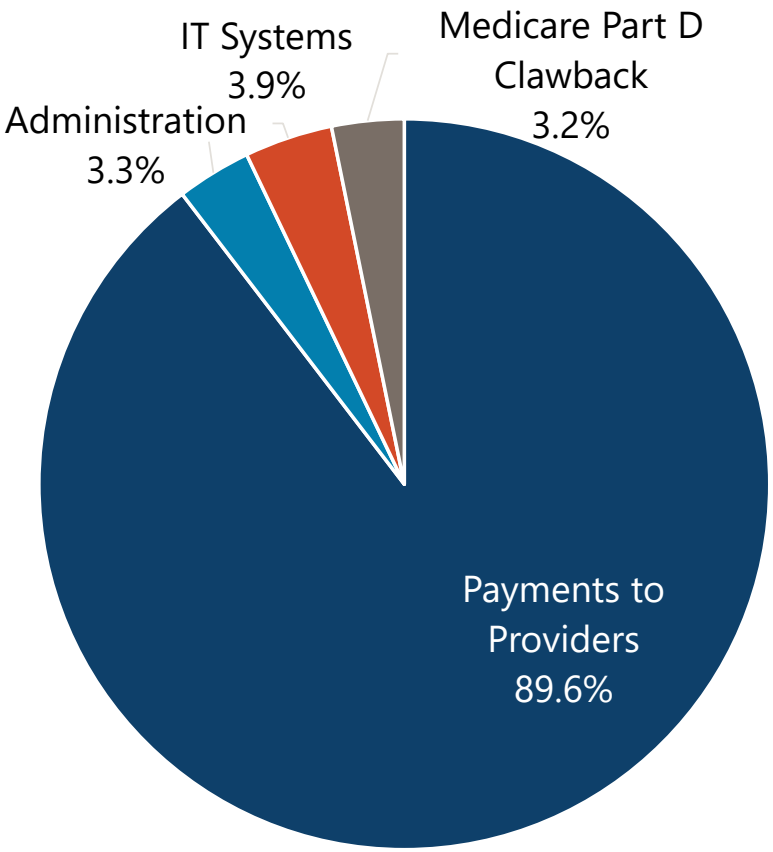
- **Drug Classes:** 6 drug classes make up 36.3% of the drug budget (4Q23 to 3Q24):
  - Cystic Fibrosis, Immunomodulators, Migraine, Non-Insulin Diabetes, Pulmonary Hypertension, Tardive Dyskinesia
  - Spend for these classes increased by 138% between 1Q2020 and 3Q2024 to $10 million per quarter
  - During the same period, claims volume for drugs in these classes only increased by 14%
- **Hyper-Cost Drugs:** 50 hyper-cost drugs make up 33.7% of the drug budget (4Q23 to 3Q24):
  - Over $950,000 spent on 22 claims from 4Q23 to 3Q24 on just 3 drugs: Daybue, Gattex, and Oxervate

Drug Rebates are Increasingly Important

- Pre-rebate spend growing much faster than post-rebate spend

Summary

- Drugs continue to get more expensive due to many factors:
  - New drugs continue to list at higher and higher prices
  - The drugs being used are more expensive as newer more effective drugs are available
  - Many more cell and gene therapies are coming with limited opportunity for value-based agreements
  - More drugs are being approved for rare diseases and oncology at very expensive list prices, some without evidence of efficacy
  - Congressional changes (AMP cap removal and increased offset amounts)
  - Shortages



- Tools to minimize growth in spend:
  - Finding rebate opportunities
  - Utilization management
  - Eliminating fraud, waste, or abuse potential

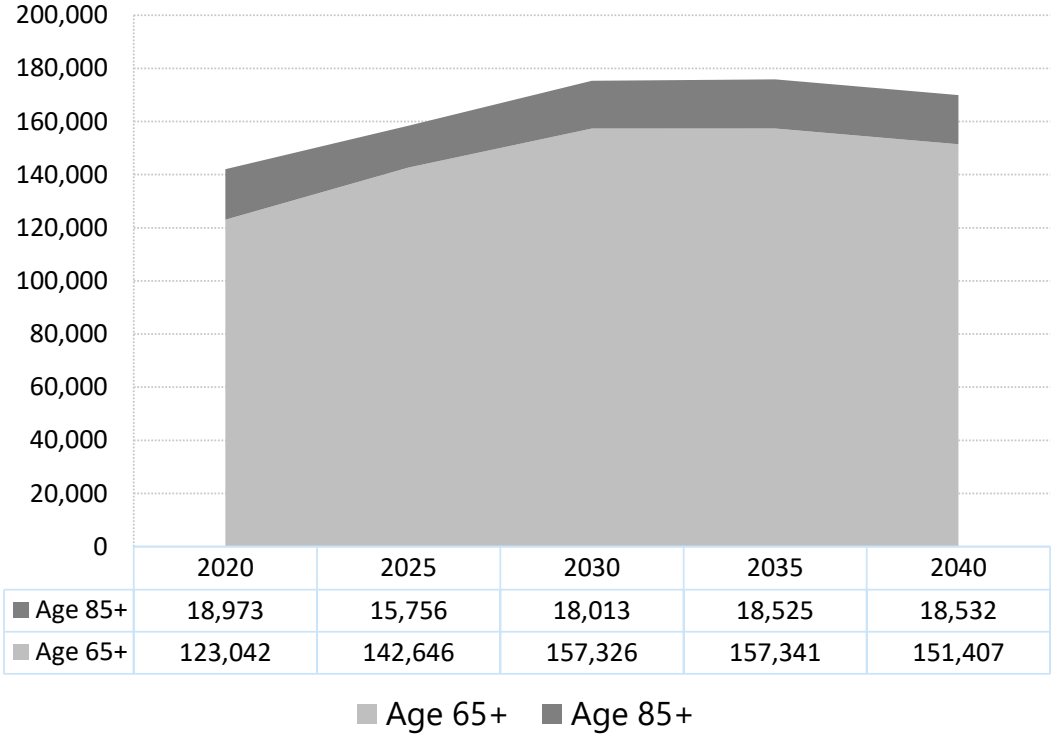
Long Term Care

Per Capita Expenditures: Aged & People with Disabilities



- ND Medicaid ranked **1st for Aged per capita** expenditures.
- ND Medicaid ranked **7th for People with Disabilities per capita** expenditures.

Note: CY 2021 and CY 2022 Data obtained from Medicaid and CHIP Scorecard - Medicaid Per Capita Expenditures. SFY 2023 and SFY 2024 numbers calculated from ND TMSIS data.

Who We Serve

Older adults and adults with physical disabilities make up a growing percentage of North Dakota's population

	2020	2025	2030	2035	2040
Age 85+	18,973	15,756	18,013	18,525	18,532
Age 65+	123,042	142,646	157,326	157,341	151,407

Source: 2024 ND State Data Center Population Projections

- The population age 65+ is expected to experience the **largest period of growth between now and 2035**
  - People age 65+ represent 18-19% of ND population
  - **Age 85+** consistently represents approx. 15% of total pop age 65+ but the **number of people** in that age group will **grow by 3,000** between now and **2035**

7 in 10

Americans 65+ will need LTC services for an average of 5 years

Long Term Care Eligibility

Functional Need

- Individuals must have a level of care that indicates a need for long term care.
- Assessments are used to measure an individual's needs. The assessment can help shape the care plan in addition to verifying eligibility.
- Functional needs can also drive acuity-based payments to providers.

+

Financial Need

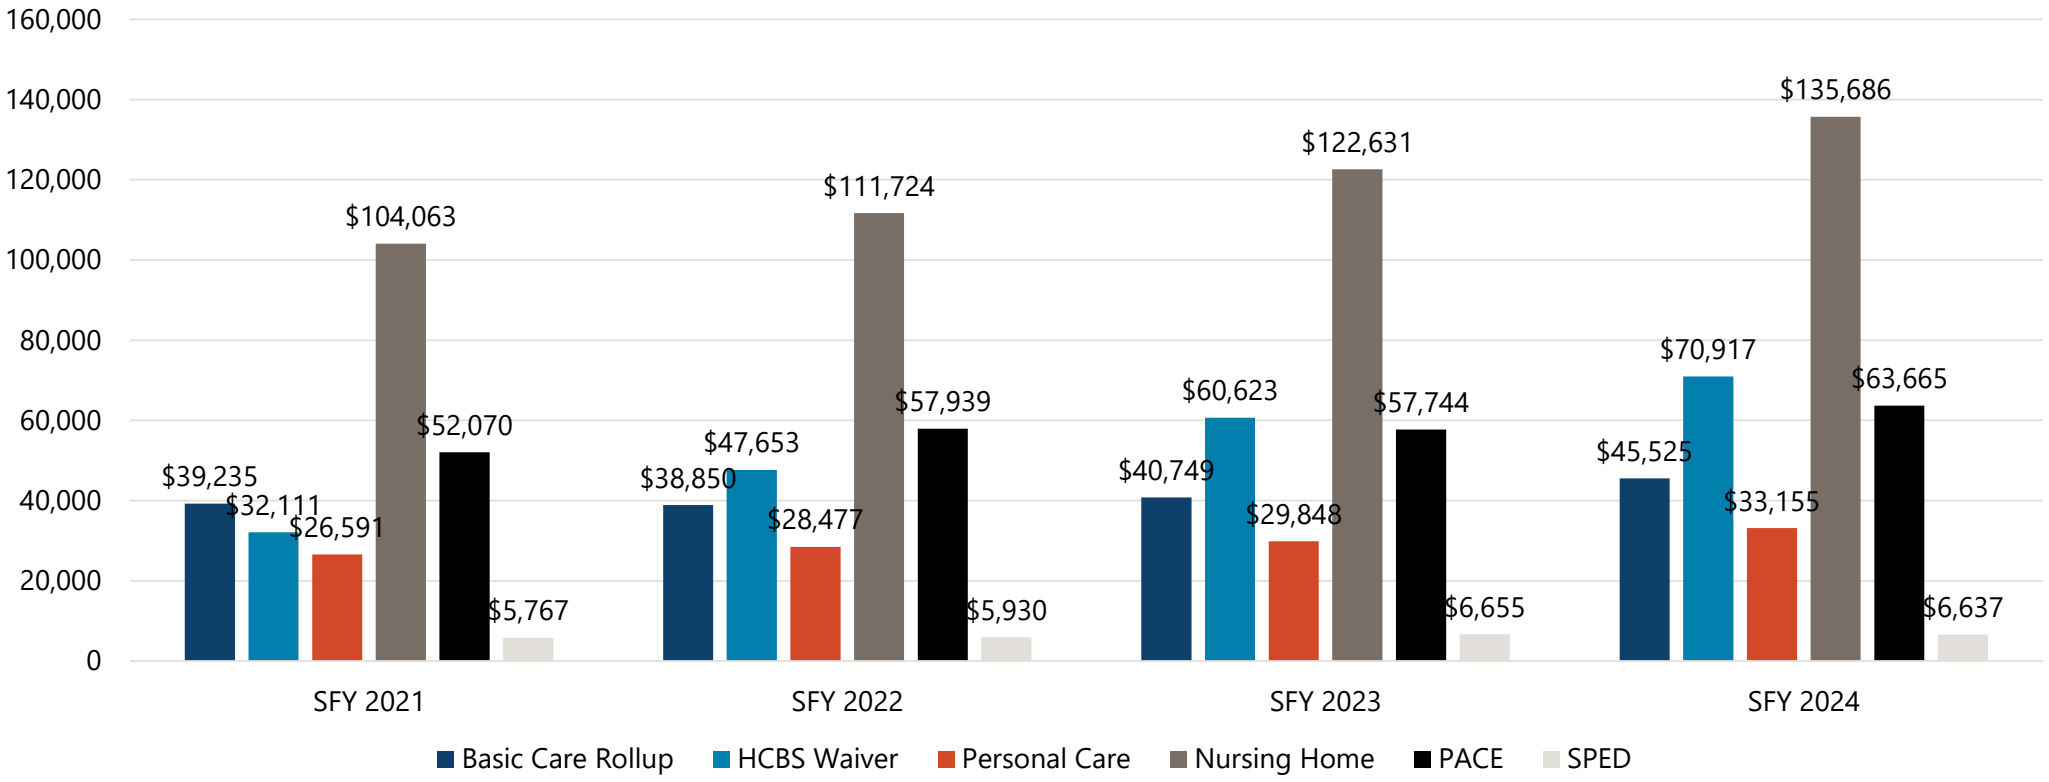
Income Limit

Income is any item an individual receives in cash or in-kind that can be used to meet basic needs.

Some Medicaid members must "spend down" their income to qualify for Medicaid. Members in an institution retain a personal needs allowance.

Asset Limit

Single: $3,000
Married: $6,000



Note: Special Spousal Impoverishment rules apply when the individual's spouse is not applying or not in a medical facility.

Medicaid LTC eligibility includes a 5-year lookback period to ensure that assets were not gifted or sold under fair market value.

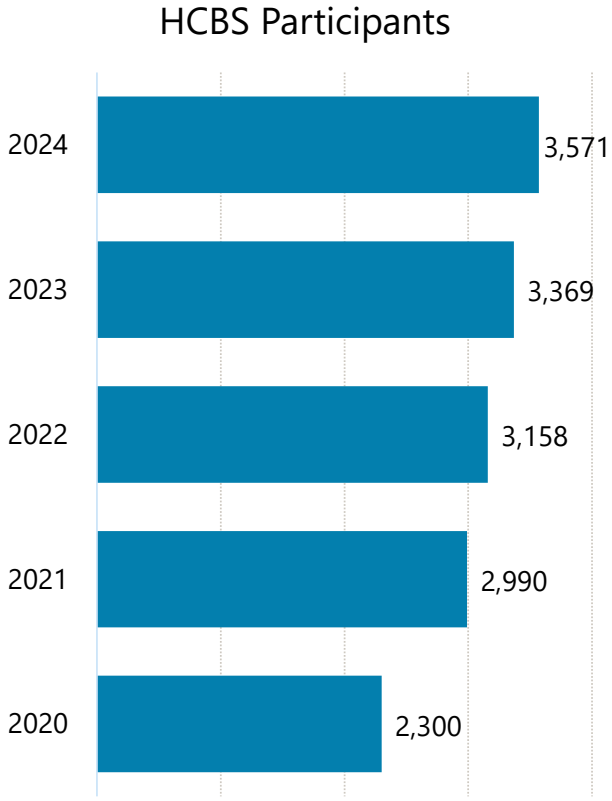
NORTH Dakota Be Legendary. | Health & Human Services



Nursing Facility Utilization & Expenditures

More North Dakotans are choosing home-based community care options every year

- ✓ The **demand** for in-home and community-based services has continued to **increase.**
- ✓ More HCBS participants have **complex needs** (medical and behavioral health) that increase the amount of time and skills necessary to provide **quality services.**
- ✓ **Rising acuity levels** have created a demand for more **complex services** and providers who can employ higher trained staff including **nurses and supervisory** staff.

54% increase since 2020

What is HCBS?
Services delivered in an **integrated setting**.

What is an integrated setting?
A private home, apartment etc., owned or rented by the individual or their family, or an individual adult foster care setting.

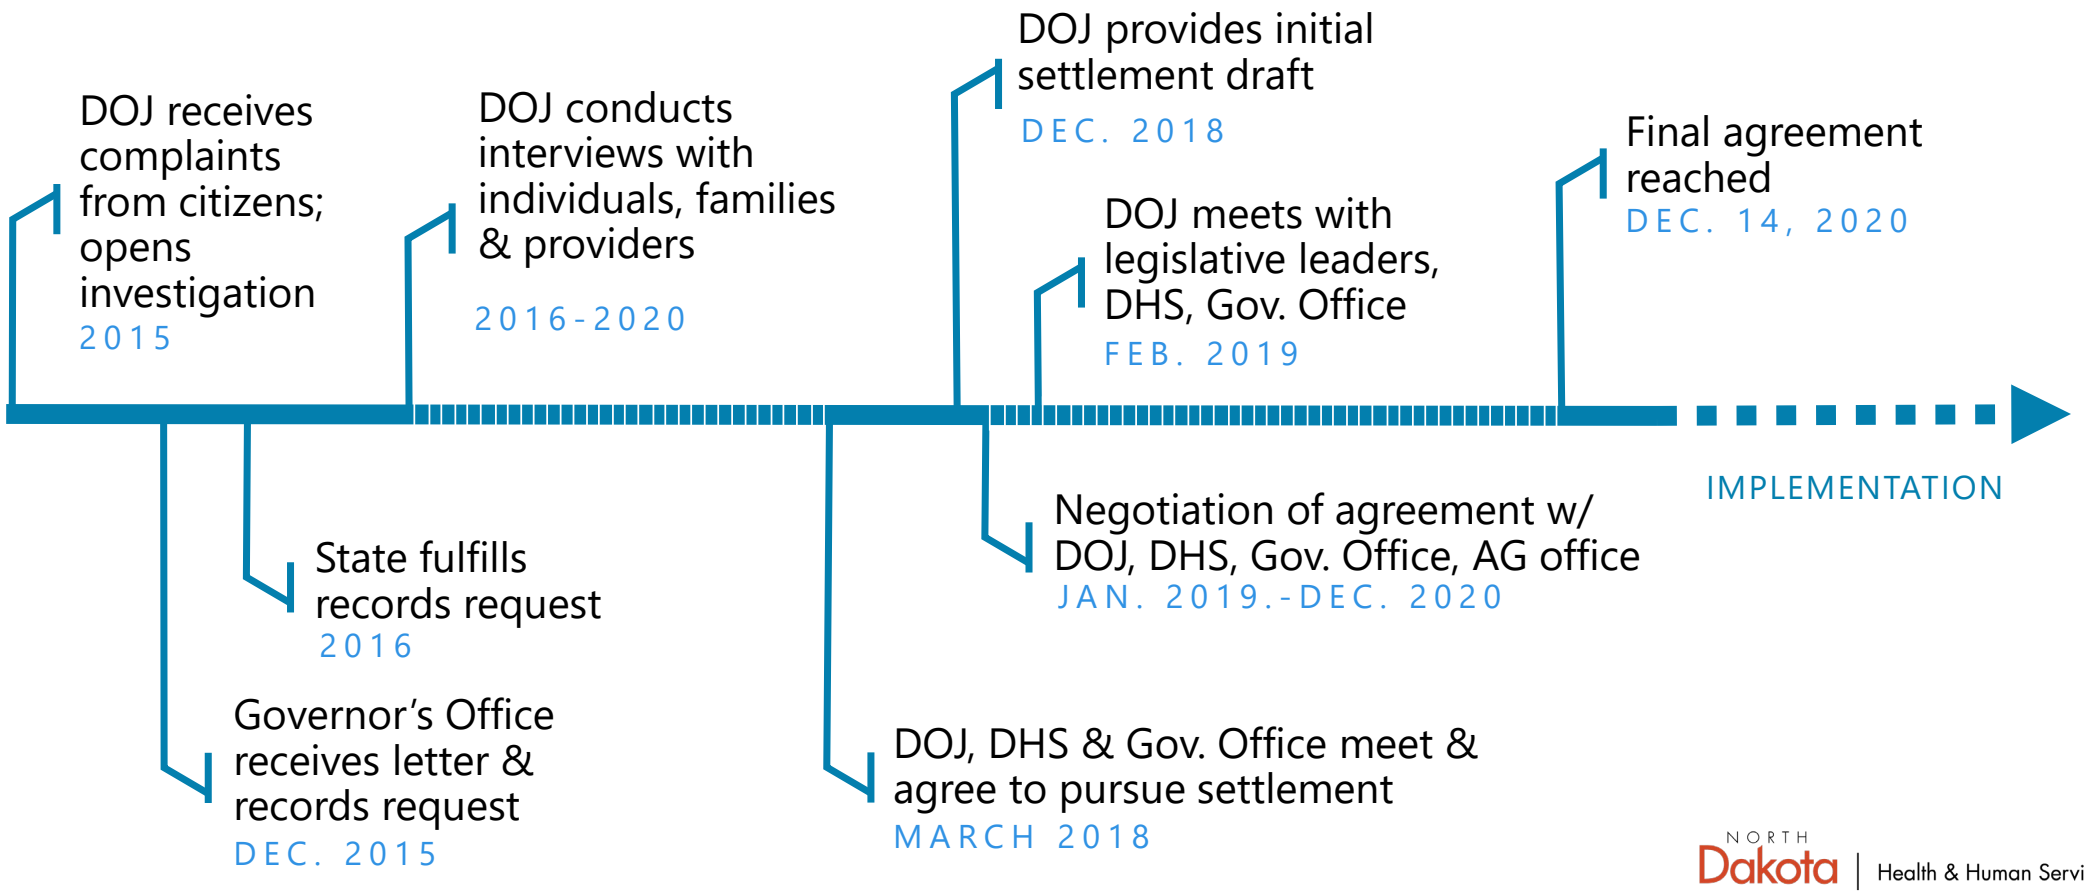
Implementing the Settlement Agreement between U.S. DOJ & State of North Dakota

PURPOSE is to ensure that ND will **meet Americans with Disabilities Act (ADA) requirements** by providing services, programs, and activities for individuals with physical disabilities in the most integrated setting appropriate to their needs.

Effective Dec. 14, 2020

Agreement will terminate eight years after effective date if Parties agree that the state has attained substantial compliance with all provisions and maintained that compliance for a period of one year.

Watch Diversion and Transition Testimonials- Adults and Aging Health and Human Services North Dakota



US DOJ Settlement Agreement Americans with Disabilities Act

- The Americans with Disabilities Act (ADA) requires public agencies to **eliminate unnecessary segregation** of persons with disabilities and provide services in the **most integrated setting appropriate** to the needs of the individual.
- In **1999** the Federal Supreme Court **Olmstead** decision **affirmed** the **ADA** requirements.
- Most **integrated setting** is an individual or family home

DOJ Settlement Agreement Timeline

Who are we trying to reach?

Target population members (TPMs)

Basic Eligibility

- Individual with physical disability
- Over age 21
- Eligible or likely to become eligible to receive Medicaid long-term services and supports (LTSS)
- Is likely to require LTSS for at least 90 days.

IF in skilled nursing setting

- Receive Medicaid-funded nursing facility services AND
  - Likely to require long term services and supports
- Receive nursing facility services AND
  - Likely to become eligible for Medicaid within 90 days, have submitted a Medicaid application, and have approval for a long-term nursing facility stay

IF in hospital or home setting

- Referred for a nursing facility level of care determination AND
  - Likely to need services long term
- Need services to continue living in the community AND
  - Currently have a HCBS Case Manager or have contacted the ADRL

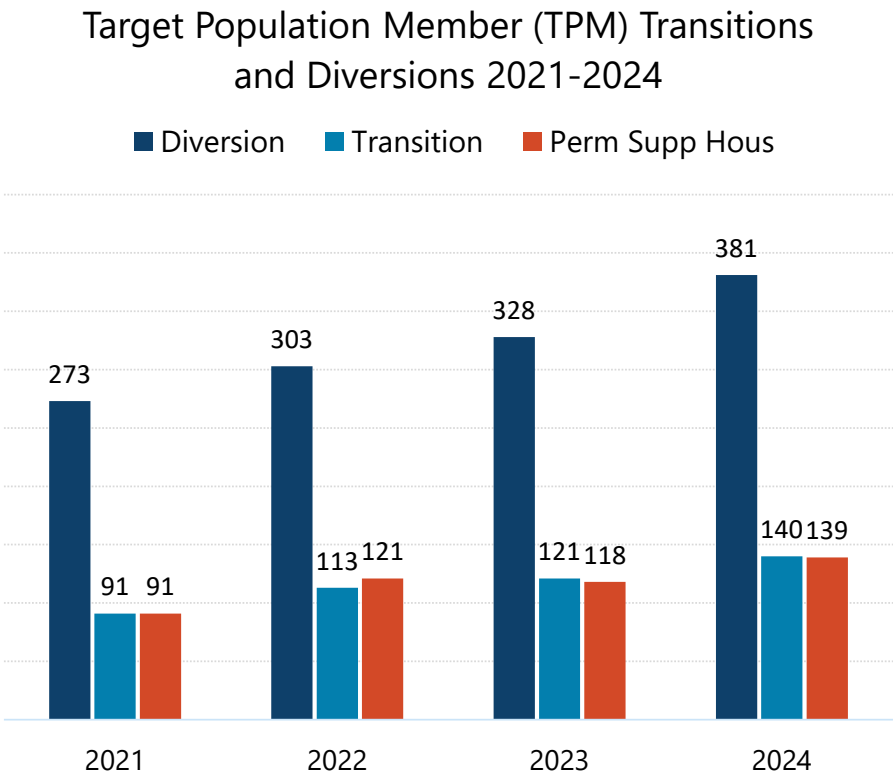
DOJ Settlement Agreement



HCBS is supporting increase in Transition and Diversion from institutional settings

"**Diversion**" happens when a Medicaid eligible individual who screens at a nursing facility level of care receives a set of services (HCBS, housing etc.) that allows them to remain in an integrated setting and avoid institutionalization.

"Transition" happens when a Medicaid eligible individual who resides at a nursing facility receives transition supports and a set of services (HCBS, housing etc.) that allows them to move to an integrated setting in the community.

"**Permanent Supported Housing**" is providing affordable housing, rental assistance, meeting with landlords, application assistance etc., in addition to other traditional HCBS that allows an individual to live in a private residence alone or with family, their significant other or roommates of their choosing.

Housing is the #1 barrier to transition

DOJ Settlement Agreement Benchmarks

2020-2024

- **Transition at least 100 TPMs** by the end of **year 2 (2022)**, and by the end of **year 4 (2024) transition at least 60%** of those requesting to transition out of the SNF (within 120 days of request).
- **Divert** at least **100** TPMs within **2 years (2022)** and an **additional 150** by the end of **year 4 (2024)** who are choosing to receive care in the community.
- Provide permanent supported housing (rental assistance) to **20 TPMs in year 1 (2021)**, **30 in year 2 (2022), 60 in year 3 (2023).**

2025-2028

- **Transition 70% of TPMs by year 6 (2026) and 85% by year 7 (2027)** who are requesting transition out of the SNF (within 120 days of request).
- **Divert** an **additional 150 TPMs** to community-based services by **year 6** (2026) and **continue to divert** all who are **choosing to receive care in the community.**
- **Provide** permanent supported housing **(rental assistance)** to additional TPMs based on the aggregate need. *Note: Almost all transitions require some type of state or federally funded rental assistance.*

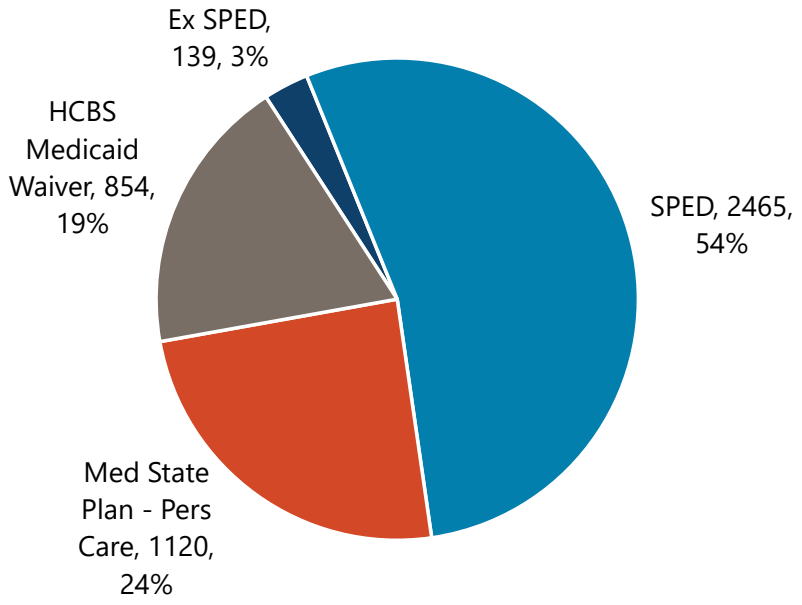
The Agreement will terminate **eight years (Dec 13, 2028)** after the effective date if the Parties agree that the State has attained substantial compliance with all provisions and maintained that compliance for a period of one year.

Cost to Continue: Home and Community Based Services Growth

Ongoing

Total	$64,814,924
General	$36,977,113
Federal	$27,837,811

The original submission of cost-to-continue related costs for HHS neglected to include HCBS Growth that is typically part of the calculation; the omission was an error and not reflective of change in policy or operation.



Demand for home and community-based services has continued to increase.

This is reflective of the growing number of North Dakota residents who are entering age ranges where health issues become more prevalent, as well as the success of the state's efforts to both divert and transition people from living in institutional settings.

Home-based community care options older adults and adults with physical disabilities

3,571

Number of people supported by HCBS in CY2024

Source: NDHHS HCBS Caseload Data Nov 2024 (unduplicated count)

- Primarily serves older adults and individuals with physical disabilities
- Recipients must be both functionally and financially eligible
- May have client cost share based on income
- Federal and state funds
- Recipients range in age from 17-104 years old

Adult & Aging Services

HCBS Case Management

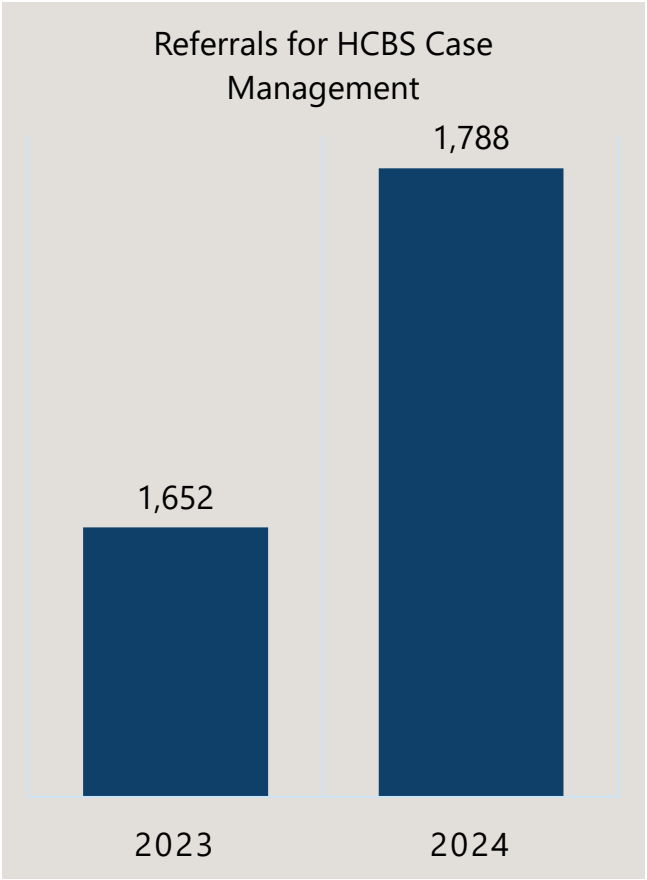
HCBS Case Managers

Provide the support and structure needed to connect eligible people in need of in-home and community- based care to qualified service providers (QSPs) in their community.

What do they do?

- Determine eligibility
- Conduct person-centered planning
- Assess needs
- Authorize services
- Monitor for health and safety
- Provide support and guidance to family caregivers

73 and **4**



73 HCBS case managers and 4 Basic Care case managers are supervised by Adult & Aging Services

150 and **80**

On average, 150 new referrals and 80 new cases opened for HCBS each month

4,329

Provided Case Management to **3,538** HCBS recipients and **791** Medicaid Basic Care residents in 2024

Adult & Aging Services

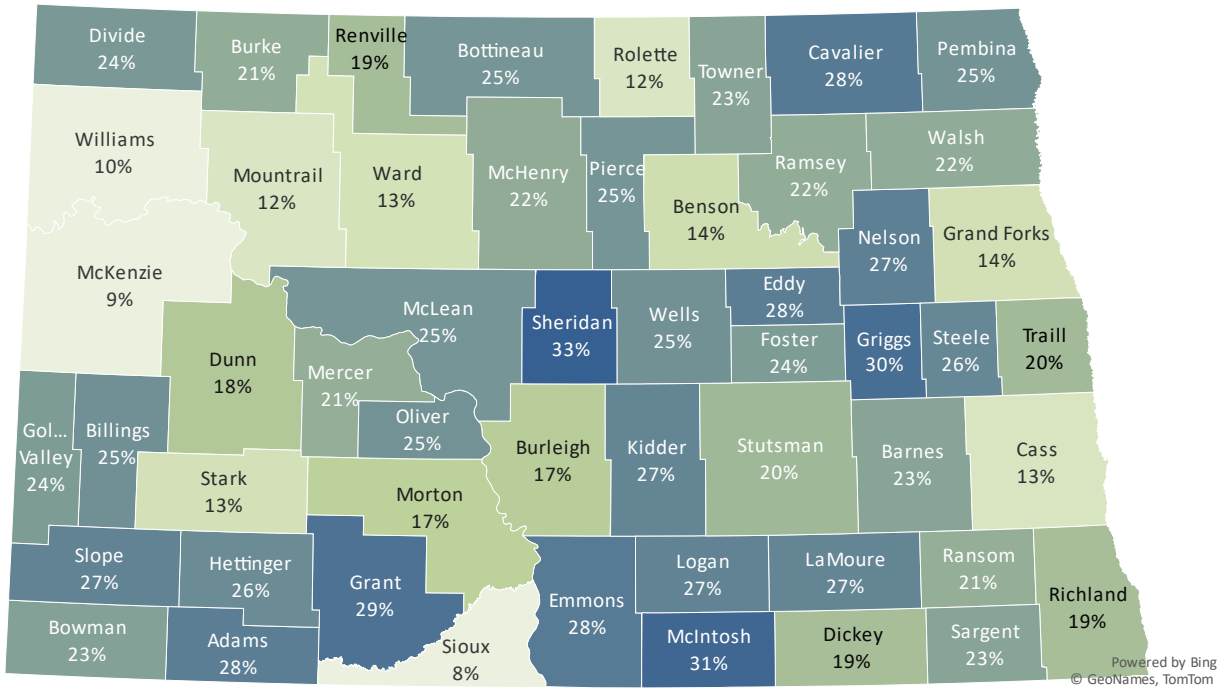
Connecting the Housing-Service Continuum to Budget

Long Term Care Services and Supports

Analysis of State Fiscal Year (SFY) 2020 and 2024 claims data | Average cost/month | Avg utilization/month

Between 2020 and 2024, North Dakota saw an increase in utilization of services at the entry-levels of the continuum of long term services and supports and a decrease in utilization of nursing home care.



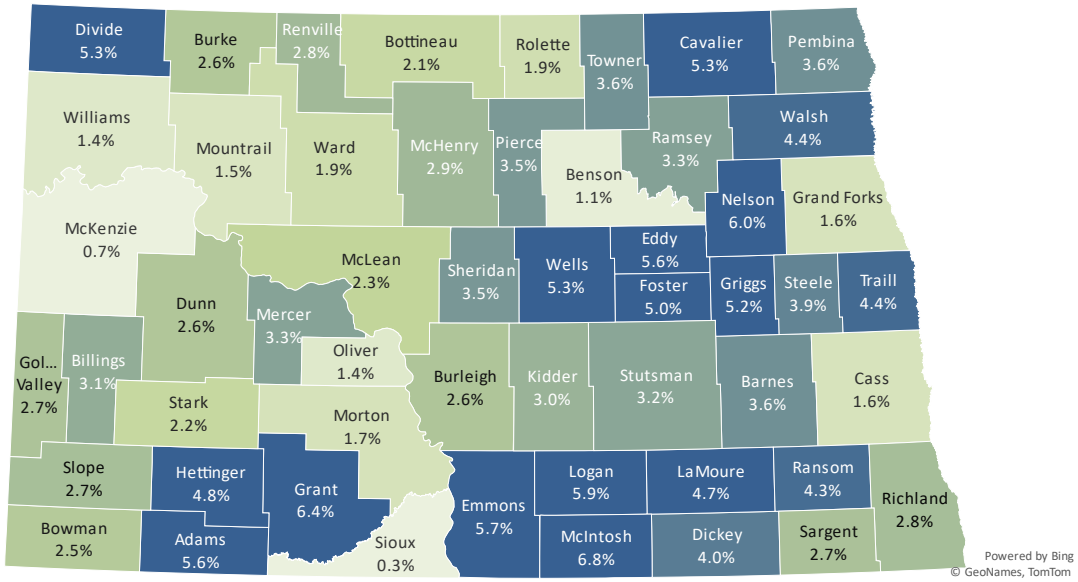
Costs continued to increase across all service lines with the most significant increases associated with care types that serve the highest acuity levels.

There are several factors driving the need for the full array of Adult/Aging services and for HCBS generally

1. Population characteristics
   - % of people living alone
   - Age distribution
   - Disability prevalence
2. Demand
   - Shifting expectations about where/how to receive services
   - Technology-enabled environmental modifications
   - # of people needing services
3. Complexity of care needed
   - Co-occurrence of behavioral and physical health diagnoses

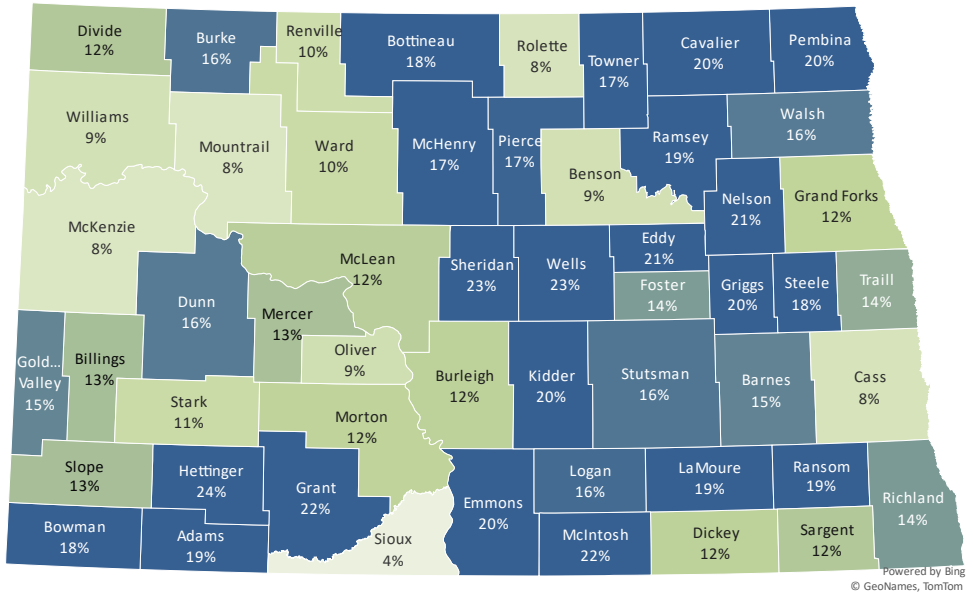
15.9% of ND population was age 65+ in 2022

% of population age 65+ by county



The next 10 years will represent the most significant shift in demographics for ND and most US states

The patterns represented here (2022 data) will become more exaggerated between now and 2035

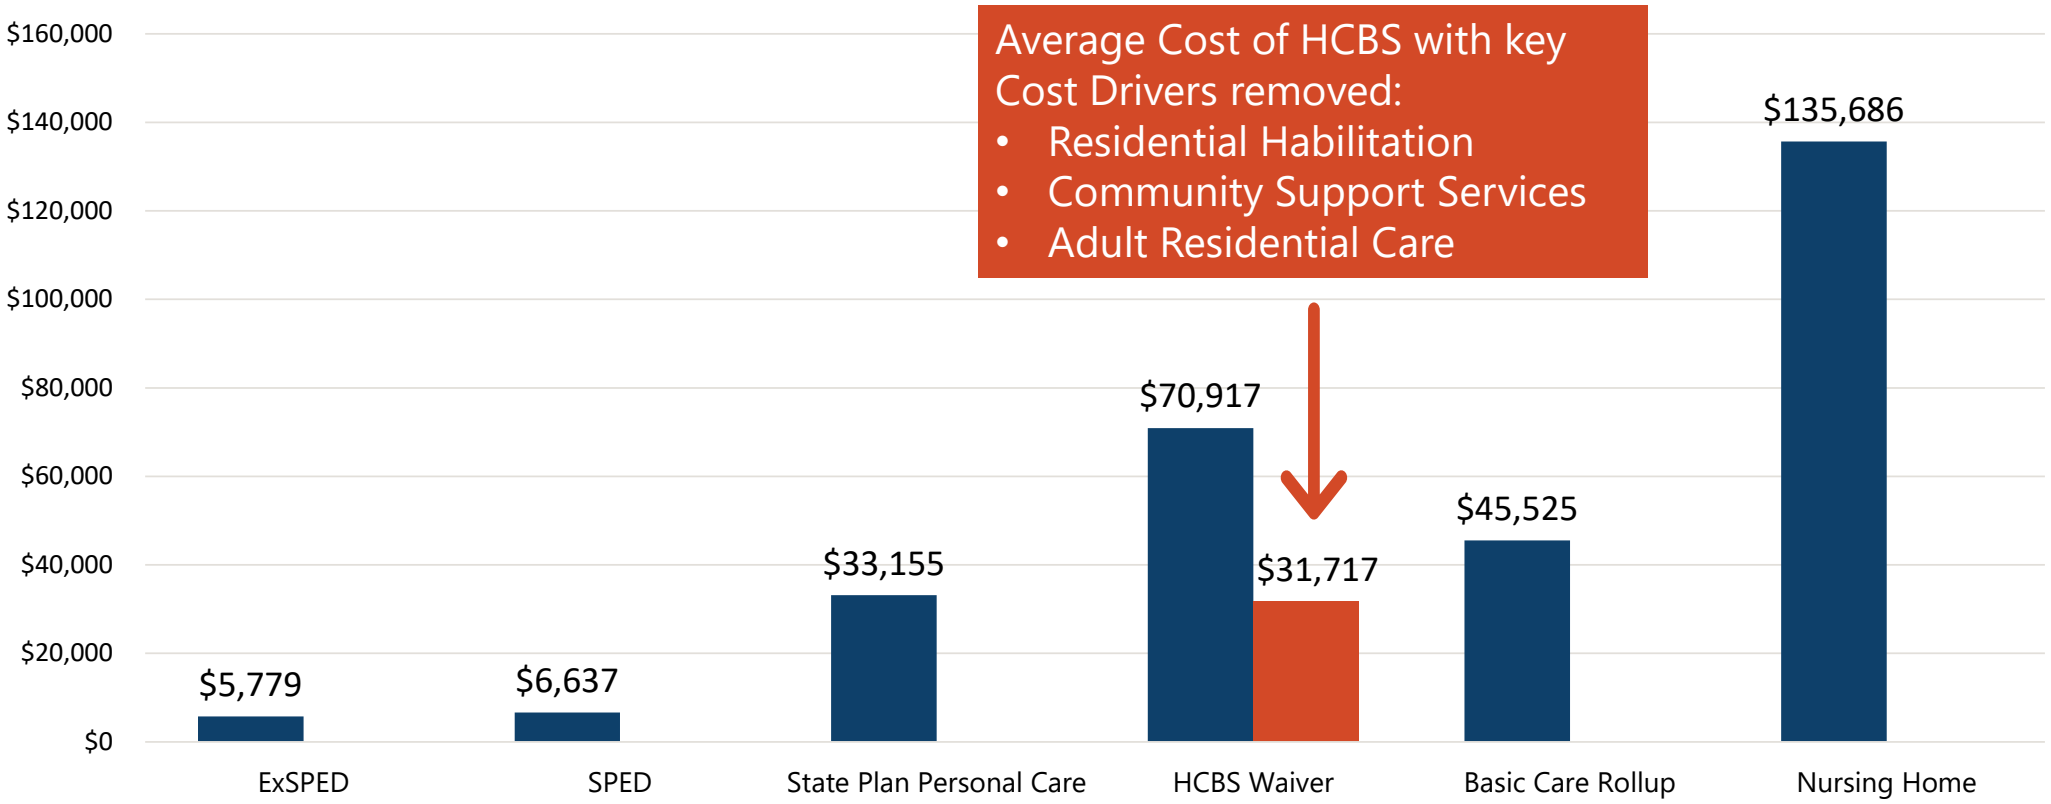


2.3% of ND population was age 85+ in 2022

% of population age 85+ by county

11.8% of ND households are someone age 65+ who is living alone

% of households by county consisting of a person age 65+ who is living alone (2022)



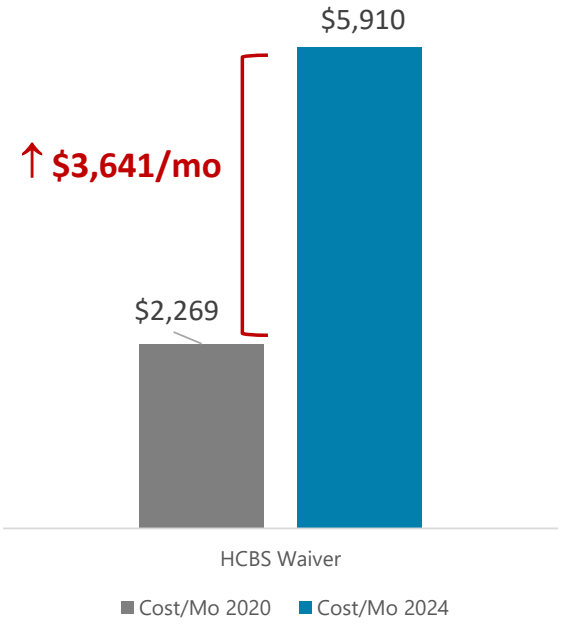
59% of current HCBS recipients **live alone** this is *above the national average* of 48%.

→ Lack of natural supports increases the need and amount of paid care necessary to maintain health and safety.

NORTH Dakota Be Legendary. | Health & Human Services

SFY 2024 Long Term Care Continuum

Average Cost Per Person Per Year



Note: Basic Care Rollup includes both Basic Care Personal Care and Room and Board

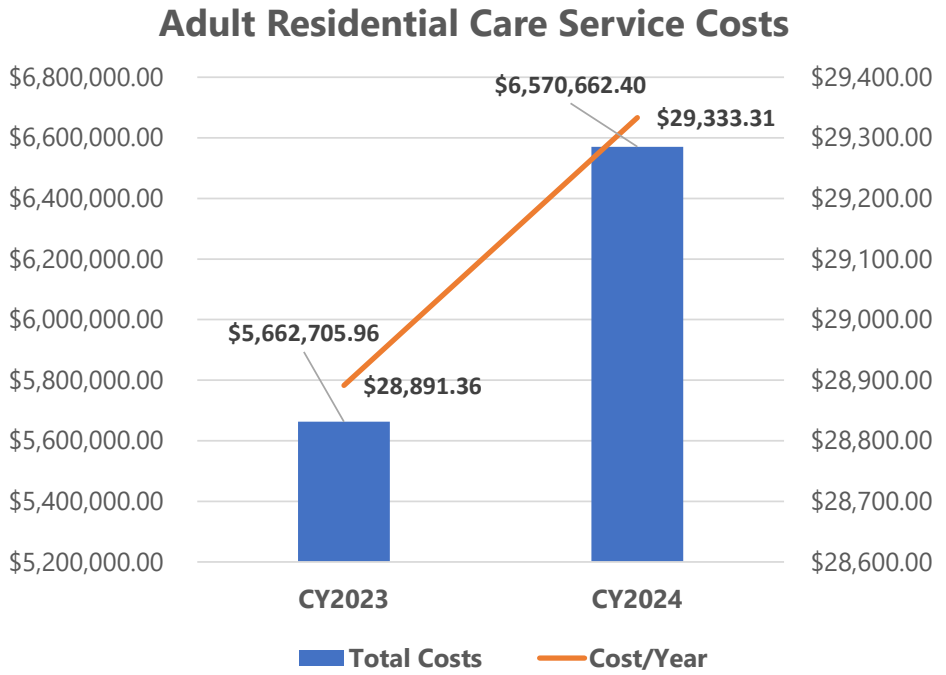
What's driving HCBS Waiver cost growth?

Today's HCBS Waiver serves individuals with **unique and complex needs**, including individuals:

- Transitioning from the State hospital
- Transitioning home from a nursing facility
- Discharging from local hospitals
- Who have received a "needs cannot be met" denial from a nursing facility
- Who have a history of felony convictions

From 2020 to 2024, average monthly per person HCBS Waiver costs grew by 160%

Top HCBS Cost Drivers



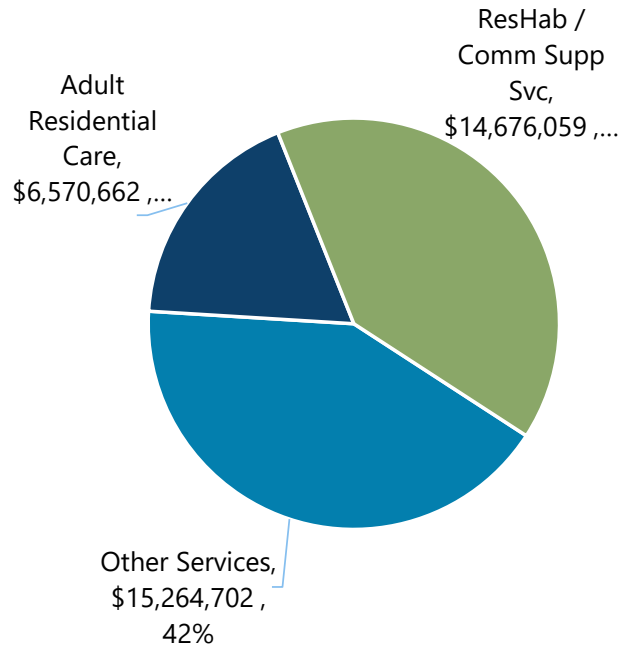
1. **24-hour** delivery of complex cares
2. Prevalence of **serious mental illness** and **substance use disorder** in HCBS recipients
3. Increasing number of HCBS recipients with **complex medical** needs

Cost driver #1

24-hour delivery of complex cares

Adult Residential Care

- 24-hour residential services for individual with **memory impairment** or **traumatic brain injury.**
- Individuals have a daily need for a **safe supervised structured environment**, personal care, and medication supports. Not impaired in eating, bathing, toileting.
- In SFY 24 **29%** (224) **of waiver participants** were enrolled in this service.
- Average service cost per person per year = **$29,333**
- Individual also pays up to $1,005 for room and board = **$12,060** year



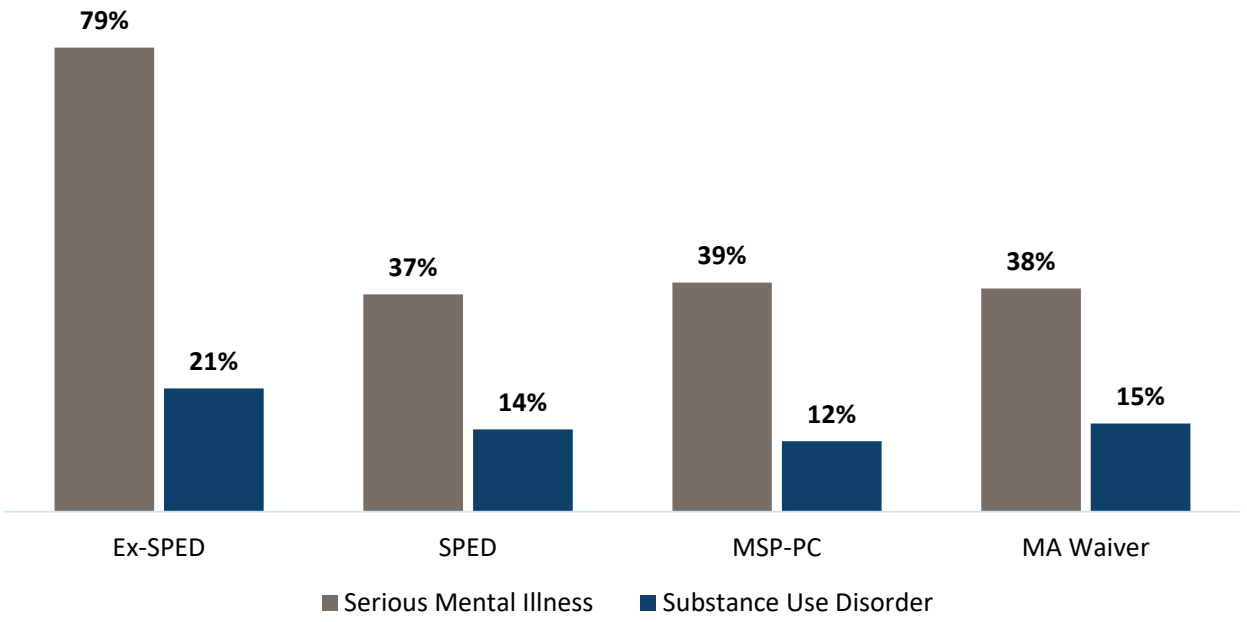
13,700 individuals 65+ are living with Alzheimer's in ND. *Source: Alzheimer's Association (2024)*

Cost driver #1

24-hour delivery of complex cares

Residential Habilitation and **Community Support Svcs**

- Up to 24-hour all inclusive supports for individuals who meet a nursing facility level of care and require daily services.
- Service requires providers to have a nurse and a care coordinator with a minimum of a 4-year degree.
- In SFY 24 **16%** (121) of waiver participants are enrolled in this service.
- Average cost per person per year = **$121,290**



16% of waiver **participants** account for **40%** of the **cost** of care

Cost driver #2

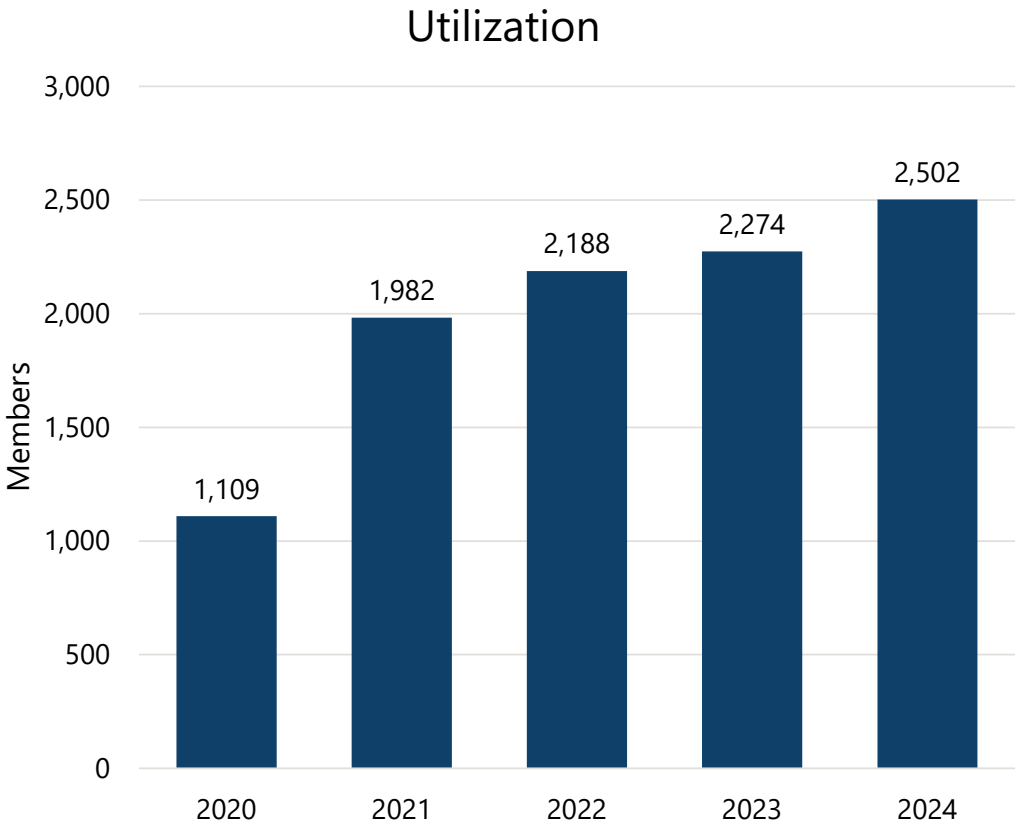
Prevalence of Behavioral Health Needs

- An increasing number of individuals seeking HCBS services have significant behavioral health needs, including diagnoses of serious mental illness and substance use disorders.
- Family home care and other family caregiver service modes are common modes of service delivery.
- Appropriate caregiver training is essential to prevent caregiver burnout but upskilling and supporting QSPs remains a barrier.

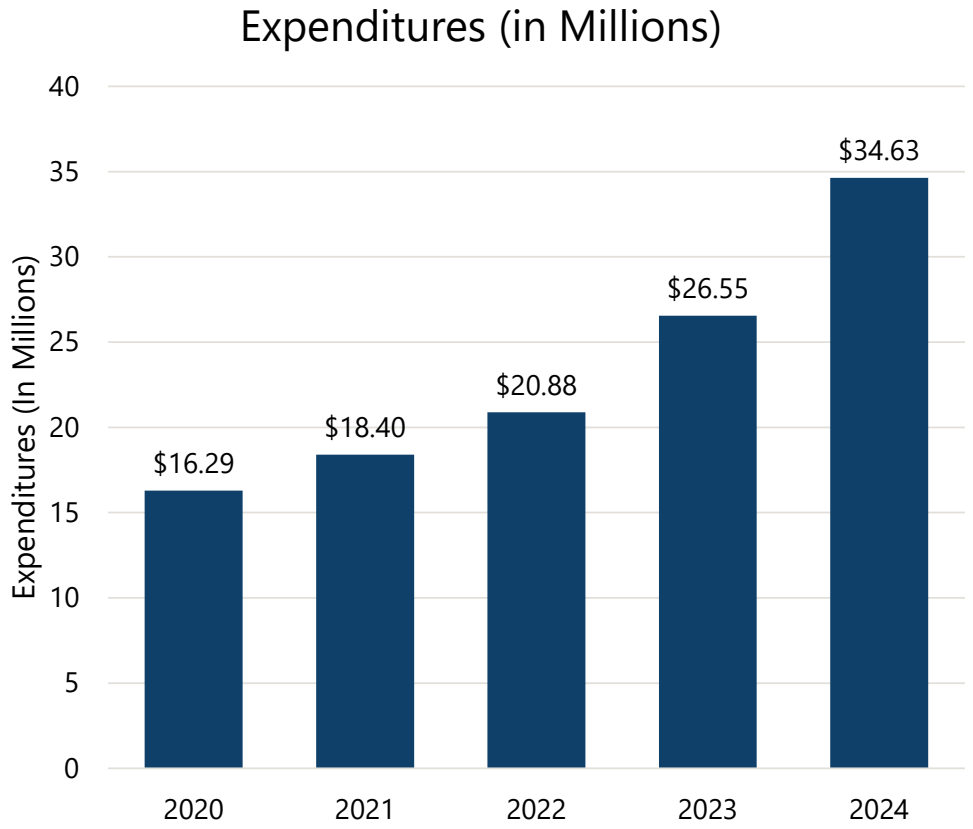
% of HCBS participants by type of service reporting Serious Mental Illness (SMI) or Substance Use Disorder (SUD) as a primary issue

Source: NDHHS HCBS Case Management data system, 2024

Cost driver #3



Prevalence of Complex Medical Needs



Common medical conditions reported by HCBS participants
Osteo arthritis
Chronic obstructive pulmonary disease (COPD)
Stroke
Type 2 diabetes
Paralysis
Heart Failure
Age related physical impairment
Dementia
Brain Injury

Common medical tasks completed for HCBS participants
Medication Administration
Tracheostomy cares and suctioning
PEG tube feedings and medications
Insulin administration including sliding scale
Port dressing changes
Wound care
IV Therapy
Care coordination/ medical escort
Foley catheter

Primarily served with Residential Habilitation and Community Support services, with additional support from extended personal care and nurse education services

Qualified Service Provider Utilization & Expenditures

Types of SUPPORT SERVICES available via HCBS

Adult Day Care	Adult Foster Care	Adult Residential Care	Homemaker	Home Delivered Meals	Non-Medical Transportation

Qualified Service Providers Targeted Rate Increase

Ongoing

Total	$5,392,656
General	$3,595,104
Federal	$1,797,552

Increase impacts the HCBS Waiver, DD Waiver, Autism Waiver, SPED, and Ex-SPED. Services impacted include nursing, personal care, respite, companionship, and homemaker services.

- ND's rates lag states in the region.
  - South Dakota did a comprehensive rate study of in-home providers in 2023 that reviewed baseline and benchmark wages and other costs for Qualified Service Provider services.

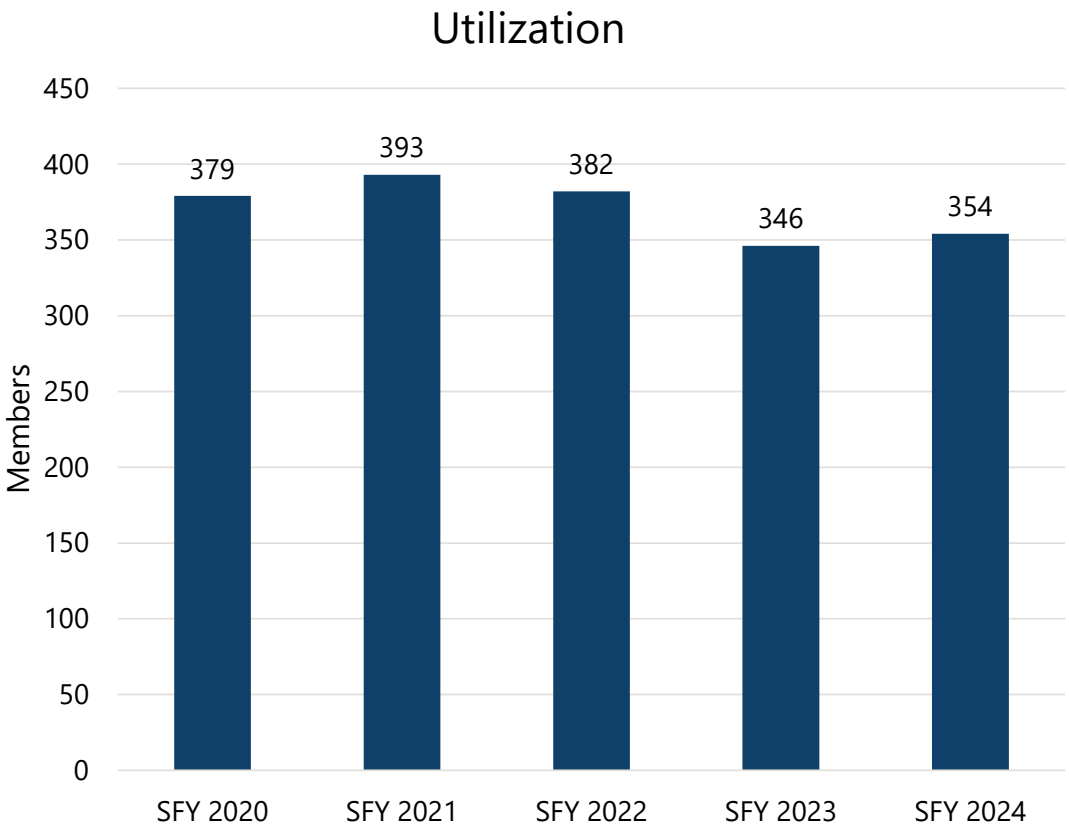
Select Qualified Service Provider Agency Rates per 15-minute unit					
	ND	MN	MT	SD	WY
Personal Care	$8.05	$5.95	$8.92	$10.88	$8.53
Homemaker	$7.14	$7.90	-	$10.88	$6.62
Respite	$7.93	$9.64	$6.02	$10.53	$7.50
Companion	$7.14	$7.90	-	$10.53	$7.60
Nursing	$17.64	$12.46	$19.30	$22.60	$19.15

QSP rate increases target areas of highest need

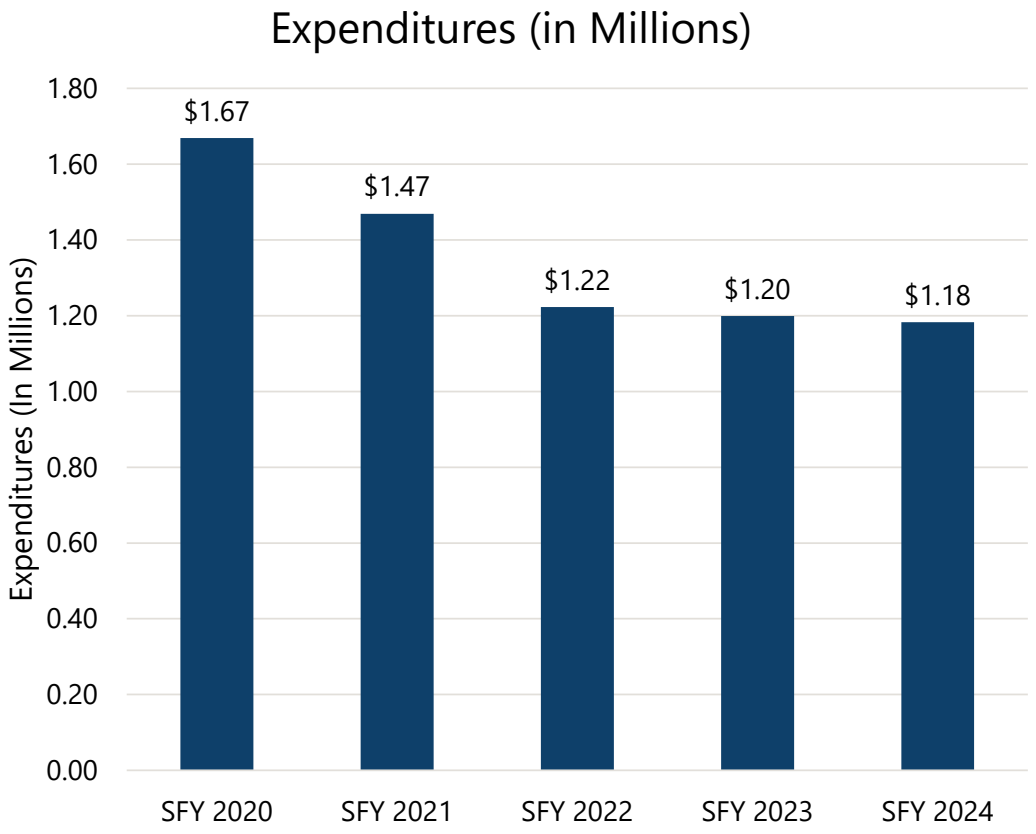
QSP Nursing Services

- **Nurse Education** – assessment, nursing plan of care development and training
- **Extended Personal Care** - hands-on medical care tailored to individual's needs, including skilled or nursing care
- **Updated Agency Rate -** $19.71 per 15-min unit

QSP Aide Services



- **Homemaker** – housework, meal prep, laundry, shopping assistance
- **Chore** – Heavy cleaning, snow removal, lawn care
- **Personal Care** (unit rate) – help with personal hygiene, mobility etc.
- **Respite** – short break for caregivers
- **Supported Employment** – on the job support to remain employed
- **Transitional Living** – independent living skills training
- **Updated Agency Rate -** $9.40 per 15-min unit



QSP Companion Services

- **Non-Medical Transportation – Escort** – help with mobility while shopping, banking etc.
- **Companionship** – socialization to reduce isolation
- **Supervision**- monitoring to ensure safety for people with cognitive impairment
- **Updated Agency Rate -** $9.10 per 15-min unit

Home Health Utilization & Expenditures

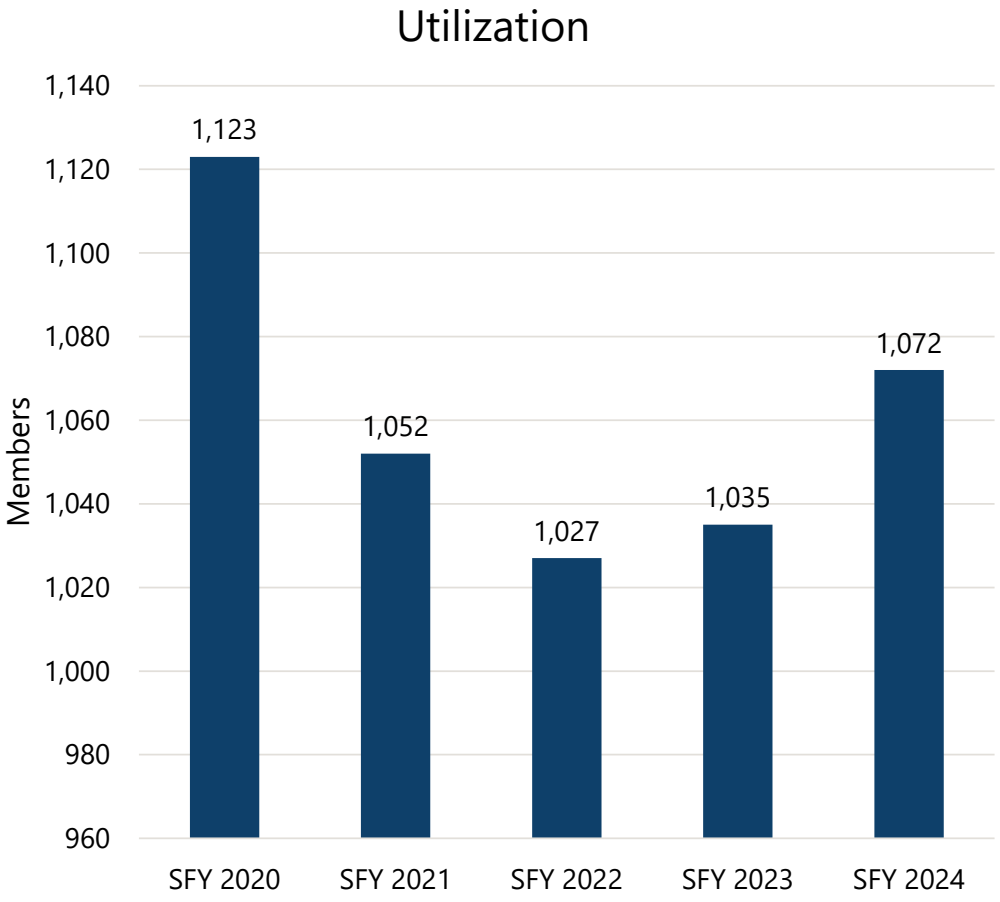
NORTH Dakota Be Legendary. | Health & Human Services

Private Duty Nursing & Home Health Targeted Rate Increase

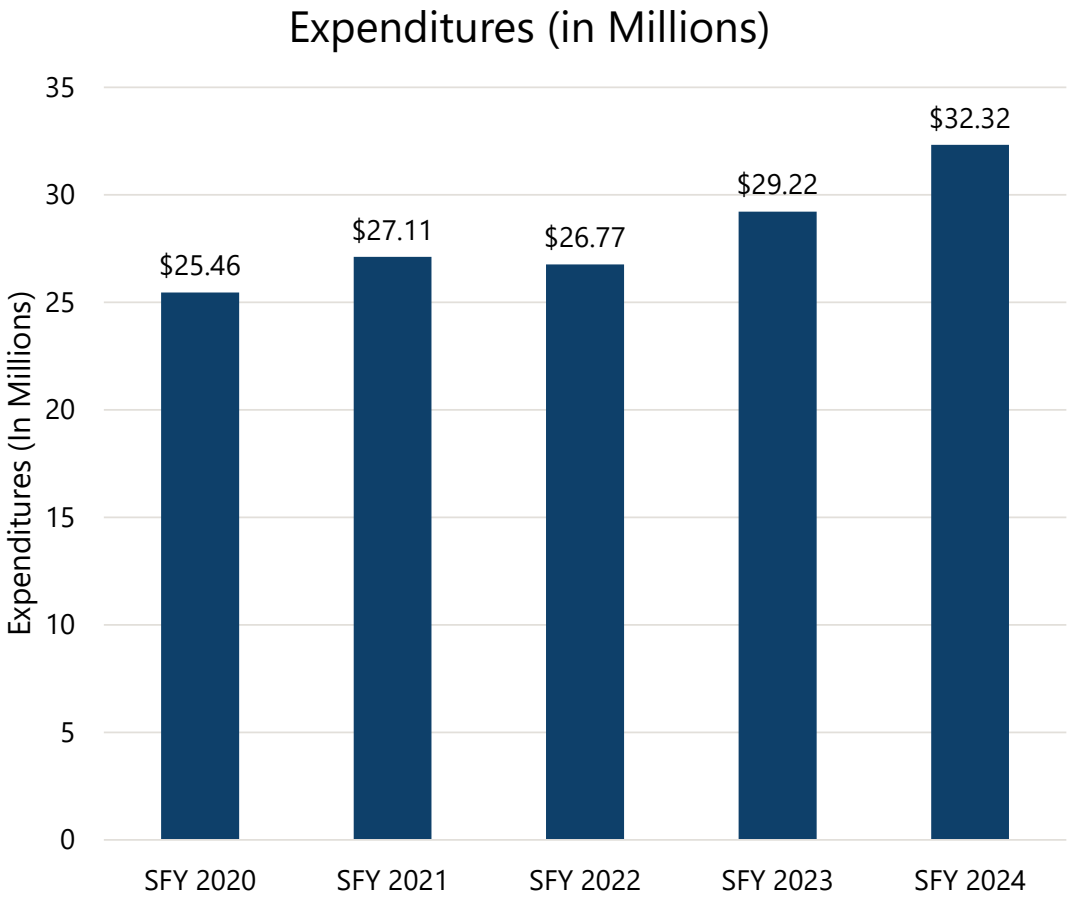
Ongoing

Total	$2,471,536
General	$1,235,768
Federal	$1,235,768

Increase rebases home health rates based on cost report information and aligns private duty nursing rates with home health skilled nursing.



Included in Medical Services Budget



- Private Duty Nursing rates lag Home Health which may disincentivize agencies from serving patients with long term care needs.

Home Health Rate, RN	Private Duty Nursing, RN
$140.57 (per visit)	$66.83 (per hour)

- Home Health rates have not been rebased since 2004.
- Current SFY25 average rate for Home Health is $140.57 per visit.
  - Rebase projected to increase average rate to $219 per visit.

Basic Care Utilization & Expenditures

Note: Basic Care Expenditures include both Basic Care Personal Care and Room and Board

NORTH Dakota | Health & Human Services

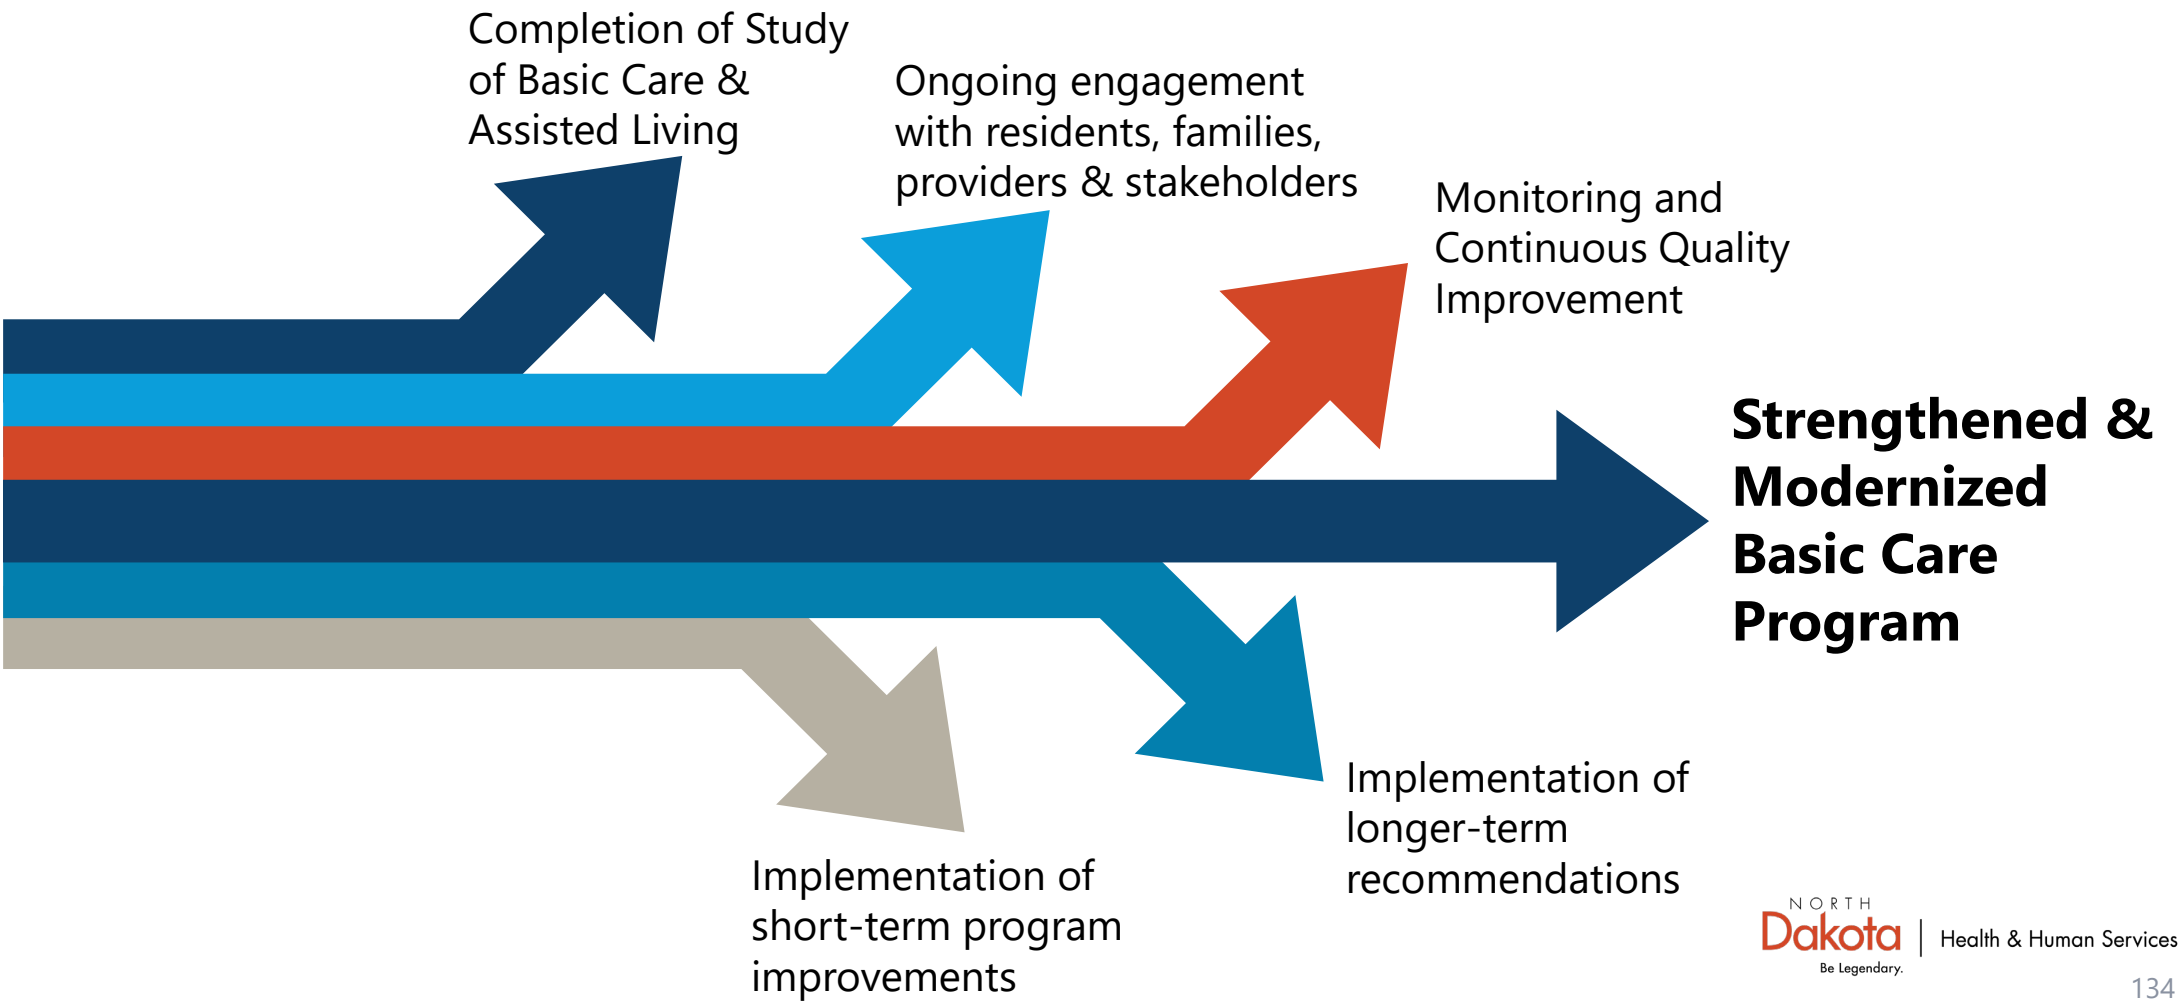
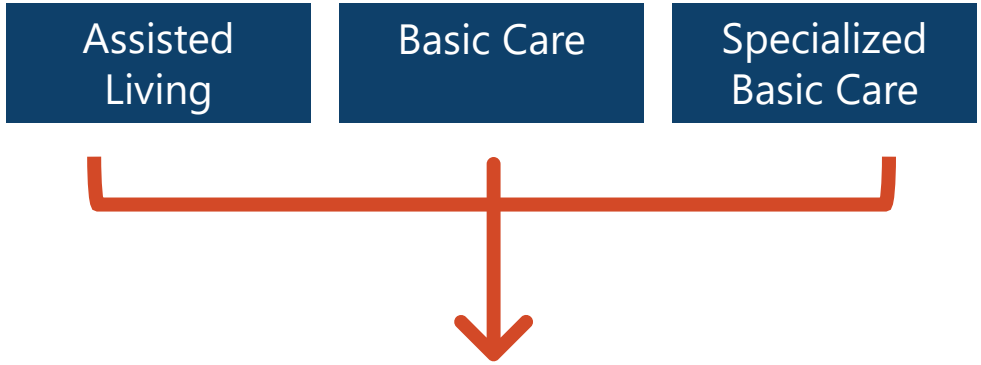
Basic Care, Assisted Living & Adult Residential Concerns



Top Health Response Section Concerns

- Infrequent Basic Care Facility Surveys (33-year inspection cycle)
- Lack of Assisted Living Licensure Standards

Top Medical Services Division Concerns



- Family Confusion
- Licensure Based on Payer Source
- Federal Funding Risk
- HCBS Settings Rule Compliance
- Department of Justice Risk

Basic Care Strategy

Basic Care Study Recommendations

1. Streamline licensing by creating a new single licensure type to cover both assisted living and Basic Care facilities.
2. Strengthen existing assisted living and Basic Care policy and create additional policies to reflect current requirements within the program, incorporate best practices, and align with State and federal requirements, as applicable.
3. Develop and implement State-led universal assisted living and Basic Care training and materials to educate all stakeholders.
4. Adopt strategies to improve and expand the current service and programmatic array within Basic Care to integrate residents more comprehensively into the community.
5. Update regulatory oversight process based on implementation of recommendations.

New Streamlined Licensure

- HCBS Focused; Reduced Institutional Licensure Requirements
- Regulatory Partnership based on Collaboration & Incremental Enforcement
- Eligible for HCBS Waiver Participation & Reimbursement
- Allows Providers to Design their Service Array
- Supports More Choices for Elders & Families

Basic Care Study Recommendations

6. Implement quality improvement initiative requirements for Basic Care facilities to improve quality of care and align facilities with best practices.
7. Update regulations to use publicly available indexes for cost trending to align more consistently with observed trends in provider costs.
8. Implement a Fair Rental Value (FRV) methodology to reimburse Basic Care provider property costs.
9. Implement tiered add-on payments for residents with increased ADLs care need and align reimbursement methodologies.

New Streamlined Licensure

- HCBS Focused; Reduced Institutional Licensure Requirements
- Regulatory Partnership based on Collaboration & Incremental Enforcement
- Eligible for HCBS Waiver Participation & Reimbursement
- Allows Providers to Design their Service Array
- Supports More Choices for Elders & Families

Legislative Bills with Potential Budget Impact

- HB 1067 – disregards survivor benefits and court ordered child support for children on a waiver and extends the Autism Spectrum Disorder waiver age to 21.
- HB 1485 – increases personal needs allowance by $10.
- SB 2190 – mandates coverage of ABA services adults with Autism.
- SB 2231 – adds dental services for Medicaid Expansion members.
- SB 2271 – revises adults residential rate methodology.
- SB 2305 – continues paid family caregiving pilot.
- SB 2399 – requires HHS to modify PRTF rate methodology

Take-Aways

- Bending the Cost Curve
  - Value Based Care
- Delivering Whole Person Care
  - Cross Disability Waiver
- Promoting Sustainability & Value
  - Targeted Provider Rate Increases: Home Health and Private Duty Nursing, Qualified Service Providers, Ambulance
- Improving the Member & Provider Experience

NORTH Dakota Be Legendary. | Health & Human Services

HB1012
4-3-25

3. The department shall require an entity receiving funding under this section to operate the facility for at least ten years and require the grant amount to be repaid if the entity does not operate the facility for at least ten years.

4. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 7. NURSING FACILITY INCENTIVE PROGRAM - REPORT. The department of health and human services may not change the 2023-25 biennium payment structure of the nursing facility incentive program during the biennium beginning July 1, 2025, and ending June 30, 2027. The department, in collaboration with the North Dakota long term care association, may review alternative payment structures for the program during the 2025-26 interim and report any recommended changes to be considered for implementation during the 2027-29 biennium to the legislative management by July 31, 2026.

SECTION 8. COMMUNITY CULTURAL CENTER GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION. Section 1 of this Act includes the sum of $1,000,000 from the strategic investment and improvements fund for the purpose of providing a one-time community cultural center grant in the west central human service region. An entity may apply for a grant under this section if the entity certifies to the department it has secured at least fifty percent of funds needed to complete the project, the project will be completed within two years of receiving the grant funds, and the grants funds will be used only for costs of constructing a community cultural center. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 9. JUVENILE JUSTICE DIVERSION SERVICES AND PROGRAMS - TASK FORCE - REPORT. Section 1 of this Act includes the sum of $750,000 from the general fund for juvenile justice diversion services and programs. The department of health and human services must use the funding for services to youth at risk of juvenile justice involvement but who have not committed delinquent acts as defined in chapter 27-20.4.

The department shall establish a task force with representation from divisions in the department, human service zones, the department of public instruction, elementary and secondary schools, and members of the legislative assembly, to review juvenile justice diversion services and program. The department shall report its findings and recommendations to the legislative management and children's cabinet.

2025 SENATE STANDING COMMITTEE MINUTES

Appropriations - Human Resources Division
Harvest Room, State Capitol

HB 1012 p.m.
4/3/2025

Related to health and human services.

2:45 p.m. Chairman Dever opened the hearing.

Discussion Topics:

- Human Services Line-by-Line Budget Review

Members present: Chairman Dever and Senators Cleary, Davison, Magrum and Mathern.

2:48 p.m. Chairman Dever started the discussion and referred to previously submitted testimony #44673. He stated the first five line-items: salary increase, health insurance increase, FTE block grant pool, and base budget adjustments and transfers, and DHHS cost to continue do not need committee attention.

2:48 p.m. Jessica Thomasson, Executive Director, Human Services, North Dakota Department Health & Human Services (ND DHHS), testified in favor, reviewed funding for adoption contract increase and answered committee questions.

2:59 p.m. Jessica Thomasson, Executive Director, Human Services, ND DHHS, testified in favor, reviewed funding for housing assistance to support targeted population - DOJ and answered committee questions.

3:01 p.m. Jessica Thomasson, Executive Director, Human Services, ND DHHS, testified in favor, reviewed services to support transition and diversion from institution and answered committee questions.

3:10 p.m. Jessica Thomasson, Executive Director, Human Services, ND DHHS, testified in favor, reviewed funding for implementing host homes services DD HCBS waiver and answered committee questions.

3:12 p.m. Donna Aukland, CFO, ND DHHS, testified in favor and answered committee questions about implementing host homes services DD HCBS waiver and FMAP percentage. FMAP percentages will be revisited.

3:15 p.m. Jessica Thomasson, Executive Director, Human Services, ND DHHS, testified in favor, reviewed funding for adult protection services coverage contracts and answered committee questions.

3:16 p.m. Jessica Thomasson, Executive Director, Human Services, ND DHHS, testified in favor, reviewed funding for representative support for families, and answered committee questions.

3:20 p.m. Jessica Thomasson, Executive Director, Human Services, ND DHHS, testified in favor, reviewed funding for provider inflation increase 2% by 2% and answered committee questions. Per discussion this is a revisit.

3:20 p.m. Jessica Thomasson, Executive Director, Human Services, ND DHHS, testified in favor, reviewed funding for Zone employment increase 3% and answered committee questions.

3:20 p.m. Jessica Thomasson, Executive Director, Human Services, ND DHHS, testified in favor, reviewed funding for FMAP percentage change 50.0% to 50.99%, and answered committee questions.

3:21 p.m. Jessica Thomasson, Executive Director, Human Services, ND DHHS, testified in favor, reviewed funding for the state dementia coordinator, and answered committee questions.

3:22 p.m. Jessica Thomasson, Executive Director, Human Services, ND DHHS, testified in favor, reviewed funding for the LIHEAP reduction - accounting change, and answered committee questions.

3:23 p.m. Senator Davison discussed FTE Block Grant.

3:25 p.m. Jessica Thomasson, Executive Director, Human Services, ND DHHS, testified in favor, reviewed funding provider inflation increase 2% and 2%, and answered committee questions. Per discussion this funding is a revisit.

3:26 p.m. Donna Aukland, CFO, ND DHHS, testified in favor and answered committee questions about provider inflation.

3:27 p.m. Senato Cleary noted the state dementia coordinator position was added without funding. Senator Davison suggested removing that position.

3:32 p.m. Senator Cleary noted utilization for foster care is projected to be expended by 61 million this biennium. This is in the first line of the Human Services budget sheet labeled 2025-27 Biennium Base Level. He suggested reducing the funding. Per discussion this funding is a revisit.

3:32 p.m. Chairman Dever started the discussion of Human Services one-time funding with the retire economic assistance legacy system.

3:32 p.m. Jessica Thomasson, Executive Director, Human Services, ND DHHS, testified in favor, reviewed funding to retire economic assistance legacy system and answered committee questions.

3:32 p.m. Jessica Thomasson, Executive Director, Human Services, ND DHHS, testified in favor, reviewed funding for conversion of developmental disabilities eligibility assessment and answered committee questions.

3:35 p.m. Jessica Thomasson, Executive Director, Human Services, ND DHHS, testified in favor, reviewed funding for the implementation comprehensive vocational rehab technology system, and answered committee questions.

3:37 p.m. Senator Davison recommended reducing the implementation comprehensive vocational rehab technology system funding from 8,000,000 to 1,000,000.

3:41 p.m. Keith Mantz, Fiscal Analyst, LC, testified neutral and answered committee questions concerning reducing the implementation comprehensive vocational rehab technology system funding.

3:42 p.m. Jessica Thomasson, Executive Director, Human Services, ND DHHS, testified in favor, reviewed funding to replace roof at Cedar Grove building at LSTC, and answered committee questions.

3:43 p.m. Jessica Thomasson, Executive Director, Human Services, ND DHHS, testified in favor, reviewed funding Best in Class expansion, and answered committee questions.

3:45 p.m. Davison questioned the funding for Best in Class Expansion, Childcare grants, resources and shared services, and early childhood quality infrastructure, & Waterford. He recommends looking at this funding as a package. Per discussion this funding is a revisit.

3:54 p.m. Jessica Thomasson, Executive Director, Human Services, ND DHHS, testified in favor, reviewed funding for Childcare grants, resources and shared services, and early childhood quality infrastructure. This funding will be talked about as a package and the funding is a revisit.

3:56 p.m. Jessica Thomasson, Executive Director, Human Services, ND DHHS, testified in favor, and reviewed funding for: maintaining expanded inclusion support for special needs childcare, offer quality-rated childcare programs access to teaching strategy, and quality tiered payments for childcare assistance program.

4:00 p.m. Jessica Thomasson, Executive Director, Human Services, ND DHHS, testified in favor, and reviewed funding for: housing assistance for people at risk of instability, and eviction prevention program

4:06 p.m. Senator Davison suggested putting $1,000,000, in the housing assistance budget and $500,000, in the eviction prevention program budget and taking this to the conference committee.

4:07 p.m. Jessica Thomasson, Executive Director, Human Services, ND DHHS, testified in favor, and added to the conversation on the housing assistance and eviction prevention program budget.

4:09 p.m. Chairman Dever recessed.

4:17 p.m. Chairman Dever reconvened.

4:17 p.m. Sarah Aker, Executive Director, Medical Services, ND DHHS, testified in favor, and brought up concerns about Section 28 - Legislative Intent - Developmental Disabilities Provider, which removes accreditation requirements. Section 28 needs to be removed, and a study needs to be added

4:28 p.m. Jessica Thomasson, Executive Director, Human Services, ND DHHS, testified in favor, and reviewed funding ($1,000,000), for home renovation incentives for accessibility.

4:28 p.m. Jessica Thomasson, Executive Director, Human Services, ND DHHS, testified in favor, and reviewed funding for a grant for a community cultural center. Per discussion this funding is a revisit.

4:30 p.m. Lorraine Davis, Owner CEO, Native Inc., testified in favor.

4:35 p.m. Jessica Thomasson, Executive Director, Human Services, ND DHHS, testified in favor, and started discussion of winter park adaptive recreation program grant. The committee would like to move the funding to zero and take this to the conference committee.

4:36 p.m. Jessica Thomasson, Executive Director, Human Services, ND DHHS, testified in favor, and started discussion of the intermediate care facility grant for the Anne Carlsen Center. Funding (3,457,736) from the general fund was moved to other funds, and an additional $942,264, was added to other funds.

4:48 p.m. Keith Mantz, Financial Analyst, LC, testified neutral and answered questions about ICF bed moratorium.

4:51 p.m. Chairman Dever closed the hearing.

Joan Bares, Committee Clerk

2025 SENATE STANDING COMMITTEE MINUTES

Appropriations - Human Resources Division
Harvest Room, State Capitol

HB 1012 a.m.
04/04/25

Relating to leases of the health and human services property, substance use disorder treatment program, basic care payment rates, and state of residence for child care assistance; to provide for a transfer; to authorize a line of credit; to provide legislative intent; to provide for a legislative management study; to provide an application; to provide an exemption; to provide for a report; and to provide an effective date.

9:31 a.m. Chairman Dever opened the hearing.

Members present: Chairman Dever and Senators Cleary, Davison, Magrum and Mathern.

Discussion Topics:

- Human Services Line-by-Line Budget Review

9:32 a.m. Keith Mantz, Fiscal Analyst, LC, testified neutral and submitted testimony #44673.

9:33 a.m. Senator Davison started the discussion with foster care projections. He would like to reduce this funding from 84 ½ million to 65 million, reducing 9 million from the general fund and 9 million from the federal fund. The foster care funding is in the first line, 2025-2027 Biennium Base Level. Committee approved.

9:38 a.m. Donna Aukland, CFO, ND DHHS, testified in favor and referred to previously submitted testimony #43722 - page 57 from 3/25/25 at 8:31 a.m.

9:41 a.m. Chairman Dever started discussion about funding for the community cultural center (SIIF) grant.

9:41 a.m. Keith Mantz, Financial Analyst, LC, testified neutral and referred to section 7 of the bill.

9:55 a.m. Senator Davison suggests reducing the funding from $1,000,000 to $300,000, for programming and amend Section 7 of bill to include intent. Committee approved.

9:57 a.m. Senator Magrum started discussion about Section 34 Basic Care Payment Rates

10:08 a.m. Jessica Thomasson, Executive Director, Human Services Division, ND DHHS, answered questions pertaining to Basic Care Payment Rates.

10:13 a.m. Senator Davison started discussion about funding decision points: decide on inflators, state hospital, 30 million underfund, CCBHC FTE employees.

10:16: a.m. Steph Gullickson, Fiscal Analyst, OMB, testified neutral and answered questions concerning the executive budget and the executive budget requests. The executive budget request is 6,266,277 plus a 6 million dollar addition.

10:20 a.m. Senator Mathern started discussion of deferred maintenance of the La Hauge State Hospital building.

10:22 a.m. Senator Davison asked if there was an assessment on the La Hague State Hospital building.

10:22 a.m. Donna Aukland, CFO, ND DHHS, testified in favor and answered the committee question concerning a State Hospital assessment.

10:26 a.m. Chairman Dever stated further discussion on the state hospital is forthcoming.

10:29 a.m. Senator Davison asked how to increase the projections for the revenue amount for Medicaid billings for the Certified Community Behavioral Health Clinics (CCHBC).. Donna Aukland will work on this.

10:32 a.m. Chairman Dever closed the hearing.

Joan Bares, Committee Clerk

2025 SENATE STANDING COMMITTEE MINUTES

Appropriations - Human Resources Division
Harvest Room, State Capitol

HB 1012 a.m.
4/7/2025

Relating to the department of health & human services.

10:08 a.m. Chairman Dever opened the hearing.

Members present: Chairman Dever and Senators Cleary, Davison, Magrum and Mathern.

Discussion Topics:

- Medical Homes
- Nursing Facility Incentive Program
- Skilled Nursing and Basic Care Facilities

10:09 a.m. Matt Schwarz, Parent of Disabled Person, started discussion of proposed medical homes.

10:12 a.m. Jeff Ubl, Owner, Ubl Architect, testified in favor and submitted testimony #44732.

10:26 a.m. George Zenk, Parent of Disabled Person, testified in favor online.

10:38 a.m. Bruce Murry, Lobbyist, testified in favor, referred to Section 31 of the bill, and answered committee questions

10:42 a.m. Matt Schwarz, Parent of Disabled Person, testified in favor, and submitted testimony #44735.

10:57 a.m. Dirk Wilke, Interim Commissioner, ND Department of Health and Human Services (ND DHHS), answered committee questions.

10:55 a.m. Senator Davison stated further discussion is needed on proposed medical homes.

10:59 a.m. Senator Mathern started discussion about his proposed amendment concerning Section 7, Nursing Facility Incentive Program - Report and submitted testimony #44730.

11:05 a.m. Sara Aker, Executive Director, Medical Service, ND DHHS, testified neutral and answered committee questions concerning proposed amendment.

11:25 a.m. Senator Mathern started discussion about his proposed amendment concerning Section 7, Skilled Nursing and Basic Care Facilities' Behavioral Health Services Grant and submitted testimony #44736.

11:31 a.m. Keith Mantz, Fiscal Analyst, LC, testified neutral, and referred to previously submitted testimony #44536.

11:31 a.m. Chairman Dever stated further discussion on both of Senator Mathern's proposed amendments need further discussion.

11:35 a.m. Donna Aukland, CFO, ND DHHS, answered committee question concerning $750,000, in Section 9 of the bill.

11:40 a.m. Chairman Dever closed meeting.

Joan Bares, Committee Clerk

3. The department shall require an entity receiving funding under this section to operate the facility for at least ten years and require the grant amount to be repaid if the entity does not operate the facility for at least ten years.
4. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 7. NURSING FACILITY INCENTIVE PROGRAM - REPORT. The department of health and human services shall study alternative payment structures for the nursing facility incentive program, including the potential use of a withhold during the biennium beginning July 1, 2025, and ending June 30, 2027. The department shall conduct this study in collaboration with the North Dakota long term care association and providers. The department may not implement a nursing facility withhold during the 2025-27 biennium. The department shall report its findings and any recommended changes to the payment structure of the nursing facility incentive program for the 2027-29 biennium to the legislative management for consideration by September 1, 2026.

SECTION 8. COMMUNITY CULTURAL CENTER GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION. Section 1 of this Act includes the sum of $1,000,000 from the strategic investment and improvements fund for the purpose of providing a one-time community cultural center grant in the west central human service region. An entity may apply for a grant under this section if the entity certifies to the department it has secured at least fifty percent of funds needed to complete the project, the project will be completed within two years of receiving the grant funds, and the grants funds will be used only for costs of constructing a community cultural center. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 9. JUVENILE JUSTICE DIVERSION SERVICES AND PROGRAMS - TASK FORCE - REPORT. Section 1 of this Act includes the sum of $750,000 from the general fund for juvenile justice diversion services and programs. The department of health and human services must use the funding for services to youth at risk of juvenile justice involvement but who have not committed delinquent acts as defined in chapter 27-20.4.

The department shall establish a task force with representation from divisions in the department, human service zones, the department of public instruction, elementary and secondary schools, and members of the legislative assembly, to review juvenile justice diversion

ADDRESSING HOME AND COMMUNITY BASED NEEDS OF DD CLIENTS IN NORTH DAKOTA

(A Workplan in Progress as of 2/1/2025)

At least five years ago (2/21/2020) a meeting was held with the DD Division (Tina Bay) and Protection and Advocacy (Teresa Larson) to address the needs of DD clients with Support Intensity Scales (SIS) of 10 or greater. Indications were 80-85 clients fit this level of intense medical needs being served either in an institution or by individual families!

Something needs to be done to address these needs in the Home and Community Based environment as required by law, NOW!

Discussion

Four people with significant disabilities need a home where substantial medical services can be provided in their home. It needs to be appropriate for people who are medically fragile, allows them to be in the least restrictive environment, and person-centered to maintain their independence as much as possible.

Features should be for four clients maximum per building to minimize footprint in typical residential setting, space for medical equipment, services, covered parking options, independent (with supports) living quarters with commons area, workout/therapy room and storm shelter.

FEATURES & THOUGHTS OF HOMES (The Building) FOR CHILDREN & ADULTS WITH INTENSIVE MEDICAL NEEDS

The concept and features of a home, Home and Community Based (HCB), other than an institution (Nursing Home, Hospital, etc.) intended for children (pediatric) and adults with intensive medical needs, including those with Physical and Developmental Disabilities, is highlighted as follows. Technology has made this possible. Families want their loved ones close, not hundreds of miles away! These facilities need to be professionally designed, constructed, and maintained, including the grounds. They should comply with federal guidelines (laws) to accommodate up to four clients and located in various communities throughout the State. These buildings could be located as needed. For example, perhaps, one in Bowman, 2-3 in Williston, Minot, Bismarck, Grand Forks, Fargo, etc.

The buildings should be unbundled from services which are provided separately by Providers. i.e. DD Providers, Aging Services, Private Duty Nursing Services, etc. (just like one chooses their own doctor) Clients should be person -centered, and able to choose which providers are best suited to their needs. These services would be coordinated with the case managers of each Service Provider. The "home" should not be a condition tied to the services the client may choose, for example, in the case a Service Provider discharges for whatever reason. The client should not, then, additionally, lose their home!

The construction of these buildings could be incentivized for private investment groups (for profit and non-profit), with appropriate guidelines. Real estate developers, tax credits, etc. along with State incentives can make this happen quickly! Low interest loans could be provided by the Bank of ND, grants, State subsidies, etc. They could be quickly constructed within 1-3 years.

Design Characteristics:

1. Four clients maximum per building to minimize footprint in typical residential setting.
2. Private living units (apartment like) containing1 living/kitchen area, 1 primary bedroom with bathroom/closet, 1 office/storage room, 1 laundry room/partial bathroom. This is necessary for various reasons, the least of which includes client cares and infection control (MRSA, VRE, etc.). The individual living units are imperative for promoting independence with appropriate supports, maintaining privacy, and insuring infection control practices.
3. Non-slip antimicrobial flooring for safety and hygiene.
4. Congregate area (Great Room) for larger gatherings where clients may recreate, socialize, relax, aesthetically appealing, fireplace, furniture, kitchen.
5. Therapy room for physical therapy, occupational therapy, speech therapy, would double as storm shelter.
6. Oxygen supplied with ports around the building as needed.
7. Generator for power back up for extended power outages including UPS (Uninterruptible Power Supply) for power quality of sensitive electronic medical equipment, i.e. ventilators, oximeters, medical treatment devices, etc.
8. Spaces/closets for medical supplies which are typically provided for medical suppliers (i.e. Sanford Equip) on a monthly basis and must be accounted for and inventoried by each client's caregivers.
9. Some facilitation of physical remote telemetry technology. Remote both within the building and beyond as technology keeps changing.
10. Wide hallways and doors for medical equipment (40 Inch Doorways) to move wheelchairs, Hoyers, beds, etc.
11. Sound proof walls as needed to reduce stress, maintain privacy, and for sleeping disorders.
12. Separate HVAC with HEPA filtration for infection control climate stability, personal temperature and humidity control in private areas particularly important for clients with respiratory needs including traches.
13. Extra electrical outlets for medical equipment.

14. Reinforced construction with space for storage of larger equipment like standing lifts, Hoyers, ceiling lifts, etc. Preferably a garage(s) could house these as needed, as well as for loading and unloading clients as transportation during inclement weather (freezing temperatures, rain, etc.) including ventilators, oximeters, etc. for appointments, outings, etc. doesn't work well for medically fragile clients.

As the dialogue regarding these homes continues, it is important to include the thoughts of the nurses, DSP's and other caregivers, etc. as they to all the intensive work! They have a lot to contribute as well!

CREATE A NEW CLASS OF DIRECT SERVICE PROVIDERS (DSP's) FOR STAFFING THE INTENSE MEDICAL NEEDS OF CHILDREN AND ADULTS WITH INTENSE MEDICAL NEEDS

1. Providing cares in a medically intensive environment is hard work! There are individuals who are willing to do this work with appropriate incentives!
2. Create a new classification for DSP's and pay scale that reflects, incentivizes, enables, and appropriately rewards those employees to perform this important work.
3. Add $7.50 per hour to the standard DSP hourly rate for this new class of DSP's.

HB1012
4-7-25

3. The department shall require an entity receiving funding under this section to operate the facility for at least ten years and require the grant amount to be repaid if the entity does not operate the facility for at least ten years.

4. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 7. SKILLED NURSING AND BASIC CARE FACILITIES' BEHAVIORAL HEALTH SERVICES GRANT. Section 1 of this Act includes the sum of $2,000,000 from the general fund for a skilled nursing and basic care facilities' behavioral health services grant. The department of health and human services shall use this funding for providing a grant to a participating behavioral health group for a capitated payment model to provide training and technical assistance, consultation, and direct patient care to individuals residing in skilled nursing and basic care facilities with a medically based behavioral health disorder resulting in disruptive or complex behaviors.

SECTION 8. COMMUNITY CULTURAL CENTER GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION. Section 1 of this Act includes the sum of $1,000,000 from the strategic investment and improvements fund for the purpose of providing a one-time community cultural center grant in the west central human service region. An entity may apply for a grant under this section if the entity certifies to the department it has secured at least fifty percent of funds needed to complete the project, the project will be completed within two years of receiving the grant funds, and the grants funds will be used only for costs of constructing a community cultural center. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 9. JUVENILE JUSTICE DIVERSION SERVICES AND PROGRAMS - TASK FORCE - REPORT. Section 1 of this Act includes the sum of $750,000 from the general fund for juvenile justice diversion services and programs. The department of health and human services must use the funding for services to youth at risk of juvenile justice involvement but who have not committed delinquent acts as defined in chapter 27-20.4.

The department shall establish a task force with representation from divisions in the department, human service zones, the department of public instruction, elementary and secondary schools, and members of the legislative assembly, to review juvenile justice diversion

2025 SENATE STANDING COMMITTEE MINUTES

Appropriations - Human Resources Division
Harvest Room, State Capitol

HB 1012 9:47 a.m.
04/08/25

Relating to leases of the health and human services property, substance use disorder treatment program, basic care payment rates, and state of residence for child care assistance; to provide for a transfer; to authorize a line of credit; to provide legislative intent; to provide for a legislative management study; to provide an application; to provide an exemption; to provide for a report; and to provide an effective date.

9:47 a.m. Chairman Dever opened the hearing.

Members present: Chairman Dever and Senators Cleary, Davison, Magrum and Mathern.

Discussion Topics:

- Decision Points

9:47 a.m. Chairman Dever asked for decision points to revisit.

9:47 a.m. Senator Cleary, Mathern and Davison are working on amendments and the amendments are not ready.

9:52 a.m. Chairman Dever closed hearing.

Joan Bares, Committee Clerk

2025 SENATE STANDING COMMITTEE MINUTES

Appropriations - Human Resources Division
Harvest Room, State Capitol

HB 1012 9:47 a.m.

	Subsection 6 - $18,941,847 in Chapter 549 of the 2021 Special Session Laws.	Subsection 6 - $18,941,847 in Chapter 549 of the 2021 Special Session Laws.	
	Subsection 7 - $55,120,000 from the federal state fiscal recovery fund for a public health laboratory capital project.	Subsection 7 - $55,120,000 from the federal state fiscal recovery fund for a public health laboratory capital project.	
	Subsection 8 - $5 million from the general funds for the purpose of employer-led child care cost-share program.	Subsection 8 - $5 million from the general funds for the purpose of employer-led child care cost-share program.	
	Subsection 9 - $986,555 from the general fund for the purpose of streamlining background checks.	Subsection 9 - $986,555 from the general fund for the purpose of streamlining background checks.	
	Subsection 10 - $2,223,981 from the federal state fiscal recovery fund for the implementation of a virtual behavioral health crisis care program for rural law enforcement.	Subsection 10 - $2,223,981 from the federal state fiscal recovery fund for the implementation of a virtual behavioral health crisis care program for rural law enforcement.	
	Subsection 11 - $500,000 from federal funds for the purpose of program integrity audits.	Subsection 11 - $500,000 from federal funds for the purpose of program integrity audits.	
	Subsection 12 - $1,950,000 from general funds for a northwest human service region behavioral health facility grant.	Subsection 12 - $1,950,000 from general funds for a northwest human service region behavioral health facility grant.	
Legislative intent - Utilization rate adjustment	Section 26 provides intent that DHHS seek a deficiency appropriation for any expenditures that exceed appropriated amounts as a result of underfunding, utilization rates, value-based purchasing for nursing facilities, reduction in federal medical assistance percentage, and unexpected contract cost increases that exceed 10 percent during the biennium if funding is not sufficient to pay actual expenses.	Section 26 provides intent that DHHS seek a deficiency appropriation for any expenditures that exceed appropriated amounts as a result of underfunding, utilization rates, value-based purchasing for nursing facilities, reduction in federal medical assistance percentage, and unexpected contract cost increases that exceed 10 percent during the biennium if funding is not sufficient to pay actual expenses.	
Legislative intent - Provider rate increase	Section 27 provides for a 2 percent increase each year of the biennium for human service provider inflation. The provider inflation increase in this section does not apply to nursing facilities.	Section 27 provides for a 2 percent increase each year of the biennium for human service provider inflation. The provider inflation increase in this section does not apply to nursing facilities.	
Legislative intent - Developmental disabilities provider accreditation requirement	Section 28 provides for elimination of the administrative rule requirement that providers of developmental disabilities services be accredited as a condition of being eligible for receiving payments for services from DHHS.	Section 28 provides for elimination of the administrative rule requirement that providers of developmental disabilities services be accredited as a condition of being eligible for receiving payments for services from DHHS.	
Legislative intent - Medical assistance	Section 29 provides for DHHS to review the amount, duration, coverage, utilization rates, medical necessity, and scope of medical assistance services, and may implement any adjustments the department determines appropriate.	Section 29 provides for DHHS to review the amount, duration, coverage, utilization rates, medical necessity, and scope of medical assistance services, and may implement any adjustments the department determines appropriate.	
Federal funding appeal limitation	Section 30 provides except as otherwise specifically provided by federal law, a person may not appeal a denial, revocation, reduction in services or payment, or the termination of a program or service by DHHS due to the unavailability of federal coronavirus funding received under federal law resulting from the federal coronavirus pandemic emergency declaration.	Section 30 provides except as otherwise specifically provided by federal law, a person may not appeal a denial, revocation, reduction in services or payment, or the termination of a program or service by DHHS due to the unavailability of federal coronavirus funding received under federal law resulting from the federal coronavirus pandemic emergency declaration.	
Long term structured residences plan - report	Section 31 provides for DHHS to review options and develop a plan to establish long-term structured residences.	Section 31 provides for DHHS to review options and develop a plan to establish long-term structured residences.	

Other Sections in Department of Health and Human Services - Budget No. 325

Section Description	House Version	Senate Version	
Lease of land at the State Hospital and Life Skills and Transition Center	Section 32 amends section 50-06-06.6 of the North Dakota Century Code to allow for a lease term of real or personal property for term not to exceed ninety-nine years at the life skills and transition center or the state hospital.	Section 32 amends section 50-06-06.6 of the North Dakota Century Code to allow for a lease term of real or personal property for term not to exceed ninety-nine years at the life skills and transition center or the state hospital.	
Use of SUD voucher	Section 33 amends section 50-06-42 of the North Dakota Century Code to include medical costs in the substance use voucher system payments for individuals in a licensed substance abuse treatment program and allow for the substance use voucher system for individuals detained or confined in a county jail or detention center or regional corrections center.	Section 33 amends section 50-06-42 of the North Dakota Century Code to include medical costs in the substance use voucher system payments for individuals in a licensed substance abuse treatment program and allow for the substance use voucher system for individuals detained or confined in a county jail or detention center or regional corrections center.	
Basic care payment rate	Section 34 amends section 50-24.5-02.3 of the North Dakota Century Code to extend the basic care payment rate increase of five dollars per day through June 30, 2027.	Section 34 amends section 50-24.5-02.3 of the North Dakota Century Code to extend the basic care payment rate increase of five dollars per day through June 30, 2027.	
Child care workforce benefits	Section 35 amends section 50-33-05 of the North Dakota Century Code to include individuals employed by an early childhood program within the boundaries of the state if approved for the state's child care assistance child care workforce benefit.	Section 35 amends section 50-33-05 of the North Dakota Century Code to include individuals employed by an early childhood program within the boundaries of the state if approved for the state's child care assistance child care workforce benefit.	
Housing availability assessment - collaboration with housing finance agency	Section 36 provides for DHHS to collaborate with the North Dakota Housing Finance Agency and other appropriate stakeholders to assess the availability of housing for individuals requiring extraordinary health care support services.	Section 36 provides for DHHS to collaborate with the North Dakota Housing Finance Agency and other appropriate stakeholders to assess the availability of housing for individuals requiring extraordinary health care support services.	
Behavioral health clinics, North Dakota State Hospital, and Life Skills and Transition Center funding	Section 37 identifies funding for the behavioral health clinics, State Hospital, and Life Skills and Transition Center.	Section 37 identifies funding for the behavioral health clinics, State Hospital, and Life Skills and Transition Center.	
Legislative management study - student truancy and absenteeism	Section 38 provides for a study on truancy and student absenteeism in kindergarten through grade twelve public schools.	Section 38 provides for a study on truancy and student absenteeism in kindergarten through grade twelve public schools.	
Legislative Management study - obesity health implications	Section 39 provides for a study on the health implications of obesity on the residents of the state and options to increase access to prevention and treatments for obesity.	Section 39 provides for a study on the health implications of obesity on the residents of the state and options to increase access to prevention and treatments for obesity.	
Legislative Management report - behavioral health facility grants	Section 40 requires DHHS to provide reports to the Legislative Management regarding the award grant funding to increase the number of behavioral health beds in the state.	Section 40 requires DHHS to provide reports to the Legislative Management regarding the award grant funding to increase the number of behavioral health beds in the state.

HB1012
4-8-25

3. The department shall require an entity receiving funding under this section to operate the facility for at least ten years and require the grant amount to be repaid if the entity does not operate the facility for at least ten years.
4. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 7. APPROPRIATION - INFANT AND TODDLER CARE PROVIDER SUPPORT GRANTS - REPORT. There is appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, the sum of $15,535,000, or so much of the sum as may be necessary, to the department of health and human services for grants to licensed child care providers to support high-quality early childhood care for infants and toddlers, for the biennium beginning July 1, 2025, and ending June 30, 2027. The department shall administer the grant program and include the following provisions:

1. To qualify for a grant under this section, a grant recipient must:
   a. Be a licensed child care facility within the state of North Dakota;
   b. Be enrolled in the state's bright and early quality rating system at a 2-star, 3-star, or 4-star rating level; and
   c. Provide care for children ages birth through three years of age.
2. Eligible providers may receive up to $300 per month for each child from 0 to 17 months of age and up to $180 per month for each child from 18 to 36 months of age.
3. The department shall distribute the grant funds on a quarterly basis. Grant funds may not be used for non-child care-related expenses or debt repayment.
4. Grant recipients shall submit annual reports to the department detailing fund usage, enrollment statistics, and other information requested by the department.
5. The department shall provide reports to the legislative management and to the appropriations committees of the seventieth legislative assembly on grants awarded and the effectiveness of the program.

SECTION 8. COMMUNITY CULTURAL CENTER GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION. Section 1 of this Act includes the sum of $1,000,000 from the strategic investment and improvements fund for the purpose of providing a one-time community cultural center grant in the west central human service region. An entity may apply for a grant under this section if the entity certifies to the department it has secured at

2025 SENATE STANDING COMMITTEE MINUTES

Appropriations - Human Resources Division
Harvest Room, State Capitol

HB 1012 11:18 a.m.
04/08/25

Relating to leases of the health and human services property, substance use disorder treatment program, basic care payment rates, and state of residence for child care assistance; to provide for a transfer; to authorize a line of credit; to provide legislative intent; to provide for a legislative management study; to provide an application; to provide an exemption; to provide for a report; and to provide an effective date.

11:19 a.m. Chairman Dever opened the hearing.

Members present: Chairman Dever and Senators Cleary, Davison, Magrum and Mathern.

Discussion Topics:

- Full-Time Equivalent (FTE) Block Grant Underfund
- Entitlement Programs

11:20 a.m. Senator Davison started a discussion concerning the FTE block grant underfund.

11:20 a.m. Donna Aukland, CFO, North Dakota Department of Health and Human Services (ND DHHS), testified in favor and answered committee questions concerning the FTE block grant underfund, and referred to previously submitted testimony #40465.

11:40 a.m. Donna Aukland, CFO, ND DHHS, testified in favor and answered committee questions about entitlement programs and submitted testimony #44986.

11:54 a.m. Chairman Dever closed the hearing.

Joan Bares, Committee Clerk

NORTH Dakota | Health & Human Services
Be Legendary.

2025 SENATE STANDING COMMITTEE MINUTES

Appropriations - Human Resources Division
Harvest Room, State Capitol

HB 1012 3:05 a.m.
04/09/25

Relating to leases of the health and human services property, substance use disorder treatment program, basic care payment rates, and state of residence for child care assistance; to provide for a transfer; to authorize a line of credit; to provide legislative intent; to provide for a legislative management study; to provide an application; to provide an exemption; to provide for a report; and to provide an effective date.

3:05 p.m. Chairman Dever opened the hearing.

Members present: Chairman Dever and Senators Cleary, Davison, Magrum and Mathern.

Discussion Topics:

- Awaiting amendment

3:06 p.m. Senator Cleary wanted to start with HB 1612 so this hearing will be set aside.

3:06 p.m. Chairman Dever closed the hearing.

Joan Bares, Committee Clerk

2025 SENATE STANDING COMMITTEE MINUTES

Appropriations - Human Resources Division
Harvest Room, State Capitol

HB 1012 315 p.m.
4/9/2025

Related to Health and Human Services

3:14 p.m. Chairman Dever opened the hearing.

Members present: Chairman Dever and Senators Cleary, Davison, Magrum and Mathern.

Discussion Topics

- Best in Class
- Carryover
- Provider Inflation
- Maternal Health Study
- Grafton Life Skills and Transition Center Study

3:14 p.m. Chairman Dever started the discussion with the Humans Services Budget - 300, and referred to previously submitted testimony #44673.

3:15 p.m. Senator Cleary proposed reducing the Best in Class expansion from $6,000,000, to $2,000,000, and accepting the funding the house had proposed for childcare grants, resources and shared services ($2,500,000,) and early childhood quality infrastructure ($3,000,000,). Committee approved.

3:15 p.m. Senator Davison also proposed removing the funding for Waterford (2,400,000,). Committee approved.

3:16 p.m. Keith Mantz, Financial Analyst, LC, clarified that the funding for Ministry on the Margins ($285,000,) and Fraser Ltd. ($300,000,) will remain and that within the bill, carryover is being reduced from $5,000,000, down to $1,000,000,. Committee approved.

3:21 p.m. Senator Davison asked about the grant for the community cultural center programming. It was approved earlier to reduce funding from $1,000,000, to $300,000.

3:22 p.m. Chairman Dever started discussion of reviewing the Medical Services - 400 budget starting with the line item, provider inflation increase 2% by 2%.

3;25 p.m. Senator Cleary would like to wait upon further information before making a decision about provider inflation. Committee approved.

3:27 p.m. Senator Mathern's amendment for the medical home fourplex will be done tonight and ready for tomorrow.

3:27 p.m. Eric Haas, Assistant CFO, ND Department of Health and Human Services (ND DHHS, testified in favor and answered questions pertaining to an FMAP change.

3:30 p.m. Senator Cleary introduced an amendment LC #25.0156.02020, to add a legislative management study to funding for maternal health services, and submitted testimony #44873. Committee approved.

3:37 p.m. Chairman Dever introduced an amendment LC #25.0156.02015 for a study for implementation of a social care technology platform and submitted testimony #44875.

3:39 p.m. Senator Davison questioned why we are receiving a proposal from a vendor and not from the department.

3:41 p.m. Donna Aukland, CFO, ND DHHS, testified against, and stated this is the first time she is hearing about this amendment LC#25.0256.02015 and since it is not in the governor's budget she does not support.

3:44 p.m. Chairman Dever introduced an amendment LC #25.0156.02000 for a study to review the Grafton Life Skills and Transition Center campus and submitted testimony #44871.

3:44 p.m. Donna Aukland, CFO, ND DHHS, testified in favor of a study to review the Grafton Life Skills and Transition Center campus and answered committee questions. Committee approved.

3:52 p.m. Chairman Dever started a discussion concerning guardianship funding.

3:52 p.m. Donna Aukland, CFO ND DHHS, testified in favor, answered committee questions concerning guardianship funding, and submitted testimony #44876. She suggested removing the funding ($6,532,355,) for now. This funding is dependent upon the passing of SB 2029. Committee approved.

3:58 p.m. Senator Davison started a discussion about the Medicaid entitlement program. and suggested reducing the 1915i to 5 million.

4:03 p.m. Donna Aukland, CFO, ND DHHS, testified in favor and suggested adding a line decreasing utilization of 1915i. One million would go to the general fund, one million to the federal fund and it goes to the grants 73 line-Medicaid grants. Committee approved.

4:04 p.m. Donna Aukland, CFO, ND DHHS, testified in favor, submitted testimony #44973, and answered questions about the FMAP. She suggested moving FMAP general fund ($1,962,900), to Other Funds. Committee Approved.

4:10 p.m. Senator Davis and Keith Mantz are working on an amendment about behavioral health facilities and Altru.

4:10 p.m. Keith Mantz, Financial Analyst, LC, asked if we wanted to remove Section 38 on student truancy. It was suggested to remove the study and go to conference committee. Committee approved.

4:13 p.m. Keith Mantz, also asked about the proposal for an assistive technology study. This was left up in the air without a discussion.

4:15 p.m. Chairman Dever closed the hearing.

Joan Bares, Committee Clerk

HB1012
4-9-25

ENGROSSED HOUSE BILL NO. 1012
FIRST ENGROSSMENT (25.0156.02000)

SECTION XX. LEGISLATIVE INTENT – LIFE SKILLS AND TRANSITION CENTER. It is the intent of the sixty-ninth legislative assembly that the department of health and human services undertake a review of the facilities and land at life skills and transition center to delineate the portions of life skills and transition center's current campus that are necessary for delivery of services and the portions of its campus that are not necessary for the delivery of services and as such could be conveyed to a local government or related public or not-for-profit community development entity to facilitate the redevelopment of so-designated excess facilities and lands in a manner that both optimizes local community development goals and the successful operation of life skills and transition center. The department of health and human services shall present any request to convey excess facilities and lands to the seventieth legislative assembly.

25.0156.02020
Title.

Prepared by the Legislative Council staff for Senator Cleary
April 9, 2025

Sixty-ninth
Legislative Assembly
of North Dakota

PROPOSED AMENDMENTS TO FIRST ENGROSSMENT

ENGROSSED HOUSE BILL NO. 1012

Introduced by

Appropriations Committee

A BILL for an Act to provide an appropriation for defraying the expenses of various divisions of the department of health and human services; to amend and reenact sections 50-06-06.6, 50-06-42, 50-24.5-02.3, and 50-33-05 of the North Dakota Century Code, relating to leases of department of health and human services property, substance use disorder treatment program, basic care payment rates, and state of residence for child care assistance; to provide for a transfer; to authorize a line of credit; to provide legislative intent; to provide for a legislative management study; to provide an application; to provide an exemption; to provide for a report; and to provide an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. APPROPRIATION. The funds provided in this section, or so much of the funds as may be necessary, are appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, and from other funds derived from special funds and federal funds, to the department of health and human services for the purpose of defraying the expenses of its various divisions, for the biennium beginning July 1, 2025, and ending June 30, 2027, as follows:

Juvenile justice diversion services	750,000	0	750,000
Animal shelter grant	0	300,000	300,000
Statewide health strategies	0	750,000	750,000
Critical access hospital networking	0	2,000,000	2,000,000
Total	$18,031,736	$379,587,784	$397,619,520

SECTION 3. FUNDING TRANSFERS - EXEMPTION - AUTHORIZATION - REPORT. Notwithstanding section 54-16-04, the director of the office of management and budget shall transfer appropriation authority between line items within subdivisions 1, 2, 3, 4, 5, and 6 of section 1 of this Act and any other appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly, for the biennium beginning July 1, 2025, and ending June 30, 2027, as requested by the department of health and human services. The department of health and human services shall notify the legislative council of any transfer made pursuant to this section. The department of health and human services shall report to the budget section after June 30, 2026, any transfer made in excess of $50,000 and to the appropriations committees of the seventieth legislative assembly regarding any transfers made pursuant to this section.

SECTION 4. FULL-TIME EQUIVALENT POSITION BLOCK GRANT PROGRAM - REPORT. Section 1 of this Act includes funding for a full-time equivalent position block grant program. This funding as approved by the sixty-ninth legislative assembly is available for defraying the expense of full-time equivalent positions as determined by the department of health and human services. Notwithstanding any other provision of law, the department is authorized to increase or decrease authorized full-time equivalent positions subject to the availability of funds and the provisions of this section. The department of health and human services many not increase full-time equivalent positions for the purpose of transferring human service zone employees to state employment. Pursuant to section 3 of this Act, the department is authorized to transfer appropriation authority of up to the underfunded amount of $30,000,000 to the salaries and wages block grant line item. The department of health and human services

shall report to the office of management and budget and legislative council any adjustments to full-time equivalent positions.

SECTION 5. DEPARTMENT OF HEALTH AND HUMAN SERVICES - SALARIES AND WAGES BLOCK GRANT - VACANT POSITIONS - REPORT. The department of health and human services shall report to the budget section quarterly during the 2025-26 interim regarding the status of its salaries and wages block grant and vacant positions and employee turnover. The report must include:

1. The legislative appropriation for salaries and wages allocated by the department to major department programs by funding source and the number of FTE positions the department is allocating to each major program based on the legislative appropriation;
2. Any changes to salaries and wages funding or FTE positions allocated to major department programs;
3. Any new FTE positions added, the cost of the position for the remainder of the biennium, and the cost to continue funding the position in the subsequent biennium by funding source;
4. Any FTE positions removed and related funding;
5. The number of FTE positions that become vacant and the number filled each month;
6. The number of vacant FTE positions at the end of each month;
7. Salaries and wages savings resulting from vacant positions and employee turnover each month by funding source; and
8. The use of salaries and wages savings for other purposes for each month by funding source.

SECTION 6. BEHAVIORAL HEALTH FACILITY GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION.

1. Section 1 of this Act includes the sum of $12,960,000 from the strategic investment and improvements fund for a behavioral health facility grant pursuant to this section.
2. A grant of $12,960,000 must be provided to establish a behavioral health facility in the northeast human service region. The grant recipient must provide matching funds of $3,240,000 to establish the facility.

3. The department shall require an entity receiving funding under this section to operate the facility for at least ten years and require the grant amount to be repaid if the entity does not operate the facility for at least ten years.
4. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 7. COMMUNITY CULTURAL CENTER GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION. Section 1 of this Act includes the sum of $1,000,000 from the strategic investment and improvements fund for the purpose of providing a one-time community cultural center grant in the west central human service region. An entity may apply for a grant under this section if the entity certifies to the department it has secured at least fifty percent of funds needed to complete the project, the project will be completed within two years of receiving the grant funds, and the grants funds will be used only for costs of constructing a community cultural center. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 8. JUVENILE JUSTICE DIVERSION SERVICES AND PROGRAMS - TASK FORCE - REPORT. Section 1 of this Act includes the sum of $750,000 from the general fund for juvenile justice diversion services and programs. The department of health and human services must use the funding for services to youth at risk of juvenile justice involvement but who have not committed delinquent acts as defined in chapter 27-20.4.

The department shall establish a task force with representation from divisions in the department, human service zones, the department of public instruction, elementary and secondary schools, and members of the legislative assembly, to review juvenile justice diversion services and program. The department shall report its findings and recommendations to the legislative management and children's cabinet.

SECTION 9. ANIMAL SHELTER GRANT - COMMUNITY HEALTH TRUST FUND. Section 1 of this Act includes the sum of $300,000 from the community health trust fund for a grant for the construction of an animal shelter. The department of health and human services may award a grant for the construction of an animal shelter to an organization that provides twenty dollars of nonstate matching funds for every dollar of grant funds received. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 10. STATEWIDE HEALTH STRATEGIES - COMMUNITY HEALTH TRUST FUND. Section 1 of this Act includes the sum of $750,000 of one-time funding from the community health trust fund for the statewide health strategies initiative. The department of health and human services may spend the funding upon securing dollar-for-dollar matching funds.

SECTION 11. OTHER FUNDS - INSURANCE TAX DISTRIBUTION FUND. The other funds line item in subdivision 5 of section 1 of this Act includes the sum of $1,125,000 from the insurance tax distribution fund for rural emergency medical services grants.

SECTION 12. OTHER FUNDS - COMMUNITY HEALTH TRUST FUND. The other funds line items in section 1 of this Act includes the sum of $38,713,522 from the community health trust fund for the following purposes:

Loan repayment programs	$594,500
Tobacco and vaping programs	11,599,698
Cancer and women's way programs	909,824
Behavior risk state survey	200,000
Domestic violence programs	4,250,000
Local public health grants	3,275,000
988 crisis hotline	1,867,500
Various information technology system upgrades	2,967,000
Grants to rural ambulances	7,000,000
Law enforcement rural crisis support program	1,000,000
Development of partial hospitalization/intensive day treatment	2,000,000
Critical access hospital networking	2,000,000
Animal shelter grant	300,000
Statewide health strategies	750,000
Total	$38,713,522

SECTION 13. OTHER FUNDS - HUMAN SERVICE FINANCE FUND. The other funds line items in section 1 of this Act includes the sum of $239,112,030 from the human service finance fund for state-paid economic assistance and social and human services.

SECTION 14. OTHER FUNDS - OPIOID SETTLEMENT FUND. The other funds line item in section 1 of this Act includes the sum of $8,000,000 from the opioid settlement fund for opioid remediation and abatement efforts.

SECTION 15. OTHER FUNDS - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND The other funds line items in section 1 of this Act includes the sum of $227,474,784 from the strategic investment and improvements fund for the following purposes:

Retiring technology from the mainframe	$7,500,000
Move into the new state laboratory and purchase security equipment	2,962,304
Capital projects in human service centers and life skills and transition center	1,052,480
Housing initiative programs	1,000,000
Technology projects at the state hospital	1,000,000
New state hospital	200,000,000
Behavioral health facility grant	12,960,000
Community cultural center grant	1,000,000
Total	$227,474,784

SECTION 16. OTHER FUNDS - BANK OF NORTH DAKOTA LINE OF CREDIT - STATE HOSPITAL PROJECT. The other funds line item in subdivision 2 of section 1 of this Act includes $130,000,000 from a Bank of North Dakota line of credit. The department of health and human services may borrow up to $130,000,000 through a line of credit from the Bank of North Dakota during the biennium beginning July 1, 2025, and ending June 30, 2027, for costs associated with the construction of a new state hospital. The interest rate on the line of credit may not exceed the prevailing interest rate charged to North Dakota governmental entities. If the department accesses the line of credit, it shall request a deficiency appropriation from the seventieth legislative assembly to repay the line of credit.

SECTION 17. LABORATORY BUILDING STEERING COMMITTEE. The department of health and human services shall maintain the laboratory building steering committee to oversee the design and construction of the laboratory building project, for the biennium beginning July 1, 2025, and ending June 30, 2027, or until work is completed, whichever occurs earlier. The committee must include representation from the department of health and human services, department of environmental quality, office of management and budget, the governor's office, and the legislative assembly. The legislative assembly representation must include one member

of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

SECTION 18. NEW STATE HOSPITAL - STEERING COMMITTEE. The department of health and human services shall establish a new state hospital facility steering committee to oversee the design and construction of a new state hospital facility, for the biennium beginning July 1, 2025, and ending June 30, 2027. The committee must include one member of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

SECTION 19. CAPITAL PAYMENTS. During the biennium beginning July 1, 2025, and ending June 30, 2027, the department of health and human services is authorized to expend funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center. Pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly. The department of health and human services may transfer funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center ahead of the special needs assessments schedule. Notwithstanding section 54-27-12, the department of health and human services may spend funds for the payment of special assessments at the state hospital and life skills and transition center.

SECTION 20. CAPITAL PROJECTS - EMERGENCY COMMISSION AND BUDGET SECTION APPROVAL. During the biennium beginning July 1, 2025, and ending June 30, 2027, pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly for capital projects and maintenance pertaining to operation of its facilities, including demolition projects. Notwithstanding section 54-27-12, the department of health and human services may spend up to $10,000,000 for capital projects and maintenance pertaining to operation of its facilities, including demolition projects, under this section and may

seek emergency commission and budget section approval to spend more than $10,000,000 under this section.

SECTION 21. PERMANENT SUPPORTIVE HOUSING GRANTS. Section 1 of this Act includes the sum of $4,672,536 from the general fund for permanent supportive housing grants. The department of health and human services shall develop a funding methodology to distribute the funding to qualified entities that utilize best practices for permanent supportive housing, provide recovery-oriented and person-centered services, submit process and outcome measures to the department of health and human services, and authorize the department of health and human services to conduct onsite visits to review program operations.

SECTION 22. EXPENDITURES MAY NOT EXCEED APPROPRIATION - MEDICAL ASSISTANCE EXPANSION PROGRAM - APPLICATION.

1. Section 1 of this Act includes the sum of $662,099,340, of which $66,209,934 is from the general fund, for the medical assistance expansion program, for the biennium beginning July 1, 2025, and ending June 30, 2027. The expenditures for individuals eligible for the medical assistance expansion program may not exceed this amount.
2. The department of health and human services may exceed appropriations for increases in medical assistance expansion program caseload, for the addition of coverage consistent with the traditional Medicaid 1915(i) state plan, utilization rates, and reduction in federal medical assistance percentage.
3. The managed care organization under contract with the department of health and human services to manage the medical assistance expansion program shall reimburse providers within the same provider type and specialty at consistent levels and with consistent methodology and may not provide incentive, quality, or supplemental payments to providers, unless part of a value-based program approved by the department of health and human services. The managed care organization shall reimburse all North Dakota substance use providers of American society of addiction medicine level 2.5 at consistent levels and with consistent methodology. The managed care organization may consider urban and rural providers as different provider types.
4. The managed care organization and the department of health and human services shall ensure payments to Indian or Tribal 638 health care providers, federally qualified health centers,and rural health clinics meet the federally required minimum levels of

reimbursement. Critical access hospitals may not be paid less than one hundred percent of Medicare allowable costs and human service centers may not be paid less than one hundred percent of the current traditional Medicaid rate. Behavioral health services involving partial hospitalization, intensive outpatient, professional services, and residential behavioral health services provided in facilities that are not institutions for mental diseases are not subject to the provisions in subsection 6.

5. The department of health and human services shall ensure providers within the same provider type and specialty are reimbursed at consistent levels and with consistent methodology and shall ensure the capitation rates under risk contracts are actuarially sound and are adequate to meet managed care organization contractual requirements regarding availability of services, assurance or adequate capacity and services, and coordination and continuity of care.

6. Except for the provisions in subsection 4, managed care organization premium payments must be built using the assumption that rates paid to providers under the medical assistance expansion program may not exceed one hundred forty-five percent of Medicare reimbursement rates paid to providers on January 1, 2025.

SECTION 23. HUMAN SERVICE CENTERS - CERTIFIED COMMUNITY BEHAVIORAL HEALTH CLINICS - FULL-TIME EQUIVALENT POSITIONS - REPORT. The department of health and human services shall continue the process of the human service centers becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults. The department of health and human services shall pursue additional federal funding as available. Subject to the availability of generated income, the department of health and human services may add full-time equivalent positions for the clinics to provide direct services for the period beginning with the effective date of this Act and ending June 30, 2027. The department of health and human services shall report to the office of management and budget and legislative council each time a position is added.

SECTION 24. INTERMEDIATE CARE FACILITY MORATORIUM. The department of health and human services may not add any new licensed intermediate care facility for individuals with intellectual disabilities beds to the state's licensed bed capacity between July 1, 2025, and June 30, 2027.

SECTION 25. EXEMPTION - UNEXPENDED APPROPRIATIONS. The following appropriations are not subject to the provisions of section 54-44.1-11 and any unexpended appropriation authority may be continued into the biennium beginning July 1, 2025, and ending June 30, 2027:

1. The sum of $3,674,757 appropriated from the general fund and the sum of $25,918,566 appropriated from federal funds for the Medicaid management information system modularization technology project in chapter 12 of the 2021 Session Laws;
2. The sum of $14,411,218 appropriated from the general fund and the sum of $14,411,218 appropriated from federal funds for the child welfare technology project in chapter 12 of the 2021 Session Laws;
3. The sum of $20,366,271 appropriated from the community health trust fund and the sum of $39,534,525 appropriated from federal funds for the child support computer replacement project in chapter 44 of the 2023 Session Laws;
4. The sum of $10,989,217 appropriated from the strategic investment and improvements fund for the procurement and grants management system in chapter 44 of the 2023 Session Laws;
5. The sum of $4,150,000 appropriated from the general fund for defraying the expenses of additional human service centers to begin the process of becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults in chapter 44 of the 2023 Session Laws;
6. The sum of $18,941,847 appropriated to the department of health and human services in chapter 549 of the 2021 Special Session Laws;
7. The sum of $55,120,000 appropriated from the federal state fiscal recovery fund for a public health laboratory capital project in chapter 4 of the 2023 Session Laws;
8. The sum of $5,000,000 appropriated from the general fund for the purpose of employer-led child care cost-share program in chapter 446 of the 2023 Session Laws;
9. The sum of $986,555 appropriated from the general fund for the purpose of streamlining background checks project in chapter 446 of the 2023 Session Laws;

10. The sum of $2,223,981 appropriated from the federal state fiscal recovery fund for the implementation of a virtual behavioral health crisis care program for rural law enforcement in chapter 44 of the 2023 Session Laws; and
11. The sum of $500,000 appropriated from the general fund and the sum of $500,000 appropriated from federal funds for the purpose of program integrity audits in chapter 44 of the 2023 Session Laws.
12. The sum of $1,950,000 appropriated from the general fund to the department of health and human services for a northwest human service region behavioral health facility grant in chapter 44 of the 2023 Session Laws.

SECTION 26. LEGISLATIVE INTENT - UTILIZATION RATE ADJUSTMENT. It is the intent of the sixty-ninth legislative assembly that the department of health and human services seek a deficiency appropriation from the seventieth legislative assembly for any expenditures that exceed appropriated amounts as a result of underfunding, utilization rates, value-based purchasing for nursing facilities, reduction in federal medical assistance percentage, and unexpected contract cost increases that exceed ten percent, during the biennium beginning July 1, 2025, and ending June 30, 2027, if funding is not sufficient to pay actual expenses.

SECTION 27. LEGISLATIVE INTENT - PROVIDER RATE INCREASE. Except as otherwise noted, section 1 of this Act includes funding for human service provider inflation increases of two percent for each year of the biennium beginning July 1, 2025, and ending June 30, 2027. The provider inflation increase in this section does not apply to nursing facilities.

SECTION 28. LEGISLATIVE INTENT - DEVELOPMENTAL DISABILITIES PROVIDER ACCREDITATION REQUIREMENT. It is the intent of the sixty-ninth legislative assembly that the department of health and human services eliminate its administrative rule requirement that providers of developmental disabilities services be accredited as a condition of being eligible for receiving payments for services from the department of health and human services.

SECTION 29. LEGISLATIVE INTENT - MEDICAL ASSISTANCE. It is the intent of the sixty-ninth legislative assembly that the department of health and human services review the amount, duration, coverage, utilization rates, medical necessity, and scope of medical assistance services, and may implement any adjustments the department determines appropriate.

SECTION 30. FEDERAL FUNDING APPEAL LIMITATION. Except as otherwise specifically provided by federal law, a person may not appeal a denial, revocation, reduction in services or payment, or the termination of a program or service by the department of health and human services dues to the unavailability of federal coronavirus funding received under federal law resulting from the federal coronavirus pandemic emergency declarations, for the biennium beginning July 1, 2025, and ending June 30, 2027.

SECTION 31. DEPARTMENT OF HEALTH AND HUMAN SERVICES - LONG-TERM STRUCTURED RESIDENCES PLAN - REPORT. During the 2025-26 interim, the department of health and human services shall review options and develop a plan to establish long-term structured residences. The department shall review necessary changes to statutes, rules, policies, and the estimated fiscal impact of establishing the residences. A long-term structured residence must be a highly structured therapeutic residential mental health treatment facility that is staffed continuously and designed to treat adults under chapters 12.1-04.1 and 25-03.1 who have severe and persistent mental illness and who have reached the maximum benefit from the mental health resources available elsewhere in the community or hospital. The department shall present a report to the legislative management by October 1, 2026, regarding its plan to establish long-term structured residences.

SECTION 32. AMENDMENT. Section 50-06-06.6 of the North Dakota Century Code is amended and reenacted as follows:

50-06-06.6. Department may lease real and personal property.

The commissioner of the department or commissioner's designee may lease ~~surplus farm and pastureland at the state hospital and the life skills and transition center. The commissioner or designee also may enter into further leases of~~ real or personal property at the life skills and transition center or the state hospital upon a specific finding that the granting of each such leasehold interest will result in a net economic gain for the department, taking into account all identifiable costs. Any lease of space for the purpose of providing child care services must meet requirements as determined by the department. The commissioner of the department or commissioner's designee may prescribe the terms and conditions of any leases entered into pursuant to this section and may renew existing leases. ~~Any~~The term of any lease ~~entered into must be subject to renewal or cancelable each biennium~~may not exceed ninety-nine years.

SECTION 33. AMENDMENT. Section 50-06-42 of the North Dakota Century Code is amended and reenacted as follows:

50-06-42. Substance use disorder treatment voucher system - Mental health treatment voucher system for incarcerated individuals.

1. The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's substance abuse treatment system and to assist in the payment of addiction treatment services and medical costs provided by licensed substance abuse treatment programs, excluding regional human service centers and hospital- or medical clinic-based programs for medical management of withdrawal.
   a. An out-of-state licensed substance abuse treatment program located within a bordering state may participate in the voucher program to serve an underserved area of this state pursuant to the rules adopted by the department. The department shall develop rules to include processes and requirements for an out-of-state provider to receive reimbursement only for outpatient and community-based services upon a provider completing an assessment of need and receiving approval from the department.
   ~~2.~~b. Services eligible for the voucher program include only those levels of care recognized by the American society of addiction medicine, with particular emphasis given to underserved areas and programs. The department shall ensure that a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers collects and reports process and outcome measures.
   ~~3.~~c. The department shall develop requirements and provide training and technical assistance to a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers. A licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers shall provide evidence-based services.
   ~~4.~~d. The department shall allocate funding appropriated for the substance use disorder treatment voucher as follows:
      ~~a.~~ ~~No~~

(1) Except as provided in paragraphs 3 and 4, no more than ~~forty-five~~fifty percent of the appropriated amount may be allocated for residential substance use disorder services administered by licensed substance abuse treatment programs with more than sixteen beds.

~~b.~~(2) The remaining appropriation must be allocated for residential programs with sixteen or fewer beds, nonresidential outpatient, and ancillary substance use disorder services administered by licensed substance abuse treatment programs.

(3) The department, during the last quarter of the biennium, may reallocate projected unused funds that were allocated under paragraph 2 to residential facilities outlined in paragraph 1.

(4) The department may reimburse a licensed substance abuse treatment program with more than sixteen beds the incurred direct medical costs of an eligible individual who does not have resources to cover the medical costs. The department may develop rules and may not exceed the total amount appropriated for medical cost reimbursement.

2. The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's mental health treatment system for individuals detained or confined in a county jail or detention center or regional corrections center and to assist in the payment of mental health treatment services provided by a licensed mental health professional acting within their scope of practice, excluding a regional human service center.

a. Services eligible for the voucher program include only diagnostic assessment and mental health therapy for individuals with a mental health concern detained or confined in a county jail or detention center or regional corrections center. The department shall ensure that a licensed mental health professional accepting vouchers collects and reports process and outcome measures.

b. The department shall develop requirements and provide training and technical assistance to licensed mental health professionals accepting vouchers. A licensed mental health professional shall provide evidence-based services.

SECTION 34. AMENDMENT. Section 50-24.5-02.3 of the North Dakota Century Code is amended and reenacted as follows:

50-24.5-02.3. Basic care payment rates.

1. The department shall determine limits for the care of residents of basic care facilities that qualify as vendors of an aged, blind, and disabled persons program and for implementing provisions of this chapter based on data demonstrating the most recent costs that must be incurred for the care of residents in efficiently and economically operated basic care facilities. The department shall determine the limits every four years by July first, beginning with July 1, 2023.
2. The department shall establish the limits by using the median rates from the most recent data available. The direct care limit must be the median plus eighteen percent. The indirect care limit must be the median plus twelve percent.
3. For the rate year beginning July 1, 2023, the department shall increase rates and limits three and one-half percent for inflation. For the rate year beginning July 1, 2024, the department shall increase rates and limits three and one-half percent for inflation.
4. The department shall provide a rate increase in the amount of five dollars per day for the period beginning July 1, 2023, and ending June 30, ~~2025~~2027, after which the increase is not effective. This rate increase may not be included in any calculation of inflation increase.
5. Within the limits of legislative appropriations, the department shall establish an uncompensated care expense of three hundred sixty-five days.

SECTION 35. AMENDMENT. Section 50-33-05 of the North Dakota Century Code is amended and reenacted as follows:

50-33-05. State of residence.

Only child care assistance units physically residing within the boundaries of the state are eligible for child care assistance, unless the individual is employed by an early childhood program within the boundaries of the state and the individual has been approved for the state's child care assistance child care workforce benefit.

SECTION 36. HOUSING AVAILABILITY ASSESSMENT - COLLABORATION WITH HOUSING FINANCE AGENCY. The department of health and human services shall collaborate with the North Dakota housing finance agency and other appropriate stakeholders to assess the

availability of housing for individuals requiring extraordinary health care support services, for the biennium beginning July 1, 2025, and ending June 30, 2027. Based on the results of the assessment, if necessary, the department shall develop a plan to expand access to housing providing the least restrictive environment for individuals requiring extraordinary health care support services.

SECTION 37. BEHAVIORAL HEALTH CLINICS, NORTH DAKOTA STATE HOSPITAL, AND LIFE SKILLS AND TRANSITION CENTER FUNDING. Section 1 of this Act includes funding for the behavioral health clinics, North Dakota state hospital, and life skills and transition center as follows:

1.	Behavioral health clinics:		
	a.	Salaries and wages	$156,967,103
	b.	Operating and capital	64,131,965
	c.	Total	$221,099,068
2.	State hospital:		
	a.	Salaries and wages	$68,775,551
	b.	Operating and capital	350,880,155
	c.	Total	$419,655,706
3.	Life skills and transition center:		
	a.	Salaries and wages	$55,540,213
	b.	Operating and capital	15,207,658
	c.	Total	$70,747,871

SECTION 38. LEGISLATIVE MANAGEMENT STUDY - STUDENT TRUANCY AND ABSENTEEISM. The legislative management shall consider studying, during the 2025-26 interim, truancy and student absenteeism in kindergarten through grade twelve public schools. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 39. LEGISLATIVE MANAGEMENT STUDY - OBESITY HEALTH IMPLICATIONS. The legislative management shall consider studying, during the 2025-26 interim, the health implications of obesity on the residents of the state and options to increase access to prevention and treatments for obesity. If conducted, the study must review costs associated with obesity including comorbidities, treatments available for obesity, obesity

diagnosis guidelines including use of body mass index compared with percentage of body fat, and examining the difference between being an individual who is healthy and overweight as compared to an obese individual. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 40. LEGISLATIVE MANAGEMENT STUDY - MATERNAL HEALTH SERVICES - ACCESS AND WORKFORCE.

1. During the 2025-26 interim, the legislative management shall consider studying access to maternal health services. The study must include:
   a. Consideration of the availability of prenatal and childbirth services, including provider shortages and service use.
   b. Development of strategies to increase the number of obstetricians, family doctors, and midwives providing maternal health services in this state.
   c. A review of coverage and reimbursement for doulas and midwives, including training and certification needs.
   d. Consideration of insurance and public policy options to improve maternal health outcomes, including through the Medicaid program.
   e. Input from health care providers, insurers, public health officials, and maternal health experts.
2. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 41. LEGISLATIVE MANAGEMENT REPORT - BEHAVIORAL HEALTH FACILITY GRANTS. During the 2025-26 interim the department of health and human services shall provide reports to the legislative management regarding the award of grant funding to increase the number of behavioral health beds in the state.

SECTION 42. EFFECTIVE DATE. Section 33 of this Act becomes effective on July 1, 2026.

25.0156.02015
Title.

Prepared by the Legislative Council staff for Senator Dever
April 2, 2025

Sixty-ninth
Legislative Assembly
of North Dakota

PROPOSED AMENDMENTS TO FIRST ENGROSSMENT

ENGROSSED HOUSE BILL NO. 1012

Introduced by

Appropriations Committee

A BILL for an Act to provide an appropriation for defraying the expenses of various divisions of the department of health and human services; to amend and reenact sections 50-06-06.6, 50-06-42, 50-24.5-02.3, and 50-33-05 of the North Dakota Century Code, relating to leases of department of health and human services property, substance use disorder treatment program, basic care payment rates, and state of residence for child care assistance; to provide for a transfer; to authorize a line of credit; to provide legislative intent; to provide for a legislative management study; to provide an application; to provide an exemption; to provide for a report; and to provide an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. APPROPRIATION. The funds provided in this section, or so much of the funds as may be necessary, are appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, and from other funds derived from special funds and federal funds, to the department of health and human services for the purpose of defraying the expenses of its various divisions, for the biennium beginning July 1, 2025, and ending June 30, 2027, as follows:

Subdivision 1.

SALARIES AND WAGES BLOCK GRANT

	Base Level	Adjustments or Enhancements	Appropriation
Salaries and wages block grant	$0	$596,284,775	$596,284,775

Total all funds	$0	$596,284,775	$596,284,775
Less other funds	0	286,720,150	286,720,150
Total general fund	$0	$309,564,625	$309,564,625

Grand total general fund	$2,011,427,547	$266,523,646	$2,277,951,193
Full-time equivalent positions	2,483.83	204.52	2,688.35

SECTION 2. ONE TIME FUNDING - EFFECT ON BASE BUDGET - REPORT TO SEVENTIETH LEGISLATIVE ASSEMBLY. The following amounts reflect the one-time funding items included in section 1 of this Act which are not included in the entity's base budget for the 2027-29 biennium and which the entity shall report to the appropriations committees of the seventieth legislative assembly regarding the use of this funding:

One-Time Funding Description	General Fund	Other Funds	Total
Technology projects	$0	$10,263,000	$10,263,000
Human service centers and life skills and transition center projects	0	1,052,480	1,052,480
Retire mainframe	0	15,000,000	15,000,000
Child care programs	13,272,500	0	13,272,500
Housing programs	0	1,000,000	1,000,000
State laboratory move and equipment	0	2,962,304	2,962,304
Partial hospitalization day treatment	0	2,000,000	2,000,000
Developmental disabilities eligibility assessment tool for kids	200,000	200,000	400,000
Toxicology equipment	151,500	100,000	251,500
New state hospital	0	330,000,000	330,000,000

Behavioral health facility grant	0	12,960,000	12,960,000
Cultural community center grant	0	1,000,000	1,000,000
Adaptive recreation grant	200,000	0	200,000
Intermediate care facility grant	3,457,736	0	3,457,736
Juvenile justice diversion services	750,000	0	750,000
Animal shelter grant	0	300,000	300,000
Statewide health strategies	0	750,000	750,000
Critical access hospital networking	0	2,000,000	2,000,000
Total	$18,031,736	$379,587,784	$397,619,520

SECTION 3. FUNDING TRANSFERS - EXEMPTION - AUTHORIZATION - REPORT. Notwithstanding section 54-16-04, the director of the office of management and budget shall transfer appropriation authority between line items within subdivisions 1, 2, 3, 4, 5, and 6 of section 1 of this Act and any other appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly, for the biennium beginning July 1, 2025, and ending June 30, 2027, as requested by the department of health and human services. The department of health and human services shall notify the legislative council of any transfer made pursuant to this section. The department of health and human services shall report to the budget section after June 30, 2026, any transfer made in excess of $50,000 and to the appropriations committees of the seventieth legislative assembly regarding any transfers made pursuant to this section.

SECTION 4. FULL-TIME EQUIVALENT POSITION BLOCK GRANT PROGRAM - REPORT. Section 1 of this Act includes funding for a full-time equivalent position block grant program. This funding as approved by the sixty-ninth legislative assembly is available for defraying the expense of full-time equivalent positions as determined by the department of health and human services. Notwithstanding any other provision of law, the department is authorized to increase or decrease authorized full-time equivalent positions subject to the availability of funds and the provisions of this section. The department of health and human services many not increase full-time equivalent positions for the purpose of transferring human service zone employees to state employment. Pursuant to section 3 of this Act, the department is authorized to transfer appropriation authority of up to the underfunded amount of $30,000,000 to the salaries and wages block grant line item. The department of health and human services

shall report to the office of management and budget and legislative council any adjustments to full-time equivalent positions.

SECTION 5. DEPARTMENT OF HEALTH AND HUMAN SERVICES - SALARIES AND WAGES BLOCK GRANT - VACANT POSITIONS - REPORT. The department of health and human services shall report to the budget section quarterly during the 2025-26 interim regarding the status of its salaries and wages block grant and vacant positions and employee turnover. The report must include:

1. The legislative appropriation for salaries and wages allocated by the department to major department programs by funding source and the number of FTE positions the department is allocating to each major program based on the legislative appropriation;
2. Any changes to salaries and wages funding or FTE positions allocated to major department programs;
3. Any new FTE positions added, the cost of the position for the remainder of the biennium, and the cost to continue funding the position in the subsequent biennium by funding source;
4. Any FTE positions removed and related funding;
5. The number of FTE positions that become vacant and the number filled each month;
6. The number of vacant FTE positions at the end of each month;
7. Salaries and wages savings resulting from vacant positions and employee turnover each month by funding source; and
8. The use of salaries and wages savings for other purposes for each month by funding source.

SECTION 6. BEHAVIORAL HEALTH FACILITY GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION.

1. Section 1 of this Act includes the sum of $12,960,000 from the strategic investment and improvements fund for a behavioral health facility grant pursuant to this section.
2. A grant of $12,960,000 must be provided to establish a behavioral health facility in the northeast human service region. The grant recipient must provide matching funds of $3,240,000 to establish the facility.

3. The department shall require an entity receiving funding under this section to operate the facility for at least ten years and require the grant amount to be repaid if the entity does not operate the facility for at least ten years.
4. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 7. COMMUNITY CULTURAL CENTER GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION. Section 1 of this Act includes the sum of $1,000,000 from the strategic investment and improvements fund for the purpose of providing a one-time community cultural center grant in the west central human service region. An entity may apply for a grant under this section if the entity certifies to the department it has secured at least fifty percent of funds needed to complete the project, the project will be completed within two years of receiving the grant funds, and the grants funds will be used only for costs of constructing a community cultural center. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 8. JUVENILE JUSTICE DIVERSION SERVICES AND PROGRAMS - TASK FORCE - REPORT. Section 1 of this Act includes the sum of $750,000 from the general fund for juvenile justice diversion services and programs. The department of health and human services must use the funding for services to youth at risk of juvenile justice involvement but who have not committed delinquent acts as defined in chapter 27-20.4.

The department shall establish a task force with representation from divisions in the department, human service zones, the department of public instruction, elementary and secondary schools, and members of the legislative assembly, to review juvenile justice diversion services and program. The department shall report its findings and recommendations to the legislative management and children's cabinet.

SECTION 9. ANIMAL SHELTER GRANT - COMMUNITY HEALTH TRUST FUND. Section 1 of this Act includes the sum of $300,000 from the community health trust fund for a grant for the construction of an animal shelter. The department of health and human services may award a grant for the construction of an animal shelter to an organization that provides twenty dollars of nonstate matching funds for every dollar of grant funds received. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 10. STATEWIDE HEALTH STRATEGIES - COMMUNITY HEALTH TRUST FUND. Section 1 of this Act includes the sum of $750,000 of one-time funding from the community health trust fund for the statewide health strategies initiative. The department of health and human services may spend the funding upon securing dollar-for-dollar matching funds.

SECTION 11. OTHER FUNDS - INSURANCE TAX DISTRIBUTION FUND. The other funds line item in subdivision 5 of section 1 of this Act includes the sum of $1,125,000 from the insurance tax distribution fund for rural emergency medical services grants.

SECTION 12. OTHER FUNDS - COMMUNITY HEALTH TRUST FUND. The other funds line items in section 1 of this Act includes the sum of $38,713,522 from the community health trust fund for the following purposes:

Loan repayment programs	$594,500
Tobacco and vaping programs	11,599,698
Cancer and women's way programs	909,824
Behavior risk state survey	200,000
Domestic violence programs	4,250,000
Local public health grants	3,275,000
988 crisis hotline	1,867,500
Various information technology system upgrades	2,967,000
Grants to rural ambulances	7,000,000
Law enforcement rural crisis support program	1,000,000
Development of partial hospitalization/intensive day treatment	2,000,000
Critical access hospital networking	2,000,000
Animal shelter grant	300,000
Statewide health strategies	750,000
Total	$38,713,522

SECTION 13. OTHER FUNDS - HUMAN SERVICE FINANCE FUND. The other funds line items in section 1 of this Act includes the sum of $239,112,030 from the human service finance fund for state-paid economic assistance and social and human services.

SECTION 14. OTHER FUNDS - OPIOID SETTLEMENT FUND. The other funds line item in section 1 of this Act includes the sum of $8,000,000 from the opioid settlement fund for opioid remediation and abatement efforts.

SECTION 15. OTHER FUNDS - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND. The other funds line items in section 1 of this Act includes the sum of $227,474,784 from the strategic investment and improvements fund for the following purposes:

Retiring technology from the mainframe	$7,500,000
Move into the new state laboratory and purchase security equipment	2,962,304
Capital projects in human service centers and life skills and transition center	1,052,480
Housing initiative programs	1,000,000
Technology projects at the state hospital	1,000,000
New state hospital	200,000,000
Behavioral health facility grant	12,960,000
Community cultural center grant	1,000,000
Total	$227,474,784

SECTION 16. OTHER FUNDS - BANK OF NORTH DAKOTA LINE OF CREDIT - STATE HOSPITAL PROJECT. The other funds line item in subdivision 2 of section 1 of this Act includes $130,000,000 from a Bank of North Dakota line of credit. The department of health and human services may borrow up to $130,000,000 through a line of credit from the Bank of North Dakota during the biennium beginning July 1, 2025, and ending June 30, 2027, for costs associated with the construction of a new state hospital. The interest rate on the line of credit may not exceed the prevailing interest rate charged to North Dakota governmental entities. If the department accesses the line of credit, it shall request a deficiency appropriation from the seventieth legislative assembly to repay the line of credit.

SECTION 17. LABORATORY BUILDING STEERING COMMITTEE. The department of health and human services shall maintain the laboratory building steering committee to oversee the design and construction of the laboratory building project, for the biennium beginning July 1, 2025, and ending June 30, 2027, or until work is completed, whichever occurs earlier. The committee must include representation from the department of health and human services, department of environmental quality, office of management and budget, the governor's office, and the legislative assembly. The legislative assembly representation must include one member

of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

SECTION 18. NEW STATE HOSPITAL - STEERING COMMITTEE. The department of health and human services shall establish a new state hospital facility steering committee to oversee the design and construction of a new state hospital facility, for the biennium beginning July 1, 2025, and ending June 30, 2027. The committee must include one member of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

SECTION 19. CAPITAL PAYMENTS. During the biennium beginning July 1, 2025, and ending June 30, 2027, the department of health and human services is authorized to expend funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center. Pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly. The department of health and human services may transfer funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center ahead of the special needs assessments schedule. Notwithstanding section 54-27-12, the department of health and human services may spend funds for the payment of special assessments at the state hospital and life skills and transition center.

SECTION 20. CAPITAL PROJECTS - EMERGENCY COMMISSION AND BUDGET SECTION APPROVAL. During the biennium beginning July 1, 2025, and ending June 30, 2027, pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly for capital projects and maintenance pertaining to operation of its facilities, including demolition projects. Notwithstanding section 54-27-12, the department of health and human services may spend up to $10,000,000 for capital projects and maintenance pertaining to operation of its facilities, including demolition projects, under this section and may

seek emergency commission and budget section approval to spend more than $10,000,000 under this section.

SECTION 21. PERMANENT SUPPORTIVE HOUSING GRANTS. Section 1 of this Act includes the sum of $4,672,536 from the general fund for permanent supportive housing grants. The department of health and human services shall develop a funding methodology to distribute the funding to qualified entities that utilize best practices for permanent supportive housing, provide recovery-oriented and person-centered services, submit process and outcome measures to the department of health and human services, and authorize the department of health and human services to conduct onsite visits to review program operations.

SECTION 22. EXPENDITURES MAY NOT EXCEED APPROPRIATION - MEDICAL ASSISTANCE EXPANSION PROGRAM - APPLICATION.

1. Section 1 of this Act includes the sum of $662,099,340, of which $66,209,934 is from the general fund, for the medical assistance expansion program, for the biennium beginning July 1, 2025, and ending June 30, 2027. The expenditures for individuals eligible for the medical assistance expansion program may not exceed this amount.
2. The department of health and human services may exceed appropriations for increases in medical assistance expansion program caseload, for the addition of coverage consistent with the traditional Medicaid 1915(i) state plan, utilization rates, and reduction in federal medical assistance percentage.
3. The managed care organization under contract with the department of health and human services to manage the medical assistance expansion program shall reimburse providers within the same provider type and specialty at consistent levels and with consistent methodology and may not provide incentive, quality, or supplemental payments to providers, unless part of a value-based program approved by the department of health and human services. The managed care organization shall reimburse all North Dakota substance use providers of American society of addiction medicine level 2.5 at consistent levels and with consistent methodology. The managed care organization may consider urban and rural providers as different provider types.
4. The managed care organization and the department of health and human services shall ensure payments to Indian or Tribal 638 health care providers, federally qualified health centers,and rural health clinics meet the federally required minimum levels of

reimbursement. Critical access hospitals may not be paid less than one hundred percent of Medicare allowable costs and human service centers may not be paid less than one hundred percent of the current traditional Medicaid rate. Behavioral health services involving partial hospitalization, intensive outpatient, professional services, and residential behavioral health services provided in facilities that are not institutions for mental diseases are not subject to the provisions in subsection 6.

5. The department of health and human services shall ensure providers within the same provider type and specialty are reimbursed at consistent levels and with consistent methodology and shall ensure the capitation rates under risk contracts are actuarially sound and are adequate to meet managed care organization contractual requirements regarding availability of services, assurance or adequate capacity and services, and coordination and continuity of care.

6. Except for the provisions in subsection 4, managed care organization premium payments must be built using the assumption that rates paid to providers under the medical assistance expansion program may not exceed one hundred forty-five percent of Medicare reimbursement rates paid to providers on January 1, 2025.

SECTION 23. HUMAN SERVICE CENTERS - CERTIFIED COMMUNITY BEHAVIORAL HEALTH CLINICS - FULL-TIME EQUIVALENT POSITIONS - REPORT. The department of health and human services shall continue the process of the human service centers becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults. The department of health and human services shall pursue additional federal funding as available. Subject to the availability of generated income, the department of health and human services may add full-time equivalent positions for the clinics to provide direct services for the period beginning with the effective date of this Act and ending June 30, 2027. The department of health and human services shall report to the office of management and budget and legislative council each time a position is added.

SECTION 24. INTERMEDIATE CARE FACILITY MORATORIUM. The department of health and human services may not add any new licensed intermediate care facility for individuals with intellectual disabilities beds to the state's licensed bed capacity between July 1, 2025, and June 30, 2027.

SECTION 25. EXEMPTION - UNEXPENDED APPROPRIATIONS. The following appropriations are not subject to the provisions of section 54-44.1-11 and any unexpended appropriation authority may be continued into the biennium beginning July 1, 2025, and ending June 30, 2027:

1. The sum of $3,674,757 appropriated from the general fund and the sum of $25,918,566 appropriated from federal funds for the Medicaid management information system modularization technology project in chapter 12 of the 2021 Session Laws;
2. The sum of $14,411,218 appropriated from the general fund and the sum of $14,411,218 appropriated from federal funds for the child welfare technology project in chapter 12 of the 2021 Session Laws;
3. The sum of $20,366,271 appropriated from the community health trust fund and the sum of $39,534,525 appropriated from federal funds for the child support computer replacement project in chapter 44 of the 2023 Session Laws;
4. The sum of $10,989,217 appropriated from the strategic investment and improvements fund for the procurement and grants management system in chapter 44 of the 2023 Session Laws;
5. The sum of $4,150,000 appropriated from the general fund for defraying the expenses of additional human service centers to begin the process of becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults in chapter 44 of the 2023 Session Laws;
6. The sum of $18,941,847 appropriated to the department of health and human services in chapter 549 of the 2021 Special Session Laws;
7. The sum of $55,120,000 appropriated from the federal state fiscal recovery fund for a public health laboratory capital project in chapter 4 of the 2023 Session Laws;
8. The sum of $5,000,000 appropriated from the general fund for the purpose of employer-led child care cost-share program in chapter 446 of the 2023 Session Laws;
9. The sum of $986,555 appropriated from the general fund for the purpose of streamlining background checks project in chapter 446 of the 2023 Session Laws;

10. The sum of $2,223,981 appropriated from the federal state fiscal recovery fund for the implementation of a virtual behavioral health crisis care program for rural law enforcement in chapter 44 of the 2023 Session Laws; and
11. The sum of $500,000 appropriated from the general fund and the sum of $500,000 appropriated from federal funds for the purpose of program integrity audits in chapter 44 of the 2023 Session Laws.
12. The sum of $1,950,000 appropriated from the general fund to the department of health and human services for a northwest human service region behavioral health facility grant in chapter 44 of the 2023 Session Laws.

SECTION 26. LEGISLATIVE INTENT - UTILIZATION RATE ADJUSTMENT. It is the intent of the sixty-ninth legislative assembly that the department of health and human services seek a deficiency appropriation from the seventieth legislative assembly for any expenditures that exceed appropriated amounts as a result of underfunding, utilization rates, value-based purchasing for nursing facilities, reduction in federal medical assistance percentage, and unexpected contract cost increases that exceed ten percent, during the biennium beginning July 1, 2025, and ending June 30, 2027, if funding is not sufficient to pay actual expenses.

SECTION 27. LEGISLATIVE INTENT - PROVIDER RATE INCREASE. Except as otherwise noted, section 1 of this Act includes funding for human service provider inflation increases of two percent for each year of the biennium beginning July 1, 2025, and ending June 30, 2027. The provider inflation increase in this section does not apply to nursing facilities.

SECTION 28. LEGISLATIVE INTENT - DEVELOPMENTAL DISABILITIES PROVIDER ACCREDITATION REQUIREMENT. It is the intent of the sixty-ninth legislative assembly that the department of health and human services eliminate its administrative rule requirement that providers of developmental disabilities services be accredited as a condition of being eligible for receiving payments for services from the department of health and human services.

SECTION 29. LEGISLATIVE INTENT - MEDICAL ASSISTANCE. It is the intent of the sixty-ninth legislative assembly that the department of health and human services review the amount, duration, coverage, utilization rates, medical necessity, and scope of medical assistance services, and may implement any adjustments the department determines appropriate.

SECTION 30. FEDERAL FUNDING APPEAL LIMITATION. Except as otherwise specifically provided by federal law, a person may not appeal a denial, revocation, reduction in services or payment, or the termination of a program or service by the department of health and human services dues to the unavailability of federal coronavirus funding received under federal law resulting from the federal coronavirus pandemic emergency declarations, for the biennium beginning July 1, 2025, and ending June 30, 2027.

SECTION 31. DEPARTMENT OF HEALTH AND HUMAN SERVICES - LONG-TERM STRUCTURED RESIDENCES PLAN - REPORT. During the 2025-26 interim, the department of health and human services shall review options and develop a plan to establish long-term structured residences. The department shall review necessary changes to statutes, rules, policies, and the estimated fiscal impact of establishing the residences. A long-term structured residence must be a highly structured therapeutic residential mental health treatment facility that is staffed continuously and designed to treat adults under chapters 12.1-04.1 and 25-03.1 who have severe and persistent mental illness and who have reached the maximum benefit from the mental health resources available elsewhere in the community or hospital. The department shall present a report to the legislative management by October 1, 2026, regarding its plan to establish long-term structured residences.

SECTION 32. AMENDMENT. Section 50-06-06.6 of the North Dakota Century Code is amended and reenacted as follows:

50-06-06.6. Department may lease real and personal property.

The commissioner of the department or commissioner's designee may lease ~~surplus farm and pastureland at the state hospital and the life skills and transition center. The commissioner or designee also may enter into further leases of~~ real or personal property at the life skills and transition center or the state hospital upon a specific finding that the granting of each such leasehold interest will result in a net economic gain for the department, taking into account all identifiable costs. Any lease of space for the purpose of providing child care services must meet requirements as determined by the department. The commissioner of the department or commissioner's designee may prescribe the terms and conditions of any leases entered into pursuant to this section and may renew existing leases. ~~Any~~The term of any lease ~~entered into must be subject to renewal or cancelable each biennium~~may not exceed ninety-nine years.

SECTION 33. AMENDMENT. Section 50-06-42 of the North Dakota Century Code is amended and reenacted as follows:

50-06-42. Substance use disorder treatment voucher system - Mental health treatment voucher system for incarcerated individuals.

1. The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's substance abuse treatment system and to assist in the payment of addiction treatment services and medical costs provided by licensed substance abuse treatment programs, excluding regional human service centers and hospital- or medical clinic-based programs for medical management of withdrawal.
   a. An out-of-state licensed substance abuse treatment program located within a bordering state may participate in the voucher program to serve an underserved area of this state pursuant to the rules adopted by the department. The department shall develop rules to include processes and requirements for an out-of-state provider to receive reimbursement only for outpatient and community-based services upon a provider completing an assessment of need and receiving approval from the department.
   ~~2.~~b. Services eligible for the voucher program include only those levels of care recognized by the American society of addiction medicine, with particular emphasis given to underserved areas and programs. The department shall ensure that a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers collects and reports process and outcome measures.
   ~~3.~~c. The department shall develop requirements and provide training and technical assistance to a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers. A licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers shall provide evidence-based services.
   ~~4.~~d. The department shall allocate funding appropriated for the substance use disorder treatment voucher as follows:
      ~~a.~~ ~~No~~

(1) Except as provided in paragraphs 3 and 4, no more than ~~forty-five~~fifty percent of the appropriated amount may be allocated for residential substance use disorder services administered by licensed substance abuse treatment programs with more than sixteen beds.

~~b.~~(2) The remaining appropriation must be allocated for residential programs with sixteen or fewer beds, nonresidential outpatient, and ancillary substance use disorder services administered by licensed substance abuse treatment programs.

(3) The department, during the last quarter of the biennium, may reallocate projected unused funds that were allocated under paragraph 2 to residential facilities outlined in paragraph 1.

(4) The department may reimburse a licensed substance abuse treatment program with more than sixteen beds the incurred direct medical costs of an eligible individual who does not have resources to cover the medical costs. The department may develop rules and may not exceed the total amount appropriated for medical cost reimbursement.

2. The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's mental health treatment system for individuals detained or confined in a county jail or detention center or regional corrections center and to assist in the payment of mental health treatment services provided by a licensed mental health professional acting within their scope of practice, excluding a regional human service center.

a. Services eligible for the voucher program include only diagnostic assessment and mental health therapy for individuals with a mental health concern detained or confined in a county jail or detention center or regional corrections center. The department shall ensure that a licensed mental health professional accepting vouchers collects and reports process and outcome measures.

b. The department shall develop requirements and provide training and technical assistance to licensed mental health professionals accepting vouchers. A licensed mental health professional shall provide evidence-based services.

SECTION 34. AMENDMENT. Section 50-24.5-02.3 of the North Dakota Century Code is amended and reenacted as follows:

50-24.5-02.3. Basic care payment rates.

1. The department shall determine limits for the care of residents of basic care facilities that qualify as vendors of an aged, blind, and disabled persons program and for implementing provisions of this chapter based on data demonstrating the most recent costs that must be incurred for the care of residents in efficiently and economically operated basic care facilities. The department shall determine the limits every four years by July first, beginning with July 1, 2023.
2. The department shall establish the limits by using the median rates from the most recent data available. The direct care limit must be the median plus eighteen percent. The indirect care limit must be the median plus twelve percent.
3. For the rate year beginning July 1, 2023, the department shall increase rates and limits three and one-half percent for inflation. For the rate year beginning July 1, 2024, the department shall increase rates and limits three and one-half percent for inflation.
4. The department shall provide a rate increase in the amount of five dollars per day for the period beginning July 1, 2023, and ending June 30, ~~2025~~2027, after which the increase is not effective. This rate increase may not be included in any calculation of inflation increase.
5. Within the limits of legislative appropriations, the department shall establish an uncompensated care expense of three hundred sixty-five days.

SECTION 35. AMENDMENT. Section 50-33-05 of the North Dakota Century Code is amended and reenacted as follows:

50-33-05. State of residence.

Only child care assistance units physically residing within the boundaries of the state are eligible for child care assistance, unless the individual is employed by an early childhood program within the boundaries of the state and the individual has been approved for the state's child care assistance child care workforce benefit.

SECTION 36. HOUSING AVAILABILITY ASSESSMENT - COLLABORATION WITH HOUSING FINANCE AGENCY. The department of health and human services shall collaborate with the North Dakota housing finance agency and other appropriate stakeholders to assess the

availability of housing for individuals requiring extraordinary health care support services, for the biennium beginning July 1, 2025, and ending June 30, 2027. Based on the results of the assessment, if necessary, the department shall develop a plan to expand access to housing providing the least restrictive environment for individuals requiring extraordinary health care support services.

SECTION 37. BEHAVIORAL HEALTH CLINICS, NORTH DAKOTA STATE HOSPITAL, AND LIFE SKILLS AND TRANSITION CENTER FUNDING. Section 1 of this Act includes funding for the behavioral health clinics, North Dakota state hospital, and life skills and transition center as follows:

1.	Behavioral health clinics:		
	a.	Salaries and wages	$156,967,103
	b.	Operating and capital	64,131,965
	c.	Total	$221,099,068
2.	State hospital:		
	a.	Salaries and wages	$68,775,551
	b.	Operating and capital	350,880,155
	c.	Total	$419,655,706
3.	Life skills and transition center:		
	a.	Salaries and wages	$55,540,213
	b.	Operating and capital	15,207,658
	c.	Total	$70,747,871

SECTION 38. LEGISLATIVE MANAGEMENT STUDY - STUDENT TRUANCY AND ABSENTEEISM. The legislative management shall consider studying, during the 2025-26 interim, truancy and student absenteeism in kindergarten through grade twelve public schools. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 39. LEGISLATIVE MANAGEMENT STUDY - OBESITY HEALTH IMPLICATIONS. The legislative management shall consider studying, during the 2025-26 interim, the health implications of obesity on the residents of the state and options to increase access to prevention and treatments for obesity. If conducted, the study must review costs associated with obesity including comorbidities, treatments available for obesity, obesity

diagnosis guidelines including use of body mass index compared with percentage of body fat, and examining the difference between being an individual who is healthy and overweight as compared to an obese individual. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 40. LEGISLATIVE MANAGEMENT REPORT - BEHAVIORAL HEALTH FACILITY GRANTS. During the 2025-26 interim the department of health and human services shall provide reports to the legislative management regarding the award of grant funding to increase the number of behavioral health beds in the state.

SECTION 41. DEPARTMENT OF HEALTH AND HUMAN SERVICES - COORDINATED SOCIAL CARE TECHNOLOGY PLATFORM STUDY. The department of health and human services shall study, during the 2025-26 interim, the potential implementation and benefits of utilizing a coordinated social care technology platform to improve service delivery, streamline referrals, and enhance care coordination across health, human services, and community-based organizations. The study must include input from relevant stakeholders, including health care providers, behavioral health professionals, community-based organizations, the department of corrections and rehabilitation, job service North Dakota, workforce safety and insurance, the department of public instruction, and other applicable agencies.

The study must address:

1. The platform's ability to support closed loop referrals and real-time date sharing across systems and agencies;
2. Potential improvements in client outcomes, interagency coordination, and operational efficiency;
3. Integration with existing state and local systems, including education, corrections, workforce, public health platforms, and related data privacy considerations;
4. Funding mechanisms, including potential federal or private match opportunities;
5. Best practices from other states that have implemented similar cross-sector platforms; and
6. Any anticipated costs, implementation barriers, or regulatory considerations across participating agencies.

The department shall report its findings and any recommendations, including estimated implementation costs and potential budget impacts, to the legislative management by September 30, 2026.

SECTION 42. EFFECTIVE DATE. Section ~~33~~34 of this Act becomes effective on July 1, 2026.

Issue Brief 25-11, April 1, 2025

Preliminary FY 2027 FMAPs

By Trinity Tomsic • 202-624-8577 • ttomsic@ffis.org

Summary

The Bureau of Economic Analysis (BEA) has released preliminary state personal income data for 2024 (release, interactive data). The federal government uses state per capita personal income to calculate each state's federal reimbursement rate for Medicaid and other grants using the Federal Medical Assistance Percentage (FMAP). The Children's Health Insurance Program (CHIP) uses an enhanced FMAP, which is higher than the Medicaid FMAP.

This BEA release allows projections of fiscal year (FY) 2027 regular FMAPs and enhanced FMAPs, which are based on per capita incomes for calendar years (CYs) 2022-2024.

FFIS's projections show that FMAPs will increase in 16 states and decline in 24, ranging from a +1.53 percentage-point change in **North Dakota** to a -0.93 percentage-point change in **Delaware**. However, these projections are based on preliminary data; subsequent adjustments can result in substantial differences between projected and final FMAPs for some states.

FY 2027 FMAPs

The FMAP is the share of state Medicaid benefit costs paid by the federal government (with alternate matching rates for certain jurisdictions, populations, services, and special situations; more details are available here). It also determines the federal share of Title IV-E foster care and adoption assistance maintenance payments. Additionally, the FMAP is used to determine the Medicare Part D "clawback," the federal share of certain child support enforcement collections, Temporary Assistance for Needy Families (TANF) contingency funds, and the matching portion of the Child Care and Development Fund (CCDF).

The FMAP is based on a three-year average of state per capita personal income compared to the national average. The FY 2027 FMAPs rely on per capita personal income for CYs 2022-2024. To receive an increase in the FMAP, a state must experience a decline in its share of U.S. average per capita income compared to the prior-year calculations.

- A state with average per capita income receives an FMAP of 55%; no state can receive less than 50% or more than 83%.
- The FMAP is statutorily set for the District of Columbia (70%).
- Territories are also subject to a statutory rate and Medicaid spending caps. However, legislation has increased the caps and provided increases in their matching rates. Most recently, the Consolidated Appropriations Act, 2023, extended a temporary 76% matching rate for Puerto Rico through FY 2027 and permanently extended the 83% matching rate for the other territories.

Table 1 at the end of the brief displays regular FMAPs for FYs 2023-2026 and FFIS's projections for FY 2027. The regular FMAPs exclude the following adjustments, with each adjustment applying to different programs and Medicaid expenditure categories:

- The temporary 6.2 percentage-point increase in the Families First Coronavirus Response Act (FFCRA) through March 31, 2023, and the phasedown of this increase through December 31, 2023 (see FFIS *Issue Brief 23-01*). This increase affects almost all programs that rely on the regular FMAP (more details are here and in the referenced brief).
- The temporary 5 percentage-point FMAP increase for states adopting the Affordable Care Act (ACA) Medicaid expansion, an incentive provided in the American Rescue Plan (ARP). To date, qualifying states are **North Carolina** (10/1/23 – 9/30/25), **South Dakota** (7/1/23 – 6/30/25), and **Missouri** and **Oklahoma** (7/1/21 - 6/30/23). This adjustment applies to specified Medicaid expenditures, including the Part D clawbacks (details available here).
- The ACA disaster-recovery FMAP adjustment for states, which is triggered when a state has recently experienced a major, statewide disaster and the regular FMAP rate declines by at least 3 percentage points from the prior year. This adjustment applies to specified Medicaid expenditures, including Part D clawbacks, and Title IV-E (more details on the calculation are available here). **Louisiana** qualified for this adjustment in FYs 2011-2014. Most recently, **Arizona** qualified for the adjustment in FYs 2024-2025 and **Nebraska** qualified in FY 2026. At this time, FFIS does not estimate that Nebraska will qualify in FY 2027 because its projected FMAP decline relative to the FY 2026 disaster-recovery adjusted FMAP is less than 3 percentage points.

The table below lists the projected change in each state's FMAP in FY 2027.

FY 2027 Preliminary FMAP Percentage-Point Change

Increases				Decreases				No Change	
North Dakota	1.53	Florida	0.15	Delaware	-0.93	New Mexico	-0.30	California	0.00
Iowa	0.66	Pennsylvania	0.15	Vermont	-0.81	Oregon	-0.29	Colorado	0.00
Illinois	0.40	Georgia	0.15	Montana	-0.76	West Virginia	-0.23	Connecticut	0.00
Rhode Island	0.40	Indiana	0.12	Kansas	-0.74	Arkansas	-0.22	District of Columbia	0.00
South Dakota	0.33	Idaho	0.11	Alaska	-0.73	Nevada	-0.18	Maryland	0.00
Minnesota	0.26	Mississippi	0.09	Maine	-0.73	Tennessee	-0.18	Massachusetts	0.00
Michigan	0.23	Wisconsin	0.07	Oklahoma	-0.57	Arizona	-0.16	New Hampshire	0.00
Kentucky	0.19	Louisiana	0.06	Missouri	-0.53	Nebraska	-0.16	New Jersey	0.00
				Hawaii	-0.45	South Carolina	-0.16	New York	0.00
				Virginia	-0.39	Alabama	-0.10	Washington	0.00
				North Carolina	-0.36	Ohio	-0.02	Wyoming	0.00
				Utah	-0.33	Texas	-0.02		

Highlights for FY 2027 projections include:

- FMAPs are projected to increase in 16 states (compared to 13 in FY 2026), with **North Dakota** (1.53) and **Iowa** (0.66) seeing the largest increases.
- FMAPs are projected to decline in 24 states (compared to 26 states in FY 2026). **Delaware** (-0.93) and **Vermont** (-0.81) could see the largest FMAP reductions. **Nebraska's** regular FMAP is projected to decline -0.16, but the decline is larger (-1.74) compared to its disaster-recovery adjustment FMAP in FY 2026.

- **Mississippi** is projected to retain the highest FMAP at 76.99, followed by **West Virginia** (73.99), and **Alabama** (72.53).
- The 10 states at the statutory 50.00 minimum FMAP in FY 2026 are projected to remain there in FY 2026. **Virginia** is projected to re-join these states (it was last at the floor in FY 2022).

Factors affecting FMAPs

Changes in FMAPs primarily result from per capita personal income shifts and data revisions. However, the formula doesn't necessarily capture recent economic trends because it relies on a three-year average and the data used to calculate the FMAP for a given year are outdated by the time the year begins. A state could see a reduction in its FMAP as its economy is declining and vice versa. For example, **Montana** and **Vermont** are projected to see a relatively large FMAP decline in 2027 even though their 2024 total state personal income growth was less than the national average.

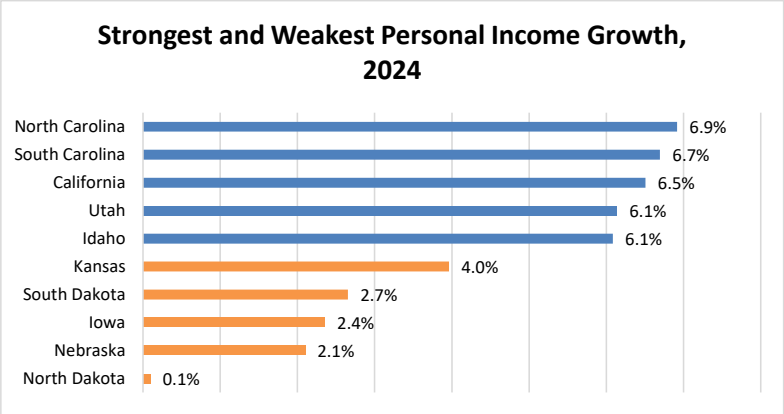
Population shifts can have a big impact on FMAPs. Low population growth or population losses in some states lead to relatively higher per capita personal income estimates, resulting in lower FMAPs. For example, estimated population losses contribute to the projected FY 2027 FMAP decline in **Vermont** and **West Virginia**.

Conversely, large population gains can lead to relatively lower per capita personal income estimates despite significant growth in personal income. **Florida** is one of the states projected to see an FMAP increase in FY 2027. It experienced the second largest percentage population gain in 2024, which led to below-average per capita personal income growth in 2024, even though its total personal income growth exceeded the national average.

Lastly, income changes in large wealthy states can affect the national average, which in turn affects FMAPs in other states. During the Great Recession, slow income growth in large wealthy states made other states relatively wealthier (by reducing the national average), thereby reducing the less-wealthy states' FMAPs while having no impact on the wealthy states, which received the statutory minimum. This factor started to come into play again with **California** and **New York** experiencing below-average personal income growth in 2022 and 2023. However, both states had above-average growth in 2024.

Enhanced FMAPs

CHIP uses an enhanced FMAP, subject to the availability of funds from a state's federal allotment. The enhanced FMAPs are calculated by reducing each state's Medicaid share by 30% and are capped at 85%. They are displayed in Table 2 and exclude the temporary FFCRA FMAP increases, which were incorporated into the formula for calculating the matching rate.



Personal Income Data

Personal income data are produced by BEA as part of the National Income and Product Accounts (NIPAs). State personal income is the income received by all persons in a state from all sources, including net earnings by place of residence, rental income, dividends, interest, and transfer payments. Nationally, personal income increased 5.4% in 2024, down from 5.9% growth in 2023. The table on the next page summarizes recent trends.

U.S. Personal Income ($ in billions)										
	2015	**2016**	**2017**	**2018**	**2019**	**2020**	**2021**	**2022**	**2023**	**2024**
Amount	$15,467	$15,885	$16,659	$17,514	$18,350	$19,601	$21,404	$22,077	$23,380	$24,633
% Change		*2.7%*	*4.9%*	*5.1%*	*4.8%*	*6.8%*	*9.2%*	*3.1%*	*5.9%*	*5.4%*

Net earnings increased 5.5% in 2024. Nationally, the largest contributors to earnings growth were health care and social assistance; state and local government; and professional, scientific, and technical services.

Table 3 shows the total personal income of states and regions for 2022-2024. The following chart lists the states with the strongest and weakest growth in this measure in 2024, which ranged from 6.9% in **North Carolina** to 0.1% in **North Dakota**.

Per Capita Personal Income Data

Nationally, per capita personal income grew 4.3% to $72,425 in 2024, as shown below.

U.S. Per Capita Personal Income										
	2015	**2016**	**2017**	**2018**	**2019**	**2020**	**2021**	**2022**	**2023**	**2024**
Amount	$48,062	$48,974	$51,006	$53,311	$55,567	$59,114	$64,450	$66,096	$69,418	$72,425
% Change		*1.9%*	*4.1%*	*4.5%*	*4.2%*	*6.4%*	*9.0%*	*2.6%*	*5.0%*	*4.3%*

The chart below lists the states with the strongest and weakest per capita personal income growth in 2024, which ranged from 5.9% in **California** to -0.8% in **North Dakota**.

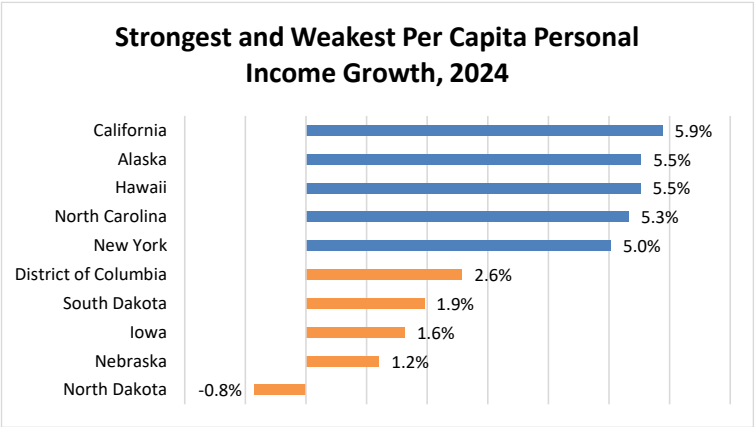


Table 4 provides details for states and regions. It also shows how each state's per capita personal income compares to the national average.

Next Steps

Final FY 2027 FMAPs and enhanced FMAPs will be based on revised per capita personal income data for 2022-2024, scheduled to be released by BEA on September 26. FFIS will recalculate FY 2027 FMAPs at that time.

Territories 4/	83.00	83.00	83.00	83.00	83.00	0.00	0.00	N/A

1/ FMAPs do not reflect the temporary 6.2 percentage-point FMAP increase from January 1, 2020 through March 31, 2023, and the subsequent phasedown through December 31, 2023.

2/ FMAPs do not reflect the temporary 5 percentage-point FMAP increase, included in the America Rescue Plan, for expanding Medicaid.

3/ FMAPs do not reflect the ACA disaster-recovery FMAP adjustment: Arizona (67.93 in FY 2024 and 65.65 in FY 2025) and Nebraska (55.94 in FY 2026).

4/ Congress has provided an FMAP increase for the territories: 76% for Puerto Rico through FY 2027 and a permanent 83% for other territories.

2025 SENATE STANDING COMMITTEE MINUTES

Appropriations - Human Resources Division
Harvest Room, State Capitol

HB 1012 a.m.
4/9/2025

A BILL for an Act to provide an appropriation for defraying the expenses of various divisions of the department of health and human services; relating to an extraordinary medical needs housing loan fund; relating to leases of the health and human services property, substance use disorder treatment program, basic care payment rates, and state of residence for child care assistance; to provide for a transfer; to authorize a line of credit; to provide legislative intent; to provide for a legislative management study; to provide an application; to provide an exemption; to provide for a report; and to provide an effective date.

9:48 a.m. Chairman Dever opened the hearing.

Members present: Chairman Dever and Senators Cleary, Davison, Magrum and Mathern.

Discussion Topics

- Fourplex Medical Home.
- Value-Based Care Incentive Program
- Disability Service Accreditation Study.

9:51 a.m. Senator Mathern discussed a proposed amendment for the fourplex medical home. The amendment is ready yet.

9:57 a.m. Senator Davison introduced an amendment LC #25.0156.02021 changing Section 40 - disability service accreditation, and Section 41 - value-based care, and submitted testimony #44846.

10:18 a.m. Keith Mantz, Financial Analyst, LC, clarified that Section 28 was to be removed.

10:20 a.m. Senator Cleary has a proposed amendment for a maternal health study.

10:21 a.m. Senator Magrum discussed his amendment and submitted testimony #44957.

10:27 a.m. Senator Davison introduced an amendment LC #25.0156.02000 and submitted testimony #44850.

10:31 a.m. Steph Gullickson, Financial Analyst, OMB, testified neutral and answered committee questions concerning language in bill pertaining to Family Voices.

10:33 a.m. Keith Mantz, Financial Analyst, LC, clarified that the grant for Family Voices would be an ongoing grant.

10:38 a.m. Donna Aukland, CFO, ND Department of Health and Human Services (ND DHHS) testified in favor, and submitted testimony #44851.

10:50 a.m. Keith Mantz, Financial Analyst, LC, clarified the changes to be made. Change the underfund from $30,000,000, to $11,036, 271, for the general fund portion, and add $4,7728,962, to other funds.

10:59 a.m. Chairman Dever started a discussion about the funding for behavioral health services for nursing homes and basic care facilities. This again is a revisit of funding.

11:11 a.m. Chairman Dever started a discussion of the funding for the state hospital. It was suggested to remove funding and go to the conference committee.

11:17 a.m. Senator Mathern distributed an evaluation of how many behavioral health beds are in our system and submitted testimony #44857. He will be talking about his proposed amendments.

11:24 a.m. Senator Cleary suggested removing state hospital funding and putting it in the OMB budget.

11:30 a.m. Keith Mantz, Financial Analyst, LC, asked what changes need to be made to Sections 16 and 18.

11:31 a.m. Chairman Dever suggested keeping Section 18 and taking out Section 16.

11:39 Keith Mantz, Financial Analyst, LC, clarified that the committee would like to give Altru 1 million for planning plus a line of credit.

11:42 a.m. Chairman Dever closed the hearing.

Joan Bares, Committee Clerk

25.0156.02021
Title.

Prepared by the Legislative Council staff for Senator Davison
April 8, 2025

Sixty-ninth
Legislative Assembly
of North Dakota

PROPOSED AMENDMENTS TO FIRST ENGROSSMENT

ENGROSSED HOUSE BILL NO. 1012

Introduced by

Appropriations Committee

A BILL for an Act to provide an appropriation for defraying the expenses of various divisions of the department of health and human services; to amend and reenact sections 50-06-06.6, 50-06-42, 50-24.5-02.3, and 50-33-05 of the North Dakota Century Code, relating to leases of department of health and human services property, substance use disorder treatment program, basic care payment rates, and state of residence for child care assistance; to provide for a transfer; to authorize a line of credit; to provide legislative intent; to provide for a legislative management study; to provide for a value-based care incentive program; to provide an application; to provide an exemption; to provide for a report; and to provide an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. APPROPRIATION. The funds provided in this section, or so much of the funds as may be necessary, are appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, and from other funds derived from special funds and federal funds, to the department of health and human services for the purpose of defraying the expenses of its various divisions, for the biennium beginning July 1, 2025, and ending June 30, 2027, as follows:

Subdivision 1.

SALARIES AND WAGES BLOCK GRANT

	Base Level	Adjustments or Enhancements	Appropriation
Salaries and wages block grant	$0	$596,284,775	$596,284,775

Total all funds	$0	$596,284,775	$596,284,775
Less other funds	0	286,720,150	286,720,150
Total general fund	$0	$309,564,625	$309,564,625

Subdivision 2.

BUSINESS OPERATIONS

	Base Level	Adjustments or Enhancements	Appropriation
Salaries and wages	$25,763,358	($25,763,358)	$0
Operating expenses	155,308,399	(77,023,770)	78,284,629
Capital assets	108,934	(108,934)	0
Grants	11,812,627	6,966,375	18,779,002
Total all funds	$192,993,318	($95,929,687)	$97,063,631
Less other funds	118,894,310	(71,526,221)	47,368,089
Total general fund	$74,099,008	($24,403,466)	$49,695,542

Subdivision 3.

BEHAVIORAL HEALTH

	Base Level	Adjustments or Enhancements	Appropriation
Salaries and wages	$8,792,675	($8,792,675)	$0

Adaptive recreation grant	200,000	0	200,000
Intermediate care facility grant	3,457,736	0	3,457,736
Juvenile justice diversion services	750,000	0	750,000
Animal shelter grant	0	300,000	300,000
Statewide health strategies	0	750,000	750,000
Critical access hospital networking	0	2,000,000	2,000,000
Total	$18,031,736	$379,587,784	$397,619,520

SECTION 3. FUNDING TRANSFERS - EXEMPTION - AUTHORIZATION - REPORT. Notwithstanding section 54-16-04, the director of the office of management and budget shall transfer appropriation authority between line items within subdivisions 1, 2, 3, 4, 5, and 6 of section 1 of this Act and any other appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly, for the biennium beginning July 1, 2025, and ending June 30, 2027, as requested by the department of health and human services. The department of health and human services shall notify the legislative council of any transfer made pursuant to this section. The department of health and human services shall report to the budget section after June 30, 2026, any transfer made in excess of $50,000 and to the appropriations committees of the seventieth legislative assembly regarding any transfers made pursuant to this section.

SECTION 4. FULL-TIME EQUIVALENT POSITION BLOCK GRANT PROGRAM - REPORT. Section 1 of this Act includes funding for a full-time equivalent position block grant program. This funding as approved by the sixty-ninth legislative assembly is available for defraying the expense of full-time equivalent positions as determined by the department of health and human services. Notwithstanding any other provision of law, the department is authorized to increase or decrease authorized full-time equivalent positions subject to the availability of funds and the provisions of this section. The department of health and human services many not increase full-time equivalent positions for the purpose of transferring human service zone employees to state employment. Pursuant to section 3 of this Act, the department is authorized to transfer appropriation authority of up to the underfunded amount of $30,000,000 to the salaries and wages block grant line item. The department of health and human services

shall report to the office of management and budget and legislative council any adjustments to full-time equivalent positions.

SECTION 5. DEPARTMENT OF HEALTH AND HUMAN SERVICES - SALARIES AND WAGES BLOCK GRANT - VACANT POSITIONS - REPORT. The department of health and human services shall report to the budget section quarterly during the 2025-26 interim regarding the status of its salaries and wages block grant and vacant positions and employee turnover. The report must include:

1. The legislative appropriation for salaries and wages allocated by the department to major department programs by funding source and the number of FTE positions the department is allocating to each major program based on the legislative appropriation;
2. Any changes to salaries and wages funding or FTE positions allocated to major department programs;
3. Any new FTE positions added, the cost of the position for the remainder of the biennium, and the cost to continue funding the position in the subsequent biennium by funding source;
4. Any FTE positions removed and related funding;
5. The number of FTE positions that become vacant and the number filled each month;
6. The number of vacant FTE positions at the end of each month;
7. Salaries and wages savings resulting from vacant positions and employee turnover each month by funding source; and
8. The use of salaries and wages savings for other purposes for each month by funding source.

SECTION 6. BEHAVIORAL HEALTH FACILITY GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION.

1. Section 1 of this Act includes the sum of $12,960,000 from the strategic investment and improvements fund for a behavioral health facility grant pursuant to this section.
2. A grant of $12,960,000 must be provided to establish a behavioral health facility in the northeast human service region. The grant recipient must provide matching funds of $3,240,000 to establish the facility.

3. The department shall require an entity receiving funding under this section to operate the facility for at least ten years and require the grant amount to be repaid if the entity does not operate the facility for at least ten years.
4. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 7. COMMUNITY CULTURAL CENTER GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION. Section 1 of this Act includes the sum of $1,000,000 from the strategic investment and improvements fund for the purpose of providing a one-time community cultural center grant in the west central human service region. An entity may apply for a grant under this section if the entity certifies to the department it has secured at least fifty percent of funds needed to complete the project, the project will be completed within two years of receiving the grant funds, and the grants funds will be used only for costs of constructing a community cultural center. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 8. JUVENILE JUSTICE DIVERSION SERVICES AND PROGRAMS - TASK FORCE - REPORT. Section 1 of this Act includes the sum of $750,000 from the general fund for juvenile justice diversion services and programs. The department of health and human services must use the funding for services to youth at risk of juvenile justice involvement but who have not committed delinquent acts as defined in chapter 27-20.4.

The department shall establish a task force with representation from divisions in the department, human service zones, the department of public instruction, elementary and secondary schools, and members of the legislative assembly, to review juvenile justice diversion services and program. The department shall report its findings and recommendations to the legislative management and children's cabinet.

SECTION 9. ANIMAL SHELTER GRANT - COMMUNITY HEALTH TRUST FUND. Section 1 of this Act includes the sum of $300,000 from the community health trust fund for a grant for the construction of an animal shelter. The department of health and human services may award a grant for the construction of an animal shelter to an organization that provides twenty dollars of nonstate matching funds for every dollar of grant funds received. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 10. STATEWIDE HEALTH STRATEGIES - COMMUNITY HEALTH TRUST FUND. Section 1 of this Act includes the sum of $750,000 of one-time funding from the community health trust fund for the statewide health strategies initiative. The department of health and human services may spend the funding upon securing dollar-for-dollar matching funds.

SECTION 11. OTHER FUNDS - INSURANCE TAX DISTRIBUTION FUND. The other funds line item in subdivision 5 of section 1 of this Act includes the sum of $1,125,000 from the insurance tax distribution fund for rural emergency medical services grants.

SECTION 12. OTHER FUNDS - COMMUNITY HEALTH TRUST FUND. The other funds line items in section 1 of this Act includes the sum of $38,713,522 from the community health trust fund for the following purposes:

Loan repayment programs	$594,500
Tobacco and vaping programs	11,599,698
Cancer and women's way programs	909,824
Behavior risk state survey	200,000
Domestic violence programs	4,250,000
Local public health grants	3,275,000
988 crisis hotline	1,867,500
Various information technology system upgrades	2,967,000
Grants to rural ambulances	7,000,000
Law enforcement rural crisis support program	1,000,000
Development of partial hospitalization/intensive day treatment	2,000,000
Critical access hospital networking	2,000,000
Animal shelter grant	300,000
Statewide health strategies	750,000
Total	$38,713,522

SECTION 13. OTHER FUNDS - HUMAN SERVICE FINANCE FUND. The other funds line items in section 1 of this Act includes the sum of $239,112,030 from the human service finance fund for state-paid economic assistance and social and human services.

SECTION 14. OTHER FUNDS - OPIOID SETTLEMENT FUND. The other funds line item in section 1 of this Act includes the sum of $8,000,000 from the opioid settlement fund for opioid remediation and abatement efforts.

SECTION 15. OTHER FUNDS - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND. The other funds line items in section 1 of this Act includes the sum of $227,474,784 from the strategic investment and improvements fund for the following purposes:

Retiring technology from the mainframe	$7,500,000
Move into the new state laboratory and purchase security equipment	2,962,304
Capital projects in human service centers and life skills and transition center	1,052,480
Housing initiative programs	1,000,000
Technology projects at the state hospital	1,000,000
New state hospital	200,000,000
Behavioral health facility grant	12,960,000
Community cultural center grant	1,000,000
Total	$227,474,784

SECTION 16. OTHER FUNDS - BANK OF NORTH DAKOTA LINE OF CREDIT - STATE HOSPITAL PROJECT. The other funds line item in subdivision 2 of section 1 of this Act includes $130,000,000 from a Bank of North Dakota line of credit. The department of health and human services may borrow up to $130,000,000 through a line of credit from the Bank of North Dakota during the biennium beginning July 1, 2025, and ending June 30, 2027, for costs associated with the construction of a new state hospital. The interest rate on the line of credit may not exceed the prevailing interest rate charged to North Dakota governmental entities. If the department accesses the line of credit, it shall request a deficiency appropriation from the seventieth legislative assembly to repay the line of credit.

SECTION 17. LABORATORY BUILDING STEERING COMMITTEE. The department of health and human services shall maintain the laboratory building steering committee to oversee the design and construction of the laboratory building project, for the biennium beginning July 1, 2025, and ending June 30, 2027, or until work is completed, whichever occurs earlier. The committee must include representation from the department of health and human services, department of environmental quality, office of management and budget, the governor's office, and the legislative assembly. The legislative assembly representation must include one member

of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

SECTION 18. NEW STATE HOSPITAL - STEERING COMMITTEE. The department of health and human services shall establish a new state hospital facility steering committee to oversee the design and construction of a new state hospital facility, for the biennium beginning July 1, 2025, and ending June 30, 2027. The committee must include one member of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

SECTION 19. CAPITAL PAYMENTS. During the biennium beginning July 1, 2025, and ending June 30, 2027, the department of health and human services is authorized to expend funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center. Pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly. The department of health and human services may transfer funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center ahead of the special needs assessments schedule. Notwithstanding section 54-27-12, the department of health and human services may spend funds for the payment of special assessments at the state hospital and life skills and transition center.

SECTION 20. CAPITAL PROJECTS - EMERGENCY COMMISSION AND BUDGET SECTION APPROVAL. During the biennium beginning July 1, 2025, and ending June 30, 2027, pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly for capital projects and maintenance pertaining to operation of its facilities, including demolition projects. Notwithstanding section 54-27-12, the department of health and human services may spend up to $10,000,000 for capital projects and maintenance pertaining to operation of its facilities, including demolition projects, under this section and may

seek emergency commission and budget section approval to spend more than $10,000,000 under this section.

SECTION 21. PERMANENT SUPPORTIVE HOUSING GRANTS. Section 1 of this Act includes the sum of $4,672,536 from the general fund for permanent supportive housing grants. The department of health and human services shall develop a funding methodology to distribute the funding to qualified entities that utilize best practices for permanent supportive housing, provide recovery-oriented and person-centered services, submit process and outcome measures to the department of health and human services, and authorize the department of health and human services to conduct onsite visits to review program operations.

SECTION 22. EXPENDITURES MAY NOT EXCEED APPROPRIATION - MEDICAL ASSISTANCE EXPANSION PROGRAM - APPLICATION.

1. Section 1 of this Act includes the sum of $662,099,340, of which $66,209,934 is from the general fund, for the medical assistance expansion program, for the biennium beginning July 1, 2025, and ending June 30, 2027. The expenditures for individuals eligible for the medical assistance expansion program may not exceed this amount.
2. The department of health and human services may exceed appropriations for increases in medical assistance expansion program caseload, for the addition of coverage consistent with the traditional Medicaid 1915(i) state plan, utilization rates, and reduction in federal medical assistance percentage.
3. The managed care organization under contract with the department of health and human services to manage the medical assistance expansion program shall reimburse providers within the same provider type and specialty at consistent levels and with consistent methodology and may not provide incentive, quality, or supplemental payments to providers, unless part of a value-based program approved by the department of health and human services. The managed care organization shall reimburse all North Dakota substance use providers of American society of addiction medicine level 2.5 at consistent levels and with consistent methodology. The managed care organization may consider urban and rural providers as different provider types.
4. The managed care organization and the department of health and human services shall ensure payments to Indian or Tribal 638 health care providers, federally qualified health centers,and rural health clinics meet the federally required minimum levels of

reimbursement. Critical access hospitals may not be paid less than one hundred percent of Medicare allowable costs and human service centers may not be paid less than one hundred percent of the current traditional Medicaid rate. Behavioral health services involving partial hospitalization, intensive outpatient, professional services, and residential behavioral health services provided in facilities that are not institutions for mental diseases are not subject to the provisions in subsection 6.

5. The department of health and human services shall ensure providers within the same provider type and specialty are reimbursed at consistent levels and with consistent methodology and shall ensure the capitation rates under risk contracts are actuarially sound and are adequate to meet managed care organization contractual requirements regarding availability of services, assurance or adequate capacity and services, and coordination and continuity of care.

6. Except for the provisions in subsection 4, managed care organization premium payments must be built using the assumption that rates paid to providers under the medical assistance expansion program may not exceed one hundred forty-five percent of Medicare reimbursement rates paid to providers on January 1, 2025.

SECTION 23. HUMAN SERVICE CENTERS - CERTIFIED COMMUNITY BEHAVIORAL HEALTH CLINICS - FULL-TIME EQUIVALENT POSITIONS - REPORT. The department of health and human services shall continue the process of the human service centers becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults. The department of health and human services shall pursue additional federal funding as available. Subject to the availability of generated income, the department of health and human services may add full-time equivalent positions for the clinics to provide direct services for the period beginning with the effective date of this Act and ending June 30, 2027. The department of health and human services shall report to the office of management and budget and legislative council each time a position is added.

SECTION 24. INTERMEDIATE CARE FACILITY MORATORIUM. The department of health and human services may not add any new licensed intermediate care facility for individuals with intellectual disabilities beds to the state's licensed bed capacity between July 1, 2025, and June 30, 2027.

SECTION 25. EXEMPTION - UNEXPENDED APPROPRIATIONS. The following appropriations are not subject to the provisions of section 54-44.1-11 and any unexpended appropriation authority may be continued into the biennium beginning July 1, 2025, and ending June 30, 2027:

1. The sum of $3,674,757 appropriated from the general fund and the sum of $25,918,566 appropriated from federal funds for the Medicaid management information system modularization technology project in chapter 12 of the 2021 Session Laws;
2. The sum of $14,411,218 appropriated from the general fund and the sum of $14,411,218 appropriated from federal funds for the child welfare technology project in chapter 12 of the 2021 Session Laws;
3. The sum of $20,366,271 appropriated from the community health trust fund and the sum of $39,534,525 appropriated from federal funds for the child support computer replacement project in chapter 44 of the 2023 Session Laws;
4. The sum of $10,989,217 appropriated from the strategic investment and improvements fund for the procurement and grants management system in chapter 44 of the 2023 Session Laws;
5. The sum of $4,150,000 appropriated from the general fund for defraying the expenses of additional human service centers to begin the process of becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults in chapter 44 of the 2023 Session Laws;
6. The sum of $18,941,847 appropriated to the department of health and human services in chapter 549 of the 2021 Special Session Laws;
7. The sum of $55,120,000 appropriated from the federal state fiscal recovery fund for a public health laboratory capital project in chapter 4 of the 2023 Session Laws;
8. The sum of $5,000,000 appropriated from the general fund for the purpose of employer-led child care cost-share program in chapter 446 of the 2023 Session Laws;
9. The sum of $986,555 appropriated from the general fund for the purpose of streamlining background checks project in chapter 446 of the 2023 Session Laws;

10. The sum of $2,223,981 appropriated from the federal state fiscal recovery fund for the implementation of a virtual behavioral health crisis care program for rural law enforcement in chapter 44 of the 2023 Session Laws; and
11. The sum of $500,000 appropriated from the general fund and the sum of $500,000 appropriated from federal funds for the purpose of program integrity audits in chapter 44 of the 2023 Session Laws.
12. The sum of $1,950,000 appropriated from the general fund to the department of health and human services for a northwest human service region behavioral health facility grant in chapter 44 of the 2023 Session Laws.

SECTION 26. LEGISLATIVE INTENT - UTILIZATION RATE ADJUSTMENT. It is the intent of the sixty-ninth legislative assembly that the department of health and human services seek a deficiency appropriation from the seventieth legislative assembly for any expenditures that exceed appropriated amounts as a result of underfunding, utilization rates, value-based purchasing for nursing facilities, reduction in federal medical assistance percentage, and unexpected contract cost increases that exceed ten percent, during the biennium beginning July 1, 2025, and ending June 30, 2027, if funding is not sufficient to pay actual expenses.

SECTION 27. LEGISLATIVE INTENT - PROVIDER RATE INCREASE. Except as otherwise noted, section 1 of this Act includes funding for human service provider inflation increases of two percent for each year of the biennium beginning July 1, 2025, and ending June 30, 2027. The provider inflation increase in this section does not apply to nursing facilities.

SECTION 28. LEGISLATIVE INTENT - DEVELOPMENTAL DISABILITIES PROVIDER ACCREDITATION REQUIREMENT. It is the intent of the sixty-ninth legislative assembly that the department of health and human services eliminate its administrative rule requirement that providers of developmental disabilities services be accredited as a condition of being eligible for receiving payments for services from the department of health and human services.

SECTION 29. LEGISLATIVE INTENT - MEDICAL ASSISTANCE. It is the intent of the sixty-ninth legislative assembly that the department of health and human services review the amount, duration, coverage, utilization rates, medical necessity, and scope of medical assistance services, and may implement any adjustments the department determines appropriate.

SECTION 30. FEDERAL FUNDING APPEAL LIMITATION. Except as otherwise specifically provided by federal law, a person may not appeal a denial, revocation, reduction in services or payment, or the termination of a program or service by the department of health and human services dues to the unavailability of federal coronavirus funding received under federal law resulting from the federal coronavirus pandemic emergency declarations, for the biennium beginning July 1, 2025, and ending June 30, 2027.

SECTION 31. DEPARTMENT OF HEALTH AND HUMAN SERVICES - LONG-TERM STRUCTURED RESIDENCES PLAN - REPORT. During the 2025-26 interim, the department of health and human services shall review options and develop a plan to establish long-term structured residences. The department shall review necessary changes to statutes, rules, policies, and the estimated fiscal impact of establishing the residences. A long-term structured residence must be a highly structured therapeutic residential mental health treatment facility that is staffed continuously and designed to treat adults under chapters 12.1-04.1 and 25-03.1 who have severe and persistent mental illness and who have reached the maximum benefit from the mental health resources available elsewhere in the community or hospital. The department shall present a report to the legislative management by October 1, 2026, regarding its plan to establish long-term structured residences.

SECTION 32. AMENDMENT. Section 50-06-06.6 of the North Dakota Century Code is amended and reenacted as follows:

50-06-06.6. Department may lease real and personal property.

The commissioner of the department or commissioner's designee may lease ~~surplus farm and pastureland at the state hospital and the life skills and transition center. The commissioner or designee also may enter into further leases of~~ real or personal property at the life skills and transition center or the state hospital upon a specific finding that the granting of each such leasehold interest will result in a net economic gain for the department, taking into account all identifiable costs. Any lease of space for the purpose of providing child care services must meet requirements as determined by the department. The commissioner of the department or commissioner's designee may prescribe the terms and conditions of any leases entered into pursuant to this section and may renew existing leases. ~~Any~~The term of any lease ~~entered into must be subject to renewal or cancelable each biennium~~may not exceed ninety-nine years.

SECTION 33. AMENDMENT. Section 50-06-42 of the North Dakota Century Code is amended and reenacted as follows:

50-06-42. Substance use disorder treatment voucher system - Mental health treatment voucher system for incarcerated individuals.

1. The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's substance abuse treatment system and to assist in the payment of addiction treatment services and medical costs provided by licensed substance abuse treatment programs, excluding regional human service centers and hospital- or medical clinic-based programs for medical management of withdrawal.
   a. An out-of-state licensed substance abuse treatment program located within a bordering state may participate in the voucher program to serve an underserved area of this state pursuant to the rules adopted by the department. The department shall develop rules to include processes and requirements for an out-of-state provider to receive reimbursement only for outpatient and community-based services upon a provider completing an assessment of need and receiving approval from the department.
   ~~2.~~b. Services eligible for the voucher program include only those levels of care recognized by the American society of addiction medicine, with particular emphasis given to underserved areas and programs. The department shall ensure that a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers collects and reports process and outcome measures.
   ~~3.~~c. The department shall develop requirements and provide training and technical assistance to a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers. A licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers shall provide evidence-based services.
   ~~4.~~d. The department shall allocate funding appropriated for the substance use disorder treatment voucher as follows:
      ~~a.~~ ~~No~~

(1) Except as provided in paragraphs 3 and 4, no more than ~~forty-five~~fifty percent of the appropriated amount may be allocated for residential substance use disorder services administered by licensed substance abuse treatment programs with more than sixteen beds.

~~b.~~(2) The remaining appropriation must be allocated for residential programs with sixteen or fewer beds, nonresidential outpatient, and ancillary substance use disorder services administered by licensed substance abuse treatment programs.

(3) The department, during the last quarter of the biennium, may reallocate projected unused funds that were allocated under paragraph 2 to residential facilities outlined in paragraph 1.

(4) The department may reimburse a licensed substance abuse treatment program with more than sixteen beds the incurred direct medical costs of an eligible individual who does not have resources to cover the medical costs. The department may develop rules and may not exceed the total amount appropriated for medical cost reimbursement.

2. The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's mental health treatment system for individuals detained or confined in a county jail or detention center or regional corrections center and to assist in the payment of mental health treatment services provided by a licensed mental health professional acting within their scope of practice, excluding a regional human service center.

a. Services eligible for the voucher program include only diagnostic assessment and mental health therapy for individuals with a mental health concern detained or confined in a county jail or detention center or regional corrections center. The department shall ensure that a licensed mental health professional accepting vouchers collects and reports process and outcome measures.

b. The department shall develop requirements and provide training and technical assistance to licensed mental health professionals accepting vouchers. A licensed mental health professional shall provide evidence-based services.

SECTION 34. AMENDMENT. Section 50-24.5-02.3 of the North Dakota Century Code is amended and reenacted as follows:

50-24.5-02.3. Basic care payment rates.

1. The department shall determine limits for the care of residents of basic care facilities that qualify as vendors of an aged, blind, and disabled persons program and for implementing provisions of this chapter based on data demonstrating the most recent costs that must be incurred for the care of residents in efficiently and economically operated basic care facilities. The department shall determine the limits every four years by July first, beginning with July 1, 2023.
2. The department shall establish the limits by using the median rates from the most recent data available. The direct care limit must be the median plus eighteen percent. The indirect care limit must be the median plus twelve percent.
3. For the rate year beginning July 1, 2023, the department shall increase rates and limits three and one-half percent for inflation. For the rate year beginning July 1, 2024, the department shall increase rates and limits three and one-half percent for inflation.
4. The department shall provide a rate increase in the amount of five dollars per day for the period beginning July 1, 2023, and ending June 30, ~~2025~~2027, after which the increase is not effective. This rate increase may not be included in any calculation of inflation increase.
5. Within the limits of legislative appropriations, the department shall establish an uncompensated care expense of three hundred sixty-five days.

SECTION 35. AMENDMENT. Section 50-33-05 of the North Dakota Century Code is amended and reenacted as follows:

50-33-05. State of residence.

Only child care assistance units physically residing within the boundaries of the state are eligible for child care assistance, unless the individual is employed by an early childhood program within the boundaries of the state and the individual has been approved for the state's child care assistance child care workforce benefit.

SECTION 36. HOUSING AVAILABILITY ASSESSMENT - COLLABORATION WITH HOUSING FINANCE AGENCY. The department of health and human services shall collaborate with the North Dakota housing finance agency and other appropriate stakeholders to assess the

availability of housing for individuals requiring extraordinary health care support services, for the biennium beginning July 1, 2025, and ending June 30, 2027. Based on the results of the assessment, if necessary, the department shall develop a plan to expand access to housing providing the least restrictive environment for individuals requiring extraordinary health care support services.

SECTION 37. BEHAVIORAL HEALTH CLINICS, NORTH DAKOTA STATE HOSPITAL, AND LIFE SKILLS AND TRANSITION CENTER FUNDING. Section 1 of this Act includes funding for the behavioral health clinics, North Dakota state hospital, and life skills and transition center as follows:

1.	Behavioral health clinics:		
	a.	Salaries and wages	$156,967,103
	b.	Operating and capital	64,131,965
	c.	Total	$221,099,068
2.	State hospital:		
	a.	Salaries and wages	$68,775,551
	b.	Operating and capital	350,880,155
	c.	Total	$419,655,706
3.	Life skills and transition center:		
	a.	Salaries and wages	$55,540,213
	b.	Operating and capital	15,207,658
	c.	Total	$70,747,871

SECTION 38. LEGISLATIVE MANAGEMENT STUDY - STUDENT TRUANCY AND ABSENTEEISM. The legislative management shall consider studying, during the 2025-26 interim, truancy and student absenteeism in kindergarten through grade twelve public schools. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 39. LEGISLATIVE MANAGEMENT STUDY - OBESITY HEALTH IMPLICATIONS. The legislative management shall consider studying, during the 2025-26 interim, the health implications of obesity on the residents of the state and options to increase access to prevention and treatments for obesity. If conducted, the study must review costs associated with obesity including comorbidities, treatments available for obesity, obesity

diagnosis guidelines including use of body mass index compared with percentage of body fat, and examining the difference between being an individual who is healthy and overweight as compared to an obese individual. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 40. DISABILITY SERVICE ACCREDITATION STUDY - LEGISLATIVE MANAGEMENT REPORT. During the 2025-26 interim, the department of health and human services shall study accreditation requirements and provider costs for serving individuals with intellectual and developmental disabilities, including the cost of accreditation relative to the cost of providing services and reimbursement. The department shall report its findings, and any legislation necessary to implement recommendations arising from its findings, to the legislative management by September 1, 2026.

SECTION 41. VALUE-BASED CARE INCENTIVE PROGRAM - PAYMENT WITHHOLD FOR NURSING FACILITIES - COLLABORATION WITH NORTH DAKOTA LONG TERM CARE ASSOCIATION. During the 2025-26 interim, the department of health and human services, in collaboration with the North Dakota long term care association, shall develop a payment withhold structure for value-based payments to fund the value-based care incentive program for nursing facilities. The department shall implement the payment withhold beginning July 1, 2027. The department may not implement a payment withhold before July 1, 2027.

SECTION 42. LEGISLATIVE MANAGEMENT REPORT - BEHAVIORAL HEALTH FACILITY GRANTS. During the 2025-26 interim the department of health and human services shall provide reports to the legislative management regarding the award of grant funding to increase the number of behavioral health beds in the state.

SECTION 43. EFFECTIVE DATE. Section 33 of this Act becomes effective on July 1, 2026.

ENGROSSED HOUSE BILL NO. 1012
FIRST ENGROSSMENT (25.0156.02000)

Page 5, line 2 will need to be adjust to $50,000.

Page 5, line 3 will need to be adjust to $4,400,000.

SECTION XX. INTERMEDIATE CARE FACILITY GRANT – APPLICATION.
Section 1 of this Act includes the sum of $4,400,000 from the general fund for the purpose of providing a one-time grant to a provider in the south central human service region. An entity may receive the grant under this section if the entity is an intermediate care facility, provides early intervention, clinical services, residential services, community and home support, education, recreation and leisure, and assistive technology, provides services in at least eight communities for individuals with intellectual or developmental disabilities, and the grant funds will be used only for the costs of providing services to medically and behaviorally complex children and young adults. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION XX. SPECIAL HEALTH CARE NEEDS GRANT – APPLICATION.
Section 1 of this Act includes the sum of $50,000 from the general fund for the purpose of providing a one-time grant to a provider in the south central human service region. An entity may receive the grant under this section if the entity provides state-wide educational, informational, training and workshops, and peer support to families with children with special health care needs, medically complex, or have a disability and the grant funds will be used only for the costs of such services. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

PROPOSED AMENDMENTS TO FIRST ENGROSSMENT

ENGROSSED HOUSE BILL NO. 1012

Introduced by

Appropriations Committee

A BILL for an Act to provide an appropriation for defraying the expenses of various divisions of the department of health and human services; to provide an appropriation to the legislative council for contracting for a disability services study; to amend and reenact sections 50-06-06.6, 50-06-42, 50-24.5-02.3, and 50-33-05 of the North Dakota Century Code, relating to leases of department of health and human services property, substance use disorder treatment program, basic care payment rates, and state of residence for child care assistance; to provide for a transfer; to authorize a line of credit; to provide legislative intent; to provide for a legislative management study; to provide an application; to provide an exemption; to provide for a report; and to provide an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. APPROPRIATION. The funds provided in this section, or so much of the funds as may be necessary, are appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, and from other funds derived from special funds and federal funds, to the department of health and human services for the purpose of defraying the expenses of its various divisions, for the biennium beginning July 1, 2025, and ending June 30, 2027, as follows:

Subdivision 1.

SALARIES AND WAGES BLOCK GRANT

	Base Level	Adjustments or Enhancements	Appropriation

Salaries and wages block grant	$0	$596,284,775	$596,284,775

Full-time equivalent positions	2,483.83	204.52	2,688.35

SECTION 2. ONE TIME FUNDING - EFFECT ON BASE BUDGET - REPORT TO SEVENTIETH LEGISLATIVE ASSEMBLY. The following amounts reflect the one-time funding items included in section 1 of this Act which are not included in the entity's base budget for the 2027-29 biennium and which the entity shall report to the appropriations committees of the seventieth legislative assembly regarding the use of this funding:

One-Time Funding Description	General Fund	Other Funds	Total
Technology projects	$0	$10,263,000	$10,263,000
Human service centers and life skills and transition center projects	0	1,052,480	1,052,480
Retire mainframe	0	15,000,000	15,000,000
Child care programs	13,272,500	0	13,272,500
Housing programs	0	1,000,000	1,000,000
State laboratory move and equipment	0	2,962,304	2,962,304
Partial hospitalization day treatment	0	2,000,000	2,000,000
Developmental disabilities eligibility assessment tool for kids	200,000	200,000	400,000

Toxicology equipment	151,500	100,000	251,500
New state hospital	0	330,000,000	330,000,000
Behavioral health facility grant	0	12,960,000	12,960,000
Cultural community center grant	0	1,000,000	1,000,000
Adaptive recreation grant	200,000	0	200,000
Intermediate care facility grant	3,457,736	0	3,457,736
Juvenile justice diversion services	750,000	0	750,000
Animal shelter grant	0	300,000	300,000
Statewide health strategies	0	750,000	750,000
Critical access hospital networking	0	2,000,000	2,000,000
Total	$18,031,736	$379,587,784	$397,619,520

SECTION 3. FUNDING TRANSFERS - EXEMPTION - AUTHORIZATION - REPORT. Notwithstanding section 54-16-04, the director of the office of management and budget shall transfer appropriation authority between line items within subdivisions 1, 2, 3, 4, 5, and 6 of section 1 of this Act and any other appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly, for the biennium beginning July 1, 2025, and ending June 30, 2027, as requested by the department of health and human services. The department of health and human services shall notify the legislative council of any transfer made pursuant to this section. The department of health and human services shall report to the budget section after June 30, 2026, any transfer made in excess of $50,000 and to the appropriations committees of the seventieth legislative assembly regarding any transfers made pursuant to this section.

SECTION 4. FULL-TIME EQUIVALENT POSITION BLOCK GRANT PROGRAM - REPORT. Section 1 of this Act includes funding for a full-time equivalent position block grant program. This funding as approved by the sixty-ninth legislative assembly is available for defraying the expense of full-time equivalent positions as determined by the department of health and human services. Notwithstanding any other provision of law, the department is authorized to increase or decrease authorized full-time equivalent positions subject to the availability of funds and the provisions of this section. The department of health and human services many not increase full-time equivalent positions for the purpose of transferring human service zone employees to state employment. Pursuant to section 3 of this Act, the department

is authorized to transfer appropriation authority of up to the underfunded amount of $30,000,000 to the salaries and wages block grant line item. The department of health and human services shall report to the office of management and budget and legislative council any adjustments to full-time equivalent positions.

SECTION 5. DEPARTMENT OF HEALTH AND HUMAN SERVICES - SALARIES AND WAGES BLOCK GRANT - VACANT POSITIONS - REPORT. The department of health and human services shall report to the budget section quarterly during the 2025-26 interim regarding the status of its salaries and wages block grant and vacant positions and employee turnover. The report must include:

1. The legislative appropriation for salaries and wages allocated by the department to major department programs by funding source and the number of FTE positions the department is allocating to each major program based on the legislative appropriation;
2. Any changes to salaries and wages funding or FTE positions allocated to major department programs;
3. Any new FTE positions added, the cost of the position for the remainder of the biennium, and the cost to continue funding the position in the subsequent biennium by funding source;
4. Any FTE positions removed and related funding;
5. The number of FTE positions that become vacant and the number filled each month;
6. The number of vacant FTE positions at the end of each month;
7. Salaries and wages savings resulting from vacant positions and employee turnover each month by funding source; and
8. The use of salaries and wages savings for other purposes for each month by funding source.

SECTION 6. BEHAVIORAL HEALTH FACILITY GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION.

1. Section 1 of this Act includes the sum of $12,960,000 from the strategic investment and improvements fund for a behavioral health facility grant pursuant to this section.
2. A grant of $12,960,000 must be provided to establish a behavioral health facility in the northeast human service region. The grant recipient must provide matching funds of $3,240,000 to establish the facility.

3. The department shall require an entity receiving funding under this section to operate the facility for at least ten years and require the grant amount to be repaid if the entity does not operate the facility for at least ten years.
4. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 7. COMMUNITY CULTURAL CENTER GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION. Section 1 of this Act includes the sum of $1,000,000 from the strategic investment and improvements fund for the purpose of providing a one-time community cultural center grant in the west central human service region. An entity may apply for a grant under this section if the entity certifies to the department it has secured at least fifty percent of funds needed to complete the project, the project will be completed within two years of receiving the grant funds, and the grants funds will be used only for costs of constructing a community cultural center. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 8. JUVENILE JUSTICE DIVERSION SERVICES AND PROGRAMS - TASK FORCE - REPORT. Section 1 of this Act includes the sum of $750,000 from the general fund for juvenile justice diversion services and programs. The department of health and human services must use the funding for services to youth at risk of juvenile justice involvement but who have not committed delinquent acts as defined in chapter 27-20.4.

The department shall establish a task force with representation from divisions in the department, human service zones, the department of public instruction, elementary and secondary schools, and members of the legislative assembly, to review juvenile justice diversion services and program. The department shall report its findings and recommendations to the legislative management and children's cabinet.

SECTION 9. ANIMAL SHELTER GRANT - COMMUNITY HEALTH TRUST FUND. Section 1 of this Act includes the sum of $300,000 from the community health trust fund for a grant for the construction of an animal shelter. The department of health and human services may award a grant for the construction of an animal shelter to an organization that provides twenty dollars of nonstate matching funds for every dollar of grant funds received. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 10. STATEWIDE HEALTH STRATEGIES - COMMUNITY HEALTH TRUST FUND. Section 1 of this Act includes the sum of $750,000 of one-time funding from the community health trust fund for the statewide health strategies initiative. The department of health and human services may spend the funding upon securing dollar-for-dollar matching funds.

SECTION 11. OTHER FUNDS - INSURANCE TAX DISTRIBUTION FUND. The other funds line item in subdivision 5 of section 1 of this Act includes the sum of $1,125,000 from the insurance tax distribution fund for rural emergency medical services grants.

SECTION 12. OTHER FUNDS - COMMUNITY HEALTH TRUST FUND. The other funds line items in section 1 of this Act includes the sum of $38,713,522 from the community health trust fund for the following purposes:

Loan repayment programs	$594,500
Tobacco and vaping programs	11,599,698
Cancer and women's way programs	909,824
Behavior risk state survey	200,000
Domestic violence programs	4,250,000
Local public health grants	3,275,000
988 crisis hotline	1,867,500
Various information technology system upgrades	2,967,000
Grants to rural ambulances	7,000,000
Law enforcement rural crisis support program	1,000,000
Development of partial hospitalization/intensive day treatment	2,000,000
Critical access hospital networking	2,000,000
Animal shelter grant	300,000
Statewide health strategies	750,000
Total	$38,713,522

SECTION 13. OTHER FUNDS - HUMAN SERVICE FINANCE FUND. The other funds line items in section 1 of this Act includes the sum of $239,112,030 from the human service finance fund for state-paid economic assistance and social and human services.

SECTION 14. OTHER FUNDS - OPIOID SETTLEMENT FUND. The other funds line item in section 1 of this Act includes the sum of $8,000,000 from the opioid settlement fund for opioid remediation and abatement efforts.

SECTION 15. OTHER FUNDS - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND. The other funds line items in section 1 of this Act includes the sum of $227,474,784 from the strategic investment and improvements fund for the following purposes:

Retiring technology from the mainframe	$7,500,000
Move into the new state laboratory and purchase security equipment	2,962,304
Capital projects in human service centers and life skills and transition center	1,052,480
Housing initiative programs	1,000,000
Technology projects at the state hospital	1,000,000
New state hospital	200,000,000
Behavioral health facility grant	12,960,000
Community cultural center grant	1,000,000
Total	$227,474,784

SECTION 16. OTHER FUNDS - BANK OF NORTH DAKOTA LINE OF CREDIT - STATE HOSPITAL PROJECT. The other funds line item in subdivision 2 of section 1 of this Act includes $130,000,000 from a Bank of North Dakota line of credit. The department of health and human services may borrow up to $130,000,000 through a line of credit from the Bank of North Dakota during the biennium beginning July 1, 2025, and ending June 30, 2027, for costs associated with the construction of a new state hospital. The interest rate on the line of credit may not exceed the prevailing interest rate charged to North Dakota governmental entities. If the department accesses the line of credit, it shall request a deficiency appropriation from the seventieth legislative assembly to repay the line of credit.

SECTION 17. LABORATORY BUILDING STEERING COMMITTEE. The department of health and human services shall maintain the laboratory building steering committee to oversee the design and construction of the laboratory building project, for the biennium beginning July 1, 2025, and ending June 30, 2027, or until work is completed, whichever occurs earlier. The committee must include representation from the department of health and human services, department of environmental quality, office of management and budget, the governor's office, and the legislative assembly. The legislative assembly representation must include one member

of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

SECTION 18. NEW STATE HOSPITAL - STEERING COMMITTEE. The department of health and human services shall establish a new state hospital facility steering committee to oversee the design and construction of a new state hospital facility, for the biennium beginning July 1, 2025, and ending June 30, 2027. The committee must include one member of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

SECTION 19. CAPITAL PAYMENTS. During the biennium beginning July 1, 2025, and ending June 30, 2027, the department of health and human services is authorized to expend funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center. Pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly. The department of health and human services may transfer funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center ahead of the special needs assessments schedule. Notwithstanding section 54-27-12, the department of health and human services may spend funds for the payment of special assessments at the state hospital and life skills and transition center.

SECTION 20. CAPITAL PROJECTS - EMERGENCY COMMISSION AND BUDGET SECTION APPROVAL. During the biennium beginning July 1, 2025, and ending June 30, 2027, pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly for capital projects and maintenance pertaining to operation of its facilities, including demolition projects. Notwithstanding section 54-27-12, the department of health and human services may spend up to $10,000,000 for capital projects and maintenance pertaining to operation of its facilities, including demolition projects, under this section and may

seek emergency commission and budget section approval to spend more than $10,000,000 under this section.

SECTION 21. PERMANENT SUPPORTIVE HOUSING GRANTS. Section 1 of this Act includes the sum of $4,672,536 from the general fund for permanent supportive housing grants. The department of health and human services shall develop a funding methodology to distribute the funding to qualified entities that utilize best practices for permanent supportive housing, provide recovery-oriented and person-centered services, submit process and outcome measures to the department of health and human services, and authorize the department of health and human services to conduct onsite visits to review program operations.

SECTION 22. EXPENDITURES MAY NOT EXCEED APPROPRIATION - MEDICAL ASSISTANCE EXPANSION PROGRAM - APPLICATION.

1. Section 1 of this Act includes the sum of $662,099,340, of which $66,209,934 is from the general fund, for the medical assistance expansion program, for the biennium beginning July 1, 2025, and ending June 30, 2027. The expenditures for individuals eligible for the medical assistance expansion program may not exceed this amount.
2. The department of health and human services may exceed appropriations for increases in medical assistance expansion program caseload, for the addition of coverage consistent with the traditional Medicaid 1915(i) state plan, utilization rates, and reduction in federal medical assistance percentage.
3. The managed care organization under contract with the department of health and human services to manage the medical assistance expansion program shall reimburse providers within the same provider type and specialty at consistent levels and with consistent methodology and may not provide incentive, quality, or supplemental payments to providers, unless part of a value-based program approved by the department of health and human services. The managed care organization shall reimburse all North Dakota substance use providers of American society of addiction medicine level 2.5 at consistent levels and with consistent methodology. The managed care organization may consider urban and rural providers as different provider types.
4. The managed care organization and the department of health and human services shall ensure payments to Indian or Tribal 638 health care providers, federally qualified health centers,and rural health clinics meet the federally required minimum levels of

reimbursement. Critical access hospitals may not be paid less than one hundred percent of Medicare allowable costs and human service centers may not be paid less than one hundred percent of the current traditional Medicaid rate. Behavioral health services involving partial hospitalization, intensive outpatient, professional services, and residential behavioral health services provided in facilities that are not institutions for mental diseases are not subject to the provisions in subsection 6.

5. The department of health and human services shall ensure providers within the same provider type and specialty are reimbursed at consistent levels and with consistent methodology and shall ensure the capitation rates under risk contracts are actuarially sound and are adequate to meet managed care organization contractual requirements regarding availability of services, assurance or adequate capacity and services, and coordination and continuity of care.

6. Except for the provisions in subsection 4, managed care organization premium payments must be built using the assumption that rates paid to providers under the medical assistance expansion program may not exceed one hundred forty-five percent of Medicare reimbursement rates paid to providers on January 1, 2025.

SECTION 23. HUMAN SERVICE CENTERS - CERTIFIED COMMUNITY BEHAVIORAL HEALTH CLINICS - FULL-TIME EQUIVALENT POSITIONS - REPORT. The department of health and human services shall continue the process of the human service centers becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults. The department of health and human services shall pursue additional federal funding as available. Subject to the availability of generated income, the department of health and human services may add full-time equivalent positions for the clinics to provide direct services for the period beginning with the effective date of this Act and ending June 30, 2027. The department of health and human services shall report to the office of management and budget and legislative council each time a position is added.

SECTION 24. INTERMEDIATE CARE FACILITY MORATORIUM. The department of health and human services may not add any new licensed intermediate care facility for individuals with intellectual disabilities beds to the state's licensed bed capacity between July 1, 2025, and June 30, 2027.

SECTION 25. EXEMPTION - UNEXPENDED APPROPRIATIONS. The following appropriations are not subject to the provisions of section 54-44.1-11 and any unexpended appropriation authority may be continued into the biennium beginning July 1, 2025, and ending June 30, 2027:

1. The sum of $3,674,757 appropriated from the general fund and the sum of $25,918,566 appropriated from federal funds for the Medicaid management information system modularization technology project in chapter 12 of the 2021 Session Laws;
2. The sum of $14,411,218 appropriated from the general fund and the sum of $14,411,218 appropriated from federal funds for the child welfare technology project in chapter 12 of the 2021 Session Laws;
3. The sum of $20,366,271 appropriated from the community health trust fund and the sum of $39,534,525 appropriated from federal funds for the child support computer replacement project in chapter 44 of the 2023 Session Laws;
4. The sum of $10,989,217 appropriated from the strategic investment and improvements fund for the procurement and grants management system in chapter 44 of the 2023 Session Laws;
5. The sum of $4,150,000 appropriated from the general fund for defraying the expenses of additional human service centers to begin the process of becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults in chapter 44 of the 2023 Session Laws;
6. The sum of $18,941,847 appropriated to the department of health and human services in chapter 549 of the 2021 Special Session Laws;
7. The sum of $55,120,000 appropriated from the federal state fiscal recovery fund for a public health laboratory capital project in chapter 4 of the 2023 Session Laws;
8. The sum of $5,000,000 appropriated from the general fund for the purpose of employer-led child care cost-share program in chapter 446 of the 2023 Session Laws;
9. The sum of $986,555 appropriated from the general fund for the purpose of streamlining background checks project in chapter 446 of the 2023 Session Laws;

10. The sum of $2,223,981 appropriated from the federal state fiscal recovery fund for the implementation of a virtual behavioral health crisis care program for rural law enforcement in chapter 44 of the 2023 Session Laws; and
11. The sum of $500,000 appropriated from the general fund and the sum of $500,000 appropriated from federal funds for the purpose of program integrity audits in chapter 44 of the 2023 Session Laws.
12. The sum of $1,950,000 appropriated from the general fund to the department of health and human services for a northwest human service region behavioral health facility grant in chapter 44 of the 2023 Session Laws.

SECTION 26. LEGISLATIVE INTENT - UTILIZATION RATE ADJUSTMENT. It is the intent of the sixty-ninth legislative assembly that the department of health and human services seek a deficiency appropriation from the seventieth legislative assembly for any expenditures that exceed appropriated amounts as a result of underfunding, utilization rates, value-based purchasing for nursing facilities, reduction in federal medical assistance percentage, and unexpected contract cost increases that exceed ten percent, during the biennium beginning July 1, 2025, and ending June 30, 2027, if funding is not sufficient to pay actual expenses.

SECTION 27. LEGISLATIVE INTENT - PROVIDER RATE INCREASE. Except as otherwise noted, section 1 of this Act includes funding for human service provider inflation increases of two percent for each year of the biennium beginning July 1, 2025, and ending June 30, 2027. The provider inflation increase in this section does not apply to nursing facilities.

SECTION 28. LEGISLATIVE INTENT - DEVELOPMENTAL DISABILITIES PROVIDER ACCREDITATION REQUIREMENT. It is the intent of the sixty-ninth legislative assembly that the department of health and human services eliminate its administrative rule requirement that providers of developmental disabilities services be accredited as a condition of being eligible for receiving payments for services from the department of health and human services.

SECTION 29. LEGISLATIVE INTENT - MEDICAL ASSISTANCE. It is the intent of the sixty-ninth legislative assembly that the department of health and human services review the amount, duration, coverage, utilization rates, medical necessity, and scope of medical assistance services, and may implement any adjustments the department determines appropriate.

SECTION 30. FEDERAL FUNDING APPEAL LIMITATION. Except as otherwise specifically provided by federal law, a person may not appeal a denial, revocation, reduction in services or payment, or the termination of a program or service by the department of health and human services dues to the unavailability of federal coronavirus funding received under federal law resulting from the federal coronavirus pandemic emergency declarations, for the biennium beginning July 1, 2025, and ending June 30, 2027.

SECTION 31. DEPARTMENT OF HEALTH AND HUMAN SERVICES - LONG-TERM STRUCTURED RESIDENCES PLAN - REPORT. During the 2025-26 interim, the department of health and human services shall review options and develop a plan to establish long-term structured residences. The department shall review necessary changes to statutes, rules, policies, and the estimated fiscal impact of establishing the residences. A long-term structured residence must be a highly structured therapeutic residential mental health treatment facility that is staffed continuously and designed to treat adults under chapters 12.1-04.1 and 25-03.1 who have severe and persistent mental illness and who have reached the maximum benefit from the mental health resources available elsewhere in the community or hospital. The department shall present a report to the legislative management by October 1, 2026, regarding its plan to establish long-term structured residences.

SECTION 32. AMENDMENT. Section 50-06-06.6 of the North Dakota Century Code is amended and reenacted as follows:

50-06-06.6. Department may lease real and personal property.

The commissioner of the department or commissioner's designee may lease ~~surplus farm and pastureland at the state hospital and the life skills and transition center. The commissioner or designee also may enter into further leases of~~ real or personal property at the life skills and transition center or the state hospital upon a specific finding that the granting of each such leasehold interest will result in a net economic gain for the department, taking into account all identifiable costs. Any lease of space for the purpose of providing child care services must meet requirements as determined by the department. The commissioner of the department or commissioner's designee may prescribe the terms and conditions of any leases entered into pursuant to this section and may renew existing leases. ~~Any~~The term of any lease ~~entered into must be subject to renewal or cancelable each biennium~~may not exceed ninety-nine years.

SECTION 33. AMENDMENT. Section 50-06-42 of the North Dakota Century Code is amended and reenacted as follows:

50-06-42. Substance use disorder treatment voucher system - Mental health treatment voucher system for incarcerated individuals.

1. The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's substance abuse treatment system and to assist in the payment of addiction treatment services and medical costs provided by licensed substance abuse treatment programs, excluding regional human service centers and hospital- or medical clinic-based programs for medical management of withdrawal.
   a. An out-of-state licensed substance abuse treatment program located within a bordering state may participate in the voucher program to serve an underserved area of this state pursuant to the rules adopted by the department. The department shall develop rules to include processes and requirements for an out-of-state provider to receive reimbursement only for outpatient and community-based services upon a provider completing an assessment of need and receiving approval from the department.
   ~~2.~~b. Services eligible for the voucher program include only those levels of care recognized by the American society of addiction medicine, with particular emphasis given to underserved areas and programs. The department shall ensure that a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers collects and reports process and outcome measures.
   ~~3.~~c. The department shall develop requirements and provide training and technical assistance to a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers. A licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers shall provide evidence-based services.
   ~~4.~~d. The department shall allocate funding appropriated for the substance use disorder treatment voucher as follows:
      ~~a.~~ ~~No~~

(1) Except as provided in paragraphs 3 and 4, no more than ~~forty-five~~fifty percent of the appropriated amount may be allocated for residential substance use disorder services administered by licensed substance abuse treatment programs with more than sixteen beds.

~~b.~~(2) The remaining appropriation must be allocated for residential programs with sixteen or fewer beds, nonresidential outpatient, and ancillary substance use disorder services administered by licensed substance abuse treatment programs.

(3) The department, during the last quarter of the biennium, may reallocate projected unused funds that were allocated under paragraph 2 to residential facilities outlined in paragraph 1.

(4) The department may reimburse a licensed substance abuse treatment program with more than sixteen beds the incurred direct medical costs of an eligible individual who does not have resources to cover the medical costs. The department may develop rules and may not exceed the total amount appropriated for medical cost reimbursement.

2. The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's mental health treatment system for individuals detained or confined in a county jail or detention center or regional corrections center and to assist in the payment of mental health treatment services provided by a licensed mental health professional acting within their scope of practice, excluding a regional human service center.

a. Services eligible for the voucher program include only diagnostic assessment and mental health therapy for individuals with a mental health concern detained or confined in a county jail or detention center or regional corrections center. The department shall ensure that a licensed mental health professional accepting vouchers collects and reports process and outcome measures.

b. The department shall develop requirements and provide training and technical assistance to licensed mental health professionals accepting vouchers. A licensed mental health professional shall provide evidence-based services.

SECTION 34. AMENDMENT. Section 50-24.5-02.3 of the North Dakota Century Code is amended and reenacted as follows:

50-24.5-02.3. Basic care payment rates.

1. The department shall determine limits for the care of residents of basic care facilities that qualify as vendors of an aged, blind, and disabled persons program and for implementing provisions of this chapter based on data demonstrating the most recent costs that must be incurred for the care of residents in efficiently and economically operated basic care facilities. The department shall determine the limits every four years by July first, beginning with July 1, 2023.
2. The department shall establish the limits by using the median rates from the most recent data available. The direct care limit must be the median plus eighteen percent. The indirect care limit must be the median plus twelve percent.
3. For the rate year beginning July 1, 2023, the department shall increase rates and limits three and one-half percent for inflation. For the rate year beginning July 1, 2024, the department shall increase rates and limits three and one-half percent for inflation.
4. The department shall provide a rate increase in the amount of five dollars per day for the period beginning July 1, 2023, and ending June 30, ~~2025~~2027, after which the increase is not effective. This rate increase may not be included in any calculation of inflation increase.
5. Within the limits of legislative appropriations, the department shall establish an uncompensated care expense of three hundred sixty-five days.

SECTION 35. AMENDMENT. Section 50-33-05 of the North Dakota Century Code is amended and reenacted as follows:

50-33-05. State of residence.

Only child care assistance units physically residing within the boundaries of the state are eligible for child care assistance, unless the individual is employed by an early childhood program within the boundaries of the state and the individual has been approved for the state's child care assistance child care workforce benefit.

SECTION 36. HOUSING AVAILABILITY ASSESSMENT - COLLABORATION WITH HOUSING FINANCE AGENCY. The department of health and human services shall collaborate with the North Dakota housing finance agency and other appropriate stakeholders to assess the

availability of housing for individuals requiring extraordinary health care support services, for the biennium beginning July 1, 2025, and ending June 30, 2027. Based on the results of the assessment, if necessary, the department shall develop a plan to expand access to housing providing the least restrictive environment for individuals requiring extraordinary health care support services.

SECTION 37. BEHAVIORAL HEALTH CLINICS, NORTH DAKOTA STATE HOSPITAL, AND LIFE SKILLS AND TRANSITION CENTER FUNDING. Section 1 of this Act includes funding for the behavioral health clinics, North Dakota state hospital, and life skills and transition center as follows:

1.	Behavioral health clinics:		
	a.	Salaries and wages	$156,967,103
	b.	Operating and capital	64,131,965
	c.	Total	$221,099,068
2.	State hospital:		
	a.	Salaries and wages	$68,775,551
	b.	Operating and capital	350,880,155
	c.	Total	$419,655,706
3.	Life skills and transition center:		
	a.	Salaries and wages	$55,540,213
	b.	Operating and capital	15,207,658
	c.	Total	$70,747,871

SECTION 38. LEGISLATIVE MANAGEMENT STUDY - STUDENT TRUANCY AND ABSENTEEISM. The legislative management shall consider studying, during the 2025-26 interim, truancy and student absenteeism in kindergarten through grade twelve public schools. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 39. LEGISLATIVE MANAGEMENT STUDY - OBESITY HEALTH IMPLICATIONS. The legislative management shall consider studying, during the 2025-26 interim, the health implications of obesity on the residents of the state and options to increase access to prevention and treatments for obesity. If conducted, the study must review costs associated with obesity including comorbidities, treatments available for obesity, obesity

diagnosis guidelines including use of body mass index compared with percentage of body fat, and examining the difference between being an individual who is healthy and overweight as compared to an obese individual. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 40. LEGISLATIVE MANAGEMENT STUDY- DISABILITY SERVICES.

1. During the 2025-26 interim, the legislative management shall study the efficiency, effectiveness, and outcomes of developmental disability services provided by the department of health and human services. The study must include:
   a. A review of the approval process, an analysis of accountability measures, an assessment of gaps in services, and an evaluation of overall program management.
   b. An assessment of whether the department is effectively managing cases and complying with federal law in the provision of support and services to individuals with disabilities.
   c. Input from advocates, clients from the disability community, zone directors, service providers, and health care providers who serve disabled individuals.
   d. Collaboration with the cross-disability advisory council.
2. The legislative council may contract with a consultant with expertise in the provision of developmental disability services to assist in the study.
3. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 41. APPROPRIATION - COMMUNITY HEALTH TRUST FUND - LEGISLATIVE COUNCIL - DISABILITY SERVICES - ONE-TIME FUNDING. There is appropriated out of any moneys in the community health trust fund, not otherwise appropriated, the sum of $150,000, or so much of the sum as may be necessary, to the legislative council for the purpose of contracting for consulting services for the study provided for in section 40 of this Act, for the biennium beginning July 1, 2025, and ending June 30, 2027. The appropriation provided in this section is considered a one-time funding item.

SECTION 42. LEGISLATIVE MANAGEMENT REPORT - BEHAVIORAL HEALTH FACILITY GRANTS. During the 2025-26 interim the department of health and human services shall provide reports to the legislative management regarding the award of grant funding to increase the number of behavioral health beds in the state.

SECTION 43. EFFECTIVE DATE. Section 33 of this Act becomes effective on July 1, 2026.

2025 SENATE STANDING COMMITTEE MINUTES

Appropriations - Human Resources Division
Harvest Room, State Capitol

HB 1012 a.m.
4/10/2025

Related to Health and Human Services

10:05 a.m. Chairman Dever opened the hearing.

Members present: Chairman Dever and Senators Cleary, Davison, Magrum and Mathern.

Discussion Topics

- FTE Block Grant
- Longsheet Error
- Provider Inflation Rates
- Medical Homes

10:05 a.m. Keith Mantz, Financial Analyst, LC, submitted testimony #45000.

10:07 a.m. Chairman Dever started the discussion with a second review of the Health and Human Services budget and referred to previously submitted testimony #45000. He started with Salaries and Wages Block Grant Funding, page 6.

10:08 a.m. Senator Cleary started the discussion of FTE for Credentialed Community Behavior Health Clinics (CCBHC).

10:13 a.m. Donna Aukland, CFO, ND DHHS, testified in favor, answered questions concerning FTE's for the CCBHC's.

10:23 a.m. Donna Aukland, CFO, ND DHHS, stated that there is an error in the longsheet. 60 million needs to come out of Public Health Other Funds.

10:40 a.m. Keith Mantz, Financial Analyst, LC, clarified changes to longsheets on Salaries and Wages Block Grant Funding Pool, page 6. The two changes are: reduce the change to underfunding from $18,963,729, to 14,222,797, and remove the reference to FTE numbers. Committee approved.

10:44 a.m. Chairman Dever started the discussion of the Business Operations Section, page 7. The committee had no changes.

10:45 a.m. Keith Mantz, Financial Analyst, LC, testified neutral answered questions about additional salary funding/underfunding - 103 CCBHC.

10:47 a.m. Chairman Dever started the discussion of the Behavioral Health Division, page 8.

10:47 a.m. Senator Mathern started the discussion of provider inflation rates and submitted testimony #44907.

10:50 a.m. Senator Magrum suggested moving the provider inflation rates to 2% and 1 ½

10:52 a.m. Donna Aukland, CFO, ND DHHS, testified in favor and answered questions about provider inflation rates.

10:53 a.m. Chairman Dever started the discussion of behavioral health services for nursing homes and basic care facilities.

10:54 a.m. Keith Mantz, Financial Analyst, LC, noted that the funding for behavioral health services was removed. Committee approved.

10:54 a.m. Chairman Dever started the discussion of the state hospital. The funding was removed. Committee approved and will be taking this to conference committee.

10:54 a.m. Chairman Dever started the discussion of the Altru behavioral health facility grant and Senator Davison stated he is working on an

11:01 a.m. Chairman Dever started the discussion concerning funding the Human Services Division, page 10. No concerns were mentioned.

11:02 a.m. Chairman Dever started the discussion concerning funding for Medical Services, page 12, and stated the funding for provider inflation increase 2% to 2% will be revisited pending more information.

11:04 a.m. Donna Aukland, CFO, ND DHHS, testified in favor and discussed revised FMAP FFY 2027 -1%.

11:06 a.m. Keith Mantz, Financial Analyst, LC, testified neutral and answered committee questions concerning FMAP.

11:07 a.m. Eric Haas, Assistant CFO, ND DHHS, testified in favor and answered committee questions concerning FMAP.

11:08 a.m. Chairman Dever started the discussion concerning the review of the Public Health Section.

11:10 a.m. Senator Mathern introduced an amendment for a medical home fourplex and referenced previously submitted testimony #44907. This amendment is not quite ready and will be discussed this afternoon or tomorrow.

11:13 a.m. Steph Gullickson, Fiscal Management Analyst, OMB, testified neutral and answered committee questions.

11:14 a.m. Chairman Dever started the discussion of reviewing the section of HB 1012 and referred to longsheets previously submitted #44898.

11:39 a.m. Chairman Dever closed the hearing.

Joan Bares, Committee Clerk

April 10, 2025

Sixty-ninth
Legislative Assembly
of North Dakota

PROPOSED AMENDMENTS TO FIRST ENGROSSMENT

ENGROSSED HOUSE BILL NO. 1012

Introduced by

Appropriations Committee

A BILL for an Act to provide an appropriation for defraying the expenses of various divisions of the department of health and human services; to create and enact a new section to chapter 6-09 of the North Dakota Century Code, relating to an extraordinary medical needs housing loan fund; to amend and reenact sections 50-06-06.6, 50-06-42, 50-24.5-02.3, and 50-33-05 of the North Dakota Century Code, relating to leases of department of health and human services property, substance use disorder treatment program, basic care payment rates, and state of residence for child care assistance; to provide for a transfer; to authorize a line of credit; to provide legislative intent; to provide for a legislative management study; to provide ~~an~~for application; to provide an exemption; to provide for a report; and to provide an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. APPROPRIATION. The funds provided in this section, or so much of the funds as may be necessary, are appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, and from other funds derived from special funds and federal funds, to the department of health and human services for the purpose of defraying the expenses of its various divisions, for the biennium beginning July 1, 2025, and ending June 30, 2027, as follows:

Subdivision 1.

SALARIES AND WAGES BLOCK GRANT

	Base Level	Adjustments or Enhancements	Appropriation

Salaries and wages block grant	$0	$596,284,775	$596,284,775
Total all funds	0	596,284,775	596,284,775
Less other funds	0	286,720,150	286,720,150
Total general fund	$0	$309,564,625	$309,564,625

Subdivision 2.

Total general fund	$47,756,180	($12,551,332)	$35,204,848

Subdivision 7.

TOTAL - SECTION 1

	Base Level	Adjustments or Enhancements	Appropriation
Grand total all funds	$5,553,157,547	$725,024,881	$6,278,182,428
Grand total other funds	3,541,730,000	458,501,235	4,000,231,235
Grand total general fund	$2,011,427,547	$266,523,646	$2,277,951,193
Full-time equivalent positions	2,483.83	204.52	2,688.35

SECTION 2. ONE TIME FUNDING - EFFECT ON BASE BUDGET - REPORT TO SEVENTIETH LEGISLATIVE ASSEMBLY. The following amounts reflect the one-time funding items included in section 1 of this Act which are not included in the entity's base budget for the 2027-29 biennium and which the entity shall report to the appropriations committees of the seventieth legislative assembly regarding the use of this funding:

One-Time Funding Description	General Fund	Other Funds	Total
Technology projects	$0	$10,263,000	$10,263,000
Human service centers and life skills and transition center projects	0	1,052,480	1,052,480
Retire mainframe	0	15,000,000	15,000,000
Child care programs	13,272,500	0	13,272,500
Housing programs	0	1,000,000	1,000,000
State laboratory move and equipment	0	2,962,304	2,962,304
Partial hospitalization day treatment	0	2,000,000	2,000,000
Developmental disabilities eligibility assessment tool for kids	200,000	200,000	400,000

Toxicology equipment	151,500	100,000	251,500
New state hospital	0	330,000,000	330,000,000
Behavioral health facility grant	0	12,960,000	12,960,000
Cultural community center grant	0	1,000,000	1,000,000
Adaptive recreation grant	200,000	0	200,000
Intermediate care facility grant	3,457,736	0	3,457,736
Juvenile justice diversion services	750,000	0	750,000
Animal shelter grant	0	300,000	300,000
Statewide health strategies	0	750,000	750,000
Critical access hospital networking	0	2,000,000	2,000,000
Total	$18,031,736	$379,587,784	$397,619,520

SECTION 3. FUNDING TRANSFERS - EXEMPTION - AUTHORIZATION - REPORT. Notwithstanding section 54-16-04, the director of the office of management and budget shall transfer appropriation authority between line items within subdivisions 1, 2, 3, 4, 5, and 6 of section 1 of this Act and any other appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly, for the biennium beginning July 1, 2025, and ending June 30, 2027, as requested by the department of health and human services. The department of health and human services shall notify the legislative council of any transfer made pursuant to this section. The department of health and human services shall report to the budget section after June 30, 2026, any transfer made in excess of $50,000 and to the appropriations committees of the seventieth legislative assembly regarding any transfers made pursuant to this section.

SECTION 4. FULL-TIME EQUIVALENT POSITION BLOCK GRANT PROGRAM - REPORT. Section 1 of this Act includes funding for a full-time equivalent position block grant program. This funding as approved by the sixty-ninth legislative assembly is available for defraying the expense of full-time equivalent positions as determined by the department of health and human services. Notwithstanding any other provision of law, the department is authorized to increase or decrease authorized full-time equivalent positions subject to the availability of funds and the provisions of this section. The department of health and human services many not increase full-time equivalent positions for the purpose of transferring human service zone employees to state employment. Pursuant to section 3 of this Act, the department

is authorized to transfer appropriation authority of up to the underfunded amount of $30,000,000 to the salaries and wages block grant line item. The department of health and human services shall report to the office of management and budget and legislative council any adjustments to full-time equivalent positions.

SECTION 5. DEPARTMENT OF HEALTH AND HUMAN SERVICES - SALARIES AND WAGES BLOCK GRANT - VACANT POSITIONS - REPORT. The department of health and human services shall report to the budget section quarterly during the 2025-26 interim regarding the status of its salaries and wages block grant and vacant positions and employee turnover. The report must include:

1. The legislative appropriation for salaries and wages allocated by the department to major department programs by funding source and the number of FTE positions the department is allocating to each major program based on the legislative appropriation;
2. Any changes to salaries and wages funding or FTE positions allocated to major department programs;
3. Any new FTE positions added, the cost of the position for the remainder of the biennium, and the cost to continue funding the position in the subsequent biennium by funding source;
4. Any FTE positions removed and related funding;
5. The number of FTE positions that become vacant and the number filled each month;
6. The number of vacant FTE positions at the end of each month;
7. Salaries and wages savings resulting from vacant positions and employee turnover each month by funding source; and
8. The use of salaries and wages savings for other purposes for each month by funding source.

SECTION 6. BEHAVIORAL HEALTH FACILITY GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION.

1. Section 1 of this Act includes the sum of $12,960,000 from the strategic investment and improvements fund for a behavioral health facility grant pursuant to this section.
2. A grant of $12,960,000 must be provided to establish a behavioral health facility in the northeast human service region. The grant recipient must provide matching funds of $3,240,000 to establish the facility.

3. The department shall require an entity receiving funding under this section to operate the facility for at least ten years and require the grant amount to be repaid if the entity does not operate the facility for at least ten years.
4. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 7. APPROPRIATION - MEDICAL HOUSING FOR INDIVIDUALS WITH EXTRAORDINARY MEDICAL NEEDS - ONE-TIME FUNDING.

1. There is appropriated out of any moneys in the general fund in the state treasury, the sum of $200,000, or so much of the sum as may be necessary, to the department of health and human services for the purpose of preliminary design consultation and project administration of developing housing for individuals with disabilities that have extraordinary medical needs and for rent subsidies for individuals residing in these housing facilities for the biennium beginning July 1, 2025, and ending June 30, 2027.
2. The department of health and human services shall collaborate with the North Dakota housing finance agency, individuals with disabilities, caregivers, and families to solicit proposals for the development of accessible housing for individuals with disabilities that have extraordinary medical needs, for the biennium beginning July 1, 2025, and ending June 30, 2027. The department shall solicit proposals from public entities, for-profit organizations, and non-profit organizations to design, construct, maintain, and operate the housing facility. Proposals must:
   a. Ensure that services in the facility may be provided separately from the facility ownership interests;
   b. Ensure that individuals residing in the facility may choose among independent living service providers; and
   c. Comply with the federal home and community based settings rules as defined under 42 CFR 441.301(c)(4).

SECTION 8. A new section to chapter 6-09 of the North Dakota Century Code is created and enacted as follows:

Extraordinary medical needs housing loan fund - Continuing appropriation.

1. The Bank of North Dakota shall administer a loan program to provide loans for new construction projects to provide housing for individuals with disabilities that have

extraordinary medical needs. A construction project may include a land purchase and the construction costs of the project. The applicant must comply with project requirements as approved by the department of health and human services and the North Dakota housing finance agency.

2. The extraordinary medical needs housing loan fund is a special fund maintained in the state treasury from which the Bank shall provide loans under this section. The fund consists of revenues transferred under legislative authorization, interest upon moneys in the fund, and collections of interest and principal on loans made from the fund. All moneys in the fund are appropriated on a continuing basis to the Bank for the purpose of providing loans under this section.

3. The developer of the housing facility for individuals with disabilities that have extraordinary medical needs may submit an application to the Bank for a loan. The application must:

   a. Provide detail on the proposed construction project and its compliance with the department of health and human services and the North Dakota housing finance agency requirements;

   b. Demonstrate the need and long-term viability of the project; and

   c. Include financial information the Bank determines appropriate to verify eligibility.

4. A loan approved under this section:

   a. May not exceed three million three hundred thousand dollars for a project;

   b. Must have an interest rate that does not exceed two percent; and

   c. Must have a repayment schedule of no longer than twenty years.

5. A recipient of a loan under this section shall complete the financed construction project within twenty-four months of the approval of the loan. Failure to comply with this subsection may result in forfeiture of the entire loan received under this section.

6. The Bank shall deposit in the fund all principal and interest paid on the loans made from the fund. The Bank may deduct from interest payments a service fee for costs of administering the loan program. The fund must be audited annually pursuant to section 6-09-29 and the cost of the audit and any other actual costs incurred by the Bank on behalf of the fund must be paid from the fund.

SECTION 9. TRANSFER - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - EXTRAORDINARY MEDICAL NEEDS HOUSING LOAN FUND. The office of management and budget shall transfer the sum of $3,300,000 from the strategic investment and improvements fund to the extraordinary medical needs housing loan fund during the biennium beginning July 1, 2025, and ending June 30, 2027.

SECTION 10. COMMUNITY CULTURAL CENTER GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION. Section 1 of this Act includes the sum of $1,000,000 from the strategic investment and improvements fund for the purpose of providing a one-time community cultural center grant in the west central human service region. An entity may apply for a grant under this section if the entity certifies to the department it has secured at least fifty percent of funds needed to complete the project, the project will be completed within two years of receiving the grant funds, and the grants funds will be used only for costs of constructing a community cultural center. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 11. JUVENILE JUSTICE DIVERSION SERVICES AND PROGRAMS - TASK FORCE - REPORT. Section 1 of this Act includes the sum of $750,000 from the general fund for juvenile justice diversion services and programs. The department of health and human services must use the funding for services to youth at risk of juvenile justice involvement but who have not committed delinquent acts as defined in chapter 27-20.4.

The department shall establish a task force with representation from divisions in the department, human service zones, the department of public instruction, elementary and secondary schools, and members of the legislative assembly~~,~~ to review juvenile justice diversion services and program. The department shall report its findings and recommendations to the legislative management and children's cabinet.

SECTION 12. ANIMAL SHELTER GRANT - COMMUNITY HEALTH TRUST FUND. Section 1 of this Act includes the sum of $300,000 from the community health trust fund for a grant for the construction of an animal shelter. The department of health and human services may award a grant for the construction of an animal shelter to an organization that provides twenty dollars of nonstate matching funds for every dollar of grant funds received. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 13. STATEWIDE HEALTH STRATEGIES - COMMUNITY HEALTH TRUST FUND. Section 1 of this Act includes the sum of $750,000 of one-time funding from the community health trust fund for the statewide health strategies initiative. The department of health and human services may spend the funding upon securing dollar-for-dollar matching funds.

SECTION 14. OTHER FUNDS - INSURANCE TAX DISTRIBUTION FUND. The other funds line item in subdivision 5 of section 1 of this Act includes the sum of $1,125,000 from the insurance tax distribution fund for rural emergency medical services grants.

SECTION 15. OTHER FUNDS - COMMUNITY HEALTH TRUST FUND. The other funds line items in section 1 of this Act includes the sum of $38,713,522 from the community health trust fund for the following purposes:

Loan repayment programs	$594,500
Tobacco and vaping programs	11,599,698
Cancer and women's way programs	909,824
Behavior risk state survey	200,000
Domestic violence programs	4,250,000
Local public health grants	3,275,000
988 crisis hotline	1,867,500
Various information technology system upgrades	2,967,000
Grants to rural ambulances	7,000,000
Law enforcement rural crisis support program	1,000,000
Development of partial hospitalization/intensive day treatment	2,000,000
Critical access hospital networking	2,000,000
Animal shelter grant	300,000
Statewide health strategies	750,000
Total	$38,713,522

SECTION 16. OTHER FUNDS - HUMAN SERVICE FINANCE FUND. The other funds line items in section 1 of this Act includes the sum of $239,112,030 from the human service finance fund for state-paid economic assistance and social and human services.

SECTION 17. OTHER FUNDS - OPIOID SETTLEMENT FUND. The other funds line item in section 1 of this Act includes the sum of $8,000,000 from the opioid settlement fund for opioid remediation and abatement efforts.

SECTION 18. OTHER FUNDS - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND. The other funds line items in section 1 of this Act includes the sum of $227,474,784 from the strategic investment and improvements fund for the following purposes:

Retiring technology from the mainframe	$7,500,000
Move into the new state laboratory and purchase security equipment	2,962,304
Capital projects in human service centers and life skills and transition center	1,052,480
Housing initiative programs	1,000,000
Technology projects at the state hospital	1,000,000
New state hospital	200,000,000
Behavioral health facility grant	12,960,000
Community cultural center grant	1,000,000
Total	$227,474,784

SECTION 19. OTHER FUNDS - BANK OF NORTH DAKOTA LINE OF CREDIT - STATE HOSPITAL PROJECT. The other funds line item in subdivision 2 of section 1 of this Act includes $130,000,000 from a Bank of North Dakota line of credit. The department of health and human services may borrow up to $130,000,000 through a line of credit from the Bank of North Dakota during the biennium beginning July 1, 2025, and ending June 30, 2027, for costs associated with the construction of a new state hospital. The interest rate on the line of credit may not exceed the prevailing interest rate charged to North Dakota governmental entities. If the department accesses the line of credit, it shall request a deficiency appropriation from the seventieth legislative assembly to repay the line of credit.

SECTION 20. LABORATORY BUILDING STEERING COMMITTEE. The department of health and human services shall maintain the laboratory building steering committee to oversee the design and construction of the laboratory building project, for the biennium beginning July 1, 2025, and ending June 30, 2027, or until work is completed, whichever occurs earlier. The committee must include representation from the department of health and human services, department of environmental quality, office of management and budget, the governor's office, and the legislative assembly. The legislative assembly representation must include one member

of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

SECTION 21. NEW STATE HOSPITAL - STEERING COMMITTEE. The department of health and human services shall establish a new state hospital facility steering committee to oversee the design and construction of a new state hospital facility, for the biennium beginning July 1, 2025, and ending June 30, 2027. The committee must include one member of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

SECTION 22. CAPITAL PAYMENTS. During the biennium beginning July 1, 2025, and ending June 30, 2027, the department of health and human services is authorized to expend funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center. Pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly. The department of health and human services may transfer funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center ahead of the special needs assessments schedule. Notwithstanding section 54-27-12, the department of health and human services may spend funds for the payment of special assessments at the state hospital and life skills and transition center.

SECTION 23. CAPITAL PROJECTS - EMERGENCY COMMISSION AND BUDGET SECTION APPROVAL. During the biennium beginning July 1, 2025, and ending June 30, 2027, pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly for capital projects and maintenance pertaining to operation of its facilities, including demolition projects. Notwithstanding section 54-27-12, the department of health and human services may spend up to $10,000,000 for capital projects and maintenance pertaining to operation of its facilities, including demolition projects, under this section and may

seek emergency commission and budget section approval to spend more than $10,000,000 under this section.

SECTION 24. PERMANENT SUPPORTIVE HOUSING GRANTS. Section 1 of this Act includes the sum of $4,672,536 from the general fund for permanent supportive housing grants. The department of health and human services shall develop a funding methodology to distribute the funding to qualified entities that utilize best practices for permanent supportive housing, provide recovery-oriented and person-centered services, submit process and outcome measures to the department of health and human services, and authorize the department of health and human services to conduct onsite visits to review program operations.

SECTION 25. EXPENDITURES MAY NOT EXCEED APPROPRIATION - MEDICAL ASSISTANCE EXPANSION PROGRAM - APPLICATION.

1. Section 1 of this Act includes the sum of $662,099,340, of which $66,209,934 is from the general fund, for the medical assistance expansion program, for the biennium beginning July 1, 2025, and ending June 30, 2027. The expenditures for individuals eligible for the medical assistance expansion program may not exceed this amount.
2. The department of health and human services may exceed appropriations for increases in medical assistance expansion program caseload, for the addition of coverage consistent with the traditional Medicaid 1915(i) state plan, utilization rates, and reduction in federal medical assistance percentage.
3. The managed care organization under contract with the department of health and human services to manage the medical assistance expansion program shall reimburse providers within the same provider type and specialty at consistent levels and with consistent methodology and may not provide incentive, quality, or supplemental payments to providers, unless part of a value-based program approved by the department of health and human services. The managed care organization shall reimburse all North Dakota substance use providers of American society of addiction medicine level 2.5 at consistent levels and with consistent methodology. The managed care organization may consider urban and rural providers as different provider types.
4. The managed care organization and the department of health and human services shall ensure payments to Indian or Tribal 638 health care providers, federally qualified health centers,and rural health clinics meet the federally required minimum levels of

reimbursement. Critical access hospitals may not be paid less than one hundred percent of Medicare allowable costs and human service centers may not be paid less than one hundred percent of the current traditional Medicaid rate. Behavioral health services involving partial hospitalization, intensive outpatient, professional services, and residential behavioral health services provided in facilities that are not institutions for mental diseases are not subject to the provisions in subsection 6.

5. The department of health and human services shall ensure providers within the same provider type and specialty are reimbursed at consistent levels and with consistent methodology and shall ensure the capitation rates under risk contracts are actuarially sound and are adequate to meet managed care organization contractual requirements regarding availability of services, assurance or adequate capacity and services, and coordination and continuity of care.

6. Except for the provisions in subsection 4, managed care organization premium payments must be built using the assumption that rates paid to providers under the medical assistance expansion program may not exceed one hundred forty-five percent of Medicare reimbursement rates paid to providers on January 1, 2025.

SECTION 26. HUMAN SERVICE CENTERS - CERTIFIED COMMUNITY BEHAVIORAL HEALTH CLINICS - FULL-TIME EQUIVALENT POSITIONS - REPORT. The department of health and human services shall continue the process of the human service centers becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults. The department of health and human services shall pursue additional federal funding as available. Subject to the availability of generated income, the department of health and human services may add full-time equivalent positions for the clinics to provide direct services for the period beginning with the effective date of this Act and ending June 30, 2027. The department of health and human services shall report to the office of management and budget and legislative council each time a position is added.

SECTION 27. INTERMEDIATE CARE FACILITY MORATORIUM. The department of health and human services may not add any new licensed intermediate care facility for individuals with intellectual disabilities beds to the state's licensed bed capacity between July 1, 2025, and June 30, 2027.

SECTION 28. EXEMPTION - UNEXPENDED APPROPRIATIONS. The following appropriations are not subject to the provisions of section 54-44.1-11 and any unexpended appropriation authority may be continued into the biennium beginning July 1, 2025, and ending June 30, 2027:

1. The sum of $3,674,757 appropriated from the general fund and the sum of $25,918,566 appropriated from federal funds for the Medicaid management information system modularization technology project in chapter 12 of the 2021 Session Laws;
2. The sum of $14,411,218 appropriated from the general fund and the sum of $14,411,218 appropriated from federal funds for the child welfare technology project in chapter 12 of the 2021 Session Laws;
3. The sum of $20,366,271 appropriated from the community health trust fund and the sum of $39,534,525 appropriated from federal funds for the child support computer replacement project in chapter 44 of the 2023 Session Laws;
4. The sum of $10,989,217 appropriated from the strategic investment and improvements fund for the procurement and grants management system in chapter 44 of the 2023 Session Laws;
5. The sum of $4,150,000 appropriated from the general fund for defraying the expenses of additional human service centers to begin the process of becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults in chapter 44 of the 2023 Session Laws;
6. The sum of $18,941,847 appropriated to the department of health and human services in chapter 549 of the 2021 Special Session Laws;
7. The sum of $55,120,000 appropriated from the federal state fiscal recovery fund for a public health laboratory capital project in chapter 4 of the 2023 Session Laws;
8. The sum of $5,000,000 appropriated from the general fund for the purpose of employer-led child care cost-share program in chapter 446 of the 2023 Session Laws;
9. The sum of $986,555 appropriated from the general fund for the purpose of streamlining background checks project in chapter 446 of the 2023 Session Laws;

10. The sum of $2,223,981 appropriated from the federal state fiscal recovery fund for the implementation of a virtual behavioral health crisis care program for rural law enforcement in chapter 44 of the 2023 Session Laws; ~~and~~

11. The sum of $500,000 appropriated from the general fund and the sum of $500,000 appropriated from federal funds for the purpose of program integrity audits in chapter 44 of the 2023 Session Laws~~.~~; and

12. The sum of $1,950,000 appropriated from the general fund to the department of health and human services for a northwest human service region behavioral health facility grant in chapter 44 of the 2023 Session Laws.

SECTION 29. LEGISLATIVE INTENT - UTILIZATION RATE ADJUSTMENT. It is the intent of the sixty-ninth legislative assembly that the department of health and human services seek a deficiency appropriation from the seventieth legislative assembly for any expenditures that exceed appropriated amounts as a result of underfunding, utilization rates, value-based purchasing for nursing facilities, reduction in federal medical assistance percentage, and unexpected contract cost increases that exceed ten percent, during the biennium beginning July 1, 2025, and ending June 30, 2027, if funding is not sufficient to pay actual expenses.

SECTION 30. LEGISLATIVE INTENT - PROVIDER RATE INCREASE. Except as otherwise noted, section 1 of this Act includes funding for human service provider inflation increases of two percent for each year of the biennium beginning July 1, 2025, and ending June 30, 2027. The provider inflation increase in this section does not apply to nursing facilities.

SECTION 31. LEGISLATIVE INTENT - DEVELOPMENTAL DISABILITIES PROVIDER ACCREDITATION REQUIREMENT. It is the intent of the sixty-ninth legislative assembly that the department of health and human services eliminate its administrative rule requirement that providers of developmental disabilities services be accredited as a condition of being eligible for receiving payments for services from the department of health and human services.

SECTION 32. LEGISLATIVE INTENT - MEDICAL ASSISTANCE. It is the intent of the sixty-ninth legislative assembly that the department of health and human services review the amount, duration, coverage, utilization rates, medical necessity, and scope of medical assistance services, and may implement any adjustments the department determines appropriate.

SECTION 33. FEDERAL FUNDING APPEAL LIMITATION. Except as otherwise specifically provided by federal law, a person may not appeal a denial, revocation, reduction in services or payment, or the termination of a program or service by the department of health and human services dues to the unavailability of federal coronavirus funding received under federal law resulting from the federal coronavirus pandemic emergency declarations, for the biennium beginning July 1, 2025, and ending June 30, 2027.

SECTION 34. DEPARTMENT OF HEALTH AND HUMAN SERVICES - LONG-TERM STRUCTURED RESIDENCES PLAN - REPORT. During the 2025-26 interim, the department of health and human services shall review options and develop a plan to establish long-term structured residences. The department shall review necessary changes to statutes, rules, policies, and the estimated fiscal impact of establishing the residences. A long-term structured residence must be a highly structured therapeutic residential mental health treatment facility that is staffed continuously and designed to treat adults under chapters 12.1-04.1 and 25-03.1 who have severe and persistent mental illness and who have reached the maximum benefit from the mental health resources available elsewhere in the community or hospital. The department shall present a report to the legislative management by October 1, 2026, regarding its plan to establish long-term structured residences.

SECTION 35. AMENDMENT. Section 50-06-06.6 of the North Dakota Century Code is amended and reenacted as follows:

50-06-06.6. Department may lease real and personal property.

The commissioner of the department or commissioner's designee may lease ~~surplus farm and pastureland at the state hospital and the life skills and transition center. The commissioner or designee also may enter into further leases of~~ real or personal property at the life skills and transition center or the state hospital upon a specific finding that the granting of each such leasehold interest will result in a net economic gain for the department, taking into account all identifiable costs. Any lease of space for the purpose of providing child care services must meet requirements as determined by the department. The commissioner of the department or commissioner's designee may prescribe the terms and conditions of any leases entered into pursuant to this section and may renew existing leases. ~~Any~~The term of any lease ~~entered into must be subject to renewal or cancelable each biennium~~may not exceed ninety-nine years.

SECTION 36. AMENDMENT. Section 50-06-42 of the North Dakota Century Code is amended and reenacted as follows:

50-06-42. Substance use disorder treatment voucher system - Mental health treatment voucher system for incarcerated individuals.

1. The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's substance abuse treatment system and to assist in the payment of addiction treatment services and medical costs provided by licensed substance abuse treatment programs, excluding regional human service centers and hospital- or medical clinic-based programs for medical management of withdrawal.
   a. An out-of-state licensed substance abuse treatment program located within a bordering state may participate in the voucher program to serve an underserved area of this state pursuant to the rules adopted by the department. The department shall develop rules to include processes and requirements for an out-of-state provider to receive reimbursement only for outpatient and community-based services upon a provider completing an assessment of need and receiving approval from the department.
   ~~2.~~b. Services eligible for the voucher program include only those levels of care recognized by the American society of addiction medicine, with particular emphasis given to underserved areas and programs. The department shall ensure that a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers collects and reports process and outcome measures.
   ~~3.~~c. The department shall develop requirements and provide training and technical assistance to a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers. A licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers shall provide evidence-based services.
   ~~4.~~d. The department shall allocate funding appropriated for the substance use disorder treatment voucher as follows:
      ~~a.~~ ~~No~~

(1) Except as provided in paragraphs 3 and 4, no more than ~~forty-five~~fifty percent of the appropriated amount may be allocated for residential substance use disorder services administered by licensed substance abuse treatment programs with more than sixteen beds.

~~b.~~(2) The remaining appropriation must be allocated for residential programs with sixteen or fewer beds, nonresidential outpatient, and ancillary substance use disorder services administered by licensed substance abuse treatment programs.

(3) The department, during the last quarter of the biennium, may reallocate projected unused funds that were allocated under paragraph 2 to residential facilities outlined in paragraph 1.

(4) The department may reimburse a licensed substance abuse treatment program with more than sixteen beds the incurred direct medical costs of an eligible individual who does not have resources to cover the medical costs. The department may develop rules and may not exceed the total amount appropriated for medical cost reimbursement.

2. The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's mental health treatment system for individuals detained or confined in a county jail or detention center or regional corrections center and to assist in the payment of mental health treatment services provided by a licensed mental health professional acting within their scope of practice, excluding a regional human service center.

a. Services eligible for the voucher program include only diagnostic assessment and mental health therapy for individuals with a mental health concern detained or confined in a county jail or detention center or regional corrections center. The department shall ensure that a licensed mental health professional accepting vouchers collects and reports process and outcome measures.

b. The department shall develop requirements and provide training and technical assistance to licensed mental health professionals accepting vouchers. A licensed mental health professional shall provide evidence-based services.

SECTION 37. AMENDMENT. Section 50-24.5-02.3 of the North Dakota Century Code is amended and reenacted as follows:

50-24.5-02.3. Basic care payment rates.

1. The department shall determine limits for the care of residents of basic care facilities that qualify as vendors of an aged, blind, and disabled persons program and for implementing provisions of this chapter based on data demonstrating the most recent costs that must be incurred for the care of residents in efficiently and economically operated basic care facilities. The department shall determine the limits every four years by July first, beginning with July 1, 2023.
2. The department shall establish the limits by using the median rates from the most recent data available. The direct care limit must be the median plus eighteen percent. The indirect care limit must be the median plus twelve percent.
3. For the rate year beginning July 1, 2023, the department shall increase rates and limits three and one-half percent for inflation. For the rate year beginning July 1, 2024, the department shall increase rates and limits three and one-half percent for inflation.
4. The department shall provide a rate increase in the amount of five dollars per day for the period beginning July 1, 2023, and ending June 30, ~~2025~~2027, after which the increase is not effective. This rate increase may not be included in any calculation of inflation increase.
5. Within the limits of legislative appropriations, the department shall establish an uncompensated care expense of three hundred sixty-five days.

SECTION 38. AMENDMENT. Section 50-33-05 of the North Dakota Century Code is amended and reenacted as follows:

50-33-05. State of residence.

Only child care assistance units physically residing within the boundaries of the state are eligible for child care assistance, unless the individual is employed by an early childhood program within the boundaries of the state and the individual has been approved for the state's child care assistance child care workforce benefit.

SECTION 39. HOUSING AVAILABILITY ASSESSMENT - COLLABORATION WITH HOUSING FINANCE AGENCY. The department of health and human services shall collaborate with the North Dakota housing finance agency and other appropriate stakeholders to assess the

availability of housing for individuals requiring extraordinary health care support services, for the biennium beginning July 1, 2025, and ending June 30, 2027. Based on the results of the assessment, if necessary, the department shall develop a plan to expand access to housing providing the least restrictive environment for individuals requiring extraordinary health care support services.

SECTION 40. BEHAVIORAL HEALTH CLINICS, NORTH DAKOTA STATE HOSPITAL, AND LIFE SKILLS AND TRANSITION CENTER FUNDING. Section 1 of this Act includes funding for the behavioral health clinics, North Dakota state hospital, and life skills and transition center as follows:

1.	Behavioral health clinics:		
	a.	Salaries and wages	$156,967,103
	b.	Operating and capital	64,131,965
	c.	Total	$221,099,068
2.	State hospital:		
	a.	Salaries and wages	$68,775,551
	b.	Operating and capital	350,880,155
	c.	Total	$419,655,706
3.	Life skills and transition center:		
	a.	Salaries and wages	$55,540,213
	b.	Operating and capital	15,207,658
	c.	Total	$70,747,871

SECTION 41. LEGISLATIVE MANAGEMENT STUDY - STUDENT TRUANCY AND ABSENTEEISM. The legislative management shall consider studying, during the 2025-26 interim, truancy and student absenteeism in kindergarten through grade twelve public schools. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 42. LEGISLATIVE MANAGEMENT STUDY - OBESITY HEALTH IMPLICATIONS. The legislative management shall consider studying, during the 2025-26 interim, the health implications of obesity on the residents of the state and options to increase access to prevention and treatments for obesity. If conducted, the study must review costs associated with obesity including comorbidities, treatments available for obesity, obesity

diagnosis guidelines including use of body mass index compared with percentage of body fat, and examining the difference between being an individual who is healthy and overweight as compared to an obese individual. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 43. LEGISLATIVE MANAGEMENT REPORT - BEHAVIORAL HEALTH FACILITY GRANTS. During the 2025-26 interim the department of health and human services shall provide reports to the legislative management regarding the award of grant funding to increase the number of behavioral health beds in the state.

SECTION 44. EFFECTIVE DATE. Section 33 of this Act becomes effective on July 1, 2026.

April 10, 2025

	Subsection 11 - $500,000 from federal funds for the purpose of program integrity audits.	Subsection 11 - $500,000 from federal funds for the purpose of program integrity audits.	
	Subsection 12 - $1,950,000 from general funds for a northwest human service region behavioral health facility grant.	Subsection 12 - $1,950,000 from general funds for a northwest human service region behavioral health facility grant.	
Legislative intent - Utilization rate adjustment	Section 26 provides intent that DHHS seek a deficiency appropriation for any expenditures that exceed appropriated amounts as a result of underfunding, utilization rates, value-based purchasing for nursing facilities, reduction in federal medical assistance percentage, and unexpected contract cost increases that exceed 10 percent during the biennium if funding is not sufficient to pay actual expenses.	Section 24 provides intent that DHHS seek a deficiency appropriation for any expenditures that exceed appropriated amounts as a result of underfunding, utilization rates, value-based purchasing for nursing facilities, reduction in federal medical assistance percentage, and unexpected contract cost increases that exceed 10 percent during the biennium if funding is not sufficient to pay actual expenses.	
Legislative intent - Provider rate increase	Section 27 provides for a 2 percent increase each year of the biennium for human service provider inflation. The provider inflation increase in this section does not apply to nursing facilities.	Section 25 provides for a 2 percent increase each year of the biennium for human service provider inflation. The provider inflation increase in this section does not apply to nursing facilities.	
Legislative intent - Developmental disabilities provider accreditation requirement	Section 28 provides for elimination of the administrative rule requirement that providers of developmental disabilities services be accredited as a condition of being eligible for receiving payments for services from DHHS.	Section 26 provides for elimination of the administrative rule requirement that providers of developmental disabilities services be accredited as a condition of being eligible for receiving payments for services from DHHS.	
Legislative intent - Medical assistance	Section 29 provides for DHHS to review the amount, duration, coverage, utilization rates, medical necessity, and scope of medical assistance services, and may implement any adjustments the department determines appropriate.	Section 27 provides for DHHS to review the amount, duration, coverage, utilization rates, medical necessity, and scope of medical assistance services, and may implement any adjustments the department determines appropriate.	
Federal funding appeal limitation	Section 30 provides except as otherwise specifically provided by federal law, a person may not appeal a denial, revocation, reduction in services or payment, or the termination of a program or service by DHHS due to the unavailability of federal coronavirus funding received under federal law resulting from the federal coronavirus pandemic emergency declaration.	Section 28 provides except as otherwise specifically provided by federal law, a person may not appeal a denial, revocation, reduction in services or payment, or the termination of a program or service by DHHS due to the unavailability of federal coronavirus funding received under federal law resulting from the federal coronavirus pandemic emergency declaration.	
Long term structured residences plan - report	Section 31 provides for DHHS to review options and develop a plan to establish long-term structured residences.	Section 29 provides for DHHS to review options and develop a plan to establish long-term structured residences.	

Other Sections in Department of Health and Human Services - Budget No. 325

Section Description	House Version	Senate Version	
Lease of land at the State Hospital and Life Skills and Transition Center	Section 32 amends section 50-06-06.6 of the North Dakota Century Code to allow for a lease term of real or personal property for term not to exceed ninety-nine years at the life skills and transition center or the state hospital.	Section 30 amends section 50-06-06.6 of the North Dakota Century Code to allow for a lease term of real or personal property for term not to exceed ninety-nine years at the life skills and transition center or the state hospital.	
Use of SUD voucher	Section 33 amends section 50-06-42 of the North Dakota Century Code to include medical costs in the substance use voucher system payments for individuals in a licensed substance abuse treatment program and allow for the substance use voucher system for individuals detained or confined in a county jail or detention center or regional corrections center.	Section 31 amends section 50-06-42 of the North Dakota Century Code to include medical costs in the substance use voucher system payments for individuals in a licensed substance abuse treatment program and allow for the substance use voucher system for individuals detained or confined in a county jail or detention center or regional corrections center.	
Basic care payment rate	Section 34 amends section 50-24.5-02.3 of the North Dakota Century Code to extend the basic care payment rate increase of five dollars per day through June 30, 2027.	Section 32 amends section 50-24.5-02.3 of the North Dakota Century Code to extend the basic care payment rate increase of five dollars per day through June 30, 2027.	
Child care workforce benefits	Section 35 amends section 50-33-05 of the North Dakota Century Code to include individuals employed by an early childhood program within the boundaries of the state if approved for the state's child care assistance child care workforce benefit.	Section 33 amends section 50-33-05 of the North Dakota Century Code to include individuals employed by an early childhood program within the boundaries of the state if approved for the state's child care assistance child care workforce benefit.	
		Section 34 amends section 50-36-03 to change the make up of the opioid settlement advisory committee.	
Housing availability assessment - collaboration with housing finance agency	Section 36 provides for DHHS to collaborate with the North Dakota Housing Finance Agency and other appropriate stakeholders to assess the availability of housing for individuals requiring extraordinary health care support services.	Section 35 provides for DHHS to collaborate with the North Dakota Housing Finance Agency and other appropriate stakeholders to assess the availability of housing for individuals requiring extraordinary health care support services.	
Behavioral health clinics, North Dakota State Hospital, and Life Skills and Transition Center funding	Section 37 identifies funding for the behavioral health clinics, State Hospital, and Life Skills and Transition Center.	Section 36 identifies funding for the behavioral health clinics, State Hospital, and Life Skills and Transition Center.	
Legislative management study - student truancy and absenteeism	Section 38 provides for a study on truancy and student absenteeism in kindergarten through grade twelve public schools.	Section 37 provides for a study on truancy and student absenteeism in kindergarten through grade twelve public schools.	
Legislative Management study - obesity health implications	Section 39 provides for a study on the health implications of obesity on the residents of the state and options to increase access to prevention and treatments for obesity.	Section 38 provides for a study on the health implications of obesity on the residents of the state and options to increase access to prevention and treatments for obesity.	
Legislative Management report - behavioral health facility grants	Section 40 requires DHHS to provide reports to the Legislative Management regarding the award grant funding to increase the number of behavioral health beds in the state.	Section 39 requires DHHS to provide reports to the Legislative Management regarding the award grant funding to increase the number of behavioral health beds in the state.

2025 SENATE STANDING COMMITTEE MINUTES

Appropriations - Human Resources Division
Harvest Room, State Capitol

HB 1012 p.m.
4/10/2025

Related to Health and Human Services.

3:29 p.m. Chairman Dever opened the hearing.

Members present: Chairman Dever and Senators Cleary, Davison, Magrum and Mathern.

Discussion Topics

- Decision Points
- Provider Rate
- Medical Homes
- Altru Amendment

3:30 p.m. Chairman Dever started the discussion with three decision points: provider rate, basic care $5 dollar a day, medical homes, and Altru amendment.

3:30 p.m. Senator Mathern introduced an amendment LC #25.0156.02025 and submitted testimony #44918. He suggested adopting section 7 and 8, but not adopting section 9.

3:45 p.m. Senator Davison started the discussion of Senator Mathern's amendment.

3:50 p.m. The committee approved an amendment including sections 7 and 8.

4:00 p.m. Chairman Dever started the discussion of provider rates with Magrum's proposal of 2% and 1 ½%. Committee approved.

4:00 p.m. Chairman Dever started the discussion of basic care $5 daily.

4:00 p.m. Keith Mantz, Financial Analyst, LC, testified neutral and answered questions.

4:03 p.m. Senator Davis suggested giving $5 a day to basic care with a study for rebasing the rates for long-term care. Senator Mathern and Keith Mantz will work on amendment language. Committee Approved.

Additional Testimony:

Donna Aukland, testified in favor and submitted testimony #44911 and #44925.

4:09 p.m. Chairman Dever closed the hearing.

Joan Bares, Committee Clerk

Sen Matthews

3. The department shall require an entity receiving funding under this section to operate the facility for at least ten years and require the grant amount to be repaid if the entity does not operate the facility for at least ten years.
4. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 7. APPROPRIATION - MEDICAL HOUSING FOR INDIVIDUALS WITH EXTRAORDINARY MEDICAL NEEDS - ONE-TIME FUNDING.

1. There is appropriated out of any moneys in the general fund in the state treasury, the sum of $200,000, or so much of the sum as may be necessary, to the department of health and human services for the purpose of preliminary design consultation and project administration of developing housing for individuals with disabilities that have extraordinary medical needs and for rent subsidies for individuals residing in these housing facilities for the biennium beginning July 1, 2025, and ending June 30, 2027.
2. The department of health and human services shall collaborate with the North Dakota housing finance agency, individuals with disabilities, caregivers, and families to solicit proposals for the development of accessible housing for individuals with disabilities that have extraordinary medical needs, for the biennium beginning July 1, 2025, and ending June 30, 2027. The department shall solicit proposals from public entities, for-profit organizations, and non-profit organizations to design, construct, maintain, and operate the housing facility. Proposals must:
   a. Ensure that services in the facility may be provided separately from the facility ownership interests;
   b. Ensure that individuals residing in the facility may choose among independent living service providers; and
   c. Comply with the federal home and community based settings rules as defined under 42 CFR 441.301(c)(4).

SECTION 8. A new section to chapter 6-09 of the North Dakota Century Code is created and enacted as follows:

Extraordinary medical needs housing loan fund - Continuing appropriation.

1. The Bank of North Dakota shall administer a loan program to provide loans for new construction projects to provide housing for individuals with disabilities that have

extraordinary medical needs. A construction project may include a land purchase and the construction costs of the project. The applicant must comply with project requirements as approved by the department of health and human services and the North Dakota housing finance agency.

2. The extraordinary medical needs housing loan fund is a special fund maintained in the state treasury from which the Bank shall provide loans under this section. The fund consists of revenues transferred under legislative authorization, interest upon moneys in the fund, and collections of interest and principal on loans made from the fund. All moneys in the fund are appropriated on a continuing basis to the Bank for the purpose of providing loans under this section.

3. The developer of the housing facility for individuals with disabilities that have extraordinary medical needs may submit an application to the Bank for a loan. The application must:

   a. Provide detail on the proposed construction project and its compliance with the department of health and human services and the North Dakota housing finance agency requirements;

   b. Demonstrate the need and long-term viability of the project; and

   c. Include financial information the Bank determines appropriate to verify eligibility.

4. A loan approved under this section:

   a. May not exceed three million three hundred thousand dollars for a project;

   b. Must have an interest rate that does not exceed two percent; and

   c. Must have a repayment schedule of no longer than twenty years.

5. A recipient of a loan under this section shall complete the financed construction project within twenty-four months of the approval of the loan. Failure to comply with this subsection may result in forfeiture of the entire loan received under this section.

6. The Bank shall deposit in the fund all principal and interest paid on the loans made from the fund. The Bank may deduct from interest payments a service fee for costs of administering the loan program. The fund must be audited annually pursuant to section 6-09-29 and the cost of the audit and any other actual costs incurred by the Bank on behalf of the fund must be paid from the fund.

SECTION 9. TRANSFER - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - EXTRAORDINARY MEDICAL NEEDS HOUSING LOAN FUND. The office of management and budget shall transfer the sum of $3,300,000 from the strategic investment and improvements fund to the extraordinary medical needs housing loan fund during the biennium beginning July 1, 2025, and ending June 30, 2027.

SECTION 10. COMMUNITY CULTURAL CENTER GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION. Section 1 of this Act includes the sum of $1,000,000 from the strategic investment and improvements fund for the purpose of providing a one-time community cultural center grant in the west central human service region. An entity may apply for a grant under this section if the entity certifies to the department it has secured at least fifty percent of funds needed to complete the project, the project will be completed within two years of receiving the grant funds, and the grants funds will be used only for costs of constructing a community cultural center. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 11. JUVENILE JUSTICE DIVERSION SERVICES AND PROGRAMS - TASK FORCE - REPORT. Section 1 of this Act includes the sum of $750,000 from the general fund for juvenile justice diversion services and programs. The department of health and human services must use the funding for services to youth at risk of juvenile justice involvement but who have not committed delinquent acts as defined in chapter 27-20.4.

The department shall establish a task force with representation from divisions in the department, human service zones, the department of public instruction, elementary and secondary schools, and members of the legislative assembly~~,~~ to review juvenile justice diversion services and program. The department shall report its findings and recommendations to the legislative management and children's cabinet.

SECTION 12. ANIMAL SHELTER GRANT - COMMUNITY HEALTH TRUST FUND. Section 1 of this Act includes the sum of $300,000 from the community health trust fund for a grant for the construction of an animal shelter. The department of health and human services may award a grant for the construction of an animal shelter to an organization that provides twenty dollars of nonstate matching funds for every dollar of grant funds received. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

2025 SENATE STANDING COMMITTEE MINUTES

Appropriations - Human Resources Division
Harvest Room, State Capitol

HB 1012 a.m.
4/11/2025

Related to Health and Human Services.

10:40 a.m. Chairman Dever opened the hearing.

Members present: Chairman Dever and Senators Cleary, Davison, Magrum and Mathern.

Discussion Topics

- Governor's office have an appointee
- Ocean System - Information Technology Project - Ocean System

10:40 a.m. Keith Mantz, Financial Analyst, LC, submitted testimony #44951.

10:43 a.m. Chairman Dever discussed HB 2271.

10:44 a.m. Senator Davison suggested reducing the funding from $12,960,000, to $5,000,000, in the budget for the Altru behavioral health facility grant. Committee approved.

10:45 a.m. Keith Mantz, Financial Analyst, LC, testified neutral and clarified changes.

10:47 a.m. Senator Davison started a discussion concerning section 25, #2, the funding for the information technology project - Ocean System. He suggested reducing the general funding from $14,411,218, to $6,000,000, plus adding a line of credit and keeping federal authority. Committee approved.

10:48 a.m. Donna Aukland, CFO, North Dakota Department of Health and Human Services, (ND DHHS). testified in favor and answered committee questions concerning the information technology project - Ocean System.

10:57 a.m. Keith Mantz, Financial Analyst, LC clarified changes to section 25, #2 concerning the information technology project - Ocean System.

10:58 a.m. Senator Cleary referenced HB 2176 which should have included an amendment and submitted testimony LC#25.1017.02001 #44953. The amendment states who attends the children's cabinet meetings from the governor's office.

11:00 a.m. Keith Mantz, Financial Analyst, LC, clarified changes.

11:08 a.m. Chairman Dever closed the hearing.

Joan Bares, Committee Clerk

Title.

Prepared by the Legislative Council staff for Senator Axtman
March 10, 2025

Sixty-ninth
Legislative Assembly
of North Dakota

PROPOSED AMENDMENTS TO FIRST ENGROSSMENT

ENGROSSED SENATE BILL NO. 2176

Introduced by

Senators Axtman, Hogan

Representatives O'Brien, Pyle

A BILL for an Act to create and enact a new section to chapter 54-07 of the North Dakota Century Code, relating to the children's cabinet and designated working groups; to repeal section 50-06-43.1 of the North Dakota Century Code, relating to the children's cabinet; and to provide for a legislative management report~~; and to provide an appropriation~~.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. A new section to chapter 54-07 of the North Dakota Century Code is created and enacted as follows:

Children's cabinet - Membership - Duties - Working groups - Report.

1. The children's cabinet is created to assess, guide, and coordinate the care for children and families across the state's branches of government and the tribal nations.
2. The children's cabinet is composed of:
   a. The governor, or the governor's designee;
   b. The chief justice of the supreme court, or the chief justice's designee;
   c. Two members of the house of representatives, appointed by the majority leader of the house of representatives to serve two-year terms;
   d. Two members of the senate, appointed by the majority leader of the senate to serve two-year terms;
   e. The superintendent of public instruction, or the superintendent's designee;
   f. The director of the committee on protection and advocacy, or the director's designee;

g. The commissioner of the department of health and human services, or the commissioner's designee;

h. A representative of the tribal nations in the state, who is appointed by the governor; and

i. Five individuals, appointed by the governor to serve a term of two years at the pleasure of the governor, consisting of:

(1) A local school representative;

(2) A local special education representative;

(3) A human service zone director;

(4) A representative of a private agency that provides direct services to vulnerable children; and

(5) A parent.

3. The governor, in collaboration with the chairman of the legislative management, shall appoint as the presiding officer of the children's cabinet a member of the governor's cabinet or a legislator serving on the children's cabinet. The children's cabinet shall select one of its members to serve as the vice-presiding officer.

4. The children's cabinet shall meet at least quarterly. Additional meetings may be held at the discretion of the presiding officer.

5. The children's cabinet shall:

a. Coordinate broad-based leadership across programs, agencies, branches of government, and tribal nations to meet the needs of children and families;

b. Develop strategies to address gaps or needs regarding early care and education, medical and behavioral health, community, child welfare, and juvenile justice;

c. Develop strategies to provide for the full continuum of care in the delivery of services, including promotion, prevention, early identification and intervention, service delivery, and recovery;

d. Seek to engage cooperation across public and private service providers;

e. Provide a comprehensive vision for how and where children are best served, attending to children and families in a respectful and relevant manner;

f. Seek strategies to provide services to children without consideration of prior engagement with juvenile services;

g. Provide for the active participation of consumers and providers statewide on advisory committees;

h. Receive information and recommendations from the department of health and human services, department of corrections and rehabilitation, and other state agencies;

i. Establish and oversee designated working groups to develop policies impacting children and families; and

j. Provide an annual report to the legislative management and governor regarding the activities and findings of:

(1) The children's cabinet; and

(2) Other designated working groups on children and family issues.

6. a. The office of the governor shall provide staffing and administrative services for the children's cabinet and coordinate with other designated working groups on children and family issues.

b. The governor or the governor's designee serving on the cabinet may appoint a representative to serve in that official's capacity at a meeting if the governor or governor's designee is unable to attend.

7. a. The presiding officer of the children's cabinet may designate working groups and appoint or remove liaisons to serve on the working groups.

b. A member of the children's cabinet or working group who is not a state employee is entitled to reimbursement for mileage and expenses as provided by law for state officers and employees, to be paid by the office of the governor.

c. A state employee who is a member of the children's cabinet or working group is entitled to receive that employee's regular salary and is entitled to reimbursement for mileage and expenses to be paid by the employing agency.

d. A member of the children's cabinet or working group who is a member of the legislative assembly is entitled to receive per diem compensation at the rate provided under section 54-35-10 for each day performing official duties of the children's cabinet or working group. The legislative council shall pay the per diem compensation and reimbursement for travel and such expenses as provided by

law for any member of the children's cabinet or working group who is a member of the legislative assembly.

SECTION 2. REPEAL. Section 50-06-43.1 of the North Dakota Century Code is repealed.

~~**SECTION 3. APPROPRIATION - OFFICE OF THE GOVERNOR - CHILDREN'S CABINET.** There is appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, the sum of $220,000, or so much of the sum as may be necessary, to the office of the governor, for the purpose of administering the children's cabinet and coordinating designated working groups, for the biennium beginning July 1, 2025, and ending June 30, 2027.~~

2025 SENATE STANDING COMMITTEE MINUTES

Appropriations - Human Resources Division
Harvest Room, State Capitol

HB 1012
4/14/2025

Related to Health and Human Services.

3:32 p.m. Chairman Dever opened the hearing.

Members present: Chairman Dever and Senators Cleary, Davison, Magrum and Mathern.

Discussion Topics

- Waterford Project
- Final Budget Review
- Three Changes to Bill

3:32 p.m. Senator Dever started discussion about the process to review the bill.

3:32 p.m. Keith Mantz, Fiscal Analyst, LC, testified neutral and submitted testimony #44981 and #44985.

3:38 p.m. Chairman Dever started discussion of bill with the Statement of Purpose Section 1-9 of the bill.

3:46 p.m. Chairman Dever discussed page 7 & 8, Section 2 - One-Time Funding.

3:48 p.m. Keith Mantz, Fiscal Analyst, LC, testified neutral and answered committee questions.

3:52 p.m. Senator Cleary asked about Medical Housing Fourplex.

3:52 p.m. Keith Mantz, Fiscal Analyst, LC, testified neutral and answered committee questions.

3:55 p.m. Chairman Dever discussed Section 3 & Section 4. A correction needs to be made to page 9, Section 4, line 16. Change $30,000,000, to $6,307,309.

3:56 p.m. Donna Aukland, CFO, North Dakota Department of Health and Human Services (ND DHH), testified in favor and answered committee questions pertaining to the change.

3: 58 p.m. Keith Mantz, Fiscal Analyst, LC, testified neutral and answered committee questions pertaining to the change.

3:58 p.m. Chairman Dever discussed Section 5 - Section 18.

4:04 p.m. Keith Mantz, Financial Analyst, LC, testified neutral and answered committee questions.

4:06 p.m. The second change is on page 15, section 18, line 25, change "human service centers" to "certified community behavior health clinics."

4:06 p.m. Donna Aukland, CFO, ND DHHS, testified neutral and answered committee questions concerning Section 16.

4:06 p.m. Chairman Dever discussed Sections 19 - 30.

4:19 p.m. Chairman Dever discussed A third change on page 21, Section 31, lines 16 and 17. Strikeout "may implement any adjustments the department determines appropriate and replace with "report any findings and recommendations to the seventeenth legislative assembly."

4:20 p.m. Chairman Dever discussed Section 32 - 50.

4:36 p.m. Steph Gullickson, Fiscal Management Analyst, OMB, testified neutral, and discussed an issue with Section 16. Some dollar amounts need to be double-checked and should match.

4:38 p.m. Chairman Dever discussed the total of all funds.

4:42 p.m. Keith Mantz, Financial Analyst, LC, explained FTE count.

4:46 p.m. Donna Aukland, CFO, ND DHHS, testified in favor and answered committee questions concerning FTE count.

5:05 p.m. Donna Aukland, CFO, ND DHHS, testified in favor and answered committee questions concerning FMAP.

Additional Testimony:

Carlotta McCleary, Spokesperson, Mental Health Advocacy Network, submitted written testimony # 45001 in favor.

5:07 p.m. Chairman Dever closed the hearing.

Joan Bares, Committee Clerk

April 14, 2025

Title.
Fiscal No. 4

Prepared by the Legislative Council staff for Senate Appropriations - Human Resources Division Committee
April 14, 2025

Sixty-ninth
Legislative Assembly
of North Dakota

PROPOSED AMENDMENTS TO FIRST ENGROSSMENT

ENGROSSED HOUSE BILL NO. 1012

Introduced by

Appropriations Committee

A BILL for an Act to provide an appropriation for defraying the expenses of various divisions of the department of health and human services; to create and enact a new section to chapter 6-09 of the North Dakota Century Code, relating to an extraordinary medical needs housing loan fund; to amend and reenact sections 50-06-06.6, 50-06-42, 50-24.5-02.3, ~~and~~ 50-33-05, and subsection 1 of 50-36-03 of the North Dakota Century Code and subsection 6 of the new section to chapter 54-07 of the North Dakota Century Code created in section 1 of Senate Bill No. 2176, as approved by the sixty-ninth legislative assembly, relating to leases of department of health and human services property, substance use disorder treatment program, basic care payment rates, ~~and~~ state of residence for child care assistance, opioid settlement advisory committee, and children's cabinet; to provide for a transfer; to authorize a line of credit; to provide legislative intent; to provide for a legislative management study; to provide an application; to provide an exemption; to provide for a report; and to provide an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. APPROPRIATION. The funds provided in this section, or so much of the funds as may be necessary, are appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, and from other funds derived from special funds and federal funds, to the department of health and human services for the purpose of defraying the expenses of its various divisions, for the biennium beginning July 1, 2025, and ending June 30, 2027, as follows:

SECTION 3. FUNDING TRANSFERS - EXEMPTION - AUTHORIZATION - REPORT. Notwithstanding section 54-16-04, the director of the office of management and budget shall transfer appropriation authority between line items within subdivisions 1, 2, 3, 4, 5, and 6 of section 1 of this Act and any other appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly, for the biennium beginning

July 1, 2025, and ending June 30, 2027, as requested by the department of health and human services. The department of health and human services shall notify the legislative council of any transfer made pursuant to this section. The department of health and human services shall report to the budget section after June 30, 2026, any transfer made in excess of $50,000 and to the appropriations committees of the seventieth legislative assembly regarding any transfers made pursuant to this section.

SECTION 4. FULL-TIME EQUIVALENT POSITION BLOCK GRANT PROGRAM - REPORT. Section 1 of this Act includes funding for a full-time equivalent position block grant program. This funding as approved by the sixty-ninth legislative assembly is available for defraying the expense of full-time equivalent positions as determined by the department of health and human services. Notwithstanding any other provision of law, the department is authorized to increase or decrease authorized full-time equivalent positions subject to the availability of funds and the provisions of this section. The department of health and human services many not increase full-time equivalent positions for the purpose of transferring human service zone employees to state employment. Pursuant to section 3 of this Act, the department is authorized to transfer appropriation authority of up to the underfunded amount of $30,000,000 to the salaries and wages block grant line item. The department of health and human services shall report to the office of management and budget and legislative council any adjustments to full-time equivalent positions.

SECTION 5. DEPARTMENT OF HEALTH AND HUMAN SERVICES - SALARIES AND WAGES BLOCK GRANT - VACANT POSITIONS - REPORT. The department of health and human services shall report to the budget section quarterly during the 2025-26 interim regarding the status of its salaries and wages block grant and vacant positions and employee turnover. The report must include:

1. The legislative appropriation for salaries and wages allocated by the department to major department programs by funding source and the number of FTE positions the department is allocating to each major program based on the legislative appropriation;
2. Any changes to salaries and wages funding or FTE positions allocated to major department programs;

3. Any new FTE positions added, the cost of the position for the remainder of the biennium, and the cost to continue funding the position in the subsequent biennium by funding source;
4. Any FTE positions removed and related funding;
5. The number of FTE positions that become vacant and the number filled each month;
6. The number of vacant FTE positions at the end of each month;
7. Salaries and wages savings resulting from vacant positions and employee turnover each month by funding source; and
8. The use of salaries and wages savings for other purposes for each month by funding source.

SECTION 6. BEHAVIORAL HEALTH FACILITY GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION.

1. Section 1 of this Act includes the sum of ~~$12,960,000~~$5,000,000 from the strategic investment and improvements fund for a behavioral health facility grant pursuant to this section.

~~2. A grant of $12,960,000 must be provided to establish a behavioral health facility in the northeast human service region. The grant recipient must provide matching funds of $3,240,000 to establish the facility.~~

~~3.~~2. The department shall require an entity receiving funding under this section to operate the facility for at least ten years and require the grant amount to be repaid if the entity does not operate the facility for at least ten years.

~~4.~~3. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 7. INFANT AND TODDLER CARE PROVIDER SUPPORT DIRECT PAYMENT - ONE-TIME - REPORT. Section 1 of this Act includes the sum of $13,500,000 of one-time funding from the general fund for direct payments to licensed child care providers to support high-quality early childhood care for infants and toddlers. The department shall administer the direct payment program and include the following provisions:

1. To qualify for a direct payment under this section, a direct payment recipient must:
   a. Be a licensed child care facility within the state of North Dakota;

b. Be enrolled in the state's bright and early quality rating system at a two-star, three-star, or four-star rating level; and

c. Provide care for children from birth through three years of age.

2. Eligible providers may receive up to $300 per month for each child from birth through seventeen months of age and up to $180 per month for each child from eighteen through thirty-six months of age.

3. The department shall distribute the direct payments on a quarterly basis. Direct payments may not be used for non-child care-related expenses or debt repayment.

4. Direct payment recipients shall submit annual reports to the department detailing fund usage, enrollment statistics, and other information requested by the department.

5. The department shall provide reports to the legislative management and to the appropriations committees of the seventieth legislative assembly on direct payments and the effectiveness of the program.

SECTION 8. INTERMEDIATE CARE FACILITY MEDICALLY AND BEHAVIORALLY COMPLEX SERVICES GRANT - APPLICATION. Section 1 of this Act includes the sum of $4,400,000 of one-time funding from the community health trust fund for providing a one-time grant to a licensed intermediate care facility in the south central human service region for providing services to children or young adults with medically and behaviorally complex conditions. To be eligible to receive the grant under this section, a licensed intermediate care facility must provide early intervention, clinical, and residential services, provide community and home support, education, recreation and leisure activities, and assistive technology; and provide services in at least eight communities for individuals with intellectual or developmental disabilities. The grant funds awarded may be used only for the costs of providing services to children and young adults with medically and behaviorally complex conditions. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 9. SPECIAL HEALTH CARE NEEDS GRANT - APPLICATION. Section 1 of this Act includes the sum of $50,000 from the general fund for providing a grant to a provider in the south central human service region for statewide education, information, training, and peer support to families with children with special health care needs,

medically complex conditions, or a disability. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 10. CRISIS SERVICES GRANTS - APPLICATION. Section 1 of this Act includes the sum of $585,000 from the general fund for providing crisis services grants. The grants include the sum of $300,000 for crisis organizations that provide crisis services to young adults who are at risk of being homeless or experiencing other serious adverse life events and the sum of $285,000 to a volunteer-based ecumenical ministry organization. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 11. MEDICAL HOUSING FOR INDIVIDUALS WITH EXTRAORDINARY MEDICAL NEEDS - ONE-TIME FUNDING.

1. Section 1 of this Act includes the sum of $200,000 from the general fund for the preliminary design consultation and project administration of developing housing for individuals with disabilities that have extraordinary medical needs and for rent subsidies for individuals residing in these housing facilities for the biennium beginning July 1, 2025, and ending June 30, 2027.
2. The department of health and human services shall collaborate with the North Dakota housing finance agency, individuals with disabilities, caregivers, and families to solicit proposals for the development of accessible housing for individuals with disabilities that have extraordinary medical needs, for the biennium beginning July 1, 2025, and ending June 30, 2027. The department shall solicit proposals from public entities, for-profit organizations, and nonprofit organizations to design, construct, maintain, and operate the housing facility. Proposals must:
   a. Ensure that services in the facility may be provided separately from the facility ownership interests;
   b. Ensure that individuals residing in the facility may choose among independent living service providers; and
   c. Comply with the federal home and community-based settings rules as defined under 42 CFR 441.301(c)(4).

SECTION 12. COMMUNITY CULTURAL CENTER GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION. Section 1 of this Act includes the sum of ~~$1,000,000~~$300,000 from the strategic investment and improvements fund for the purpose of providing a one-time community cultural center programming grant in the west central human service region. An entity may apply for a grant under this section if the entity certifies to the department ~~it has secured at least fifty percent of funds needed to complete the project, the project will be completed within two years of receiving the grant funds, and the grants funds will be used only for costs of constructing a~~the funds will be used for programs within the community cultural center. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 13. JUVENILE JUSTICE DIVERSION SERVICES AND PROGRAMS - TASK FORCE - REPORT. Section 1 of this Act includes the sum of ~~$750,000~~ $500,000 of one-time funding from the ~~general~~community health trust fund for juvenile justice diversion services and programs. The department of health and human services must use the funding for services to youth at risk of juvenile justice involvement but who have not committed delinquent acts as defined in chapter 27-20.4.

The department shall establish a task force with representation from divisions in the department, human service zones, the department of public instruction, elementary and secondary schools, and members of the legislative assembly, to review juvenile justice diversion services and program. The department shall report its findings and recommendations to the legislative management and children's cabinet.

~~**SECTION 9. ANIMAL SHELTER GRANT - COMMUNITY HEALTH TRUST FUND.** Section 1 of this Act includes the sum of $300,000 from the community health trust fund for a grant for the construction of an animal shelter. The department of health and human services may award a grant for the construction of an animal shelter to an organization that provides twenty dollars of nonstate matching funds for every dollar of grant funds received. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.~~

~~**SECTION 10. STATEWIDE HEALTH STRATEGIES - COMMUNITY HEALTH TRUST FUND.** Section 1 of this Act includes the sum of $750,000 of one-time funding from the community health trust fund for the statewide health strategies initiative. The department of~~

~~health and human services may spend the funding upon securing dollar-for-dollar matching funds.~~

SECTION 14. OTHER FUNDS - INSURANCE TAX DISTRIBUTION FUND. The other funds line item in subdivision 5 of section 1 of this Act includes the sum of $1,125,000 from the insurance tax distribution fund for rural emergency medical services grants.

SECTION 15. OTHER FUNDS - COMMUNITY HEALTH TRUST FUND. The other funds line items in section 1 of this Act includes the sum of ~~$38,713,522~~$41,431,522 from the community health trust fund for the following purposes:

Loan repayment programs	$594,500
~~Tobacco and vaping programs~~	~~11,599,698~~
Tobacco prevention and control grants to local public health units	6,250,000
Tobacco prevention and control	4,549,698
Tobacco cessation grants	500,000
Youth vaping prevention grants	300,000
Cancer and women's way programs	909,824

~~Total $38,713,522~~

Total $41,431,522

SECTION 16. OTHER FUNDS - HUMAN SERVICE FINANCE FUND. The other funds line items in section 1 of this Act includes the sum of ~~$239,112,030~~$242,112,030 from the human service finance fund for state-paid economic assistance and social and human services.

SECTION 17. OTHER FUNDS - OPIOID SETTLEMENT FUND. The other funds line item in section 1 of this Act includes the sum of $8,000,000 from the opioid settlement fund for opioid remediation and abatement efforts.

SECTION 18. OTHER FUNDS - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND The other funds line items in section 1 of this Act includes the sum of ~~$227,474,784~~$18,446,784 from the strategic investment and improvements fund for the following purposes:

~~Retiring technology from the mainframe $7,500,000~~

~~Move into the new state laboratory and purchase security equipment 2,962,304~~

~~Capital projects in human service centers and life skills and transition center 1,052,480~~

~~Housing initiative programs 1,000,000~~

~~Technology projects at the state hospital 1,000,000~~

~~New state hospital 200,000,000~~

~~Behavioral health facility grant 12,960,000~~

~~Community cultural center grant 1,000,000~~

~~Total $227,474,784~~

Retiring technology from the mainframe $5,000,000

New state laboratory move-in costs and security equipment purchases 2,962,304

Capital projects in human service centers and life skills and transition center 1,684,480

Housing initiative programs 2,500,000

Technology projects at the state hospital 1,000,000

Behavioral health facility grant 5,000,000

Community cultural center grant 300,000

Total $18,446,784

SECTION 19. OTHER FUNDS - BANK OF NORTH DAKOTA LINE OF CREDIT - ~~STATE HOSPITAL~~CHILD WELFARE TECHNOLOGY PROJECT. The other funds line item in subdivision 2 of section 1 of this Act includes ~~$130,000,000~~the sum of $8,411,218 from a Bank of North Dakota line of credit. The department of health and human services may borrow up to ~~$130,000,000~~$8,411,218 through a line of credit from the Bank of North Dakota during the biennium beginning July 1, 2025, and ending June 30, 2027, for costs associated with ~~the construction of a new state hospital~~a child welfare technology project. The interest rate on the line of credit may not exceed the prevailing interest rate charged to North Dakota governmental entities. If the department accesses the line of credit, it shall request a deficiency appropriation from the seventieth legislative assembly to repay the line of credit.

SECTION 20. LABORATORY BUILDING STEERING COMMITTEE. The department of health and human services shall maintain the laboratory building steering committee to oversee the design and construction of the laboratory building project, for the biennium beginning July 1, 2025, and ending June 30, 2027, or until work is completed, whichever occurs earlier. The committee must include representation from the department of health and human services, department of environmental quality, office of management and budget, the governor's office, and the legislative assembly. The legislative assembly representation must include one member of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

SECTION 21. NEW STATE HOSPITAL - STEERING COMMITTEE. The department of health and human services shall establish a new state hospital facility steering committee to oversee the design and construction of a new state hospital facility, for the biennium beginning July 1, 2025, and ending June 30, 2027. The committee must include representation from the department of health and human services, office of management and budget, the governor's office, and the legislative assembly. The legislative assembly representation must include one member of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

SECTION 22. CAPITAL PAYMENTS. During the biennium beginning July 1, 2025, and ending June 30, 2027, the department of health and human services is authorized to expend

funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center. Pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly. The department of health and human services may transfer funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center ahead of the special needs assessments schedule. Notwithstanding section 54-27-12, the department of health and human services may spend funds for the payment of special assessments at the state hospital and life skills and transition center.

SECTION 23. CAPITAL PROJECTS - EMERGENCY COMMISSION AND BUDGET SECTION APPROVAL. During the biennium beginning July 1, 2025, and ending June 30, 2027, pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly for capital projects and maintenance pertaining to operation of its facilities, including demolition projects. Notwithstanding section 54-27-12, the department of health and human services may spend up to $10,000,000 for capital projects and maintenance pertaining to operation of its facilities, including demolition projects, under this section and may seek emergency commission and budget section approval to spend more than $10,000,000 under this section.

SECTION 24. PERMANENT SUPPORTIVE HOUSING GRANTS. Section 1 of this Act includes the sum of $4,672,536 from the general fund for permanent supportive housing grants. The department of health and human services shall develop a funding methodology to distribute the funding to qualified entities that utilize best practices for permanent supportive housing, provide recovery-oriented and person-centered services, submit process and outcome measures to the department of health and human services, and authorize the department of health and human services to conduct onsite visits to review program operations.

SECTION 25. EXPENDITURES MAY NOT EXCEED APPROPRIATION - MEDICAL ASSISTANCE EXPANSION PROGRAM - APPLICATION.

1. Section 1 of this Act includes the sum of $662,099,340, of which $66,209,934 is from the general fund, for the medical assistance expansion program, for the biennium beginning July 1, 2025, and ending June 30, 2027. The expenditures for individuals eligible for the medical assistance expansion program may not exceed this amount.
2. The department of health and human services may exceed appropriations for increases in medical assistance expansion program caseload, for the addition of coverage consistent with the traditional Medicaid 1915(i) state plan, utilization rates, and reduction in federal medical assistance percentage.
3. The managed care organization under contract with the department of health and human services to manage the medical assistance expansion program shall reimburse providers within the same provider type and specialty at consistent levels and with consistent methodology and may not provide incentive, quality, or supplemental payments to providers, unless part of a value-based program approved by the department of health and human services. The managed care organization shall reimburse all North Dakota substance use providers of American society of addiction medicine level 2.5 at consistent levels and with consistent methodology. The managed care organization may consider urban and rural providers as different provider types.
4. The managed care organization and the department of health and human services shall ensure payments to Indian or Tribal 638 health care providers, federally qualified health centers,and rural health clinics meet the federally required minimum levels of reimbursement. Critical access hospitals may not be paid less than one hundred percent of Medicare allowable costs and human service centers may not be paid less than one hundred percent of the current traditional Medicaid rate. Behavioral health services involving partial hospitalization, intensive outpatient, professional services, and residential behavioral health services provided in facilities that are not institutions for mental diseases are not subject to the provisions in subsection 6.
5. The department of health and human services shall ensure providers within the same provider type and specialty are reimbursed at consistent levels and with consistent methodology and shall ensure the capitation rates under risk contracts are actuarially sound and are adequate to meet managed care organization contractual requirements

regarding availability of services, assurance or adequate capacity and services, and coordination and continuity of care.

6. Except for the provisions in subsection 4, managed care organization premium payments must be built using the assumption that rates paid to providers under the medical assistance expansion program may not exceed one hundred forty-five percent of Medicare reimbursement rates paid to providers on January 1, 2025.

SECTION 26. HUMAN SERVICE CENTERS - CERTIFIED COMMUNITY BEHAVIORAL HEALTH CLINICS - FULL-TIME EQUIVALENT POSITIONS - REPORT. The department of health and human services shall continue the process of the human service centers becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults. The department of health and human services shall pursue additional federal funding as available. Subject to the availability of generated income, the department of health and human services may add full-time equivalent positions for the clinics to provide direct services for the period beginning with the effective date of this Act and ending June 30, 2027. The department of health and human services shall report to the office of management and budget and legislative council each time a position is added.

SECTION 27. INTERMEDIATE CARE FACILITY MORATORIUM. The department of health and human services may not add any new licensed intermediate care facility for individuals with intellectual disabilities beds to the state's licensed bed capacity between July 1, 2025, and June 30, 2027.

SECTION 28. EXEMPTION - UNEXPENDED APPROPRIATIONS. The following appropriations are not subject to the provisions of section 54-44.1-11 and any unexpended appropriation authority may be continued into the biennium beginning July 1, 2025, and ending June 30, 2027:

1. The sum of $3,674,757 appropriated from the general fund and the sum of $25,918,566 appropriated from federal funds for the Medicaid management information system modularization technology project in chapter 12 of the 2021 Session Laws;
2. The sum of ~~$14,411,218~~$6,000,000 appropriated from the general fund and the sum of $14,411,218 appropriated from federal funds for the child welfare technology project in chapter 12 of the 2021 Session Laws;

3. The sum of $20,366,271 appropriated from the community health trust fund and the sum of $39,534,525 appropriated from federal funds for the child support computer replacement project in chapter 44 of the 2023 Session Laws;
4. The sum of $10,989,217 appropriated from the strategic investment and improvements fund for the procurement and grants management system in chapter 44 of the 2023 Session Laws;
5. The sum of $4,150,000 appropriated from the general fund for defraying the expenses of additional human service centers to begin the process of becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults in chapter 44 of the 2023 Session Laws;
6. The sum of $18,941,847 appropriated to the department of health and human services in chapter 549 of the 2021 Special Session Laws;
7. The sum of $55,120,000 appropriated from the federal state fiscal recovery fund for a public health laboratory capital project in chapter 4 of the 2023 Session Laws;
8. The sum of ~~$5,000,000~~$1,000,000 appropriated from the general fund for the purpose of employer-led child care cost-share program in chapter 446 of the 2023 Session Laws;
9. The sum of $986,555 appropriated from the general fund for the purpose of streamlining background checks project in chapter 446 of the 2023 Session Laws;
10. The sum of ~~$2,223,981~~$1,000,000 appropriated from the federal state fiscal recovery fund for the implementation of a virtual behavioral health crisis care program for rural law enforcement in chapter 44 of the 2023 Session Laws; and
11. The sum of $500,000 appropriated from the general fund and the sum of $500,000 appropriated from federal funds for the purpose of program integrity audits in chapter 44 of the 2023 Session Laws.
12. The sum of $1,950,000 appropriated from the general fund to the department of health and human services for a northwest human service region behavioral health facility grant in chapter 44 of the 2023 Session Laws.

SECTION 29. LEGISLATIVE INTENT - UTILIZATION RATE ADJUSTMENT. It is the intent of the sixty-ninth legislative assembly that the department of health and human services seek a deficiency appropriation from the seventieth legislative assembly for any expenditures that

exceed appropriated amounts as a result of underfunding, utilization rates, value-based purchasing for nursing facilities, reduction in federal medical assistance percentage, and unexpected contract cost increases that exceed ten percent, during the biennium beginning July 1, 2025, and ending June 30, 2027, if funding is not sufficient to pay actual expenses.

SECTION 30. LEGISLATIVE INTENT - PROVIDER RATE INCREASE. Except as otherwise noted, section 1 of this Act includes funding for human service provider inflation increases of two percent for ~~each year~~the first year and one and one-half percent the second year of the biennium beginning July 1, 2025, and ending June 30, 2027. The provider inflation increase in this section does not apply to nursing facilities.

~~**SECTION 29. LEGISLATIVE INTENT - DEVELOPMENTAL DISABILITIES PROVIDER ACCREDITATION REQUIREMENT.** It is the intent of the sixty-ninth legislative assembly that the department of health and human services eliminate its administrative rule requirement that providers of developmental disabilities services be accredited as a condition of being eligible for receiving payments for services from the department of health and human services.~~

SECTION 31. LEGISLATIVE INTENT - MEDICAL ASSISTANCE. It is the intent of the sixty-ninth legislative assembly that the department of health and human services review the amount, duration, coverage, utilization rates, medical necessity, and scope of medical assistance services, and may implement any adjustments the department determines appropriate.

SECTION 32. FEDERAL FUNDING APPEAL LIMITATION. Except as otherwise specifically provided by federal law, a person may not appeal a denial, revocation, reduction in services or payment, or the termination of a program or service by the department of health and human services dues to the unavailability of federal coronavirus funding received under federal law resulting from the federal coronavirus pandemic emergency declarations, for the biennium beginning July 1, 2025, and ending June 30, 2027.

SECTION 33. DEPARTMENT OF HEALTH AND HUMAN SERVICES - LONG-TERM STRUCTURED RESIDENCES PLAN - REPORT. During the 2025-26 interim, the department of health and human services shall review options and develop a plan to establish long-term structured residences. The department shall review necessary changes to statutes, rules, policies, and the estimated fiscal impact of establishing the residences. A long-term structured residence must be a highly structured therapeutic residential mental health treatment facility

that is staffed continuously and designed to treat adults under chapters 12.1-04.1 and 25-03.1 who have severe and persistent mental illness and who have reached the maximum benefit from the mental health resources available elsewhere in the community or hospital. The department shall present a report to the legislative management by October 1, 2026, regarding its plan to establish long-term structured residences.

SECTION 34. A new section to chapter 6-09 of the North Dakota Century Code is created and enacted as follows:

Extraordinary medical needs housing loan fund - Continuing appropriation.

1. The Bank of North Dakota shall administer a loan program to provide loans for new construction projects to provide housing for individuals with disabilities that have extraordinary medical needs. A construction project may include a land purchase and the construction costs of the project. The applicant must comply with project requirements as approved by the department of health and human services and the North Dakota housing finance agency.
2. The extraordinary medical needs housing loan fund is a special fund maintained in the state treasury from which the Bank shall provide loans under this section. The fund consists of revenues transferred under legislative authorization, interest upon moneys in the fund, and collections of interest and principal on loans made from the fund. All moneys in the fund are appropriated on a continuing basis to the Bank for the purpose of providing loans under this section.
3. The developer of the housing facility for individuals with disabilities that have extraordinary medical needs may submit an application to the Bank for a loan. The application must:
   a. Provide detail on the proposed construction project and its compliance with the department of health and human services and the North Dakota housing finance agency requirements;
   b. Demonstrate the need and long-term viability of the project; and
   c. Include financial information the Bank determines appropriate to verify eligibility.
4. A loan approved under this section:
   a. May not exceed three million three hundred thousand dollars for a project;
   b. Must have an interest rate that does not exceed two percent; and

c. Must have a repayment schedule of no longer than twenty years.

5. A recipient of a loan under this section shall complete the financed construction project within twenty-four months of the approval of the loan. Failure to comply with this subsection may result in forfeiture of the entire loan received under this section.

6. The Bank shall deposit in the fund all principal and interest paid on the loans made from the fund. The Bank may deduct from interest payments a service fee for costs of administering the loan program. The fund must be audited annually pursuant to section 6-09-29 and the cost of the audit and any other actual costs incurred by the Bank on behalf of the fund must be paid from the fund.

SECTION 35. AMENDMENT. Section 50-06-06.6 of the North Dakota Century Code is amended and reenacted as follows:

50-06-06.6. Department may lease real and personal property.

The commissioner of the department or commissioner's designee may lease ~~surplus farm and pastureland at the state hospital and the life skills and transition center. The commissioner or designee also may enter into further leases of~~ real or personal property at the life skills and transition center or the state hospital upon a specific finding that the granting of each such leasehold interest will result in a net economic gain for the department, taking into account all identifiable costs. Any lease of space for the purpose of providing child care services must meet requirements as determined by the department. The commissioner of the department or commissioner's designee may prescribe the terms and conditions of any leases entered into pursuant to this section and may renew existing leases. ~~Any~~The term of any lease ~~entered into must be subject to renewal or cancelable each biennium~~may not exceed ninety-nine years.

SECTION 36. AMENDMENT. Section 50-06-42 of the North Dakota Century Code is amended and reenacted as follows:

50-06-42. Substance use disorder treatment voucher system - Mental health treatment voucher system for incarcerated individuals.

~~1.~~ The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's substance abuse treatment system and to assist in the payment of addiction treatment services and medical costs provided by licensed substance abuse treatment programs, excluding

regional human service centers and hospital- or medical clinic-based programs for medical management of withdrawal.

~~a.~~1. An out-of-state licensed substance abuse treatment program located within a bordering state may participate in the voucher program to serve an underserved area of this state pursuant to the rules adopted by the department. The department shall develop rules to include processes and requirements for an out-of-state provider to receive reimbursement only for outpatient and community-based services upon a provider completing an assessment of need and receiving approval from the department.

2.~~b.~~ Services eligible for the voucher program include only those levels of care recognized by the American society of addiction medicine, with particular emphasis given to underserved areas and programs. The department shall ensure that a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers collects and reports process and outcome measures.

3.~~c.~~ The department shall develop requirements and provide training and technical assistance to a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers. A licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers shall provide evidence-based services.

4.~~d.~~ The department shall allocate funding appropriated for the substance use disorder treatment voucher as follows:

~~a. No~~

~~(1)~~a. Except as provided in paragraphs 3 and 4, no more than ~~forty-five~~fifty percent of the appropriated amount may be allocated for residential substance use disorder services administered by licensed substance abuse treatment programs with more than sixteen beds.

b.~~(2)~~ The remaining appropriation must be allocated for residential programs with sixteen or fewer beds, nonresidential outpatient, and ancillary substance use disorder services administered by licensed substance abuse treatment programs.

~~(3)~~c. The department, during the last quarter of the biennium, may reallocate projected unused funds that were allocated under paragraph 2 to residential facilities outlined in paragraph 1.

~~(4)~~d. The department may reimburse a licensed substance abuse treatment program with more than sixteen beds the incurred direct medical costs of an eligible individual who does not have resources to cover the medical costs. The department may develop rules and may not exceed the total amount appropriated for medical cost reimbursement.

~~2. The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's mental health treatment system for individuals detained or confined in a county jail or detention center or regional corrections center and to assist in the payment of mental health treatment services provided by a licensed mental health professional acting within their scope of practice, excluding a regional human service center.~~

~~a. Services eligible for the voucher program include only diagnostic assessment and mental health therapy for individuals with a mental health concern detained or confined in a county jail or detention center or regional corrections center. The department shall ensure that a licensed mental health professional accepting vouchers collects and reports process and outcome measures.~~

~~b. The department shall develop requirements and provide training and technical assistance to licensed mental health professionals accepting vouchers. A licensed mental health professional shall provide evidence-based services.~~

SECTION 37. AMENDMENT. Section 50-24.5-02.3 of the North Dakota Century Code is amended and reenacted as follows:

50-24.5-02.3. Basic care payment rates.

1. The department shall determine limits for the care of residents of basic care facilities that qualify as vendors of an aged, blind, and disabled persons program and for implementing provisions of this chapter based on data demonstrating the most recent costs that must be incurred for the care of residents in efficiently and economically operated basic care facilities. The department shall determine the limits every four years by July first, beginning with July 1, 2023.

2. The department shall establish the limits by using the median rates from the most recent data available. The direct care limit must be the median plus eighteen percent. The indirect care limit must be the median plus twelve percent.
3. For the rate year beginning July 1, 2023, the department shall increase rates and limits three and one-half percent for inflation. For the rate year beginning July 1, 2024, the department shall increase rates and limits three and one-half percent for inflation.
4. The department shall provide a rate increase in the amount of five dollars per day for the period beginning July 1, 2023, and ending June 30, ~~2025~~2027, after which the increase is not effective. This rate increase may not be included in any calculation of inflation increase.
5. Within the limits of legislative appropriations, the department shall establish an uncompensated care expense of three hundred sixty-five days.

SECTION 38. AMENDMENT. Section 50-33-05 of the North Dakota Century Code is amended and reenacted as follows:

50-33-05. State of residence.

Only child care assistance units physically residing within the boundaries of the state are eligible for child care assistance, unless the individual is employed by an early childhood program within the boundaries of the state and the individual has been approved for the state's child care assistance child care workforce benefit.

SECTION 39. AMENDMENT. Subsection 1 of section 50-36-03 of the North Dakota Century Code is amended and reenacted as follows:

1. The committee is composed of:
   a. One member of the North Dakota association of counties appointed by the chairman of the legislative management, who shall serve a term of two years.
   b. One member of the North Dakota league of cities appointed by the chairman of the legislative management, who shall serve a term of two years.
   c. One member of the North Dakota state association of city and county health officials appointed by the chairman of the legislative management, who shall serve a term of two years.
   d. One member who represents the highway patrol appointed by the highway patrol superintendent, who shall serve a term of two years.

e. The executive director of the department's division of behavioral health.

f. ~~The managing director of the office of recovery reinvented.~~One member in recovery appointed by the governor.

g. One member appointed by the governor who shall serve as a nonvoting member and as the presiding officer of the committee, who shall serve a term of two years.

SECTION 40. Subsection 6 of the new section to chapter 54-07 of the North Dakota Century Code, as created by section 1 of Senate Bill No. 2176, as approved by the sixty-ninth legislative assembly, is amended and reenacted as follows:

6. a. The office of the governor shall provide staffing and administrative services for the children's cabinet and coordinate with other designated working groups on children and family issues.

b. The governor or the governor's designee serving on the cabinet may appoint a representative to serve in that official's capacity at a meeting if the governor or governor's designee is unable to attend.

SECTION 41. HOUSING AVAILABILITY ASSESSMENT - COLLABORATION WITH HOUSING FINANCE AGENCY. The department of health and human services shall collaborate with the North Dakota housing finance agency and other appropriate stakeholders to assess the availability of housing for individuals requiring extraordinary health care support services, for the biennium beginning July 1, 2025, and ending June 30, 2027. Based on the results of the assessment, if necessary, the department shall develop a plan to expand access to housing providing the least restrictive environment for individuals requiring extraordinary health care support services.

SECTION 42. BEHAVIORAL HEALTH CLINICS, NORTH DAKOTA STATE HOSPITAL, AND LIFE SKILLS AND TRANSITION CENTER FUNDING. Section 1 of this Act includes funding for the behavioral health clinics, North Dakota state hospital, and life skills and transition center as follows:

1. Behavioral health clinics:

a.	Salaries and wages	~~$156,967,103~~$177,840,942
b.	Operating and capital	~~64,131,965~~56,945,408
c.	Total	~~$221,099,068~~$234,786,350

2. State hospital:
   a. Salaries and wages ~~$68,775,551~~$70,477,378
   b. Operating and capital ~~350,880,155~~20,880,155
   c. Total ~~$419,655,706~~$91,357,533
3. Life skills and transition center:
   a. Salaries and wages ~~$55,540,213~~$56,284,356
   b. Operating and capital ~~15,207,658~~15,207,658
   c. Total ~~$70,747,871~~$71,492,014

SECTION 43. LEGISLATIVE MANAGEMENT STUDY - STUDENT TRUANCY AND ABSENTEEISM. The legislative management shall consider studying, during the 2025-26 interim, truancy and student absenteeism in kindergarten through grade twelve public schools. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 44. LEGISLATIVE MANAGEMENT STUDY - OBESITY HEALTH IMPLICATIONS. The legislative management shall consider studying, during the 2025-26 interim, the health implications of obesity on the residents of the state and options to increase access to prevention and treatments for obesity. If conducted, the study must review costs associated with obesity including comorbidities, treatments available for obesity, obesity diagnosis guidelines including use of body mass index compared with percentage of body fat, and examining the difference between being an individual who is healthy and overweight as compared to an obese individual. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 45. LEGISLATIVE MANAGEMENT STUDY - MATERNAL HEALTH SERVICES - ACCESS AND WORKFORCE.

1. During the 2025-26 interim, the legislative management shall consider studying access to maternal health services. The study must include:
   a. Consideration of the availability of prenatal and childbirth services, including provider shortages and service use.
   b. Development of strategies to increase the number of obstetricians, family doctors, and midwives providing maternal health services in this state.

c. A review of coverage and reimbursement for doulas and midwives, including training and certification needs.

d. Consideration of insurance and public policy options to improve maternal health outcomes, including through the Medicaid program.

e. Input from health care providers, insurers, public health officials, and maternal health experts.

2. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 46. LEGISLATIVE INTENT - LIFE SKILLS AND TRANSITION CENTER. It is the intent of the sixty-ninth legislative assembly that during the 2025-26 interim, the department of health and human services review the facilities and land at the life skills and transition center to identify the portions of the life skills and transition center campus that are necessary for delivery of services and the portions of the campus that could be conveyed to a local government or related public or not-for-profit community development entity to redevelop to optimize local community development goals and the successful operation of the life skills and transition center. It is further the intent of the legislative assembly that the department of health and human services present any request to convey any portions of the campus to the seventieth legislative assembly.

SECTION 47. DISABILITY SERVICE ACCREDITATION STUDY - LEGISLATIVE MANAGEMENT REPORT. During the 2025-26 interim, the department of health and human services shall study accreditation requirements and provider costs for serving individuals with intellectual and developmental disabilities, including the cost of accreditation relative to the cost of providing services and reimbursement. The department shall report its findings and recommendations, together with any legislation necessary to implement recommendations to the legislative management by September 1, 2026.

SECTION 48. VALUE-BASED CARE INCENTIVE PROGRAM - PAYMENT WITHHOLD FOR NURSING FACILITIES - COLLABORATION WITH NORTH DAKOTA LONG TERM CARE ASSOCIATION. During the 2025-26 interim, the department of health and human services, in collaboration with the North Dakota long term care association, shall develop a payment withhold structure for value-based payments to provide funding for the value-based

care incentive program for nursing facilities. The department shall implement the payment withhold beginning July 1, 2027. The department may not implement a payment withhold before July 1, 2027.

SECTION 49. LEGISLATIVE MANAGEMENT STUDY- DISABILITY SERVICES.

1. During the 2025-26 interim, the legislative management shall study the efficiency, effectiveness, and outcomes of developmental disability services provided by the department of health and human services. The study must include:
   a. A review of the approval process, an analysis of accountability measures, an assessment of gaps in services, and an evaluation of overall program management.
   b. An assessment of whether the department is effectively managing cases and complying with federal law in the provision of support and services to individuals with disabilities.
   c. Input from advocates, clients from the disability community, zone directors, service providers, and health care providers who serve individuals with disabilities.
   d. Collaboration with the cross-disability advisory council.
2. The legislative council may contract with a consultant with expertise in the provision of developmental disability services to assist in the study.
3. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 50. APPROPRIATION - COMMUNITY HEALTH TRUST FUND - LEGISLATIVE COUNCIL - DISABILITY SERVICES - ONE-TIME FUNDING. There is appropriated out of any moneys in the community health trust fund, not otherwise appropriated, the sum of $150,000, or so much of the sum as may be necessary, to the legislative council for the purpose of contracting for consulting services for a disability services study, for the biennium beginning July 1, 2025, and ending June 30, 2027. The appropriation provided in this section is considered a one-time funding item.

SECTION 51. LEGISLATIVE MANAGEMENT REPORT - BEHAVIORAL HEALTH FACILITY GRANTS. During the 2025-26 interim the department of health and human services

shall provide reports to the legislative management regarding the award of grant funding to increase the number of behavioral health beds in the state.

SECTION 52. EFFECTIVE DATE. Section ~~33~~36 of this Act becomes effective on July 1, 2026.

SECTION 53. EFFECTIVE DATE. Section 7 of this Act becomes effective on January 1, 2026.

House Bill No. 1012 - Other Changes - Senate Action

This amendment also:

- Adds sections to provide guidelines regarding the use of funding for infant and toddler care provider payments, intermediate care facility medically and behaviorally complex services grants, special health care needs grants, crisis services grants, and medical housing for individuals with extraordinary medical needs.
- Adjusts sections identifying funding from the strategic investment and improvements fund and community health trust fund.
- Removes sections identifying funding for an animal shelter grant and statewide health strategies.
- Removes a Bank of North Dakota line of credit for a new State Hospital project and adds a Bank of North Dakota line of credit for a child welfare technology project.
- Adjusts the membership of the new State Hospital steering committee to include representatives of DHHS, the Office of Management and Budget, Governor's office, and the Legislative Assembly.
- Adjusts various exemptions to allow the continuation of unexpended appropriation authority into the 2025-27 biennium. These adjustments will increase the July 1, 2025, general fund balance by $12,411,218.
- Removes a section to provide legislative intent that DHHS eliminate its administrative rule requirement that providers of developmental disabilities services be accredited as a condition to receive payments for services.
- Creates a new section to Chapter 6-09 to create an extraordinary medical needs housing loan fund and to provide guidelines regarding the use of the loan fund.
- Amends Section 50-36-03 relating to the membership of the opioid advisory committee.
- Amends provisions relating to the Children's Cabinet as approved in Senate Bill No. 2176.
- Provides for a Legislative Management study of maternal health services.
- Provides legislative intent that DHHS review the utilization of the Life Skills and Transition Center campus to determine if any portions of the campus can be conveyed for use by community organizations.
- Provides for DHHS to study developmental disability service provider accreditation.
- Provides for DHHS to develop a payment structure to provide funding for a value-based care incentive program for nursing facilities.

- Provides for a Legislative Management study of developmental disability services provided by DHHS and provides an appropriation of $150,000 to the Legislative Council for consultant services for the study.

MHAN HB 1012 Priorities for Consideration for the Senate Appropriations-Human Resources Division Committee

1. **Children's Crisis Stabilization Beds**
   - MHAN requests the addition of $6 million for crisis stabilization beds for children as proposed in the Governor's budget.
   - This is a critical aspect of the children's crisis response system: these children need a place to go.
2. **Children's Mental Health Services**
   - MHAN supports the approximately $2 million for partial hospitalization services for children in HB 1012 budget
3. **Cross-Disability Waiver & Mental Health**
   - MHAN supports the cross-disability waiver and urges the legislature to support it being inclusive of children with mental health conditions
4. **Continued Support for Family Support Organizations**
5. **Establish Certified Community Behavioral Health Clinics (CCBHC) in All Eight Regions**
6. **Continue Expanding Peer Support, including Family Peer Support, Living Wages and Benefits**
7. **Expand Capability and Reach of Mobile Crisis Teams, including with Children**
8. **Maintain the IMD Exclusion**
9. **Expand Supported Housing Opportunities for People with Mental Illness, Including those with Criminal Justice Records**
10. **Support the Building of a New State Hospital**

2025 SENATE STANDING COMMITTEE MINUTES

Appropriations - Human Resources Division
Harvest Room, State Capitol

HB 1012
4/15/2025

Related to Health and Human Services.

9:03 a.m. Chairman Dever opened the hearing.

Members present: Chairman Dever and Senators Cleary, Davison, Magrum and Mathern.

Discussion Topics

- Changes to Final Bill

9:03 a.m. Senator Dever started discussion about the process to review the bill. Three changes were made.

9:03 a.m. Keith Mantz, Fiscal Analyst, LC, testified neutral and submitted testimony #44991.

9:04 a.m. Senator Cleary noted HB 1485 and HB 2399 had fiscal notes and no appropriation was added. The appropriations will be added in the conference committee.

9:08 a.m. Keith Mantz, Fiscal Analyst, LC, discussed the three changes to this last proposed amendment. The first change is page 9, section 4, line 17. Change $30,000,000, to $6,307,309,. The second change is page 15, section 18, line 22. Change the wording of "human service centers" to "certified community behavior health clinics". The third change is page 21, section 31, lines 16 and 17. Strikeout "may implement any adjustments the department determines appropriate" and replace with "report any findings and recommendations to the seventieth legislative assembly".

9:10 a.m. Senator Davison moved to adopt amendment LC 25.0156.02028.

9:10 a.m. Senator Cleary seconded the motion.

Voice vote: Motion passed.

9:11 a.m. Senator Davison moved Do Pass as Amended.

9:11 a.m. Senator Cleary seconded the motion.

Senators	Vote
Senator Dick Dever	Y
Senator Sean Cleary	Y
Senator Kyle Davison	Y
Senator Jeffrey J. Magrum	Y

Senator Tim Mathern	N

Motion passed. 4-1-0

Senator Dever will carry the bill.

9:20 a.m. Chairman Dever closed the hearing.

Joan Bares, Committee Clerk

PROPOSED AMENDMENTS TO FIRST ENGROSSMENT

ENGROSSED HOUSE BILL NO. 1012

Introduced by

Appropriations Committee

A BILL for an Act to provide an appropriation for defraying the expenses of various divisions of the department of health and human services; to create and enact a new section to chapter 6-09 of the North Dakota Century Code, relating to an extraordinary medical needs housing loan fund; to amend and reenact sections 50-06-06.6, 50-06-42, 50-24.5-02.3, ~~and~~ 50-33-05, and subsection 1 of 50-36-03 of the North Dakota Century Code and subsection 6 of the new section to chapter 54-07 of the North Dakota Century Code created in section 1 of Senate Bill No. 2176, as approved by the sixty-ninth legislative assembly, relating to leases of department of health and human services property, substance use disorder treatment program, basic care payment rates, ~~and~~ state of residence for child care assistance, opioid settlement advisory committee, and children's cabinet; to provide for a transfer; to authorize a line of credit; to provide legislative intent; to provide for a legislative management study; to provide an application; to provide an exemption; to provide for a report; and to provide an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. APPROPRIATION. The funds provided in this section, or so much of the funds as may be necessary, are appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, and from other funds derived from special funds and federal funds, to the department of health and human services for the purpose of defraying the expenses of its various divisions, for the biennium beginning July 1, 2025, and ending June 30, 2027, as follows:

~~Subdivision 1.~~

SECTION 3. FUNDING TRANSFERS - EXEMPTION - AUTHORIZATION - REPORT. Notwithstanding section 54-16-04, the director of the office of management and budget shall transfer appropriation authority between line items within subdivisions 1, 2, 3, 4, 5, and 6 of section 1 of this Act and any other appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly, for the biennium beginning

July 1, 2025, and ending June 30, 2027, as requested by the department of health and human services. The department of health and human services shall notify the legislative council of any transfer made pursuant to this section. The department of health and human services shall report to the budget section after June 30, 2026, any transfer made in excess of $50,000 and to the appropriations committees of the seventieth legislative assembly regarding any transfers made pursuant to this section.

SECTION 4. FULL-TIME EQUIVALENT POSITION BLOCK GRANT PROGRAM - REPORT. Section 1 of this Act includes funding for a full-time equivalent position block grant program. This funding as approved by the sixty-ninth legislative assembly is available for defraying the expense of full-time equivalent positions as determined by the department of health and human services. Notwithstanding any other provision of law, the department is authorized to increase or decrease authorized full-time equivalent positions subject to the availability of funds and the provisions of this section. The department of health and human services many not increase full-time equivalent positions for the purpose of transferring human service zone employees to state employment. Pursuant to section 3 of this Act, the department is authorized to transfer appropriation authority of up to the underfunded amount of ~~$30,000,000~~$6,307,309 to the salaries and wages block grant line item. The department of health and human services shall report to the office of management and budget and legislative council any adjustments to full-time equivalent positions.

SECTION 5. DEPARTMENT OF HEALTH AND HUMAN SERVICES - SALARIES AND WAGES BLOCK GRANT - VACANT POSITIONS - REPORT. The department of health and human services shall report to the budget section quarterly during the 2025-26 interim regarding the status of its salaries and wages block grant and vacant positions and employee turnover. The report must include:

1. The legislative appropriation for salaries and wages allocated by the department to major department programs by funding source and the number of FTE positions the department is allocating to each major program based on the legislative appropriation;
2. Any changes to salaries and wages funding or FTE positions allocated to major department programs;

3. Any new FTE positions added, the cost of the position for the remainder of the biennium, and the cost to continue funding the position in the subsequent biennium by funding source;
4. Any FTE positions removed and related funding;
5. The number of FTE positions that become vacant and the number filled each month;
6. The number of vacant FTE positions at the end of each month;
7. Salaries and wages savings resulting from vacant positions and employee turnover each month by funding source; and
8. The use of salaries and wages savings for other purposes for each month by funding source.

SECTION 6. BEHAVIORAL HEALTH FACILITY GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION.

1. Section 1 of this Act includes the sum of ~~$12,960,000~~$5,000,000 from the strategic investment and improvements fund for a behavioral health facility grant pursuant to this section.

~~2. A grant of $12,960,000 must be provided to establish a behavioral health facility in the northeast human service region. The grant recipient must provide matching funds of $3,240,000 to establish the facility.~~

~~3.~~2. The department shall require an entity receiving funding under this section to operate the facility for at least ten years and require the grant amount to be repaid if the entity does not operate the facility for at least ten years.

~~4.~~3. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 7. INFANT AND TODDLER CARE PROVIDER SUPPORT DIRECT PAYMENT - ONE-TIME - REPORT. Section 1 of this Act includes the sum of $13,500,000 of one-time funding from the general fund for direct payments to licensed child care providers to support high-quality early childhood care for infants and toddlers. The department shall administer the direct payment program and include the following provisions:

1. To qualify for a direct payment under this section, a direct payment recipient must:
   a. Be a licensed child care facility within the state of North Dakota;

b. Be enrolled in the state's bright and early quality rating system at a two-star, three-star, or four-star rating level; and

c. Provide care for children from birth through three years of age.

2. Eligible providers may receive up to $300 per month for each child from birth through seventeen months of age and up to $180 per month for each child from eighteen through thirty-six months of age.

3. The department shall distribute the direct payments on a quarterly basis. Direct payments may not be used for non-child care-related expenses or debt repayment.

4. Direct payment recipients shall submit annual reports to the department detailing fund usage, enrollment statistics, and other information requested by the department.

5. The department shall provide reports to the legislative management and to the appropriations committees of the seventieth legislative assembly on direct payments and the effectiveness of the program.

SECTION 8. INTERMEDIATE CARE FACILITY MEDICALLY AND BEHAVIORALLY COMPLEX SERVICES GRANT - APPLICATION. Section 1 of this Act includes the sum of $4,400,000 of one-time funding from the community health trust fund for providing a one-time grant to a licensed intermediate care facility in the south central human service region for providing services to children or young adults with medically and behaviorally complex conditions. To be eligible to receive the grant under this section, a licensed intermediate care facility must provide early intervention, clinical, and residential services, provide community and home support, education, recreation and leisure activities, and assistive technology; and provide services in at least eight communities for individuals with intellectual or developmental disabilities. The grant funds awarded may be used only for the costs of providing services to children and young adults with medically and behaviorally complex conditions. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 9. SPECIAL HEALTH CARE NEEDS GRANT - APPLICATION. Section 1 of this Act includes the sum of $50,000 from the general fund for providing a grant to a provider in the south central human service region for statewide education, information, training, and peer support to families with children with special health care needs, medically complex

conditions, or a disability. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 10. CRISIS SERVICES GRANTS - APPLICATION. Section 1 of this Act includes the sum of $585,000 from the general fund for providing crisis services grants. The grants include the sum of $300,000 for crisis organizations that provide crisis services to young adults who are at risk of being homeless or experiencing other serious adverse life events and the sum of $285,000 to a volunteer-based ecumenical ministry organization. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 11. MEDICAL HOUSING FOR INDIVIDUALS WITH EXTRAORDINARY MEDICAL NEEDS - ONE-TIME FUNDING.

1. Section 1 of this Act includes the sum of $200,000 from the general fund for the preliminary design consultation and project administration of developing housing for individuals with disabilities that have extraordinary medical needs and for rent subsidies for individuals residing in these housing facilities, for the biennium beginning July 1, 2025, and ending June 30, 2027.
2. The department of health and human services shall collaborate with the North Dakota housing finance agency, individuals with disabilities, caregivers, and families to solicit proposals for the development of accessible housing for individuals with disabilities that have extraordinary medical needs, for the biennium beginning July 1, 2025, and ending June 30, 2027. The department shall solicit proposals from public entities, for-profit organizations, and nonprofit organizations to design, construct, maintain, and operate the housing facility. Proposals must:
   a. Ensure that services in the facility may be provided separately from the facility ownership interests;
   b. Ensure that individuals residing in the facility may choose among independent living service providers; and
   c. Comply with the federal home and community-based settings rules as defined under 42 CFR 441.301(c)(4).

SECTION 12. COMMUNITY CULTURAL CENTER GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION. Section 1 of this Act includes the sum of

~~$1,000,000~~$300,000 from the strategic investment and improvements fund for the purpose of providing a one-time community cultural center programming grant in the west central human service region. An entity may apply for a grant under this section if the entity certifies to the department ~~it has secured at least fifty percent of funds needed to complete the project, the project will be completed within two years of receiving the grant funds, and the grants funds will be used only for costs of constructing a~~the funds will be used for programs within the community cultural center. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 13. JUVENILE JUSTICE DIVERSION SERVICES AND PROGRAMS - TASK FORCE - REPORT. Section 1 of this Act includes the sum of ~~$750,000~~ $500,000 of one-time funding from the ~~general~~community health trust fund for juvenile justice diversion services and programs. The department of health and human services must use the funding for services to youth at risk of juvenile justice involvement but who have not committed delinquent acts as defined in chapter 27-20.4.

The department shall establish a task force with representation from divisions in the department, human service zones, the department of public instruction, elementary and secondary schools, and members of the legislative assembly, to review juvenile justice diversion services and program. The department shall report its findings and recommendations to the legislative management and children's cabinet.

~~**SECTION 9. ANIMAL SHELTER GRANT - COMMUNITY HEALTH TRUST FUND.** Section 1 of this Act includes the sum of $300,000 from the community health trust fund for a grant for the construction of an animal shelter. The department of health and human services may award a grant for the construction of an animal shelter to an organization that provides twenty dollars of nonstate matching funds for every dollar of grant funds received. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.~~

~~**SECTION 10. STATEWIDE HEALTH STRATEGIES - COMMUNITY HEALTH TRUST FUND.** Section 1 of this Act includes the sum of $750,000 of one-time funding from the community health trust fund for the statewide health strategies initiative. The department of health and human services may spend the funding upon securing dollar-for-dollar matching funds.~~

SECTION 14. OTHER FUNDS - INSURANCE TAX DISTRIBUTION FUND. The other funds line item in subdivision 5 of section 1 of this Act includes the sum of $1,125,000 from the insurance tax distribution fund for rural emergency medical services grants.

SECTION 15. OTHER FUNDS - COMMUNITY HEALTH TRUST FUND. The other funds line items in section 1 of this Act includes the sum of ~~$38,713,522~~$41,431,522 from the community health trust fund for the following purposes:

Loan repayment programs	$594,500
~~Tobacco and vaping programs~~	~~11,599,698~~
Tobacco prevention and control grants to local public health units	6,250,000
Tobacco prevention and control	4,549,698
Tobacco cessation grants	500,000
Youth vaping prevention grants	300,000
Cancer and women's way programs	909,824
Behavior risk state survey	200,000
Youth crisis stabilization	1,500,000
Intermediate care facility grant	4,400,000
Domestic violence programs	4,250,000
Local public health grants	3,275,000
988 crisis hotline	1,867,500
~~Various information technology system upgrades~~	~~2,967,000~~
Various information technology system upgrades	1,335,000
Grants to rural ambulances	7,000,000
Law enforcement rural crisis support program	1,000,000
Development of partial hospitalization/intensive day treatment	2,000,000
Juveline justice services	500,000
~~Critical access hospital networking~~	~~2,000,000~~
Critical access hospital networking	1,000,000
~~Animal shelter grant~~	~~300,000~~
~~Statewide health strategies~~	~~750,000~~
~~Total~~	~~$38,713,522~~
Total	$41,431,522

SECTION 16. OTHER FUNDS - HUMAN SERVICE FINANCE FUND. The other funds line items in section 1 of this Act includes the sum of ~~$239,112,030~~$242,112,030 from the human service finance fund for state-paid economic assistance and social and human services.

SECTION 17. OTHER FUNDS - OPIOID SETTLEMENT FUND. The other funds line item in section 1 of this Act includes the sum of $8,000,000 from the opioid settlement fund for opioid remediation and abatement efforts.

SECTION 18. OTHER FUNDS - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND The other funds line items in section 1 of this Act includes the sum of ~~$227,474,784~~$18,446,784 from the strategic investment and improvements fund for the following purposes:

~~Retiring technology from the mainframe~~	~~$7,500,000~~
~~Move into the new state laboratory and purchase security equipment~~	~~2,962,304~~
~~Capital projects in human service centers and life skills and transition center~~	~~1,052,480~~
~~Housing initiative programs~~	~~1,000,000~~
~~Technology projects at the state hospital~~	~~1,000,000~~
~~New state hospital~~	~~200,000,000~~
~~Behavioral health facility grant~~	~~12,960,000~~
~~Community cultural center grant~~	~~1,000,000~~
~~Total~~	~~$227,474,784~~
Retiring technology from the mainframe	$5,000,000
New state laboratory move-in costs and security equipment purchases	2,962,304
Capital projects in certified community behavioral health clinics and life skills and transition center	1,684,480
Housing initiative programs	2,500,000
Technology projects at the state hospital	1,000,000
Behavioral health facility grant	5,000,000
Community cultural center grant	300,000
Total	$18,446,784

SECTION 19. OTHER FUNDS - BANK OF NORTH DAKOTA LINE OF CREDIT - ~~STATE HOSPITAL~~CHILD WELFARE TECHNOLOGY PROJECT. The other funds line item in subdivision 2 of section 1 of this Act includes ~~$130,000,000~~the sum of $8,411,218 from a Bank

of North Dakota line of credit. The department of health and human services may borrow up to ~~$130,000,000~~$8,411,218 through a line of credit from the Bank of North Dakota during the biennium beginning July 1, 2025, and ending June 30, 2027, for costs associated with ~~the construction of a new state hospital~~a child welfare technology project. The interest rate on the line of credit may not exceed the prevailing interest rate charged to North Dakota governmental entities. If the department accesses the line of credit, it shall request a deficiency appropriation from the seventieth legislative assembly to repay the line of credit.

SECTION 20. LABORATORY BUILDING STEERING COMMITTEE. The department of health and human services shall maintain the laboratory building steering committee to oversee the design and construction of the laboratory building project, for the biennium beginning July 1, 2025, and ending June 30, 2027, or until work is completed, whichever occurs earlier. The committee must include representation from the department of health and human services, department of environmental quality, office of management and budget, the governor's office, and the legislative assembly. The legislative assembly representation must include one member of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

SECTION 21. NEW STATE HOSPITAL - STEERING COMMITTEE. The department of health and human services shall establish a new state hospital facility steering committee to oversee the design and construction of a new state hospital facility, for the biennium beginning July 1, 2025, and ending June 30, 2027. The committee must include representation from the department of health and human services, office of management and budget, the governor's office, and the legislative assembly. The legislative assembly representation must include one member of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

SECTION 22. CAPITAL PAYMENTS. During the biennium beginning July 1, 2025, and ending June 30, 2027, the department of health and human services is authorized to expend funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center. Pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within

section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly. The department of health and human services may transfer funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center ahead of the special needs assessments schedule. Notwithstanding section 54-27-12, the department of health and human services may spend funds for the payment of special assessments at the state hospital and life skills and transition center.

SECTION 23. CAPITAL PROJECTS - EMERGENCY COMMISSION AND BUDGET SECTION APPROVAL. During the biennium beginning July 1, 2025, and ending June 30, 2027, pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly for capital projects and maintenance pertaining to operation of its facilities, including demolition projects. Notwithstanding section 54-27-12, the department of health and human services may spend up to $10,000,000 for capital projects and maintenance pertaining to operation of its facilities, including demolition projects, under this section and may seek emergency commission and budget section approval to spend more than $10,000,000 under this section.

SECTION 24. PERMANENT SUPPORTIVE HOUSING GRANTS. Section 1 of this Act includes the sum of $4,672,536 from the general fund for permanent supportive housing grants. The department of health and human services shall develop a funding methodology to distribute the funding to qualified entities that utilize best practices for permanent supportive housing, provide recovery-oriented and person-centered services, submit process and outcome measures to the department of health and human services, and authorize the department of health and human services to conduct onsite visits to review program operations.

SECTION 25. EXPENDITURES MAY NOT EXCEED APPROPRIATION - MEDICAL ASSISTANCE EXPANSION PROGRAM - APPLICATION.

1. Section 1 of this Act includes the sum of $662,099,340, of which $66,209,934 is from the general fund, for the medical assistance expansion program, for the biennium beginning July 1, 2025, and ending June 30, 2027. The expenditures for individuals eligible for the medical assistance expansion program may not exceed this amount.

2. The department of health and human services may exceed appropriations for increases in medical assistance expansion program caseload, for the addition of coverage consistent with the traditional Medicaid 1915(i) state plan, utilization rates, and reduction in federal medical assistance percentage.

3. The managed care organization under contract with the department of health and human services to manage the medical assistance expansion program shall reimburse providers within the same provider type and specialty at consistent levels and with consistent methodology and may not provide incentive, quality, or supplemental payments to providers, unless part of a value-based program approved by the department of health and human services. The managed care organization shall reimburse all North Dakota substance use providers of American society of addiction medicine level 2.5 at consistent levels and with consistent methodology. The managed care organization may consider urban and rural providers as different provider types.

4. The managed care organization and the department of health and human services shall ensure payments to Indian or Tribal 638 health care providers, federally qualified health centers,and rural health clinics meet the federally required minimum levels of reimbursement. Critical access hospitals may not be paid less than one hundred percent of Medicare allowable costs and human service centers may not be paid less than one hundred percent of the current traditional Medicaid rate. Behavioral health services involving partial hospitalization, intensive outpatient, professional services, and residential behavioral health services provided in facilities that are not institutions for mental diseases are not subject to the provisions in subsection 6.

5. The department of health and human services shall ensure providers within the same provider type and specialty are reimbursed at consistent levels and with consistent methodology and shall ensure the capitation rates under risk contracts are actuarially sound and are adequate to meet managed care organization contractual requirements regarding availability of services, assurance or adequate capacity and services, and coordination and continuity of care.

6. Except for the provisions in subsection 4, managed care organization premium payments must be built using the assumption that rates paid to providers under the

medical assistance expansion program may not exceed one hundred forty-five percent of Medicare reimbursement rates paid to providers on January 1, 2025.

SECTION 26. HUMAN SERVICE CENTERS - CERTIFIED COMMUNITY BEHAVIORAL HEALTH CLINICS - FULL-TIME EQUIVALENT POSITIONS - REPORT. The department of health and human services shall continue the process of the human service centers becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults. The department of health and human services shall pursue additional federal funding as available. Subject to the availability of generated income, the department of health and human services may add full-time equivalent positions for the clinics to provide direct services for the period beginning with the effective date of this Act and ending June 30, 2027. The department of health and human services shall report to the office of management and budget and legislative council each time a position is added.

SECTION 27. INTERMEDIATE CARE FACILITY MORATORIUM. The department of health and human services may not add any new licensed intermediate care facility for individuals with intellectual disabilities beds to the state's licensed bed capacity between July 1, 2025, and June 30, 2027.

SECTION 28. EXEMPTION - UNEXPENDED APPROPRIATIONS. The following appropriations are not subject to the provisions of section 54-44.1-11 and any unexpended appropriation authority may be continued into the biennium beginning July 1, 2025, and ending June 30, 2027:

1. The sum of $3,674,757 appropriated from the general fund and the sum of $25,918,566 appropriated from federal funds for the Medicaid management information system modularization technology project in chapter 12 of the 2021 Session Laws;
2. The sum of ~~$14,411,218~~$6,000,000 appropriated from the general fund and the sum of $14,411,218 appropriated from federal funds for the child welfare technology project in chapter 12 of the 2021 Session Laws;
3. The sum of $20,366,271 appropriated from the community health trust fund and the sum of $39,534,525 appropriated from federal funds for the child support computer replacement project in chapter 44 of the 2023 Session Laws;

4. The sum of $10,989,217 appropriated from the strategic investment and improvements fund for the procurement and grants management system in chapter 44 of the 2023 Session Laws;
5. The sum of $4,150,000 appropriated from the general fund for defraying the expenses of additional human service centers to begin the process of becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults in chapter 44 of the 2023 Session Laws;
6. The sum of $18,941,847 appropriated to the department of health and human services in chapter 549 of the 2021 Special Session Laws;
7. The sum of $55,120,000 appropriated from the federal state fiscal recovery fund for a public health laboratory capital project in chapter 4 of the 2023 Session Laws;
8. The sum of ~~$5,000,000~~$1,000,000 appropriated from the general fund for the purpose of employer-led child care cost-share program in chapter 446 of the 2023 Session Laws;
9. The sum of $986,555 appropriated from the general fund for the purpose of streamlining background checks project in chapter 446 of the 2023 Session Laws;
10. The sum of ~~$2,223,981~~$1,000,000 appropriated from the federal state fiscal recovery fund for the implementation of a virtual behavioral health crisis care program for rural law enforcement in chapter 44 of the 2023 Session Laws; and
11. The sum of $500,000 appropriated from the general fund and the sum of $500,000 appropriated from federal funds for the purpose of program integrity audits in chapter 44 of the 2023 Session Laws.
12. The sum of $1,950,000 appropriated from the general fund to the department of health and human services for a northwest human service region behavioral health facility grant in chapter 44 of the 2023 Session Laws.

SECTION 29. LEGISLATIVE INTENT - UTILIZATION RATE ADJUSTMENT. It is the intent of the sixty-ninth legislative assembly that the department of health and human services seek a deficiency appropriation from the seventieth legislative assembly for any expenditures that exceed appropriated amounts as a result of underfunding, utilization rates, value-based purchasing for nursing facilities, reduction in federal medical assistance percentage, and

unexpected contract cost increases that exceed ten percent, during the biennium beginning July 1, 2025, and ending June 30, 2027, if funding is not sufficient to pay actual expenses.

SECTION 30. LEGISLATIVE INTENT - PROVIDER RATE INCREASE. Except as otherwise noted, section 1 of this Act includes funding for human service provider inflation increases of two percent for ~~each year~~the first year and one and one-half percent the second year of the biennium beginning July 1, 2025, and ending June 30, 2027. The provider inflation increase in this section does not apply to nursing facilities.

~~**SECTION 29. LEGISLATIVE INTENT - DEVELOPMENTAL DISABILITIES PROVIDER ACCREDITATION REQUIREMENT.** It is the intent of the sixty-ninth legislative assembly that the department of health and human services eliminate its administrative rule requirement that providers of developmental disabilities services be accredited as a condition of being eligible for receiving payments for services from the department of health and human services.~~

SECTION 31. LEGISLATIVE INTENT - MEDICAL ASSISTANCE. It is the intent of the sixty-ninth legislative assembly that the department of health and human services review the amount, duration, coverage, utilization rates, medical necessity, and scope of medical assistance services, and ~~may implement any adjustments the department determines appropriate~~report any findings and recommendations to the seventieth legislative assembly.

SECTION 32. FEDERAL FUNDING APPEAL LIMITATION. Except as otherwise specifically provided by federal law, a person may not appeal a denial, revocation, reduction in services or payment, or the termination of a program or service by the department of health and human services dues to the unavailability of federal coronavirus funding received under federal law resulting from the federal coronavirus pandemic emergency declarations, for the biennium beginning July 1, 2025, and ending June 30, 2027.

SECTION 33. DEPARTMENT OF HEALTH AND HUMAN SERVICES - LONG-TERM STRUCTURED RESIDENCES PLAN - REPORT. During the 2025-26 interim, the department of health and human services shall review options and develop a plan to establish long-term structured residences. The department shall review necessary changes to statutes, rules, policies, and the estimated fiscal impact of establishing the residences. A long-term structured residence must be a highly structured therapeutic residential mental health treatment facility that is staffed continuously and designed to treat adults under chapters 12.1-04.1 and 25-03.1 who have severe and persistent mental illness and who have reached the maximum benefit

from the mental health resources available elsewhere in the community or hospital. The department shall present a report to the legislative management by October 1, 2026, regarding its plan to establish long-term structured residences.

SECTION 34. A new section to chapter 6-09 of the North Dakota Century Code is created and enacted as follows:

Extraordinary medical needs housing loan fund - Continuing appropriation.

1. The Bank of North Dakota shall administer a loan program to provide loans for new construction projects to provide housing for individuals with disabilities that have extraordinary medical needs. A construction project may include a land purchase and the construction costs of the project. The applicant must comply with project requirements as approved by the department of health and human services and the North Dakota housing finance agency.
2. The extraordinary medical needs housing loan fund is a special fund maintained in the state treasury from which the Bank shall provide loans under this section. The fund consists of revenues transferred under legislative authorization, interest upon moneys in the fund, and collections of interest and principal on loans made from the fund. All moneys in the fund are appropriated on a continuing basis to the Bank for the purpose of providing loans under this section.
3. The developer of the housing facility for individuals with disabilities that have extraordinary medical needs may submit an application to the Bank for a loan. The application must:
   a. Provide detail on the proposed construction project and its compliance with the department of health and human services and the North Dakota housing finance agency requirements;
   b. Demonstrate the need and long-term viability of the project; and
   c. Include financial information the Bank determines appropriate to verify eligibility.
4. A loan approved under this section:
   a. May not exceed three million three hundred thousand dollars for a project;
   b. Must have an interest rate that does not exceed two percent; and
   c. Must have a repayment schedule of no longer than twenty years.

5. A recipient of a loan under this section shall complete the financed construction project within twenty-four months of the approval of the loan. Failure to comply with this subsection may result in forfeiture of the entire loan received under this section.
6. The Bank shall deposit in the fund all principal and interest paid on the loans made from the fund. The Bank may deduct from interest payments a service fee for costs of administering the loan program. The fund must be audited annually pursuant to section 6-09-29 and the cost of the audit and any other actual costs incurred by the Bank on behalf of the fund must be paid from the fund.

SECTION 35. AMENDMENT. Section 50-06-06.6 of the North Dakota Century Code is amended and reenacted as follows:

50-06-06.6. Department may lease real and personal property.

The commissioner of the department or commissioner's designee may lease ~~surplus farm and pastureland at the state hospital and the life skills and transition center. The commissioner or designee also may enter into further leases of~~ real or personal property at the life skills and transition center or the state hospital upon a specific finding that the granting of each such leasehold interest will result in a net economic gain for the department, taking into account all identifiable costs. Any lease of space for the purpose of providing child care services must meet requirements as determined by the department. The commissioner of the department or commissioner's designee may prescribe the terms and conditions of any leases entered into pursuant to this section and may renew existing leases. ~~Any~~The term of any lease ~~entered into must be subject to renewal or cancelable each biennium~~may not exceed ninety-nine years.

SECTION 36. AMENDMENT. Section 50-06-42 of the North Dakota Century Code is amended and reenacted as follows:

50-06-42. Substance use disorder treatment voucher system - Mental health treatment voucher system for incarcerated individuals.

~~1.~~ The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's substance abuse treatment system and to assist in the payment of addiction treatment services and medical costs provided by licensed substance abuse treatment programs, excluding regional human service centers and hospital- or medical clinic-based programs for medical management of withdrawal.

~~a.~~1. An out-of-state licensed substance abuse treatment program located within a bordering state may participate in the voucher program to serve an underserved area of this state pursuant to the rules adopted by the department. The department shall develop rules to include processes and requirements for an out-of-state provider to receive reimbursement only for outpatient and community-based services upon a provider completing an assessment of need and receiving approval from the department.

2.~~b.~~ Services eligible for the voucher program include only those levels of care recognized by the American society of addiction medicine, with particular emphasis given to underserved areas and programs. The department shall ensure that a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers collects and reports process and outcome measures.

3.~~c.~~ The department shall develop requirements and provide training and technical assistance to a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers. A licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers shall provide evidence-based services.

4.~~d.~~ The department shall allocate funding appropriated for the substance use disorder treatment voucher as follows:

~~a. No~~

~~(1)~~a. Except as provided in paragraphs 3 and 4, no more than ~~forty-five~~fifty percent of the appropriated amount may be allocated for residential substance use disorder services administered by licensed substance abuse treatment programs with more than sixteen beds.

b.~~(2)~~ The remaining appropriation must be allocated for residential programs with sixteen or fewer beds, nonresidential outpatient, and ancillary substance use disorder services administered by licensed substance abuse treatment programs.

~~(3)~~c. The department, during the last quarter of the biennium, may reallocate projected unused funds that were allocated under paragraph 2 to residential facilities outlined in paragraph 1.

~~(4)~~d. The department may reimburse a licensed substance abuse treatment program with more than sixteen beds the incurred direct medical costs of an eligible individual who does not have resources to cover the medical costs. The department may develop rules and may not exceed the total amount appropriated for medical cost reimbursement.

~~2. The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's mental health treatment system for individuals detained or confined in a county jail or detention center or regional corrections center and to assist in the payment of mental health treatment services provided by a licensed mental health professional acting within their scope of practice, excluding a regional human service center.~~

~~a. Services eligible for the voucher program include only diagnostic assessment and mental health therapy for individuals with a mental health concern detained or confined in a county jail or detention center or regional corrections center. The department shall ensure that a licensed mental health professional accepting vouchers collects and reports process and outcome measures.~~

~~b. The department shall develop requirements and provide training and technical assistance to licensed mental health professionals accepting vouchers. A licensed mental health professional shall provide evidence-based services.~~

SECTION 37. AMENDMENT. Section 50-24.5-02.3 of the North Dakota Century Code is amended and reenacted as follows:

50-24.5-02.3. Basic care payment rates.

1. The department shall determine limits for the care of residents of basic care facilities that qualify as vendors of an aged, blind, and disabled persons program and for implementing provisions of this chapter based on data demonstrating the most recent costs that must be incurred for the care of residents in efficiently and economically operated basic care facilities. The department shall determine the limits every four years by July first, beginning with July 1, 2023.
2. The department shall establish the limits by using the median rates from the most recent data available. The direct care limit must be the median plus eighteen percent. The indirect care limit must be the median plus twelve percent.

3. For the rate year beginning July 1, 2023, the department shall increase rates and limits three and one-half percent for inflation. For the rate year beginning July 1, 2024, the department shall increase rates and limits three and one-half percent for inflation.
4. The department shall provide a rate increase in the amount of five dollars per day for the period beginning July 1, 2023, and ending June 30, ~~2025~~2027, after which the increase is not effective. This rate increase may not be included in any calculation of inflation increase.
5. Within the limits of legislative appropriations, the department shall establish an uncompensated care expense of three hundred sixty-five days.

SECTION 38. AMENDMENT. Section 50-33-05 of the North Dakota Century Code is amended and reenacted as follows:

50-33-05. State of residence.

Only child care assistance units physically residing within the boundaries of the state are eligible for child care assistance, unless the individual is employed by an early childhood program within the boundaries of the state and the individual has been approved for the state's child care assistance child care workforce benefit.

SECTION 39. AMENDMENT. Subsection 1 of section 50-36-03 of the North Dakota Century Code is amended and reenacted as follows:

1. The committee is composed of:
   a. One member of the North Dakota association of counties appointed by the chairman of the legislative management, who shall serve a term of two years.
   b. One member of the North Dakota league of cities appointed by the chairman of the legislative management, who shall serve a term of two years.
   c. One member of the North Dakota state association of city and county health officials appointed by the chairman of the legislative management, who shall serve a term of two years.
   d. One member who represents the highway patrol appointed by the highway patrol superintendent, who shall serve a term of two years.
   e. The executive director of the department's division of behavioral health.
   f. ~~The managing director of the office of recovery reinvented.~~One member in recovery appointed by the governor.

g. One member appointed by the governor who shall serve as a nonvoting member and as the presiding officer of the committee, who shall serve a term of two years.

SECTION 40. Subsection 6 of the new section to chapter 54-07 of the North Dakota Century Code, as created by section 1 of Senate Bill No. 2176, as approved by the sixty-ninth legislative assembly, is amended and reenacted as follows:

6. a. The office of the governor shall provide staffing and administrative services for the children's cabinet and coordinate with other designated working groups on children and family issues.

b. The governor or the governor's designee serving on the cabinet may appoint a representative to serve in that official's capacity at a meeting if the governor or governor's designee is unable to attend.

SECTION 41. HOUSING AVAILABILITY ASSESSMENT - COLLABORATION WITH HOUSING FINANCE AGENCY. The department of health and human services shall collaborate with the North Dakota housing finance agency and other appropriate stakeholders to assess the availability of housing for individuals requiring extraordinary health care support services, for the biennium beginning July 1, 2025, and ending June 30, 2027. Based on the results of the assessment, if necessary, the department shall develop a plan to expand access to housing providing the least restrictive environment for individuals requiring extraordinary health care support services.

SECTION 42. BEHAVIORAL HEALTH CLINICS, NORTH DAKOTA STATE HOSPITAL, AND LIFE SKILLS AND TRANSITION CENTER FUNDING. Section 1 of this Act includes funding for the behavioral health clinics, North Dakota state hospital, and life skills and transition center as follows:

1. Behavioral health clinics:
   a. Salaries and wages ~~$156,967,103~~$177,840,942
   b. Operating and capital ~~64,131,965~~56,945,408
   c. Total ~~$221,099,068~~$234,786,350
2. State hospital:
   a. Salaries and wages ~~$68,775,551~~$70,477,378
   b. Operating and capital ~~350,880,155~~20,880,155

c.	Total	~~$419,655,706~~$91,357,533
3.	Life skills and transition center:	
a.	Salaries and wages	~~$55,540,213~~$56,284,356
b.	Operating and capital	~~15,207,658~~15,207,658
c.	Total	~~$70,747,871~~$71,492,014

SECTION 43. LEGISLATIVE MANAGEMENT STUDY - STUDENT TRUANCY AND ABSENTEEISM. The legislative management shall consider studying, during the 2025-26 interim, truancy and student absenteeism in kindergarten through grade twelve public schools. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 44. LEGISLATIVE MANAGEMENT STUDY - OBESITY HEALTH IMPLICATIONS. The legislative management shall consider studying, during the 2025-26 interim, the health implications of obesity on the residents of the state and options to increase access to prevention and treatments for obesity. If conducted, the study must review costs associated with obesity including comorbidities, treatments available for obesity, obesity diagnosis guidelines including use of body mass index compared with percentage of body fat, and examining the difference between being an individual who is healthy and overweight as compared to an obese individual. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 45. LEGISLATIVE MANAGEMENT STUDY - MATERNAL HEALTH SERVICES - ACCESS AND WORKFORCE.

1. During the 2025-26 interim, the legislative management shall consider studying access to maternal health services. The study must include:
   a. Consideration of the availability of prenatal and childbirth services, including provider shortages and service use.
   b. Development of strategies to increase the number of obstetricians, family doctors, and midwives providing maternal health services in this state.
   c. A review of coverage and reimbursement for doulas and midwives, including training and certification needs.

d. Consideration of insurance and public policy options to improve maternal health outcomes, including through the Medicaid program.

e. Input from health care providers, insurers, public health officials, and maternal health experts.

2. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 46. LEGISLATIVE INTENT - LIFE SKILLS AND TRANSITION CENTER. It is the intent of the sixty-ninth legislative assembly that during the 2025-26 interim, the department of health and human services review the facilities and land at the life skills and transition center to identify the portions of the life skills and transition center campus that are necessary for delivery of services and the portions of the campus that could be conveyed to a local government or related public or not-for-profit community development entity to redevelop to optimize local community development goals and the successful operation of the life skills and transition center. It is further the intent of the legislative assembly that the department of health and human services present any request to convey any portions of the campus to the seventieth legislative assembly.

SECTION 47. DISABILITY SERVICE ACCREDITATION STUDY - LEGISLATIVE MANAGEMENT REPORT. During the 2025-26 interim, the department of health and human services shall study accreditation requirements and provider costs for serving individuals with intellectual and developmental disabilities, including the cost of accreditation relative to the cost of providing services and reimbursement. The department shall report its findings and recommendations, together with any legislation necessary to implement recommendations to the legislative management by September 1, 2026.

SECTION 48. VALUE-BASED CARE INCENTIVE PROGRAM - PAYMENT WITHHOLD FOR NURSING FACILITIES - COLLABORATION WITH NORTH DAKOTA LONG TERM CARE ASSOCIATION. During the 2025-26 interim, the department of health and human services, in collaboration with the North Dakota long term care association, shall develop a payment withhold structure for value-based payments to provide funding for the value-based care incentive program for nursing facilities. The department shall implement the payment

withhold beginning July 1, 2027. The department may not implement a payment withhold before July 1, 2027.

SECTION 49. LEGISLATIVE MANAGEMENT STUDY- DISABILITY SERVICES.

1. During the 2025-26 interim, the legislative management shall study the efficiency, effectiveness, and outcomes of developmental disability services provided by the department of health and human services. The study must include:
   a. A review of the approval process, an analysis of accountability measures, an assessment of gaps in services, and an evaluation of overall program management.
   b. An assessment of whether the department is effectively managing cases and complying with federal law in the provision of support and services to individuals with disabilities.
   c. Input from advocates, clients from the disability community, zone directors, service providers, and health care providers who serve individuals with disabilities.
   d. Collaboration with the cross-disability advisory council.
2. The legislative council may contract with a consultant with expertise in the provision of developmental disability services to assist in the study.
3. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 50. APPROPRIATION - COMMUNITY HEALTH TRUST FUND - LEGISLATIVE COUNCIL - DISABILITY SERVICES - ONE-TIME FUNDING. There is appropriated out of any moneys in the community health trust fund, not otherwise appropriated, the sum of $150,000, or so much of the sum as may be necessary, to the legislative council for the purpose of contracting for consulting services for a disability services study, for the biennium beginning July 1, 2025, and ending June 30, 2027. The appropriation in this section is considered a one-time funding item.

SECTION 51. LEGISLATIVE MANAGEMENT REPORT - BEHAVIORAL HEALTH FACILITY GRANTS. During the 2025-26 interim the department of health and human services

shall provide reports to the legislative management regarding the award of grant funding to increase the number of behavioral health beds in the state.

SECTION 52. EFFECTIVE DATE. Section ~~33~~36 of this Act becomes effective on July 1, 2026.

SECTION 53. EFFECTIVE DATE. Section 7 of this Act becomes effective on January 1, 2026.

STATEMENT OF PURPOSE OF AMENDMENT:

House Bill No. 1012 - Summary of Senate Action

House Bill No. 1012 - Other Changes - Senate Action

This amendment also:

- Adds sections to provide guidelines regarding the use of funding for infant and toddler care provider payments, intermediate care facility medically and behaviorally complex services grants, special health care needs grants, crisis services grants, and medical housing for individuals with extraordinary medical needs.
- Adjusts sections identifying funding from the strategic investment and improvements fund and community health trust fund.
- Removes sections identifying funding for an animal shelter grant and statewide health strategies.
- Removes a Bank of North Dakota line of credit for a new State Hospital project and adds a Bank of North Dakota line of credit for a child welfare technology project.
- Adjusts the membership of the new State Hospital steering committee to include representatives of DHHS, the Office of Management and Budget, Governor's office, and the Legislative Assembly.
- Adjusts various exemptions to allow the continuation of unexpended appropriation authority into the 2025-27 biennium. These adjustments will increase the July 1, 2025, general fund balance by $12,411,218.
- Removes a section to provide legislative intent that DHHS eliminate its administrative rule requirement that providers of developmental disabilities services be accredited as a condition to receive payments for services.
- Creates a new section to Chapter 6-09 to create an extraordinary medical needs housing loan fund and to provide guidelines regarding the use of the loan fund.
- Amends Section 50-36-03 relating to the membership of the opioid advisory committee.
- Amends provisions relating to the Children's Cabinet as approved in Senate Bill No. 2176.
- Provides for a Legislative Management study of maternal health services.
- Provides legislative intent that DHHS review the utilization of the Life Skills and Transition Center campus to determine if any portions of the campus can be conveyed for use by community organizations.
- Provides for DHHS to study developmental disability service provider accreditation.
- Provides for DHHS to develop a payment structure to provide funding for a value-based care incentive program for nursing facilities.

- Provides for a Legislative Management study of developmental disability services provided by DHHS and provides an appropriation of $150,000 to the Legislative Council for consultant services for the study.

2025 SENATE STANDING COMMITTEE MINUTES

Appropriations Committee
Harvest Room, State Capitol

HB 1012
4/15/2025

A BILL for an Act to provide an appropriation for defraying the expenses of various divisions of the department of health and human services; to amend and reenact sections 50-06-06.6, 50-06-42, 50-24.5-02.3, and 50-33-05 of the North Dakota Century Code, relating to leases of department of health and human services property, substance use disorder treatment program, basic care payment rates, and state of residence for child care assistance; to provide for a transfer; to authorize a line of credit; to provide legislative intent; to provide for a legislative management study; to provide an application; to provide an exemption; to provide for a report; and to provide an effective date.

3:15 p.m. Vice-Chairman Erbele called the meeting to order.

Members Present: Vice-Chairman Erbele, and Senators Burckhard, Cleary, Conley, Davison, Dever, Dwyer, Magrum, Mathern, Meyer, Schaible, Sickler, Sorvaag, Thomas, Wanzek.
Members Absent: Chairman Bekkedahl.

Discussion Topics:

- State Hospital Land Lease
- Early Childhood Child Care
- Budget Increases
- Provider Inflationary Percentage Increase
- Reimbursement Comparison Among States

3:16 p.m. Senator Dever introduced the bill and submitted testimony #45007.

3:51 p.m. Senator Dever moved amendment LC 25.0156.02028.

3:51 p.m. Senator Davison seconded the motion.

Senators	Vote
Senator Brad Bekkedahl	A
Senator Robert Erbele	Y

Sixty-ninth
Legislative Assembly
of North Dakota

PROPOSED AMENDMENTS TO FIRST ENGROSSMENT

4/15/25 VC
1 of 40

ENGROSSED HOUSE BILL NO. 1012

Introduced by

Appropriations Committee

A BILL for an Act to provide an appropriation for defraying the expenses of various divisions of the department of health and human services; to create and enact a new section to chapter 6-09 of the North Dakota Century Code, relating to an extraordinary medical needs housing loan fund; to amend and reenact sections 50-06-06.6, 50-06-42, 50-24.5-02.3, and 50-33-05, and subsection 1 of 50-36-03 of the North Dakota Century Code and subsection 6 of the new section to chapter 54-07 of the North Dakota Century Code created in section 1 of Senate Bill No. 2176, as approved by the sixty-ninth legislative assembly, relating to leases of department of health and human services property, substance use disorder treatment program, basic care payment rates, ~~and~~ state of residence for child care assistance, opioid settlement advisory committee, and children's cabinet; to provide for a transfer; to authorize a line of credit; to provide legislative intent; to provide for a legislative management study; to provide an application; to provide an exemption; to provide for a report; and to provide an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. APPROPRIATION. The funds provided in this section, or so much of the funds as may be necessary, are appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, and from other funds derived from special funds and federal funds, to the department of health and human services for the purpose of defraying the expenses of its various divisions, for the biennium beginning July 1, 2025, and ending June 30, 2027, as follows:

~~Subdivision 1.~~

SECTION 3. FUNDING TRANSFERS - EXEMPTION - AUTHORIZATION - REPORT. Notwithstanding section 54-16-04, the director of the office of management and budget shall transfer appropriation authority between line items within subdivisions 1, 2, 3, 4, 5, and 6 of section 1 of this Act and any other appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly, for the biennium beginning

July 1, 2025, and ending June 30, 2027, as requested by the department of health and human services. The department of health and human services shall notify the legislative council of any transfer made pursuant to this section. The department of health and human services shall report to the budget section after June 30, 2026, any transfer made in excess of $50,000 and to the appropriations committees of the seventieth legislative assembly regarding any transfers made pursuant to this section.

SECTION 4. FULL-TIME EQUIVALENT POSITION BLOCK GRANT PROGRAM - REPORT. Section 1 of this Act includes funding for a full-time equivalent position block grant program. This funding as approved by the sixty-ninth legislative assembly is available for defraying the expense of full-time equivalent positions as determined by the department of health and human services. Notwithstanding any other provision of law, the department is authorized to increase or decrease authorized full-time equivalent positions subject to the availability of funds and the provisions of this section. The department of health and human services many not increase full-time equivalent positions for the purpose of transferring human service zone employees to state employment. Pursuant to section 3 of this Act, the department is authorized to transfer appropriation authority of up to the underfunded amount of ~~$30,000,000~~$6,307,309 to the salaries and wages block grant line item. The department of health and human services shall report to the office of management and budget and legislative council any adjustments to full-time equivalent positions.

SECTION 5. DEPARTMENT OF HEALTH AND HUMAN SERVICES - SALARIES AND WAGES BLOCK GRANT - VACANT POSITIONS - REPORT. The department of health and human services shall report to the budget section quarterly during the 2025-26 interim regarding the status of its salaries and wages block grant and vacant positions and employee turnover. The report must include:

1. The legislative appropriation for salaries and wages allocated by the department to major department programs by funding source and the number of FTE positions the department is allocating to each major program based on the legislative appropriation;
2. Any changes to salaries and wages funding or FTE positions allocated to major department programs;

3. Any new FTE positions added, the cost of the position for the remainder of the biennium, and the cost to continue funding the position in the subsequent biennium by funding source;
4. Any FTE positions removed and related funding;
5. The number of FTE positions that become vacant and the number filled each month;
6. The number of vacant FTE positions at the end of each month;
7. Salaries and wages savings resulting from vacant positions and employee turnover each month by funding source; and
8. The use of salaries and wages savings for other purposes for each month by funding source.

SECTION 6. BEHAVIORAL HEALTH FACILITY GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION.

1. Section 1 of this Act includes the sum of ~~$12,960,000~~$5,000,000 from the strategic investment and improvements fund for a behavioral health facility grant pursuant to this section.
2. ~~A grant of $12,960,000 must be provided to establish a behavioral health facility in the northeast human service region. The grant recipient must provide matching funds of $3,240,000 to establish the facility.~~
~~3.~~ The department shall require an entity receiving funding under this section to operate the facility for at least ten years and require the grant amount to be repaid if the entity does not operate the facility for at least ten years.
~~4.~~3. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 7. INFANT AND TODDLER CARE PROVIDER SUPPORT DIRECT PAYMENT - ONE-TIME - REPORT. Section 1 of this Act includes the sum of $13,500,000 of one-time funding from the general fund for direct payments to licensed child care providers to support high-quality early childhood care for infants and toddlers. The department shall administer the direct payment program and include the following provisions:

1. To qualify for a direct payment under this section, a direct payment recipient must:
   a. Be a licensed child care facility within the state of North Dakota;

b. Be enrolled in the state's bright and early quality rating system at a two-star, three-star, or four-star rating level; and

c. Provide care for children from birth through three years of age.

2. Eligible providers may receive up to $300 per month for each child from birth through seventeen months of age and up to $180 per month for each child from eighteen through thirty-six months of age.

3. The department shall distribute the direct payments on a quarterly basis. Direct payments may not be used for non-child care-related expenses or debt repayment.

4. Direct payment recipients shall submit annual reports to the department detailing fund usage, enrollment statistics, and other information requested by the department.

5. The department shall provide reports to the legislative management and to the appropriations committees of the seventieth legislative assembly on direct payments and the effectiveness of the program.

SECTION 8. INTERMEDIATE CARE FACILITY MEDICALLY AND BEHAVIORALLY COMPLEX SERVICES GRANT - APPLICATION. Section 1 of this Act includes the sum of $4,400,000 of one-time funding from the community health trust fund for providing a one-time grant to a licensed intermediate care facility in the south central human service region for providing services to children or young adults with medically and behaviorally complex conditions. To be eligible to receive the grant under this section, a licensed intermediate care facility must provide early intervention, clinical, and residential services, provide community and home support, education, recreation and leisure activities, and assistive technology; and provide services in at least eight communities for individuals with intellectual or developmental disabilities. The grant funds awarded may be used only for the costs of providing services to children and young adults with medically and behaviorally complex conditions. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 9. SPECIAL HEALTH CARE NEEDS GRANT - APPLICATION. Section 1 of this Act includes the sum of $50,000 from the general fund for providing a grant to a provider in the south central human service region for statewide education, information, training, and peer support to families with children with special health care needs, medically complex

conditions, or a disability. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 10. CRISIS SERVICES GRANTS - APPLICATION. Section 1 of this Act includes the sum of $585,000 from the general fund for providing crisis services grants. The grants include the sum of $300,000 for crisis organizations that provide crisis services to young adults who are at risk of being homeless or experiencing other serious adverse life events and the sum of $285,000 to a volunteer-based ecumenical ministry organization. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 11. MEDICAL HOUSING FOR INDIVIDUALS WITH EXTRAORDINARY MEDICAL NEEDS - ONE-TIME FUNDING.

1. Section 1 of this Act includes the sum of $200,000 from the general fund for the preliminary design consultation and project administration of developing housing for individuals with disabilities that have extraordinary medical needs and for rent subsidies for individuals residing in these housing facilities, for the biennium beginning July 1, 2025, and ending June 30, 2027.
2. The department of health and human services shall collaborate with the North Dakota housing finance agency, individuals with disabilities, caregivers, and families to solicit proposals for the development of accessible housing for individuals with disabilities that have extraordinary medical needs, for the biennium beginning July 1, 2025, and ending June 30, 2027. The department shall solicit proposals from public entities, for-profit organizations, and nonprofit organizations to design, construct, maintain, and operate the housing facility. Proposals must:
   a. Ensure that services in the facility may be provided separately from the facility ownership interests;
   b. Ensure that individuals residing in the facility may choose among independent living service providers; and
   c. Comply with the federal home and community-based settings rules as defined under 42 CFR 441.301(c)(4).

SECTION 12. COMMUNITY CULTURAL CENTER GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION. Section 1 of this Act includes the sum of

~~$1,000,000~~$300,000 from the strategic investment and improvements fund for the purpose of providing a one-time community cultural center programming grant in the west central human service region. An entity may apply for a grant under this section if the entity certifies to the department ~~it has secured at least fifty percent of funds needed to complete the project, the project will be completed within two years of receiving the grant funds, and the grants funds will be used only for costs of constructing a~~the funds will be used for programs within the community cultural center. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 13. JUVENILE JUSTICE DIVERSION SERVICES AND PROGRAMS - TASK FORCE - REPORT. Section 1 of this Act includes the sum of ~~$750,000~~$500,000 of one-time funding from the ~~general~~community health trust fund for juvenile justice diversion services and programs. The department of health and human services must use the funding for services to youth at risk of juvenile justice involvement but who have not committed delinquent acts as defined in chapter 27-20.4.

The department shall establish a task force with representation from divisions in the department, human service zones, the department of public instruction, elementary and secondary schools, and members of the legislative assembly, to review juvenile justice diversion services and program. The department shall report its findings and recommendations to the legislative management and children's cabinet.

~~**SECTION 9. ANIMAL SHELTER GRANT - COMMUNITY HEALTH TRUST FUND.** Section 1 of this Act includes the sum of $300,000 from the community health trust fund for a grant for the construction of an animal shelter. The department of health and human services may award a grant for the construction of an animal shelter to an organization that provides twenty dollars of nonstate matching funds for every dollar of grant funds received. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.~~

~~**SECTION 10. STATEWIDE HEALTH STRATEGIES - COMMUNITY HEALTH TRUST FUND.** Section 1 of this Act includes the sum of $750,000 of one-time funding from the community health trust fund for the statewide health strategies initiative. The department of health and human services may spend the funding upon securing dollar-for-dollar matching funds.~~

SECTION 14. OTHER FUNDS - INSURANCE TAX DISTRIBUTION FUND. The other funds line item in subdivision 5 of section 1 of this Act includes the sum of $1,125,000 from the insurance tax distribution fund for rural emergency medical services grants.

SECTION 15. OTHER FUNDS - COMMUNITY HEALTH TRUST FUND. The other funds line items in section 1 of this Act includes the sum of ~~$38,713,522~~$41,431,522 from the community health trust fund for the following purposes:

Loan repayment programs	$594,500
~~Tobacco and vaping programs~~	~~11,599,698~~
Tobacco prevention and control grants to local public health units	6,250,000
Tobacco prevention and control	4,549,698
Tobacco cessation grants	500,000
Youth vaping prevention grants	300,000
Cancer and women's way programs	909,824
Behavior risk state survey	200,000
Youth crisis stabilization	1,500,000
Intermediate care facility grant	4,400,000
Domestic violence programs	4,250,000
Local public health grants	3,275,000
988 crisis hotline	1,867,500
~~Various information technology system upgrades~~	~~2,967,000~~
Various information technology system upgrades	1,335,000
Grants to rural ambulances	7,000,000
Law enforcement rural crisis support program	1,000,000
Development of partial hospitalization/intensive day treatment	2,000,000
Juveline justice services	500,000
~~Critical access hospital networking~~	~~2,000,000~~
Critical access hospital networking	1,000,000
~~Animal shelter grant~~	~~300,000~~
~~Statewide health strategies~~	~~750,000~~
~~Total~~	~~$38,713,522~~
Total	$41,431,522

SECTION 16. OTHER FUNDS - HUMAN SERVICE FINANCE FUND. The other funds line items in section 1 of this Act includes the sum of ~~$239,112,030~~$242,112,030 from the human service finance fund for state-paid economic assistance and social and human services.

SECTION 17. OTHER FUNDS - OPIOID SETTLEMENT FUND. The other funds line item in section 1 of this Act includes the sum of $8,000,000 from the opioid settlement fund for opioid remediation and abatement efforts.

SECTION 18. OTHER FUNDS - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND The other funds line items in section 1 of this Act includes the sum of ~~$227,474,784~~$18,446,784 from the strategic investment and improvements fund for the following purposes:

~~Retiring technology from the mainframe~~	~~$7,500,000~~
~~Move into the new state laboratory and purchase security equipment~~	~~2,962,304~~
~~Capital projects in human service centers and life skills and transition center~~	~~1,052,480~~
~~Housing initiative programs~~	~~1,000,000~~
~~Technology projects at the state hospital~~	~~1,000,000~~
~~New state hospital~~	~~200,000,000~~
~~Behavioral health facility grant~~	~~12,960,000~~
~~Community cultural center grant~~	~~1,000,000~~
~~Total~~	~~$227,474,784~~
Retiring technology from the mainframe	$5,000,000
New state laboratory move-in costs and security equipment purchases	2,962,304
Capital projects in certified community behavioral health clinics and life skills and transition center	1,684,480
Housing initiative programs	2,500,000
Technology projects at the state hospital	1,000,000
Behavioral health facility grant	5,000,000
Community cultural center grant	300,000
Total	$18,446,784

SECTION 19. OTHER FUNDS - BANK OF NORTH DAKOTA LINE OF CREDIT - ~~STATE HOSPITAL~~CHILD WELFARE TECHNOLOGY PROJECT. The other funds line item in subdivision 2 of section 1 of this Act includes ~~$130,000,000~~the sum of $8,411,218 from a Bank

of North Dakota line of credit. The department of health and human services may borrow up to ~~$130,000,000~~$8,411,218 through a line of credit from the Bank of North Dakota during the biennium beginning July 1, 2025, and ending June 30, 2027, for costs associated with ~~the construction of a new state hospital~~a child welfare technology project. The interest rate on the line of credit may not exceed the prevailing interest rate charged to North Dakota governmental entities. If the department accesses the line of credit, it shall request a deficiency appropriation from the seventieth legislative assembly to repay the line of credit.

SECTION 20. LABORATORY BUILDING STEERING COMMITTEE. The department of health and human services shall maintain the laboratory building steering committee to oversee the design and construction of the laboratory building project, for the biennium beginning July 1, 2025, and ending June 30, 2027, or until work is completed, whichever occurs earlier. The committee must include representation from the department of health and human services, department of environmental quality, office of management and budget, the governor's office, and the legislative assembly. The legislative assembly representation must include one member of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

SECTION 21. NEW STATE HOSPITAL - STEERING COMMITTEE. The department of health and human services shall establish a new state hospital facility steering committee to oversee the design and construction of a new state hospital facility, for the biennium beginning July 1, 2025, and ending June 30, 2027. The committee must include representation from the department of health and human services, office of management and budget, the governor's office, and the legislative assembly. The legislative assembly representation must include one member of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

SECTION 22. CAPITAL PAYMENTS. During the biennium beginning July 1, 2025, and ending June 30, 2027, the department of health and human services is authorized to expend funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center. Pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within

17.0340

section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly. The department of health and human services may transfer funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center ahead of the special needs assessments schedule. Notwithstanding section 54-27-12, the department of health and human services may spend funds for the payment of special assessments at the state hospital and life skills and transition center.

SECTION 23. CAPITAL PROJECTS - EMERGENCY COMMISSION AND BUDGET SECTION APPROVAL. During the biennium beginning July 1, 2025, and ending June 30, 2027, pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly for capital projects and maintenance pertaining to operation of its facilities, including demolition projects. Notwithstanding section 54-27-12, the department of health and human services may spend up to $10,000,000 for capital projects and maintenance pertaining to operation of its facilities, including demolition projects, under this section and may seek emergency commission and budget section approval to spend more than $10,000,000 under this section.

SECTION 24. PERMANENT SUPPORTIVE HOUSING GRANTS. Section 1 of this Act includes the sum of $4,672,536 from the general fund for permanent supportive housing grants. The department of health and human services shall develop a funding methodology to distribute the funding to qualified entities that utilize best practices for permanent supportive housing, provide recovery-oriented and person-centered services, submit process and outcome measures to the department of health and human services, and authorize the department of health and human services to conduct onsite visits to review program operations.

SECTION 25. EXPENDITURES MAY NOT EXCEED APPROPRIATION - MEDICAL ASSISTANCE EXPANSION PROGRAM - APPLICATION.

1. Section 1 of this Act includes the sum of $662,099,340, of which $66,209,934 is from the general fund, for the medical assistance expansion program, for the biennium beginning July 1, 2025, and ending June 30, 2027. The expenditures for individuals eligible for the medical assistance expansion program may not exceed this amount.

2. The department of health and human services may exceed appropriations for increases in medical assistance expansion program caseload, for the addition of coverage consistent with the traditional Medicaid 1915(i) state plan, utilization rates, and reduction in federal medical assistance percentage.

3. The managed care organization under contract with the department of health and human services to manage the medical assistance expansion program shall reimburse providers within the same provider type and specialty at consistent levels and with consistent methodology and may not provide incentive, quality, or supplemental payments to providers, unless part of a value-based program approved by the department of health and human services. The managed care organization shall reimburse all North Dakota substance use providers of American society of addiction medicine level 2.5 at consistent levels and with consistent methodology. The managed care organization may consider urban and rural providers as different provider types.

4. The managed care organization and the department of health and human services shall ensure payments to Indian or Tribal 638 health care providers, federally qualified health centers,and rural health clinics meet the federally required minimum levels of reimbursement. Critical access hospitals may not be paid less than one hundred percent of Medicare allowable costs and human service centers may not be paid less than one hundred percent of the current traditional Medicaid rate. Behavioral health services involving partial hospitalization, intensive outpatient, professional services, and residential behavioral health services provided in facilities that are not institutions for mental diseases are not subject to the provisions in subsection 6.

5. The department of health and human services shall ensure providers within the same provider type and specialty are reimbursed at consistent levels and with consistent methodology and shall ensure the capitation rates under risk contracts are actuarially sound and are adequate to meet managed care organization contractual requirements regarding availability of services, assurance or adequate capacity and services, and coordination and continuity of care.

6. Except for the provisions in subsection 4, managed care organization premium payments must be built using the assumption that rates paid to providers under the

medical assistance expansion program may not exceed one hundred forty-five percent of Medicare reimbursement rates paid to providers on January 1, 2025.

SECTION 26. HUMAN SERVICE CENTERS - CERTIFIED COMMUNITY BEHAVIORAL HEALTH CLINICS - FULL-TIME EQUIVALENT POSITIONS - REPORT. The department of health and human services shall continue the process of the human service centers becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults. The department of health and human services shall pursue additional federal funding as available. Subject to the availability of generated income, the department of health and human services may add full-time equivalent positions for the clinics to provide direct services for the period beginning with the effective date of this Act and ending June 30, 2027. The department of health and human services shall report to the office of management and budget and legislative council each time a position is added.

SECTION 27. INTERMEDIATE CARE FACILITY MORATORIUM. The department of health and human services may not add any new licensed intermediate care facility for individuals with intellectual disabilities beds to the state's licensed bed capacity between July 1, 2025, and June 30, 2027.

SECTION 28. EXEMPTION - UNEXPENDED APPROPRIATIONS. The following appropriations are not subject to the provisions of section 54-44.1-11 and any unexpended appropriation authority may be continued into the biennium beginning July 1, 2025, and ending June 30, 2027:

1. The sum of $3,674,757 appropriated from the general fund and the sum of $25,918,566 appropriated from federal funds for the Medicaid management information system modularization technology project in chapter 12 of the 2021 Session Laws;
2. The sum of ~~$14,411,218~~$6,000,000 appropriated from the general fund and the sum of $14,411,218 appropriated from federal funds for the child welfare technology project in chapter 12 of the 2021 Session Laws;
3. The sum of $20,366,271 appropriated from the community health trust fund and the sum of $39,534,525 appropriated from federal funds for the child support computer replacement project in chapter 44 of the 2023 Session Laws;

4. The sum of $10,989,217 appropriated from the strategic investment and improvements fund for the procurement and grants management system in chapter 44 of the 2023 Session Laws;
5. The sum of $4,150,000 appropriated from the general fund for defraying the expenses of additional human service centers to begin the process of becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults in chapter 44 of the 2023 Session Laws;
6. The sum of $18,941,847 appropriated to the department of health and human services in chapter 549 of the 2021 Special Session Laws;
7. The sum of $55,120,000 appropriated from the federal state fiscal recovery fund for a public health laboratory capital project in chapter 4 of the 2023 Session Laws;
8. The sum of ~~$5,000,000~~$1,000,000 appropriated from the general fund for the purpose of employer-led child care cost-share program in chapter 446 of the 2023 Session Laws;
9. The sum of $986,555 appropriated from the general fund for the purpose of streamlining background checks project in chapter 446 of the 2023 Session Laws;
10. The sum of ~~$2,223,981~~$1,000,000 appropriated from the federal state fiscal recovery fund for the implementation of a virtual behavioral health crisis care program for rural law enforcement in chapter 44 of the 2023 Session Laws; and
11. The sum of $500,000 appropriated from the general fund and the sum of $500,000 appropriated from federal funds for the purpose of program integrity audits in chapter 44 of the 2023 Session Laws.
12. The sum of $1,950,000 appropriated from the general fund to the department of health and human services for a northwest human service region behavioral health facility grant in chapter 44 of the 2023 Session Laws.

SECTION 29. LEGISLATIVE INTENT - UTILIZATION RATE ADJUSTMENT. It is the intent of the sixty-ninth legislative assembly that the department of health and human services seek a deficiency appropriation from the seventieth legislative assembly for any expenditures that exceed appropriated amounts as a result of underfunding, utilization rates, value-based purchasing for nursing facilities, reduction in federal medical assistance percentage, and

unexpected contract cost increases that exceed ten percent, during the biennium beginning July 1, 2025, and ending June 30, 2027, if funding is not sufficient to pay actual expenses.

SECTION 30. LEGISLATIVE INTENT - PROVIDER RATE INCREASE. Except as otherwise noted, section 1 of this Act includes funding for human service provider inflation increases of two percent for ~~each year~~the first year and one and one-half percent the second year of the biennium beginning July 1, 2025, and ending June 30, 2027. The provider inflation increase in this section does not apply to nursing facilities.

~~**SECTION 29. LEGISLATIVE INTENT - DEVELOPMENTAL DISABILITIES PROVIDER ACCREDITATION REQUIREMENT.** It is the intent of the sixty-ninth legislative assembly that the department of health and human services eliminate its administrative rule requirement that providers of developmental disabilities services be accredited as a condition of being eligible for receiving payments for services from the department of health and human services.~~

SECTION 31. LEGISLATIVE INTENT - MEDICAL ASSISTANCE. It is the intent of the sixty-ninth legislative assembly that the department of health and human services review the amount, duration, coverage, utilization rates, medical necessity, and scope of medical assistance services, and ~~may implement any adjustments the department determines appropriate~~report any findings and recommendations to the seventieth legislative assembly.

SECTION 32. FEDERAL FUNDING APPEAL LIMITATION. Except as otherwise specifically provided by federal law, a person may not appeal a denial, revocation, reduction in services or payment, or the termination of a program or service by the department of health and human services dues to the unavailability of federal coronavirus funding received under federal law resulting from the federal coronavirus pandemic emergency declarations, for the biennium beginning July 1, 2025, and ending June 30, 2027.

SECTION 33. DEPARTMENT OF HEALTH AND HUMAN SERVICES - LONG-TERM STRUCTURED RESIDENCES PLAN - REPORT. During the 2025-26 interim, the department of health and human services shall review options and develop a plan to establish long-term structured residences. The department shall review necessary changes to statutes, rules, policies, and the estimated fiscal impact of establishing the residences. A long-term structured residence must be a highly structured therapeutic residential mental health treatment facility that is staffed continuously and designed to treat adults under chapters 12.1-04.1 and 25-03.1 who have severe and persistent mental illness and who have reached the maximum benefit

from the mental health resources available elsewhere in the community or hospital. The department shall present a report to the legislative management by October 1, 2026, regarding its plan to establish long-term structured residences.

SECTION 34. A new section to chapter 6-09 of the North Dakota Century Code is created and enacted as follows:

Extraordinary medical needs housing loan fund - Continuing appropriation.

1. The Bank of North Dakota shall administer a loan program to provide loans for new construction projects to provide housing for individuals with disabilities that have extraordinary medical needs. A construction project may include a land purchase and the construction costs of the project. The applicant must comply with project requirements as approved by the department of health and human services and the North Dakota housing finance agency.
2. The extraordinary medical needs housing loan fund is a special fund maintained in the state treasury from which the Bank shall provide loans under this section. The fund consists of revenues transferred under legislative authorization, interest upon moneys in the fund, and collections of interest and principal on loans made from the fund. All moneys in the fund are appropriated on a continuing basis to the Bank for the purpose of providing loans under this section.
3. The developer of the housing facility for individuals with disabilities that have extraordinary medical needs may submit an application to the Bank for a loan. The application must:
   a. Provide detail on the proposed construction project and its compliance with the department of health and human services and the North Dakota housing finance agency requirements;
   b. Demonstrate the need and long-term viability of the project; and
   c. Include financial information the Bank determines appropriate to verify eligibility.
4. A loan approved under this section:
   a. May not exceed three million three hundred thousand dollars for a project;
   b. Must have an interest rate that does not exceed two percent; and
   c. Must have a repayment schedule of no longer than twenty years.

5. A recipient of a loan under this section shall complete the financed construction project within twenty-four months of the approval of the loan. Failure to comply with this subsection may result in forfeiture of the entire loan received under this section.
6. The Bank shall deposit in the fund all principal and interest paid on the loans made from the fund. The Bank may deduct from interest payments a service fee for costs of administering the loan program. The fund must be audited annually pursuant to section 6-09-29 and the cost of the audit and any other actual costs incurred by the Bank on behalf of the fund must be paid from the fund.

SECTION 35. AMENDMENT. Section 50-06-06.6 of the North Dakota Century Code is amended and reenacted as follows:

50-06-06.6. Department may lease real and personal property.

The commissioner of the department or commissioner's designee may lease ~~surplus farm and pastureland at the state hospital and the life skills and transition center. The commissioner or designee also may enter into further leases of~~ real or personal property at the life skills and transition center or the state hospital upon a specific finding that the granting of each such leasehold interest will result in a net economic gain for the department, taking into account all identifiable costs. Any lease of space for the purpose of providing child care services must meet requirements as determined by the department. The commissioner of the department or commissioner's designee may prescribe the terms and conditions of any leases entered into pursuant to this section and may renew existing leases. ~~Any~~The term of any lease ~~entered into must be subject to renewal or cancelable each biennium~~may not exceed ninety-nine years.

SECTION 36. AMENDMENT. Section 50-06-42 of the North Dakota Century Code is amended and reenacted as follows:

50-06-42. Substance use disorder treatment voucher system - Mental health treatment voucher system for incarcerated individuals.

~~1.~~ The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's substance abuse treatment system and to assist in the payment of addiction treatment services and medical costs provided by licensed substance abuse treatment programs, excluding regional human service centers and hospital- or medical clinic-based programs for medical management of withdrawal.

~~a.~~1. An out-of-state licensed substance abuse treatment program located within a bordering state may participate in the voucher program to serve an underserved area of this state pursuant to the rules adopted by the department. The department shall develop rules to include processes and requirements for an out-of-state provider to receive reimbursement only for outpatient and community-based services upon a provider completing an assessment of need and receiving approval from the department.

2.~~b.~~ Services eligible for the voucher program include only those levels of care recognized by the American society of addiction medicine, with particular emphasis given to underserved areas and programs. The department shall ensure that a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers collects and reports process and outcome measures.

3.~~c.~~ The department shall develop requirements and provide training and technical assistance to a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers. A licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers shall provide evidence-based services.

4.~~d.~~ The department shall allocate funding appropriated for the substance use disorder treatment voucher as follows:

~~a. No~~

~~(1)~~a. Except as provided in ~~paragraphs 3 and 4~~subdivisions c and d, no more than ~~forty-five~~fifty percent of the appropriated amount may be allocated for residential substance use disorder services administered by licensed substance abuse treatment programs with more than sixteen beds.

b.~~(2)~~ The remaining appropriation must be allocated for residential programs with sixteen or fewer beds, nonresidential outpatient, and ancillary substance use disorder services administered by licensed substance abuse treatment programs.

~~(3)~~c. The department, during the last quarter of the biennium, may reallocate projected unused funds that were allocated under paragraph 2 to residential facilities outlined in paragraph 1.

~~(4)~~d. The department may reimburse a licensed substance abuse treatment program with more than sixteen beds the incurred direct medical costs of an eligible individual who does not have resources to cover the medical costs. The department may develop rules and may not exceed the total amount appropriated for medical cost reimbursement.

~~2. The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's mental health treatment system for individuals detained or confined in a county jail or detention center or regional corrections center and to assist in the payment of mental health treatment services provided by a licensed mental health professional acting within their scope of practice, excluding a regional human service center.~~

~~a. Services eligible for the voucher program include only diagnostic assessment and mental health therapy for individuals with a mental health concern detained or confined in a county jail or detention center or regional corrections center. The department shall ensure that a licensed mental health professional accepting vouchers collects and reports process and outcome measures.~~

~~b. The department shall develop requirements and provide training and technical assistance to licensed mental health professionals accepting vouchers. A licensed mental health professional shall provide evidence-based services.~~

SECTION 37. AMENDMENT. Section 50-24.5-02.3 of the North Dakota Century Code is amended and reenacted as follows:

50-24.5-02.3. Basic care payment rates.

1. The department shall determine limits for the care of residents of basic care facilities that qualify as vendors of an aged, blind, and disabled persons program and for implementing provisions of this chapter based on data demonstrating the most recent costs that must be incurred for the care of residents in efficiently and economically operated basic care facilities. The department shall determine the limits every four years by July first, beginning with July 1, 2023.
2. The department shall establish the limits by using the median rates from the most recent data available. The direct care limit must be the median plus eighteen percent. The indirect care limit must be the median plus twelve percent.

3. For the rate year beginning July 1, 2023, the department shall increase rates and limits three and one-half percent for inflation. For the rate year beginning July 1, 2024, the department shall increase rates and limits three and one-half percent for inflation.
4. The department shall provide a rate increase in the amount of five dollars per day for the period beginning July 1, 2023, and ending June 30, ~~2025~~2027, after which the increase is not effective. This rate increase may not be included in any calculation of inflation increase.
5. Within the limits of legislative appropriations, the department shall establish an uncompensated care expense of three hundred sixty-five days.

SECTION 38. AMENDMENT. Section 50-33-05 of the North Dakota Century Code is amended and reenacted as follows:

50-33-05. State of residence.

Only child care assistance units physically residing within the boundaries of the state are eligible for child care assistance, unless the individual is employed by an early childhood program within the boundaries of the state and the individual has been approved for the state's child care assistance child care workforce benefit.

SECTION 39. AMENDMENT. Subsection 1 of section 50-36-03 of the North Dakota Century Code is amended and reenacted as follows:

1. The committee is composed of:
   a. One member of the North Dakota association of counties appointed by the chairman of the legislative management, who shall serve a term of two years.
   b. One member of the North Dakota league of cities appointed by the chairman of the legislative management, who shall serve a term of two years.
   c. One member of the North Dakota state association of city and county health officials appointed by the chairman of the legislative management, who shall serve a term of two years.
   d. One member who represents the highway patrol appointed by the highway patrol superintendent, who shall serve a term of two years.
   e. The executive director of the department's division of behavioral health.
   f. ~~The managing director of the office of recovery reinvented~~One member in recovery appointed by the governor.

g. One member appointed by the governor who shall serve as a nonvoting member and as the presiding officer of the committee, who shall serve a term of two years.

SECTION 40. AMENDMENT. Subsection 6 of the new section to chapter 54-07 of the North Dakota Century Code, as created by section 1 of Senate Bill No. 2176, as approved by the sixty-ninth legislative assembly, is amended and reenacted as follows:

6. a. The office of the governor shall provide staffing and administrative services for the children's cabinet and coordinate with other designated working groups on children and family issues.

b. The governor or the governor's designee serving on the cabinet may appoint a representative to serve in that official's capacity at a meeting if the governor or governor's designee is unable to attend.

SECTION 41. HOUSING AVAILABILITY ASSESSMENT - COLLABORATION WITH HOUSING FINANCE AGENCY. The department of health and human services shall collaborate with the North Dakota housing finance agency and other appropriate stakeholders to assess the availability of housing for individuals requiring extraordinary health care support services, for the biennium beginning July 1, 2025, and ending June 30, 2027. Based on the results of the assessment, if necessary, the department shall develop a plan to expand access to housing providing the least restrictive environment for individuals requiring extraordinary health care support services.

SECTION 42. BEHAVIORAL HEALTH CLINICS, NORTH DAKOTA STATE HOSPITAL, AND LIFE SKILLS AND TRANSITION CENTER FUNDING. Section 1 of this Act includes funding for the behavioral health clinics, North Dakota state hospital, and life skills and transition center as follows:

1. Behavioral health clinics:
   a. Salaries and wages ~~$156,967,103~~$177,840,942
   b. Operating and capital ~~64,131,965~~56,945,408
   c. Total ~~$221,099,068~~$234,786,350
2. State hospital:
   a. Salaries and wages ~~$68,775,551~~$70,477,378
   b. Operating and capital ~~350,880,155~~20,880,155

c. Total ~~$419,655,706~~$91,357,533

3. Life skills and transition center:

a. Salaries and wages ~~$55,540,213~~$56,284,356

b. Operating and capital ~~15,207,658~~15,207,658

c. Total ~~$70,747,871~~$71,492,014

SECTION 43. LEGISLATIVE MANAGEMENT STUDY - STUDENT TRUANCY AND ABSENTEEISM. The legislative management shall consider studying, during the 2025-26 interim, truancy and student absenteeism in kindergarten through grade twelve public schools. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 44. LEGISLATIVE MANAGEMENT STUDY - OBESITY HEALTH IMPLICATIONS. The legislative management shall consider studying, during the 2025-26 interim, the health implications of obesity on the residents of the state and options to increase access to prevention and treatments for obesity. If conducted, the study must review costs associated with obesity including comorbidities, treatments available for obesity, obesity diagnosis guidelines including use of body mass index compared with percentage of body fat, and examining the difference between being an individual who is healthy and overweight as compared to an obese individual. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 45. LEGISLATIVE MANAGEMENT STUDY - MATERNAL HEALTH SERVICES - ACCESS AND WORKFORCE.

1. During the 2025-26 interim, the legislative management shall consider studying access to maternal health services. The study must include:
   a. Consideration of the availability of prenatal and childbirth services, including provider shortages and service use.
   b. Development of strategies to increase the number of obstetricians, family doctors, and midwives providing maternal health services in this state.
   c. A review of coverage and reimbursement for doulas and midwives, including training and certification needs.

d. Consideration of insurance and public policy options to improve maternal health outcomes, including through the Medicaid program.

e. Input from health care providers, insurers, public health officials, and maternal health experts.

2. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 46. LEGISLATIVE INTENT - LIFE SKILLS AND TRANSITION CENTER. It is the intent of the sixty-ninth legislative assembly that during the 2025-26 interim, the department of health and human services review the facilities and land at the life skills and transition center to identify the portions of the life skills and transition center campus that are necessary for delivery of services and the portions of the campus that could be conveyed to a local government or related public or not-for-profit community development entity to redevelop to optimize local community development goals and the successful operation of the life skills and transition center. It is further the intent of the legislative assembly that the department of health and human services present any request to convey any portions of the campus to the seventieth legislative assembly.

SECTION 47. DISABILITY SERVICE ACCREDITATION STUDY - LEGISLATIVE MANAGEMENT REPORT. During the 2025-26 interim, the department of health and human services shall study accreditation requirements and provider costs for serving individuals with intellectual and developmental disabilities, including the cost of accreditation relative to the cost of providing services and reimbursement. The department shall report its findings and recommendations, together with any legislation necessary to implement recommendations to the legislative management by September 1, 2026.

SECTION 48. VALUE-BASED CARE INCENTIVE PROGRAM - PAYMENT WITHHOLD FOR NURSING FACILITIES - COLLABORATION WITH NORTH DAKOTA LONG TERM CARE ASSOCIATION. During the 2025-26 interim, the department of health and human services, in collaboration with the North Dakota long term care association, shall develop a payment withhold structure for value-based payments to provide funding for the value-based care incentive program for nursing facilities. The department shall implement the payment

withhold beginning July 1, 2027. The department may not implement a payment withhold before July 1, 2027.

SECTION 49. LEGISLATIVE MANAGEMENT STUDY- DISABILITY SERVICES.

1. During the 2025-26 interim, the legislative management shall study the efficiency, effectiveness, and outcomes of developmental disability services provided by the department of health and human services. The study must include:
   a. A review of the approval process, an analysis of accountability measures, an assessment of gaps in services, and an evaluation of overall program management.
   b. An assessment of whether the department is effectively managing cases and complying with federal law in the provision of support and services to individuals with disabilities.
   c. Input from advocates, clients from the disability community, zone directors, service providers, and health care providers who serve individuals with disabilities.
   d. Collaboration with the cross-disability advisory council.
2. The legislative council may contract with a consultant with expertise in the provision of developmental disability services to assist in the study.
3. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 50. APPROPRIATION - COMMUNITY HEALTH TRUST FUND - LEGISLATIVE COUNCIL - DISABILITY SERVICES - ONE-TIME FUNDING. There is appropriated out of any moneys in the community health trust fund, not otherwise appropriated, the sum of $150,000, or so much of the sum as may be necessary, to the legislative council for the purpose of contracting for consulting services for a disability services study, for the biennium beginning July 1, 2025, and ending June 30, 2027. The appropriation in this section is considered a one-time funding item.

SECTION 51. LEGISLATIVE MANAGEMENT REPORT - BEHAVIORAL HEALTH FACILITY GRANTS. During the 2025-26 interim the department of health and human services

shall provide reports to the legislative management regarding the award of grant funding to increase the number of behavioral health beds in the state.

SECTION 52. EFFECTIVE DATE. Section ~~33~~36 of this Act becomes effective on July 1, 2026.

SECTION 53. EFFECTIVE DATE. Section 7 of this Act becomes effective on January 1, 2026.

House Bill No. 1012 - Other Changes - Senate Action

This amendment also:

- Adds sections to provide guidelines regarding the use of funding for infant and toddler care provider payments, intermediate care facility medically and behaviorally complex services grants, special health care needs grants, crisis services grants, and medical housing for individuals with extraordinary medical needs.
- Adjusts sections identifying funding from the strategic investment and improvements fund and community health trust fund.
- Removes sections identifying funding for an animal shelter grant and statewide health strategies.
- Removes a Bank of North Dakota line of credit for a new State Hospital project and adds a Bank of North Dakota line of credit for a child welfare technology project.
- Adjusts the membership of the new State Hospital steering committee to include representatives of DHHS, the Office of Management and Budget, Governor's office, and the Legislative Assembly.
- Adjusts various exemptions to allow the continuation of unexpended appropriation authority into the 2025-27 biennium. These adjustments will increase the July 1, 2025, general fund balance by $12,411,218.
- Removes a section to provide legislative intent that DHHS eliminate its administrative rule requirement that providers of developmental disabilities services be accredited as a condition to receive payments for services.
- Creates a new section to Chapter 6-09 to create an extraordinary medical needs housing loan fund and to provide guidelines regarding the use of the loan fund.
- Amends Section 50-36-03 relating to the membership of the opioid advisory committee.
- Amends provisions relating to the Children's Cabinet as approved in Senate Bill No. 2176.
- Provides for a Legislative Management study of maternal health services.
- Provides legislative intent that DHHS review the utilization of the Life Skills and Transition Center campus to determine if any portions of the campus can be conveyed for use by community organizations.
- Provides for DHHS to study developmental disability service provider accreditation.
- Provides for DHHS to develop a payment structure to provide funding for a value-based care incentive program for nursing facilities.

40 of 40

- Provides for a Legislative Management study of developmental disability services provided by DHHS and provides an appropriation of $150,000 to the Legislative Council for consultant services for the study.

REPORT OF STANDING COMMITTEE
ENGROSSED HB 1012

Appropriations Committee (Sen. Bekkedahl, Chairman) recommends **AMENDMENTS (25.0156.02028)** and when so amended, recommends **DO PASS** (15 YEAS, 0 NAYS, 1 ABSENT OR EXCUSED AND NOT VOTING). Engrossed HB 1012 was placed on the Sixth order on the calendar. This bill does not affect workforce development.

Fiscal No. 6

Prepared by the Legislative Council staff for Senate Appropriations - Human Resources Division Committee 4/9/91
April 14, 2025

Sixty-ninth
Legislative Assembly
of North Dakota

PROPOSED AMENDMENTS TO FIRST ENGROSSMENT

ENGROSSED HOUSE BILL NO. 1012

Introduced by

Appropriations Committee

A BILL for an Act to provide an appropriation for defraying the expenses of various divisions of the department of health and human services; to create and enact a new section to chapter 6-09 of the North Dakota Century Code, relating to an extraordinary medical needs housing loan fund; to amend and reenact sections 50-06-06.6, 50-06-42, 50-24.5-02.3, ~~and~~ 50-33-05, and subsection 1 of 50-36-03 of the North Dakota Century Code and subsection 6 of the new section to chapter 54-07 of the North Dakota Century Code created in section 1 of Senate Bill No. 2176, as approved by the sixty-ninth legislative assembly, relating to leases of department of health and human services property, substance use disorder treatment program, basic care payment rates, ~~and~~ state of residence for child care assistance, opioid settlement advisory committee, and children's cabinet; to provide for a transfer; to authorize a line of credit; to provide legislative intent; to provide for a legislative management study; to provide an application; to provide an exemption; to provide for a report; and to provide an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. APPROPRIATION. The funds provided in this section, or so much of the funds as may be necessary, are appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, and from other funds derived from special funds and federal funds, to the department of health and human services for the purpose of defraying the expenses of its various divisions, for the biennium beginning July 1, 2025, and ending June 30, 2027, as follows:

SECTION 3. FUNDING TRANSFERS - EXEMPTION - AUTHORIZATION - REPORT. Notwithstanding section 54-16-04, the director of the office of management and budget shall transfer appropriation authority between line items within subdivisions 1, 2, 3, 4, 5, and 6 of section 1 of this Act and any other appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly, for the biennium beginning

July 1, 2025, and ending June 30, 2027, as requested by the department of health and human services. The department of health and human services shall notify the legislative council of any transfer made pursuant to this section. The department of health and human services shall report to the budget section after June 30, 2026, any transfer made in excess of $50,000 and to the appropriations committees of the seventieth legislative assembly regarding any transfers made pursuant to this section.

SECTION 4. FULL-TIME EQUIVALENT POSITION BLOCK GRANT PROGRAM - REPORT. Section 1 of this Act includes funding for a full-time equivalent position block grant program. This funding as approved by the sixty-ninth legislative assembly is available for defraying the expense of full-time equivalent positions as determined by the department of health and human services. Notwithstanding any other provision of law, the department is authorized to increase or decrease authorized full-time equivalent positions subject to the availability of funds and the provisions of this section. The department of health and human services many not increase full-time equivalent positions for the purpose of transferring human service zone employees to state employment. Pursuant to section 3 of this Act, the department is authorized to transfer appropriation authority of up to the underfunded amount of ~~$30,000,000~~$6,307,309 to the salaries and wages block grant line item. The department of health and human services shall report to the office of management and budget and legislative council any adjustments to full-time equivalent positions.

SECTION 5. DEPARTMENT OF HEALTH AND HUMAN SERVICES - SALARIES AND WAGES BLOCK GRANT - VACANT POSITIONS - REPORT. The department of health and human services shall report to the budget section quarterly during the 2025-26 interim regarding the status of its salaries and wages block grant and vacant positions and employee turnover. The report must include:

1. The legislative appropriation for salaries and wages allocated by the department to major department programs by funding source and the number of FTE positions the department is allocating to each major program based on the legislative appropriation;
2. Any changes to salaries and wages funding or FTE positions allocated to major department programs;

3. Any new FTE positions added, the cost of the position for the remainder of the biennium, and the cost to continue funding the position in the subsequent biennium by funding source;
4. Any FTE positions removed and related funding;
5. The number of FTE positions that become vacant and the number filled each month;
6. The number of vacant FTE positions at the end of each month;
7. Salaries and wages savings resulting from vacant positions and employee turnover each month by funding source; and
8. The use of salaries and wages savings for other purposes for each month by funding source.

SECTION 6. BEHAVIORAL HEALTH FACILITY GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION.

1. Section 1 of this Act includes the sum of ~~$12,960,000~~$5,000,000 from the strategic investment and improvements fund for a behavioral health facility grant pursuant to this section.

~~2. A grant of $12,960,000 must be provided to establish a behavioral health facility in the northeast human service region. The grant recipient must provide matching funds of $3,240,000 to establish the facility.~~

~~3.~~2. The department shall require an entity receiving funding under this section to operate the facility for at least ten years and require the grant amount to be repaid if the entity does not operate the facility for at least ten years.

~~4.~~3. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 7. INFANT AND TODDLER CARE PROVIDER SUPPORT DIRECT PAYMENT - ONE-TIME - REPORT. Section 1 of this Act includes the sum of $13,500,000 of one-time funding from the general fund for direct payments to licensed child care providers to support high-quality early childhood care for infants and toddlers. The department shall administer the direct payment program and include the following provisions:

1. To qualify for a direct payment under this section, a direct payment recipient must:
   a. Be a licensed child care facility within the state of North Dakota;

b. Be enrolled in the state's bright and early quality rating system at a two-star, three-star, or four-star rating level; and

c. Provide care for children from birth through three years of age.

2. Eligible providers may receive up to $300 per month for each child from birth through seventeen months of age and up to $180 per month for each child from eighteen through thirty-six months of age.

3. The department shall distribute the direct payments on a quarterly basis. Direct payments may not be used for non-child care-related expenses or debt repayment.

4. Direct payment recipients shall submit annual reports to the department detailing fund usage, enrollment statistics, and other information requested by the department.

5. The department shall provide reports to the legislative management and to the appropriations committees of the seventieth legislative assembly on direct payments and the effectiveness of the program.

SECTION 8. INTERMEDIATE CARE FACILITY MEDICALLY AND BEHAVIORALLY COMPLEX SERVICES GRANT - APPLICATION. Section 1 of this Act includes the sum of $4,400,000 of one-time funding from the community health trust fund for providing a one-time grant to a licensed intermediate care facility in the south central human service region for providing services to children or young adults with medically and behaviorally complex conditions. To be eligible to receive the grant under this section, a licensed intermediate care facility must provide early intervention, clinical, and residential services, provide community and home support, education, recreation and leisure activities, and assistive technology; and provide services in at least eight communities for individuals with intellectual or developmental disabilities. The grant funds awarded may be used only for the costs of providing services to children and young adults with medically and behaviorally complex conditions. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 9. SPECIAL HEALTH CARE NEEDS GRANT - APPLICATION. Section 1 of this Act includes the sum of $50,000 from the general fund for providing a grant to a provider in the south central human service region for statewide education, information, training, and peer support to families with children with special health care needs, medically complex

conditions, or a disability. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 10. CRISIS SERVICES GRANTS - APPLICATION. Section 1 of this Act includes the sum of $585,000 from the general fund for providing crisis services grants. The grants include the sum of $300,000 for crisis organizations that provide crisis services to young adults who are at risk of being homeless or experiencing other serious adverse life events and the sum of $285,000 to a volunteer-based ecumenical ministry organization. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 11. MEDICAL HOUSING FOR INDIVIDUALS WITH EXTRAORDINARY MEDICAL NEEDS - ONE-TIME FUNDING.

1. Section 1 of this Act includes the sum of $200,000 from the general fund for the preliminary design consultation and project administration of developing housing for individuals with disabilities that have extraordinary medical needs and for rent subsidies for individuals residing in these housing facilities, for the biennium beginning July 1, 2025, and ending June 30, 2027.
2. The department of health and human services shall collaborate with the North Dakota housing finance agency, individuals with disabilities, caregivers, and families to solicit proposals for the development of accessible housing for individuals with disabilities that have extraordinary medical needs, for the biennium beginning July 1, 2025, and ending June 30, 2027. The department shall solicit proposals from public entities, for-profit organizations, and nonprofit organizations to design, construct, maintain, and operate the housing facility. Proposals must:
   a. Ensure that services in the facility may be provided separately from the facility ownership interests;
   b. Ensure that individuals residing in the facility may choose among independent living service providers; and
   c. Comply with the federal home and community-based settings rules as defined under 42 CFR 441.301(c)(4).

SECTION 12. COMMUNITY CULTURAL CENTER GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION. Section 1 of this Act includes the sum of

~~$1,000,000~~$300,000 from the strategic investment and improvements fund for the purpose of providing a one-time community cultural center programming grant in the west central human service region. An entity may apply for a grant under this section if the entity certifies to the department ~~it has secured at least fifty percent of funds needed to complete the project, the project will be completed within two years of receiving the grant funds, and the grants funds will be used only for costs of constructing a~~the funds will be used for programs within the community cultural center. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 13. JUVENILE JUSTICE DIVERSION SERVICES AND PROGRAMS - TASK FORCE - REPORT. Section 1 of this Act includes the sum of ~~$750,000~~ $500,000 of one-time funding from the ~~general~~community health trust fund for juvenile justice diversion services and programs. The department of health and human services must use the funding for services to youth at risk of juvenile justice involvement but who have not committed delinquent acts as defined in chapter 27-20.4.

The department shall establish a task force with representation from divisions in the department, human service zones, the department of public instruction, elementary and secondary schools, and members of the legislative assembly, to review juvenile justice diversion services and program. The department shall report its findings and recommendations to the legislative management and children's cabinet.

~~**SECTION 9. ANIMAL SHELTER GRANT - COMMUNITY HEALTH TRUST FUND.** Section 1 of this Act includes the sum of $300,000 from the community health trust fund for a grant for the construction of an animal shelter. The department of health and human services may award a grant for the construction of an animal shelter to an organization that provides twenty dollars of nonstate matching funds for every dollar of grant funds received. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.~~

~~**SECTION 10. STATEWIDE HEALTH STRATEGIES - COMMUNITY HEALTH TRUST FUND.** Section 1 of this Act includes the sum of $750,000 of one-time funding from the community health trust fund for the statewide health strategies initiative. The department of health and human services may spend the funding upon securing dollar-for-dollar matching funds.~~

SECTION 14. OTHER FUNDS - INSURANCE TAX DISTRIBUTION FUND. The other funds line item in subdivision 5 of section 1 of this Act includes the sum of $1,125,000 from the insurance tax distribution fund for rural emergency medical services grants.

SECTION 15. OTHER FUNDS - COMMUNITY HEALTH TRUST FUND. The other funds line items in section 1 of this Act includes the sum of ~~$38,713,522~~$41,431,522 from the community health trust fund for the following purposes:

Loan repayment programs	$594,500
~~Tobacco and vaping programs~~	~~11,599,698~~
Tobacco prevention and control grants to local public health units	6,250,000
Tobacco prevention and control	4,549,698

~~Statewide health strategies~~	~~750,000~~
~~Total~~	~~$38,713,522~~
Total	$41,431,522

SECTION 16. OTHER FUNDS - HUMAN SERVICE FINANCE FUND. The other funds line items in section 1 of this Act includes the sum of ~~$239,112,030~~$242,112,030 from the human service finance fund for state-paid economic assistance and social and human services.

SECTION 17. OTHER FUNDS - OPIOID SETTLEMENT FUND. The other funds line item in section 1 of this Act includes the sum of $8,000,000 from the opioid settlement fund for opioid remediation and abatement efforts.

SECTION 18. OTHER FUNDS - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND The other funds line items in section 1 of this Act includes the sum of ~~$227,474,784~~$18,446,784 from the strategic investment and improvements fund for the following purposes:

~~Retiring technology from the mainframe~~	~~$7,500,000~~
~~Move into the new state laboratory and purchase security equipment~~	~~2,962,304~~
~~Capital projects in human service centers and life skills and transition center~~	~~1,052,480~~
~~Housing initiative programs~~	~~1,000,000~~
~~Technology projects at the state hospital~~	~~1,000,000~~
~~New state hospital~~	~~200,000,000~~
~~Behavioral health facility grant~~	~~12,960,000~~
~~Community cultural center grant~~	~~1,000,000~~
~~Total~~	~~$227,474,784~~
Retiring technology from the mainframe	$5,000,000
New state laboratory move-in costs and security equipment purchases	2,962,304
Capital projects in certified community behavioral health clinics and life skills and transition center	1,684,480
Housing initiative programs	2,500,000
Technology projects at the state hospital	1,000,000
Behavioral health facility grant	5,000,000
Community cultural center grant	300,000
Total	$18,446,784

SECTION 19. OTHER FUNDS - BANK OF NORTH DAKOTA LINE OF CREDIT - ~~STATE HOSPITAL~~CHILD WELFARE TECHNOLOGY PROJECT. The other funds line item in subdivision 2 of section 1 of this Act includes ~~$130,000,000~~the sum of $8,411,218 from a Bank

of North Dakota line of credit. The department of health and human services may borrow up to ~~$130,000,000~~$8,411,218 through a line of credit from the Bank of North Dakota during the biennium beginning July 1, 2025, and ending June 30, 2027, for costs associated with ~~the construction of a new state hospital~~a child welfare technology project. The interest rate on the line of credit may not exceed the prevailing interest rate charged to North Dakota governmental entities. If the department accesses the line of credit, it shall request a deficiency appropriation from the seventieth legislative assembly to repay the line of credit.

SECTION 20. LABORATORY BUILDING STEERING COMMITTEE. The department of health and human services shall maintain the laboratory building steering committee to oversee the design and construction of the laboratory building project, for the biennium beginning July 1, 2025, and ending June 30, 2027, or until work is completed, whichever occurs earlier. The committee must include representation from the department of health and human services, department of environmental quality, office of management and budget, the governor's office, and the legislative assembly. The legislative assembly representation must include one member of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

SECTION 21. NEW STATE HOSPITAL - STEERING COMMITTEE. The department of health and human services shall establish a new state hospital facility steering committee to oversee the design and construction of a new state hospital facility, for the biennium beginning July 1, 2025, and ending June 30, 2027. The committee must include representation from the department of health and human services, office of management and budget, the governor's office, and the legislative assembly. The legislative assembly representation must include one member of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

SECTION 22. CAPITAL PAYMENTS. During the biennium beginning July 1, 2025, and ending June 30, 2027, the department of health and human services is authorized to expend funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center. Pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within

section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly. The department of health and human services may transfer funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center ahead of the special needs assessments schedule. Notwithstanding section 54-27-12, the department of health and human services may spend funds for the payment of special assessments at the state hospital and life skills and transition center.

SECTION 23. CAPITAL PROJECTS - EMERGENCY COMMISSION AND BUDGET SECTION APPROVAL. During the biennium beginning July 1, 2025, and ending June 30, 2027, pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly for capital projects and maintenance pertaining to operation of its facilities, including demolition projects. Notwithstanding section 54-27-12, the department of health and human services may spend up to $10,000,000 for capital projects and maintenance pertaining to operation of its facilities, including demolition projects, under this section and may seek emergency commission and budget section approval to spend more than $10,000,000 under this section.

SECTION 24. PERMANENT SUPPORTIVE HOUSING GRANTS. Section 1 of this Act includes the sum of $4,672,536 from the general fund for permanent supportive housing grants. The department of health and human services shall develop a funding methodology to distribute the funding to qualified entities that utilize best practices for permanent supportive housing, provide recovery-oriented and person-centered services, submit process and outcome measures to the department of health and human services, and authorize the department of health and human services to conduct onsite visits to review program operations.

SECTION 25. EXPENDITURES MAY NOT EXCEED APPROPRIATION - MEDICAL ASSISTANCE EXPANSION PROGRAM - APPLICATION.

1. Section 1 of this Act includes the sum of $662,099,340, of which $66,209,934 is from the general fund, for the medical assistance expansion program, for the biennium beginning July 1, 2025, and ending June 30, 2027. The expenditures for individuals eligible for the medical assistance expansion program may not exceed this amount.

2. The department of health and human services may exceed appropriations for increases in medical assistance expansion program caseload, for the addition of coverage consistent with the traditional Medicaid 1915(i) state plan, utilization rates, and reduction in federal medical assistance percentage.
3. The managed care organization under contract with the department of health and human services to manage the medical assistance expansion program shall reimburse providers within the same provider type and specialty at consistent levels and with consistent methodology and may not provide incentive, quality, or supplemental payments to providers, unless part of a value-based program approved by the department of health and human services. The managed care organization shall reimburse all North Dakota substance use providers of American society of addiction medicine level 2.5 at consistent levels and with consistent methodology. The managed care organization may consider urban and rural providers as different provider types.
4. The managed care organization and the department of health and human services shall ensure payments to Indian or Tribal 638 health care providers, federally qualified health centers,and rural health clinics meet the federally required minimum levels of reimbursement. Critical access hospitals may not be paid less than one hundred percent of Medicare allowable costs and human service centers may not be paid less than one hundred percent of the current traditional Medicaid rate. Behavioral health services involving partial hospitalization, intensive outpatient, professional services, and residential behavioral health services provided in facilities that are not institutions for mental diseases are not subject to the provisions in subsection 6.
5. The department of health and human services shall ensure providers within the same provider type and specialty are reimbursed at consistent levels and with consistent methodology and shall ensure the capitation rates under risk contracts are actuarially sound and are adequate to meet managed care organization contractual requirements regarding availability of services, assurance or adequate capacity and services, and coordination and continuity of care.
6. Except for the provisions in subsection 4, managed care organization premium payments must be built using the assumption that rates paid to providers under the

medical assistance expansion program may not exceed one hundred forty-five percent of Medicare reimbursement rates paid to providers on January 1, 2025.

SECTION 26. HUMAN SERVICE CENTERS - CERTIFIED COMMUNITY BEHAVIORAL HEALTH CLINICS - FULL-TIME EQUIVALENT POSITIONS - REPORT. The department of health and human services shall continue the process of the human service centers becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults. The department of health and human services shall pursue additional federal funding as available. Subject to the availability of generated income, the department of health and human services may add full-time equivalent positions for the clinics to provide direct services for the period beginning with the effective date of this Act and ending June 30, 2027. The department of health and human services shall report to the office of management and budget and legislative council each time a position is added.

SECTION 27. INTERMEDIATE CARE FACILITY MORATORIUM. The department of health and human services may not add any new licensed intermediate care facility for individuals with intellectual disabilities beds to the state's licensed bed capacity between July 1, 2025, and June 30, 2027.

SECTION 28. EXEMPTION - UNEXPENDED APPROPRIATIONS. The following appropriations are not subject to the provisions of section 54-44.1-11 and any unexpended appropriation authority may be continued into the biennium beginning July 1, 2025, and ending June 30, 2027:

1. The sum of $3,674,757 appropriated from the general fund and the sum of $25,918,566 appropriated from federal funds for the Medicaid management information system modularization technology project in chapter 12 of the 2021 Session Laws;
2. The sum of ~~$14,411,218~~$6,000,000 appropriated from the general fund and the sum of $14,411,218 appropriated from federal funds for the child welfare technology project in chapter 12 of the 2021 Session Laws;
3. The sum of $20,366,271 appropriated from the community health trust fund and the sum of $39,534,525 appropriated from federal funds for the child support computer replacement project in chapter 44 of the 2023 Session Laws;

4. The sum of $10,989,217 appropriated from the strategic investment and improvements fund for the procurement and grants management system in chapter 44 of the 2023 Session Laws;
5. The sum of $4,150,000 appropriated from the general fund for defraying the expenses of additional human service centers to begin the process of becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults in chapter 44 of the 2023 Session Laws;
6. The sum of $18,941,847 appropriated to the department of health and human services in chapter 549 of the 2021 Special Session Laws;
7. The sum of $55,120,000 appropriated from the federal state fiscal recovery fund for a public health laboratory capital project in chapter 4 of the 2023 Session Laws;
8. The sum of ~~$5,000,000~~$1,000,000 appropriated from the general fund for the purpose of employer-led child care cost-share program in chapter 446 of the 2023 Session Laws;
9. The sum of $986,555 appropriated from the general fund for the purpose of streamlining background checks project in chapter 446 of the 2023 Session Laws;
10. The sum of ~~$2,223,981~~$1,000,000 appropriated from the federal state fiscal recovery fund for the implementation of a virtual behavioral health crisis care program for rural law enforcement in chapter 44 of the 2023 Session Laws; and
11. The sum of $500,000 appropriated from the general fund and the sum of $500,000 appropriated from federal funds for the purpose of program integrity audits in chapter 44 of the 2023 Session Laws.
12. The sum of $1,950,000 appropriated from the general fund to the department of health and human services for a northwest human service region behavioral health facility grant in chapter 44 of the 2023 Session Laws.

SECTION 29. LEGISLATIVE INTENT - UTILIZATION RATE ADJUSTMENT. It is the intent of the sixty-ninth legislative assembly that the department of health and human services seek a deficiency appropriation from the seventieth legislative assembly for any expenditures that exceed appropriated amounts as a result of underfunding, utilization rates, value-based purchasing for nursing facilities, reduction in federal medical assistance percentage, and

unexpected contract cost increases that exceed ten percent, during the biennium beginning July 1, 2025, and ending June 30, 2027, if funding is not sufficient to pay actual expenses.

SECTION 30. LEGISLATIVE INTENT - PROVIDER RATE INCREASE. Except as otherwise noted, section 1 of this Act includes funding for human service provider inflation increases of two percent for ~~each year~~the first year and one and one-half percent the second year of the biennium beginning July 1, 2025, and ending June 30, 2027. The provider inflation increase in this section does not apply to nursing facilities.

~~**SECTION 29. LEGISLATIVE INTENT - DEVELOPMENTAL DISABILITIES PROVIDER ACCREDITATION REQUIREMENT.** It is the intent of the sixty-ninth legislative assembly that the department of health and human services eliminate its administrative rule requirement that providers of developmental disabilities services be accredited as a condition of being eligible for receiving payments for services from the department of health and human services.~~

SECTION 31. LEGISLATIVE INTENT - MEDICAL ASSISTANCE. It is the intent of the sixty-ninth legislative assembly that the department of health and human services review the amount, duration, coverage, utilization rates, medical necessity, and scope of medical assistance services, and ~~may implement any adjustments the department determines appropriate~~report any findings and recommendations to the seventieth legislative assembly.

SECTION 32. FEDERAL FUNDING APPEAL LIMITATION. Except as otherwise specifically provided by federal law, a person may not appeal a denial, revocation, reduction in services or payment, or the termination of a program or service by the department of health and human services dues to the unavailability of federal coronavirus funding received under federal law resulting from the federal coronavirus pandemic emergency declarations, for the biennium beginning July 1, 2025, and ending June 30, 2027.

SECTION 33. DEPARTMENT OF HEALTH AND HUMAN SERVICES - LONG-TERM STRUCTURED RESIDENCES PLAN - REPORT. During the 2025-26 interim, the department of health and human services shall review options and develop a plan to establish long-term structured residences. The department shall review necessary changes to statutes, rules, policies, and the estimated fiscal impact of establishing the residences. A long-term structured residence must be a highly structured therapeutic residential mental health treatment facility that is staffed continuously and designed to treat adults under chapters 12.1-04.1 and 25-03.1 who have severe and persistent mental illness and who have reached the maximum benefit

from the mental health resources available elsewhere in the community or hospital. The department shall present a report to the legislative management by October 1, 2026, regarding its plan to establish long-term structured residences.

SECTION 34. A new section to chapter 6-09 of the North Dakota Century Code is created and enacted as follows:

Extraordinary medical needs housing loan fund - Continuing appropriation.

1. The Bank of North Dakota shall administer a loan program to provide loans for new construction projects to provide housing for individuals with disabilities that have extraordinary medical needs. A construction project may include a land purchase and the construction costs of the project. The applicant must comply with project requirements as approved by the department of health and human services and the North Dakota housing finance agency.
2. The extraordinary medical needs housing loan fund is a special fund maintained in the state treasury from which the Bank shall provide loans under this section. The fund consists of revenues transferred under legislative authorization, interest upon moneys in the fund, and collections of interest and principal on loans made from the fund. All moneys in the fund are appropriated on a continuing basis to the Bank for the purpose of providing loans under this section.
3. The developer of the housing facility for individuals with disabilities that have extraordinary medical needs may submit an application to the Bank for a loan. The application must:
   a. Provide detail on the proposed construction project and its compliance with the department of health and human services and the North Dakota housing finance agency requirements;
   b. Demonstrate the need and long-term viability of the project; and
   c. Include financial information the Bank determines appropriate to verify eligibility.
4. A loan approved under this section:
   a. May not exceed three million three hundred thousand dollars for a project;
   b. Must have an interest rate that does not exceed two percent; and
   c. Must have a repayment schedule of no longer than twenty years.

5. A recipient of a loan under this section shall complete the financed construction project within twenty-four months of the approval of the loan. Failure to comply with this subsection may result in forfeiture of the entire loan received under this section.
6. The Bank shall deposit in the fund all principal and interest paid on the loans made from the fund. The Bank may deduct from interest payments a service fee for costs of administering the loan program. The fund must be audited annually pursuant to section 6-09-29 and the cost of the audit and any other actual costs incurred by the Bank on behalf of the fund must be paid from the fund.

SECTION 35. AMENDMENT. Section 50-06-06.6 of the North Dakota Century Code is amended and reenacted as follows:

50-06-06.6. Department may lease real and personal property.

The commissioner of the department or commissioner's designee may lease ~~surplus farm and pastureland at the state hospital and the life skills and transition center. The commissioner or designee also may enter into further leases of~~ real or personal property at the life skills and transition center or the state hospital upon a specific finding that the granting of each such leasehold interest will result in a net economic gain for the department, taking into account all identifiable costs. Any lease of space for the purpose of providing child care services must meet requirements as determined by the department. The commissioner of the department or commissioner's designee may prescribe the terms and conditions of any leases entered into pursuant to this section and may renew existing leases. ~~Any~~The term of any lease ~~entered into must be subject to renewal or cancelable each biennium~~may not exceed ninety-nine years.

SECTION 36. AMENDMENT. Section 50-06-42 of the North Dakota Century Code is amended and reenacted as follows:

50-06-42. Substance use disorder treatment voucher system - Mental health treatment voucher system for incarcerated individuals.

~~1.~~ The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's substance abuse treatment system and to assist in the payment of addiction treatment services and medical costs provided by licensed substance abuse treatment programs, excluding regional human service centers and hospital- or medical clinic-based programs for medical management of withdrawal.

~~a.~~1. An out-of-state licensed substance abuse treatment program located within a bordering state may participate in the voucher program to serve an underserved area of this state pursuant to the rules adopted by the department. The department shall develop rules to include processes and requirements for an out-of-state provider to receive reimbursement only for outpatient and community-based services upon a provider completing an assessment of need and receiving approval from the department.

2.~~b.~~ Services eligible for the voucher program include only those levels of care recognized by the American society of addiction medicine, with particular emphasis given to underserved areas and programs. The department shall ensure that a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers collects and reports process and outcome measures.

3.~~c.~~ The department shall develop requirements and provide training and technical assistance to a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers. A licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers shall provide evidence-based services.

4.~~d.~~ The department shall allocate funding appropriated for the substance use disorder treatment voucher as follows:

~~a. No~~

~~(1)~~a. Except as provided in paragraphs 3 and 4, no more than ~~forty-five~~fifty percent of the appropriated amount may be allocated for residential substance use disorder services administered by licensed substance abuse treatment programs with more than sixteen beds.

b.~~(2)~~ The remaining appropriation must be allocated for residential programs with sixteen or fewer beds, nonresidential outpatient, and ancillary substance use disorder services administered by licensed substance abuse treatment programs.

~~(3)~~c. The department, during the last quarter of the biennium, may reallocate projected unused funds that were allocated under paragraph 2 to residential facilities outlined in paragraph 1.

~~(4)~~d. The department may reimburse a licensed substance abuse treatment program with more than sixteen beds the incurred direct medical costs of an eligible individual who does not have resources to cover the medical costs. The department may develop rules and may not exceed the total amount appropriated for medical cost reimbursement.

~~2. The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's mental health treatment system for individuals detained or confined in a county jail or detention center or regional corrections center and to assist in the payment of mental health treatment services provided by a licensed mental health professional acting within their scope of practice, excluding a regional human service center.~~

~~a. Services eligible for the voucher program include only diagnostic assessment and mental health therapy for individuals with a mental health concern detained or confined in a county jail or detention center or regional corrections center. The department shall ensure that a licensed mental health professional accepting vouchers collects and reports process and outcome measures.~~

~~b. The department shall develop requirements and provide training and technical assistance to licensed mental health professionals accepting vouchers. A licensed mental health professional shall provide evidence-based services.~~

SECTION 37. AMENDMENT. Section 50-24.5-02.3 of the North Dakota Century Code is amended and reenacted as follows:

50-24.5-02.3. Basic care payment rates.

1. The department shall determine limits for the care of residents of basic care facilities that qualify as vendors of an aged, blind, and disabled persons program and for implementing provisions of this chapter based on data demonstrating the most recent costs that must be incurred for the care of residents in efficiently and economically operated basic care facilities. The department shall determine the limits every four years by July first, beginning with July 1, 2023.
2. The department shall establish the limits by using the median rates from the most recent data available. The direct care limit must be the median plus eighteen percent. The indirect care limit must be the median plus twelve percent.

3. For the rate year beginning July 1, 2023, the department shall increase rates and limits three and one-half percent for inflation. For the rate year beginning July 1, 2024, the department shall increase rates and limits three and one-half percent for inflation.
4. The department shall provide a rate increase in the amount of five dollars per day for the period beginning July 1, 2023, and ending June 30, ~~2025~~2027, after which the increase is not effective. This rate increase may not be included in any calculation of inflation increase.
5. Within the limits of legislative appropriations, the department shall establish an uncompensated care expense of three hundred sixty-five days.

SECTION 38. AMENDMENT. Section 50-33-05 of the North Dakota Century Code is amended and reenacted as follows:

50-33-05. State of residence.

Only child care assistance units physically residing within the boundaries of the state are eligible for child care assistance, unless the individual is employed by an early childhood program within the boundaries of the state and the individual has been approved for the state's child care assistance child care workforce benefit.

SECTION 39. AMENDMENT. Subsection 1 of section 50-36-03 of the North Dakota Century Code is amended and reenacted as follows:

1. The committee is composed of:
   a. One member of the North Dakota association of counties appointed by the chairman of the legislative management, who shall serve a term of two years.
   b. One member of the North Dakota league of cities appointed by the chairman of the legislative management, who shall serve a term of two years.
   c. One member of the North Dakota state association of city and county health officials appointed by the chairman of the legislative management, who shall serve a term of two years.
   d. One member who represents the highway patrol appointed by the highway patrol superintendent, who shall serve a term of two years.
   e. The executive director of the department's division of behavioral health.
   f. ~~The managing director of the office of recovery reinvented.~~One member in recovery appointed by the governor.

g. One member appointed by the governor who shall serve as a nonvoting member and as the presiding officer of the committee, who shall serve a term of two years.

SECTION 40. Subsection 6 of the new section to chapter 54-07 of the North Dakota Century Code, as created by section 1 of Senate Bill No. 2176, as approved by the sixty-ninth legislative assembly, is amended and reenacted as follows:

6. a. The office of the governor shall provide staffing and administrative services for the children's cabinet and coordinate with other designated working groups on children and family issues.

b. The governor or the governor's designee serving on the cabinet may appoint a representative to serve in that official's capacity at a meeting if the governor or governor's designee is unable to attend.

SECTION 41. HOUSING AVAILABILITY ASSESSMENT - COLLABORATION WITH HOUSING FINANCE AGENCY. The department of health and human services shall collaborate with the North Dakota housing finance agency and other appropriate stakeholders to assess the availability of housing for individuals requiring extraordinary health care support services, for the biennium beginning July 1, 2025, and ending June 30, 2027. Based on the results of the assessment, if necessary, the department shall develop a plan to expand access to housing providing the least restrictive environment for individuals requiring extraordinary health care support services.

SECTION 42. BEHAVIORAL HEALTH CLINICS, NORTH DAKOTA STATE HOSPITAL, AND LIFE SKILLS AND TRANSITION CENTER FUNDING. Section 1 of this Act includes funding for the behavioral health clinics, North Dakota state hospital, and life skills and transition center as follows:

1. Behavioral health clinics:
   a. Salaries and wages ~~$156,967,103~~$177,840,942
   b. Operating and capital ~~64,131,965~~56,945,408
   c. Total ~~$221,099,068~~$234,786,350
2. State hospital:
   a. Salaries and wages ~~$68,775,551~~$70,477,378
   b. Operating and capital ~~350,880,155~~20,880,155

c.	Total	~~$419,655,706~~$91,357,533
3.	Life skills and transition center:	
a.	Salaries and wages	~~$55,540,213~~$56,284,356
b.	Operating and capital	~~15,207,658~~15,207,658
c.	Total	~~$70,747,871~~$71,492,014

SECTION 43. LEGISLATIVE MANAGEMENT STUDY - STUDENT TRUANCY AND ABSENTEEISM. The legislative management shall consider studying, during the 2025-26 interim, truancy and student absenteeism in kindergarten through grade twelve public schools. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 44. LEGISLATIVE MANAGEMENT STUDY - OBESITY HEALTH IMPLICATIONS. The legislative management shall consider studying, during the 2025-26 interim, the health implications of obesity on the residents of the state and options to increase access to prevention and treatments for obesity. If conducted, the study must review costs associated with obesity including comorbidities, treatments available for obesity, obesity diagnosis guidelines including use of body mass index compared with percentage of body fat, and examining the difference between being an individual who is healthy and overweight as compared to an obese individual. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 45. LEGISLATIVE MANAGEMENT STUDY - MATERNAL HEALTH SERVICES - ACCESS AND WORKFORCE.

1. During the 2025-26 interim, the legislative management shall consider studying access to maternal health services. The study must include:
   a. Consideration of the availability of prenatal and childbirth services, including provider shortages and service use.
   b. Development of strategies to increase the number of obstetricians, family doctors, and midwives providing maternal health services in this state.
   c. A review of coverage and reimbursement for doulas and midwives, including training and certification needs.

d. Consideration of insurance and public policy options to improve maternal health outcomes, including through the Medicaid program.

e. Input from health care providers, insurers, public health officials, and maternal health experts.

2. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 46. LEGISLATIVE INTENT - LIFE SKILLS AND TRANSITION CENTER. It is the intent of the sixty-ninth legislative assembly that during the 2025-26 interim, the department of health and human services review the facilities and land at the life skills and transition center to identify the portions of the life skills and transition center campus that are necessary for delivery of services and the portions of the campus that could be conveyed to a local government or related public or not-for-profit community development entity to redevelop to optimize local community development goals and the successful operation of the life skills and transition center. It is further the intent of the legislative assembly that the department of health and human services present any request to convey any portions of the campus to the seventieth legislative assembly.

SECTION 47. DISABILITY SERVICE ACCREDITATION STUDY - LEGISLATIVE MANAGEMENT REPORT. During the 2025-26 interim, the department of health and human services shall study accreditation requirements and provider costs for serving individuals with intellectual and developmental disabilities, including the cost of accreditation relative to the cost of providing services and reimbursement. The department shall report its findings and recommendations, together with any legislation necessary to implement recommendations to the legislative management by September 1, 2026.

SECTION 48. VALUE-BASED CARE INCENTIVE PROGRAM - PAYMENT WITHHOLD FOR NURSING FACILITIES - COLLABORATION WITH NORTH DAKOTA LONG TERM CARE ASSOCIATION. During the 2025-26 interim, the department of health and human services, in collaboration with the North Dakota long term care association, shall develop a payment withhold structure for value-based payments to provide funding for the value-based care incentive program for nursing facilities. The department shall implement the payment

withhold beginning July 1, 2027. The department may not implement a payment withhold before July 1, 2027.

SECTION 49. LEGISLATIVE MANAGEMENT STUDY- DISABILITY SERVICES.

1. During the 2025-26 interim, the legislative management shall study the efficiency, effectiveness, and outcomes of developmental disability services provided by the department of health and human services. The study must include:
   a. A review of the approval process, an analysis of accountability measures, an assessment of gaps in services, and an evaluation of overall program management.
   b. An assessment of whether the department is effectively managing cases and complying with federal law in the provision of support and services to individuals with disabilities.
   c. Input from advocates, clients from the disability community, zone directors, service providers, and health care providers who serve individuals with disabilities.
   d. Collaboration with the cross-disability advisory council.
2. The legislative council may contract with a consultant with expertise in the provision of developmental disability services to assist in the study.
3. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 50. APPROPRIATION - COMMUNITY HEALTH TRUST FUND - LEGISLATIVE COUNCIL - DISABILITY SERVICES - ONE-TIME FUNDING. There is appropriated out of any moneys in the community health trust fund, not otherwise appropriated, the sum of $150,000, or so much of the sum as may be necessary, to the legislative council for the purpose of contracting for consulting services for a disability services study, for the biennium beginning July 1, 2025, and ending June 30, 2027. The appropriation in this section is considered a one-time funding item.

SECTION 51. LEGISLATIVE MANAGEMENT REPORT - BEHAVIORAL HEALTH FACILITY GRANTS. During the 2025-26 interim the department of health and human services

shall provide reports to the legislative management regarding the award of grant funding to increase the number of behavioral health beds in the state.

SECTION 52. EFFECTIVE DATE. Section ~~33~~36 of this Act becomes effective on July 1, 2026.

SECTION 53. EFFECTIVE DATE. Section 7 of this Act becomes effective on January 1, 2026.

STATEMENT OF PURPOSE OF AMENDMENT:

House Bill No. 1012 - Other Changes - Senate Action

This amendment also:

- Adds sections to provide guidelines regarding the use of funding for infant and toddler care provider payments, intermediate care facility medically and behaviorally complex services grants, special health care needs grants, crisis services grants, and medical housing for individuals with extraordinary medical needs.
- Adjusts sections identifying funding from the strategic investment and improvements fund and community health trust fund.
- Removes sections identifying funding for an animal shelter grant and statewide health strategies.
- Removes a Bank of North Dakota line of credit for a new State Hospital project and adds a Bank of North Dakota line of credit for a child welfare technology project.
- Adjusts the membership of the new State Hospital steering committee to include representatives of DHHS, the Office of Management and Budget, Governor's office, and the Legislative Assembly.
- Adjusts various exemptions to allow the continuation of unexpended appropriation authority into the 2025-27 biennium. These adjustments will increase the July 1, 2025, general fund balance by $12,411,218.
- Removes a section to provide legislative intent that DHHS eliminate its administrative rule requirement that providers of developmental disabilities services be accredited as a condition to receive payments for services.
- Creates a new section to Chapter 6-09 to create an extraordinary medical needs housing loan fund and to provide guidelines regarding the use of the loan fund.
- Amends Section 50-36-03 relating to the membership of the opioid advisory committee.
- Amends provisions relating to the Children's Cabinet as approved in Senate Bill No. 2176.
- Provides for a Legislative Management study of maternal health services.
- Provides legislative intent that DHHS review the utilization of the Life Skills and Transition Center campus to determine if any portions of the campus can be conveyed for use by community organizations.
- Provides for DHHS to study developmental disability service provider accreditation.
- Provides for DHHS to develop a payment structure to provide funding for a value-based care incentive program for nursing facilities.

- Provides for a Legislative Management study of developmental disability services provided by DHHS and provides an appropriation of $150,000 to the Legislative Council for consultant services for the study.

Youth crisis stabilization			1,500,000	
Juvenile justice services			500,000	
University of North Dakota School of Medicine and Health Sciences - Clinically integrated network grant (2023 SB 2012)	3,500,000		0	
University of North Dakota - Funding to establish a North Dakota Center for Aerospace Medicine is in addition to $250,000 provided from federal funds (2025 HB 1612)			250,000	
Department of Corrections and Rehabilitation - Grant to establish a diversion and deflection center in Fargo (2025 SB 2015)			5,000,000	
Total estimated expenditures and adjustments		35,623,553		67,547,793
Estimated ending balance		$40,475,258		$13,927,465

[1]Through April 21, 2025, the state has received tobacco settlement payments totaling $42,734,549 for the 2023-25 biennium, all of which has been transferred from the tobacco settlement trust fund to the community health trust fund. Total transfers of $217,812,453 have been made from the tobacco settlement trust fund to the community health trust fund.

[2]Revenues - Interest earned on the community health trust fund is deposited in the general fund. Community health trust fund revenues for the 2023-25 biennium are based on actual revenues received through April 21, 2025, and the March 2025 legislative revenue forecast for the remainder of the 2023-25 biennium. The estimated revenues for the 2025-27 biennium are based on the March 2025 legislative revenue forecast.

In September 2022, the Attorney General's office announced an agreement had been reached between JUUL Labs, Inc., and 34 states and territories regarding JUUL Labs Inc., e-cigarette marketing and sales practices. Of the $438.5 million total settlement, North Dakota was awarded $6,028,211, which will be paid in installments over a period of 6 to 10 years. The Legislative Assembly, in House Bill No. 1004 (2023), provided 80 percent of funding deposited in the Attorney General refund fund from the JUUL Labs, Inc., settlement during the 2021-23 biennium be transferred to the community health trust fund and requires 80 percent of additional funding received from the settlement be deposited directly in the community health trust fund beginning in the 2023-25 biennium.

[3]North Dakota Century Code Section 54-27-25 provides money in the community health trust fund may be appropriated for community-based public health programs and other public health programs, including programs with an emphasis on preventing or reducing tobacco usage. The 2003 Legislative Assembly authorized the establishment of a telephone "Tobacco Quitline." The 2007 Legislative Assembly increased the funding for the Tobacco Quitline to provide nicotine replacement therapy and cessation counseling.

[4]In 2023 the Legislative Assembly provided a total of $585,200 for the dentists' loan repayment program, of which $360,000 is from the community health trust fund and $225,200 is from the general fund. The Senate version of House Bill No. 1012 (2025) provides a total of $585,200 for the dentists' loan repayment program, of which $360,000 is from the community health trust fund and $225,200 is from the general fund.

[5]In 2023 the Legislative Assembly provided a total of $528,480 for the behavioral health loan repayment program, of which $234,500 is from the community health trust fund and $293,980 is from the general fund. The Senate version of House Bill No. 1012 (2025) provides a total of $426,000 for the behavioral health loan repayment program, of which $234,500 is from the community health trust fund and $191,500 is from the general fund.

[6]In 2023 the Legislative Assembly increased funding for domestic violence offender treatment to provide $1,000,000 from the community health trust fund. In addition, the Legislative Assembly increased funding for domestic violence prevention to provide a total of $5,936,285, of which $4,596,285 is from the general fund, $1,000,000 is from the community health trust fund, and $340,000 is from the domestic violence and sexual assault prevention fund which receives revenue from marriage license fees. The Senate version of House Bill No. 1012 (2025) provides a total of $1,000,000 from the community health trust fund for domestic violence offender treatment and $8,186,285 for domestic violence prevention, of which $4,596,285 is from the general fund, $3,250,000 is from the community health trust fund, and $340,000 is from the domestic violence and sexual assault prevention fund which receives revenue from marriage license fees.

[7]In 2023 the Legislative Assembly increased funding from the community health trust fund by $2,750,000 to provide a total of $8,000,000 for local public health unit state aid grants, of which $4,725,000 is from the general fund and $3,275,000 is from the community health trust fund. The Senate version of House Bill No. 1012 (2025) provides a total of $8,000,000 for local public health unit state aid grants, of which $4,725,000 is from the general fund and $3,275,000 is from the community health trust fund.

[8]In 2023 the Legislative Assembly provided $1,000,000 from the community health trust fund for Public Health's forensic examiner contract with the University of North Dakota School of Medicine and Health Sciences and increased funding for the contract from the general fund to $755,292, to provide a total of $1,755,292 for the 2023-25 biennium. The Senate version of House Bill No. 1012 (2025) provides a total of $2,755,292 from the general fund for Public Health's forensic examiner contract with the University of North Dakota School of Medicine and Health Sciences.

[9]In 2021 the Legislative Assembly provided one-time funding of $1.5 million from the community health trust fund for a statewide health strategies initiative totaling $3 million. The Legislative Assembly provided the one-time funding from the community health trust fund for the statewide health strategies initiative is contingent on the State Department of Health securing $1.5 million in dollar-for-dollar matching funds. In House Bill No. 1004 (2023), the Legislative Assembly allowed Public Health to continue the $3 million of one-time funding, appropriated during the 2021-23 biennium for a statewide health strategies initiative, to the 2023-25 biennium and provided the $1.5 million continued from the community health trust fund is contingent on the department securing dollar-for-dollar matching funds. The Senate version of House Bill No. 1012 (2025) does not include funding for statewide health strategies.

[10]In 2023 the Legislative Assembly, in House Bill No. 1477 increased funding for emergency medical services by providing $7,000,000 from the community health trust fund to aid the functions and operations of rural emergency medical services and rural ambulance service districts, to provide a total of $14,721,000 for emergency medical services, of which $6,596,000 is from the general fund, $7,000,000 is from the community health trust fund, and $1,125,000 is from the insurance tax distribution fund, for the 2023-25 biennium. The Senate version of House Bill No. 1012 (2025) provides a total of $14,721,000 for emergency medical services, of which $6,446,000 is from the general fund, $7,000,000 is from the community health trust fund, $150,000 is from other special funds, and $1,125,000 is from the insurance tax distribution fund.

FUND HISTORY

Section 54-27-25, created by House Bill No. 1475 (1999), established the community health trust fund. This section created a tobacco settlement trust fund for the deposit of all tobacco settlement money obtained by the state. Money in the fund must be transferred within 30 days of its deposit in the fund as follows:

- 10 percent to the community health trust fund. In House Bill No. 1012 (2017), the Legislative Assembly suspended transfers from the tobacco settlement trust fund to the common schools trust fund during the 2017-19 biennium and increased transfers from the tobacco settlement trust fund to the community health trust fund from 10 to 55 percent of the tobacco settlement revenues deposited in the tobacco settlement trust fund.
- 45 percent to the common schools trust fund. In House Bill No. 1012 (2017), the Legislative Assembly suspended transfers from the tobacco settlement trust fund to the common schools trust fund during the 2017-19 biennium and increased transfers from the tobacco settlement trust fund to the community health trust fund from 10 to 55 percent of the tobacco settlement revenues deposited in the tobacco settlement trust fund.
- 45 percent to the water development trust fund.

Section 54-27-25, as amended in Senate Bill No. 2012 (2019), provided all money in the fund must be transferred within 30 days of receipt to the community health trust fund.

In the November 2008 general election, voters approved Initiated Measure No. 3 that amended Section 54-27-25 to establish a tobacco prevention and control trust fund. The measure provides for a portion of tobacco settlement funds received by the state to be deposited in this new fund rather than the entire amount in the tobacco settlement trust fund. Tobacco settlement money received under subsection IX(c)(1) of the Master Settlement Agreement, which continues in perpetuity, will continue to be deposited into the tobacco settlement trust fund and allocated pursuant to Section 54-27-25. In 2009, tobacco settlement money received under subsection IX(c)(2) of the Master Settlement Agreement, relating to strategic contribution payments, which began in 2008 and continued through 2017, was deposited into the tobacco prevention and control trust fund. The measure also provided 80 percent of the funds allocated to the community health trust fund from the tobacco settlement trust fund be used for tobacco prevention and control. However, in Senate Bill No. 2004 (2017), the Legislative Assembly amended Section 54-27-25 to remove the 80 percent restriction on transfers to the community health trust fund.

The Legislative Assembly, in Senate Bill No. 2003 (2015), amended Section 54-27-25 related to the tobacco settlement trust fund to provide the principal and interest of the fund may be appropriated to the Attorney General for the enforcement of the Master Settlement Agreement and any disputes with the agreement. Appropriations made to the Attorney General for enforcement of the Master Settlement Agreement reduce the amount available for transfer from the tobacco settlement trust fund to the community health trust fund. The Legislative Assembly, in Senate Bill No. 2012 (2019), removed this authorization. In Senate Bill No. 2004 (2021), the Legislative Assembly repealed the tobacco prevention and control trust fund and required the Office of Management and Budget to transfer any money remaining in the tobacco prevention and control trust fund to the community health trust fund on July 1, 2021.

The Legislative Assembly, in House Bill No. 1004 (2023), created a new section to Chapter 54-27 to provide for the deposit of funds to be received pursuant to an agreement reached between the Attorney General's office and JUUL Labs, Inc. In September 2022, the Attorney General's office announced an agreement had been reached between JUUL Labs, Inc., and 34 states and territories regarding JUUL Labs, Inc., e-cigarette marketing and sales practices. Of the $438.5 million total settlement, North Dakota was awarded $6,028,211, which will be paid in installments over a period of 6 to 10 years. The Legislative Assembly, in House Bill No. 1004 (2023), provided 80 percent of funding deposited in the Attorney General refund fund from the JUUL Labs, Inc., settlement during the 2021-23 biennium be transferred to the community health trust fund and requires 80 percent of additional funding received from the settlement be deposited directly in the community health trust fund beginning in the 2023-25 biennium.

2025 HOUSE STANDING COMMITTEE MINUTES

Appropriations - Human Resources Division
Roughrider Room, State Capitol

HB 1012
4/23/2025
Conference Committee

A BILL for an Act to provide an appropriation for defraying the expenses of various divisions of the department of health and human services; to provide an exemption; and to provide for a report.

3:29 p.m. Chairman J. Nelson called the meeting to order.

Members Present: Chairman J. Nelson, Representatives: O'Brien, Mitskog, Chairman Dever, Senators: Davidson, Cleary.

Discussion Topics:

- Eviction funding
- Anne Carlson funding
- Juvenile justice services

3:30 p.m. Keith Mantz, Fiscal Analyst, ND Legislative Council, reviewed the long sheet (previous testimony 042325, #45148).

3:31 p.m. Donna Aukland, Chief Financial Officer, ND Health and Human Services, confirmed the Budget Housing Assistance and Eviction Prevention Program was moved to the Industrial Commissions budget (previous testimony 042324, #45148).

3:45 p.m. Sarah Aker, Executive Director, Medical Services, ND Health and Human Services, spoke about the transition plan for Anne Carlsen (previous testimony 042325, #45148).

3:46 p.m. Kirsten Baesler, State Superintendent, Public Instruction, addressed the Up Start, Waterford and the Best-in-Class programs (previous testimony 042325, #45148).

4:05 p.m. Lorraine Shepherd-Davis, Founder and CEO, Native American Inc., Native American Development Center, spoke to the Culture Center (previous testimony 042325, #45148).

4:13 p.m. Keith Mantz, Fisal Analyst, ND Legislative Council spoke to the Housing Assistance Fund and Rent Stabilization Program.

4:23 p.m. Sarah Aker, Executive Director, Medical Services, ND Health and Human Services stated that the additional funds for Basic Care were federal dollars.

4:24 p.m. Stephanie Gullickson, Fiscal Analyst, ND Office of Management and Budget shared the balance in the Community Health Trust Fund (previous testimony 042325, #45148).

4:32 p.m. Chairman J. Nelson adjourned the meeting.

Jan Kamphuis, Committee Clerk

Sixty-ninth
Legislative Assembly
of North Dakota

FIRST ENGROSSMENT
with Senate Amendments

ENGROSSED HOUSE BILL NO. 1012

Introduced by

Appropriations Committee

A BILL for an Act to provide an appropriation for defraying the expenses of various divisions of the department of health and human services; to create and enact a new section to chapter 6-09 of the North Dakota Century Code, relating to an extraordinary medical needs housing loan fund; to amend and reenact sections 50-06-06.6, 50-06-42, 50-24.5-02.3, and 50-33-05, and subsection 1 of 50-36-03 of the North Dakota Century Code and subsection 6 of the new section to chapter 54-07 of the North Dakota Century Code created in section 1 of Senate Bill No. 2176, as approved by the sixty-ninth legislative assembly, relating to leases of department of health and human services property, substance use disorder treatment program, basic care payment rates, state of residence for child care assistance, opioid settlement advisory committee, and children's cabinet; to provide for a transfer; to authorize a line of credit; to provide legislative intent; to provide for a legislative management study; to provide an application; to provide an exemption; to provide for a report; and to provide an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. APPROPRIATION. The funds provided in this section, or so much of the funds as may be necessary, are appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, and from other funds derived from special funds and federal funds, to the department of health and human services for the purpose of defraying the expenses of its various divisions, for the biennium beginning July 1, 2025, and ending June 30, 2027, as follows:

SECTION 3. FUNDING TRANSFERS - EXEMPTION - AUTHORIZATION - REPORT. Notwithstanding section 54-16-04, the director of the office of management and budget shall transfer appropriation authority between line items within subdivisions 1, 2, 3, 4, 5, and 6 of section 1 of this Act and any other appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly, for the biennium beginning July 1, 2025, and ending June 30, 2027, as requested by the department of health and human services. The department of health and human services shall notify the legislative council of any transfer made pursuant to this section. The department of health and human services shall report to the budget section after June 30, 2026, any transfer made in excess of $50,000 and to the appropriations committees of the seventieth legislative assembly regarding any transfers made pursuant to this section.

SECTION 4. FULL-TIME EQUIVALENT POSITION BLOCK GRANT PROGRAM - REPORT. Section 1 of this Act includes funding for a full-time equivalent position block grant program. This funding as approved by the sixty-ninth legislative assembly is available for defraying the expense of full-time equivalent positions as determined by the department of health and human services. Notwithstanding any other provision of law, the department is authorized to increase or decrease authorized full-time equivalent positions subject to the

availability of funds and the provisions of this section. The department of health and human services many not increase full-time equivalent positions for the purpose of transferring human service zone employees to state employment. Pursuant to section 3 of this Act, the department is authorized to transfer appropriation authority of up to the underfunded amount of $6,307,309 to the salaries and wages block grant line item. The department of health and human services shall report to the office of management and budget and legislative council any adjustments to full-time equivalent positions.

SECTION 5. DEPARTMENT OF HEALTH AND HUMAN SERVICES - SALARIES AND WAGES BLOCK GRANT - VACANT POSITIONS - REPORT. The department of health and human services shall report to the budget section quarterly during the 2025-26 interim regarding the status of its salaries and wages block grant and vacant positions and employee turnover. The report must include:

1. The legislative appropriation for salaries and wages allocated by the department to major department programs by funding source and the number of FTE positions the department is allocating to each major program based on the legislative appropriation;
2. Any changes to salaries and wages funding or FTE positions allocated to major department programs;
3. Any new FTE positions added, the cost of the position for the remainder of the biennium, and the cost to continue funding the position in the subsequent biennium by funding source;
4. Any FTE positions removed and related funding;
5. The number of FTE positions that become vacant and the number filled each month;
6. The number of vacant FTE positions at the end of each month;
7. Salaries and wages savings resulting from vacant positions and employee turnover each month by funding source; and
8. The use of salaries and wages savings for other purposes for each month by funding source.

SECTION 6. BEHAVIORAL HEALTH FACILITY GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION.

1. Section 1 of this Act includes the sum of $5,000,000 from the strategic investment and improvements fund for a behavioral health facility grant pursuant to this section.

2. The department shall require an entity receiving funding under this section to operate the facility for at least ten years and require the grant amount to be repaid if the entity does not operate the facility for at least ten years.
3. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 7. INFANT AND TODDLER CARE PROVIDER SUPPORT DIRECT PAYMENT - ONE-TIME - REPORT. Section 1 of this Act includes the sum of $13,500,000 of one-time funding from the general fund for direct payments to licensed child care providers to support high-quality early childhood care for infants and toddlers. The department shall administer the direct payment program and include the following provisions:

1. To qualify for a direct payment under this section, a direct payment recipient must:
   a. Be a licensed child care facility within the state of North Dakota;
   b. Be enrolled in the state's bright and early quality rating system at a two-star, three-star, or four-star rating level; and
   c. Provide care for children from birth through three years of age.
2. Eligible providers may receive up to $300 per month for each child from birth through seventeen months of age and up to $180 per month for each child from eighteen through thirty-six months of age.
3. The department shall distribute the direct payments on a quarterly basis. Direct payments may not be used for non-child care-related expenses or debt repayment.
4. Direct payment recipients shall submit annual reports to the department detailing fund usage, enrollment statistics, and other information requested by the department.
5. The department shall provide reports to the legislative management and to the appropriations committees of the seventieth legislative assembly on direct payments and the effectiveness of the program.

SECTION 8. INTERMEDIATE CARE FACILITY MEDICALLY AND BEHAVIORALLY COMPLEX SERVICES GRANT - APPLICATION. Section 1 of this Act includes the sum of $4,400,000 of one-time funding from the community health trust fund for providing a one-time grant to a licensed intermediate care facility in the south central human service region for providing services to children or young adults with medically and behaviorally complex conditions. To be eligible to receive the grant under this section, a licensed intermediate care

facility must provide early intervention, clinical, and residential services, provide community and home support, education, recreation and leisure activities, and assistive technology; and provide services in at least eight communities for individuals with intellectual or developmental disabilities. The grant funds awarded may be used only for the costs of providing services to children and young adults with medically and behaviorally complex conditions. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 9. SPECIAL HEALTH CARE NEEDS GRANT - APPLICATION. Section 1 of this Act includes the sum of $50,000 from the general fund for providing a grant to a provider in the south central human service region for statewide education, information, training, and peer support to families with children with special health care needs, medically complex conditions, or a disability. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 10. CRISIS SERVICES GRANTS - APPLICATION. Section 1 of this Act includes the sum of $585,000 from the general fund for providing crisis services grants. The grants include the sum of $300,000 for crisis organizations that provide crisis services to young adults who are at risk of being homeless or experiencing other serious adverse life events and the sum of $285,000 to a volunteer-based ecumenical ministry organization. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 11. MEDICAL HOUSING FOR INDIVIDUALS WITH EXTRAORDINARY MEDICAL NEEDS - ONE-TIME FUNDING.

1. Section 1 of this Act includes the sum of $200,000 from the general fund for the preliminary design consultation and project administration of developing housing for individuals with disabilities that have extraordinary medical needs and for rent subsidies for individuals residing in these housing facilities, for the biennium beginning July 1, 2025, and ending June 30, 2027.
2. The department of health and human services shall collaborate with the North Dakota housing finance agency, individuals with disabilities, caregivers, and families to solicit proposals for the development of accessible housing for individuals with disabilities that have extraordinary medical needs, for the biennium beginning July 1, 2025, and

ending June 30, 2027. The department shall solicit proposals from public entities, for-profit organizations, and nonprofit organizations to design, construct, maintain, and operate the housing facility. Proposals must:

a. Ensure that services in the facility may be provided separately from the facility ownership interests;

b. Ensure that individuals residing in the facility may choose among independent living service providers; and

c. Comply with the federal home and community-based settings rules as defined under 42 CFR 441.301(c)(4).

SECTION 12. COMMUNITY CULTURAL CENTER GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION. Section 1 of this Act includes the sum of $300,000 from the strategic investment and improvements fund for the purpose of providing a one-time community cultural center programming grant in the west central human service region. An entity may apply for a grant under this section if the entity certifies to the department the funds will be used for programs within the community cultural center. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 13. JUVENILE JUSTICE DIVERSION SERVICES AND PROGRAMS - TASK FORCE - REPORT. Section 1 of this Act includes the sum of $500,000 of one-time funding from the community health trust fund for juvenile justice diversion services and programs. The department of health and human services must use the funding for services to youth at risk of juvenile justice involvement but who have not committed delinquent acts as defined in chapter 27-20.4.

The department shall establish a task force with representation from divisions in the department, human service zones, the department of public instruction, elementary and secondary schools, and members of the legislative assembly, to review juvenile justice diversion services and program. The department shall report its findings and recommendations to the legislative management and children's cabinet.

SECTION 14. OTHER FUNDS - INSURANCE TAX DISTRIBUTION FUND. The other funds line item in subdivision 5 of section 1 of this Act includes the sum of $1,125,000 from the insurance tax distribution fund for rural emergency medical services grants.

SECTION 15. OTHER FUNDS - COMMUNITY HEALTH TRUST FUND. The other funds line items in section 1 of this Act includes the sum of $41,431,522 from the community health trust fund for the following purposes:

Loan repayment programs	$594,500
Tobacco prevention and control grants to local public health units	6,250,000
Tobacco prevention and control	4,549,698
Tobacco cessation grants	500,000
Youth vaping prevention grants	300,000
Cancer and women's way programs	909,824
Behavior risk state survey	200,000
Youth crisis stabilization	1,500,000
Intermediate care facility grant	4,400,000
Domestic violence programs	4,250,000
Local public health grants	3,275,000
988 crisis hotline	1,867,500
Various information technology system upgrades	1,335,000
Grants to rural ambulances	7,000,000
Law enforcement rural crisis support program	1,000,000
Development of partial hospitalization/intensive day treatment	2,000,000
Juveline justice services	500,000
Critical access hospital networking	1,000,000
Total	$41,431,522

SECTION 16. OTHER FUNDS - HUMAN SERVICE FINANCE FUND. The other funds line items in section 1 of this Act includes the sum of $242,112,030 from the human service finance fund for state-paid economic assistance and social and human services.

SECTION 17. OTHER FUNDS - OPIOID SETTLEMENT FUND. The other funds line item in section 1 of this Act includes the sum of $8,000,000 from the opioid settlement fund for opioid remediation and abatement efforts.

SECTION 18. OTHER FUNDS - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND The other funds line items in section 1 of this Act includes the sum of $18,446,784 from the strategic investment and improvements fund for the following purposes:

Retiring technology from the mainframe	$5,000,000
New state laboratory move-in costs and security equipment purchases	2,962,304
Capital projects in certified community behavioral health clinics and life skills and transition center	1,684,480
Housing initiative programs	2,500,000
Technology projects at the state hospital	1,000,000
Behavioral health facility grant	5,000,000
Community cultural center grant	300,000
Total	$18,446,784

SECTION 19. OTHER FUNDS - BANK OF NORTH DAKOTA LINE OF CREDIT - CHILD WELFARE TECHNOLOGY PROJECT. The other funds line item in subdivision 2 of section 1 of this Act includes the sum of $8,411,218 from a Bank of North Dakota line of credit. The department of health and human services may borrow up to $8,411,218 through a line of credit from the Bank of North Dakota during the biennium beginning July 1, 2025, and ending June 30, 2027, for costs associated with a child welfare technology project. The interest rate on the line of credit may not exceed the prevailing interest rate charged to North Dakota governmental entities. If the department accesses the line of credit, it shall request a deficiency appropriation from the seventieth legislative assembly to repay the line of credit.

SECTION 20. LABORATORY BUILDING STEERING COMMITTEE. The department of health and human services shall maintain the laboratory building steering committee to oversee the design and construction of the laboratory building project, for the biennium beginning July 1, 2025, and ending June 30, 2027, or until work is completed, whichever occurs earlier. The committee must include representation from the department of health and human services, department of environmental quality, office of management and budget, the governor's office, and the legislative assembly. The legislative assembly representation must include one member of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

SECTION 21. NEW STATE HOSPITAL - STEERING COMMITTEE. The department of health and human services shall establish a new state hospital facility steering committee to oversee the design and construction of a new state hospital facility, for the biennium beginning

July 1, 2025, and ending June 30, 2027. The committee must include representation from the department of health and human services, office of management and budget, the governor's office, and the legislative assembly. The legislative assembly representation must include one member of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

SECTION 22. CAPITAL PAYMENTS. During the biennium beginning July 1, 2025, and ending June 30, 2027, the department of health and human services is authorized to expend funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center. Pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly. The department of health and human services may transfer funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center ahead of the special needs assessments schedule. Notwithstanding section 54-27-12, the department of health and human services may spend funds for the payment of special assessments at the state hospital and life skills and transition center.

SECTION 23. CAPITAL PROJECTS - EMERGENCY COMMISSION AND BUDGET SECTION APPROVAL. During the biennium beginning July 1, 2025, and ending June 30, 2027, pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly for capital projects and maintenance pertaining to operation of its facilities, including demolition projects. Notwithstanding section 54-27-12, the department of health and human services may spend up to $10,000,000 for capital projects and maintenance pertaining to operation of its facilities, including demolition projects, under this section and may seek emergency commission and budget section approval to spend more than $10,000,000 under this section.

SECTION 24. PERMANENT SUPPORTIVE HOUSING GRANTS. Section 1 of this Act includes the sum of $4,672,536 from the general fund for permanent supportive housing grants.

The department of health and human services shall develop a funding methodology to distribute the funding to qualified entities that utilize best practices for permanent supportive housing, provide recovery-oriented and person-centered services, submit process and outcome measures to the department of health and human services, and authorize the department of health and human services to conduct onsite visits to review program operations.

SECTION 25. EXPENDITURES MAY NOT EXCEED APPROPRIATION - MEDICAL ASSISTANCE EXPANSION PROGRAM - APPLICATION.

1. Section 1 of this Act includes the sum of $662,099,340, of which $66,209,934 is from the general fund, for the medical assistance expansion program, for the biennium beginning July 1, 2025, and ending June 30, 2027. The expenditures for individuals eligible for the medical assistance expansion program may not exceed this amount.
2. The department of health and human services may exceed appropriations for increases in medical assistance expansion program caseload, for the addition of coverage consistent with the traditional Medicaid 1915(i) state plan, utilization rates, and reduction in federal medical assistance percentage.
3. The managed care organization under contract with the department of health and human services to manage the medical assistance expansion program shall reimburse providers within the same provider type and specialty at consistent levels and with consistent methodology and may not provide incentive, quality, or supplemental payments to providers, unless part of a value-based program approved by the department of health and human services. The managed care organization shall reimburse all North Dakota substance use providers of American society of addiction medicine level 2.5 at consistent levels and with consistent methodology. The managed care organization may consider urban and rural providers as different provider types.
4. The managed care organization and the department of health and human services shall ensure payments to Indian or Tribal 638 health care providers, federally qualified health centers,and rural health clinics meet the federally required minimum levels of reimbursement. Critical access hospitals may not be paid less than one hundred percent of Medicare allowable costs and human service centers may not be paid less than one hundred percent of the current traditional Medicaid rate. Behavioral health services involving partial hospitalization, intensive outpatient, professional services,

and residential behavioral health services provided in facilities that are not institutions for mental diseases are not subject to the provisions in subsection 6.

5. The department of health and human services shall ensure providers within the same provider type and specialty are reimbursed at consistent levels and with consistent methodology and shall ensure the capitation rates under risk contracts are actuarially sound and are adequate to meet managed care organization contractual requirements regarding availability of services, assurance or adequate capacity and services, and coordination and continuity of care.

6. Except for the provisions in subsection 4, managed care organization premium payments must be built using the assumption that rates paid to providers under the medical assistance expansion program may not exceed one hundred forty-five percent of Medicare reimbursement rates paid to providers on January 1, 2025.

SECTION 26. HUMAN SERVICE CENTERS - CERTIFIED COMMUNITY BEHAVIORAL HEALTH CLINICS - FULL-TIME EQUIVALENT POSITIONS - REPORT. The department of health and human services shall continue the process of the human service centers becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults. The department of health and human services shall pursue additional federal funding as available. Subject to the availability of generated income, the department of health and human services may add full-time equivalent positions for the clinics to provide direct services for the period beginning with the effective date of this Act and ending June 30, 2027. The department of health and human services shall report to the office of management and budget and legislative council each time a position is added.

SECTION 27. INTERMEDIATE CARE FACILITY MORATORIUM. The department of health and human services may not add any new licensed intermediate care facility for individuals with intellectual disabilities beds to the state's licensed bed capacity between July 1, 2025, and June 30, 2027.

SECTION 28. EXEMPTION - UNEXPENDED APPROPRIATIONS. The following appropriations are not subject to the provisions of section 54-44.1-11 and any unexpended appropriation authority may be continued into the biennium beginning July 1, 2025, and ending June 30, 2027:

1. The sum of $3,674,757 appropriated from the general fund and the sum of $25,918,566 appropriated from federal funds for the Medicaid management information system modularization technology project in chapter 12 of the 2021 Session Laws;
2. The sum of $6,000,000 appropriated from the general fund and the sum of $14,411,218 appropriated from federal funds for the child welfare technology project in chapter 12 of the 2021 Session Laws;
3. The sum of $20,366,271 appropriated from the community health trust fund and the sum of $39,534,525 appropriated from federal funds for the child support computer replacement project in chapter 44 of the 2023 Session Laws;
4. The sum of $10,989,217 appropriated from the strategic investment and improvements fund for the procurement and grants management system in chapter 44 of the 2023 Session Laws;
5. The sum of $4,150,000 appropriated from the general fund for defraying the expenses of additional human service centers to begin the process of becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults in chapter 44 of the 2023 Session Laws;
6. The sum of $18,941,847 appropriated to the department of health and human services in chapter 549 of the 2021 Special Session Laws;
7. The sum of $55,120,000 appropriated from the federal state fiscal recovery fund for a public health laboratory capital project in chapter 4 of the 2023 Session Laws;
8. The sum of $1,000,000 appropriated from the general fund for the purpose of employer-led child care cost-share program in chapter 446 of the 2023 Session Laws;
9. The sum of $986,555 appropriated from the general fund for the purpose of streamlining background checks project in chapter 446 of the 2023 Session Laws;
10. The sum of $1,000,000 appropriated from the federal state fiscal recovery fund for the implementation of a virtual behavioral health crisis care program for rural law enforcement in chapter 44 of the 2023 Session Laws; and
11. The sum of $500,000 appropriated from the general fund and the sum of $500,000 appropriated from federal funds for the purpose of program integrity audits in chapter 44 of the 2023 Session Laws.

12. The sum of $1,950,000 appropriated from the general fund to the department of health and human services for a northwest human service region behavioral health facility grant in chapter 44 of the 2023 Session Laws.

SECTION 29. LEGISLATIVE INTENT - UTILIZATION RATE ADJUSTMENT. It is the intent of the sixty-ninth legislative assembly that the department of health and human services seek a deficiency appropriation from the seventieth legislative assembly for any expenditures that exceed appropriated amounts as a result of underfunding, utilization rates, value-based purchasing for nursing facilities, reduction in federal medical assistance percentage, and unexpected contract cost increases that exceed ten percent, during the biennium beginning July 1, 2025, and ending June 30, 2027, if funding is not sufficient to pay actual expenses.

SECTION 30. LEGISLATIVE INTENT - PROVIDER RATE INCREASE. Except as otherwise noted, section 1 of this Act includes funding for human service provider inflation increases of two percent for the first year and one and one-half percent the second year of the biennium beginning July 1, 2025, and ending June 30, 2027. The provider inflation increase in this section does not apply to nursing facilities.

SECTION 31. LEGISLATIVE INTENT - MEDICAL ASSISTANCE. It is the intent of the sixty-ninth legislative assembly that the department of health and human services review the amount, duration, coverage, utilization rates, medical necessity, and scope of medical assistance services, and report any findings and recommendations to the seventieth legislative assembly.

SECTION 32. FEDERAL FUNDING APPEAL LIMITATION. Except as otherwise specifically provided by federal law, a person may not appeal a denial, revocation, reduction in services or payment, or the termination of a program or service by the department of health and human services dues to the unavailability of federal coronavirus funding received under federal law resulting from the federal coronavirus pandemic emergency declarations, for the biennium beginning July 1, 2025, and ending June 30, 2027.

SECTION 33. DEPARTMENT OF HEALTH AND HUMAN SERVICES - LONG-TERM STRUCTURED RESIDENCES PLAN - REPORT. During the 2025-26 interim, the department of health and human services shall review options and develop a plan to establish long-term structured residences. The department shall review necessary changes to statutes, rules, policies, and the estimated fiscal impact of establishing the residences. A long-term structured

residence must be a highly structured therapeutic residential mental health treatment facility that is staffed continuously and designed to treat adults under chapters 12.1-04.1 and 25-03.1 who have severe and persistent mental illness and who have reached the maximum benefit from the mental health resources available elsewhere in the community or hospital. The department shall present a report to the legislative management by October 1, 2026, regarding its plan to establish long-term structured residences.

SECTION 34. A new section to chapter 6-09 of the North Dakota Century Code is created and enacted as follows:

Extraordinary medical needs housing loan fund - Continuing appropriation.

1. The Bank of North Dakota shall administer a loan program to provide loans for new construction projects to provide housing for individuals with disabilities that have extraordinary medical needs. A construction project may include a land purchase and the construction costs of the project. The applicant must comply with project requirements as approved by the department of health and human services and the North Dakota housing finance agency.
2. The extraordinary medical needs housing loan fund is a special fund maintained in the state treasury from which the Bank shall provide loans under this section. The fund consists of revenues transferred under legislative authorization, interest upon moneys in the fund, and collections of interest and principal on loans made from the fund. All moneys in the fund are appropriated on a continuing basis to the Bank for the purpose of providing loans under this section.
3. The developer of the housing facility for individuals with disabilities that have extraordinary medical needs may submit an application to the Bank for a loan. The application must:
   a. Provide detail on the proposed construction project and its compliance with the department of health and human services and the North Dakota housing finance agency requirements;
   b. Demonstrate the need and long-term viability of the project; and
   c. Include financial information the Bank determines appropriate to verify eligibility.
4. A loan approved under this section:
   a. May not exceed three million three hundred thousand dollars for a project;

b. Must have an interest rate that does not exceed two percent; and

c. Must have a repayment schedule of no longer than twenty years.

5. A recipient of a loan under this section shall complete the financed construction project within twenty-four months of the approval of the loan. Failure to comply with this subsection may result in forfeiture of the entire loan received under this section.

6. The Bank shall deposit in the fund all principal and interest paid on the loans made from the fund. The Bank may deduct from interest payments a service fee for costs of administering the loan program. The fund must be audited annually pursuant to section 6-09-29 and the cost of the audit and any other actual costs incurred by the Bank on behalf of the fund must be paid from the fund.

SECTION 35. AMENDMENT. Section 50-06-06.6 of the North Dakota Century Code is amended and reenacted as follows:

50-06-06.6. Department may lease real and personal property.

The commissioner of the department or commissioner's designee may lease ~~surplus farm and pastureland at the state hospital and the life skills and transition center. The commissioner or designee also may enter into further leases of~~ real or personal property at the life skills and transition center or the state hospital upon a specific finding that the granting of each such leasehold interest will result in a net economic gain for the department, taking into account all identifiable costs. Any lease of space for the purpose of providing child care services must meet requirements as determined by the department. The commissioner of the department or commissioner's designee may prescribe the terms and conditions of any leases entered into pursuant to this section and may renew existing leases. ~~Any~~The term of any lease ~~entered into must be subject to renewal or cancelable each biennium~~may not exceed ninety-nine years.

SECTION 36. AMENDMENT. Section 50-06-42 of the North Dakota Century Code is amended and reenacted as follows:

50-06-42. Substance use disorder treatment voucher system - Mental health treatment voucher system for incarcerated individuals.

~~1.~~ The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's substance abuse treatment system and to assist in the payment of addiction treatment services and medical costs provided by licensed substance abuse treatment programs, excluding

regional human service centers and hospital- or medical clinic-based programs for medical management of withdrawal.

1. An out-of-state licensed substance abuse treatment program located within a bordering state may participate in the voucher program to serve an underserved area of this state pursuant to the rules adopted by the department. The department shall develop rules to include processes and requirements for an out-of-state provider to receive reimbursement only for outpatient and community-based services upon a provider completing an assessment of need and receiving approval from the department.
2. Services eligible for the voucher program include only those levels of care recognized by the American society of addiction medicine, with particular emphasis given to underserved areas and programs. The department shall ensure that a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers collects and reports process and outcome measures.
3. The department shall develop requirements and provide training and technical assistance to a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers. A licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers shall provide evidence-based services.
4. The department shall allocate funding appropriated for the substance use disorder treatment voucher as follows:
   ~~a. No~~
   a. Except as provided in subdivisions c and d, no more than ~~forty-five~~fifty percent of the appropriated amount may be allocated for residential substance use disorder services administered by licensed substance abuse treatment programs with more than sixteen beds.
   b. The remaining appropriation must be allocated for residential programs with sixteen or fewer beds, nonresidential outpatient, and ancillary substance use disorder services administered by licensed substance abuse treatment programs.

c. The department, during the last quarter of the biennium, may reallocate projected unused funds that were allocated under paragraph 2 to residential facilities outlined in paragraph 1.

d. The department may reimburse a licensed substance abuse treatment program with more than sixteen beds the incurred direct medical costs of an eligible individual who does not have resources to cover the medical costs. The department may develop rules and may not exceed the total amount appropriated for medical cost reimbursement.

SECTION 37. AMENDMENT. Section 50-24.5-02.3 of the North Dakota Century Code is amended and reenacted as follows:

50-24.5-02.3. Basic care payment rates.

1. The department shall determine limits for the care of residents of basic care facilities that qualify as vendors of an aged, blind, and disabled persons program and for implementing provisions of this chapter based on data demonstrating the most recent costs that must be incurred for the care of residents in efficiently and economically operated basic care facilities. The department shall determine the limits every four years by July first, beginning with July 1, 2023.
2. The department shall establish the limits by using the median rates from the most recent data available. The direct care limit must be the median plus eighteen percent. The indirect care limit must be the median plus twelve percent.
3. For the rate year beginning July 1, 2023, the department shall increase rates and limits three and one-half percent for inflation. For the rate year beginning July 1, 2024, the department shall increase rates and limits three and one-half percent for inflation.
4. The department shall provide a rate increase in the amount of five dollars per day for the period beginning July 1, 2023, and ending June 30, ~~2025~~2027, after which the increase is not effective. This rate increase may not be included in any calculation of inflation increase.
5. Within the limits of legislative appropriations, the department shall establish an uncompensated care expense of three hundred sixty-five days.

SECTION 38. AMENDMENT. Section 50-33-05 of the North Dakota Century Code is amended and reenacted as follows:

50-33-05. State of residence.

Only child care assistance units physically residing within the boundaries of the state are eligible for child care assistance, unless the individual is employed by an early childhood program within the boundaries of the state and the individual has been approved for the state's child care assistance child care workforce benefit.

SECTION 39. AMENDMENT. Subsection 1 of section 50-36-03 of the North Dakota Century Code is amended and reenacted as follows:

1. The committee is composed of:
   a. One member of the North Dakota association of counties appointed by the chairman of the legislative management, who shall serve a term of two years.
   b. One member of the North Dakota league of cities appointed by the chairman of the legislative management, who shall serve a term of two years.
   c. One member of the North Dakota state association of city and county health officials appointed by the chairman of the legislative management, who shall serve a term of two years.
   d. One member who represents the highway patrol appointed by the highway patrol superintendent, who shall serve a term of two years.
   e. The executive director of the department's division of behavioral health.
   f. ~~The managing director of the office of recovery reinvented~~One member in recovery appointed by the governor.
   g. One member appointed by the governor who shall serve as a nonvoting member and as the presiding officer of the committee, who shall serve a term of two years.

SECTION 40. AMENDMENT. Subsection 6 of the new section to chapter 54-07 of the North Dakota Century Code, as created by section 1 of Senate Bill No. 2176, as approved by the sixty-ninth legislative assembly, is amended and reenacted as follows:

6. a. The office of the governor shall provide staffing and administrative services for the children's cabinet and coordinate with other designated working groups on children and family issues.

b. The governor or the governor's designee serving on the cabinet may appoint a representative to serve in that official's capacity at a meeting if the governor or governor's designee is unable to attend.

SECTION 41. HOUSING AVAILABILITY ASSESSMENT - COLLABORATION WITH HOUSING FINANCE AGENCY. The department of health and human services shall collaborate with the North Dakota housing finance agency and other appropriate stakeholders to assess the availability of housing for individuals requiring extraordinary health care support services, for the biennium beginning July 1, 2025, and ending June 30, 2027. Based on the results of the assessment, if necessary, the department shall develop a plan to expand access to housing providing the least restrictive environment for individuals requiring extraordinary health care support services.

SECTION 42. BEHAVIORAL HEALTH CLINICS, NORTH DAKOTA STATE HOSPITAL, AND LIFE SKILLS AND TRANSITION CENTER FUNDING. Section 1 of this Act includes funding for the behavioral health clinics, North Dakota state hospital, and life skills and transition center as follows:

1. Behavioral health clinics:		
a. Salaries and wages		$177,840,942
b. Operating and capital		56,945,408
c. Total		$234,786,350
2. State hospital:		
a. Salaries and wages		$70,477,378
b. Operating and capital		20,880,155
c. Total		$91,357,533
3. Life skills and transition center:		
a. Salaries and wages		$56,284,356
b. Operating and capital		15,207,658
c. Total		$71,492,014

SECTION 43. LEGISLATIVE MANAGEMENT STUDY - STUDENT TRUANCY AND ABSENTEEISM. The legislative management shall consider studying, during the 2025-26 interim, truancy and student absenteeism in kindergarten through grade twelve public schools.

The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 44. LEGISLATIVE MANAGEMENT STUDY - OBESITY HEALTH IMPLICATIONS. The legislative management shall consider studying, during the 2025-26 interim, the health implications of obesity on the residents of the state and options to increase access to prevention and treatments for obesity. If conducted, the study must review costs associated with obesity including comorbidities, treatments available for obesity, obesity diagnosis guidelines including use of body mass index compared with percentage of body fat, and examining the difference between being an individual who is healthy and overweight as compared to an obese individual. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 45. LEGISLATIVE MANAGEMENT STUDY - MATERNAL HEALTH SERVICES - ACCESS AND WORKFORCE.

1. During the 2025-26 interim, the legislative management shall consider studying access to maternal health services. The study must include:
   a. Consideration of the availability of prenatal and childbirth services, including provider shortages and service use.
   b. Development of strategies to increase the number of obstetricians, family doctors, and midwives providing maternal health services in this state.
   c. A review of coverage and reimbursement for doulas and midwives, including training and certification needs.
   d. Consideration of insurance and public policy options to improve maternal health outcomes, including through the Medicaid program.
   e. Input from health care providers, insurers, public health officials, and maternal health experts.
2. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 46. LEGISLATIVE INTENT - LIFE SKILLS AND TRANSITION CENTER. It is the intent of the sixty-ninth legislative assembly that during the 2025-26 interim, the department of

health and human services review the facilities and land at the life skills and transition center to identify the portions of the life skills and transition center campus that are necessary for delivery of services and the portions of the campus that could be conveyed to a local government or related public or not-for-profit community development entity to redevelop to optimize local community development goals and the successful operation of the life skills and transition center. It is further the intent of the legislative assembly that the department of health and human services present any request to convey any portions of the campus to the seventieth legislative assembly.

SECTION 47. DISABILITY SERVICE ACCREDITATION STUDY - LEGISLATIVE MANAGEMENT REPORT. During the 2025-26 interim, the department of health and human services shall study accreditation requirements and provider costs for serving individuals with intellectual and developmental disabilities, including the cost of accreditation relative to the cost of providing services and reimbursement. The department shall report its findings and recommendations, together with any legislation necessary to implement recommendations to the legislative management by September 1, 2026.

SECTION 48. VALUE-BASED CARE INCENTIVE PROGRAM - PAYMENT WITHHOLD FOR NURSING FACILITIES - COLLABORATION WITH NORTH DAKOTA LONG TERM CARE ASSOCIATION. During the 2025-26 interim, the department of health and human services, in collaboration with the North Dakota long term care association, shall develop a payment withhold structure for value-based payments to provide funding for the value-based care incentive program for nursing facilities. The department shall implement the payment withhold beginning July 1, 2027. The department may not implement a payment withhold before July 1, 2027.

SECTION 49. LEGISLATIVE MANAGEMENT STUDY- DISABILITY SERVICES.

1. During the 2025-26 interim, the legislative management shall study the efficiency, effectiveness, and outcomes of developmental disability services provided by the department of health and human services. The study must include:
   a. A review of the approval process, an analysis of accountability measures, an assessment of gaps in services, and an evaluation of overall program management.

b. An assessment of whether the department is effectively managing cases and complying with federal law in the provision of support and services to individuals with disabilities.

c. Input from advocates, clients from the disability community, zone directors, service providers, and health care providers who serve individuals with disabilities.

d. Collaboration with the cross-disability advisory council.

2. The legislative council may contract with a consultant with expertise in the provision of developmental disability services to assist in the study.

3. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 50. APPROPRIATION - COMMUNITY HEALTH TRUST FUND - LEGISLATIVE COUNCIL - DISABILITY SERVICES - ONE-TIME FUNDING. There is appropriated out of any moneys in the community health trust fund, not otherwise appropriated, the sum of $150,000, or so much of the sum as may be necessary, to the legislative council for the purpose of contracting for consulting services for a disability services study, for the biennium beginning July 1, 2025, and ending June 30, 2027. The appropriation in this section is considered a one-time funding item.

SECTION 51. LEGISLATIVE MANAGEMENT REPORT - BEHAVIORAL HEALTH FACILITY GRANTS. During the 2025-26 interim the department of health and human services shall provide reports to the legislative management regarding the award of grant funding to increase the number of behavioral health beds in the state.

SECTION 52. EFFECTIVE DATE. Section 36 of this Act becomes effective on July 1, 2026.

SECTION 53. EFFECTIVE DATE. Section 7 of this Act becomes effective on January 1, 2026.

2025 HOUSE STANDING COMMITTEE MINUTES

Appropriations - Human Resources Division
Roughrider Room, State Capitol

HB 1012
4/26/2025
Conference Committee

A BILL for an Act to provide an appropriation for defraying the expenses of various divisions of the department of health and human services; to provide an exemption; and to provide for a report.

9:40 a.m. Chairman J. Nelson called the meeting to order.

Members Present: Chairman J. Nelson, Representatives: O'Brien, Mitskog, Chairman Dever, Senators: Davidson, Cleary.

Discussion Topics:

- Committee Action

9:42 a.m. Donna Aukland, Chief Financial Officer, ND Health and Human Services, discussed that the community health trust funds were moved to general funds (previous testimony 042324 #45148).

9:45 a.m. Senator Cleary seconded.

9:46 a.m. Roll call vote.

9:46 a.m. Motion passed 6-0-0.

9:50 a.m. Donna Aukland, Chief Financial Officer, ND Health and Human Services, explained that there was a 3% reduction on the base.

9:52 a.m. Senator Davison moved the House accept the Senate Amendment of $350k for Fetal Alcohol Spectrum Disorder Clinic be funded from the Community Health Trust Fund.

9:52 a.m. Senator Cleary seconded.

9:53 a.m. Senator Davison withdrew his motion

9:54 a.m. Senator Cleary withdrew his motion.

9:54 a.m. Senator Davison moved the House accept the Senate Amendment of $350k for Fetal Alcohol Spectrum Disorder Clinic be a one-time fund from the General Fund.

9:54 a.m. Senator Cleary seconded.

9:55 a.m. Roll call vote

9:56 a.m. Motion passed 6-0-0.

9:56 a.m. Representative O'Brien moved the House accept the Senate Amendment of $60.72 million reduction of Care Acts & COVID funds.

9:56 a.m. Senator Davison seconded.

9:56 a.m. Roll call vote.

9:57 a.m. Motion passed 6-0-0.

9:57 a.m. Senator Davison moved the House accept the Senate Amendment of $300k reduction for Cass County animal shelter.

9:57 a.m. Representative O'Brien seconded.

9:58 a.m. Roll call vote.

9:58 a.m. Motion passed 6-0-0.

10:05 a.m. Senator Davison moved the House accept the Senate amendment of 750k reduction for Statewide Health Strategies Grant.

10:05 a.m. Senator Cleary seconded.

10:06 a.m. Roll call vote.

10:06 a.m. Motion passed 5-1-0.

10:10 Donna Aukland, Chief Financial Officer, ND Health and Human Services, described why new language was added.

10:31 Keith Mantz, Fiscal Analyst, ND Legislative Council, commented that sub section 2 had changed (previous testimony 042325 #45148).

10:32 a.m. Donna Aukland, Chief Financial Officer, ND Health and Human Services, spoke to carry over money that was already spent.

10:34 Keith Mantz, Fiscal Analyst, ND Legislative Council, noted the differences in the inflators and changes made in bill, #45217.

10:48 a.m. Senator Dever moved the House accept the Senate amendment for Section 31 language in place of Section 29.

10:48 a.m. Senator Davison seconded.

10:49 a.m. Roll call vote

10:49 a.m. Motion passed 6-0-0.

10:51 a.m. Senator Cleary moved the House accept the Senate Amendment of Section 39 for Opioid Settlement Advisory Committee.

10:51 a.m. Senator Dever seconded.

10:51 a.m. Roll call vote.

10:51 a.m. Motion passed 6-0-0.

10:52 a.m. Senator Cleary moved the House accept the Senate Amendment of Section 40 for Children's Cabinet Governor's Designee.

10:52 a.m. Senator Dever seconded.

10:52 a.m. Roll call vote.

10:52 a.m. Motion passed 6-0-0.

11:02 a.m. Keith Mantz, Fiscal Analyst, ND Legislative Council, spoke to a section change.

11:02 a.m. Donna Aukland, Chief Financial Officer, ND Health and Human Services, spoke to technical correction to section number 52.

25.0156.02028
Title.03000
Fiscal No. 6

Prepared by the Legislative Council staff for Senate Appropriations - Human Resources Division Committee
April 14, 2025

Sixty-ninth
Legislative Assembly
of North Dakota

PROPOSED AMENDMENTS TO FIRST ENGROSSMENT

ENGROSSED HOUSE BILL NO. 1012

Introduced by

Appropriations Committee

A BILL for an Act to provide an appropriation for defraying the expenses of various divisions of the department of health and human services; to create and enact a new section to chapter 6-09 of the North Dakota Century Code, relating to an extraordinary medical needs housing loan fund; to amend and reenact sections 50-06-06.6, 50-06-42, 50-24.5-02.3, and 50-33-05, and subsection 1 of 50-36-03 of the North Dakota Century Code and subsection 6 of the new section to chapter 54-07 of the North Dakota Century Code created in section 1 of Senate Bill No. 2176, as approved by the sixty-ninth legislative assembly, relating to leases of department of health and human services property, substance use disorder treatment program, basic care payment rates, ~~and~~ state of residence for child care assistance, opioid settlement advisory committee, and children's cabinet; to provide for a transfer; to authorize a line of credit; to provide legislative intent; to provide for a legislative management study; to provide an application; to provide an exemption; to provide for a report; and to provide an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. APPROPRIATION. The funds provided in this section, or so much of the funds as may be necessary, are appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, and from other funds derived from special funds and federal funds, to the department of health and human services for the purpose of defraying the expenses of its various divisions, for the biennium beginning July 1, 2025, and ending June 30, 2027, as follows:

~~Subdivision 1.~~

~~SALARIES AND WAGES BLOCK GRANT~~

SECTION 3. FUNDING TRANSFERS - EXEMPTION - AUTHORIZATION - REPORT. Notwithstanding section 54-16-04, the director of the office of management and budget shall transfer appropriation authority between line items within subdivisions 1, 2, 3, 4, 5, and 6 of section 1 of this Act and any other appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly, for the biennium beginning

July 1, 2025, and ending June 30, 2027, as requested by the department of health and human services. The department of health and human services shall notify the legislative council of any transfer made pursuant to this section. The department of health and human services shall report to the budget section after June 30, 2026, any transfer made in excess of $50,000 and to the appropriations committees of the seventieth legislative assembly regarding any transfers made pursuant to this section.

SECTION 4. FULL-TIME EQUIVALENT POSITION BLOCK GRANT PROGRAM - REPORT. Section 1 of this Act includes funding for a full-time equivalent position block grant program. This funding as approved by the sixty-ninth legislative assembly is available for defraying the expense of full-time equivalent positions as determined by the department of health and human services. Notwithstanding any other provision of law, the department is authorized to increase or decrease authorized full-time equivalent positions subject to the availability of funds and the provisions of this section. The department of health and human services many not increase full-time equivalent positions for the purpose of transferring human service zone employees to state employment. Pursuant to section 3 of this Act, the department is authorized to transfer appropriation authority of up to the underfunded amount of ~~$30,000,000~~$6,307,309 to the salaries and wages block grant line item. The department of health and human services shall report to the office of management and budget and legislative council any adjustments to full-time equivalent positions.

SECTION 5. DEPARTMENT OF HEALTH AND HUMAN SERVICES - SALARIES AND WAGES BLOCK GRANT - VACANT POSITIONS - REPORT. The department of health and human services shall report to the budget section quarterly during the 2025-26 interim regarding the status of its salaries and wages block grant and vacant positions and employee turnover. The report must include:

1. The legislative appropriation for salaries and wages allocated by the department to major department programs by funding source and the number of FTE positions the department is allocating to each major program based on the legislative appropriation;
2. Any changes to salaries and wages funding or FTE positions allocated to major department programs;

3. Any new FTE positions added, the cost of the position for the remainder of the biennium, and the cost to continue funding the position in the subsequent biennium by funding source;
4. Any FTE positions removed and related funding;
5. The number of FTE positions that become vacant and the number filled each month;
6. The number of vacant FTE positions at the end of each month;
7. Salaries and wages savings resulting from vacant positions and employee turnover each month by funding source; and
8. The use of salaries and wages savings for other purposes for each month by funding source.

SECTION 6. BEHAVIORAL HEALTH FACILITY GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION.

1. Section 1 of this Act includes the sum of ~~$12,960,000~~$5,000,000 from the strategic investment and improvements fund for a behavioral health facility grant pursuant to this section.
2. ~~A grant of $12,960,000 must be provided to establish a behavioral health facility in the northeast human service region. The grant recipient must provide matching funds of $3,240,000 to establish the facility.~~
~~3.~~ The department shall require an entity receiving funding under this section to operate the facility for at least ten years and require the grant amount to be repaid if the entity does not operate the facility for at least ten years.
~~4.~~3. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 7. INFANT AND TODDLER CARE PROVIDER SUPPORT DIRECT PAYMENT - ONE-TIME - REPORT. Section 1 of this Act includes the sum of $13,500,000 of one-time funding from the general fund for direct payments to licensed child care providers to support high-quality early childhood care for infants and toddlers. The department shall administer the direct payment program and include the following provisions:

1. To qualify for a direct payment under this section, a direct payment recipient must:
   a. Be a licensed child care facility within the state of North Dakota;

b. Be enrolled in the state's bright and early quality rating system at a two-star, three-star, or four-star rating level; and

c. Provide care for children from birth through three years of age.

2. Eligible providers may receive up to $300 per month for each child from birth through seventeen months of age and up to $180 per month for each child from eighteen through thirty-six months of age.

3. The department shall distribute the direct payments on a quarterly basis. Direct payments may not be used for non-child care-related expenses or debt repayment.

4. Direct payment recipients shall submit annual reports to the department detailing fund usage, enrollment statistics, and other information requested by the department.

5. The department shall provide reports to the legislative management and to the appropriations committees of the seventieth legislative assembly on direct payments and the effectiveness of the program.

SECTION 8. INTERMEDIATE CARE FACILITY MEDICALLY AND BEHAVIORALLY COMPLEX SERVICES GRANT - APPLICATION. Section 1 of this Act includes the sum of $4,400,000 of one-time funding from the community health trust fund for providing a one-time grant to a licensed intermediate care facility in the south central human service region for providing services to children or young adults with medically and behaviorally complex conditions. To be eligible to receive the grant under this section, a licensed intermediate care facility must provide early intervention, clinical, and residential services, provide community and home support, education, recreation and leisure activities, and assistive technology; and provide services in at least eight communities for individuals with intellectual or developmental disabilities. The grant funds awarded may be used only for the costs of providing services to children and young adults with medically and behaviorally complex conditions. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 9. SPECIAL HEALTH CARE NEEDS GRANT - APPLICATION. Section 1 of this Act includes the sum of $50,000 from the general fund for providing a grant to a provider in the south central human service region for statewide education, information, training, and peer support to families with children with special health care needs, medically complex

conditions, or a disability. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 10. CRISIS SERVICES GRANTS - APPLICATION. Section 1 of this Act includes the sum of $585,000 from the general fund for providing crisis services grants. The grants include the sum of $300,000 for crisis organizations that provide crisis services to young adults who are at risk of being homeless or experiencing other serious adverse life events and the sum of $285,000 to a volunteer-based ecumenical ministry organization. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 11. MEDICAL HOUSING FOR INDIVIDUALS WITH EXTRAORDINARY MEDICAL NEEDS - ONE-TIME FUNDING.

1. Section 1 of this Act includes the sum of $200,000 from the general fund for the preliminary design consultation and project administration of developing housing for individuals with disabilities that have extraordinary medical needs and for rent subsidies for individuals residing in these housing facilities, for the biennium beginning July 1, 2025, and ending June 30, 2027.
2. The department of health and human services shall collaborate with the North Dakota housing finance agency, individuals with disabilities, caregivers, and families to solicit proposals for the development of accessible housing for individuals with disabilities that have extraordinary medical needs, for the biennium beginning July 1, 2025, and ending June 30, 2027. The department shall solicit proposals from public entities, for-profit organizations, and nonprofit organizations to design, construct, maintain, and operate the housing facility. Proposals must:
   a. Ensure that services in the facility may be provided separately from the facility ownership interests;
   b. Ensure that individuals residing in the facility may choose among independent living service providers; and
   c. Comply with the federal home and community-based settings rules as defined under 42 CFR 441.301(c)(4).

SECTION 12. COMMUNITY CULTURAL CENTER GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION. Section 1 of this Act includes the sum of

~~$1,000,000~~$300,000 from the strategic investment and improvements fund for the purpose of providing a one-time community cultural center programming grant in the west central human service region. An entity may apply for a grant under this section if the entity certifies to the department ~~it has secured at least fifty percent of funds needed to complete the project, the project will be completed within two years of receiving the grant funds, and the grants funds will be used only for costs of constructing a~~the funds will be used for programs within the community cultural center. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 13. JUVENILE JUSTICE DIVERSION SERVICES AND PROGRAMS - TASK FORCE - REPORT. Section 1 of this Act includes the sum of ~~$750,000~~$500,000 of one-time funding from the ~~general~~community health trust fund for juvenile justice diversion services and programs. The department of health and human services must use the funding for services to youth at risk of juvenile justice involvement but who have not committed delinquent acts as defined in chapter 27-20.4.

The department shall establish a task force with representation from divisions in the department, human service zones, the department of public instruction, elementary and secondary schools, and members of the legislative assembly, to review juvenile justice diversion services and program. The department shall report its findings and recommendations to the legislative management and children's cabinet.

~~**SECTION 9. ANIMAL SHELTER GRANT - COMMUNITY HEALTH TRUST FUND.** Section 1 of this Act includes the sum of $300,000 from the community health trust fund for a grant for the construction of an animal shelter. The department of health and human services may award a grant for the construction of an animal shelter to an organization that provides twenty dollars of nonstate matching funds for every dollar of grant funds received. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.~~

~~**SECTION 10. STATEWIDE HEALTH STRATEGIES - COMMUNITY HEALTH TRUST FUND.** Section 1 of this Act includes the sum of $750,000 of one-time funding from the community health trust fund for the statewide health strategies initiative. The department of health and human services may spend the funding upon securing dollar-for-dollar matching funds.~~

SECTION 14. OTHER FUNDS - INSURANCE TAX DISTRIBUTION FUND. The other funds line item in subdivision 5 of section 1 of this Act includes the sum of $1,125,000 from the insurance tax distribution fund for rural emergency medical services grants.

SECTION 15. OTHER FUNDS - COMMUNITY HEALTH TRUST FUND. The other funds line items in section 1 of this Act includes the sum of ~~$38,713,522~~$41,431,522 from the community health trust fund for the following purposes:

Loan repayment programs	$594,500
~~Tobacco and vaping programs~~	~~11,599,698~~
Tobacco prevention and control grants to local public health units	6,250,000
Tobacco prevention and control	4,549,698
Tobacco cessation grants	500,000
Youth vaping prevention grants	300,000
Cancer and women's way programs	909,824
Behavior risk state survey	200,000
Youth crisis stabilization	1,500,000

~~New state hospital~~	~~200,000,000~~
~~Behavioral health facility grant~~	~~12,960,000~~
~~Community cultural center grant~~	~~1,000,000~~
~~Total~~	~~$227,474,784~~
Retiring technology from the mainframe	$5,000,000
New state laboratory move-in costs and security equipment purchases	2,962,304
Capital projects in certified community behavioral health clinics and life skills and transition center	1,684,480
Housing initiative programs	2,500,000
Technology projects at the state hospital	1,000,000
Behavioral health facility grant	5,000,000
Community cultural center grant	300,000
Total	$18,446,784

SECTION 19. OTHER FUNDS - BANK OF NORTH DAKOTA LINE OF CREDIT - ~~STATE HOSPITAL~~CHILD WELFARE TECHNOLOGY PROJECT. The other funds line item in subdivision 2 of section 1 of this Act includes ~~$130,000,000~~the sum of $8,411,218 from a Bank

of North Dakota line of credit. The department of health and human services may borrow up to ~~$130,000,000~~$8,411,218 through a line of credit from the Bank of North Dakota during the biennium beginning July 1, 2025, and ending June 30, 2027, for costs associated with ~~the construction of a new state hospital~~a child welfare technology project. The interest rate on the line of credit may not exceed the prevailing interest rate charged to North Dakota governmental entities. If the department accesses the line of credit, it shall request a deficiency appropriation from the seventieth legislative assembly to repay the line of credit.

SECTION 20. LABORATORY BUILDING STEERING COMMITTEE. The department of health and human services shall maintain the laboratory building steering committee to oversee the design and construction of the laboratory building project, for the biennium beginning July 1, 2025, and ending June 30, 2027, or until work is completed, whichever occurs earlier. The committee must include representation from the department of health and human services, department of environmental quality, office of management and budget, the governor's office, and the legislative assembly. The legislative assembly representation must include one member of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

SECTION 21. NEW STATE HOSPITAL - STEERING COMMITTEE. The department of health and human services shall establish a new state hospital facility steering committee to oversee the design and construction of a new state hospital facility, for the biennium beginning July 1, 2025, and ending June 30, 2027. The committee must include representation from the department of health and human services, office of management and budget, the governor's office, and the legislative assembly. The legislative assembly representation must include one member of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

SECTION 22. CAPITAL PAYMENTS. During the biennium beginning July 1, 2025, and ending June 30, 2027, the department of health and human services is authorized to expend funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center. Pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within

section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly. The department of health and human services may transfer funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center ahead of the special needs assessments schedule. Notwithstanding section 54-27-12, the department of health and human services may spend funds for the payment of special assessments at the state hospital and life skills and transition center.

SECTION 23. CAPITAL PROJECTS - EMERGENCY COMMISSION AND BUDGET SECTION APPROVAL. During the biennium beginning July 1, 2025, and ending June 30, 2027, pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly for capital projects and maintenance pertaining to operation of its facilities, including demolition projects. Notwithstanding section 54-27-12, the department of health and human services may spend up to $10,000,000 for capital projects and maintenance pertaining to operation of its facilities, including demolition projects, under this section and may seek emergency commission and budget section approval to spend more than $10,000,000 under this section.

SECTION 24. PERMANENT SUPPORTIVE HOUSING GRANTS. Section 1 of this Act includes the sum of $4,672,536 from the general fund for permanent supportive housing grants. The department of health and human services shall develop a funding methodology to distribute the funding to qualified entities that utilize best practices for permanent supportive housing, provide recovery-oriented and person-centered services, submit process and outcome measures to the department of health and human services, and authorize the department of health and human services to conduct onsite visits to review program operations.

SECTION 25. EXPENDITURES MAY NOT EXCEED APPROPRIATION - MEDICAL ASSISTANCE EXPANSION PROGRAM - APPLICATION.

1. Section 1 of this Act includes the sum of $662,099,340, of which $66,209,934 is from the general fund, for the medical assistance expansion program, for the biennium beginning July 1, 2025, and ending June 30, 2027. The expenditures for individuals eligible for the medical assistance expansion program may not exceed this amount.

2. The department of health and human services may exceed appropriations for increases in medical assistance expansion program caseload, for the addition of coverage consistent with the traditional Medicaid 1915(i) state plan, utilization rates, and reduction in federal medical assistance percentage.
3. The managed care organization under contract with the department of health and human services to manage the medical assistance expansion program shall reimburse providers within the same provider type and specialty at consistent levels and with consistent methodology and may not provide incentive, quality, or supplemental payments to providers, unless part of a value-based program approved by the department of health and human services. The managed care organization shall reimburse all North Dakota substance use providers of American society of addiction medicine level 2.5 at consistent levels and with consistent methodology. The managed care organization may consider urban and rural providers as different provider types.
4. The managed care organization and the department of health and human services shall ensure payments to Indian or Tribal 638 health care providers, federally qualified health centers,and rural health clinics meet the federally required minimum levels of reimbursement. Critical access hospitals may not be paid less than one hundred percent of Medicare allowable costs and human service centers may not be paid less than one hundred percent of the current traditional Medicaid rate. Behavioral health services involving partial hospitalization, intensive outpatient, professional services, and residential behavioral health services provided in facilities that are not institutions for mental diseases are not subject to the provisions in subsection 6.
5. The department of health and human services shall ensure providers within the same provider type and specialty are reimbursed at consistent levels and with consistent methodology and shall ensure the capitation rates under risk contracts are actuarially sound and are adequate to meet managed care organization contractual requirements regarding availability of services, assurance or adequate capacity and services, and coordination and continuity of care.
6. Except for the provisions in subsection 4, managed care organization premium payments must be built using the assumption that rates paid to providers under the

medical assistance expansion program may not exceed one hundred forty-five percent of Medicare reimbursement rates paid to providers on January 1, 2025.

SECTION 26. HUMAN SERVICE CENTERS - CERTIFIED COMMUNITY BEHAVIORAL HEALTH CLINICS - FULL-TIME EQUIVALENT POSITIONS - REPORT. The department of health and human services shall continue the process of the human service centers becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults. The department of health and human services shall pursue additional federal funding as available. Subject to the availability of generated income, the department of health and human services may add full-time equivalent positions for the clinics to provide direct services for the period beginning with the effective date of this Act and ending June 30, 2027. The department of health and human services shall report to the office of management and budget and legislative council each time a position is added.

SECTION 27. INTERMEDIATE CARE FACILITY MORATORIUM. The department of health and human services may not add any new licensed intermediate care facility for individuals with intellectual disabilities beds to the state's licensed bed capacity between July 1, 2025, and June 30, 2027.

SECTION 28. EXEMPTION - UNEXPENDED APPROPRIATIONS. The following appropriations are not subject to the provisions of section 54-44.1-11 and any unexpended appropriation authority may be continued into the biennium beginning July 1, 2025, and ending June 30, 2027:

1. The sum of $3,674,757 appropriated from the general fund and the sum of $25,918,566 appropriated from federal funds for the Medicaid management information system modularization technology project in chapter 12 of the 2021 Session Laws;
2. The sum of ~~$14,411,218~~$6,000,000 appropriated from the general fund and the sum of $14,411,218 appropriated from federal funds for the child welfare technology project in chapter 12 of the 2021 Session Laws;
3. The sum of $20,366,271 appropriated from the community health trust fund and the sum of $39,534,525 appropriated from federal funds for the child support computer replacement project in chapter 44 of the 2023 Session Laws;

4. The sum of $10,989,217 appropriated from the strategic investment and improvements fund for the procurement and grants management system in chapter 44 of the 2023 Session Laws;
5. The sum of $4,150,000 appropriated from the general fund for defraying the expenses of additional human service centers to begin the process of becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults in chapter 44 of the 2023 Session Laws;
6. The sum of $18,941,847 appropriated to the department of health and human services in chapter 549 of the 2021 Special Session Laws;
7. The sum of $55,120,000 appropriated from the federal state fiscal recovery fund for a public health laboratory capital project in chapter 4 of the 2023 Session Laws;
8. The sum of ~~$5,000,000~~$1,000,000 appropriated from the general fund for the purpose of employer-led child care cost-share program in chapter 446 of the 2023 Session Laws;
9. The sum of $986,555 appropriated from the general fund for the purpose of streamlining background checks project in chapter 446 of the 2023 Session Laws;
10. The sum of ~~$2,223,981~~$1,000,000 appropriated from the federal state fiscal recovery fund for the implementation of a virtual behavioral health crisis care program for rural law enforcement in chapter 44 of the 2023 Session Laws; and
11. The sum of $500,000 appropriated from the general fund and the sum of $500,000 appropriated from federal funds for the purpose of program integrity audits in chapter 44 of the 2023 Session Laws.
12. The sum of $1,950,000 appropriated from the general fund to the department of health and human services for a northwest human service region behavioral health facility grant in chapter 44 of the 2023 Session Laws.

SECTION 29. LEGISLATIVE INTENT - UTILIZATION RATE ADJUSTMENT. It is the intent of the sixty-ninth legislative assembly that the department of health and human services seek a deficiency appropriation from the seventieth legislative assembly for any expenditures that exceed appropriated amounts as a result of underfunding, utilization rates, value-based purchasing for nursing facilities, reduction in federal medical assistance percentage, and

unexpected contract cost increases that exceed ten percent, during the biennium beginning July 1, 2025, and ending June 30, 2027, if funding is not sufficient to pay actual expenses.

SECTION 30. LEGISLATIVE INTENT - PROVIDER RATE INCREASE. Except as otherwise noted, section 1 of this Act includes funding for human service provider inflation increases of two percent for ~~each year~~the first year and one and one-half percent the second year of the biennium beginning July 1, 2025, and ending June 30, 2027. The provider inflation increase in this section does not apply to nursing facilities.

~~**SECTION 29. LEGISLATIVE INTENT - DEVELOPMENTAL DISABILITIES PROVIDER ACCREDITATION REQUIREMENT.** It is the intent of the sixty-ninth legislative assembly that the department of health and human services eliminate its administrative rule requirement that providers of developmental disabilities services be accredited as a condition of being eligible for receiving payments for services from the department of health and human services.~~

SECTION 31. LEGISLATIVE INTENT - MEDICAL ASSISTANCE. It is the intent of the sixty-ninth legislative assembly that the department of health and human services review the amount, duration, coverage, utilization rates, medical necessity, and scope of medical assistance services, and ~~may implement any adjustments the department determines appropriate~~report any findings and recommendations to the seventieth legislative assembly.

SECTION 32. FEDERAL FUNDING APPEAL LIMITATION. Except as otherwise specifically provided by federal law, a person may not appeal a denial, revocation, reduction in services or payment, or the termination of a program or service by the department of health and human services dues to the unavailability of federal coronavirus funding received under federal law resulting from the federal coronavirus pandemic emergency declarations, for the biennium beginning July 1, 2025, and ending June 30, 2027.

SECTION 33. DEPARTMENT OF HEALTH AND HUMAN SERVICES - LONG-TERM STRUCTURED RESIDENCES PLAN - REPORT. During the 2025-26 interim, the department of health and human services shall review options and develop a plan to establish long-term structured residences. The department shall review necessary changes to statutes, rules, policies, and the estimated fiscal impact of establishing the residences. A long-term structured residence must be a highly structured therapeutic residential mental health treatment facility that is staffed continuously and designed to treat adults under chapters 12.1-04.1 and 25-03.1 who have severe and persistent mental illness and who have reached the maximum benefit

from the mental health resources available elsewhere in the community or hospital. The department shall present a report to the legislative management by October 1, 2026, regarding its plan to establish long-term structured residences.

SECTION 34. A new section to chapter 6-09 of the North Dakota Century Code is created and enacted as follows:

Extraordinary medical needs housing loan fund - Continuing appropriation.

1. The Bank of North Dakota shall administer a loan program to provide loans for new construction projects to provide housing for individuals with disabilities that have extraordinary medical needs. A construction project may include a land purchase and the construction costs of the project. The applicant must comply with project requirements as approved by the department of health and human services and the North Dakota housing finance agency.
2. The extraordinary medical needs housing loan fund is a special fund maintained in the state treasury from which the Bank shall provide loans under this section. The fund consists of revenues transferred under legislative authorization, interest upon moneys in the fund, and collections of interest and principal on loans made from the fund. All moneys in the fund are appropriated on a continuing basis to the Bank for the purpose of providing loans under this section.
3. The developer of the housing facility for individuals with disabilities that have extraordinary medical needs may submit an application to the Bank for a loan. The application must:
   a. Provide detail on the proposed construction project and its compliance with the department of health and human services and the North Dakota housing finance agency requirements;
   b. Demonstrate the need and long-term viability of the project; and
   c. Include financial information the Bank determines appropriate to verify eligibility.
4. A loan approved under this section:
   a. May not exceed three million three hundred thousand dollars for a project;
   b. Must have an interest rate that does not exceed two percent; and
   c. Must have a repayment schedule of no longer than twenty years.

5. A recipient of a loan under this section shall complete the financed construction project within twenty-four months of the approval of the loan. Failure to comply with this subsection may result in forfeiture of the entire loan received under this section.

6. The Bank shall deposit in the fund all principal and interest paid on the loans made from the fund. The Bank may deduct from interest payments a service fee for costs of administering the loan program. The fund must be audited annually pursuant to section 6-09-29 and the cost of the audit and any other actual costs incurred by the Bank on behalf of the fund must be paid from the fund.

SECTION 35. AMENDMENT. Section 50-06-06.6 of the North Dakota Century Code is amended and reenacted as follows:

50-06-06.6. Department may lease real and personal property.

The commissioner of the department or commissioner's designee may lease ~~surplus farm and pastureland at the state hospital and the life skills and transition center. The commissioner or designee also may enter into further leases of~~ real or personal property at the life skills and transition center or the state hospital upon a specific finding that the granting of each such leasehold interest will result in a net economic gain for the department, taking into account all identifiable costs. Any lease of space for the purpose of providing child care services must meet requirements as determined by the department. The commissioner of the department or commissioner's designee may prescribe the terms and conditions of any leases entered into pursuant to this section and may renew existing leases. ~~Any~~The term of any lease ~~entered into must be subject to renewal or cancelable each biennium~~may not exceed ninety-nine years.

SECTION 36. AMENDMENT. Section 50-06-42 of the North Dakota Century Code is amended and reenacted as follows:

50-06-42. Substance use disorder treatment voucher system - Mental health treatment voucher system for incarcerated individuals.

~~1.~~ The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's substance abuse treatment system and to assist in the payment of addiction treatment services and medical costs provided by licensed substance abuse treatment programs, excluding regional human service centers and hospital- or medical clinic-based programs for medical management of withdrawal.

~~a.~~1. An out-of-state licensed substance abuse treatment program located within a bordering state may participate in the voucher program to serve an underserved area of this state pursuant to the rules adopted by the department. The department shall develop rules to include processes and requirements for an out-of-state provider to receive reimbursement only for outpatient and community-based services upon a provider completing an assessment of need and receiving approval from the department.

2.~~b.~~ Services eligible for the voucher program include only those levels of care recognized by the American society of addiction medicine, with particular emphasis given to underserved areas and programs. The department shall ensure that a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers collects and reports process and outcome measures.

3.~~c.~~ The department shall develop requirements and provide training and technical assistance to a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers. A licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers shall provide evidence-based services.

4.~~d.~~ The department shall allocate funding appropriated for the substance use disorder treatment voucher as follows:

~~a.~~ ~~No~~

~~(1)~~a. Except as provided in ~~paragraphs 3 and 4~~subdivisions c and d, no more than ~~forty-five~~fifty percent of the appropriated amount may be allocated for residential substance use disorder services administered by licensed substance abuse treatment programs with more than sixteen beds.

b.~~(2)~~ The remaining appropriation must be allocated for residential programs with sixteen or fewer beds, nonresidential outpatient, and ancillary substance use disorder services administered by licensed substance abuse treatment programs.

~~(3)~~c. The department, during the last quarter of the biennium, may reallocate projected unused funds that were allocated under paragraph 2 to residential facilities outlined in paragraph 1.

~~(4)~~d. The department may reimburse a licensed substance abuse treatment program with more than sixteen beds the incurred direct medical costs of an eligible individual who does not have resources to cover the medical costs. The department may develop rules and may not exceed the total amount appropriated for medical cost reimbursement.

~~2. The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's mental health treatment system for individuals detained or confined in a county jail or detention center or regional corrections center and to assist in the payment of mental health treatment services provided by a licensed mental health professional acting within their scope of practice, excluding a regional human service center.~~

~~a. Services eligible for the voucher program include only diagnostic assessment and mental health therapy for individuals with a mental health concern detained or confined in a county jail or detention center or regional corrections center. The department shall ensure that a licensed mental health professional accepting vouchers collects and reports process and outcome measures.~~

~~b. The department shall develop requirements and provide training and technical assistance to licensed mental health professionals accepting vouchers. A licensed mental health professional shall provide evidence-based services.~~

SECTION 37. AMENDMENT. Section 50-24.5-02.3 of the North Dakota Century Code is amended and reenacted as follows:

50-24.5-02.3. Basic care payment rates.

1. The department shall determine limits for the care of residents of basic care facilities that qualify as vendors of an aged, blind, and disabled persons program and for implementing provisions of this chapter based on data demonstrating the most recent costs that must be incurred for the care of residents in efficiently and economically operated basic care facilities. The department shall determine the limits every four years by July first, beginning with July 1, 2023.
2. The department shall establish the limits by using the median rates from the most recent data available. The direct care limit must be the median plus eighteen percent. The indirect care limit must be the median plus twelve percent.

3. For the rate year beginning July 1, 2023, the department shall increase rates and limits three and one-half percent for inflation. For the rate year beginning July 1, 2024, the department shall increase rates and limits three and one-half percent for inflation.
4. The department shall provide a rate increase in the amount of five dollars per day for the period beginning July 1, 2023, and ending June 30, ~~2025~~2027, after which the increase is not effective. This rate increase may not be included in any calculation of inflation increase.
5. Within the limits of legislative appropriations, the department shall establish an uncompensated care expense of three hundred sixty-five days.

SECTION 38. AMENDMENT. Section 50-33-05 of the North Dakota Century Code is amended and reenacted as follows:

50-33-05. State of residence.

Only child care assistance units physically residing within the boundaries of the state are eligible for child care assistance, unless the individual is employed by an early childhood program within the boundaries of the state and the individual has been approved for the state's child care assistance child care workforce benefit.

SECTION 39. AMENDMENT. Subsection 1 of section 50-36-03 of the North Dakota Century Code is amended and reenacted as follows:

1. The committee is composed of:
   a. One member of the North Dakota association of counties appointed by the chairman of the legislative management, who shall serve a term of two years.
   b. One member of the North Dakota league of cities appointed by the chairman of the legislative management, who shall serve a term of two years.
   c. One member of the North Dakota state association of city and county health officials appointed by the chairman of the legislative management, who shall serve a term of two years.
   d. One member who represents the highway patrol appointed by the highway patrol superintendent, who shall serve a term of two years.
   e. The executive director of the department's division of behavioral health.
   f. ~~The managing director of the office of recovery reinvented~~One member in recovery appointed by the governor.

g. One member appointed by the governor who shall serve as a nonvoting member and as the presiding officer of the committee, who shall serve a term of two years.

SECTION 40. AMENDMENT. Subsection 6 of the new section to chapter 54-07 of the North Dakota Century Code, as created by section 1 of Senate Bill No. 2176, as approved by the sixty-ninth legislative assembly, is amended and reenacted as follows:

6. a. The office of the governor shall provide staffing and administrative services for the children's cabinet and coordinate with other designated working groups on children and family issues.

b. The governor or the governor's designee serving on the cabinet may appoint a representative to serve in that official's capacity at a meeting if the governor or governor's designee is unable to attend.

SECTION 41. HOUSING AVAILABILITY ASSESSMENT - COLLABORATION WITH HOUSING FINANCE AGENCY. The department of health and human services shall collaborate with the North Dakota housing finance agency and other appropriate stakeholders to assess the availability of housing for individuals requiring extraordinary health care support services, for the biennium beginning July 1, 2025, and ending June 30, 2027. Based on the results of the assessment, if necessary, the department shall develop a plan to expand access to housing providing the least restrictive environment for individuals requiring extraordinary health care support services.

SECTION 42. BEHAVIORAL HEALTH CLINICS, NORTH DAKOTA STATE HOSPITAL, AND LIFE SKILLS AND TRANSITION CENTER FUNDING. Section 1 of this Act includes funding for the behavioral health clinics, North Dakota state hospital, and life skills and transition center as follows:

1. Behavioral health clinics:
   a. Salaries and wages ~~$156,967,103~~$177,840,942
   b. Operating and capital ~~64,131,965~~56,945,408
   c. Total ~~$221,099,068~~$234,786,350
2. State hospital:
   a. Salaries and wages ~~$68,775,551~~$70,477,378
   b. Operating and capital ~~350,880,155~~20,880,155

c. Total ~~$419,655,706~~$91,357,533

3. Life skills and transition center:

a. Salaries and wages ~~$55,540,213~~$56,284,356

b. Operating and capital ~~15,207,658~~15,207,658

c. Total ~~$70,747,871~~$71,492,014

SECTION 43. LEGISLATIVE MANAGEMENT STUDY - STUDENT TRUANCY AND ABSENTEEISM. The legislative management shall consider studying, during the 2025-26 interim, truancy and student absenteeism in kindergarten through grade twelve public schools. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 44. LEGISLATIVE MANAGEMENT STUDY - OBESITY HEALTH IMPLICATIONS. The legislative management shall consider studying, during the 2025-26 interim, the health implications of obesity on the residents of the state and options to increase access to prevention and treatments for obesity. If conducted, the study must review costs associated with obesity including comorbidities, treatments available for obesity, obesity diagnosis guidelines including use of body mass index compared with percentage of body fat, and examining the difference between being an individual who is healthy and overweight as compared to an obese individual. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 45. LEGISLATIVE MANAGEMENT STUDY - MATERNAL HEALTH SERVICES - ACCESS AND WORKFORCE.

1. During the 2025-26 interim, the legislative management shall consider studying access to maternal health services. The study must include:
   a. Consideration of the availability of prenatal and childbirth services, including provider shortages and service use.
   b. Development of strategies to increase the number of obstetricians, family doctors, and midwives providing maternal health services in this state.
   c. A review of coverage and reimbursement for doulas and midwives, including training and certification needs.

d. Consideration of insurance and public policy options to improve maternal health outcomes, including through the Medicaid program.

e. Input from health care providers, insurers, public health officials, and maternal health experts.

2. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 46. LEGISLATIVE INTENT - LIFE SKILLS AND TRANSITION CENTER. It is the intent of the sixty-ninth legislative assembly that during the 2025-26 interim, the department of health and human services review the facilities and land at the life skills and transition center to identify the portions of the life skills and transition center campus that are necessary for delivery of services and the portions of the campus that could be conveyed to a local government or related public or not-for-profit community development entity to redevelop to optimize local community development goals and the successful operation of the life skills and transition center. It is further the intent of the legislative assembly that the department of health and human services present any request to convey any portions of the campus to the seventieth legislative assembly.

SECTION 47. DISABILITY SERVICE ACCREDITATION STUDY - LEGISLATIVE MANAGEMENT REPORT. During the 2025-26 interim, the department of health and human services shall study accreditation requirements and provider costs for serving individuals with intellectual and developmental disabilities, including the cost of accreditation relative to the cost of providing services and reimbursement. The department shall report its findings and recommendations, together with any legislation necessary to implement recommendations to the legislative management by September 1, 2026.

SECTION 48. VALUE-BASED CARE INCENTIVE PROGRAM - PAYMENT WITHHOLD FOR NURSING FACILITIES - COLLABORATION WITH NORTH DAKOTA LONG TERM CARE ASSOCIATION. During the 2025-26 interim, the department of health and human services, in collaboration with the North Dakota long term care association, shall develop a payment withhold structure for value-based payments to provide funding for the value-based care incentive program for nursing facilities. The department shall implement the payment

withhold beginning July 1, 2027. The department may not implement a payment withhold before July 1, 2027.

SECTION 49. LEGISLATIVE MANAGEMENT STUDY- DISABILITY SERVICES.

1. During the 2025-26 interim, the legislative management shall study the efficiency, effectiveness, and outcomes of developmental disability services provided by the department of health and human services. The study must include:
   a. A review of the approval process, an analysis of accountability measures, an assessment of gaps in services, and an evaluation of overall program management.
   b. An assessment of whether the department is effectively managing cases and complying with federal law in the provision of support and services to individuals with disabilities.
   c. Input from advocates, clients from the disability community, zone directors, service providers, and health care providers who serve individuals with disabilities.
   d. Collaboration with the cross-disability advisory council.
2. The legislative council may contract with a consultant with expertise in the provision of developmental disability services to assist in the study.
3. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 50. APPROPRIATION - COMMUNITY HEALTH TRUST FUND - LEGISLATIVE COUNCIL - DISABILITY SERVICES - ONE-TIME FUNDING. There is appropriated out of any moneys in the community health trust fund, not otherwise appropriated, the sum of $150,000, or so much of the sum as may be necessary, to the legislative council for the purpose of contracting for consulting services for a disability services study, for the biennium beginning July 1, 2025, and ending June 30, 2027. The appropriation in this section is considered a one-time funding item.

SECTION 51. LEGISLATIVE MANAGEMENT REPORT - BEHAVIORAL HEALTH FACILITY GRANTS. During the 2025-26 interim the department of health and human services

shall provide reports to the legislative management regarding the award of grant funding to increase the number of behavioral health beds in the state.

SECTION 52. EFFECTIVE DATE. Section ~~33~~36 of this Act becomes effective on July 1, 2026.

SECTION 53. EFFECTIVE DATE. Section 7 of this Act becomes effective on January 1, 2026.

2025 HOUSE STANDING COMMITTEE MINUTES

Appropriations - Human Resources Division
Roughrider Room, State Capitol

HB 1012
4/28/2025
Conference Committee

A BILL for an Act to provide an appropriation for defraying the expenses of various divisions of the department of health and human services; to provide an exemption; and to provide for a report.

3:02 p.m. Chairman J. Nelson called the meeting to order.

Members Present: Chairman J. Nelson, Representatives O'Brien, Mitskog, Chairman Dever, Senators Cleary, Davison.

Discussion Topics:

- Committee Action

3:04 p.m. Keith Mantz, Fiscal Analyst, ND Legislative Council, reviewed documents, and spoke to funding distribution, #45273, #45279.

3:10 p.m. Stephanie Gullickson, Fiscal Analyst, Office of Management and Budget, clarified where the funding would be allocated #45279.

3:11 p.m. Keith Mantz, Fiscal Analyst, ND Legislative Council, explained the highlighted items on the long sheet are items that need final decisions.

3:17 p.m. Donna Aukland, Chief Financial Officer, ND Department of Health and Human Services, clarified underfunding (previous testimony 042325 #45148).

3:23 p.m. Donna Aukland, Chief Financial Officer, ND Department of Health and Human Service, clarified that they had more time to take a deeper dive into utilization and found some additional funds #45276.

3:31 p.m. Dirk Wilke, Interim Commissioner, ND Department of Health and Health Services, verified the current numbers and stated the department was in support #45276.

3:32 p.m. Donna Aukland, Chief Financial Officer, ND Department of Health and Human Services, reassured the committee that they could always make a budget adjustment.

3:37 p.m. Representative O'Brien moved $8.46 million to salary underfund and $36.26 utilization for Developmental Disability and Long-term Care.

3:37 p.m. Senate Cleary seconded.

3:39 p.m. Donna Aukland, Chief Financial Officer, ND Department of Health and Human Services, stated she will work with Keith for exact numbers.

3:39 p.m. Roll vote call.

3:40 p.m. Motion passed 6-0-0.

3:48 p.m. Pam Sagness, Executive Director, Behavioral Health Division, ND Department of Health and Human Services, gave an update on the progress of Williston Behavioral Health project, and the Dickinson project #45278.

3:54 p.m. Senator Cleary moved to adopt the Senate position of $1 million for Free for Recovery and 475K Community Connect and leave out $2.5 million SUD Voucher and $2 million for Behavioral Health.

3:55 p.m. Senator Davison seconded.

4:01 p.m. Senator Cleary tabled the motion.

4:05 p.m. Chairman J. Nelson adjourned the meeting.

Jan Kamphuis, Committee Clerk

HB 1012 042825 1539 PM Roll Call Vote

Amendment

HB 1012

Date Submitted: April 28, 2025, 3:39 p.m.

Action: Passed

Amendment LC #: Pending LC #

Description of Amendment: Salary underfund, utilization, block grant

Motioned By: O'Brien, Emily

Seconded By: Cleary, Sean

Emergency Clause: None

Vote Results: 6 - 0 - 0

Timeline for Inpatient Behavioral Health Project at CHI St. Alexius Health Williston

February 12, 2025

This memo is a summary of the work completed to date on the CHI Health Williston project to reopen our inpatient behavioral health unit. The memo's intended audience is North Dakota legislators. The memo is compiled by Garrick Hyde, president of CHI Health Williston.

Brief Timeline

Spring 2023 – The North Dakota legislature appropriates $1.95 million in grant money for inpatient behavioral health in Williston, ND. This Williston appropriation is separate from a larger appropriation for inpatient behavioral health in Dickinson, ND.

June 2023 – CHI Health Williston applies for the $1.95 million in State grant money. CHI Health Dickinson does not move forward in their separate application.

Fall 2023 – CHI Health Williston is awarded the grant by the State. The grant will reimburse $1.95 million to CHI Williston after the hospital spends the amount on renovating a 9-bed inpatient behavioral health unit and an adjoining outpatient behavioral health area. The project was originally estimated to cost a total of $3.7 million, with the balance of $1.75 million coming from CHI Williston's local hospital foundation.

January 2024 – The contract for the grant is ratified by the State and CHI on January 29, 2024. CHI begins the work of designing the renovation to the shuttered inpatient behavioral health unit. After several months of planning work and floorplan design with the architects, the hospital achieves a finalized design for the floorplan. See *Attachment 1* of this memo for the finalized design. Note that the floorplan includes renovations for a 9-bed inpatient unit as well as an adjoining outpatient treatment area.

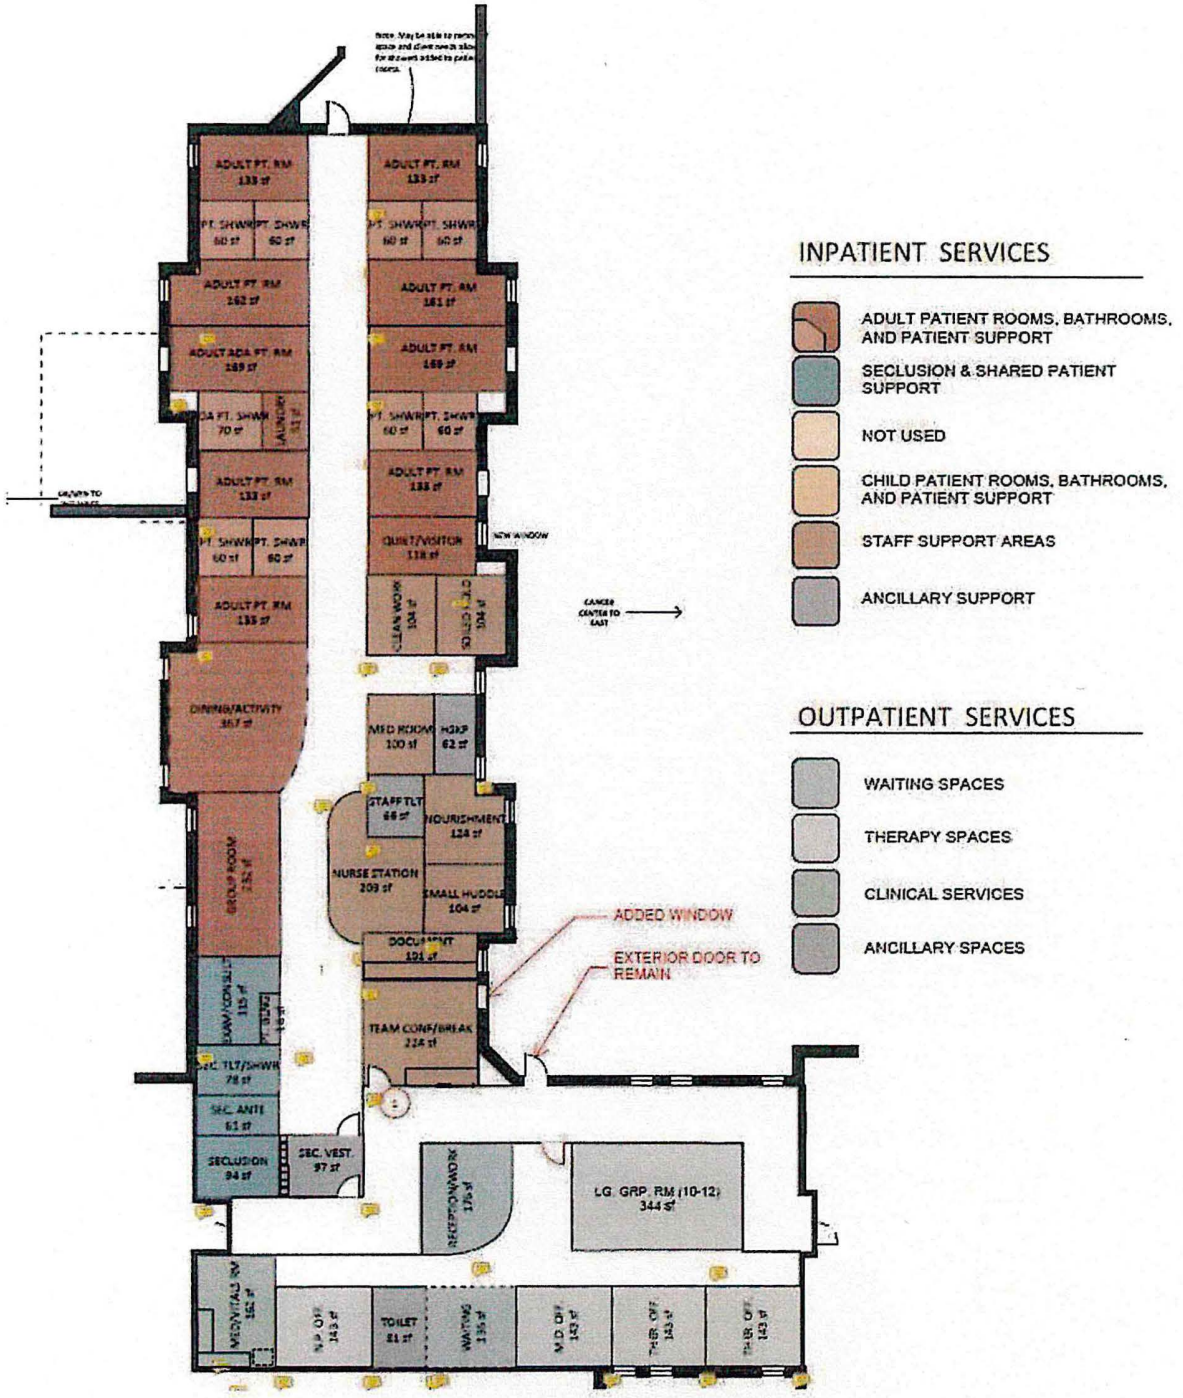
May 2024 – The architects inform CHI Health Williston that an earlier 2022 project budget, created by CHI, significantly understates the true cost of the renovation. The architects calculate that the $3.7 million estimate will cover the inpatient renovation, but another $2.5 million is needed to do the adjoining outpatient treatment area. Rather than allow the entire project to be derailed, CHI Williston approached the State's Health and Human Services leadership with a revised proposal to amend the existing grant contract to exclude outpatient renovations from the project scope.

September 2024 – The State's Health and Human Services leadership agree to a revised grant scope that excludes outpatient renovations. The $1.95 million in grant money and the $1.75 million coming from CHI Williston's local foundation will be sufficient for the inpatient unit renovation. The revised contract for the grant is ratified by the State and CHI on September 26, 2024.

November 2024 – CHI Health Williston moves forward in planning the construction. One concern from CHI is the project deadline, as stated in the contract: "This Grant runs from September 1, 2023, through

June 30, 2025. This Grant will not automatically renew." It's likely that CHI Williston won't complete the construction by the project deadline, so the hospital asked the State for guidance on the contract language. The HHS leadership responded, "We will be requesting carryover during legislative session for any of the $1,950,000 that is not spent this biennium to have authority to spend next biennium. Once that carryover is approved/final at the end of session we can amend the contract end date." CHI Williston understands that approval to carry over the funding won't be known until the end of legislative session at the end of April. The hospital paused in beginning construction until we know if the 2023 grant money will carry over.

To date, no money has been spent by CHI Health Williston, nor reimbursed by the State.



Next Steps

1. CHI Health Williston awaits confirmation from State HHS leadership that the 2023 grant for $1.95 million will carry over to 2025, determined by the 2025 legislative session
2. CHI Health Williston would like to create the outpatient treatment areas as originally planned in the attached floorplan. We need an additional $2.5 million for this renovation.
3. CHI Health Williston seeks support from the State legislature to appropriate $2.5 million in additional grant funds in the 2025 session to create the outpatient behavioral health treatment area.

Thank you,

Garrick Hyde

ENGROSSED HOUE BILL NO. 1012
FIRST ENGROSSMENT WITH SENATE AMENDMENTS
(Senator Bekkedahl)

A line will need to be added to Section 2, One Time Funding, regarding the additional $1,500,000 for the behavioral health facility grants. In the alternative, $1,500,000 could be added to line 31, page 4 of .02000 version of Section 2.

New Section to be added:

SECTION XX. BEHAVIORAL HEALTH FACILITY GRANT. Section 1 of this Act includes the sum of $1,500,000 appropriated from the general fund and Section 25 of this Act includes any unexpended appropriation up to $1,950,000 appropriated from the general fund in chapter 44 of the 2023 Session Laws for a total of $3,450,000 for the purpose of continuing to provide a one-time behavioral health facility grant to establish a behavioral health facility in the northwest human service center region with the grant recipient, for the biennium beginning July 1, 2025, and ending June 30, 2027. The department of health and human services shall provide a grant as follows:

1. The grant recipient must provide matching funds of $1,750,000 to establish the facility.

2. The grant term must be for five years.

3. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

4. To continue to receive the grant, the behavioral health facility grant recipient shall:

   a. Enter a grant agreement or amendment, or both with the department;

b. Use grant funds by December 31, 2025, to support the provision of behavioral health in the grant award service areas;

c. Provide and disclose information needed to comply with the department's data collection requirements; and

d. Operate in compliance with grant requirements.

5. The department may recapture grant funds distributed to a grant recipient found by the department to be out of compliance with the requirements established by the grant program, including ending or reducing the operation of the behavioral health facility in the service area.

6. The department may not collect property, equipment, or supplies purchased with grant funds from the grant recipient after successful completion of the terms of the grant.

PROPOSED AMENDMENTS TO HOUSE BILL NO. 1012 (Nelson IMD)

A BILL for an Act to provide an appropriation for defraying the expenses of various divisions of the department of health and human services; to provide an exemption; ~~and~~to amend and reenact section 50-06-42 of the North Dakota Century Code, relating to substance use disorder treatment voucher system; to provide for a report; and to provide an effective date.

SECTION 9. AMENDMENT. Section 50-06-42 of the North Dakota Century Code is amended and reenacted as follows:

50-06-42. Substance use disorder treatment voucher system.

1. The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's substance abuse treatment system and to assist in the payment of addiction treatment services and medical costs provided by licensed substance abuse treatment programs, excluding regional human service centers and hospital- or medical clinic-based programs for medical management of withdrawal. An out-of-state licensed substance abuse treatment program located within a bordering state may participate in the voucher program to serve an underserved area of this state pursuant to the rules adopted by the department. The department shall develop rules to include processes and requirements for an out-of-state provider to receive reimbursement only for outpatient and community-based services upon a provider completing an assessment of need and receiving approval from the department.
2. Services eligible for the voucher program include only those levels of care recognized by the American society of addiction medicine, with particular emphasis given to underserved areas and programs. The department shall ensure that a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers collects and reports process and outcome measures.

3. The department shall develop requirements and provide training and technical assistance to a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers. A licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers shall provide evidence-based services.

4. The department shall allocate funding appropriated for the substance use disorder treatment voucher as follows:

   a. ~~No~~Except as provided in subdivision c, no more than forty-five percent of the appropriated amount may be allocated for residential substance use disorder services administered by licensed substance abuse treatment programs with more than sixteen beds.

   b. The remaining appropriation must be allocated for residential programs with sixteen or fewer beds, nonresidential outpatient, and ancillary substance use disorder services administered by licensed substance abuse treatment programs.

   c. The department may reimburse a licensed substance abuse treatment program with more than sixteen beds the incurred direct medical costs of an eligible individual who does not have resources to cover the medical costs. The department may develop rules and may not exceed the total amount appropriated for medical cost reimbursement.

SECTION 10. EFFECTIVE DATE. Section 9 of this Act becomes effective on July 1, 2026.

U.1/21CR1

SECTION . TRANSFER. Section 1 of this Act includes the sum of $3,266,178 from the general fund for guardianship programs. On April 1, 2026, the office of management and budget shall transfer any unspent appropriation authority for guardianship programs from the department of health and human services to the office of guardianship and conservatorship, for the biennium beginning July 1, 2025, and ending June 30, 2027.

SECTION. APPROPRIATION – OFFICE OF GUARDIANSHIP AND CONSERVATORSHIP. There is appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, the sum of $3,266,178 to the office of guardianship and conservatorship for purposes of providing guardianship services, effective April 1, 2026.

STATEWIDE DEMENTIA COORDINATION
(Requested by Representative Nelson)

SECTION XX. LEGISLATIVE INTENT – STATEWIDE DEMENTIA COORDINATION. It is the intent of the sixty-ninth legislative assembly that the department of health and human services address the statewide coordination of dementia services.

Prepared by the Legislative Council staff for Representative O'Brien
April 28, 2025

Sixty-ninth
Legislative Assembly
of North Dakota

PROPOSED AMENDMENTS TO FIRST ENGROSSMENT

ENGROSSED HOUSE BILL NO. 1015

Introduced by

Appropriations Committee

A BILL for an Act to provide an appropriation for defraying the expenses of the various divisions under the supervision of the director of the office of management and budget; to amend and reenact section 57-51.1-07.5 of the North Dakota Century Code, relating to the state share of oil and gas tax revenue allocations; to repeal section 11-38-08 of the North Dakota Century Code, relating to county achievement days; to authorize a line of credit; to provide for a transfer; to provide an exemption; to provide for a report; and to declare an emergency.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. APPROPRIATION. The funds provided in this section, or so much of the funds as may be necessary, are appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, and from other funds derived from special funds and federal funds, to the office of management and budget for the purpose of defraying the expenses of the office of management and budget, for the biennium beginning July 1, 2025, and ending June 30, 2027, as follows:

	Base Level	Adjustments or Enhancements	Appropriation
Salaries and wages	$23,510,218	$2,774,739	$26,284,957
New and vacant FTE pool	98,200,000	(96,997,038)	1,202,962
Operating expenses	18,217,793	6,874,081	25,091,874
Capital assets	308,355	5,808,649	6,117,004
Emergency commission contingency fund	750,000	(750,000)	0

Guardianship grants	7,100,000	0	7,100,000
Prairie public broadcasting	1,200,000	(1,200,000)	0
Community service supervision grants	350,000	(35,000)	315,000
State employee child care benefits	3,000,000	(1,635,000)	1,365,000
Student internship program	0	500,000	500,000
Deferred maintenance funding pool	0	40,000,000	40,000,000
Rent, moving, and space reconfiguration pool	0	2,000,000	2,000,000
Total all funds	$152,636,366	($42,659,569)	$109,976,797
Less other funds	71,757,126	(6,630,280)	65,126,846
Total general fund	$80,879,240	($36,029,289)	$44,849,951
Full-time equivalent positions	110.00	1.00	111.00

SECTION 2. ONE-TIME FUNDING - EFFECT ON BASE BUDGET - REPORT TO SEVENTIETH LEGISLATIVE ASSEMBLY. The following amounts reflect the one-time funding items included in the appropriation in section 1 of this Act which are not included in the entity's base budget for the 2027-29 biennium and which the entity shall report to the appropriations committees of the seventieth legislative assembly regarding the use of this funding:

One-Time Funding Description	General Fund	Other Funds	Total
Procurement automation	$0	$515,052	$515,052
Recruiting management system	250,000	0	250,000
Student internship program	500,000	0	500,000
Employee leave payouts	99,305	50,695	150,000
Snow removal equipment	0	172,000	172,000
Floor scrubber	0	20,000	20,000
Capitol building improvements	0	3,000,000	3,000,000
Governor's residence projects	0	2,350,000	2,350,000
Deferred maintenance pool	0	40,000,000	40,000,000
Rent, moving and space reconfiguration pool	0	2,000,000	2,000,000
Total	$849,305	$48,107,747	$48,957,052

SECTION 3. NEW AND VACANT FTE POOL - LIMITATION - TRANSFER REQUEST. The office of management and budget may not spend funds appropriated in the new and vacant FTE pool line item in section 1 of this Act, but may transfer funds from the new and vacant

FTE pool line item to the salaries and wages line item in accordance with the provisions of this Act.

SECTION 4. APPROPRIATION - COMMUNITY SERVICES SUPERVISION FUND. Any moneys in the community service supervision fund under section 29-26-22 are appropriated to the office of management and budget for distribution to community corrections association regions on or before August first of each year, for the biennium beginning July 1, 2025, and ending June 30, 2027.

SECTION 5. APPROPRIATION- STATE HOSPITAL - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - ONE-TIME FUNDING. There is appropriated out of any moneys in the strategic investment and improvements fund in the state treasury, not otherwise appropriated, the sum of $200,000,000, or so much of the sum as may be necessary, to the office of management and budget for the purpose of planning, design, construction, and other related expenses necessary for construction of a new state hospital, for the biennium beginning July 1, 2025, and ending June 30, 2027. The office of management and budget shall oversee the project consistent with the objectives approved by the state hospital steering committee established in section 7 of this Act. The office of management and budget may seek other federal, state, local, or private funds, and may enter contracts, agreements, or partnerships as necessary to complete the project. The appropriation in this section is a one-time funding item.

SECTION 6. APPROPRIATION - BANK OF NORTH DAKOTA LINE OF CREDIT - STATE HOSPITAL PROJECT. The office of management and budget may borrow up to $100,000,000 through a line of credit from the Bank of North Dakota during the biennium beginning July 1, 2025, and ending June 30, 2027, the proceeds of which are appropriated to the office of management and budget for defraying costs associated with the construction of a new state hospital. The interest rate on the line of credit may not exceed the prevailing interest rate charged to North Dakota governmental entities. If the office of management and budget accesses the line of credit, it shall request a deficiency appropriation from the seventieth legislative assembly to repay the line of credit.

SECTION 7. NEW STATE HOSPITAL - STEERING COMMITTEE. The office of management and budget shall establish a new state hospital facility steering committee to oversee the design and construction of a new state hospital facility, for the biennium beginning July 1, 2025, and ending June 30, 2027. The committee must include representation from the

department of health and human services, office of management and budget, the governor's office, and the legislative assembly. The legislative assembly representation must include one member of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

SECTION 8. TRANSFER - SOCIAL SERVICES FUND TO HUMAN SERVICE FINANCE FUND. The office of management and budget shall transfer the sum of $250,000,000 from the social services fund to the human service finance fund during the biennium beginning July 1, 2025, and ending June 30, 2027.

SECTION 9. TRANSFER AUTHORITY - STUDENT INTERNSHIP PROGRAM - DEFERRED MAINTENANCE FUNDING POOL - RENT, MOVING, AND SPACE RECONFIGURATION POOL. The office of management and budget may transfer appropriation authority to eligible state agencies during the biennium beginning July 1, 2025, and ending June 30, 2027, from the line items in section 1 of this Act as follows:

1. From the student internship line item for student internships.
2. From the deferred maintenance pool line item for deferred maintenance projects.
3. From the rent, moving, and space reconfiguration pool line item for agency lease, relocation, and remodeling costs.

SECTION 10. TRANSFER - FEDERAL STATE FISCAL RECOVERY FUND APPROPRIATION AUTHORITY TO DEPARTMENT OF CORRECTIONS AND REHABILITATION - EXEMPTION - SPENDING RESTRICTION - REPORT.

1. Notwithstanding any other provision of law, on or before June 30, 2025, the office of management and budget shall transfer any federal state fiscal recovery fund appropriation authority amounts previously obligated but not anticipated to be expended from the state agency that received the appropriation authority to the department of corrections and rehabilitation for the purpose of defraying the expenses of salaries and wages of the department of corrections and rehabilitation, for the biennium beginning July 1, 2023, and ending June 30, 2025.
2. Notwithstanding any other provision of law, on or before December 31, 2026, the office of management and budget shall transfer any federal state fiscal recovery fund appropriation authority amounts previously obligated but not anticipated to be

expended from the state agency that received the appropriation authority to the department of corrections and rehabilitation for the purpose of defraying the expenses of salaries and wages of the department of corrections and rehabilitation, for the biennium beginning July 1, 2025 and ending June 30, 2027.

3. The office of management and budget shall transfer any uncommitted accumulated interest and earnings of the federal state fiscal recovery fund to the department of corrections and rehabilitation during the biennium beginning July 1, 2025, and ending June 30, 2027. Any interest and earnings received by the department of corrections and rehabilitation under this section are appropriated to the department for the purpose of defraying the expenses of salaries and wages, for the biennium beginning July 1, 2025, and ending June 30, 2027.

4. The department of corrections and rehabilitation may not spend general fund appropriations equal to the amount of any federal state fiscal recovery fund moneys transferred to the department under this section.

5. The office of management and budget shall report to the budget section regarding any appropriation authority and interest and earnings transferred under this section.

SECTION 11. OTHER FUNDS - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND. The other funds line item in section 1 of this Act includes the sum of $42,707,052 from the strategic investment and improvements fund for the following projects:

Procurement automation	$515,052
Snow removal equipment	172,000
Floor scrubber	20,000
Deferred maintenance pool	40,000,000
Rent, moving, and space reconfiguration pool	2,000,000
Total	$42,707,052

SECTION 12. OTHER FUNDS - CAPITOL BUILDING FUND. The other funds line item in section 1 of this Act includes the sum of $5,850,000 from the capitol building fund for the following purposes and projects:

Ongoing Capitol grounds repairs	$500,000
Governor's residence projects	2,350,000

Capitol building improvements	3,000,000
Total	$5,850,000

SECTION 13. GRANTS AND SPECIAL ITEMS. Section 1 of this Act includes appropriation authority which may be used only for the following grants and special items:

Unemployment insurance	$1,500,000
Capitol grounds planning commission	$25,000
Statewide memberships and related expenses	$757,489

SECTION 14. STATE EMPLOYEE COMPENSATION ADJUSTMENTS - GUIDELINES.

1. The 2025-27 biennium compensation adjustments for permanent state employees are to average 3 percent per eligible employee for the first fiscal year of the biennium and are to average 3 percent per eligible employee for the second year of the biennium. The increases for the first year of the biennium are to be given beginning with the month of July 2025, to be paid in August 2025, and for the second year of the biennium are to be given beginning with the month of July 2026, to be paid in August 2026. Increases for eligible state employees are to be based on documented performance and are not to be the same percentage increase for each employee.
2. The office of management and budget shall develop guidelines for use by state agencies for providing compensation adjustments for classified state employees. The guidelines must follow the compensation philosophy statement under section 54-44.3-01.2.
3. Probationary employees are not entitled to the increases. However, at the discretion of the appointing authority, probationary employees may be given all or a portion of the increases effective in July, paid in August, or upon completion of probation. Employees whose overall documented performance level does not meet standards are not eligible for any salary increase.

SECTION 15. NEW AND VACANT FTE POOL - GUIDELINES - EXEMPTION - TRANSFERS - REPORTS - APPLICATION.

1. Notwithstanding section 54-16-04, the office of management and budget shall transfer funds from an executive branch state agency's new and vacant FTE pool line item to the agency's salaries and wages line item or other line items with salaries and wages funding as requested by the agency in accordance with provisions of this section.

2. An executive branch state agency may request a transfer to provide funding for the salaries and wages necessary for the remainder of the 2025-27 biennium for a new full-time equivalent position authorized by the sixty-ninth legislative assembly from the date of hiring through the end of the biennium, limited to the amount identified for the position in the statement of purpose of amendment.
3. After July 31, 2026, an executive branch state agency may request a transfer if the agency projects actual salaries and wages expenditures will exceed the agency's available salaries and wages funding for the biennium. The transfer amount may not exceed the amount by which the agency's actual salaries and wages savings from vacant positions and employee turnover to date and estimates for the remainder of the biennium adjusted for other identified uses of any savings are less than the vacant position savings estimate used by the sixty-ninth legislative assembly in development of the agency's appropriation. The agency shall provide documentation supporting the need for the transfer to the office of management and budget and legislative council in advance of the transfer request.
4. Each executive branch state agency with a new and vacant FTE pool line item shall report to the office of management and budget and the legislative council on a quarterly basis regarding any transfer of appropriation authority for filling a new full-time equivalent position. The report must include the funding transferred, the title of the position filled, the salary funding removed by the sixty-ninth legislative assembly for the position by funding source as identified in the statement of purpose of amendment, and the date the position was filled.
5. Each executive branch state agency with a new and vacant FTE pool line item shall report quarterly to the office of management and budget and the legislative council on the number of full-time equivalent positions that become vacant and the number of positions filled each month, the number of vacant positions at the end of each month, salaries and wages savings by funding source for each month resulting from vacant positions and employee turnover, and the use of salaries and wages savings by funding source for other purposes, including accrued leave payouts, salary increases in addition to general salary increases provided by the sixty-ninth legislative assembly, bonuses, incentive or location pay adjustments, reclassifications, temporary salaries or

overtime in excess of amounts provided by the sixty-ninth legislative assembly, or other items.

6. The office of management and budget shall report to each meeting of the budget section regarding the status of funding in each executive branch state agency's new and vacant FTE pool line item; vacant positions, employee turnover, and savings from vacant positions and employee turnover by agency; and uses of savings from vacant positions and employee turnover for other purposes by agency.
7. The provisions of section 54-27-10 do not apply to the salaries and wages line item of appropriations approved by the sixty-ninth legislative assembly, for the biennium beginning July 1, 2025, and ending June 30, 2027.
8. An executive branch state agency may request a deficiency appropriation from the seventieth legislative assembly if the funding in the agency's new and vacant FTE pool line item is insufficient to provide the necessary salaries and wages funding for the biennium.

SECTION 16. AMENDMENT. Section 57-51.1-07.5 of the North Dakota Century Code is amended and reenacted as follows:

57-51.1-07.5. State share of oil and gas taxes - Deposits.

From the revenues designated for deposit in the state general fund under chapters 57-51 and 57-51.1, the state treasurer shall deposit the revenues received each biennium in the following order:

1. The first two hundred thirty million dollars into the state general fund;
2. The next two hundred fifty million dollars into the social service fund;
3. The next seventy-five million dollars into the budget stabilization fund, but not in an amount that would bring the balance in the fund to more than the limit in section 54-27.2-01;
4. The next two hundred thirty million dollars into the state general fund;
5. The next ten million dollars into the lignite research fund;
6. The next twenty million dollars into the state disaster relief fund, but not in an amount that would bring the unobligated balance in the fund to more than twenty million dollars;

7. The next ~~four hundred million~~two hundred seventy million dollars into the strategic investment and improvements fund;
8. The next sixty-five million dollars to the public employees retirement fund for the main system plan;
9. The next fifty-nine million seven hundred fifty thousand dollars, or the amount necessary to provide for twice the amount of the distributions under subsection 2 of section 57-51.1-07.7, into the funds designated for infrastructure development in non-oil-producing counties under sections 57-51.1-07.7 and 57-51.1-07.8 with fifty percent deposited into the municipal infrastructure fund and fifty percent deposited into the county and township infrastructure fund;
10. The next ~~one hundred seventy million two hundred fifty thousand~~two hundred twenty million two hundred fifty thousand dollars or the amount necessary to provide a total of ~~two hundred thirty million~~two hundred eighty million dollars into the funds designated for infrastructure development in non-oil-producing counties under sections 57-51.1-07.7 and 57-51.1-07.8 with fifty percent deposited into the municipal infrastructure fund and fifty percent deposited into the county and township infrastructure fund;
11. The next twenty million dollars into the airport infrastructure fund; and
12. Any additional revenues into the strategic investment and improvements fund.

SECTION 17. REPEAL. Section 11-38-08 of the North Dakota Century Code is repealed.

SECTION 18. EXEMPTION - FISCAL MANAGEMENT. The amount appropriated for the fiscal management division, as contained in section 1 of chapter 640 of the 2023 Special Session Session Laws is not subject to the provisions of section 54-44.1-11. Any unexpended funds from this appropriation are available for continued development and operating costs of the statewide systems, including accounting, management, and payroll, during the biennium beginning July 1, 2025, and ending June 30, 2027.

SECTION 19. EXEMPTION - UNEXPENDED APPROPRIATIONS. The following appropriations are not subject to the provisions of section 54-44.1-11 and may be continued into the biennium beginning July 1, 2025, and ending June 30, 2027:

1. The sum of $500,000 appropriated from the strategic investment and improvements fund in section 1 and identified in section 2 of chapter 40 of the 2019 Session Laws

and continued into the 2021-23 biennium pursuant to chapter 42 of the 2021 Session Laws and continued into the 2023-25 biennium pursuant to chapter 640 of the 2023 Special Session Session Laws for an assessment of state facilities.

2. The sum of $3,659,555 appropriated from federal funds in section 1 and identified in section 2 of chapter 640 of the 2023 Special Session Session Laws for governor's emergency education relief program.

3. The sum of $4,000,000 from the capitol building fund in section 1 and identified in section 2 of chapter 640 of the 2023 Special Session Session Laws for the window replacement project.

4. The sum of $2,500,000 appropriated from the general fund in section 1 and identified in section 2 of chapter 640 of the 2023 Special Session Session Laws for space utilization improvements.

5. The sum of $20,000,000 appropriated from the strategic investment and improvements fund in section 1 and identified in section 2 of chapter 640 of the 2023 Special Session Laws for the boiler replacement project and water mitigation at the liberty memorial building.

6. The sum of $400,000 appropriated from the general fund in section 1 and identified in section 2 of chapter 640 of the 2023 Special Session Session Laws for the procurement automation project.

SECTION 20. EMERGENCY. Section 7 of this Act is declared to be an emergency measure.

PROPOSED AMENDMENTS TO FIRST ENGROSSMENT

ENGROSSED HOUSE BILL NO. 1012

Introduced by

Appropriations Committee

A BILL for an Act to provide an appropriation for defraying the expenses of various divisions of the department of health and human services; to create and enact a new section to chapter 6-09 of the North Dakota Century Code, relating to an extraordinary medical needs housing loan fund; to amend and reenact sections 50-06-06.6, 50-06-42, 50-24.5-02.3, and 50-33-05, and subsection 1 of 50-36-03 of the North Dakota Century Code and subsection 6 of the new section to chapter 54-07 of the North Dakota Century Code created in section 1 of Senate Bill No. 2176, as approved by the sixty-ninth legislative assembly, relating to leases of department of health and human services property, substance use disorder treatment program, basic care payment rates, ~~and~~ state of residence for child care assistance, opioid settlement advisory committee, and children's cabinet; to provide for a transfer; to authorize a line of credit; to provide legislative intent; to provide for a legislative management study; to provide an application; to provide an exemption; to provide for a report; and to provide an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. APPROPRIATION. The funds provided in this section, or so much of the funds as may be necessary, are appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, and from other funds derived from special funds and federal funds, to the department of health and human services for the purpose of defraying the expenses of its various divisions, for the biennium beginning July 1, 2025, and ending June 30, 2027, as follows:

SECTION 3. FUNDING TRANSFERS - EXEMPTION - AUTHORIZATION - REPORT. Notwithstanding section 54-16-04, the director of the office of management and budget shall transfer appropriation authority between line items within subdivisions 1, 2, 3, 4, 5, and 6 of section 1 of this Act and any other appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly, for the biennium beginning

July 1, 2025, and ending June 30, 2027, as requested by the department of health and human services. The department of health and human services shall notify the legislative council of any transfer made pursuant to this section. The department of health and human services shall report to the budget section after June 30, 2026, any transfer made in excess of $50,000 and to the appropriations committees of the seventieth legislative assembly regarding any transfers made pursuant to this section.

SECTION 4. FULL-TIME EQUIVALENT POSITION BLOCK GRANT PROGRAM - REPORT. Section 1 of this Act includes funding for a full-time equivalent position block grant program. This funding as approved by the sixty-ninth legislative assembly is available for defraying the expense of full-time equivalent positions as determined by the department of health and human services. Notwithstanding any other provision of law, the department is authorized to increase or decrease authorized full-time equivalent positions subject to the availability of funds and the provisions of this section. The department of health and human services many not increase full-time equivalent positions for the purpose of transferring human service zone employees to state employment. Pursuant to section 3 of this Act, the department is authorized to transfer appropriation authority of up to the underfunded amount of ~~$30,000,000~~$6,307,309 to the salaries and wages block grant line item. The department of health and human services shall report to the office of management and budget and legislative council any adjustments to full-time equivalent positions.

SECTION 5. DEPARTMENT OF HEALTH AND HUMAN SERVICES - SALARIES AND WAGES BLOCK GRANT - VACANT POSITIONS - REPORT. The department of health and human services shall report to the budget section quarterly during the 2025-26 interim regarding the status of its salaries and wages block grant and vacant positions and employee turnover. The report must include:

1. The legislative appropriation for salaries and wages allocated by the department to major department programs by funding source and the number of full-time equivalent positions the department is allocating to each major program based on the legislative appropriation;
2. Any changes to salaries and wages funding or full-time equivalent positions allocated to major department programs;

3. Any new full-time equivalent positions added, the cost of the position for the remainder of the biennium, and the cost to continue funding the position in the subsequent biennium by funding source;
4. Any full-time equivalent positions removed and related funding;
5. The number of full-time equivalent positions that become vacant and the number filled each month;
6. The number of vacant full-time equivalent positions at the end of each month;
7. Salaries and wages savings resulting from vacant positions and employee turnover each month by funding source; and
8. The use of salaries and wages savings for other purposes for each month by funding source.

SECTION 6. BEHAVIORAL HEALTH FACILITY GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION.

1. Section 1 of this Act includes the sum of ~~$12,960,000~~$5,000,000 from the strategic investment and improvements fund for a behavioral health facility grant pursuant to this section.
2. ~~A grant of $12,960,000 must be provided to establish a behavioral health facility in the northeast human service region. The grant recipient must provide matching funds of $3,240,000 to establish the facility.~~
~~3.~~ The department shall require an entity receiving funding under this section to operate the facility for at least ten years and require the grant amount to be repaid if the entity does not operate the facility for at least ten years.
~~4.~~3. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 7. INFANT AND TODDLER CARE PROVIDER SUPPORT DIRECT PAYMENT - ONE-TIME - REPORT. Section 1 of this Act includes the sum of $13,500,000 of one-time funding from the general fund for direct payments to licensed child care providers to support high-quality early childhood care for infants and toddlers. The department shall administer the direct payment program and include the following provisions:

1. To qualify for a direct payment under this section, a direct payment recipient must:
   a. Be a licensed child care facility within the state of North Dakota;

b. Be enrolled in the state's bright and early quality rating system at a two-star, three-star, or four-star rating level; and

c. Provide care for children from birth through three years of age.

2. Eligible providers may receive up to $300 per month for each child from birth through seventeen months of age and up to $180 per month for each child from eighteen through thirty-six months of age.

3. The department shall distribute the direct payments on a quarterly basis. Direct payments may not be used for non-child care-related expenses or debt repayment.

4. Direct payment recipients shall submit annual reports to the department detailing fund usage, enrollment statistics, and other information requested by the department.

5. The department shall provide reports to the legislative management and to the appropriations committees of the seventieth legislative assembly on direct payments and the effectiveness of the program.

SECTION 8. INTERMEDIATE CARE FACILITY MEDICALLY AND BEHAVIORALLY COMPLEX SERVICES GRANT - APPLICATION. Section 1 of this Act includes the sum of $4,400,000 of one-time funding from the community health trust fund for providing a one-time grant to a licensed intermediate care facility in the south central human service region for providing services to children or young adults with medically and behaviorally complex conditions. To be eligible to receive the grant under this section, a licensed intermediate care facility must provide early intervention, clinical, and residential services, provide community and home support, education, recreation and leisure activities, and assistive technology; and provide services in at least eight communities for individuals with intellectual or developmental disabilities. The grant funds awarded may be used only for the costs of providing services to children and young adults with medically and behaviorally complex conditions. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 9. SPECIAL HEALTH CARE NEEDS GRANT - APPLICATION. Section 1 of this Act includes the sum of $50,000 from the general fund for providing a grant to a provider in the south central human service region for statewide education, information, training, and peer support to families with children with special health care needs, medically complex

conditions, or a disability. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 10. CRISIS SERVICES GRANTS - APPLICATION. Section 1 of this Act includes the sum of $585,000 from the general fund for providing crisis services grants. The grants include the sum of $300,000 for crisis organizations that provide crisis services to young adults who are at risk of being homeless or experiencing other serious adverse life events and the sum of $285,000 to a volunteer-based ecumenical ministry organization. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 11. MEDICAL HOUSING FOR INDIVIDUALS WITH EXTRAORDINARY MEDICAL NEEDS - ONE-TIME FUNDING.

1. Section 1 of this Act includes the sum of $200,000 from the general fund for the preliminary design consultation and project administration of developing housing for individuals with disabilities that have extraordinary medical needs and for rent subsidies for individuals residing in these housing facilities, for the biennium beginning July 1, 2025, and ending June 30, 2027.
2. The department of health and human services shall collaborate with the North Dakota housing finance agency, individuals with disabilities, caregivers, and families to solicit proposals for the development of accessible housing for individuals with disabilities that have extraordinary medical needs, for the biennium beginning July 1, 2025, and ending June 30, 2027. The department shall solicit proposals from public entities, for-profit organizations, and nonprofit organizations to design, construct, maintain, and operate the housing facility. Proposals must:
   a. Ensure that services in the facility may be provided separately from the facility ownership interests;
   b. Ensure that individuals residing in the facility may choose among independent living service providers; and
   c. Comply with the federal home and community-based settings rules as defined under 42 CFR 441.301(c)(4).

SECTION 12. COMMUNITY CULTURAL CENTER GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION. Section 1 of this Act includes the sum of

~~$1,000,000~~$300,000 from the strategic investment and improvements fund for the purpose of providing a one-time community cultural center programming grant in the west central human service region. An entity may apply for a grant under this section if the entity certifies to the department ~~it has secured at least fifty percent of funds needed to complete the project, the project will be completed within two years of receiving the grant funds, and the grants funds will be used only for costs of constructing a~~the funds will be used for programs within the community cultural center. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 13. JUVENILE JUSTICE DIVERSION SERVICES AND PROGRAMS - TASK FORCE - REPORT. Section 1 of this Act includes the sum of ~~$750,000~~$500,000 of one-time funding from the ~~general~~community health trust fund for juvenile justice diversion services and programs. The department of health and human services must use the funding for services to youth at risk of juvenile justice involvement but who have not committed delinquent acts as defined in chapter 27-20.4.

The department shall establish a task force with representation from divisions in the department, human service zones, the department of public instruction, elementary and secondary schools, and members of the legislative assembly, to review juvenile justice diversion services and program. The department shall report its findings and recommendations to the legislative management and children's cabinet.

~~**SECTION 9. ANIMAL SHELTER GRANT - COMMUNITY HEALTH TRUST FUND.** Section 1 of this Act includes the sum of $300,000 from the community health trust fund for a grant for the construction of an animal shelter. The department of health and human services may award a grant for the construction of an animal shelter to an organization that provides twenty dollars of nonstate matching funds for every dollar of grant funds received. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.~~

~~**SECTION 10. STATEWIDE HEALTH STRATEGIES - COMMUNITY HEALTH TRUST FUND.** Section 1 of this Act includes the sum of $750,000 of one-time funding from the community health trust fund for the statewide health strategies initiative. The department of health and human services may spend the funding upon securing dollar-for-dollar matching funds.~~

SECTION 14. OTHER FUNDS - INSURANCE TAX DISTRIBUTION FUND. The other funds line item in subdivision 5 of section 1 of this Act includes the sum of $1,125,000 from the insurance tax distribution fund for rural emergency medical services grants.

SECTION 15. OTHER FUNDS - COMMUNITY HEALTH TRUST FUND. The other funds line items in section 1 of this Act includes the sum of ~~$38,713,522~~$41,431,522 from the community health trust fund for the following purposes:

Loan repayment programs	$594,500
~~Tobacco and vaping programs~~	~~11,599,698~~
Tobacco prevention and control grants to local public health units	6,250,000
Tobacco prevention and control	4,549,698

~~Statewide health strategies~~	~~750,000~~
~~Total~~	~~$38,713,522~~
Total	$41,431,522

SECTION 16. OTHER FUNDS - HUMAN SERVICE FINANCE FUND. The other funds line items in section 1 of this Act includes the sum of ~~$239,112,030~~$242,112,030 from the human service finance fund for state-paid economic assistance and social and human services.

SECTION 17. OTHER FUNDS - OPIOID SETTLEMENT FUND. The other funds line item in section 1 of this Act includes the sum of $8,000,000 from the opioid settlement fund for opioid remediation and abatement efforts.

SECTION 18. OTHER FUNDS - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND. The other funds line items in section 1 of this Act includes the sum of ~~$227,474,784~~$18,446,784 from the strategic investment and improvements fund for the following purposes:

~~Retiring technology from the mainframe~~	~~$7,500,000~~
~~Move into the new state laboratory and purchase security equipment~~	~~2,962,304~~
~~Capital projects in human service centers and life skills and transition center~~	~~1,052,480~~
~~Housing initiative programs~~	~~1,000,000~~
~~Technology projects at the state hospital~~	~~1,000,000~~
~~New state hospital~~	~~200,000,000~~
~~Behavioral health facility grant~~	~~12,960,000~~
~~Community cultural center grant~~	~~1,000,000~~
~~Total~~	~~$227,474,784~~
Retiring technology from the mainframe	$5,000,000
New state laboratory move-in costs and security equipment purchases	2,962,304
Capital projects in certified community behavioral health clinics and life skills and transition center	1,684,480
Housing initiative programs	2,500,000
Technology projects at the state hospital	1,000,000
Behavioral health facility grant	5,000,000
Community cultural center grant	300,000
Total	$18,446,784

SECTION 19. OTHER FUNDS - BANK OF NORTH DAKOTA LINE OF CREDIT - ~~STATE HOSPITAL~~CHILD WELFARE TECHNOLOGY PROJECT. The other funds line item in subdivision 2 of section 1 of this Act includes ~~$130,000,000~~the sum of $8,411,218 from a Bank

of North Dakota line of credit. The department of health and human services may borrow up to ~~$130,000,000~~$8,411,218 through a line of credit from the Bank of North Dakota during the biennium beginning July 1, 2025, and ending June 30, 2027, for costs associated with ~~the construction of a new state hospital~~a child welfare technology project. The interest rate on the line of credit may not exceed the prevailing interest rate charged to North Dakota governmental entities. If the department accesses the line of credit, it shall request a deficiency appropriation from the seventieth legislative assembly to repay the line of credit.

SECTION 20. LABORATORY BUILDING STEERING COMMITTEE. The department of health and human services shall maintain the laboratory building steering committee to oversee the design and construction of the laboratory building project, for the biennium beginning July 1, 2025, and ending June 30, 2027, or until work is completed, whichever occurs earlier. The committee must include representation from the department of health and human services, department of environmental quality, office of management and budget, the governor's office, and the legislative assembly. The legislative assembly representation must include one member of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

SECTION 21. NEW STATE HOSPITAL - STEERING COMMITTEE. The department of health and human services shall establish a new state hospital facility steering committee to oversee the design and construction of a new state hospital facility, for the biennium beginning July 1, 2025, and ending June 30, 2027. The committee must include representation from the department of health and human services, office of management and budget, the governor's office, and the legislative assembly. The legislative assembly representation must include one member of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

SECTION 22. CAPITAL PAYMENTS. During the biennium beginning July 1, 2025, and ending June 30, 2027, the department of health and human services is authorized to expend funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center. Pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within

section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly. The department of health and human services may transfer funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center ahead of the special needs assessments schedule. Notwithstanding section 54-27-12, the department of health and human services may spend funds for the payment of special assessments at the state hospital and life skills and transition center.

SECTION 23. CAPITAL PROJECTS - EMERGENCY COMMISSION AND BUDGET SECTION APPROVAL. During the biennium beginning July 1, 2025, and ending June 30, 2027, pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly for capital projects and maintenance pertaining to operation of its facilities, including demolition projects. Notwithstanding section 54-27-12, the department of health and human services may spend up to $10,000,000 for capital projects and maintenance pertaining to operation of its facilities, including demolition projects, under this section and may seek emergency commission and budget section approval to spend more than $10,000,000 under this section.

SECTION 24. PERMANENT SUPPORTIVE HOUSING GRANTS. Section 1 of this Act includes the sum of $4,672,536 from the general fund for permanent supportive housing grants. The department of health and human services shall develop a funding methodology to distribute the funding to qualified entities that utilize best practices for permanent supportive housing, provide recovery-oriented and person-centered services, submit process and outcome measures to the department of health and human services, and authorize the department of health and human services to conduct onsite visits to review program operations.

SECTION 25. EXPENDITURES MAY NOT EXCEED APPROPRIATION - MEDICAL ASSISTANCE EXPANSION PROGRAM - APPLICATION.

1. Section 1 of this Act includes the sum of $662,099,340, of which $66,209,934 is from the general fund, for the medical assistance expansion program, for the biennium beginning July 1, 2025, and ending June 30, 2027. The expenditures for individuals eligible for the medical assistance expansion program may not exceed this amount.

2. The department of health and human services may exceed appropriations for increases in medical assistance expansion program caseload, for the addition of coverage consistent with the traditional Medicaid 1915(i) state plan, utilization rates, and reduction in federal medical assistance percentage.
3. The managed care organization under contract with the department of health and human services to manage the medical assistance expansion program shall reimburse providers within the same provider type and specialty at consistent levels and with consistent methodology and may not provide incentive, quality, or supplemental payments to providers, unless part of a value-based program approved by the department of health and human services. The managed care organization shall reimburse all North Dakota substance use providers of American society of addiction medicine level 2.5 at consistent levels and with consistent methodology. The managed care organization may consider urban and rural providers as different provider types.
4. The managed care organization and the department of health and human services shall ensure payments to Indian or Tribal 638 health care providers, federally qualified health centers,and rural health clinics meet the federally required minimum levels of reimbursement. Critical access hospitals may not be paid less than one hundred percent of Medicare allowable costs and human service centers may not be paid less than one hundred percent of the current traditional Medicaid rate. Behavioral health services involving partial hospitalization, intensive outpatient, professional services, and residential behavioral health services provided in facilities that are not institutions for mental diseases are not subject to the provisions in subsection 6.
5. The department of health and human services shall ensure providers within the same provider type and specialty are reimbursed at consistent levels and with consistent methodology and shall ensure the capitation rates under risk contracts are actuarially sound and are adequate to meet managed care organization contractual requirements regarding availability of services, assurance or adequate capacity and services, and coordination and continuity of care.
6. Except for the provisions in subsection 4, managed care organization premium payments must be built using the assumption that rates paid to providers under the

medical assistance expansion program may not exceed one hundred forty-five percent of Medicare reimbursement rates paid to providers on January 1, 2025.

SECTION 26. HUMAN SERVICE CENTERS - CERTIFIED COMMUNITY BEHAVIORAL HEALTH CLINICS - FULL-TIME EQUIVALENT POSITIONS - REPORT. The department of health and human services shall continue the process of the human service centers becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults. The department of health and human services shall pursue additional federal funding as available. Subject to the availability of generated income, the department of health and human services may add full-time equivalent positions for the clinics to provide direct services for the period beginning with the effective date of this Act and ending June 30, 2027. The department of health and human services shall report to the office of management and budget and legislative council each time a position is added.

SECTION 27. INTERMEDIATE CARE FACILITY MORATORIUM. The department of health and human services may not add any new licensed intermediate care facility for individuals with intellectual disabilities beds to the state's licensed bed capacity between July 1, 2025, and June 30, 2027.

SECTION 28. EXEMPTION - UNEXPENDED APPROPRIATIONS. The following appropriations are not subject to the provisions of section 54-44.1-11 and any unexpended appropriation authority may be continued into the biennium beginning July 1, 2025, and ending June 30, 2027:

1. The sum of $3,674,757 appropriated from the general fund and the sum of $25,918,566 appropriated from federal funds for the Medicaid management information system modularization technology project in chapter 12 of the 2021 Session Laws;
2. The sum of ~~$14,411,218~~$6,000,000 appropriated from the general fund and the sum of $14,411,218 appropriated from federal funds for the child welfare technology project in chapter 12 of the 2021 Session Laws;
3. The sum of $20,366,271 appropriated from the community health trust fund and the sum of $39,534,525 appropriated from federal funds for the child support computer replacement project in chapter 44 of the 2023 Session Laws;

4. The sum of $10,989,217 appropriated from the strategic investment and improvements fund for the procurement and grants management system in chapter 44 of the 2023 Session Laws;
5. The sum of $4,150,000 appropriated from the general fund for defraying the expenses of additional human service centers to begin the process of becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults in chapter 44 of the 2023 Session Laws;
6. The sum of $18,941,847 appropriated to the department of health and human services in chapter 549 of the 2021 Special Session Laws;
7. The sum of $55,120,000 appropriated from the federal state fiscal recovery fund for a public health laboratory capital project in chapter 4 of the 2023 Session Laws;
8. The sum of ~~$5,000,000~~$1,000,000 appropriated from the general fund for the purpose of employer-led child care cost-share program in chapter 446 of the 2023 Session Laws;
9. The sum of $986,555 appropriated from the general fund for the purpose of streamlining background checks project in chapter 446 of the 2023 Session Laws;
10. The sum of ~~$2,223,981~~$1,000,000 appropriated from the federal state fiscal recovery fund for the implementation of a virtual behavioral health crisis care program for rural law enforcement in chapter 44 of the 2023 Session Laws; and
11. The sum of $500,000 appropriated from the general fund and the sum of $500,000 appropriated from federal funds for the purpose of program integrity audits in chapter 44 of the 2023 Session Laws.
12. The sum of $1,950,000 appropriated from the general fund to the department of health and human services for a northwest human service region behavioral health facility grant in chapter 44 of the 2023 Session Laws.

SECTION 29. LEGISLATIVE INTENT - UTILIZATION RATE ADJUSTMENT. It is the intent of the sixty-ninth legislative assembly that the department of health and human services seek a deficiency appropriation from the seventieth legislative assembly for any expenditures that exceed appropriated amounts as a result of underfunding, utilization rates, value-based purchasing for nursing facilities, reduction in federal medical assistance percentage, and

unexpected contract cost increases that exceed ten percent, during the biennium beginning July 1, 2025, and ending June 30, 2027, if funding is not sufficient to pay actual expenses.

SECTION 30. LEGISLATIVE INTENT - PROVIDER RATE INCREASE. Except as otherwise noted, section 1 of this Act includes funding for human service provider inflation increases of two percent for ~~each year~~the first year and one and one-half percent the second year of the biennium beginning July 1, 2025, and ending June 30, 2027. The provider inflation increase in this section does not apply to nursing facilities.

~~**SECTION 29. LEGISLATIVE INTENT - DEVELOPMENTAL DISABILITIES PROVIDER ACCREDITATION REQUIREMENT.** It is the intent of the sixty-ninth legislative assembly that the department of health and human services eliminate its administrative rule requirement that providers of developmental disabilities services be accredited as a condition of being eligible for receiving payments for services from the department of health and human services.~~

SECTION 31. LEGISLATIVE INTENT - MEDICAL ASSISTANCE. It is the intent of the sixty-ninth legislative assembly that the department of health and human services review the amount, duration, coverage, utilization rates, medical necessity, and scope of medical assistance services, and ~~may implement any adjustments the department determines appropriate~~report any findings and recommendations to the seventieth legislative assembly.

SECTION 32. FEDERAL FUNDING APPEAL LIMITATION. Except as otherwise specifically provided by federal law, a person may not appeal a denial, revocation, reduction in services or payment, or the termination of a program or service by the department of health and human services dues to the unavailability of federal coronavirus funding received under federal law resulting from the federal coronavirus pandemic emergency declarations, for the biennium beginning July 1, 2025, and ending June 30, 2027.

SECTION 33. DEPARTMENT OF HEALTH AND HUMAN SERVICES - LONG-TERM STRUCTURED RESIDENCES PLAN - REPORT. During the 2025-26 interim, the department of health and human services shall review options and develop a plan to establish long-term structured residences. The department shall review necessary changes to statutes, rules, policies, and the estimated fiscal impact of establishing the residences. A long-term structured residence must be a highly structured therapeutic residential mental health treatment facility that is staffed continuously and designed to treat adults under chapters 12.1-04.1 and 25-03.1 who have severe and persistent mental illness and who have reached the maximum benefit

from the mental health resources available elsewhere in the community or hospital. The department shall present a report to the legislative management by October 1, 2026, regarding its plan to establish long-term structured residences.

SECTION 34. A new section to chapter 6-09 of the North Dakota Century Code is created and enacted as follows:

Extraordinary medical needs housing loan fund - Continuing appropriation.

1. The Bank of North Dakota shall administer a loan program to provide loans for new construction projects to provide housing for individuals with disabilities that have extraordinary medical needs. A construction project may include a land purchase and the construction costs of the project. The applicant must comply with project requirements as approved by the department of health and human services and the North Dakota housing finance agency.
2. The extraordinary medical needs housing loan fund is a special fund maintained in the state treasury from which the Bank shall provide loans under this section. The fund consists of revenues transferred under legislative authorization, interest upon moneys in the fund, and collections of interest and principal on loans made from the fund. All moneys in the fund are appropriated on a continuing basis to the Bank for the purpose of providing loans under this section.
3. The developer of the housing facility for individuals with disabilities that have extraordinary medical needs may submit an application to the Bank for a loan. The application must:
   a. Provide detail on the proposed construction project and its compliance with the department of health and human services and the North Dakota housing finance agency requirements;
   b. Demonstrate the need and long-term viability of the project; and
   c. Include financial information the Bank determines appropriate to verify eligibility.
4. A loan approved under this section:
   a. May not exceed three million three hundred thousand dollars for a project;
   b. Must have an interest rate that does not exceed two percent; and
   c. Must have a repayment schedule of no longer than twenty years.

5. A recipient of a loan under this section shall complete the financed construction project within twenty-four months of the approval of the loan. Failure to comply with this subsection may result in forfeiture of the entire loan received under this section.

6. The Bank shall deposit in the fund all principal and interest paid on the loans made from the fund. The Bank may deduct from interest payments a service fee for costs of administering the loan program. The fund must be audited annually pursuant to section 6-09-29 and the cost of the audit and any other actual costs incurred by the Bank on behalf of the fund must be paid from the fund.

SECTION 35. AMENDMENT. Section 50-06-06.6 of the North Dakota Century Code is amended and reenacted as follows:

50-06-06.6. Department may lease real and personal property.

The commissioner of the department or commissioner's designee may lease ~~surplus farm and pastureland at the state hospital and the life skills and transition center. The commissioner or designee also may enter into further leases of~~ real or personal property at the life skills and transition center or the state hospital upon a specific finding that the granting of each such leasehold interest will result in a net economic gain for the department, taking into account all identifiable costs. Any lease of space for the purpose of providing child care services must meet requirements as determined by the department. The commissioner of the department or commissioner's designee may prescribe the terms and conditions of any leases entered into pursuant to this section and may renew existing leases. ~~Any~~The term of any lease ~~entered into must be subject to renewal or cancelable each biennium~~may not exceed ninety-nine years.

SECTION 36. AMENDMENT. Section 50-06-42 of the North Dakota Century Code is amended and reenacted as follows:

50-06-42. Substance use disorder treatment voucher system - Mental health treatment voucher system for incarcerated individuals.

~~1.~~ The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's substance abuse treatment system and to assist in the payment of addiction treatment services and medical costs provided by licensed substance abuse treatment programs, excluding regional human service centers and hospital- or medical clinic-based programs for medical management of withdrawal.

~~a.~~1. An out-of-state licensed substance abuse treatment program located within a bordering state may participate in the voucher program to serve an underserved area of this state pursuant to the rules adopted by the department. The department shall develop rules to include processes and requirements for an out-of-state provider to receive reimbursement only for outpatient and community-based services upon a provider completing an assessment of need and receiving approval from the department.

2.~~b.~~ Services eligible for the voucher program include only those levels of care recognized by the American society of addiction medicine, with particular emphasis given to underserved areas and programs. The department shall ensure that a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers collects and reports process and outcome measures.

3.~~c.~~ The department shall develop requirements and provide training and technical assistance to a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers. A licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers shall provide evidence-based services.

4.~~d.~~ The department shall allocate funding appropriated for the substance use disorder treatment voucher as follows:

~~a.~~ ~~No~~

~~(1)~~a. Except as provided in ~~paragraphs 3 and 4~~subdivisions c and d, no more than ~~forty-five~~fifty percent of the appropriated amount may be allocated for residential substance use disorder services administered by licensed substance abuse treatment programs with more than sixteen beds.

b.~~(2)~~ The remaining appropriation must be allocated for residential programs with sixteen or fewer beds, nonresidential outpatient, and ancillary substance use disorder services administered by licensed substance abuse treatment programs.

~~(3)~~c. The department, during the last quarter of the biennium, may reallocate projected unused funds that were allocated under paragraph 2 to residential facilities outlined in paragraph 1.

~~(4)~~d. The department may reimburse a licensed substance abuse treatment program with more than sixteen beds the incurred direct medical costs of an eligible individual who does not have resources to cover the medical costs. The department may develop rules and may not exceed the total amount appropriated for medical cost reimbursement.

~~2. The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's mental health treatment system for individuals detained or confined in a county jail or detention center or regional corrections center and to assist in the payment of mental health treatment services provided by a licensed mental health professional acting within their scope of practice, excluding a regional human service center.~~

~~a. Services eligible for the voucher program include only diagnostic assessment and mental health therapy for individuals with a mental health concern detained or confined in a county jail or detention center or regional corrections center. The department shall ensure that a licensed mental health professional accepting vouchers collects and reports process and outcome measures.~~

~~b. The department shall develop requirements and provide training and technical assistance to licensed mental health professionals accepting vouchers. A licensed mental health professional shall provide evidence-based services.~~

SECTION 37. AMENDMENT. Section 50-24.5-02.3 of the North Dakota Century Code is amended and reenacted as follows:

50-24.5-02.3. Basic care payment rates.

1. The department shall determine limits for the care of residents of basic care facilities that qualify as vendors of an aged, blind, and disabled persons program and for implementing provisions of this chapter based on data demonstrating the most recent costs that must be incurred for the care of residents in efficiently and economically operated basic care facilities. The department shall determine the limits every four years by July first, beginning with July 1, 2023.
2. The department shall establish the limits by using the median rates from the most recent data available. The direct care limit must be the median plus eighteen percent. The indirect care limit must be the median plus twelve percent.

3. For the rate year beginning July 1, 2023, the department shall increase rates and limits three and one-half percent for inflation. For the rate year beginning July 1, 2024, the department shall increase rates and limits three and one-half percent for inflation.
4. The department shall provide a rate increase in the amount of five dollars per day for the period beginning July 1, 2023, and ending June 30, ~~2025~~2027, after which the increase is not effective. This rate increase may not be included in any calculation of inflation increase.
5. Within the limits of legislative appropriations, the department shall establish an uncompensated care expense of three hundred sixty-five days.

SECTION 38. AMENDMENT. Section 50-33-05 of the North Dakota Century Code is amended and reenacted as follows:

50-33-05. State of residence.

Only child care assistance units physically residing within the boundaries of the state are eligible for child care assistance, unless the individual is employed by an early childhood program within the boundaries of the state and the individual has been approved for the state's child care assistance child care workforce benefit.

SECTION 39. AMENDMENT. Subsection 1 of section 50-36-03 of the North Dakota Century Code is amended and reenacted as follows:

1. The committee is composed of:
   a. One member of the North Dakota association of counties appointed by the chairman of the legislative management, who shall serve a term of two years.
   b. One member of the North Dakota league of cities appointed by the chairman of the legislative management, who shall serve a term of two years.
   c. One member of the North Dakota state association of city and county health officials appointed by the chairman of the legislative management, who shall serve a term of two years.
   d. One member who represents the highway patrol appointed by the highway patrol superintendent, who shall serve a term of two years.
   e. The executive director of the department's division of behavioral health.
   f. ~~The managing director of the office of recovery reinvented~~One member in recovery appointed by the governor.

g. One member appointed by the governor who shall serve as a nonvoting member and as the presiding officer of the committee, who shall serve a term of two years.

SECTION 40. AMENDMENT. Subsection 6 of the new section to chapter 54-07 of the North Dakota Century Code, as created by section 1 of Senate Bill No. 2176, as approved by the sixty-ninth legislative assembly, is amended and reenacted as follows:

6. a. The office of the governor shall provide staffing and administrative services for the children's cabinet and coordinate with other designated working groups on children and family issues.

b. The governor or the governor's designee serving on the cabinet may appoint a representative to serve in that official's capacity at a meeting if the governor or governor's designee is unable to attend.

SECTION 41. HOUSING AVAILABILITY ASSESSMENT - COLLABORATION WITH HOUSING FINANCE AGENCY. The department of health and human services shall collaborate with the North Dakota housing finance agency and other appropriate stakeholders to assess the availability of housing for individuals requiring extraordinary health care support services, for the biennium beginning July 1, 2025, and ending June 30, 2027. Based on the results of the assessment, if necessary, the department shall develop a plan to expand access to housing providing the least restrictive environment for individuals requiring extraordinary health care support services.

SECTION 42. BEHAVIORAL HEALTH CLINICS, NORTH DAKOTA STATE HOSPITAL, AND LIFE SKILLS AND TRANSITION CENTER FUNDING. Section 1 of this Act includes funding for the behavioral health clinics, North Dakota state hospital, and life skills and transition center as follows:

1. Behavioral health clinics:
   a. Salaries and wages ~~$156,967,103~~$177,840,942
   b. Operating and capital ~~64,131,965~~56,945,408
   c. Total ~~$221,099,068~~$234,786,350
2. State hospital:
   a. Salaries and wages ~~$68,775,551~~$70,477,378
   b. Operating and capital ~~350,880,155~~20,880,155

c. Total ~~$419,655,706~~$91,357,533

3. Life skills and transition center:

a. Salaries and wages ~~$55,540,213~~$56,284,356

b. Operating and capital ~~15,207,658~~15,207,658

c. Total ~~$70,747,871~~$71,492,014

SECTION 43. LEGISLATIVE MANAGEMENT STUDY - STUDENT TRUANCY AND ABSENTEEISM. The legislative management shall consider studying, during the 2025-26 interim, truancy and student absenteeism in kindergarten through grade twelve public schools. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 44. LEGISLATIVE MANAGEMENT STUDY - OBESITY HEALTH IMPLICATIONS. The legislative management shall consider studying, during the 2025-26 interim, the health implications of obesity on the residents of the state and options to increase access to prevention and treatments for obesity. If conducted, the study must review costs associated with obesity including comorbidities, treatments available for obesity, obesity diagnosis guidelines including use of body mass index compared with percentage of body fat, and examining the difference between being an individual who is healthy and overweight as compared to an obese individual. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 45. LEGISLATIVE MANAGEMENT STUDY - MATERNAL HEALTH SERVICES - ACCESS AND WORKFORCE.

1. During the 2025-26 interim, the legislative management shall consider studying access to maternal health services. The study must include:
   a. Consideration of the availability of prenatal and childbirth services, including provider shortages and service use.
   b. Development of strategies to increase the number of obstetricians, family doctors, and midwives providing maternal health services in this state.
   c. A review of coverage and reimbursement for doulas and midwives, including training and certification needs.

d. Consideration of insurance and public policy options to improve maternal health outcomes, including through the Medicaid program.

e. Input from health care providers, insurers, public health officials, and maternal health experts.

2. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 46. LEGISLATIVE INTENT - LIFE SKILLS AND TRANSITION CENTER. It is the intent of the sixty-ninth legislative assembly that during the 2025-26 interim, the department of health and human services review the facilities and land at the life skills and transition center to identify the portions of the life skills and transition center campus that are necessary for delivery of services and the portions of the campus that could be conveyed to a local government or related public or not-for-profit community development entity to redevelop to optimize local community development goals and the successful operation of the life skills and transition center. It is further the intent of the legislative assembly that the department of health and human services present any request to convey any portions of the campus to the seventieth legislative assembly.

SECTION 47. DISABILITY SERVICE ACCREDITATION STUDY - LEGISLATIVE MANAGEMENT REPORT. During the 2025-26 interim, the department of health and human services shall study accreditation requirements and provider costs for serving individuals with intellectual and developmental disabilities, including the cost of accreditation relative to the cost of providing services and reimbursement. The department shall report its findings and recommendations, together with any legislation necessary to implement recommendations to the legislative management by September 1, 2026.

SECTION 48. VALUE-BASED CARE INCENTIVE PROGRAM - PAYMENT WITHHOLD FOR NURSING FACILITIES - COLLABORATION WITH NORTH DAKOTA LONG TERM CARE ASSOCIATION. During the 2025-26 interim, the department of health and human services, in collaboration with the North Dakota long term care association, shall develop a payment withhold structure for value-based payments to provide funding for the value-based care incentive program for nursing facilities. The department shall implement the payment

withhold beginning July 1, 2027. The department may not implement a payment withhold before July 1, 2027.

SECTION 49. LEGISLATIVE MANAGEMENT STUDY- DISABILITY SERVICES.

1. During the 2025-26 interim, the legislative management shall study the efficiency, effectiveness, and outcomes of developmental disability services provided by the department of health and human services. The study must include:
   a. A review of the approval process, an analysis of accountability measures, an assessment of gaps in services, and an evaluation of overall program management.
   b. An assessment of whether the department is effectively managing cases and complying with federal law in the provision of support and services to individuals with disabilities.
   c. Input from advocates, clients from the disability community, zone directors, service providers, and health care providers who serve individuals with disabilities.
   d. Collaboration with the cross-disability advisory council.
2. The legislative council may contract with a consultant with expertise in the provision of developmental disability services to assist in the study.
3. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 50. APPROPRIATION - COMMUNITY HEALTH TRUST FUND - LEGISLATIVE COUNCIL - DISABILITY SERVICES - ONE-TIME FUNDING. There is appropriated out of any moneys in the community health trust fund, not otherwise appropriated, the sum of $150,000, or so much of the sum as may be necessary, to the legislative council for the purpose of contracting for consulting services for a disability services study, for the biennium beginning July 1, 2025, and ending June 30, 2027. The appropriation in this section is considered a one-time funding item.

SECTION 51. LEGISLATIVE MANAGEMENT REPORT - BEHAVIORAL HEALTH FACILITY GRANTS. During the 2025-26 interim the department of health and human services

shall provide reports to the legislative management regarding the award of grant funding to increase the number of behavioral health beds in the state.

SECTION 52. EFFECTIVE DATE. Section ~~33~~36 of this Act becomes effective on July 1, 2026.

SECTION 53. EFFECTIVE DATE. Section 7 of this Act becomes effective on January 1, 2026.

2025 HOUSE STANDING COMMITTEE MINUTES

Appropriations - Human Resources Division
Roughrider Room, State Capitol

HB 1012
4/30/2025
Conference Committee

A BILL for an Act to provide an appropriation for defraying the expenses of various divisions of the department of health and human services; to provide an exemption; and to provide for a report.

1:02 p.m. Chairman J. Nelson called the meeting to order.

Members Present: Chairman J. Nelson, Representatives: O'Brien, Mitskog, Chairman Dever, Senators: Davison, Cleary.

Discussion Topics:

- Committee Action

1: 02 p.m. Chairman Nelson discussed proposed amendment LC# 25.0156.02051, #45336.

1:08 p.m. Representative O'Brien moved amendment LC# 25.0156.02051, #45336.

1:08 p.m. Senator Dever seconded.

1;13 p.m. Roll call vote.

1:13 p.m. Motion failed 4-2-0.

1:14 p.m. Senator Cleary moved the House accept the Senate Amendment of $300,000 grant for Cultural Center Programing onetime funding from Community Health Trust Fund, #45337.

Fiscal No. 2

Prepared by the Legislative Council staff for Conference Committee

May 1, 2025

Sixty-ninth
Legislative Assembly
of North Dakota

PROPOSED AMENDMENTS TO FIRST ENGROSSMENT

VC 5/1/25
1 of 44

ENGROSSED HOUSE BILL NO. 1012

Introduced by

Appropriations Committee

In place of amendment (25.0156.02028) adopted by the Senate, Engrossed House Bill No. 1012 is amended by amendment (25.0156.02035) as follows:

A BILL for an Act to provide an appropriation for defraying the expenses of various divisions of the department of health and human services; to create and enact a new section to chapter 6-09 of the North Dakota Century Code, relating to an extraordinary medical needs housing loan fund; to amend and reenact sections 50-06-06.6, 50-06-42, 50-24.5-02.3, and 50-33-05, and subsection 1 of 50-36-03 of the North Dakota Century Code and subsection 6 of the new section to chapter 54-07 of the North Dakota Century Code created in section 1 of Senate Bill No. 2176, as approved by the sixty-ninth legislative assembly, relating to leases of department of health and human services property, substance use disorder treatment program, basic care payment rates, ~~and~~ state of residence for child care assistance, opioid settlement advisory committee, and children's cabinet; to provide for a transfer; to authorize a line of credit; to provide legislative intent; to provide for a legislative management study; to provide an application; to provide an exemption; to provide for a report; and to provide an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. APPROPRIATION. The funds provided in this section, or so much of the funds as may be necessary, are appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, and from other funds derived from special funds and federal funds, to the department of health and human services for the purpose of defraying the expenses of its various divisions, for the biennium beginning July 1, 2025, and ending June 30, 2027, as follows:

SECTION 3. FUNDING TRANSFERS - EXEMPTION - AUTHORIZATION - REPORT. Notwithstanding section 54-16-04, the director of the office of management and budget shall transfer appropriation authority between line items within subdivisions 1, 2, 3, 4, 5, and 6 of section 1 of this Act and any other appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly, for the biennium beginning July 1, 2025, and ending June 30, 2027, as requested by the department of health and human services. The department of health and human services shall notify the legislative council of any transfer made pursuant to this section. The department of health and human services shall report to the budget section after June 30, 2026, any transfer made in excess of $50,000 and to the appropriations committees of the seventieth legislative assembly regarding any transfers made pursuant to this section.

SECTION 4. FULL-TIME EQUIVALENT POSITION BLOCK GRANT PROGRAM - REPORT. Section 1 of this Act includes funding for a full-time equivalent position block grant program. This funding as approved by the sixty-ninth legislative assembly is available for defraying the expense of full-time equivalent positions as determined by the department of health and human services. Notwithstanding any other provision of law, the department is authorized to increase or decrease authorized full-time equivalent positions subject to the availability of funds and the provisions of this section. The department of health and human services many not increase full-time equivalent positions for the purpose of transferring human service zone employees to state employment. Pursuant to section 3 of this Act, the department is authorized to transfer appropriation authority of up to the underfunded amount of ~~$30,000,000~~$14,771,038 to the salaries and wages block grant line item. The department of health and human services shall report to the office of management and budget and legislative council any adjustments to full-time equivalent positions.

SECTION 5. DEPARTMENT OF HEALTH AND HUMAN SERVICES - SALARIES AND WAGES BLOCK GRANT - VACANT POSITIONS - REPORT. The department of health and human services shall report to the budget section quarterly during the 2025-26 interim regarding the status of its salaries and wages block grant and vacant positions and employee turnover. The report must include:

1. The legislative appropriation for salaries and wages allocated by the department to major department programs by funding source and the number of full-time equivalent

positions the department is allocating to each major program based on the legislative appropriation;

2. Any changes to salaries and wages funding or full-time equivalent positions allocated to major department programs;
3. Any new full-time equivalent positions added, the cost of the position for the remainder of the biennium, and the cost to continue funding the position in the subsequent biennium by funding source;
4. Any full-time equivalent positions removed and related funding;
5. The number of full-time equivalent positions that become vacant and the number filled each month;
6. The number of vacant full-time equivalent positions at the end of each month;
7. Salaries and wages savings resulting from vacant positions and employee turnover each month by funding source; and
8. The use of salaries and wages savings for other purposes for each month by funding source.

SECTION 6. BEHAVIORAL HEALTH FACILITY GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION.

1. Section 1 of this Act includes the sum of $12,960,000 from the strategic investment and improvements fund for a behavioral health facility grant pursuant to this section.
2. A grant of $12,960,000 must be provided to establish a behavioral health facility in the northeast human service region. The grant recipient must provide matching funds of $3,240,000 to establish the facility.
3. The department shall require an entity receiving funding under this section to operate the facility for at least ten years and require the grant amount to be repaid if the entity does not operate the facility for at least ten years.
4. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 7. APPROPRIATION - OFFICE OF GUARDIANSHIP AND CONSERVATORSHIP. There is appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, the sum of $3,266,178, or so much of the sum as may be necessary, to the office of guardianship and conservatorship, for the biennium beginning July 1,

2025, and ending June 30, 2027, for the purpose of providing guardianship services after March 30, 2026.

SECTION 8. TRANSFER - OFFICE OF GUARDIANSHIP AND CONSERVATORSHIP. Section 1 of this Act includes the sum of $3,266,177 from the general fund for guardianship programs. On April 1, 2026, the office of management and budget shall transfer any unspent appropriation authority for guardianship programs from the department of health and human services to the office of guardianship and conservatorship, for the biennium beginning July 1, 2025, and ending June 30, 2027.

SECTION 9. INFANT AND TODDLER CARE PROVIDER SUPPORT DIRECT PAYMENT - ONE-TIME - REPORT. Section 1 of this Act includes the sum of $11,000,000 of one-time funding from the general fund for direct payments to licensed child care providers to support high-quality early childhood care for infants and toddlers. The department shall administer the direct payment program and include the following provisions:

1. To qualify for a direct payment under this section, a direct payment recipient may not be currently receiving a child care assistance program infant/toddler bonus payment and must:
   a. Be a licensed child care facility within the state of North Dakota;
   b. Be enrolled in the state's bright and early quality rating system at a two-star, three-star, or four-star rating level; and
   c. Provide care for children from birth through three years of age.
2. Eligible providers may receive up to $200 per month for each child from birth through seventeen months of age and up to $115 per month for each child from eighteen through thirty-six months of age.
3. The department shall distribute the direct payments on a quarterly basis. Direct payments may not be used for non-child care-related expenses or debt repayment.
4. Direct payment recipients shall submit annual reports to the department detailing fund usage, enrollment statistics, and other information requested by the department.
5. The department shall provide reports to the legislative management and to the appropriations committees of the seventieth legislative assembly on direct payments and the effectiveness of the program.

SECTION 10. INTERMEDIATE CARE FACILITY MEDICALLY AND BEHAVIORALLY COMPLEX SERVICES GRANT - ONE-TIME - APPLICATION. Section 1 of this Act includes the sum of $4,400,000 of one-time funding from the community health trust fund for providing a one-time grant to a licensed intermediate care facility in the south central human service region for providing services to children or young adults with medically and behaviorally complex conditions. To be eligible to receive the grant under this section, a licensed intermediate care facility must provide early intervention, clinical, and residential services, provide community and home support, education, recreation and leisure activities, and assistive technology; and provide services in at least eight communities for individuals with intellectual or developmental disabilities. The grant funds awarded may be used only for the costs of providing services to children and young adults with medically and behaviorally complex conditions. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 11. SPECIAL HEALTH CARE NEEDS GRANT - APPLICATION. Section 1 of this Act includes the sum of $100,000 from the general fund for providing a grant to a provider in the south central human service region for statewide education, information, training, and peer support to families with children with special health care needs, medically complex conditions, or a disability. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 12. CRISIS SERVICES GRANTS - APPLICATION. Section 1 of this Act includes the sum of $585,000 from the general fund for providing crisis services grants, including the sum of $300,000 for crisis organizations that provide crisis services to young adults who are at risk of being homeless or experiencing other serious adverse life events and the sum of $285,000 to a volunteer-based ecumenical ministry organization. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 13. MEDICAL HOUSING FOR INDIVIDUALS WITH EXTRAORDINARY MEDICAL NEEDS - ONE-TIME FUNDING.

1. Section 1 of this Act includes the sum of $200,000 from the general fund for the preliminary design consultation and project administration of developing housing for individuals with disabilities that have extraordinary medical needs and for rent

subsidies for individuals residing in these housing facilities, for the biennium beginning July 1, 2025, and ending June 30, 2027.

2. The department of health and human services shall collaborate with the North Dakota housing finance agency, individuals with disabilities, caregivers, and families to solicit proposals for the development of accessible housing for individuals with disabilities that have extraordinary medical needs, for the biennium beginning July 1, 2025, and ending June 30, 2027. The department shall solicit proposals from public entities, for-profit organizations, and nonprofit organizations to design, construct, maintain, and operate the housing facility. Proposals must:
   a. Ensure that services in the facility may be provided separately from the facility ownership interests;
   b. Ensure that individuals residing in the facility may choose among independent living service providers; and
   c. Comply with the federal home and community-based settings rules as defined under 42 CFR 441.301(c)(4).

SECTION 14. BEHAVIORAL HEALTH FACILITY GRANT - GENERAL FUND - ONE-TIME - APPLICATION. Section 1 of this Act includes the sum of $1,500,000 appropriated from the general fund and section 29 of this Act continues unexpended appropriation authority of up to $1,950,000 appropriated from the general fund in chapter 44 of the 2023 Session Laws to provide a total of $3,450,000 for the purpose of providing a one-time behavioral health facility grant to establish a behavioral health facility in the northwest human service center region, for the biennium beginning July 1, 2025, and ending June 30, 2027. The department of health and human services shall include the following provisions relating to the grant award.

1. The grant recipient must provide matching funds of at least $1,750,000 to establish the facility.
2. The department shall require an entity receiving a grant under this section to operate the facility for at least ten years and require the grant amount to be repaid if the entity does not operate the facility for at least ten years.
3. To continue to receive the grant, the behavioral health facility grant recipient must:
   a. Enter a grant agreement or amendment or both with the department;

b. Provide and disclose information needed to comply with the department's datacollection requirements; and

c. Operate in compliance with grant requirements.

4. The department may recapture grant funds distributed to a grant recipient found by the department to be out of compliance with the requirements established for the grant program.

5. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section

SECTION 15. COMMUNITY CULTURAL CENTER GRANT - ~~STRATEGIC INVESTMENT AND IMPROVEMENTS~~COMMUNITY HEALTH TRUST FUND - APPLICATION. Section 1 of this Act includes the sum of ~~$1,000,000~~$300,000 from the ~~strategic investment and improvements~~community health trust fund for the purpose of providing a one-time community cultural center programming grant in the west central human service region. An entity may apply for a grant under this section if the entity certifies to the department ~~it has secured at least fifty percent of funds needed to complete the project, the project will be completed within two years of receiving the grant funds, and the grants funds will be used only for costs of constructing a~~the funds will be used for programs within the community cultural center. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 16. JUVENILE JUSTICE DIVERSION SERVICES AND PROGRAMS - TASK FORCE - REPORT. Section 1 of this Act includes the sum of $750,000 of one-time funding from the ~~general~~human services finance fund for juvenile justice diversion services and programs. The department of health and human services must use the funding for services to youth at risk of juvenile justice involvement but who have not committed delinquent acts as defined in chapter 27-20.4.

The department shall establish a task force with representation from divisions in the department, human service zones, the department of public instruction, elementary and secondary schools, and members of the legislative assembly, to review juvenile justice diversion services and program. The department shall report its findings and recommendations to the legislative management and children's cabinet.

~~**SECTION 9. ANIMAL SHELTER GRANT - COMMUNITY HEALTH TRUST FUND.** Section 1 of this Act includes the sum of $300,000 from the community health trust fund for a grant for the construction of an animal shelter. The department of health and human services may award a grant for the construction of an animal shelter to an organization that provides twenty dollars of nonstate matching funds for every dollar of grant funds received. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.~~

~~**SECTION 10. STATEWIDE HEALTH STRATEGIES - COMMUNITY HEALTH TRUST FUND.** Section 1 of this Act includes the sum of $750,000 of one-time funding from the community health trust fund for the statewide health strategies initiative. The department of health and human services may spend the funding upon securing dollar-for-dollar matching funds.~~

SECTION 17. OTHER FUNDS - INSURANCE TAX DISTRIBUTION FUND. The other funds line item in subdivision 5 of section 1 of this Act includes the sum of $1,125,000 from the insurance tax distribution fund for rural emergency medical services grants.

SECTION 18. OTHER FUNDS - COMMUNITY HEALTH TRUST FUND. The other funds line items in section 1 of this Act includes the sum of ~~$38,713,522~~$41,009,522 from the community health trust fund for the following purposes:

Loan repayment programs	$594,500
~~Tobacco and vaping programs~~	~~11,599,698~~
Tobacco prevention and control grants to local public health units	6,250,000
Tobacco prevention and control	4,549,698
Tobacco cessation grants	500,000
Youth vaping prevention grants	300,000
Cancer and women's way programs	909,824
Behavior risk state survey	200,000
Intermediate care facility grant	4,400,000
Domestic violence programs	4,250,000
Local public health grants	3,275,000
988 crisis hotline	1,867,500
~~Various information technology system upgrades~~	~~2,967,000~~

Various information technology system upgrades	1,335,000
Grants to rural ambulances	7,000,000
Law enforcement rural crisis support program	1,000,000
Development of partial hospitalization/intensive day treatment	2,000,000
Critical access hospital networking	2,000,000
~~Animal shelter grant~~	~~300,000~~
~~Statewide health strategies~~	~~750,000~~
~~Total~~	~~$38,713,522~~
Forensic examiner electronic records	278,000
Cultural center programming	300,000
Total	$41,009,522

SECTION 19. OTHER FUNDS - HUMAN SERVICE FINANCE FUND. The other funds line items in section 1 of this Act includes the sum of ~~$239,112,030~~$242,862,030 from the human service finance fund for state-paid economic assistance and social and human services.

SECTION 20. OTHER FUNDS - OPIOID SETTLEMENT FUND. The other funds line item in section 1 of this Act includes the sum of $8,000,000 from the opioid settlement fund for opioid remediation and abatement efforts.

SECTION 21. OTHER FUNDS - CHARITABLE GAMING OPERATING FUND. The other funds line item in section 1 of this Act includes the sum of $1,900,000 from the charitable gaming operating fund for domestic and sexual violence prevention.

SECTION 22. OTHER FUNDS - HEALTH CARE TRUST FUND. The other funds line item in section 1 of this Act includes the sum of $1,448,052 from the health care trust fund for the additional daily rate increase for basic care.

SECTION 23. OTHER FUNDS - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND. The other funds line items in section 1 of this Act includes the sum of ~~$227,474,784~~$22,106,784 from the strategic investment and improvements fund for the following purposes:

~~Retiring technology from the mainframe~~	~~$7,500,000~~
~~Move into the new state laboratory and purchase security equipment~~	~~2,962,304~~
~~Capital projects in human service centers and life skills and transition center~~	~~1,052,480~~
~~Housing initiative programs~~	~~1,000,000~~

~~Technology projects at the state hospital~~	~~1,000,000~~
~~New state hospital~~	~~200,000,000~~
~~Behavioral health facility grant~~	~~12,960,000~~
~~Community cultural center grant~~	~~1,000,000~~
~~Total~~	~~$227,474,784~~
Retiring technology from the mainframe	$2,500,000
New state laboratory move-in costs and security equipment purchases	2,962,304
Capital projects in certified community behavioral health clinics and life skills and transition center	1,684,480
Housing initiative programs	1,000,000
Technology projects at the state hospital	1,000,000
Behavioral health facility grant	12,960,000
Total	$22,106,784

SECTION 24. OTHER FUNDS - BANK OF NORTH DAKOTA LINE OF CREDIT - ~~STATE HOSPITAL~~CHILD WELFARE TECHNOLOGY PROJECT. The other funds line item in subdivision 2 of section 1 of this Act includes ~~$130,000,000~~the sum of $8,411,218 from a Bank of North Dakota line of credit. The department of health and human services may borrow up to ~~$130,000,000~~$8,411,218 through a line of credit from the Bank of North Dakota during the biennium beginning July 1, 2025, and ending June 30, 2027, for costs associated with ~~the construction of a new state hospital~~a child welfare technology project. The interest rate on the line of credit may not exceed the prevailing interest rate charged to North Dakota governmental entities. If the department accesses the line of credit, it shall request a deficiency appropriation from the seventieth legislative assembly to repay the line of credit.

SECTION 25. LABORATORY BUILDING STEERING COMMITTEE. The department of health and human services shall maintain the laboratory building steering committee to oversee the design and construction of the laboratory building project, for the biennium beginning July 1, 2025, and ending June 30, 2027, or until work is completed, whichever occurs earlier. The committee must include representation from the department of health and human services, department of environmental quality, office of management and budget, the governor's office, and the legislative assembly. The legislative assembly representation must include one member of the senate appointed by the senate majority leader, one member of the house appointed by

the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

~~**SECTION 25. NEW STATE HOSPITAL - STEERING COMMITTEE.** The department of health and human services shall establish a new state hospital facility steering committee to oversee the design and construction of a new state hospital facility, for the biennium beginning July 1, 2025, and ending June 30, 2027. The committee must include one member of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.~~

SECTION 26. CAPITAL PAYMENTS. During the biennium beginning July 1, 2025, and ending June 30, 2027, the department of health and human services is authorized to expend funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center. Pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly. The department of health and human services may transfer funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center ahead of the special needs assessments schedule. Notwithstanding section 54-27-12, the department of health and human services may spend funds for the payment of special assessments at the state hospital and life skills and transition center.

SECTION 27. CAPITAL PROJECTS - EMERGENCY COMMISSION AND BUDGET SECTION APPROVAL. During the biennium beginning July 1, 2025, and ending June 30, 2027, pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly for capital projects and maintenance pertaining to operation of its facilities, including demolition projects. Notwithstanding section 54-27-12, the department of health and human services may spend up to $10,000,000 for capital projects and maintenance pertaining to operation of its facilities, including demolition projects, under this section and may

seek emergency commission and budget section approval to spend more than $10,000,000 under this section.

SECTION 28. PERMANENT SUPPORTIVE HOUSING GRANTS. Section 1 of this Act includes the sum of $4,672,536 from the general fund for permanent supportive housing grants. The department of health and human services shall develop a funding methodology to distribute the funding to qualified entities that utilize best practices for permanent supportive housing, provide recovery-oriented and person-centered services, submit process and outcome measures to the department of health and human services, and authorize the department of health and human services to conduct onsite visits to review program operations.

SECTION 29. EXPENDITURES MAY NOT EXCEED APPROPRIATION - MEDICAL ASSISTANCE EXPANSION PROGRAM - APPLICATION.

1. Section 1 of this Act includes the sum of $662,099,340, of which $66,209,934 is from the general fund, for the medical assistance expansion program, for the biennium beginning July 1, 2025, and ending June 30, 2027. The expenditures for individuals eligible for the medical assistance expansion program may not exceed this amount.
2. The department of health and human services may exceed appropriations for increases in medical assistance expansion program caseload, for the addition of coverage consistent with the traditional Medicaid 1915(i) state plan, utilization rates, and reduction in federal medical assistance percentage.
3. The managed care organization under contract with the department of health and human services to manage the medical assistance expansion program shall reimburse providers within the same provider type and specialty at consistent levels and with consistent methodology and may not provide incentive, quality, or supplemental payments to providers, unless part of a value-based program approved by the department of health and human services. The managed care organization shall reimburse all North Dakota substance use providers of American society of addiction medicine level 2.5 at consistent levels and with consistent methodology. The managed care organization may consider urban and rural providers as different provider types.
4. The managed care organization and the department of health and human services shall ensure payments to Indian or Tribal 638 health care providers, federally qualified health centers,and rural health clinics meet the federally required minimum levels of

reimbursement. Critical access hospitals may not be paid less than one hundred percent of Medicare allowable costs and human service centers may not be paid less than one hundred percent of the current traditional Medicaid rate. Behavioral health services involving partial hospitalization, intensive outpatient, professional services, and residential behavioral health services provided in facilities that are not institutions for mental diseases are not subject to the provisions in subsection 6.

5. The department of health and human services shall ensure providers within the same provider type and specialty are reimbursed at consistent levels and with consistent methodology and shall ensure the capitation rates under risk contracts are actuarially sound and are adequate to meet managed care organization contractual requirements regarding availability of services, assurance or adequate capacity and services, and coordination and continuity of care.

6. Except for the provisions in subsection 4, managed care organization premium payments must be built using the assumption that rates paid to providers under the medical assistance expansion program may not exceed one hundred forty-five percent of Medicare reimbursement rates paid to providers on January 1, 2025.

SECTION 30. HUMAN SERVICE CENTERS - CERTIFIED COMMUNITY BEHAVIORAL HEALTH CLINICS - FULL-TIME EQUIVALENT POSITIONS - REPORT. The department of health and human services shall continue the process of the human service centers becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults. The department of health and human services shall pursue additional federal funding as available. Subject to the availability of generated income, the department of health and human services may add full-time equivalent positions for the clinics to provide direct services for the period beginning with the effective date of this Act and ending June 30, 2027. The department of health and human services shall report to the office of management and budget and legislative council each time a position is added.

SECTION 31. INTERMEDIATE CARE FACILITY MORATORIUM. The department of health and human services may not add any new licensed intermediate care facility for individuals with intellectual disabilities beds to the state's licensed bed capacity between July 1, 2025, and June 30, 2027.

SECTION 32. EXEMPTION - UNEXPENDED APPROPRIATIONS. The following appropriations are not subject to the provisions of section 54-44.1-11 and any unexpended appropriation authority may be continued into the biennium beginning July 1, 2025, and ending June 30, 2027:

1. The sum of $3,674,757 appropriated from the general fund and the sum of $25,918,566 appropriated from federal funds for the Medicaid management information system modularization technology project in chapter 12 of the 2021 Session Laws;
2. The sum of ~~$14,411,218~~$6,000,000 appropriated from the general fund and the sum of $14,411,218 appropriated from federal funds for the child welfare technology project in chapter 12 of the 2021 Session Laws;
3. The sum of $20,366,271 appropriated from the community health trust fund and the sum of $39,534,525 appropriated from federal funds for the child support computer replacement project in chapter 44 of the 2023 Session Laws;
4. The sum of $10,989,217 appropriated from the strategic investment and improvements fund for the procurement and grants management system in chapter 44 of the 2023 Session Laws;
5. The sum of $4,150,000 appropriated from the general fund for defraying the expenses of additional human service centers to begin the process of becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults in chapter 44 of the 2023 Session Laws;
6. The sum of $18,941,847 appropriated to the department of health and human services in chapter 549 of the 2021 Special Session Session Laws;
7. The sum of $55,120,000 appropriated from the federal state fiscal recovery fund for a public health laboratory capital project in chapter 4 of the 2023 Session Laws;
8. The sum of ~~$5,000,000~~$2,200,000 appropriated from the general fund for the purpose of employer-led child care cost-share program in chapter 446 of the 2023 Session Laws;
9. The sum of $986,555 appropriated from the general fund for the purpose of streamlining background checks project in chapter 446 of the 2023 Session Laws;

10. The sum of ~~$2,223,981~~$1,000,000 appropriated from the federal state fiscal recovery fund for the implementation of a virtual behavioral health crisis care program for rural law enforcement in chapter 44 of the 2023 Session Laws; and
11. The sum of $500,000 appropriated from the general fund and the sum of $500,000 appropriated from federal funds for the purpose of program integrity audits in chapter 44 of the 2023 Session Laws.
12. The sum of $1,950,000 appropriated from the general fund to the department of health and human services for a northwest human service region behavioral health facility grant in chapter 44 of the 2023 Session Laws.

SECTION 33. LEGISLATIVE INTENT - UTILIZATION RATE ADJUSTMENT. It is the intent of the sixty-ninth legislative assembly that the department of health and human services seek a deficiency appropriation from the seventieth legislative assembly for any expenditures that exceed appropriated amounts as a result of underfunding, utilization rates, value-based purchasing for nursing facilities, reduction in federal medical assistance percentage, and unexpected contract cost increases that exceed ten percent, during the biennium beginning July 1, 2025, and ending June 30, 2027, if funding is not sufficient to pay actual expenses.

SECTION 34. LEGISLATIVE INTENT - PROVIDER RATE INCREASE. Except as otherwise noted, section 1 of this Act includes funding for human service provider inflation increases of two percent for each year of the biennium beginning July 1, 2025, and ending June 30, 2027. The provider inflation increase in this section does not apply to nursing facilities.

~~**SECTION 29. LEGISLATIVE INTENT - DEVELOPMENTAL DISABILITIES PROVIDER ACCREDITATION REQUIREMENT.** It is the intent of the sixty-ninth legislative assembly that the department of health and human services eliminate its administrative rule requirement that providers of developmental disabilities services be accredited as a condition of being eligible for receiving payments for services from the department of health and human services.~~

~~**SECTION 35. LEGISLATIVE INTENT - MEDICAL ASSISTANCE.** It is the intent of the sixty-ninth legislative assembly that the department of health and human services review the amount, duration, coverage, utilization rates, medical necessity, and scope of medical assistance services, and may implement any adjustments the department determines appropriate.~~

SECTION 35. FEDERAL FUNDING APPEAL LIMITATION. Except as otherwise specifically provided by federal law, a person may not appeal a denial, revocation, reduction in services or payment, or the termination of a program or service by the department of health and human services dues to the unavailability of federal coronavirus funding received under federal law resulting from the federal coronavirus pandemic emergency declarations, for the biennium beginning July 1, 2025, and ending June 30, 2027.

SECTION 36. DEPARTMENT OF HEALTH AND HUMAN SERVICES - LONG-TERM STRUCTURED RESIDENCES PLAN - REPORT. During the 2025-26 interim, the department of health and human services shall review options and develop a plan to establish long-term structured residences. The department shall review necessary changes to statutes, rules, policies, and the estimated fiscal impact of establishing the residences. A long-term structured residence must be a highly structured therapeutic residential mental health treatment facility that is staffed continuously and designed to treat adults under chapters 12.1-04.1 and 25-03.1 who have severe and persistent mental illness and who have reached the maximum benefit from the mental health resources available elsewhere in the community or hospital. The department shall present a report to the legislative management by October 1, 2026, regarding its plan to establish long-term structured residences.

SECTION 37. AMENDMENT. A new section to chapter 6-09 of the North Dakota Century Code is created and enacted as follows:

Extraordinary medical needs housing loan fund - Continuing appropriation.

1. The Bank of North Dakota shall administer a loan program to provide loans for new construction projects to provide housing for individuals with disabilities that have extraordinary medical needs. A construction project may include a land purchase and the construction costs of the project. The applicant must comply with project requirements as approved by the department of health and human services and the North Dakota housing finance agency.
2. The extraordinary medical needs housing loan fund is a special fund maintained in the state treasury from which the Bank shall provide loans under this section. The fund consists of revenues transferred under legislative authorization, interest upon moneys in the fund, and collections of interest and principal on loans made from the fund. All

moneys in the fund are appropriated on a continuing basis to the Bank for the purpose of providing loans under this section.

3. The developer of the housing facility for individuals with disabilities that have extraordinary medical needs may submit an application to the Bank for a loan. The application must:

a. Provide detail on the proposed construction project and its compliance with the department of health and human services and the North Dakota housing finance agency requirements;

b. Demonstrate the need and long-term viability of the project; and

c. Include financial information the Bank determines appropriate to verify eligibility.

4. A loan approved under this section:

a. May not exceed three million three hundred thousand dollars for a project;

b. Must have an interest rate that does not exceed two percent; and

c. Must have a repayment schedule of no longer than twenty years.

5. A recipient of a loan under this section shall complete the financed construction project within twenty-four months of the approval of the loan. Failure to comply with this subsection may result in forfeiture of the entire loan received under this section.

6. The Bank shall deposit in the fund all principal and interest paid on the loans made from the fund. The Bank may deduct from interest payments a service fee for costs of administering the loan program. The fund must be audited annually pursuant to section 6-09-29 and the cost of the audit and any other actual costs incurred by the Bank on behalf of the fund must be paid from the fund.

SECTION 38. AMENDMENT. Section 50-06-06.6 of the North Dakota Century Code is amended and reenacted as follows:

50-06-06.6. Department may lease real and personal property.

The commissioner of the department or commissioner's designee may lease ~~surplus farm and pastureland at the state hospital and the life skills and transition center. The commissioner or designee also may enter into further leases of~~ real or personal property at the life skills and transition center or the state hospital upon a specific finding that the granting of each such leasehold interest will result in a net economic gain for the department, taking into account all identifiable costs. Any lease of space for the purpose of providing child care services must meet

requirements as determined by the department. The commissioner of the department or commissioner's designee may prescribe the terms and conditions of any leases entered into pursuant to this section and may renew existing leases. ~~Any~~The term of any lease ~~entered into must be subject to renewal or cancelable each biennium~~may not exceed ninety-nine years.

SECTION 39. AMENDMENT. Section 50-06-42 of the North Dakota Century Code is amended and reenacted as follows:

50-06-42. Substance use disorder treatment voucher system ~~- Mental health treatment voucher system for incarcerated individuals~~.

1. The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's substance abuse treatment system and to assist in the payment of addiction treatment services and medical costs provided by licensed substance abuse treatment programs, excluding regional human service centers and hospital- or medical clinic-based programs for medical management of withdrawal.

~~a.~~ An out-of-state licensed substance abuse treatment program located within a bordering state may participate in the voucher program to serve an underserved area of this state pursuant to the rules adopted by the department. The department shall develop rules to include processes and requirements for an out-of-state provider to receive reimbursement only for outpatient and community-based services upon a provider completing an assessment of need and receiving approval from the department.

2.~~b.~~ Services eligible for the voucher program include only those levels of care recognized by the American society of addiction medicine, with particular emphasis given to underserved areas and programs. The department shall ensure that a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers collects and reports process and outcome measures.

3.~~c.~~ The department shall develop requirements and provide training and technical assistance to a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers. A licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers shall provide evidence-based services.

4.~~d.~~ The department shall allocate funding appropriated for the substance use disorder treatment voucher as follows:

a. ~~No(1)~~ Except as provided in ~~paragraphs 3 and 4~~subdivisions c and d, no more than ~~forty-five~~fifty percent of the appropriated amount may be allocated for residential substance use disorder services administered by licensed substance abuse treatment programs with more than sixteen beds.

b.~~(2)~~ The remaining appropriation must be allocated for residential programs with sixteen or fewer beds, nonresidential outpatient, and ancillary substance use disorder services administered by licensed substance abuse treatment programs.

~~(3)~~c. The department, during the last quarter of the biennium, may reallocate projected unused funds that were allocated under ~~paragraph 2~~subdivision b to residential facilities outlined in ~~paragraph 1~~subdivision a.

~~(4)~~d. The department may reimburse a licensed substance abuse treatment program with more than sixteen beds the incurred direct medical costs of an eligible individual who does not have resources to cover the medical costs. The department may develop rules and may not exceed the total amount appropriated for medical cost reimbursement.

~~2. The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's mental health treatment system for individuals detained or confined in a county jail or detention center or regional corrections center and to assist in the payment of mental health treatment services provided by a licensed mental health professional acting within their scope of practice, excluding a regional human service center.~~

~~a. Services eligible for the voucher program include only diagnostic assessment and mental health therapy for individuals with a mental health concern detained or confined in a county jail or detention center or regional corrections center. The department shall ensure that a licensed mental health professional accepting vouchers collects and reports process and outcome measures.~~

~~b. The department shall develop requirements and provide training and technical assistance to licensed mental health professionals accepting vouchers. A licensed mental health professional shall provide evidence-based services.~~

SECTION 40. AMENDMENT. Section 50-24.5-02.3 of the North Dakota Century Code is amended and reenacted as follows:

50-24.5-02.3. Basic care payment rates.

1. The department shall determine limits for the care of residents of basic care facilities that qualify as vendors of an aged, blind, and disabled persons program and for implementing provisions of this chapter based on data demonstrating the most recent costs that must be incurred for the care of residents in efficiently and economically operated basic care facilities. The department shall determine the limits every four years by July first, beginning with July 1, 2023.
2. The department shall establish the limits by using the median rates from the most recent data available. The direct care limit must be the median plus eighteen percent. The indirect care limit must be the median plus twelve percent.
3. For the rate year beginning July 1, 2023, the department shall increase rates and limits three and one-half percent for inflation. For the rate year beginning July 1, 2024, the department shall increase rates and limits three and one-half percent for inflation.
4. The department shall provide a rate increase in the amount of five dollars per day for the period beginning July 1, 2023, and ending June 30, ~~2025~~2027, after which the increase is not effective. This rate increase may not be included in any calculation of inflation increase.
5. Within the limits of legislative appropriations, the department shall establish an uncompensated care expense of three hundred sixty-five days.

SECTION 41. AMENDMENT. Section 50-33-05 of the North Dakota Century Code is amended and reenacted as follows:

50-33-05. State of residence.

Only child care assistance units physically residing within the boundaries of the state are eligible for child care assistance, unless the individual is employed by an early childhood program within the boundaries of the state and the individual has been approved for the state's child care assistance child care workforce benefit.

SECTION 42. AMENDMENT. Subsection 1 of section 50-36-03 of the North Dakota Century Code is amended and reenacted as follows:

1. The committee is composed of:

a. One member of the North Dakota association of counties appointed by the chairman of the legislative management, who shall serve a term of two years.

b. One member of the North Dakota league of cities appointed by the chairman of the legislative management, who shall serve a term of two years.

c. One member of the North Dakota state association of city and county health officials appointed by the chairman of the legislative management, who shall serve a term of two years.

d. One member who represents the highway patrol appointed by the highway patrol superintendent, who shall serve a term of two years.

e. The executive director of the department's division of behavioral health.

f. ~~The managing director of the office of recovery reinvented~~One member in recovery appointed by the governor.

g. One member appointed by the governor who shall serve as a nonvoting member and as the presiding officer of the committee, who shall serve a term of two years.

SECTION 43. AMENDMENT. Subsection 6 of the new section to chapter 54-07 of the North Dakota Century Code, as created by section 1 of Senate Bill No. 2176, as approved by the sixty-ninth legislative assembly, is amended and reenacted as follows:

6. a. The office of the governor shall provide staffing and administrative services for the children's cabinet and coordinate with other designated working groups on children and family issues.

b. The governor or the governor's designee serving on the cabinet may appoint a representative to serve in that official's capacity at a meeting if the governor or governor's designee is unable to attend.

SECTION 44. HOUSING AVAILABILITY ASSESSMENT - COLLABORATION WITH HOUSING FINANCE AGENCY. The department of health and human services shall collaborate with the North Dakota housing finance agency and other appropriate stakeholders to assess the availability of housing for individuals requiring extraordinary health care support services, for the biennium beginning July 1, 2025, and ending June 30, 2027. Based on the results of the assessment, if necessary, the department shall develop a plan to expand access to housing

providing the least restrictive environment for individuals requiring extraordinary health care support services.

SECTION 45. BEHAVIORAL HEALTH CLINICS, NORTH DAKOTA STATE HOSPITAL, AND LIFE SKILLS AND TRANSITION CENTER FUNDING. Section 1 of this Act includes funding for the behavioral health clinics, North Dakota state hospital, and life skills and transition center as follows:

1. Behavioral health clinics:
   a. Salaries and wages ~~$156,967,103~~$174,911,640
   b. Operating and capital ~~64,131,965~~57,037,232
   c. Total ~~$221,099,068~~$231,948,872
2. State hospital:
   a. Salaries and wages ~~$68,775,551~~$68,999,503
   b. Operating and capital ~~350,880,155~~20,880,155
   c. Total ~~$419,655,706~~$89,879,658
3. Life skills and transition center:
   a. Salaries and wages ~~$55,540,213~~$55,639,421
   b. Operating and capital ~~15,207,658~~12,707,658
   c. Total ~~$70,747,871~~$68,347,079

SECTION 46. LEGISLATIVE MANAGEMENT STUDY - STUDENT TRUANCY AND ABSENTEEISM. The legislative management shall consider studying, during the 2025-26 interim, truancy and student absenteeism in kindergarten through grade twelve public schools. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

~~**SECTION 47. LEGISLATIVE MANAGEMENT STUDY - OBESITY HEALTH IMPLICATIONS.** The legislative management shall consider studying, during the 2025-26 interim, the health implications of obesity on the residents of the state and options to increase access to prevention and treatments for obesity. If conducted, the study must review costs associated with obesity including comorbidities, treatments available for obesity, obesity diagnosis guidelines including use of body mass index compared with percentage of body fat, and examining the difference between being an individual who is healthy and overweight as compared to an obese individual. The legislative management shall report its findings and~~

~~recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.~~

SECTION 47. LEGISLATIVE MANAGEMENT STUDY - MATERNAL HEALTH SERVICES - ACCESS AND WORKFORCE.

1. During the 2025-26 interim, the legislative management shall consider studying access to maternal health services. The study must include:
   a. Consideration of the availability of prenatal and childbirth services, including provider shortages and service use.
   b. Development of strategies to increase the number of obstetricians, family doctors, and midwives providing maternal health services in this state.
   c. A review of coverage and reimbursement for doulas and midwives, including training and certification needs.
   d. Consideration of insurance and public policy options to improve maternal health outcomes, including through the Medicaid program.
   e. Input from health care providers, insurers, public health officials, and maternal health experts.
2. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 48. LEGISLATIVE INTENT - LIFE SKILLS AND TRANSITION CENTER. It is the intent of the sixty-ninth legislative assembly that during the 2025-26 interim, the department of health and human services review the facilities and land at the life skills and transition center to identify the portions of the life skills and transition center campus that are necessary for delivery of services and the portions of the campus that could be conveyed to a local government or related public or not-for-profit community development entity to redevelop to optimize local community development goals and the successful operation of the life skills and transition center. It is further the intent of the legislative assembly that the department of health and human services present any request to convey any portions of the campus to the seventieth legislative assembly.

SECTION 49. DISABILITY SERVICE ACCREDITATION STUDY - LEGISLATIVE MANAGEMENT REPORT. During the 2025-26 interim, the department of health and human

services shall study accreditation requirements and provider costs for serving individuals with intellectual and developmental disabilities, including the cost of accreditation relative to the cost of providing services and reimbursement. The department shall report its findings and recommendations, together with any legislation necessary to implement recommendations to the legislative management by September 1, 2026.

SECTION 50. VALUE-BASED CARE INCENTIVE PROGRAM - PAYMENT WITHHOLD FOR NURSING FACILITIES - COLLABORATION WITH NORTH DAKOTA LONG TERM CARE ASSOCIATION. During the 2025-26 interim, the department of health and human services, in collaboration with the North Dakota long term care association, shall develop a payment withhold structure for value-based payments to provide funding for the value-based care incentive program for nursing facilities. The department shall implement the payment withhold beginning July 1, 2027. The department may not implement a payment withhold before July 1, 2027.

SECTION 51. LEGISLATIVE MANAGEMENT STUDY- DISABILITY SERVICES.

1. During the 2025-26 interim, the legislative management shall consider a study of the efficiency, effectiveness, and outcomes of developmental disability services provided by the department of health and human services. The study must include:
   a. A review of the approval process, an analysis of accountability measures, an assessment of gaps in services, and an evaluation of overall program management.
   b. An assessment of whether the department is effectively managing cases and complying with federal law in the provision of support and services to individuals with disabilities.
   c. Input from advocates, clients from the disability community, zone directors, service providers, and health care providers who serve individuals with disabilities.
   d. Collaboration with the cross-disability advisory council.
2. The legislative council may contract with a consultant with expertise in the provision of developmental disability services to assist in the study.

3. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 52. APPROPRIATION - COMMUNITY HEALTH TRUST FUND - LEGISLATIVE COUNCIL - DISABILITY SERVICES - ONE-TIME FUNDING. There is appropriated out of any moneys in the community health trust fund, not otherwise appropriated, the sum of $150,000, or so much of the sum as may be necessary, to the legislative council for the purpose of contracting for consulting services for a disability services study, for the biennium beginning July 1, 2025, and ending June 30, 2027. The appropriation in this section is considered a one-time funding item.

SECTION 53. LEGISLATIVE INTENT - STATEWIDE DEMENTIA COORDINATION. It is the intent of the sixty-ninth legislative assembly that the department of health and human services address the statewide coordination of dementia services.

SECTION 54. LEGISLATIVE MANAGEMENT REPORT - BEHAVIORAL HEALTH FACILITY GRANTS. During the 2025-26 interim the department of health and human services shall provide reports to the ~~legislative management~~budget section regarding the award of grant funding to increase the number of behavioral health beds in the state.

SECTION 55. EFFECTIVE DATE. Section ~~33~~39 of this Act becomes effective on July 1, 2026.

SECTION 56. EFFECTIVE DATE. Section 9 of this Act becomes effective on January 1, 2026.

Provides funding from the public health laboratory fund for public health data modernization, the same as the Senate.		0	2,213,930	2,213,930
Total one-time changes		$350,000	$513,930	$863,930
Total conference committee changes		($2,860,739)	($60,516,583)	($63,377,322)

House Bill No. 1012 - Other Changes - Conference Committee Action

This amendment also:

- Adds sections to provide guidelines regarding the use of funding for infant and toddler care provider payments, intermediate care facility medically and behaviorally complex services grants, special health care needs grants, crisis services grants, and medical housing for individuals with extraordinary medical needs. The Senate also added these sections.
- Adjusts sections identifying funding from the strategic investment and improvements fund and community health trust fund, the same as the Senate.
- Identifies funding from the health care trust fund for basic care daily rate increases.
- Appropriates funding from the charitable gaming operating fund resulting in a general fund revenue reduction of $1.9 million.
- Removes sections identifying funding for an animal shelter grant and statewide health strategies. The Senate also removed these sections.
- Removes a Bank of North Dakota line of credit for a new State Hospital project and adds a Bank of North Dakota line of credit for a child welfare technology project. The Senate also made these changes.

- Removes the new State Hospital steering committee.
- Adjusts various exemptions to allow the continuation of unexpended appropriation authority into the 2025-27 biennium. These adjustments will increase the July 1, 2025, general fund balance by $2,800,000. The Senate version would have increased revenues by $4 million.
- Removes a section to provide legislative intent that DHHS eliminate its administrative rule requirement that providers of developmental disabilities services be accredited as a condition to receive payments for services, the same as the Senate.
- Creates a new section to Chapter 6-09 to create an extraordinary medical needs housing loan fund and to provide guidelines regarding the use of the loan fund, the same as the Senate.
- Amends Section 50-36-03 relating to the membership of the opioid advisory committee, the same as the Senate.
- Amends provisions relating to the Children's Cabinet as approved in Senate Bill No. 2176, the same as the Senate.
- Provides for a Legislative Management study of maternal health services, the same as the Senate.
- Provides legislative intent that DHHS review the utilization of the Life Skills and Transition Center campus to determine if any portions of the campus can be conveyed for use by community organizations, the same as the Senate.
- Provides for DHHS to study developmental disability service provider accreditation, the same as the Senate.
- Provides for DHHS to develop a payment structure to provide funding for a value-based care incentive program for nursing facilities, the same as the Senate.
- Adds a section of legislative intent regarding statewide dementia care coordination.
- Removes a section providing for a Legislative Management study of obesity health implications.
- Provides for a Legislative Management study of developmental disability services provided by DHHS and provides an appropriation of $150,000 from the community health trust fund to the Legislative Council for consultant services for the study, the same as the Senate.

REPORT OF CONFERENCE COMMITTEE
ENGROSSED HB 1012

Your conference committee (Sens. Dever, Cleary, Davison and Reps. Nelson, O'Brien, Mitskog) recommends that in place of amendment 25.0156.02028 adopted by the Senate, Engrossed HB 1012 is amended by amendment 25.0156.02035.

Engrossed HB 1012 was placed on the Seventh order of business on the calendar.

3. The department shall require an entity receiving funding under this section to operate the facility for at least ten years and require the grant amount to be repaid if the entity does not operate the facility for at least ten years.
4. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 7. COMMUNITY CULTURAL CENTER GRANT - ~~STRATEGIC INVESTMENT AND IMPROVEMENTS FUND~~COMMUNITY HEALTH TRUST FUND - ONE-TIME FUNDING - APPLICATION. Section 1 of this Act includes the sum of $1,000,000 from the ~~strategic investment and improvements~~community health trust fund for the purpose of providing a one-time community cultural center grant in the west central human service region. An entity may apply for a grant under this section if the entity certifies to the department it has secured at least ~~fifty percent of funds needed to complete the project, the project will be completed within two years of receiving the grant funds,~~$15,000,000 in nonstate funding for the project and the ~~grants~~grant funds will be used only for costs of constructing a community cultural center excluding any land purchase. The nonstate funding must be raised by June 30, 2029. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 8. JUVENILE JUSTICE DIVERSION SERVICES AND PROGRAMS - TASK FORCE - REPORT. Section 1 of this Act includes the sum of $750,000 from the general fund for juvenile justice diversion services and programs. The department of health and human services must use the funding for services to youth at risk of juvenile justice involvement but who have not committed delinquent acts as defined in chapter 27-20.4.

The department shall establish a task force with representation from divisions in the department, human service zones, the department of public instruction, elementary and secondary schools, and members of the legislative assembly, to review juvenile justice diversion services and program. The department shall report its findings and recommendations to the legislative management and children's cabinet.

SECTION 9. ANIMAL SHELTER GRANT - COMMUNITY HEALTH TRUST FUND. Section 1 of this Act includes the sum of $300,000 from the community health trust fund for a grant for the construction of an animal shelter. The department of health and human services may award a grant for the construction of an animal shelter to an organization that provides

FIRST ENGROSSMENT
with Senate Amendments

ENGROSSED HOUSE BILL NO. 1012

Introduced by

Appropriations Committee

A BILL for an Act to provide an appropriation for defraying the expenses of various divisions of the department of health and human services; to create and enact a new section to chapter 6-09 of the North Dakota Century Code, relating to an extraordinary medical needs housing loan fund; to amend and reenact sections 50-06-06.6, 50-06-42, 50-24.5-02.3, and 50-33-05, and subsection 1 of 50-36-03 of the North Dakota Century Code and subsection 6 of the new section to chapter 54-07 of the North Dakota Century Code created in section 1 of Senate Bill No. 2176, as approved by the sixty-ninth legislative assembly, relating to leases of department of health and human services property, substance use disorder treatment program, basic care payment rates, state of residence for child care assistance, opioid settlement advisory committee, and children's cabinet; to provide for a transfer; to authorize a line of credit; to provide legislative intent; to provide for a legislative management study; to provide an application; to provide an exemption; to provide for a report; and to provide an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. APPROPRIATION. The funds provided in this section, or so much of the funds as may be necessary, are appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, and from other funds derived from special funds and federal funds, to the department of health and human services for the purpose of defraying the expenses of its various divisions, for the biennium beginning July 1, 2025, and ending June 30, 2027, as follows:

Total	$27,391,056	$50,081,116	$77,472,172

SECTION 3. FUNDING TRANSFERS - EXEMPTION - AUTHORIZATION - REPORT. Notwithstanding section 54-16-04, the director of the office of management and budget shall transfer appropriation authority between line items within subdivisions 1, 2, 3, 4, 5, and 6 of section 1 of this Act and any other appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly, for the biennium beginning July 1, 2025, and ending June 30, 2027, as requested by the department of health and human services. The department of health and human services shall notify the legislative council of any transfer made pursuant to this section. The department of health and human services shall report to the budget section after June 30, 2026, any transfer made in excess of $50,000 and to the appropriations committees of the seventieth legislative assembly regarding any transfers made pursuant to this section.

SECTION 4. FULL-TIME EQUIVALENT POSITION BLOCK GRANT PROGRAM - REPORT. Section 1 of this Act includes funding for a full-time equivalent position block grant program. This funding as approved by the sixty-ninth legislative assembly is available for defraying the expense of full-time equivalent positions as determined by the department of health and human services. Notwithstanding any other provision of law, the department is authorized to increase or decrease authorized full-time equivalent positions subject to the

availability of funds and the provisions of this section. The department of health and human services many not increase full-time equivalent positions for the purpose of transferring human service zone employees to state employment. Pursuant to section 3 of this Act, the department is authorized to transfer appropriation authority of up to the underfunded amount of $6,307,309 to the salaries and wages block grant line item. The department of health and human services shall report to the office of management and budget and legislative council any adjustments to full-time equivalent positions.

SECTION 5. DEPARTMENT OF HEALTH AND HUMAN SERVICES - SALARIES AND WAGES BLOCK GRANT - VACANT POSITIONS - REPORT. The department of health and human services shall report to the budget section quarterly during the 2025-26 interim regarding the status of its salaries and wages block grant and vacant positions and employee turnover. The report must include:

1. The legislative appropriation for salaries and wages allocated by the department to major department programs by funding source and the number of full-time equivalent positions the department is allocating to each major program based on the legislative appropriation;
2. Any changes to salaries and wages funding or full-time equivalent positions allocated to major department programs;
3. Any new full-time equivalent positions added, the cost of the position for the remainder of the biennium, and the cost to continue funding the position in the subsequent biennium by funding source;
4. Any full-time equivalent positions removed and related funding;
5. The number of full-time equivalent positions that become vacant and the number filled each month;
6. The number of vacant full-time equivalent positions at the end of each month;
7. Salaries and wages savings resulting from vacant positions and employee turnover each month by funding source; and
8. The use of salaries and wages savings for other purposes for each month by funding source.

SECTION 6. BEHAVIORAL HEALTH FACILITY GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION.

1. Section 1 of this Act includes the sum of $5,000,000 from the strategic investment and improvements fund for a behavioral health facility grant pursuant to this section.
2. The department shall require an entity receiving funding under this section to operate the facility for at least ten years and require the grant amount to be repaid if the entity does not operate the facility for at least ten years.
3. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 7. INFANT AND TODDLER CARE PROVIDER SUPPORT DIRECT PAYMENT - ONE-TIME - REPORT. Section 1 of this Act includes the sum of $13,500,000 of one-time funding from the general fund for direct payments to licensed child care providers to support high-quality early childhood care for infants and toddlers. The department shall administer the direct payment program and include the following provisions:

1. To qualify for a direct payment under this section, a direct payment recipient must:
   a. Be a licensed child care facility within the state of North Dakota;
   b. Be enrolled in the state's bright and early quality rating system at a two-star, three-star, or four-star rating level; and
   c. Provide care for children from birth through three years of age.
2. Eligible providers may receive up to $300 per month for each child from birth through seventeen months of age and up to $180 per month for each child from eighteen through thirty-six months of age.
3. The department shall distribute the direct payments on a quarterly basis. Direct payments may not be used for non-child care-related expenses or debt repayment.
4. Direct payment recipients shall submit annual reports to the department detailing fund usage, enrollment statistics, and other information requested by the department.
5. The department shall provide reports to the legislative management and to the appropriations committees of the seventieth legislative assembly on direct payments and the effectiveness of the program.

SECTION 8. INTERMEDIATE CARE FACILITY MEDICALLY AND BEHAVIORALLY COMPLEX SERVICES GRANT - APPLICATION. Section 1 of this Act includes the sum of $4,400,000 of one-time funding from the community health trust fund for providing a one-time grant to a licensed intermediate care facility in the south central human service region for

providing services to children or young adults with medically and behaviorally complex conditions. To be eligible to receive the grant under this section, a licensed intermediate care facility must provide early intervention, clinical, and residential services, provide community and home support, education, recreation and leisure activities, and assistive technology; and provide services in at least eight communities for individuals with intellectual or developmental disabilities. The grant funds awarded may be used only for the costs of providing services to children and young adults with medically and behaviorally complex conditions. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 9. SPECIAL HEALTH CARE NEEDS GRANT - APPLICATION. Section 1 of this Act includes the sum of $50,000 from the general fund for providing a grant to a provider in the south central human service region for statewide education, information, training, and peer support to families with children with special health care needs, medically complex conditions, or a disability. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 10. CRISIS SERVICES GRANTS - APPLICATION. Section 1 of this Act includes the sum of $585,000 from the general fund for providing crisis services grants. The grants include the sum of $300,000 for crisis organizations that provide crisis services to young adults who are at risk of being homeless or experiencing other serious adverse life events and the sum of $285,000 to a volunteer-based ecumenical ministry organization. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 11. MEDICAL HOUSING FOR INDIVIDUALS WITH EXTRAORDINARY MEDICAL NEEDS - ONE-TIME FUNDING.

1. Section 1 of this Act includes the sum of $200,000 from the general fund for the preliminary design consultation and project administration of developing housing for individuals with disabilities that have extraordinary medical needs and for rent subsidies for individuals residing in these housing facilities, for the biennium beginning July 1, 2025, and ending June 30, 2027.
2. The department of health and human services shall collaborate with the North Dakota housing finance agency, individuals with disabilities, caregivers, and families to solicit

proposals for the development of accessible housing for individuals with disabilities that have extraordinary medical needs, for the biennium beginning July 1, 2025, and ending June 30, 2027. The department shall solicit proposals from public entities, for-profit organizations, and nonprofit organizations to design, construct, maintain, and operate the housing facility. Proposals must:

a. Ensure that services in the facility may be provided separately from the facility ownership interests;

b. Ensure that individuals residing in the facility may choose among independent living service providers; and

c. Comply with the federal home and community-based settings rules as defined under 42 CFR 441.301(c)(4).

SECTION 12. COMMUNITY CULTURAL CENTER GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION. Section 1 of this Act includes the sum of $300,000 from the strategic investment and improvements fund for the purpose of providing a one-time community cultural center programming grant in the west central human service region. An entity may apply for a grant under this section if the entity certifies to the department the funds will be used for programs within the community cultural center. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 13. JUVENILE JUSTICE DIVERSION SERVICES AND PROGRAMS - TASK FORCE - REPORT. Section 1 of this Act includes the sum of $500,000 of one-time funding from the community health trust fund for juvenile justice diversion services and programs. The department of health and human services must use the funding for services to youth at risk of juvenile justice involvement but who have not committed delinquent acts as defined in chapter 27-20.4.

The department shall establish a task force with representation from divisions in the department, human service zones, the department of public instruction, elementary and secondary schools, and members of the legislative assembly, to review juvenile justice diversion services and program. The department shall report its findings and recommendations to the legislative management and children's cabinet.

SECTION 14. OTHER FUNDS - INSURANCE TAX DISTRIBUTION FUND. The other funds line item in subdivision 5 of section 1 of this Act includes the sum of $1,125,000 from the insurance tax distribution fund for rural emergency medical services grants.

SECTION 15. OTHER FUNDS - COMMUNITY HEALTH TRUST FUND. The other funds line items in section 1 of this Act includes the sum of $41,431,522 from the community health trust fund for the following purposes:

Loan repayment programs	$594,500
Tobacco prevention and control grants to local public health units	6,250,000
Tobacco prevention and control	4,549,698
Tobacco cessation grants	500,000
Youth vaping prevention grants	300,000
Cancer and women's way programs	909,824
Behavior risk state survey	200,000
Youth crisis stabilization	1,500,000
Intermediate care facility grant	4,400,000
Domestic violence programs	4,250,000
Local public health grants	3,275,000
988 crisis hotline	1,867,500
Various information technology system upgrades	1,335,000
Grants to rural ambulances	7,000,000
Law enforcement rural crisis support program	1,000,000
Development of partial hospitalization/intensive day treatment	2,000,000
Juveline justice services	500,000
Critical access hospital networking	1,000,000
Total	$41,431,522

SECTION 16. OTHER FUNDS - HUMAN SERVICE FINANCE FUND. The other funds line items in section 1 of this Act includes the sum of $242,112,030 from the human service finance fund for state-paid economic assistance and social and human services.

SECTION 17. OTHER FUNDS - OPIOID SETTLEMENT FUND. The other funds line item in section 1 of this Act includes the sum of $8,000,000 from the opioid settlement fund for opioid remediation and abatement efforts.

SECTION 18. OTHER FUNDS - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND. The other funds line items in section 1 of this Act includes the sum of $18,446,784 from the strategic investment and improvements fund for the following purposes:

Retiring technology from the mainframe	$5,000,000
New state laboratory move-in costs and security equipment purchases	2,962,304
Capital projects in certified community behavioral health clinics and life skills and transition center	1,684,480
Housing initiative programs	2,500,000
Technology projects at the state hospital	1,000,000
Behavioral health facility grant	5,000,000
Community cultural center grant	300,000
Total	$18,446,784

SECTION 19. OTHER FUNDS - BANK OF NORTH DAKOTA LINE OF CREDIT - CHILD WELFARE TECHNOLOGY PROJECT. The other funds line item in subdivision 2 of section 1 of this Act includes the sum of $8,411,218 from a Bank of North Dakota line of credit. The department of health and human services may borrow up to $8,411,218 through a line of credit from the Bank of North Dakota during the biennium beginning July 1, 2025, and ending June 30, 2027, for costs associated with a child welfare technology project. The interest rate on the line of credit may not exceed the prevailing interest rate charged to North Dakota governmental entities. If the department accesses the line of credit, it shall request a deficiency appropriation from the seventieth legislative assembly to repay the line of credit.

SECTION 20. LABORATORY BUILDING STEERING COMMITTEE. The department of health and human services shall maintain the laboratory building steering committee to oversee the design and construction of the laboratory building project, for the biennium beginning July 1, 2025, and ending June 30, 2027, or until work is completed, whichever occurs earlier. The committee must include representation from the department of health and human services, department of environmental quality, office of management and budget, the governor's office, and the legislative assembly. The legislative assembly representation must include one member of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

SECTION 21. NEW STATE HOSPITAL - STEERING COMMITTEE. The department of health and human services shall establish a new state hospital facility steering committee to oversee the design and construction of a new state hospital facility, for the biennium beginning July 1, 2025, and ending June 30, 2027. The committee must include representation from the department of health and human services, office of management and budget, the governor's office, and the legislative assembly. The legislative assembly representation must include one member of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

SECTION 22. CAPITAL PAYMENTS. During the biennium beginning July 1, 2025, and ending June 30, 2027, the department of health and human services is authorized to expend funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center. Pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly. The department of health and human services may transfer funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center ahead of the special needs assessments schedule. Notwithstanding section 54-27-12, the department of health and human services may spend funds for the payment of special assessments at the state hospital and life skills and transition center.

SECTION 23. CAPITAL PROJECTS - EMERGENCY COMMISSION AND BUDGET SECTION APPROVAL. During the biennium beginning July 1, 2025, and ending June 30, 2027, pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly for capital projects and maintenance pertaining to operation of its facilities, including demolition projects. Notwithstanding section 54-27-12, the department of health and human services may spend up to $10,000,000 for capital projects and maintenance pertaining to operation of its facilities, including demolition projects, under this section and may

seek emergency commission and budget section approval to spend more than $10,000,000 under this section.

SECTION 24. PERMANENT SUPPORTIVE HOUSING GRANTS. Section 1 of this Act includes the sum of $4,672,536 from the general fund for permanent supportive housing grants. The department of health and human services shall develop a funding methodology to distribute the funding to qualified entities that utilize best practices for permanent supportive housing, provide recovery-oriented and person-centered services, submit process and outcome measures to the department of health and human services, and authorize the department of health and human services to conduct onsite visits to review program operations.

SECTION 25. EXPENDITURES MAY NOT EXCEED APPROPRIATION - MEDICAL ASSISTANCE EXPANSION PROGRAM - APPLICATION.

1. Section 1 of this Act includes the sum of $662,099,340, of which $66,209,934 is from the general fund, for the medical assistance expansion program, for the biennium beginning July 1, 2025, and ending June 30, 2027. The expenditures for individuals eligible for the medical assistance expansion program may not exceed this amount.
2. The department of health and human services may exceed appropriations for increases in medical assistance expansion program caseload, for the addition of coverage consistent with the traditional Medicaid 1915(i) state plan, utilization rates, and reduction in federal medical assistance percentage.
3. The managed care organization under contract with the department of health and human services to manage the medical assistance expansion program shall reimburse providers within the same provider type and specialty at consistent levels and with consistent methodology and may not provide incentive, quality, or supplemental payments to providers, unless part of a value-based program approved by the department of health and human services. The managed care organization shall reimburse all North Dakota substance use providers of American society of addiction medicine level 2.5 at consistent levels and with consistent methodology. The managed care organization may consider urban and rural providers as different provider types.
4. The managed care organization and the department of health and human services shall ensure payments to Indian or Tribal 638 health care providers, federally qualified health centers,and rural health clinics meet the federally required minimum levels of

reimbursement. Critical access hospitals may not be paid less than one hundred percent of Medicare allowable costs and human service centers may not be paid less than one hundred percent of the current traditional Medicaid rate. Behavioral health services involving partial hospitalization, intensive outpatient, professional services, and residential behavioral health services provided in facilities that are not institutions for mental diseases are not subject to the provisions in subsection 6.

5. The department of health and human services shall ensure providers within the same provider type and specialty are reimbursed at consistent levels and with consistent methodology and shall ensure the capitation rates under risk contracts are actuarially sound and are adequate to meet managed care organization contractual requirements regarding availability of services, assurance or adequate capacity and services, and coordination and continuity of care.

6. Except for the provisions in subsection 4, managed care organization premium payments must be built using the assumption that rates paid to providers under the medical assistance expansion program may not exceed one hundred forty-five percent of Medicare reimbursement rates paid to providers on January 1, 2025.

SECTION 26. HUMAN SERVICE CENTERS - CERTIFIED COMMUNITY BEHAVIORAL HEALTH CLINICS - FULL-TIME EQUIVALENT POSITIONS - REPORT. The department of health and human services shall continue the process of the human service centers becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults. The department of health and human services shall pursue additional federal funding as available. Subject to the availability of generated income, the department of health and human services may add full-time equivalent positions for the clinics to provide direct services for the period beginning with the effective date of this Act and ending June 30, 2027. The department of health and human services shall report to the office of management and budget and legislative council each time a position is added.

SECTION 27. INTERMEDIATE CARE FACILITY MORATORIUM. The department of health and human services may not add any new licensed intermediate care facility for individuals with intellectual disabilities beds to the state's licensed bed capacity between July 1, 2025, and June 30, 2027.

SECTION 28. EXEMPTION - UNEXPENDED APPROPRIATIONS. The following appropriations are not subject to the provisions of section 54-44.1-11 and any unexpended appropriation authority may be continued into the biennium beginning July 1, 2025, and ending June 30, 2027:

1. The sum of $3,674,757 appropriated from the general fund and the sum of $25,918,566 appropriated from federal funds for the Medicaid management information system modularization technology project in chapter 12 of the 2021 Session Laws;
2. The sum of $6,000,000 appropriated from the general fund and the sum of $14,411,218 appropriated from federal funds for the child welfare technology project in chapter 12 of the 2021 Session Laws;
3. The sum of $20,366,271 appropriated from the community health trust fund and the sum of $39,534,525 appropriated from federal funds for the child support computer replacement project in chapter 44 of the 2023 Session Laws;
4. The sum of $10,989,217 appropriated from the strategic investment and improvements fund for the procurement and grants management system in chapter 44 of the 2023 Session Laws;
5. The sum of $4,150,000 appropriated from the general fund for defraying the expenses of additional human service centers to begin the process of becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults in chapter 44 of the 2023 Session Laws;
6. The sum of $18,941,847 appropriated to the department of health and human services in chapter 549 of the 2021 Special Session Laws;
7. The sum of $55,120,000 appropriated from the federal state fiscal recovery fund for a public health laboratory capital project in chapter 4 of the 2023 Session Laws;
8. The sum of $1,000,000 appropriated from the general fund for the purpose of employer-led child care cost-share program in chapter 446 of the 2023 Session Laws;
9. The sum of $986,555 appropriated from the general fund for the purpose of streamlining background checks project in chapter 446 of the 2023 Session Laws;

10. The sum of $1,000,000 appropriated from the federal state fiscal recovery fund for the implementation of a virtual behavioral health crisis care program for rural law enforcement in chapter 44 of the 2023 Session Laws; and
11. The sum of $500,000 appropriated from the general fund and the sum of $500,000 appropriated from federal funds for the purpose of program integrity audits in chapter 44 of the 2023 Session Laws.
12. The sum of $1,950,000 appropriated from the general fund to the department of health and human services for a northwest human service region behavioral health facility grant in chapter 44 of the 2023 Session Laws.

SECTION 29. LEGISLATIVE INTENT - UTILIZATION RATE ADJUSTMENT. It is the intent of the sixty-ninth legislative assembly that the department of health and human services seek a deficiency appropriation from the seventieth legislative assembly for any expenditures that exceed appropriated amounts as a result of underfunding, utilization rates, value-based purchasing for nursing facilities, reduction in federal medical assistance percentage, and unexpected contract cost increases that exceed ten percent, during the biennium beginning July 1, 2025, and ending June 30, 2027, if funding is not sufficient to pay actual expenses.

SECTION 30. LEGISLATIVE INTENT - PROVIDER RATE INCREASE. Except as otherwise noted, section 1 of this Act includes funding for human service provider inflation increases of two percent for the first year and one and one-half percent the second year of the biennium beginning July 1, 2025, and ending June 30, 2027. The provider inflation increase in this section does not apply to nursing facilities.

SECTION 31. LEGISLATIVE INTENT - MEDICAL ASSISTANCE. It is the intent of the sixty-ninth legislative assembly that the department of health and human services review the amount, duration, coverage, utilization rates, medical necessity, and scope of medical assistance services, and report any findings and recommendations to the seventieth legislative assembly.

SECTION 32. FEDERAL FUNDING APPEAL LIMITATION. Except as otherwise specifically provided by federal law, a person may not appeal a denial, revocation, reduction in services or payment, or the termination of a program or service by the department of health and human services dues to the unavailability of federal coronavirus funding received under federal

law resulting from the federal coronavirus pandemic emergency declarations, for the biennium beginning July 1, 2025, and ending June 30, 2027.

SECTION 33. DEPARTMENT OF HEALTH AND HUMAN SERVICES - LONG-TERM STRUCTURED RESIDENCES PLAN - REPORT. During the 2025-26 interim, the department of health and human services shall review options and develop a plan to establish long-term structured residences. The department shall review necessary changes to statutes, rules, policies, and the estimated fiscal impact of establishing the residences. A long-term structured residence must be a highly structured therapeutic residential mental health treatment facility that is staffed continuously and designed to treat adults under chapters 12.1-04.1 and 25-03.1 who have severe and persistent mental illness and who have reached the maximum benefit from the mental health resources available elsewhere in the community or hospital. The department shall present a report to the legislative management by October 1, 2026, regarding its plan to establish long-term structured residences.

SECTION 34. A new section to chapter 6-09 of the North Dakota Century Code is created and enacted as follows:

Extraordinary medical needs housing loan fund - Continuing appropriation.

1. The Bank of North Dakota shall administer a loan program to provide loans for new construction projects to provide housing for individuals with disabilities that have extraordinary medical needs. A construction project may include a land purchase and the construction costs of the project. The applicant must comply with project requirements as approved by the department of health and human services and the North Dakota housing finance agency.
2. The extraordinary medical needs housing loan fund is a special fund maintained in the state treasury from which the Bank shall provide loans under this section. The fund consists of revenues transferred under legislative authorization, interest upon moneys in the fund, and collections of interest and principal on loans made from the fund. All moneys in the fund are appropriated on a continuing basis to the Bank for the purpose of providing loans under this section.
3. The developer of the housing facility for individuals with disabilities that have extraordinary medical needs may submit an application to the Bank for a loan. The application must:

a. Provide detail on the proposed construction project and its compliance with the department of health and human services and the North Dakota housing finance agency requirements;

b. Demonstrate the need and long-term viability of the project; and

c. Include financial information the Bank determines appropriate to verify eligibility.

4. A loan approved under this section:

a. May not exceed three million three hundred thousand dollars for a project;

b. Must have an interest rate that does not exceed two percent; and

c. Must have a repayment schedule of no longer than twenty years.

5. A recipient of a loan under this section shall complete the financed construction project within twenty-four months of the approval of the loan. Failure to comply with this subsection may result in forfeiture of the entire loan received under this section.

6. The Bank shall deposit in the fund all principal and interest paid on the loans made from the fund. The Bank may deduct from interest payments a service fee for costs of administering the loan program. The fund must be audited annually pursuant to section 6-09-29 and the cost of the audit and any other actual costs incurred by the Bank on behalf of the fund must be paid from the fund.

SECTION 35. AMENDMENT. Section 50-06-06.6 of the North Dakota Century Code is amended and reenacted as follows:

50-06-06.6. Department may lease real and personal property.

The commissioner of the department or commissioner's designee may lease ~~surplus farm and pastureland at the state hospital and the life skills and transition center. The commissioner or designee also may enter into further leases of~~ real or personal property at the life skills and transition center or the state hospital upon a specific finding that the granting of each such leasehold interest will result in a net economic gain for the department, taking into account all identifiable costs. Any lease of space for the purpose of providing child care services must meet requirements as determined by the department. The commissioner of the department or commissioner's designee may prescribe the terms and conditions of any leases entered into pursuant to this section and may renew existing leases. ~~Any~~The term of any lease ~~entered into must be subject to renewal or cancelable each biennium~~may not exceed ninety-nine years.

SECTION 36. AMENDMENT. Section 50-06-42 of the North Dakota Century Code is amended and reenacted as follows:

50-06-42. Substance use disorder treatment voucher system - Mental health treatment voucher system for incarcerated individuals.

~~1.~~ The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's substance abuse treatment system and to assist in the payment of addiction treatment services and medical costs provided by licensed substance abuse treatment programs, excluding regional human service centers and hospital- or medical clinic-based programs for medical management of withdrawal.

1. An out-of-state licensed substance abuse treatment program located within a bordering state may participate in the voucher program to serve an underserved area of this state pursuant to the rules adopted by the department. The department shall develop rules to include processes and requirements for an out-of-state provider to receive reimbursement only for outpatient and community-based services upon a provider completing an assessment of need and receiving approval from the department.
2. Services eligible for the voucher program include only those levels of care recognized by the American society of addiction medicine, with particular emphasis given to underserved areas and programs. The department shall ensure that a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers collects and reports process and outcome measures.
3. The department shall develop requirements and provide training and technical assistance to a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers. A licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers shall provide evidence-based services.
4. The department shall allocate funding appropriated for the substance use disorder treatment voucher as follows:

~~a. No~~

a. Except as provided in subdivisions c and d, no more than ~~forty-five~~fifty percent of the appropriated amount may be allocated for residential substance use disorder services administered by licensed substance abuse treatment programs with more than sixteen beds.

b. The remaining appropriation must be allocated for residential programs with sixteen or fewer beds, nonresidential outpatient, and ancillary substance use disorder services administered by licensed substance abuse treatment programs.

c. The department, during the last quarter of the biennium, may reallocate projected unused funds that were allocated under paragraph 2 to residential facilities outlined in paragraph 1.

d. The department may reimburse a licensed substance abuse treatment program with more than sixteen beds the incurred direct medical costs of an eligible individual who does not have resources to cover the medical costs. The department may develop rules and may not exceed the total amount appropriated for medical cost reimbursement.

SECTION 37. AMENDMENT. Section 50-24.5-02.3 of the North Dakota Century Code is amended and reenacted as follows:

50-24.5-02.3. Basic care payment rates.

1. The department shall determine limits for the care of residents of basic care facilities that qualify as vendors of an aged, blind, and disabled persons program and for implementing provisions of this chapter based on data demonstrating the most recent costs that must be incurred for the care of residents in efficiently and economically operated basic care facilities. The department shall determine the limits every four years by July first, beginning with July 1, 2023.
2. The department shall establish the limits by using the median rates from the most recent data available. The direct care limit must be the median plus eighteen percent. The indirect care limit must be the median plus twelve percent.
3. For the rate year beginning July 1, 2023, the department shall increase rates and limits three and one-half percent for inflation. For the rate year beginning July 1, 2024, the department shall increase rates and limits three and one-half percent for inflation.

4. The department shall provide a rate increase in the amount of five dollars per day for the period beginning July 1, 2023, and ending June 30, ~~2025~~2027, after which the increase is not effective. This rate increase may not be included in any calculation of inflation increase.
5. Within the limits of legislative appropriations, the department shall establish an uncompensated care expense of three hundred sixty-five days.

SECTION 38. AMENDMENT. Section 50-33-05 of the North Dakota Century Code is amended and reenacted as follows:

50-33-05. State of residence.

Only child care assistance units physically residing within the boundaries of the state are eligible for child care assistance, unless the individual is employed by an early childhood program within the boundaries of the state and the individual has been approved for the state's child care assistance child care workforce benefit.

SECTION 39. AMENDMENT. Subsection 1 of section 50-36-03 of the North Dakota Century Code is amended and reenacted as follows:

1. The committee is composed of:
   a. One member of the North Dakota association of counties appointed by the chairman of the legislative management, who shall serve a term of two years.
   b. One member of the North Dakota league of cities appointed by the chairman of the legislative management, who shall serve a term of two years.
   c. One member of the North Dakota state association of city and county health officials appointed by the chairman of the legislative management, who shall serve a term of two years.
   d. One member who represents the highway patrol appointed by the highway patrol superintendent, who shall serve a term of two years.
   e. The executive director of the department's division of behavioral health.
   f. ~~The managing director of the office of recovery reinvented~~One member in recovery appointed by the governor.
   g. One member appointed by the governor who shall serve as a nonvoting member and as the presiding officer of the committee, who shall serve a term of two years.

SECTION 40. AMENDMENT. Subsection 6 of the new section to chapter 54-07 of the North Dakota Century Code, as created by section 1 of Senate Bill No. 2176, as approved by the sixty-ninth legislative assembly, is amended and reenacted as follows:

6. a. The office of the governor shall provide staffing and administrative services for the children's cabinet and coordinate with other designated working groups on children and family issues.

b. The governor or the governor's designee serving on the cabinet may appoint a representative to serve in that official's capacity at a meeting if the governor or governor's designee is unable to attend.

SECTION 41. HOUSING AVAILABILITY ASSESSMENT - COLLABORATION WITH HOUSING FINANCE AGENCY. The department of health and human services shall collaborate with the North Dakota housing finance agency and other appropriate stakeholders to assess the availability of housing for individuals requiring extraordinary health care support services, for the biennium beginning July 1, 2025, and ending June 30, 2027. Based on the results of the assessment, if necessary, the department shall develop a plan to expand access to housing providing the least restrictive environment for individuals requiring extraordinary health care support services.

SECTION 42. BEHAVIORAL HEALTH CLINICS, NORTH DAKOTA STATE HOSPITAL, AND LIFE SKILLS AND TRANSITION CENTER FUNDING. Section 1 of this Act includes funding for the behavioral health clinics, North Dakota state hospital, and life skills and transition center as follows:

1.	Behavioral health clinics:		
	a.	Salaries and wages	$177,840,942
	b.	Operating and capital	56,945,408
	c.	Total	$234,786,350
2.	State hospital:		
	a.	Salaries and wages	$70,477,378

SECTION 43. LEGISLATIVE MANAGEMENT STUDY - STUDENT TRUANCY AND ABSENTEEISM. The legislative management shall consider studying, during the 2025-26 interim, truancy and student absenteeism in kindergarten through grade twelve public schools. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 44. LEGISLATIVE MANAGEMENT STUDY - OBESITY HEALTH IMPLICATIONS. The legislative management shall consider studying, during the 2025-26 interim, the health implications of obesity on the residents of the state and options to increase access to prevention and treatments for obesity. If conducted, the study must review costs associated with obesity including comorbidities, treatments available for obesity, obesity diagnosis guidelines including use of body mass index compared with percentage of body fat, and examining the difference between being an individual who is healthy and overweight as compared to an obese individual. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 45. LEGISLATIVE MANAGEMENT STUDY - MATERNAL HEALTH SERVICES - ACCESS AND WORKFORCE.

1. During the 2025-26 interim, the legislative management shall consider studying access to maternal health services. The study must include:
   a. Consideration of the availability of prenatal and childbirth services, including provider shortages and service use.
   b. Development of strategies to increase the number of obstetricians, family doctors, and midwives providing maternal health services in this state.
   c. A review of coverage and reimbursement for doulas and midwives, including training and certification needs.
   d. Consideration of insurance and public policy options to improve maternal health outcomes, including through the Medicaid program.
   e. Input from health care providers, insurers, public health officials, and maternal health experts.

2. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 46. LEGISLATIVE INTENT - LIFE SKILLS AND TRANSITION CENTER. It is the intent of the sixty-ninth legislative assembly that during the 2025-26 interim, the department of health and human services review the facilities and land at the life skills and transition center to identify the portions of the life skills and transition center campus that are necessary for delivery of services and the portions of the campus that could be conveyed to a local government or related public or not-for-profit community development entity to redevelop to optimize local community development goals and the successful operation of the life skills and transition center. It is further the intent of the legislative assembly that the department of health and human services present any request to convey any portions of the campus to the seventieth legislative assembly.

SECTION 47. DISABILITY SERVICE ACCREDITATION STUDY - LEGISLATIVE MANAGEMENT REPORT. During the 2025-26 interim, the department of health and human services shall study accreditation requirements and provider costs for serving individuals with intellectual and developmental disabilities, including the cost of accreditation relative to the cost of providing services and reimbursement. The department shall report its findings and recommendations, together with any legislation necessary to implement recommendations to the legislative management by September 1, 2026.

SECTION 48. VALUE-BASED CARE INCENTIVE PROGRAM - PAYMENT WITHHOLD FOR NURSING FACILITIES - COLLABORATION WITH NORTH DAKOTA LONG TERM CARE ASSOCIATION. During the 2025-26 interim, the department of health and human services, in collaboration with the North Dakota long term care association, shall develop a payment withhold structure for value-based payments to provide funding for the value-based care incentive program for nursing facilities. The department shall implement the payment withhold beginning July 1, 2027. The department may not implement a payment withhold before July 1, 2027.

SECTION 49. LEGISLATIVE MANAGEMENT STUDY- DISABILITY SERVICES.

1. During the 2025-26 interim, the legislative management shall study the efficiency, effectiveness, and outcomes of developmental disability services provided by the department of health and human services. The study must include:
   a. A review of the approval process, an analysis of accountability measures, an assessment of gaps in services, and an evaluation of overall program management.
   b. An assessment of whether the department is effectively managing cases and complying with federal law in the provision of support and services to individuals with disabilities.
   c. Input from advocates, clients from the disability community, zone directors, service providers, and health care providers who serve individuals with disabilities.
   d. Collaboration with the cross-disability advisory council.
2. The legislative council may contract with a consultant with expertise in the provision of developmental disability services to assist in the study.
3. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 50. APPROPRIATION - COMMUNITY HEALTH TRUST FUND - LEGISLATIVE COUNCIL - DISABILITY SERVICES - ONE-TIME FUNDING. There is appropriated out of any moneys in the community health trust fund, not otherwise appropriated, the sum of $150,000, or so much of the sum as may be necessary, to the legislative council for the purpose of contracting for consulting services for a disability services study, for the biennium beginning July 1, 2025, and ending June 30, 2027. The appropriation in this section is considered a one-time funding item.

SECTION 51. LEGISLATIVE MANAGEMENT REPORT - BEHAVIORAL HEALTH FACILITY GRANTS. During the 2025-26 interim the department of health and human services shall provide reports to the legislative management regarding the award of grant funding to increase the number of behavioral health beds in the state.

SECTION 52. EFFECTIVE DATE. Section 36 of this Act becomes effective on July 1, 2026.

SECTION 53. EFFECTIVE DATE. Section 7 of this Act becomes effective on January 1, 2026.

SECTION 48. NURSING FACILITY INCENTIVE PROGRAM – STUDY AND REPORT.

During the biennium beginning July 1, 2025, and ending June 30, 2027, the department of health and human services shall study **alternative payment structures** for the nursing facility incentive program, including the potential use of a withhold. The department shall conduct this study in collaboration with the long term care association and providers. The department shall not implement a nursing facility withhold during this biennium. The department shall report its findings and any recommended changes for consideration during the 2027-2029 biennium to the legislative management.

BASIC CARE - CORRECT ANNUAL UNRECOGNIZED INFLATION:

The department shall collaborate with basic care providers, long term care association, and two legislators to develop recommendations on applying the historical cost adjustment factor over the full 12-month period to recognize the timing delay in setting future rates. The department shall report its recommendations to the interim Human Services Committee by August 1, ~~2025.~~ 2024

c. Total ~~$419,655,706~~$91,357,533

3. Life skills and transition center:

a. Salaries and wages ~~$55,540,213~~$56,284,356

b. Operating and capital ~~15,207,658~~15,207,658

c. Total ~~$70,747,871~~$71,492,014

SECTION 42. LEGISLATIVE MANAGEMENT STUDY - STUDENT TRUANCY AND ABSENTEEISM. The legislative management shall consider studying, during the 2025-26 interim, truancy and student absenteeism in kindergarten through grade twelve public schools. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 43. LEGISLATIVE MANAGEMENT STUDY - OBESITY HEALTH IMPLICATIONS. The legislative management shall consider studying, during the 2025-26 interim, the health implications of obesity on the residents of the state and options to increase access to prevention and treatments for obesity. If conducted, the study must review costs associated with obesity including comorbidities, treatments available for obesity, obesity diagnosis guidelines including use of body mass index compared with percentage of body fat, and examining the difference between being an individual who is healthy and overweight as compared to an obese individual. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 44. LEGISLATIVE MANAGEMENT STUDY - DIAGNOSTIC AND SUPPLEMENTAL BREAST EXAMINATION HEALTH CARE COVERAGE.

1. During the 2025-26 interim, the legislative management, in collaboration with the public employees retirement system and the department of health and human services, shall study the desirability and feasibility of the public employees retirement system providing coverage for diagnostic and supplemental breast examinations without imposing cost-sharing requirements. The study must include:
   a. Receipt of a report from the public employees retirement system which provides a cost-benefit analysis of expanding the health insurance coverage benefits of the uniform group insurance program to cover diagnostic and supplemental breast examinations without any member cost-share. The report must include

data for total diagnostic or supplemental imaging costs per medical code, data identifying the number of members requiring treatment following a diagnostic or supplemental breast examination, data relating to the cost to cover the treatment, the number of members that meet the annual deductible, and an estimate of the program's cost savings due to early detection and prevention. Data used in the analysis to develop the report must include data from the most recent completed plan year.

b. Receipt of a report from the Medicaid program on the cost of covering diagnostic and supplemental breast examinations, including Medicaid expansion data. Data used in the report must include the most recent data available and cover at least an entire year period.

c. Consistency across health insurance plans for the data collected in medical coding for diagnostic and supplemental breast examinations.

d. Review of coverage of diagnostic and supplemental breast examinations in health benefit plans offered in the private market, including an analysis of any cost-sharing requirements.

e. Review of data identifying the number of deaths in this state due to breast cancer, including an analysis of the preventative services available to those individuals which was covered by insurance and the number of those individuals who received a diagnostic breast examination.

2. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 45. LEGISLATIVE MANAGEMENT STUDY - MATERNAL HEALTH SERVICES - ACCESS AND WORKFORCE.

1. During the 2025-26 interim, the legislative management shall consider studying access to maternal health services. The study must include:

a. Consideration of the availability of prenatal and childbirth services, including provider shortages and service use.

b. Development of strategies to increase the number of obstetricians, family doctors, and midwives providing maternal health services in this state.

25.0156.02035
Title.
Fiscal No. 2

Prepared by the Legislative Council staff for Conference Committee

May 1, 2025

Sixty-ninth
Legislative Assembly
of North Dakota

PROPOSED AMENDMENTS TO FIRST ENGROSSMENT

ENGROSSED HOUSE BILL NO. 1012

Introduced by

Appropriations Committee

In place of amendment (25.0156.02028) adopted by the Senate, Engrossed House Bill No. 1012 is amended by amendment (25.0156.02035) as follows:

A BILL for an Act to provide an appropriation for defraying the expenses of various divisions of the department of health and human services; to create and enact a new section to chapter 6-09 of the North Dakota Century Code, relating to an extraordinary medical needs housing loan fund; to amend and reenact sections 50-06-06.6, 50-06-42, 50-24.5-02.3, and 50-33-05, and subsection 1 of 50-36-03 of the North Dakota Century Code and subsection 6 of the new section to chapter 54-07 of the North Dakota Century Code created in section 1 of Senate Bill No. 2176, as approved by the sixty-ninth legislative assembly, relating to leases of department of health and human services property, substance use disorder treatment program, basic care payment rates, ~~and~~ state of residence for child care assistance, opioid settlement advisory committee, and children's cabinet; to provide for a transfer; to authorize a line of credit; to provide legislative intent; to provide for a legislative management study; to provide an application; to provide an exemption; to provide for a report; and to provide an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. APPROPRIATION. The funds provided in this section, or so much of the funds as may be necessary, are appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, and from other funds derived from special funds and federal funds, to the department of health and human services for the purpose of defraying the expenses of its various divisions, for the biennium beginning July 1, 2025, and ending June 30, 2027, as follows:

SECTION 3. FUNDING TRANSFERS - EXEMPTION - AUTHORIZATION - REPORT. Notwithstanding section 54-16-04, the director of the office of management and budget shall transfer appropriation authority between line items within subdivisions 1, 2, 3, 4, 5, and 6 of section 1 of this Act and any other appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly, for the biennium beginning July 1, 2025, and ending June 30, 2027, as requested by the department of health and human services. The department of health and human services shall notify the legislative council of any transfer made pursuant to this section. The department of health and human services shall report to the budget section after June 30, 2026, any transfer made in excess of $50,000 and to the appropriations committees of the seventieth legislative assembly regarding any transfers made pursuant to this section.

SECTION 4. FULL-TIME EQUIVALENT POSITION BLOCK GRANT PROGRAM - REPORT. Section 1 of this Act includes funding for a full-time equivalent position block grant program. This funding as approved by the sixty-ninth legislative assembly is available for defraying the expense of full-time equivalent positions as determined by the department of health and human services. Notwithstanding any other provision of law, the department is authorized to increase or decrease authorized full-time equivalent positions subject to the availability of funds and the provisions of this section. The department of health and human services many not increase full-time equivalent positions for the purpose of transferring human service zone employees to state employment. Pursuant to section 3 of this Act, the department is authorized to transfer appropriation authority of up to the underfunded amount of ~~$30,000,000~~$14,771,038 to the salaries and wages block grant line item. The department of health and human services shall report to the office of management and budget and legislative council any adjustments to full-time equivalent positions.

SECTION 5. DEPARTMENT OF HEALTH AND HUMAN SERVICES - SALARIES AND WAGES BLOCK GRANT - VACANT POSITIONS - REPORT. The department of health and human services shall report to the budget section quarterly during the 2025-26 interim regarding the status of its salaries and wages block grant and vacant positions and employee turnover. The report must include:

1. The legislative appropriation for salaries and wages allocated by the department to major department programs by funding source and the number of full-time equivalent

positions the department is allocating to each major program based on the legislative appropriation;

2. Any changes to salaries and wages funding or full-time equivalent positions allocated to major department programs;
3. Any new full-time equivalent positions added, the cost of the position for the remainder of the biennium, and the cost to continue funding the position in the subsequent biennium by funding source;
4. Any full-time equivalent positions removed and related funding;
5. The number of full-time equivalent positions that become vacant and the number filled each month;
6. The number of vacant full-time equivalent positions at the end of each month;
7. Salaries and wages savings resulting from vacant positions and employee turnover each month by funding source; and
8. The use of salaries and wages savings for other purposes for each month by funding source.

SECTION 6. BEHAVIORAL HEALTH FACILITY GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION.

1. Section 1 of this Act includes the sum of $12,960,000 from the strategic investment and improvements fund for a behavioral health facility grant pursuant to this section.
2. A grant of $12,960,000 must be provided to establish a behavioral health facility in the northeast human service region. The grant recipient must provide matching funds of $3,240,000 to establish the facility.
3. The department shall require an entity receiving funding under this section to operate the facility for at least ten years and require the grant amount to be repaid if the entity does not operate the facility for at least ten years.
4. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 7. APPROPRIATION - OFFICE OF GUARDIANSHIP AND CONSERVATORSHIP. There is appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, the sum of $3,266,178, or so much of the sum as may be necessary, to the office of guardianship and conservatorship, for the biennium beginning July 1,

2025, and ending June 30, 2027, for the purpose of providing guardianship services after March 30, 2026.

SECTION 8. TRANSFER - OFFICE OF GUARDIANSHIP AND CONSERVATORSHIP. Section 1 of this Act includes the sum of $3,266,177 from the general fund for guardianship programs. On April 1, 2026, the office of management and budget shall transfer any unspent appropriation authority for guardianship programs from the department of health and human services to the office of guardianship and conservatorship, for the biennium beginning July 1, 2025, and ending June 30, 2027.

SECTION 9. INFANT AND TODDLER CARE PROVIDER SUPPORT DIRECT PAYMENT - ONE-TIME - REPORT. Section 1 of this Act includes the sum of $11,000,000 of one-time funding from the general fund for direct payments to licensed child care providers to support high-quality early childhood care for infants and toddlers. The department shall administer the direct payment program and include the following provisions:

1. To qualify for a direct payment under this section, a direct payment recipient may not be currently receiving a child care assistance program infant/toddler bonus payment and must:
   a. Be a licensed child care facility within the state of North Dakota;
   b. Be enrolled in the state's bright and early quality rating system at a two-star, three-star, or four-star rating level; and
   c. Provide care for children from birth through three years of age.
2. Eligible providers may receive up to $200 per month for each child from birth through seventeen months of age and up to $115 per month for each child from eighteen through thirty-six months of age.
3. The department shall distribute the direct payments on a quarterly basis. Direct payments may not be used for non-child care-related expenses or debt repayment.
4. Direct payment recipients shall submit annual reports to the department detailing fund usage, enrollment statistics, and other information requested by the department.
5. The department shall provide reports to the legislative management and to the appropriations committees of the seventieth legislative assembly on direct payments and the effectiveness of the program.

SECTION 10. INTERMEDIATE CARE FACILITY MEDICALLY AND BEHAVIORALLY COMPLEX SERVICES GRANT - ONE-TIME - APPLICATION. Section 1 of this Act includes the sum of $4,400,000 of one-time funding from the community health trust fund for providing a one-time grant to a licensed intermediate care facility in the south central human service region for providing services to children or young adults with medically and behaviorally complex conditions. To be eligible to receive the grant under this section, a licensed intermediate care facility must provide early intervention, clinical, and residential services, provide community and home support, education, recreation and leisure activities, and assistive technology; and provide services in at least eight communities for individuals with intellectual or developmental disabilities. The grant funds awarded may be used only for the costs of providing services to children and young adults with medically and behaviorally complex conditions. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 11. SPECIAL HEALTH CARE NEEDS GRANT - APPLICATION. Section 1 of this Act includes the sum of $100,000 from the general fund for providing a grant to a provider in the south central human service region for statewide education, information, training, and peer support to families with children with special health care needs, medically complex conditions, or a disability. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 12. CRISIS SERVICES GRANTS - APPLICATION. Section 1 of this Act includes the sum of $585,000 from the general fund for providing crisis services grants, including the sum of $300,000 for crisis organizations that provide crisis services to young adults who are at risk of being homeless or experiencing other serious adverse life events and the sum of $285,000 to a volunteer-based ecumenical ministry organization. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 13. MEDICAL HOUSING FOR INDIVIDUALS WITH EXTRAORDINARY MEDICAL NEEDS - ONE-TIME FUNDING.

1. Section 1 of this Act includes the sum of $200,000 from the general fund for the preliminary design consultation and project administration of developing housing for individuals with disabilities that have extraordinary medical needs and for rent

subsidies for individuals residing in these housing facilities, for the biennium beginning July 1, 2025, and ending June 30, 2027.

2. The department of health and human services shall collaborate with the North Dakota housing finance agency, individuals with disabilities, caregivers, and families to solicit proposals for the development of accessible housing for individuals with disabilities that have extraordinary medical needs, for the biennium beginning July 1, 2025, and ending June 30, 2027. The department shall solicit proposals from public entities, for-profit organizations, and nonprofit organizations to design, construct, maintain, and operate the housing facility. Proposals must:
   a. Ensure that services in the facility may be provided separately from the facility ownership interests;
   b. Ensure that individuals residing in the facility may choose among independent living service providers; and
   c. Comply with the federal home and community-based settings rules as defined under 42 CFR 441.301(c)(4).

SECTION 14. BEHAVIORAL HEALTH FACILITY GRANT - GENERAL FUND - ONE-TIME - APPLICATION. Section 1 of this Act includes the sum of $1,500,000 appropriated from the general fund and section 29 of this Act continues unexpended appropriation authority of up to $1,950,000 appropriated from the general fund in chapter 44 of the 2023 Session Laws to provide a total of $3,450,000 for the purpose of providing a one-time behavioral health facility grant to establish a behavioral health facility in the northwest human service center region, for the biennium beginning July 1, 2025, and ending June 30, 2027. The department of health and human services shall include the following provisions relating to the grant award.

1. The grant recipient must provide matching funds of at least $1,750,000 to establish the facility.
2. The department shall require an entity receiving a grant under this section to operate the facility for at least ten years and require the grant amount to be repaid if the entity does not operate the facility for at least ten years.
3. To continue to receive the grant, the behavioral health facility grant recipient must:
   a. Enter a grant agreement or amendment or both with the department;

b. Provide and disclose information needed to comply with the department's datacollection requirements; and

c. Operate in compliance with grant requirements.

4. The department may recapture grant funds distributed to a grant recipient found by the department to be out of compliance with the requirements established for the grant program.

5. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section

SECTION 15. COMMUNITY CULTURAL CENTER GRANT - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND - APPLICATION. Section 1 of this Act includes the sum of ~~$1,000,000~~$300,000 from the ~~strategic investment and improvements~~community health trust fund for the purpose of providing a one-time community cultural center programming grant in the west central human service region. An entity may apply for a grant under this section if the entity certifies to the department ~~it has secured at least fifty percent of funds needed to complete the project, the project will be completed within two years of receiving the grant funds, and the grants funds will be used only for costs of constructing a~~the funds will be used for programs within the community cultural center. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.

SECTION 16. JUVENILE JUSTICE DIVERSION SERVICES AND PROGRAMS - TASK FORCE - REPORT. Section 1 of this Act includes the sum of $750,000 of one-time funding from the ~~general~~human services finance fund for juvenile justice diversion services and programs. The department of health and human services must use the funding for services to youth at risk of juvenile justice involvement but who have not committed delinquent acts as defined in chapter 27-20.4.

The department shall establish a task force with representation from divisions in the department, human service zones, the department of public instruction, elementary and secondary schools, and members of the legislative assembly, to review juvenile justice diversion services and program. The department shall report its findings and recommendations to the legislative management and children's cabinet.

~~**SECTION 9. ANIMAL SHELTER GRANT - COMMUNITY HEALTH TRUST FUND.** Section 1 of this Act includes the sum of $300,000 from the community health trust fund for a grant for the construction of an animal shelter. The department of health and human services may award a grant for the construction of an animal shelter to an organization that provides twenty dollars of nonstate matching funds for every dollar of grant funds received. The requirements of chapter 54-44.4 do not apply to the selection of a grant recipient, the grant award, or payments made under this section.~~

~~**SECTION 10. STATEWIDE HEALTH STRATEGIES - COMMUNITY HEALTH TRUST FUND.** Section 1 of this Act includes the sum of $750,000 of one-time funding from the community health trust fund for the statewide health strategies initiative. The department of health and human services may spend the funding upon securing dollar-for-dollar matching funds.~~

SECTION 17. OTHER FUNDS - INSURANCE TAX DISTRIBUTION FUND. The other funds line item in subdivision 5 of section 1 of this Act includes the sum of $1,125,000 from the insurance tax distribution fund for rural emergency medical services grants.

SECTION 18. OTHER FUNDS - COMMUNITY HEALTH TRUST FUND. The other funds line items in section 1 of this Act includes the sum of ~~$38,713,522~~$41,009,522 from the community health trust fund for the following purposes:

Loan repayment programs	$594,500
~~Tobacco and vaping programs~~	~~11,599,698~~
Tobacco prevention and control grants to local public health units	6,250,000
Tobacco prevention and control	4,549,698
Tobacco cessation grants	500,000
Youth vaping prevention grants	300,000
Cancer and women's way programs	909,824
Behavior risk state survey	200,000
Intermediate care facility grant	4,400,000
Domestic violence programs	4,250,000
Local public health grants	3,275,000
988 crisis hotline	1,867,500
~~Various information technology system upgrades~~	~~2,967,000~~

Various information technology system upgrades	1,335,000
Grants to rural ambulances	7,000,000
Law enforcement rural crisis support program	1,000,000
Development of partial hospitalization/intensive day treatment	2,000,000
Critical access hospital networking	2,000,000
~~Animal shelter grant~~	~~300,000~~
~~Statewide health strategies~~	~~750,000~~
~~Total~~	~~$38,713,522~~
Forensic examiner electronic records	278,000
Cultural center programming	300,000
Total	$41,009,522

SECTION 19. OTHER FUNDS - HUMAN SERVICE FINANCE FUND. The other funds line items in section 1 of this Act includes the sum of ~~$239,112,030~~$242,862,030 from the human service finance fund for state-paid economic assistance and social and human services.

SECTION 20. OTHER FUNDS - OPIOID SETTLEMENT FUND. The other funds line item in section 1 of this Act includes the sum of $8,000,000 from the opioid settlement fund for opioid remediation and abatement efforts.

SECTION 21. OTHER FUNDS - CHARITABLE GAMING OPERATING FUND. The other funds line item in section 1 of this Act includes the sum of $1,900,000 from the charitable gaming operating fund for domestic and sexual violence prevention.

SECTION 22. OTHER FUNDS - HEALTH CARE TRUST FUND. The other funds line item in section 1 of this Act includes the sum of $1,448,052 from the health care trust fund for the additional daily rate increase for basic care.

SECTION 23. OTHER FUNDS - STRATEGIC INVESTMENT AND IMPROVEMENTS FUND. The other funds line items in section 1 of this Act includes the sum of ~~$227,474,784~~$22,106,784 from the strategic investment and improvements fund for the following purposes:

~~Retiring technology from the mainframe~~	~~$5,000,000~~
~~Retiring technology from the mainframe~~	~~$7,500,000~~
~~Move into the new state laboratory and purchase security equipment~~	~~2,962,304~~
~~Capital projects in human service centers and life skills and transition center~~	~~1,052,480~~

~~Housing initiative programs~~	~~1,000,000~~
~~Technology projects at the state hospital~~	~~1,000,000~~
~~New state hospital~~	~~200,000,000~~
~~Behavioral health facility grant~~	~~12,960,000~~
~~Community cultural center grant~~	~~1,000,000~~
~~Total~~	~~$227,474,784~~
Retiring technology from the mainframe	$2,500,000
New state laboratory move-in costs and security equipment purchases	2,962,304
Capital projects in certified community behavioral health clinics and life skills and transition center	1,684,480
Housing initiative programs	1,000,000
Technology projects at the state hospital	1,000,000
Behavioral health facility grant	12,960,000
Total	$22,106,784

SECTION 24. OTHER FUNDS - BANK OF NORTH DAKOTA LINE OF CREDIT - ~~STATE HOSPITAL~~CHILD WELFARE TECHNOLOGY PROJECT. The other funds line item in subdivision 2 of section 1 of this Act includes ~~$130,000,000~~the sum of $8,411,218 from a Bank of North Dakota line of credit. The department of health and human services may borrow up to ~~$130,000,000~~$8,411,218 through a line of credit from the Bank of North Dakota during the biennium beginning July 1, 2025, and ending June 30, 2027, for costs associated with ~~the construction of a new state hospital~~a child welfare technology project. The interest rate on the line of credit may not exceed the prevailing interest rate charged to North Dakota governmental entities. If the department accesses the line of credit, it shall request a deficiency appropriation from the seventieth legislative assembly to repay the line of credit.

SECTION 25. LABORATORY BUILDING STEERING COMMITTEE. The department of health and human services shall maintain the laboratory building steering committee to oversee the design and construction of the laboratory building project, for the biennium beginning July 1, 2025, and ending June 30, 2027, or until work is completed, whichever occurs earlier. The committee must include representation from the department of health and human services, department of environmental quality, office of management and budget, the governor's office, and the legislative assembly. The legislative assembly representation must include one member

of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.

~~**SECTION 25. NEW STATE HOSPITAL - STEERING COMMITTEE.** The department of health and human services shall establish a new state hospital facility steering committee to oversee the design and construction of a new state hospital facility, for the biennium beginning July 1, 2025, and ending June 30, 2027. The committee must include one member of the senate appointed by the senate majority leader, one member of the house appointed by the house majority leader, and one member of the minority party from either the senate or the house appointed by the minority leaders of the senate and the house.~~

SECTION 26. CAPITAL PAYMENTS. During the biennium beginning July 1, 2025, and ending June 30, 2027, the department of health and human services is authorized to expend funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center. Pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly. The department of health and human services may transfer funds for the payment of special assessments at the state hospital, southeast human service center, and life skills and transition center ahead of the special needs assessments schedule. Notwithstanding section 54-27-12, the department of health and human services may spend funds for the payment of special assessments at the state hospital and life skills and transition center.

SECTION 27. CAPITAL PROJECTS - EMERGENCY COMMISSION AND BUDGET SECTION APPROVAL. During the biennium beginning July 1, 2025, and ending June 30, 2027, pursuant to section 3 of this Act, the director of the office of management and budget may transfer appropriation authority between line items within section 1 of this Act and any remaining appropriation authority for the department of health and human services approved by the sixty-ninth legislative assembly for capital projects and maintenance pertaining to operation of its facilities, including demolition projects. Notwithstanding section 54-27-12, the department of health and human services may spend up to $10,000,000 for capital projects and maintenance pertaining to operation of its facilities, including demolition projects, under this section and may

seek emergency commission and budget section approval to spend more than $10,000,000 under this section.

SECTION 28. PERMANENT SUPPORTIVE HOUSING GRANTS. Section 1 of this Act includes the sum of $4,672,536 from the general fund for permanent supportive housing grants. The department of health and human services shall develop a funding methodology to distribute the funding to qualified entities that utilize best practices for permanent supportive housing, provide recovery-oriented and person-centered services, submit process and outcome measures to the department of health and human services, and authorize the department of health and human services to conduct onsite visits to review program operations.

SECTION 29. EXPENDITURES MAY NOT EXCEED APPROPRIATION - MEDICAL ASSISTANCE EXPANSION PROGRAM - APPLICATION.

1. Section 1 of this Act includes the sum of $662,099,340, of which $66,209,934 is from the general fund, for the medical assistance expansion program, for the biennium beginning July 1, 2025, and ending June 30, 2027. The expenditures for individuals eligible for the medical assistance expansion program may not exceed this amount.
2. The department of health and human services may exceed appropriations for increases in medical assistance expansion program caseload, for the addition of coverage consistent with the traditional Medicaid 1915(i) state plan, utilization rates, and reduction in federal medical assistance percentage.
3. The managed care organization under contract with the department of health and human services to manage the medical assistance expansion program shall reimburse providers within the same provider type and specialty at consistent levels and with consistent methodology and may not provide incentive, quality, or supplemental payments to providers, unless part of a value-based program approved by the department of health and human services. The managed care organization shall reimburse all North Dakota substance use providers of American society of addiction medicine level 2.5 at consistent levels and with consistent methodology. The managed care organization may consider urban and rural providers as different provider types.
4. The managed care organization and the department of health and human services shall ensure payments to Indian or Tribal 638 health care providers, federally qualified health centers,and rural health clinics meet the federally required minimum levels of

reimbursement. Critical access hospitals may not be paid less than one hundred percent of Medicare allowable costs and human service centers may not be paid less than one hundred percent of the current traditional Medicaid rate. Behavioral health services involving partial hospitalization, intensive outpatient, professional services, and residential behavioral health services provided in facilities that are not institutions for mental diseases are not subject to the provisions in subsection 6.

5. The department of health and human services shall ensure providers within the same provider type and specialty are reimbursed at consistent levels and with consistent methodology and shall ensure the capitation rates under risk contracts are actuarially sound and are adequate to meet managed care organization contractual requirements regarding availability of services, assurance or adequate capacity and services, and coordination and continuity of care.

6. Except for the provisions in subsection 4, managed care organization premium payments must be built using the assumption that rates paid to providers under the medical assistance expansion program may not exceed one hundred forty-five percent of Medicare reimbursement rates paid to providers on January 1, 2025.

SECTION 30. HUMAN SERVICE CENTERS - CERTIFIED COMMUNITY BEHAVIORAL HEALTH CLINICS - FULL-TIME EQUIVALENT POSITIONS - REPORT. The department of health and human services shall continue the process of the human service centers becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults. The department of health and human services shall pursue additional federal funding as available. Subject to the availability of generated income, the department of health and human services may add full-time equivalent positions for the clinics to provide direct services for the period beginning with the effective date of this Act and ending June 30, 2027. The department of health and human services shall report to the office of management and budget and legislative council each time a position is added.

SECTION 31. INTERMEDIATE CARE FACILITY MORATORIUM. The department of health and human services may not add any new licensed intermediate care facility for individuals with intellectual disabilities beds to the state's licensed bed capacity between July 1, 2025, and June 30, 2027.

SECTION 32. EXEMPTION - UNEXPENDED APPROPRIATIONS. The following appropriations are not subject to the provisions of section 54-44.1-11 and any unexpended appropriation authority may be continued into the biennium beginning July 1, 2025, and ending June 30, 2027:

1. The sum of $3,674,757 appropriated from the general fund and the sum of $25,918,566 appropriated from federal funds for the Medicaid management information system modularization technology project in chapter 12 of the 2021 Session Laws;
2. The sum of ~~$14,411,218~~$6,000,000 appropriated from the general fund and the sum of $14,411,218 appropriated from federal funds for the child welfare technology project in chapter 12 of the 2021 Session Laws;
3. The sum of $20,366,271 appropriated from the community health trust fund and the sum of $39,534,525 appropriated from federal funds for the child support computer replacement project in chapter 44 of the 2023 Session Laws;
4. The sum of $10,989,217 appropriated from the strategic investment and improvements fund for the procurement and grants management system in chapter 44 of the 2023 Session Laws;
5. The sum of $4,150,000 appropriated from the general fund for defraying the expenses of additional human service centers to begin the process of becoming a certified community behavioral health clinic to provide continuous community-based behavioral health services for children and adults in chapter 44 of the 2023 Session Laws;
6. The sum of $18,941,847 appropriated to the department of health and human services in chapter 549 of the 2021 Special Session Session Laws;
7. The sum of $55,120,000 appropriated from the federal state fiscal recovery fund for a public health laboratory capital project in chapter 4 of the 2023 Session Laws;
8. The sum of ~~$5,000,000~~$2,200,000 appropriated from the general fund for the purpose of employer-led child care cost-share program in chapter 446 of the 2023 Session Laws;
9. The sum of $986,555 appropriated from the general fund for the purpose of streamlining background checks project in chapter 446 of the 2023 Session Laws;

10. The sum of ~~$2,223,981~~$1,000,000 appropriated from the federal state fiscal recovery fund for the implementation of a virtual behavioral health crisis care program for rural law enforcement in chapter 44 of the 2023 Session Laws; and
11. The sum of $500,000 appropriated from the general fund and the sum of $500,000 appropriated from federal funds for the purpose of program integrity audits in chapter 44 of the 2023 Session Laws.
12. The sum of $1,950,000 appropriated from the general fund to the department of health and human services for a northwest human service region behavioral health facility grant in chapter 44 of the 2023 Session Laws.

SECTION 33. LEGISLATIVE INTENT - UTILIZATION RATE ADJUSTMENT. It is the intent of the sixty-ninth legislative assembly that the department of health and human services seek a deficiency appropriation from the seventieth legislative assembly for any expenditures that exceed appropriated amounts as a result of underfunding, utilization rates, value-based purchasing for nursing facilities, reduction in federal medical assistance percentage, and unexpected contract cost increases that exceed ten percent, during the biennium beginning July 1, 2025, and ending June 30, 2027, if funding is not sufficient to pay actual expenses.

SECTION 34. LEGISLATIVE INTENT - PROVIDER RATE INCREASE. Except as otherwise noted, section 1 of this Act includes funding for human service provider inflation increases of two percent for each year of the biennium beginning July 1, 2025, and ending June 30, 2027. The provider inflation increase in this section does not apply to nursing facilities.

~~**SECTION 29. LEGISLATIVE INTENT - DEVELOPMENTAL DISABILITIES PROVIDER ACCREDITATION REQUIREMENT.** It is the intent of the sixty-ninth legislative assembly that the department of health and human services eliminate its administrative rule requirement that providers of developmental disabilities services be accredited as a condition of being eligible for receiving payments for services from the department of health and human services.~~

~~**SECTION 35. LEGISLATIVE INTENT - MEDICAL ASSISTANCE.** It is the intent of the sixty-ninth legislative assembly that the department of health and human services review the amount, duration, coverage, utilization rates, medical necessity, and scope of medical assistance services, and may implement any adjustments the department determines appropriate.~~

SECTION 35. FEDERAL FUNDING APPEAL LIMITATION. Except as otherwise specifically provided by federal law, a person may not appeal a denial, revocation, reduction in services or payment, or the termination of a program or service by the department of health and human services dues to the unavailability of federal coronavirus funding received under federal law resulting from the federal coronavirus pandemic emergency declarations, for the biennium beginning July 1, 2025, and ending June 30, 2027.

SECTION 36. DEPARTMENT OF HEALTH AND HUMAN SERVICES - LONG-TERM STRUCTURED RESIDENCES PLAN - REPORT. During the 2025-26 interim, the department of health and human services shall review options and develop a plan to establish long-term structured residences. The department shall review necessary changes to statutes, rules, policies, and the estimated fiscal impact of establishing the residences. A long-term structured residence must be a highly structured therapeutic residential mental health treatment facility that is staffed continuously and designed to treat adults under chapters 12.1-04.1 and 25-03.1 who have severe and persistent mental illness and who have reached the maximum benefit from the mental health resources available elsewhere in the community or hospital. The department shall present a report to the legislative management by October 1, 2026, regarding its plan to establish long-term structured residences.

SECTION 37. AMENDMENT. A new section to chapter 6-09 of the North Dakota Century Code is created and enacted as follows:

Extraordinary medical needs housing loan fund - Continuing appropriation.

1. The Bank of North Dakota shall administer a loan program to provide loans for new construction projects to provide housing for individuals with disabilities that have extraordinary medical needs. A construction project may include a land purchase and the construction costs of the project. The applicant must comply with project requirements as approved by the department of health and human services and the North Dakota housing finance agency.
2. The extraordinary medical needs housing loan fund is a special fund maintained in the state treasury from which the Bank shall provide loans under this section. The fund consists of revenues transferred under legislative authorization, interest upon moneys in the fund, and collections of interest and principal on loans made from the fund. All

moneys in the fund are appropriated on a continuing basis to the Bank for the purpose of providing loans under this section.

3. The developer of the housing facility for individuals with disabilities that have extraordinary medical needs may submit an application to the Bank for a loan. The application must:

a. Provide detail on the proposed construction project and its compliance with the department of health and human services and the North Dakota housing finance agency requirements;

b. Demonstrate the need and long-term viability of the project; and

c. Include financial information the Bank determines appropriate to verify eligibility.

4. A loan approved under this section:

a. May not exceed three million three hundred thousand dollars for a project;

b. Must have an interest rate that does not exceed two percent; and

c. Must have a repayment schedule of no longer than twenty years.

5. A recipient of a loan under this section shall complete the financed construction project within twenty-four months of the approval of the loan. Failure to comply with this subsection may result in forfeiture of the entire loan received under this section.

6. The Bank shall deposit in the fund all principal and interest paid on the loans made from the fund. The Bank may deduct from interest payments a service fee for costs of administering the loan program. The fund must be audited annually pursuant to section 6-09-29 and the cost of the audit and any other actual costs incurred by the Bank on behalf of the fund must be paid from the fund.

SECTION 38. AMENDMENT. Section 50-06-06.6 of the North Dakota Century Code is amended and reenacted as follows:

50-06-06.6. Department may lease real and personal property.

The commissioner of the department or commissioner's designee may lease ~~surplus farm and pastureland at the state hospital and the life skills and transition center. The commissioner or designee also may enter into further leases of~~ real or personal property at the life skills and transition center or the state hospital upon a specific finding that the granting of each such leasehold interest will result in a net economic gain for the department, taking into account all identifiable costs. Any lease of space for the purpose of providing child care services must meet

requirements as determined by the department. The commissioner of the department or commissioner's designee may prescribe the terms and conditions of any leases entered into pursuant to this section and may renew existing leases. ~~Any~~The term of any lease ~~entered into must be subject to renewal or cancelable each biennium~~may not exceed ninety-nine years.

SECTION 39. AMENDMENT. Section 50-06-42 of the North Dakota Century Code is amended and reenacted as follows:

50-06-42. Substance use disorder treatment voucher system ~~- Mental health treatment voucher system for incarcerated individuals~~.

1. The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's substance abuse treatment system and to assist in the payment of addiction treatment services and medical costs provided by licensed substance abuse treatment programs, excluding regional human service centers and hospital- or medical clinic-based programs for medical management of withdrawal. An out-of-state licensed substance abuse treatment program located within a bordering state may participate in the voucher program to serve an underserved area of this state pursuant to the rules adopted by the department. The department shall develop rules to include processes and requirements for an out-of-state provider to receive reimbursement only for outpatient and community-based services upon a provider completing an assessment of need and receiving approval from the department.

~~b.~~2. Services eligible for the voucher program include only those levels of care recognized by the American society of addiction medicine, with particular emphasis given to underserved areas and programs. The department shall ensure that a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers collects and reports process and outcome measures.

~~c.~~3. The department shall develop requirements and provide training and technical assistance to a licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers. A licensed substance abuse treatment program, hospital, and medical clinic program accepting vouchers shall provide evidence-based services.

~~d.~~4. The department shall allocate funding appropriated for the substance use disorder treatment voucher as follows:

~~a. No~~

~~(1)~~a. Except as provided in ~~paragraphs 3 and 4~~subdivisions c and d, no more than ~~forty-five~~~~fifty~~ fifty percent of the appropriated amount may be allocated for residential substance use disorder services administered by licensed substance abuse treatment programs with more than sixteen beds.

~~(2)~~b. The remaining appropriation must be allocated for residential programs with sixteen or fewer beds, nonresidential outpatient, and ancillary substance use disorder services administered by licensed substance abuse treatment programs.

~~(3)~~c. The department, during the last quarter of the biennium, may reallocate projected unused funds that were allocated under ~~paragraph 2~~subsection b to residential facilities outlined in ~~paragraph 1~~subsection a.

~~(4)~~d. The department may reimburse a licensed substance abuse treatment program with more than sixteen beds the incurred direct medical costs of an eligible individual who does not have resources to cover the medical costs. The department may develop rules and may not exceed the total amount appropriated for medical cost reimbursement.

~~2. The department shall establish and administer, within the limits of legislative appropriations, a voucher system to address underserved areas and gaps in the state's mental health treatment system for individuals detained or confined in a county jail or detention center or regional corrections center and to assist in the payment of mental health treatment services provided by a licensed mental health professional acting within their scope of practice, excluding a regional human service center.~~

~~a. Services eligible for the voucher program include only diagnostic assessment and mental health therapy for individuals with a mental health concern detained or confined in a county jail or detention center or regional corrections center. The department shall ensure that a licensed mental health professional accepting vouchers collects and reports process and outcome measures.~~

~~b. The department shall develop requirements and provide training and technical assistance to licensed mental health professionals accepting vouchers. A licensed mental health professional shall provide evidence-based services.~~

SECTION 40. AMENDMENT. Section 50-24.5-02.3 of the North Dakota Century Code is amended and reenacted as follows:

50-24.5-02.3. Basic care payment rates.

1. The department shall determine limits for the care of residents of basic care facilities that qualify as vendors of an aged, blind, and disabled persons program and for implementing provisions of this chapter based on data demonstrating the most recent costs that must be incurred for the care of residents in efficiently and economically operated basic care facilities. The department shall determine the limits every four years by July first, beginning with July 1, 2023.
2. The department shall establish the limits by using the median rates from the most recent data available. The direct care limit must be the median plus eighteen percent. The indirect care limit must be the median plus twelve percent.
3. For the rate year beginning July 1, 2023, the department shall increase rates and limits three and one-half percent for inflation. For the rate year beginning July 1, 2024, the department shall increase rates and limits three and one-half percent for inflation.
4. The department shall provide a rate increase in the amount of five dollars per day for the period beginning July 1, 2023, and ending June 30, ~~2025~~2027, after which the increase is not effective. This rate increase may not be included in any calculation of inflation increase.
5. Within the limits of legislative appropriations, the department shall establish an uncompensated care expense of three hundred sixty-five days.

SECTION 41. AMENDMENT. Section 50-33-05 of the North Dakota Century Code is amended and reenacted as follows:

50-33-05. State of residence.

Only child care assistance units physically residing within the boundaries of the state are eligible for child care assistance, unless the individual is employed by an early childhood program within the boundaries of the state and the individual has been approved for the state's child care assistance child care workforce benefit.

SECTION 42. AMENDMENT. Subsection 1 of section 50-36-03 of the North Dakota Century Code is amended and reenacted as follows:

1. The committee is composed of:
   a. One member of the North Dakota association of counties appointed by the chairman of the legislative management, who shall serve a term of two years.
   b. One member of the North Dakota league of cities appointed by the chairman of the legislative management, who shall serve a term of two years.
   c. One member of the North Dakota state association of city and county health officials appointed by the chairman of the legislative management, who shall serve a term of two years.
   d. One member who represents the highway patrol appointed by the highway patrol superintendent, who shall serve a term of two years.
   e. The executive director of the department's division of behavioral health.
   f. ~~The managing director of the office of recovery reinvented~~One member in recovery appointed by the governor.
   g. One member appointed by the governor who shall serve as a nonvoting member and as the presiding officer of the committee, who shall serve a term of two years.

SECTION 43. AMENDMENT. Subsection 6 of the new section to chapter 54-07 of the North Dakota Century Code, as created by section 1 of Senate Bill No. 2176, as approved by the sixty-ninth legislative assembly, is amended and reenacted as follows:

6. a. The office of the governor shall provide staffing and administrative services for the children's cabinet and coordinate with other designated working groups on children and family issues.
   b. The governor or the governor's designee serving on the cabinet may appoint a representative to serve in that official's capacity at a meeting if the governor or governor's designee is unable to attend.

SECTION 44. HOUSING AVAILABILITY ASSESSMENT - COLLABORATION WITH HOUSING FINANCE AGENCY. The department of health and human services shall collaborate with the North Dakota housing finance agency and other appropriate stakeholders to assess the availability of housing for individuals requiring extraordinary health care support services, for the

biennium beginning July 1, 2025, and ending June 30, 2027. Based on the results of the assessment, if necessary, the department shall develop a plan to expand access to housing providing the least restrictive environment for individuals requiring extraordinary health care support services.

SECTION 45. BEHAVIORAL HEALTH CLINICS, NORTH DAKOTA STATE HOSPITAL, AND LIFE SKILLS AND TRANSITION CENTER FUNDING. Section 1 of this Act includes funding for the behavioral health clinics, North Dakota state hospital, and life skills and transition center as follows:

1. Behavioral health clinics:
   a. Salaries and wages ~~$156,967,103~~$174,911,640
   b. Operating and capital ~~64,131,965~~57,037,232
   c. Total ~~$221,099,068~~$231,948,872
2. State hospital:
   a. Salaries and wages ~~$68,775,551~~$68,999,503
   b. Operating and capital ~~350,880,155~~20,880,155
   c. Total ~~$419,655,706~~$89,879,658
3. Life skills and transition center:
   a. Salaries and wages ~~$55,540,213~~$55,639,421
   b. Operating and capital ~~15,207,658~~12,707,658
   c. Total ~~$70,747,871~~$68,347,079

SECTION 46. LEGISLATIVE MANAGEMENT STUDY - STUDENT TRUANCY AND ABSENTEEISM. The legislative management shall consider studying, during the 2025-26 interim, truancy and student absenteeism in kindergarten through grade twelve public schools. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

~~**SECTION 47. LEGISLATIVE MANAGEMENT STUDY - OBESITY HEALTH IMPLICATIONS.** The legislative management shall consider studying, during the 2025-26 interim, the health implications of obesity on the residents of the state and options to increase access to prevention and treatments for obesity. If conducted, the study must review costs associated with obesity including comorbidities, treatments available for obesity, obesity diagnosis guidelines including use of body mass index compared with percentage of body fat,~~

~~and examining the difference between being an individual who is healthy and overweight as compared to an obese individual. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.~~

SECTION 47. LEGISLATIVE MANAGEMENT STUDY - MATERNAL HEALTH SERVICES - ACCESS AND WORKFORCE.

1. During the 2025-26 interim, the legislative management shall consider studying access to maternal health services. The study must include:
   a. Consideration of the availability of prenatal and childbirth services, including provider shortages and service use.
   b. Development of strategies to increase the number of obstetricians, family doctors, and midwives providing maternal health services in this state.
   c. A review of coverage and reimbursement for doulas and midwives, including training and certification needs.
   d. Consideration of insurance and public policy options to improve maternal health outcomes, including through the Medicaid program.
   e. Input from health care providers, insurers, public health officials, and maternal health experts.
2. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 48. LEGISLATIVE INTENT - LIFE SKILLS AND TRANSITION CENTER. It is the intent of the sixty-ninth legislative assembly that during the 2025-26 interim, the department of health and human services review the facilities and land at the life skills and transition center to identify the portions of the life skills and transition center campus that are necessary for delivery of services and the portions of the campus that could be conveyed to a local government or related public or not-for-profit community development entity to redevelop to optimize local community development goals and the successful operation of the life skills and transition center. It is further the intent of the legislative assembly that the department of health and human services present any request to convey any portions of the campus to the seventieth legislative assembly.

SECTION 49. DISABILITY SERVICE ACCREDITATION STUDY - LEGISLATIVE MANAGEMENT REPORT. During the 2025-26 interim, the department of health and human services shall study accreditation requirements and provider costs for serving individuals with intellectual and developmental disabilities, including the cost of accreditation relative to the cost of providing services and reimbursement. The department shall report its findings and recommendations, together with any legislation necessary to implement recommendations to the legislative management by September 1, 2026.

SECTION 50. VALUE-BASED CARE INCENTIVE PROGRAM - PAYMENT WITHHOLD FOR NURSING FACILITIES - COLLABORATION WITH NORTH DAKOTA LONG TERM CARE ASSOCIATION. During the 2025-26 interim, the department of health and human services, in collaboration with the North Dakota long term care association, shall develop a payment withhold structure for value-based payments to provide funding for the value-based care incentive program for nursing facilities. The department shall implement the payment withhold beginning July 1, 2027. The department may not implement a payment withhold before July 1, 2027.

SECTION 51. LEGISLATIVE MANAGEMENT STUDY- DISABILITY SERVICES.

1. During the 2025-26 interim, the legislative management shall consider a study of the efficiency, effectiveness, and outcomes of developmental disability services provided by the department of health and human services. The study must include:
   a. A review of the approval process, an analysis of accountability measures, an assessment of gaps in services, and an evaluation of overall program management.
   b. An assessment of whether the department is effectively managing cases and complying with federal law in the provision of support and services to individuals with disabilities.
   c. Input from advocates, clients from the disability community, zone directors, service providers, and health care providers who serve individuals with disabilities.
   d. Collaboration with the cross-disability advisory council.
2. The legislative council may contract with a consultant with expertise in the provision of developmental disability services to assist in the study.

3. The legislative management shall report its findings and recommendations, together with any legislation necessary to implement its recommendations, to the seventieth legislative assembly.

SECTION 52. APPROPRIATION - COMMUNITY HEALTH TRUST FUND - LEGISLATIVE COUNCIL - DISABILITY SERVICES - ONE-TIME FUNDING. There is appropriated out of any moneys in the community health trust fund, not otherwise appropriated, the sum of $150,000, or so much of the sum as may be necessary, to the legislative council for the purpose of contracting for consulting services for a disability services study, for the biennium beginning July 1, 2025, and ending June 30, 2027. The appropriation in this section is considered a one-time funding item.

SECTION 53. LEGISLATIVE INTENT - STATEWIDE DEMENTIA COORDINATION. It is the intent of the sixty-ninth legislative assembly that the department of health and human services address the statewide coordination of dementia services.

SECTION 54. LEGISLATIVE MANAGEMENT REPORT - BEHAVIORAL HEALTH FACILITY GRANTS. During the 2025-26 interim the department of health and human services shall provide reports to the ~~legislative management~~budget section regarding the award of grant funding to increase the number of behavioral health beds in the state.

SECTION 55. EFFECTIVE DATE. Section ~~33~~39 of this Act becomes effective on July 1, 2026.

SECTION 56. EFFECTIVE DATE. Section 9 of this Act becomes effective on January 1, 2026.

House Bill No. 1012 - Other Changes - Conference Committee Action

This amendment also:

- Adds sections to provide guidelines regarding the use of funding for infant and toddler care provider payments, intermediate care facility medically and behaviorally complex services grants, special health care needs grants, crisis services grants, and medical housing for individuals with extraordinary medical needs. The Senate also added these sections.
- Adjusts sections identifying funding from the strategic investment and improvements fund and community health trust fund, the same as the Senate.
- Identifies funding from the health care trust fund for basic care daily rate increases.
- Appropriates funding from the charitable gaming operating fund resulting in a general fund revenue reduction of $1.9 million.
- Removes sections identifying funding for an animal shelter grant and statewide health strategies. The Senate also removed these sections.
- Removes a Bank of North Dakota line of credit for a new State Hospital project and adds a Bank of North Dakota line of credit for a child welfare technology project. The Senate also made these changes.

- Removes the new State Hospital steering committee.
- Adjusts various exemptions to allow the continuation of unexpended appropriation authority into the 2025-27 biennium. These adjustments will increase the July 1, 2025, general fund balance by $2,800,000. The Senate version would have increased revenues by $4 million.
- Removes a section to provide legislative intent that DHHS eliminate its administrative rule requirement that providers of developmental disabilities services be accredited as a condition to receive payments for services, the same as the Senate.
- Creates a new section to Chapter 6-09 to create an extraordinary medical needs housing loan fund and to provide guidelines regarding the use of the loan fund, the same as the Senate.
- Amends Section 50-36-03 relating to the membership of the opioid advisory committee, the same as the Senate.
- Amends provisions relating to the Children's Cabinet as approved in Senate Bill No. 2176, the same as the Senate.
- Provides for a Legislative Management study of maternal health services, the same as the Senate.
- Provides legislative intent that DHHS review the utilization of the Life Skills and Transition Center campus to determine if any portions of the campus can be conveyed for use by community organizations, the same as the Senate.
- Provides for DHHS to study developmental disability service provider accreditation, the same as the Senate.
- Provides for DHHS to develop a payment structure to provide funding for a value-based care incentive program for nursing facilities, the same as the Senate.
- Adds a section of legislative intent regarding statewide dementia care coordination.
- Removes a section providing for a Legislative Management study of obesity health implications.
- Provides for a Legislative Management study of developmental disability services provided by DHHS and provides an appropriation of $150,000 from the community health trust fund to the Legislative Council for consultant services for the study, the same as the Senate.
