TESTIMONY

Doug Nelson, State Fire Marshal

Senate State and Local Government Committee

January 9, 2025

Good Afternoon Chairwoman Roers and members of the State and Local Government Committee. For the record, my name is Doug Nelson, State Fire Marshal. I stand before you today in support of Senate Bill 2090, which is an agency bill created to clean up some sections of Title 18 due to the transfer of the Fire Marshal's Office from the Attorney General's Office to the Insurance Department last session.

Section 1 updates and adds language to the duties of the state fire marshal and deputy state fire marshals. The language fireworks, and hazardous materials are included to reflect other sections of code where our office is already given authority to create and enforce rules. The term hazardous materials is inclusive of all combustibles, flammables, and other chemicals that are regulated under the Fire Code of North Dakota. Authority already currently exists for the enforcement in other areas of the century code related to this language such as section 18-09 liquid petroleum gas regulation and 23-13 safety regulations (for motor fuel dispensing).

This section also corrects language to better reflect current practices and scope of fire codes and fire investigations. Fire and life safety systems is the current phrase for any and replaces automatic or other fire alarms and extinguishing equipment. Origin and Cause of fires and explosions is the updated language to describe and replace cause and origin of fires.

Section 2 removes authority to charge a fee for the inspection of facilities licensed by the department of health and human services. The most common inspection conducted by our office at the request of health and human services are childcares for their licensing requirements. I am not aware, nor have I ever been made aware of our office charging this fee. The amount in code is not enough to off-set the costs of the inspection, and I do not foresee our office beginning to charge fees to inspect childcares at any time in the future. Therefore, we are suggesting to strike this language to remove this red tape.

Section 3 changes are in reference to a change at the federal level. The United States fire administration is changing the program that our office and fire departments report fires in. The suggestion is to recognize this new system of fire reporting, and in case of future changes, give deference to our office without having to change Century Code so quickly.

Section 4 updates language to bring this section of code closer in line with the requirements of the preceding section 18-01-06. The fire incident report is the often the initial fire investigation report. The changes reduce the need for blank reports to be issued by our office as they are already offered online, and set the same schedule for incident and investigation reporting. The federal fire reporting system is where fire records are kept. The removal of paper or physical records better reflects current practices on record keeping through online or cloud based programs.

Section 5 of this bill proposes a change in how the fireworks application fee, currently set at \$250, is handled. Instead of being deposited into the General Fund, the fee will now be directed to the Insurance Regulatory Trust Fund. This adjustment is part of a broader cleanup effort following the transfer of the Fire Marshal's office from the Attorney General's Office to the Insurance Commissioner. We did provide a fiscal note on this change and you will notice it is moving an estimated \$10,500 from the General Fund to the Insurance

Regulatory Trust Fund which is a Special Fund. By reallocating this fee, we ensure that resources are directed toward the proper oversight and regulation of fire safety and insurance, and are being consistent with other fees collected by the agency.

Section 6 of SB 2090 addresses an oversight that occurred as a result of SB 2211 from the previous session. Specifically, in Section 54-12-01, the code still reflects that the Attorney General has the authority to appoint the State Fire Marshal and oversee its operations. This language was unintentionally left unchanged after the transfer of responsibilities from the Attorney General's office. Section 6 of SB 2090 aims to correct this oversight and update the statute to reflect the current organizational structure. Additionally, in Section 8, we have requested retroactive application of this change, given the nature of this correction.

Section 7 of SB 2090 eliminates the requirement to bill the Department of Environmental Quality (DEQ) and the Fire and Tornado Fund (F&T Fund) for Fire Marshal services. Currently, the process for billing DEQ requires substantial administrative effort, including tracking time, verifying timecards, issuing an Interdepartmental Billing (IBD), notifying DEQ, ensuring they process the bill as accounts payable, and following up to ensure payment. All of these steps are required for a relatively small total of \$3,779, making the process highly inefficient. The administrative burden on both the Fire Marshal's office and the DEQ is disproportionate to the small amount being billed. This unnecessary red tape takes up time and resources that could be better allocated elsewhere.

Eliminating this billing requirement would not only reduce administrative complexity but would also allow both agencies to focus on their core responsibilities and work more efficiently. Streamlining this process is an important step toward reducing unnecessary bureaucracy and red tape.

Additionally, the current billing process for Fire Marshal services to the Fire and Tornado Fund (F&T Fund) remains overly complex and redundant. For the 2021-2023 biennium, the Attorney General's Office billed the F&T Fund a total of \$193,615 for Fire Marshal services, and for the 2023-2025 biennium, our office is on track to bill a similar amount, with \$160,528 currently billed.

Similar to the DEQ billing, the process of tracking time, creating general ledger entries, and issuing bills within the same agency is unnecessarily cumbersome. This redundancy adds layers of administrative complexity that create inefficiencies without offering any added benefit. By removing these steps, we can significantly streamline the process, reduce overhead, and allow the Fire Marshal's office to focus more on its vital work in fire safety and prevention rather than administrative tasks. This change is a critical part of our effort to reduce red tape and create a more efficient, transparent system that better serves the people of our state.

Chairwoman Roers and members of the committee, I respectfully request a Do Pass recommendation, and am happy to answer any questions that you may have.

- 23 c. The use of fireworks by transportation agencies for signal purposes or
24 illumination.
- 25 d. The sale or use of blank cartridges for a show or theater, for signal or ceremonial
26 purposes in athletics or sports, or for use by military organizations.
- 27 2. An application for a license as distributor must be made to the state fire marshal on
28 forms prescribed by the state fire marshal. An application for a license as a retailer
29 must be made to the county sheriff on forms prescribed by the state fire marshal. Each
30 application must be accompanied by the required fee, which must be two hundred fifty
31 dollars for a distributor's license and twenty dollars for a retailer's license. Fees for

1 distributors' licenses must be deposited in the ~~general fund~~ insurance regulatory trust
2 fund in the state treasury and fees for retailers' licenses must be deposited in the
3 county general fund. The license is valid only for the calendar year in which issued
4 and must at all times be displayed at the place of business of the licensee. The
5 licenses are in addition to any other license required by law or municipal ordinance.
6 The licensing provisions of this section do not apply to a retailer who is required to
7 become licensed by any municipality. Any license fee levied by a municipality must be
8 deposited in the municipality's general fund.

9 3. A person not licensed as a wholesaler or retailer may not bring any fireworks into this
10 state, and a retailer may not sell any fireworks that have not been purchased from a
11 wholesaler licensed under this chapter. A person licensed under this chapter shall
12 keep available for inspection by the state fire marshal or any sheriff, police officer, or
13 local fire marshal a copy of each invoice for fireworks purchased as long as any
14 fireworks included on the invoice are held in the licensee's possession, which invoice
15 must show the license number of the wholesaler from whom the purchase was made.

16 **SECTION 6. AMENDMENT.** Section 54-12-01 of the North Dakota Century Code is
17 amended and reenacted as follows:

18 **54-12-01. Attorney general - Duties.**

19 The attorney general shall:

- 20 1. Appear for and represent the state before the supreme court in all cases in which the
21 state is interested as a party.
- 22 2. Institute and prosecute all actions and proceedings in favor or for the use of the state
23 which may be necessary in the execution of the duties of any state officer.
- 24 3. Appear and defend all actions and proceedings against any state officer in the
25 attorney general's official capacity in any of the courts of this state or of the United
26 States. If both parties to an action are state officers, the attorney general may
27 determine which officer the attorney general will represent and the other officer may
28 employ counsel to represent that other officer.
- 29 4. Consult with and advise the several state's attorneys in matters relating to the duties
30 of their office.

- 1 5. Attend the trial of any party accused of crime and assist in the prosecution when in the

15 the issue;
 - 16 (5) Provides private legal advice; or
 - 17 (6) Involves matters regarding whether a criminal offense has occurred.
- 18 b. If the attorney general declines to issue an opinion for a reason in subdivision a,
19 the attorney general shall inform the individual who requested the opinion in a
20 written response within sixty days of the request.
- 21 9. Enforce the proper application of funds appropriated to the public institutions of the
22 state and prosecute breaches of trust in the administration of such funds.
- 23 10. Prosecute corporations and limited liability companies, when necessary, for failure or
24 refusal to make the reports required by law.
- 25 11. Keep in proper books a register of all cases prosecuted or defended by the attorney
26 general or the attorney general's assistants, in behalf of this state or its officers, and of
27 all proceedings had in relation thereto, including a record of all actions wherein the
28 state is a party, or is interested, prosecuted by the state's attorneys of the several
29 counties and reported to the attorney general as provided by law, and deliver the same
30 to the attorney general's successor in office.

- 1 12. Keep in the attorney general's office a book in which the attorney general shall record
- 2 all the official opinions given by the attorney general during the attorney general's term
- 3 of office, such book to be delivered by the attorney general to the attorney general's
- 4 successor in office.
- 5 13. Pay into the state treasury all moneys received by the attorney general for the use of
- 6 the state.
- 7 14. Serve as superintendent of the bureau of criminal investigation and perform all duties
- 8 incident to the proper and efficient conduct of that office.
- 9 15. Attend to and perform any other duties which from time to time may be required by
- 10 law.
- 11 16. ~~Appoint the state fire marshal and supervise the operation of the state fire marshal~~
- 12 ~~department.~~
- 13 ~~17.~~ Give written opinions, when requested by the governing body or city attorney of a city
- 14 in the state of North Dakota.
- 15 ~~18-17.~~ Repealed by S.L. 1991, ch. 637, § 9.
- 16 ~~19-18.~~ Give written opinions to public entities as defined in subdivision a or b of subsection 13
- 17 of section 44-04-17.1, when requested by an interested person under section
- 18 44-04-21.1.

19 **SECTION 7. REPEAL.** Sections 18-01-35 and 18-01-36 of the North Dakota Century Code
20 are repealed.

21 **SECTION 8. RETROACTIVE APPLICATION.** Section 6 of this Act applies retroactively to
22 cases arising after July 31, 2023.

TESTIMONY

Doug Nelson, State Fire Marshal
House Political Subdivision Committee
March 6th, 2025

To the Honorable Representative David Longmuir, Chairman of the Political Subdivisions Committee, and Committee members,

I stand before you today in support of Senate Bill 2090, which is an agency bill created to clean up some sections of Title 18 due to the transfer of the Fire Marshal's Office from the Attorney General's Office to the Insurance Department last session.

Section 1 updates and adds language to the duties of the state fire marshal and deputy state fire marshals. The language fireworks, and hazardous materials are included to reflect other sections of code where our office is already given authority to create and enforce rules. The term hazardous materials is inclusive of all combustibles, flammables, and other chemicals that are regulated under the Fire Code of North Dakota. Authority already currently exists for the enforcement in other areas of the century code related to this language such as section 18-09 liquid petroleum gas regulation and 23-13 safety regulations (for motor fuel dispensing).

I did submit an amendment to this section to further clarify the scope of hazardous materials. It was brought to our attention that the Department of Emergency Services has a separate program under Century Code that requires reporting and notification of hazardous chemicals. The amendment is meant to clarify our office's scope within this area.

This section also corrects language to better reflect current practices and scope of fire codes and fire investigations. Fire and life safety systems is the current phrase for any and replaces automatic or other fire alarms and extinguishing equipment. Origin and Cause of fires and explosions is the updated language to describe and replace cause and origin of fires.

Section 2 removes authority to charge a fee for the inspection of facilities licensed by the department of health and human services. The most common inspection conducted by our office at the request of health and human services are childcares for their licensing requirements. I am not aware, nor have I ever been made aware of our office charging this fee. The amount in code is not enough to off-set the costs of the inspection, and I do not foresee our office beginning to charge fees to inspect childcares at any time in the future. Therefore, we are suggesting to strike this language to remove this red tape.

Section 3 changes are in reference to a change at the federal level. The United States fire administration is changing the program that our office and fire departments report fires in. The suggestion is to recognize this new system of fire reporting, and in case of future changes, give deference to our office without having to change Century Code so quickly.

Section 4 updates language to bring this section of code closer in line with the requirements of the preceding section 18-01-06. The fire incident report is often the initial fire investigation report. The changes reduce the need for blank reports to be issued by our office as they are already offered online, and set the same schedule for incident and investigation reporting. The federal fire reporting system is where fire records are kept. The removal of paper or physical records better reflects current practices on record keeping through online or cloud based programs.

Section 5 of this bill proposes a change in how the fireworks application fee, currently set at \$250, is handled. Instead of being deposited into the General Fund, the fee will now be directed to the Insurance Regulatory Trust Fund. This adjustment is part of a broader cleanup effort following the transfer of the Fire Marshal's office from the Attorney General's Office to the Insurance Commissioner. We did provide a fiscal note on this change and you will notice it is moving an estimated \$10,500 from the General Fund to the Insurance Regulatory Trust Fund which is a Special Fund. By reallocating this fee, we ensure that resources are directed toward the proper oversight and regulation of fire safety and insurance, and are being consistent with other fees collected by the agency.

Section 6 of SB 2090 addresses an oversight that occurred as a result of SB 2211 from the previous session. Specifically, in Section 54-12-01, the code still reflects that the Attorney General has the authority to appoint the State Fire Marshal and oversee its operations. This language was unintentionally left unchanged after the transfer of responsibilities from the Attorney General's office. Section 6 of SB 2090 aims to correct this oversight and update the statute to reflect the current organizational structure. Additionally, in Section 8, we have requested retroactive application of this change, given the nature of this correction.

Section 7 of SB 2090 eliminates the requirement to bill the Department of Environmental Quality (DEQ) and the Fire and Tornado Fund (F&T Fund) for Fire Marshal services. Currently, the process for billing DEQ requires substantial administrative effort, including tracking time, verifying timecards, issuing an Interdepartmental Billing (IBD), notifying DEQ, ensuring they process the bill as accounts payable, and following up to ensure payment. All of these steps are required for a relatively small total of \$3,779, making the process highly inefficient. The administrative burden on both the Fire Marshal's office and the DEQ is disproportionate to the small amount being billed. This unnecessary red tape takes up time and resources that could be better allocated elsewhere.

Eliminating this billing requirement would not only reduce administrative complexity but would also allow both agencies to focus on their core responsibilities and work more efficiently. Streamlining this process is an important step toward reducing unnecessary bureaucracy and red tape.

Additionally, the current billing process for Fire Marshal services to the Fire and Tornado Fund (F&T Fund) remains overly complex and redundant. For the 2021-2023 biennium, the Attorney General's Office billed the F&T Fund a total of \$193,615 for Fire Marshal services, and for the

2023-2025 biennium, our office is on track to bill a similar amount, with \$160,528 currently billed.

Similar to the DEQ billing, the process of tracking time, creating general ledger entries, and issuing bills within the same agency is unnecessarily cumbersome. This redundancy adds layers of administrative complexity that create inefficiencies without offering any added benefit. By removing these steps, we can significantly streamline the process, reduce overhead, and allow the Fire Marshal's office to focus more on its vital work in fire safety and prevention rather than administrative tasks. This change is a critical part of our effort to reduce red tape and create a more efficient, transparent system that better serves the people of our state.

Chairman Longmuir and members of the committee, I respectfully request a Do Pass recommendation, and am happy to answer any questions that you may have.

**PROPOSED AMENDMENT TO
FIRST ENGROSSMENT**

Introduced by

ENGROSSED SENATE BILL NO. 2090

State Fire Marshal Doug Nelson

1 A BILL for an Act to amend and reenact section 18-01-02, subsection 1 of section 18-01-03.1,
2 sections 18-01-06, 18-01-07, 23-15-04, and 54-12-01 of the North Dakota Century Code,
3 relating to updating language for the state fire marshal department and to the attorney general's
4 authority to appoint the state fire marshal; to repeal sections 18-01-35 and 18-01-36 of the
5 North Dakota Century Code, relating to fund fees collected by the state fire marshal
6 department; and to provide for a retroactive application.

7 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

8 SECTION 1. AMENDMENT. Section 18-01-02 of the North Dakota Century Code is
9 amended and reenacted as follows:

10 **18-01-02. Duties of state fire marshal and deputy state fire marshals.**

11 The state fire marshal and deputy state fire marshals may enforce all the laws of the state
12 providing for:
