Total transfers	4,200,000	87,706,461
Ending balance	\$323,010,461	(\$1,707,863) ³

¹Oil extraction tax collections - These amounts reflect, for the 2021-23 biennium, actual oil and gas tax collections deposited in the fund and through August 2022 and the 2021 legislative revenue forecast for the remainder of the 2021-23 biennium. Actual 2019-21 biennium collections were \$1,917,631 less than anticipated for the 2019-21 biennium and actual 2021-23 biennium collections are \$83,506,461 more than anticipated for the 2021-23 biennium compared to the 2021 legislative revenue forecast.

²House Bill No. 1431 allocates \$74.5 million of bond proceeds which are deposited into the resources trust fund for the repayment of outstanding loans of the Western Area Water Supply Authority. The bill also provides an appropriation of \$74.5 million from the resources trust fund to the State Water Commission for the Mouse River flood control project.

³The State Water Commission expended \$17,430,270 more than anticipated during the 2019-21 biennium resulting in a reduction of the ending fund balance, which is offset by a reduction in project carryover expenditures during the 2021-23 biennium.

⁴The amount shown reflects the oil and gas tax revenue deposited in the resources trust fund in excess of the revenue forecast for the period August 2021 through June 2022. Senate Bill No. 2345 created the water project stabilization fund for the purpose of defraying planning and construction expenses of water-related projects, provided for a transfer of \$1 million from the resources trust fund to the water project stabilization fund, and provided for the transfer of all oil extraction tax revenues deposited in the resources trust fund that exceed the amount included in the 2021 legislative forecast from August 1, 2021, through February 28, 2023, on a quarterly basis.
